

## Immortal 55

### Chapter 55: fairy tales

The Jinglong Imperial Palace failed to change, and Empress Zhang was under the curtain.

Whether she is Cixi in the future, becomes Empress Lv, or becomes Empress Wu, she has little to do with Zhou Yi.

Zhou Yi was very interested in this kind of thing at the beginning, and it would be the same if he saw it a lot.

Who is in power today, who is down tomorrow.

He or they, there is only one outcome.

All have to die!

"It seems to be getting more and more indifferent."

Zhou Yi shook his head slightly, put the mundane world aside, and continued to ponder the cannibalization of Jinyiwei.

The mere ten years are but a flash, and it has been very effective. Now that there is a foundation, it will be much easier to stuff people into it later.

Most people have similar talents, and there is no difference between promoting A or B. At this time, someone needs to help, and Jinyiwei is enough to influence people's promotion.

"There will be many places where Xiao Yuanzi will be used in the future, why don't you take the time to take a look?"

After Zhou Yibu played the chess pieces, he always contacted him, but Yuan Shun came to Tianjing this morning.

Yuan Shunjin presented the auspicious white deer, and coupled with the operation of the godfather, he was successfully promoted to the fourth-grade Jinyiwei Town Fu envoy, in charge of the supervisory power of several states in the southeast, with a high position.

This time, Yuan Shun returned to Shenjing to \*\*\*\* the prisoner. Since the prisoner was a second-grade state shepherd, the commissary personally escorted the reluctant past.

Afterwards, Yuan Shun transferred the prisoners' families to Tian Prison, but it was enough to send someone to do such trivial matters, so there was no need to get the pacifier to go there in person.

Wu Siyu and Lu Xiaowei waited carefully, accompanied Yuan Shun to visit the prison, and stayed for two or three hours before leaving.

Zhou Yi could see clearly from the side that Yuan Shun's purpose in returning to Beijing was to see himself.

"Could this be a trap?"

For ten years, it has been a single line of contact. The chess pieces do not know whether Zhou Yi is a man or a woman, or who his first and last names are, let alone how to contact them. Therefore, there are chess pieces who defect, and Jin Yiwei has no way to investigate.

Yuan Shun's actions like this are already taboo!

"It is impossible to use a large army to besiege and kill in the Shenjing. The strongest strength of the court is six or more innate masters, and it is only a few more to kill them all together..."

Zhou Yi is cautious and unwilling to fight with others at will, but he has a clear understanding of his own strength.

To overestimate yourself is to kill yourself, and to underestimate yourself is also a kind of careless omission!

"Xiao Yuanzi has been working hard all these years, and he was promoted to the envoy of Jinyiwei Township. He is already qualified to become a chess player from a chess piece."

Zhou Yi judged that 9 out of 10 times was not a trap, but it was customary to wait for everything. When Yuan Shun left Shenjing, 1 out of 10 risks would be gone.

Wait, all traps can be eliminated!

.....

Three hundred miles east of Shenjing.

The terrain is flat and endless.

More than 300 soldiers marched along the official road, holding the flag "Yuan" in front of them.

In the middle of the carriage.

Yuan Shun closed his eyes and rested. He was different from his usual flattering and greasy appearance. With a plump face and a serious face, there was always a sense of disobedience.

Yuan Shun only looks like this when he is alone.

When he was the young master of the gang, he was a thin and handsome young man. Because his godfather Feng Zhong likes "fat" people, he doubled his weight in just half a year.

Yuan Shun was promoted to the role of Zhenfu Envoy, and Yuan Shun didn't just rely on money!

Suddenly.

A voice sounded in Yuan Shun's ear: "What's the matter with the old man?"

Yuan Shun suddenly opened his eyes, and there was an old Taoist in the carriage.

"Who are you?"

Zhou Yi said: "The white jade capital in the sky."

"Twelve cities on the fifth floor."

Yuan Shun's face was filled with joy, and he quickly bowed and saluted, "Meet the Lord!"

Since a chess piece betrayed, Zhou Yi asked everyone to write down a unique code so that no one would pretend to be the king of rotation.

Zhou Yi smiled and said, "How many times have I told you that you and I are in a cooperative relationship, so there's no need to be called a master."

"The Lord helps the humble to take revenge, and dare not overstep."

