

I'm Richer Than My Billionaire Ex-husband Chapter 88

Alina leisurely stroked her nice nails, unlike Emma's aggravation, she now stood in the position of defeating Emma.

Caleb was smoking.

Before, he always thought that Alina was messing around, but he did not expect that she would get divorce.

Let her attorney find Emma, and he knew exactly what she was up to.

A number flashed on Caleb's phone and was quickly answered, "Caleb."

It's Isabel's voice.

At this, Alina was nervous, and it was only then that she remembered that Caleb had a friend named Otto Sharp.

Are these two related?

Alina felt a headache.

"Come to my office right now." Caleb said in a chilling tone to Isabel on the other side of the phone.

Emma looked smugly at Alina, and apparently heard Isabel's voice, like she was saying, "See? The lawyer you hired has to listen to Caleb, too."

However, if this were usual, Isabel would probably have listened to Caleb, but today...

She tangled for a moment and her tone was a bit more serious than earlier, "Caleb, I know why you're looking for me, but I'm sorry I can't see you until this lawsuit is over."

"Isabel."

"Well, I am now your wife's lawyer, I will not be threatened by you, nor will I be bribed by you, or I will be just as the evidence in court."

Caleb and Emma are now both looking unpleasant.

Alina smiled brightly.

Knowing the indirect relationship between Isabel and Caleb, there was actually bit of concern on her side.

But now, none of this needs to worry her anymore.

Stella felt Caleb's heavy breath, not half threatened by him, continued, "And I think that you need to reflect on your attitude towards marriage, there is nothing wrong with her pursuit."

"....."

"You might as well think now about how Miss Bell is going to fill your joint marital property, and by the way, let me remind you of this. Every penny you spend for Miss Bell now is joint property, and she has to pay back half of it."

Caleb slammed the phone in anger.

At this, Caleb smashed his phone at the corner, at that moment, his heart was constantly heaving.

"Hahahaha." Alina couldn't hold back her laughter any longer.

Looking at Caleb and Emma's pale faces, she couldn't help herself.

The lawyer Andre found is really good.

She just need to say what she wants, and she can piss these two people off.

"Caleb." Emma looked at Caleb with tears in her eyes.

Just now the phone call was not aloud, but she heard it all.

Caleb looked at Alina with hatred as if you hadn't heard Emma's words.

Alina, "Ahem." "You hear that? Remember to find a way to pay me back, and also, every penny you spend from him now is our joint property, and it has to be paid back."

Alina looked at Emma with a heavier tone.

Looking at her white face, Alina's heart was soothing to the extreme.

"Go back first." Caleb, holding back his anger, looked at this arrogant woman and simply wanted to tear her apart.

A man, especially a successful man, surrounded by a number of women, it is all very normal.

It is also very normal to give some gifts to women. Their wives are choosing to hold back in order to maintain their image and marriage.

They will swallowed all the bitterness.

Emma thinks Alina wouldn't dare to do so. Caleb spent a lot of money on her because of that incident.

At that time when getting those, she never thought she would suffer this scene today.

"Stay, it just so happens that today we are all here, we can count how much it really cost."

"Alina!" The man gritted his teeth and looked at her, Alina,"She spent millions on that illness, didn't she? Using your wife's bone marrow."

The air, once again, froze.

The original smile on Alina's face was replaced by coldness.

Caleb was stiff, looking at Alina's sharpness and coldness at the moment, and his heart felt like it was blocked with a piece of cotton.

As for Emma, this illness was originally her capital to show off in front of Alina.

She also always thought that because of an illness like that, Alina will realize that she is not as important as she is to Caleb and that their marriage license is useless.

She is still nothing in Caleb's heart.

Yet Alina actually attacked her with this matter?

Only she knows what her illness was like, and when she thinks of all the things she did back then, Emma's eyes darkened.

Alina looked at her and said, "Even a normal person with this kind of disease would need no less than a million for treatment, and Caleb gave you the best medical resources, so the hospital room alone costs several thousand a day, right?"

"....."

"How long did you stay? What kind of high class caregivers were used? You were enjoyable with his financial resources, right?"

"That's enough." Caleb's brain was throbbing with pain, and he couldn't hear any more.

Alina looked sharply at Caleb, "I know that this is nothing to you, but even if it's a dime, it's still our joint property."

"I'll give it all to you."

“You give it to me? Half of what you have is mine, and besides, you’re the one who cheated on me, you will get nothing, so what are you going to give me? Embezzle the company’s public money? It’s all mine.”

She holds the largest shareholder share of the company now.

She won’t budge on the joint property. Caleb will get nothing and the money spent on Emma will be taken back.

She is really ruthless.

She won.

Such a tactic is more than ruthless. Who would dare to do what she did?

“Caleb, the things I have in these eyes, is not as compensation for your guilt, but...”

“Is it true that he slept with you?” Alina sharply interrupted Emma.

Emma instantly turned white on her face.

What did she mean? Did she know all about it?
