

# His Insane Lust

## Chapter 21 She's on top

Nicole was forced to turn around. She looked at Shawn's eyes and reminded him: 'We have to pick the dresses tomorrow, don't we?'

Nicole suddenly put her arm around Shawn's neck, trying to distract Shawn in this way. But Shawn's sexual desire was aroused, so how could he let Nicole go so easily? He stretched out his hand directly and drew Nicole closer to himself, making them close to each other. 'There is no conflict between choosing a dress tomorrow and what we are going to do tonight.' Shawn held Nicole in his arms, and his big hand slipped down from her silk skirt and got onto her skin.

Shawn was somewhat dissatisfied with the fact that this woman could still keep sober when being touched like this.

'Have you taken care of the problem of my family? If there are any problems, they'll be on you.' Nicole suddenly became serious, thinking about the financing, and she was still worried.

Great, Shawn's passion was suppressed by Nicole's 'kind' reminder, and his hand stopped. Now he was kneading her chest just to tease Nicole.

Suddenly, his big hand wrapped around her soft boobs, and he grabbed them directly. Nicole lost control and couldn't help it. His action was so sudden. 'Do I look like someone that makes empty promises? Or are you questioning my ability?'

He continued to knead Nicole's chest, and flirted with her in her sensitive area, with his fingers gently passing over the clitoris.

All the places touched by Shawn seemed to be electrified. Nicole couldn't help moaning, and suddenly she reached for Shawn's hand.

'I didn't mean that. How can I doubt my husband's ability?'

Nicole had to put up with it. She couldn't have sex with Shawn again. After all this, she didn't think she could go to the company tomorrow.

'I will be relieved if you solve that matter, but there is one more thing I want to ask you of.'

Nicole's look flickered. She was curious. Shawn married herself, announced the engagement news, and even held an engagement party so soon. What about his family?

Nicole didn't see Shawn mention about it. 'You have seen my parents. Don't your parents want to see me?' 'And the news of our engagement has already spread.'

Shawn suddenly laughed, and his hand on Nicole was pulled out. He took Nicole to his side and asked curiously, 'Do you want to see my parents with me?'

Nicole was perplexed. She didn't know that she was so anxious to see her parents. But seeing Shawn's smile, Nicole suddenly nodded her head. 'If you think it is, then it is.' There was a strong suspicion of perfunctory in her tone. Shawn put his hand under her again, and his fingertips began to gently rub against her pussy lips. She couldn't help stroking, and she became wet very quickly. Shawn touched her clitoris and suddenly sent it forward. The water came out, and she had the feeling coming,

When he felt her fingers pinched by Nicole's pussy, Shawn suddenly leaned over her ear and smiled in a low voice.

'This is a punishment for your tone of reluctance.' Shawn still felt that it was not enough, so he continued to send his finger to her flower, and even inserted it. Yet the insertion couldn't satisfy Nicole. She rubbed against him and wanted more. She put it on Shawn's shoulder and moaned softly. 'Feeling sorry?'

When Shawn felt the woman right in front of him seemed to be very uncomfortable now, he couldn't hide his wicked smile. She was quite tough seconds ago and now she was begging for him to fuck her. Wow, woman.

He then pulled his hand out and patted on it lightly.

We gotta choose the dress tomorrow. We'd better rest.' Well, that totally turned Nicole 'on'. She left Shawn's arms and suddenly turned her back to him Nicole didn't want to talk to the dickhead. The emptiness beneath her didn't fade. only became more intense because of such a turn.

She kept hypothesizing about being fucked from behind. But the itchy feeling grew wild as she thought about it.

Shawn looked at the woman with her back to himself, and his eyes looked deep. He suddenly stepped forward and hugged Nicole from behind.

'Go to sleep. He felt that there was nothing wrong with sleeping like this.

But Nicole's ass was 'facing' Shawn's thick dick. She just pursed her ass gently. Who knew that her body can't help but tremble. Nicole suddenly gritted her teeth and closed her eyes. It's really ...DAMN!!!!

