

His Insane Lust

Chapter 14 Born with a strong sexual desire

Nicole tugged at his collar, for fear that he would wait carelessly, and he couldn't hold back and shouted directly

Shawn just got unzipped and suddenly stretched out his hand and pulled out his dick. He directly pushed the dick into Nicole wet little pussy.

Suddenly, the emptiness beneath her body was filled, Nicole couldn't control her groan instantly, and her hand pulling Shawn was becoming tighter than ever.

The car began to shake. With Shawn's speed getting faster and faster, Nicole let down all her guard. She was lying on his shoulder, and the hot air from her mouth kept spraying on it.

Only when the pleasure came, Nicole couldn't help biting Shawn's shoulder hard, and her body was tight with her pussy spraying water.

And his semen was injected deep into her uterus.

Nicole suddenly felt as if she had collapsed. She couldn't help gasping, leaning on Shawn's shoulder and began to worry.

'What if I get pregnant...?' Nicole bit her lower lip. In the past two days, she seems to have forgotten to take med. But as soon as that momentum came up, Nicole forgot about it. 'Did you forget that we just got the certificate?' Shawn held Nicole and his hand fell on her back. He rubbed gently on Nicole's tender and white back.

"Don't you worry about getting pregnant? Moreover, we are just privately obtaining the certificate, and it still isn't an open relationship, is it?'

Nicole gradually recovered. She got up from Shawn and looked at him and asked, 'What if I am pregnant?' 'Pregnant? Is there anything wrong with this? Just have the kid when it comes.' Shawn answered seriously and calmly.

Nicole was shocked and pushed Shawn away directly. She stared at him and frowned slightly: 'Hey, now that I am married to you, but no one knows about it!'

'Of course you can let people know.' 'Will there be the news of our marriage tomorrow?' Shawn tentatively looked at Nicole, but Nicole rejected him. 'No! 'Not yet!

Nicole pressed her eyes down, and she stretched out her hand and pulled her clothes. After hastily rejecting it, she found her underwear sideways.

Only when she was trying to put on her underwear, Shawn's hand came at her underwear. Shawn took the initiative to pull Nicole's underwear, and even helped Nicole button the back. 'Then come according to our agreement. As for your worry about pregnancy, let's take a look.' 'If you really have it, let's talk about it.' 'Are you still worried that I can't afford to raise a child?' Shawn's tone gradually became somewhat funny. He helped Nicole get dressed and pull up her skirt. Nicole looked at Shawn's action at the moment, and listened to his words. After putting it on, she sat back in the passenger seat, and she picked up their certificate that fell below. Nicole looked at the red book and hesitated. 'Spare some time for tomorrow morning and go to the hospital for examination.' 'Aren't you coming with me?' Nicole turned to stare at Shawn and wondered, but just after that, she heard Shawn raising up his voice. 'What if you don't do an examination and affect our sexual life after marriage?' 'This check is necessary, and it is a must for you to live with me with peace of mind. Nicole's eyes twinkled, and when she listened to his emphasis, Nicole suddenly let out a burst of laughter. She retracted her eyes, taking it for granted.

'OK, but, for the inspection tomorrow and last night, please come to my house with me. When we get this book, you have to go home and cooperate with me.'

"Just treat it as an act, okay?"

Nicole reached out and combed her hair. She wanted Erin to meet the man she had always dreamed of, and now he's by Nicole's side.

'I won't act. Just remember to make it up to me later.' His tone was light, and when he said these words, he appeared to be serious and extraordinarily calm. Nicole's eyes twinkled, and she coughed lightly and stopped responding to Shawn's words.

Early the next morning, they came to the hospital, checked according to the normal process and finally got the test results, which didn't take much time at all.

Nicole didn't know if Shawn took some 'shortcuts', so it was so fast. When Nicole and Shawn sat in the doctor's consultation room, they saw a young male doctor. 'Please sit down.'

That male doctor's mouth smile was a bit subtle.

Nicole suddenly felt puzzled. Why did he smile like this? She retracted her eyes and walked to the front with Shawn.

"From the examination results, both of you are very healthy, there is no big problem. But there are still some things to pay attention to.'

The male doctor sitting opposite gave a lecture with the examination report of two people. Nicole was nervous, and careless attention may become a big problem. "Please, don't make my wife wait.'

Shawn can feel Nicole was in a state of high tension when sitting beside Nicole. He stretched out his hand and gently stroked Nicole's palm. This was the first time Shawn has pulled Nicole's palm like this, and even rubbed it.

She could clearly feel the itchy feeling coming from the palm of her hand, and there was also a subtle feeling of electric current

She forced herself to endure the strange situation in her heart, stretched out her other hand under the table, pressed Shawn's hand, and prevented him from continuing to do that thing to herself.

"The thing that acquires special attention is actually nothing to worry about.' The doctor suddenly gave a laugh.

'You will be very happy after marriage. Your husband's sexual reproductive organs are much more powerful than those of the ordinary men. Your sex life should be much more frequent than that of ordinary people, so you must pay attention to this.'

'To satisfy the desires of both sides, of course, you must also have some health-relevant work.'

The doctor's words cleared Nicole's nervousness instantly. When she looked at the doctor's serious expression, she suddenly felt a kind of distress situation.

Shawn was really good...Wow, what a bonus! 'You don't have to worry about an inspection report like this.' Opposite, the doctor spoke again to explain.

Nicole stretched out her hand and touched her nose in embarrassment, trying to make herself look a little calmer in this way. In fact, she was just thinking about Shawn's expression when she was listening to the doctor.

"By the way, there is one more thing you should pay attention to.'

"This lady has a special situation and it will be a bit difficult to get pregnant ... but it is not that she can't get pregnant, but the chance is just a bit small.'
