

# His Insane Lust

## Chapter 2 Your fiancé's life is not that satisfyin

Erin! Nicole's sister, who shares one father with Nicole!

Her clothes were what she wore at the cocktail party last night, but she added a coat. Obviously, she didn't go home all night.

'Oh sister, finally, here you are!' At the sight of Nicole, Erin greeted with her. 'Did you sleep well last night?'

Nicole was slightly stunned, but she spoke quickly and asked: 'You admit SO DAMN frankly that you drugged me?'

Erin chuckled: 'Oh, I'm just helping you out!! You're so old and STILL a virgin! Shame on you!' She approached Nicole. 'Which of the three people had the best job, huh?'

Damn she is!!!!!! Erin drugged her to make her be raped by a gang!!!! However, why was she sent to Shawn's bed?

Erin was even prouder since Nicole couldn't let out a word: 'Oh, my sister, you couldn't possibly wake up all night and didn't even enjoy the very least of it? Gee, what a pity, not as good as next time .....

'Shawn's drug was also given by you?' Nicole suddenly spoke. Erin's eyes suddenly widened: 'How do you know Shawn was drugged? HOW DO YOU KNOW! Erin drugged Shawn and wanted to have sex with him!

But after catching up with the hotel, Shawn had already entered the door. She repeatedly asked the recipient front desk, but he refused to tell her the room number!

Erin was so upset and she simply sat downstairs and waited, but there was only Nicole in the lobby! 'What do you think?' Nicole smiled. . , Erin's face changed dramatically: 'Nicole! Damn it! Did you sleep with my fiancé?'

Her phone rang and she took it out in disbelief. There was a sleepy voice over the phone: 'Ah? You didn't send any woman to us, the three of us waited for a night and just fell asleep...'

'YOU USELESS SCUMS!!!' Erin screamed.

Nicole laughed out loud: 'Sleeping with your fiancé? Who is your fiancé? No, Shawn knows, awww is he your fiancé? How much did you drink, huh??'.

'YOU .... Erin has been brewing thousands of ways to hate her 'dear" sister. 'Nicole, you know of my dream since I was a child, and that was to marry Shawn, and you just... ROBBED my husband!'

Her voice was so sharp that she immediately drew the attention of several check-out guests.

Nicole chuckled: 'I just slept with him and helped you check whether he's good or not.' Saying that, she also raised her voice. 'Unfortunately, your husband is impotent, and he just looks strong on the outside!'

Shawn upstairs had a HUGE sneeze.

'YOU-YOU IMPUDENT STRUMPET! BITCH!' Erin screamed with anger, raised her hand, and greeted Nicole's face with five fingers inlaid with sharp nails.

Nicole dodged lightly, grabbed Erin's wrist and pulled her forward. After that, she lifted her other hand and slapped her in the face!

All the people in the hall were quiet for a second, and Erin's left face was swollen with a slap in the face! What a hard slap! Nicole's arm even hurt a bit—it's ALL Shawn's fault, how many positions he changed last night!

'Nicole, you hit me?!' Erin stared at her with her big eyes filled with tears. She covered her face and looked at Nicole in astonishment.

'I hit you, yeah, and I'm ALSO gonna talk with you about the stealing money.' Nicole looked at Erin condescendingly. 'Stealing stocks at home, stealing father's old antiques, oh, and stealing your own mother's dowry. Do you want me tell others all these things?'

Erin's eyes widened and her lips trembled. 'You... HOW DO YOU KNOW! 'If you provoke me again, you will definitely know how I got my info.'

Nicole smiled and walked out of the hotel in her high heels, although her underwear was wet by the liquid flowing out of her lower body,

The car she called has arrived, and Nicole said: 'Please be quick.' 'Okay!

The fat driver stepped on the accelerator, and the Toyota suddenly jumped out. As soon as it got past half a street, it slammed into a Rolls Royce Phantom.

'WHAT THE FUCK!' Nicole got slammed into the front seat, 'Come on, don't be so anxious ...' But before her voice fell, the fat master opened the car door and ran away. Nicole: '...'

How unlucky she was, she was in a hurry to go home to take a bath, and the driver ran away after the car accident.

Seeing the fat-ass disappear at the corner, Nicole had to open the door and rub her red forehead to get off the car, intending to stop a taxi again.

As a result, the Rolls-Royce driver's seat opened, and a flustered young man jumped out from it: 'He, how did he run!'

'I don't know.' Nicole shrugged at him. The young man grabbed Nicole's arm and said, 'Then don't go!' 'I am just...I don't own this car!!' Nicole showed the calling interface of her mobile phone to the man. But young guy didn't look at it at all: 'It's my first day at work! He is fully responsible! I have to pick up the boss!'

'Then go, your car is not broken!' Nicole tried to get rid of him. They both didn't drive too fast. The Toyota's front face was hit with a hole, but nothing happened to Rolls-Royce.

No, the boss will scold me! You can't go! 'The young man grabbed Nicole with one hand and answered the phone with the other. 'Hey, boss, I still have 50 meters to get to the hotel door, but I had an accident...'

Nicole suddenly had a bad feeling. Sure enough, three minutes later, a tall figure appeared from the hotel door.

The man wore a straight suit, his hair was not in a mess, and his high nose cast a small shadow on his face. His handsome face, like a perfect marble sculpture, seemed to bear the frost of one thousand years, and came up to Nicole step by step.

Nicole was quite into it, really. The young man swung his arm wildly: 'Boss! Here!' 'You will definitely be fired.' Nicole turned and said to the young man. 'You are fired.' Shawn said coldly, 'Let her go.' 'S...sir ... The young man let go of Nicole and almost cried. 'Please, can you give me another chance ...'

'Yes.' Shawn picked his eyebrows. There is a woman in the hotel lobby who is lying on the ground and crying. You send her to the police station or a mental hospital. If you can't do it, you don't have to come back.'

Finishing that, he opened the co-pilot door,

The young man was stunned for a second and then turned and ran, Nicole followed him to run, but she just ran two steps before he was caught by Shawn's wrist.

'Come in.' Shawn has a low tone." 'Shawn, I have to go home and take a shower and change clothes to get ready for work...'

Before the words were finished, Nicole was stuffed into the co-pilot, and the door slammed shut, so she couldn't open it!

This man has turned on the children's lock!
