

His Insane Lust

Chapter 18 She's a grown-up now. It's okay to do i

'You said they just met for a few days?' Elena stopped and stood on the stairs and looked at her daughter. Erin looked back and nodded. She didn't know what to say. 'Anyway, this is the case. Just a few days.' She certainly couldn't tell Elena about drugging Nicole. 'You should tell your father about this,' Erin was afraid that her mom was gonna dig deeper into this so she hurried downstairs.

Elena didn't know what happened to Erin. Seeing that Erin had gone down, she took back her doubts and caught up with Erin, but while following her, she thought about how to get rid of the fire coming up in her heart tonight

'Why they're still upstairs??' Bob looked down at them in confusion. Didn't they both come down to eat?

'Dad, what's the use? The two of them were doing something shameful at home on the first day they came back. How can they come down to eat now? Ignore them. Let's eat.

Bob understood immediately. He nodded, but said nothing 'Dad, aren't you going to talk to my sister? Since they haven't got married yet, they shouldn't do this at home!'

Erin had already planned to wait for Bob to scold Nicole, but who knew that Bob didn't do anything at all. She flashed her eyes and the tone was somewhat dissatisfied.

'It's alright. Your sister is a grown-up now. It doesn't matter if they do this at home.' 'Let's eat first and wait until they are finished.' But how long would they take?? They were getting hot! How can they finish?? In Nicole's room, the bed creaked again and again because of their strenuous movement. And Nicole was now kneeling on the bed, ass pursing up, facing Shawn's cock.

But she felt a little ashamed and couldn't help but wanted to change back to her previous posture. She wanted to take her hand back. She shook it, and was about to withdraw her hand and turn around when Shawn pressed it firmly.

Shawn held his stout body, inserted her pussy directly from behind and leaned on her back, while both hands caressing Nicole's chest and kneading them.

'Are you muted? Or playing dumb again?' Shawn plunged into her body, removed one hand from her chest, put it directly on her ass, and then snapped it. 'Well ... stop it, be quick!!'

Nicole was so ashamed that she didn't dare to let go of herself. Up to now, she was holding back that desire, and she was worried that she would be too open, so that everyone outside could hear her.

Only when Nicole said this, he suddenly pulled it out of Nicole's ass, and his thick dick was still wet with the water she squirted.

This action caused her to feel empty again. Nicole got cold and pursed her ass and couldn't help shaking it gently

Shawn knelt behind Nicole, and when he looked at her plump ass shaking right in front of him, Shawn's eyes became passionate.

This was a visual shock. DAMN~ Just looking at this woman twisting her ass, Shawn felt his dick suddenly swell.

Now he wanted to go in and fuck her hard. But Shawn stopped the idea of going in thinking about what she just said. He wanted Nicole to experience the feeling of being horny.

'Uh...

Nicole's hand was still holding the wall, and her body was burning in the emptiness. When she didn't feel Shawn going in, he hand suddenly loosened, and she turned and looked at Shawn.

Every time she saw Shawn's excessively beautiful face, Nicole's desire in her heart became stronger. She knelt down and moved closer, and suddenly stretched out her hand to hook Shawn's neck, even rubbing her round boobs against his chest, rolling and rubbing it.

'Don't you want me?'

Nicole's eyes were blurred, and she whispered as she approached his lips. She suddenly bit Shawn's lower lip and even sucked Shawn's tongue gently, like sucking jelly.

Shawn let Nicole tease himself.

But now he was in a rage, so he wouldn't respond to her no matter what.

Shawn's body was also very honest, and the swelling was getting much bigger, which directly reached Nicole's thigh and rubbed gently on it.

'You don't want me? Look at it.'

Her hand moved down and held the thickness directly. When his glans confronted her soaked pussy, Nicole groaned in Shawn's ear, and her voice was so damn soft and charming.

Shawn's restlessness was defeated by the moan. He slid through her wet tight pussy immediately.

Suddenly, the satisfaction made Nicole feel limp and numb. She closed her eyes and enjoyed the feeling of being filled. Her legs couldn't help but lift up and hang on Shawn's strong waist.

'Who, who wanted me to hurry up, huh? Now you want me to fuck you?'

Shawn put Nicole on the bed. He stared at Nicole's flush face, and couldn't help leaning down and biting her ruddy lips directly.

'I want it, you are my husband, I want you to fuck me. Any problems?' She reached to Shawn's neck, and her voice was far more charming than usual. Nicole started to move along with Shawn's insertion. Her pussy was so tight!

Shawn snorted and couldn't help but stretch out his hand to pick her up from the bed, and sat on the bed directly, letting her sit on his lap.

'Why did you want me to finish it quickly just now?'

He put one hand on Nicole's waist and the other on her chest, and the brawny kept twitching in her tight stamens.

'It's just...they're all downstairs, I'm afraid...' With Shawn's twitching, Nicole couldn't help sticking to him and panting. Especially when he was breathing heavily, Nicole's body tightened, and she grabbed Shawn's back hard. The thing underneath was climbing onto the peak.

He leaned against Nicole's ear and gasped, reaching for her waist, and his head gradually buried between Nicole's boobs.

'Ahhhhhh'

Suddenly, a burst of heat flew out, and Nicole sobbed tightly under her body. She kept shaking, leaning against Shawn's shoulder and clutching his back.

The strong limp and numb feeling spread all over her body! Shawn also experienced the comfort when Nicole had the cum...