Yuan Shun has been with Jinyiwei for ten years, and he has long been familiar with the unspoken rules of officialdom. When his boss or backer talks about reciprocal cooperation and equality, he expresses that he values you very much.

If you are really proud and put yourself on an equal footing, then you are doomed!

Zhou Yi nodded slightly: "After all, what's the matter with the old man?"

"It's all right."

Yuan Shun explained: "Jinyi Wei Zhong Tong knows that he is a member of the Supreme Emperor. Because of corruption and bribery, he has been dismissed from his job and ransacked his family. He returned to Beijing in a humble manner and wanted to fight."

Zhou Yi said, "So now you have failed?"

Jin Yiwei Tongzhi is ranked fourth rank, and his rank is no different from that of the commander. However, Tongzhi sits in the capital yamen and can often be summoned by His Majesty for questioning, and he is only one step away from the commander.

If Yuan Shun can be promoted to Tongzhi, it will be easier for Zhou Yi's \*\*\*\* to be promoted in the Jinyiwei system in the future.

Although doing so exposed the identity of the chess piece, Yuan Shun would not and would not dare to refuse. He gathered a group of subordinates of the same faction. The branches were located in the local prefectures, which was of great use in the competition for commanders.

Moreover, the tragic state of Zhu Yue's death in those days is still vivid in my mind!

Yuan Shun sighed and said, "The one who competes with me is Chen Yang, the grandson of the Duke of Qi. Godfather can't be too partial. In the end, Chen Yang's meritorious deeds are even better, and he won the position of fellow-knowledge."

"Qihou, Chen Yang."

Zhou Yi recalled for a moment and said, "The reason for your defeat is not due to lack of credit. If you were promoted with credit, you wouldn't even be able to reach a hundred households now."

Yuan Shun said doubtfully, "I also ask the Lord for guidance."

"When Chen Hou was still a prince, his niece was also Chen Yang's aunt, and she married the prince as a side concubine. After the emperor ascended the throne, he was named a concubine Xian."

Zhou Yi said, "Chen Yang and His Majesty today are barely relatives."

The Emperor Taishang is Emperor Jinglong~www.mtlnovel.com~ Today, His Majesty Jianyuan Orthodoxy, and in two months it will be the first year of Orthodoxy.

Yuan Shun said suddenly: "So Chen Yang has left His Majesty's relationship, no wonder the humble lost."

"madness!"

Zhou Yi shook his head and said, "It's not that Chen Yang has left His Majesty's relationship, but His Majesty intends to win over the old emperor's old man, in order to fight against the Queen Mother's courtship, so that he can truly inherit the throne in the future!"

"Your Majesty, the Queen Mother..."

Yuan Shun was horrified when he heard this. He looked at Zhou Yi like a monster, and then he thought, this is indeed an old monster who has lived for a long time.

The situation in the DPRK and China is complicated, and in the eyes of the old monster who has experienced the situation, it is nothing but the same.

Yuan Shun said helplessly: "Your Majesty, it will be unpleasant for Your Majesty to be humbled in the future, and it will be difficult if you want to be promoted."

After the change of Ren Yin, Feng Zhong was promoted by Zhang Xiang. Now he belongs to the hard-core Queen Mother Party. Yuan Shun, who is his godson, is also labeled as such.

After all, the orthodox emperor is the emperor that everyone expects, and Chen Yang belongs to the noble family. He was promoted to Jinyiwei Tongzhi. He knew that he was promoting his cronies, and the queen mother could not obstruct it too much.

Zhou Yi said quietly: "So, you are looking for this old man to kill Chen Yang?"

"There is no other way to be humble."

Yuan Shun sensed the cold killing intent, and quickly explained: "The purpose of being humble is to get promoted as soon as possible, and to serve the Lord better. There are many secrets of the kingdoms, but only the Shenjing Yamen has records."

"Um."

Zhou Yi snorted lightly: "Murder, you don't need to do it yourself, but you can rise faster if you give in temporarily."

Yuan Shun knelt down on the car, without the majesty of Jin Yiwei's pacifier, and kowtowed.

"Also ask the Lord for advice."

"When I was chatting with my godfather Feng Zhong, I learned some secret stories about Emperor Chongming, which were related to the legendary person who cultivated immortals..."