Screw it! Why the fuck are you holding me like this while sleeping, huh? Sleeping was the last thing she wanted right now! But it would be a shame for her to ask Shawn for it now! He was just going to be so damn sarcastic. Nicole was still tempted for this position. She suddenly reached out and pulled Shawn's hand away. 'We sleep separately and do not interfere with each other!' "That won't do. You forgot the reason why I married you, didn't you?' He held Nicole's waist again, and even pulled Nicole to his side. Now his crotch was directly on Nicole's hips, Nicole itched inside and went crazy. 'Of course I know why, but if you don't touch me now, don't come near me.' Nicole, with a burst of displeasure, directly reached out and pulled Shawn's hand down. But she was held down by Shawn immediately.

Stop it. Just tell me if you want me to fuck you now. That'll save us lots of trouble' Shawn suddenly pulled down his trousers, and then Nicole's skirt was lifted up.

He was panting, leaning against the back of Nicole's neck, and gasping against her, and his cock was thick and had already held Nicole's ass through her underwear.

'Do you want it?' 'You have to tell me if you want me.' Shawn continued to push forward gently with his brawny dick.

Nicole couldn't help frowning. She was already wet. She felt that his penis was still in the underwear, and Nicole suddenly turned around.

She stretched out her hand and directly indented into his underwear, and her soft little hand gently held his huge thick dick.

'It's not up to you anymore...' Nicole suddenly rolled over and sat directly on Shawn.

## **Chapter 22 People are happy when good things happen**

Shawn didn't expect Nicole to do this. When she sat on him, Shawn's eyes hit her upper body.

That petite face was particularly attractive against the background of long curly hair, and her eyes and lips were sending out fatal temptation to Shawn.

Shawn suddenly raised his hands and put them on Nicole's titties and grabbed them wildly.

His hand gradually moved down, and when he reached out, he pulled Nicole's nightgown up, showing a plump round boob—particularly attractive.

Shawn couldn't mind Nicole's movements, and he suddenly got up, put Nicole around his waist directly, and nibbled on her titty.

'uh-huh ... When Nicole was on fire, she stretched out her hand and held Shawn's head with a lot of force.

The two can't wait to integrate each other into their own bodies.

He leaned on one side, put Nicole down, kissed her nipple, and slowly moved down until his head buried between Nicole's legs.

When the tip of his tongue touched Nicole's body, it seemed as if there was an electric current under Nicole. She bit her lower lip and groaned, and her hands couldn't help grabbing the sheets.

Shawn didn't let Nicole go, and continued to lick her body, pushing between the tips of her tongue, and even sucking her lower body.

There was a burst of pleasure in her body, which had already flooded under Shawn's instigation. Nicole was already in a state of confusion when Shawn let go.

Her body was tender, and when she saw the strong dick standing proudly under Shawn, she opened her mouth slightly.

Shawn couldn't help holding Nicole's hand and touching his thickness. He took Nicole's hand and slid on his cock

Nicole knelt between his legs under Shawn's guidance, and she opened her mouth to contain the heat.

Shawn snorted when he saw Nicole's lips wrapped around his brawniness. He couldn't help reaching out and pressing Nicole's head, and gently thrusting it up.

Nicole was a little shy, but when she heard the gasps coming from Shawn's mouth, Nicole suddenly became bolder.

Her tip of the tongue licked gently on his thick, even spinning on it. After her provocation, it was thick and swelled a lot.

He frowned and grunted, and he suddenly pulled Nicole down when he sensed that he was about to explode beneath him.

He directly turned Nicole around and pressed her on the bed. One of her legs reached Shawn's arm, and Shawn suddenly stood up.

Although her pussy was wet, the inside was very tight and warm, which wrapped his dick thick and firm. Shawn couldn't help closing his eyes and grunting. After hearing Nicole's moaning, his movements gradually accelerated and finally reached a highest frequency. The moment Shawn shot into her uterus, Nicole followed with her cum! Her lower body kept trembling, and a very strong limp and numb feeling spread all over her body. Shawn was lying on Nicole after shooting, and he hadn't pulled out from her yet.

When seeing Nicole's ruddy lips slightly flushed, Shawn suddenly bit her lower lip, teased her with the tip of her tongue, and gave her a deep kiss afterwards.

Early the next morning, Nicole and Shawn agreed to try on clothes in the afternoon, and everything in the morning was left to their work.

