

His Insane Lust

Chapter 12 Go to the bathroom to solve it before y

When Nicole woke up the next morning, Shawn was no longer in the room.

Subconsciously, she got up from the bed, looked left and right, and made sure that people were really out of the room. Nicole's eyes passed a little differently.

'How come people don't tell her when they leave?'

Nicole got up when she opened the quilt subconsciously, but when she turned around, she saw a small note posted on the table in an instant.

'See you at the Civil Affairs Bureau at three o'clock in the afternoon.'

Nicole looked at the powerful line of words, and her eyes sank. Do you really want to go to the Civil Affairs Bureau?

But on second thought, the only way to solve the problem now is this. Marrying Shawn will not have any impact on her.

Nicole got up and packed herself up here before leaving the apartment, but she didn't expect Shawn to live in this apartment instead of a big villa, which really surprised people.

When she went home to find her household registration book, she ran into her sister head-on. 'Where are you going? I haven't seen you in these two days.' Erin stood in front of Nicole and stared at Nicole with disdain. Nicole was glad that she had hidden the household registration book in her bag. Erin could never find out. She screamed, 'Why do you have to ask where I go? It's none of your business.'

Nicole reached out and toyed with the falling hair in her ear. She laughed and pondered, and suddenly opened her mouth again: 'Do I need to tell you about me making out with my boyfriend in the past two days?'

Erin stared at Nicole with her smile. She suddenly stared at Nicole with anger. 'What the fuck are you talking about?! Your boyfriend, seriously?? Haha, now what? Who's that bastard, huh? If you let Dad know about this, this won't be your home sooner or later!'

Erin felt uneasy in her heart. Nicole's boyfriend is not Shawn, is it?! 'Is it?'

Nicole withdrew her hands, and she yawned idly. She saw that Erin had been annoyed by herself, and Nicole's eyes slipped by a trace of rage.

Erin wants to marry Shawn, but she won't give it. 'Do you know who my boyfriend is?'

Nicole looked at Erin cheerfully. If Erin hadn't set her up, she wouldn't have solved the financing problem of the company so quickly, and found a strong husband in vain.

'How the HELL do I know? I don't give a damn about where you found the shitty man! I am not interested and don't want to know!

Erin was nervous. The more she saw Nicole's smile, the more she panicked. Don't think like her. Shawn is her boyfriend and her fiance!

'If you don't want to know about it now, you will definitely hear of it very soon. I will bring my boyfriend back to see my parents.'

Nicole looked at Erin who was almost crying. She was extremely satisfied. She was about to go forward when Erin stopped her without any sense. Nicole looked at her outstretched arm and snapped Erin's hand directly. 'Don't interfere with my appointment.' She bypassed Erin and walked straight towards the front.

Erin's eyes were full of hate, and her heart was unwilling. When she wanted to turn around and tell on her, she saw her father Bob standing behind her.

'Dad! Her tone was outrageous and charming, and she immediately walked to Bob after she dumped her arms twice. 'Dad, she just hit me!' Erin immediately lifted her arm before Bob, and she was indeed beaten red. BITCH! Nicole would definitely show no mercy. 'Don't quarrel with your sister, the family is more important than anything, what is your sister doing just now?

Bob didn't want to quarrel with his family because of a little incident, but Nicole didn't go back to the company or home these two days, which really worried Bob.

'She said she had gone on a date.'

Erin reached out and pulled Bob's elbow. When she said this, she was worried: 'My sister suddenly had a boyfriend, and she didn't go home these two days. Dad, do you think my sister is out with some bad people?'

Bob was surprised: 'A boyfriend?' 'Your sister didn't tell me about this.'

Erin let out a cold hum: you must be having fun there days with your 'babies', thinking about happiness, how can you tell Bob what!

'She doesn't even look at us.' Erin's tone was somewhat pitiful, deliberately making mischief here.

Bob frowned, startled, it's no wonder that these two days Nicole didn't come back or go to the company. The company now had so many problems, which led him worried.

'She also said that she would bring that person back in two days, but, Dad, think about it. They just got together for like—2 days, what kind of man can he be?'

'Then I'll ask your sister when she comes back this evening. Ask her clearly and look at the situation. Don't worry. Your sister is measured in her work.'

Bob's trust in Nicole makes Erin feel a little jealous again. He was still tolerant of Nicole!

Nicole had asked the driver to get to the Civil Affairs Bureau as quickly as possible after leaving home, but she was still late.

After she got off the bus, she looked at the high steps. Nicole took a deep breath and trotted up immediately. She was wearing high heels and it was certainly inconvenient to run up the stairs.

Only when Nicole just ran to the top, she walked forward and suddenly limped at her feet.

Her eyes suddenly widened, and she stretched out her hand in consternation to hold something, but there was someone here to help her.

At that time, when she almost fell on the ground, a hand came directly toward her waist. Nicole fell to the other side and her heels just snapped off.

What an unlucky day??? The heel stepped directly into the seam of the ground, and she limped forward ... Nicole fell directly into Shawn's arms, and he suddenly picked her up. Her hanging heart was finally down, but shame was inevitable ...

Nicole suddenly breathed a sigh of relief. She leaned against Shawn and closed her eyes, trying to calm herself down.

'You didn't even clean yourself up for such an important thing?'

Shawn kept his voice low, and his eyes swept over Nicole. The only thing that shone on her was the her chest beneath the barely closed collar. He could clearly see her ample boobs.

Shawn knows exactly how beautiful those plummy "fairies" are. Her fine waist, thin legs and fair hips—geez... But just thinking about how perfect she looks in mind, Shawn had an erection.... He looked a little depressed, and he looked at the woman in his arms and snorted: 'Bathroom?'
