

His Insane Lust

Chapter 13 Adults Should Have Self-control

'When you finish, it will be 8–P.M.! Do you still want our certificate?!" Nicole refused since it would be so embarrassing to apply for marriage with such a "joyous" atmosphere. She moved in Shawn's arms and struggled to get down.

Shawn snorted, and suddenly he hugged Nicole tightly in his arms and leaned over Nicole's ear: 'But...what if I am already hard down below?'

His approaching breath hitting her ears made Nicole feel itchy. 'Hard? Then wait, let it soften itself!' 'I don't buy it. You can be hard for that long.' Nicole's tone was slightly funny.

"You don't believe I can persist for that long? Are you questioning my ability? Presuming that I'm not as good in bed as others?'

Shawn wind the woman in her arms, and Nicole's voice gradually dropped. His dick seemed reluctant to soften down. 'I didn't mean that... You're just steering away from our topic...Uh, I mean ummmm.....' It's embarrassing to ask her to say it so bluntly. Nicole lowered his voice: 'You can't be hard for so long. Adults should have self-control.' 'Come on, let's get the certificate first.' 'Can you then unleash yourself after that?'

Shawn snorted stuffily, but his body was still swollen and uncomfortable, yet Nicole's talk of "self-control" made him feel stupid.

But he was Shawn! He wouldn't just let it! He pressed his eyes down, suddenly holding Nicole and walking inside. 'Let me down! I can walk!'

Of course, Shawn ignored this "friendly" request. He continued to run inside, and his pace gradually accelerated. He held Nicole tightly in his arms, and she couldn't even breathe in his arms.

Few people came to the office today. It would take little time for them to get things done.

Until they returned to the car with the little red book", Shawn directly pulled Nicole's clothes down, and his warm lips landed on her clavicle.

Nicole gradually became short of breath. She was pressed by Shawn, and her clothes were already in a mess.

Just when she was about to drown in the pleasure, Nicole suddenly remembered one thing. She seemed to suddenly return to her senses, and immediately stretched out her hand and pushed Shawn away.

“There’s one thing left! It’s important!”

She forgot to have a check-up. If Shawn has any disease, she might get infected or something in the future as well! Wouldn’t he then be a walking disease?

After being pushed away by Nicole, the lust in Shawn’s eyes instantly decreased a lot.

He stretched out his hand and tore open his bow tie, and the button on the top of his shirt suddenly loosened, exposing Shawn’s sexy Adam’s apple and abs.

‘It’d better be REALLY important.’ Shawn’s voice was hoarse and deep, and he watched Nicole’s brow move.

However, his eyes still couldn’t let go of Nicole’s red lips. Her lips were very ruddy, even with the traces left after a kiss just now, which was so sexy.

‘We haven’t gone to the hospital for check-ups yet, but we came to get the certificate anyway. Is it a bit abrupt?’

She bent slightly saying this, and when she looked down, she saw her exposed upper body. The bra was loose on her arm, and Nicole’s eyes flashed at the bottom. She hurriedly looked away and found their certificate that had just fallen.

But Nicole was suddenly pulled up by Shawn before she could locate on the damn book!! Shawn dragged Nicole to his side, which was somewhat inconvenient in this car.

Her head accidentally hit the roof and she let out a stuffy hum, and then because she sat on Shawn’s lap, she felt the stiffness that stood up and let out an even more charming moan.

Nicole couldn’t help twisting her ass and trying to move down a little, but Shawn suddenly pressed Nicole’s hip and didn’t give Nicole a chance to move down.

His big hand pressed on Nicole’s round and pump ass, and he slapped it hard. ‘Uh huh....!’

Nicole was somewhat dissatisfied with the sudden slap. With a horny moaning, she still wanted to move down from his dick, but Shawn pressed her down again.

‘What do you mean, hmm? Do you think that I am sick or that I can’t do anything, and I can’t satisfy you?’

His hand suddenly moved down, gradually slid down from the back and into the skirt, the underwear, and finally her wet flower.

'I can't let you cum? Then why is it so wet here?' 'Hmm?'

His voice was deep and sexy, and when his words fell, he slipped his fingers into it for an instant and made Nicole blush with shame.

Nicole couldn't resist Shawn's stimulation, and hung her hand around Shawn's neck and bit her lower lip. 'Shout it out. Don't you enjoy it?' Shawn suddenly pulled out his hand, and his fingertips rubbed gently at her clitoris, spinning. Her flower was so wet that Shawn could even feel the water. 'I didn't mean that.'

Nicole couldn't help but want to clamp her legs and insert Shawn's finger, but Nicole couldn't say it. She bit her lower lip with redness on her cheek, and her eyes seemed to have some slight complaints.

When Shawn saw Nicole's eyes, he immediately let out a laugh. He moved to Nicole's ear, covered her earlobe with his moist and warm lips, and bit it gently.

'You just wanna figure out if there's anything wrong with me, right?'

As he spoke, he suddenly inserted his hand into Nicole's body, sent it hard, and inserted it twice in a row. Nicole couldn't stand it.

Suddenly there was a quiver beneath her, which got her pussy tightened a lot. This powerful emptiness made Nicole crazy inside.

'This is not a process that every married couple has to carry out. I know some things....!'

Her eyes were full of resentment, and her little hand suddenly moved down and stopped at the place where Shawn's thick dick erected. The little hand couldn't help but gently pull down his pants.....

Shawn looked at the topless woman who was bowing her head to help him with the zipper seriously. Suddenly, her body swelled. He stayed hot on Nicole's standing fullness in advance, and suddenly her eyes looked full of desire.

After Nicole just got through the pants, Shawn suddenly bent over, bowed his head and their tips of tongues twirled gently

The limp and numb feeling from the nipple suddenly got Nicole's body tightened, and she couldn't help biting her lower lip and moaning.