When Nicole appeared in Family Miller Company, she met Erin. Nicole was wearing a white skirt with shoulder straps today, which was really pure and sexy.

It was precisely because Nicole was so dazzling that Erin began to get jealous in her heart, and she the coffee cup tightly in her hands.

She deliberately walked towards Nicole, and the coffee in her hand was ready for a go. When she came at her, she pretended to be careless and poured this cup of coffee on her white dress.

Only when Erin had already figured out how to deal with Nicole, Nicole seemed to have seen through what Erin wanted to do.

When there was a certain distance between them, she stood directly to the side and pointed out the coffee in Erin's hand.

'You stop first.' Erin froze! She was still at the side of the elevator! Great, the desire to disdain her dress couldn't be fulfilled... Erin stared at Nicole, and the expression on her face was not so fierce. Now she can still control it. 'What do you want me to stop for?'

Erin was also bright and beautiful. If she wasn't, how could she climb up in the entertainment circle? But in front of Nicole, Erin would always be out of the game.

Nicole suddenly raised her hand to cover her mouth and smiled.

'What do I want? Well, if I didn't make you stop, your coffee will spill on me, won't it? I will be the one who will make a fool of myself?'

The look in Nicole's eyes was quite subtle. It's not the first time she has seen Erin's bad means. Only a fool couldn't see the motivation of such a person! 'What the fuck! Don't use your own imaginative guesses to wrong me, okay? I have no such idea at all!' 'Sister, I know you don't like me. If you are dissatisfied with me, you can tell me, but you can't say those things. When she said this, she was really full of tears. Erin's eyes

turned so carelessly that she caught a glimpse of the purple hickeys on Nicole's neck! What a shame! What an obvious kiss!

Nicole picked it from her brow. She clearly saw Erin look pitiful and innocent just now. Why did she feel that this person suddenly became vicious again now? She felt wrong?

'You don't have that idea? It's not my first time to see you like this.' Nicole retorted cheerfully. 'If you think you didn't bear that idea, then you didn't.' She didn't want to argue with idiots here either. Nicole wanted to go, but did not expect to meet the shareholders of the company. She stopped again. 'Oh Ms. Nicole! I haven't seen you come to the company for a few days, and you look so different!' The man was really shocked when he saw Nicole at first sight.

Nicole stood here and looked at the shareholder's surprised expression. She reached out and touched her face, and looked at the shareholder and smiled.

'Yeah.' Nicole's tone was faint, and suddenly she glanced at Erin and pretended to look at the shareholders carelessly.

"This is true. You don't know that people are happy when good things happen. I've been fortunate to have those good things so...it's normal."

### **Chapter 23 Attend my engagement party**

The man was slightly startled, and indeed saw that Nicole look so different. Now that Nicole made her explanation, he nodded and smiled.

'Well congratulations! The engagement party is coming, right? People assumed that it was a joke. I didn't expect it to be like this.'

'Engaged to the successor of X-Space Industry, and still together for so long, you really are good at keeping the low profile though!'

Nicole readily accepted what the man said, and she pulled her hair behind her ears cheerfully. 'Yes, everyone in the company will have the opportunity to attend my engagement party.' 'You must arrive on time.' Nicole talked heartily in front of Erin. That shareholder smiled at Nicole. Erin, however, was holding the grudge towards Nicole treading on the air. After the man left, Nicole turned around and smiled brightly: 'You have to attend the party on time.' 'Awww bullshit! Do you really think he will marry you? He's messing with you!' Erin couldn't resist the jealousy in her heart, and immediately retorted at Nicole. 'Do you really think Shawn is serious with you? Who do you think you are!' The words coming out of Erin's mouth were getting more and more vicious. After Erin said this, Nicole instantly raised her hand and slapped Erin in the face. 'What the FUCK!!!!'

Erin flung her hand over the beaten half of her face. She stared at Nicole and frowned and narrowed her eyes instantly, and her looks were very sharp.

'We're now in the company! And you hit me? Why did you do that!!!!' Erin lifted one hand, indicating that she would do the same to her sister. Nicole nodded, stood in front of Erin and smiled. 'I hit you, don't you feel pain? This slap is to teach you how to respect your sister.'

