

Infatuated with My Mysterious Husband

Chapter 2

Having cried for a while, Valeria dried her tears and went to the bathroom in exhaustion.

Her shapely figure was reflected in the mirror, and her body was full of scratches, included her neck.

Valeria felt extremely sick so she washed her body over and over again.

However, what's done cannot be undone.

She felt so annoyed!

Obviously, Valeria was set up by Ashley last night, and she had to find Ashley and demanded an explanation.

Soon afterwards Valeria went out of the hotel and took a taxi heading to Ashley's home. When she arrived, she found that it was Ashley's mother, Julie Evans, who opened the door.

Julie was wearing a nightgown and her hair was messy.

And she seemed to be very surprised when she saw Valeria.

"Valeria, are you here for Ashley? She is not at home now."

But Valeria did not believe Julie at all. She pushed Julie away and broke into the house.

Julie saw Valeria break down the door and hurriedly tried to stop her, "Valeria! Ashley is not here! Please come next time!"

But she glanced at the bedroom as she spoke.

Valeria noticed Julie's suspicious look and took it for granted that ASHLEY must be hiding in the bedroom.

She strode to the bedroom and opened the door. And a strange smell wafted by.

Valeria covered her mouth when she saw the man sitting on the bed, she could hardly believe and questioned loudly, "Dad?"

Wasn't the bare-chested man sitting right there her father, Ronald Brown? Why was he at Julie's home?

Valeria thought she was wrong. She rubbed her eyes again. Yes, the man on the bed was indeed her father, Ronald Brown.

At the moment her mind went blank. She did not know what to say, "Dad... you... Why are you here?"

Ronald was furious when his own daughter found out about his affair, so he roared angrily, "Get out of here!"

Valeria left in a daze, but she couldn't help wondering why her father was in Julie's bed naked.

And the only explanation was that Ronald had an affair with Julie.

But how could that happen?

At this moment, a shade of coldness glinted in Julie's eyes.

Her original plan was to get a pimp in the nightclub to sleep with Valeria and expose this scandal later, which would destroy her reputation.

However, Valeria was so lucky that someone rushed in and knocked the pimp unconscious.

Since there was no other way to ruin Valeria's reputation, Julie decided to deliberately let her discover the relationship between Ronald and her.

Valeria looked very angry and that was what Julie wanted to see.

In this way, she and her daughter would be able to seize the chance to be a part of the Brown family.

Although Julie did not think much of Valeria, but she pretended to be very aggrieved and tried to explain to Valeria.

"Valeria, it's not what you think. Your father and I have nothing to do with each other. We just..."

"Then why is my father lying in your bed?" Valeria glared at Julie.

She thought that this shameless woman must have seduced her father.

Neither the mother nor the daughter was a decent woman. The former tempted her father while the latter coveted her fiancé.

Valeria became extremely angry and cursed, "You shameless b*tch! And your daughter is also taught to be a mistress. What a shameless family!"

"Valeria, what are you doing? Why are you abusing my mother?" Ashley, who had not shown up before, appeared out of nowhere.