Nicole stared at Erin's raising hand, and her eyes deepened a lot: 'If you want to do something to me here, your good image of hard working will be destroyed.'

Nicole immediately covered her mouth and laughed at her. Erin pulled her hand back. Tears gradually appeared in her eyes, and she looked pitiful in front of Nicole. 'Sister, I said it all for your own good, why did you hit me ... 'Is it wrong for me to care about you?' Erin's words annoyed Nicole. Looking at Erin's red eyes, she let out a cold hum. 'Do you still want another slap?' 'If I hit the other face again, it may be balanced.'

Nicole raised her hand slightly, trying to make a fake action to scare Erin. Who would predict that Erin cried out before Nicole could make a move??!

'Sister, we are all family at least. Why? I really didn't mean it just now.'

'That doesn't work with me. If you want to cry, just do it, no matter how long. But I can't help slapping you again just to educate you that don't shed tears in front of others.'

Nicole was about to raise her hand up high. Erin's hand suddenly let go again, and she blocked her other face. Look at her action so flustered, Nicole tugged at the corners of her mouth, and seemed to know she was afraid. 'Get lost.' 'Don't stand in my way.' Nicole pulled her hand back and stared at Erin with a warning.

Erin was so frustrated, but she didn't dare to obstruct Nicole. She gave way to Nicole, but she looked at her with some hatred.

Nicole glanced at her, said nothing, and walked directly to the front. Erin stood frozen for a long time before leaving. In the afternoon, Shawn drove high-profile to the company to meet Nicole.

Shawn gave them a clear answer when everyone doubted whether the news of their engagement was true or not.

Nicole was just about to go to Shawn's car when she went downstairs to the company. After two steps, she saw Shawn coming out of the car with a big bouquet of roses in his hand.

Nicole's eyes flickered and she stopped immediately. This was the first time she received roses under such circumstances. When Shawn came to Nicole, he handed the

roses forward, and his smile was even a little spoiled. 'What are you waiting for, silly? If you don't pick it up, I will give it to someone else.' Nicole was a bit absent-minded. She subconsciously reached out and took the flowers in Shawn's hand.

'Since you gave it to me, if I don't accept it, you shouldn't give it to others either. If others know it, they will not be happy about it.'

Nicole's eyes hit on this bunch of roses. She didn't know how many roses there were, but she felt happy and content when she looked at it.

Shawn's eyes loosened a lot, and suddenly he stretched out his hand and pulled Nicole to his side, and he placed his hand directly on her waist.

'Let's go, I have already made an appointment, now try on clothes.'

Two people show their love in front of the company fair and square, which made people have to believe that they were sincere.

Nicole asked Shawn about what that was all about after she got into the car with Shawn. 'Was it all designed?' Nicole reached out and touched Shawn by the arm. There was a driver driving in front, and the two of them were sitting here in the back seat.

Shawn turned to Nicole, looked at the suspicion in her eyes and asked: 'Can't I be a romantic man and send a bunch of flowers to my wife?'

Although Nicole was appalled, she was really happy in heart. She suddenly leaned on Shawn's face and directly gave him a kiss.

'Seeing that you behave so well, here's a little reward.'

Just now, there were so many people in the company, and Nicole came to find Shawn with such a big bouquet of flowers. Those employees must have seen it, and Shawn's actions really satisfied her vanity.

His hand moved to Nicole's leg, and even reached up slowly.

When Nicole realized what Shawn was going to do, she immediately came to her senses and directly reached out and patted him on the back of his hand.'

They were in the car now! And there's a driver ahead ... Shawn continued to attack Nicole regardless, and he caressed under her. 'What do you want, there are still people in the car...' Nicole couldn't help leaning toward Shawn's ear. She lowered her voice and warned. But this warning had no effect on Shawn at all. He moved up and slid under the skirt into her chest. The skirt was almost lifted up.

## **Chapter 24 Passion in the Fitting Room**

Nicole was really startled by Shawn's sudden upward movement. Her eyelids jumped suddenly and she stretched out her hand to pull Shawn's hand out.

You...'

She frowned, telling him not to touch her hands and feet, but she saw Shawn's funny smile at the corners of his mouth.

She couldn't help gnashing her teeth: 'Did you mean it?' Because there are people here, Nicole can only bite her teeth and ask Shawn in a low voice. 'No.'

Shawn shook his head and looked serious. He didn't mean it, just because he saw Nicole suddenly panic and suddenly felt very interesting.

Nicole was a 'cruel' woman in the company, but now she was beaten by him! Shawn was really enjoying this tiny victory.

Nicole took a deep breath and kissed him just now. It was really a kiss in vain!

She retracted her eyes and turned sideways directly. She didn't want to look at Shawn's smile any more. If she looked at it again, she was about to punch someone. .

Shawn's mood became better when Nicole turned her eyes away.

Along the way, the two chatted but really didn't talk about much, and Nicole was still sulking and also a good 'conversation-terminator':

Shawn didn't pull Nicole into his arms until arrived at the place for dresses. Today, Shawn wrapped up this studio, which was a special show between him and Nicole.

Shawn looked at Nicole with a straight face, and scratched her hand on her side waist, and that was Nicole's sensitive spot.

After several attempts, Nicole finally reacted a little. She immediately pulled Shawn's hand down with anger, staring at Shawn and frowning.

'Still want to mess with me??! Really?!' She was angered by his wry smile, and Shawn obviously meant it when he was in the car! It made Nicole feel as if she had been teased by Shawn.

'Now you finally ARE willing to talk, right? You've been ignoring me the whole time! Well I have to do something about it!

Shawn picked his eyebrows slightly, and his look was subtle. Nicole gritted her teeth and didn't want to continue talking about it. She stared at Shawn: 'Lead the way.' 'I don't know this place. You couldn't possibly think that I'll show you the way???' She was still

angry, definitely. Shawn smiled, and he didn't worry about it. There were plenty of ways to reduce her fire.

He stretched out his hand and pulled Nicole again, protecting Nicole by his side, but Nicole was not so honest, and she was struggling to get rid of Shawn.

Nicole—trying to escape; whereas Shawn—trying to grab her. After entering the store, in the eyes of the staff, it turned into a display of affection.

'Shawn!Miss Miller!'

The staff stood in two rows, and after Nicole and Shawn came in, they greeted each other uniformly. Shawn looked deep at the bottom of his eyes and nodded to these people. 'Are the dresses ready?' 'It's all ready. Just come with us. We'll take Miss Miller to the dressing room to try on her dress.' Nicole couldn't wait to try on her dress now. It's best to get rid of Shawn. She didn't say anything to Shawn either. She followed the staff directly to the front.

Shawn stood there and saw Nicole on the second floor. He raised his eyebrows slightly and suddenly ran to the second floor.

Shawn had to try on clothes later. When he left, the staff was in a hurry. 'Shawn!" 'Isn't it a suit?' The staff smiled slightly, and the tone was somewhat uneasy. 'Oh, well, we're not in a hurry, I will go up and see her first.' Shawn went up to the second floor.

The staff saw Shawn had gone up, and now they don't know what to say to stop him.

Nicole didn't know Shawn had followed her upstairs. She was taken by the staff to choose the clothes. Nicole was a little surprised when she saw these dresses

Why she had a feeling that she'd seen these dresses before ... as if they were her favorite ... 'Did you choose these dresses?' Nicole turned to the staff with startled eyes, and they immediately shook their heads. 'No way, Shawn did????'.

Nicole suddenly remained silent. If Shawn chose it, she felt a little weird. How did Shawn know what kind of dress she liked?

The staff immediately smiled and nodded to Nicole.

'Yes, Shawn personally selected them. Now that I see Miss Miller, I actually think that the dresses are very suitable for you.'

Nicole smiled and, under the guidance of these staff members, chose a dress to go in. The staff was inside to help her change. But after a while, the staff suddenly went out and said they wanted to help Nicole get the next one in.

Nicole didn't have time to care whether what she said was true or not. Her attention was focused on this dress, which fit her body well.

Looking at her sexy figure in the mirror, Nicole let out a smile of satisfaction. All women want to be the prettier version of themselves. Nicole swung a few times in front of the mirror. After a while, someone came in, and it was Shawn, standing behind Nicole. When Nicole saw Shawn behind her, she turned and her eyes flashed. 'Why are you here?' 'Shouldn't you be changing?' Nicole stared at Shawn and frowned and pouted slightly, but she still wanted to be angry when she saw Shawn. Shawn walked behind her and put his hand on the zipper behind her dress. 'Of course I came here to help you change your dress. 'There are staff. I don't want you here.' She couldn't help but struggle to get rid of Shawn.

But Shawn was leaning behind her now, Nicole could even feel the temperament sprayed from his lips hitting the back root of her ear, and a limp and numb feeling rippling in her heart.

Nicole closed her eyes and endured the feeling in her heart 'This...is the fitting room ...' Shawn leaned over and smiled. He hugged Nicole tightly and gently stroked her with his big hand.

Suddenly, the zipper behind her was pulled down by him, and Nicole subconsciously opened her eyes, which were already full of lust.

Nicole stretched out her hand and took Shawn's. When she turned around, she was suddenly brought to him, and her soft boobs got attached to his firm chest.

Nicole didn't hold back for a while, with a snort of moaning.

She blushed a lot and wanted to push Shawn away. When his warm lips pressed against hers, and even the tip of the tongue hit her mouth, Nicole softened instantly ...

## **Chapter 25 Found a treasure**

The atmosphere in the fitting room was instantly ambiguous.

Nicole's body collapsed completely. She leaned against Shawn, and her soft hands rested on Shawn's shoulders. Looking at Shawn's eyes, she gradually became confused.

'Well ...' When there was a chance to breathe, Nicole moaned lightly. When she opened her eyes again, her dress had slipped off. Shawn suddenly pushed Nicole against the wall and turned around. The brawny, which was suppressed in the trousers, was released in a short time, and even stuck on Nicole's ass. When his scorching heat was attached to her pussy, a hot feeling surged, which caused Nicole to tremble. Even his face was in a flush immediately, Nicole turned and reached out to hold Shawn's hand.

But it just turned around, and Shawn pressed her against the wall again. His hand was intertwined with Nicole's, and their fingers were interlocked.

Shawn's brawny cock against Nicole's crack, sliding up and down gently. With his other hand, he lifted his thick dick and rubbed it gently against Nicole's pussy lips. When his brawny met the wet stamens, his scorching heat also moistened a lot.

One of Shawn's favorite things about Nicole is that when having sex, the water that can be easily pulled down by him is so abundant that he wants to insert it immediately.

Nicole propped herself up on the wall with one hand and tilted her ass up slightly. Now, her pussy was directly on Shawn's glans. This feeling of fucking in the fitting room really made Nicole happy and nervous. 'Ah ...' When she cocked her ass up, she suddenly heard his gasping voice.

Nicole felt an itch in her ears, but she couldn't help wanting Shawn to continue. She couldn't help but want to pout her ass and let Shawn insert it from behind.

Shawn suddenly stood up and slid down under her. It's like entering a long tunnel, but it's filled with extra fullness.

Nicole's face gradually flushed, feeling his brawny cock thrusting in her body, and Nicole couldn't help the urge to moan.

When the groan fell, it seemed to give Shawn the greatest encouragement, and Shawn suddenly stepped forward to speed up the movement beneath him.

However, Shawn didn't want others to hear this wonderful voice. Suddenly, he stretched out his hand to cover Nicole's mouth, and his eyes deepened a lot.

He accelerated again.

Nicole's body was tight, and Shawn was covering her mouth, hence her feeble moaning with a limp and numb feeling

Outside the fitting room stood a staff member with a dress in her hand, standing here listening to the noise coming from inside, and suddenly she was at a loss.

It's true that listening to the sound inside makes people blush. The staff did not dare to continue to go in. She blushed and left here with the dress. Shawn and Nicole were on it for half an hour before they came out. Shawn even helped Nicole get dressed. They looked as if nothing had happened. They were normal.

It's just that these staff members all know what happened in the fitting room. Just looking at Nicole's blushing face makes people think.

Continue to help her try on clothes.' Shawn let go of Nicole's hand, and now he could at least make sure Nicole wouldn't stay angry anymore. Shawn left Nicole to the staff, and he already focused on other things. He also wanted to try on clothes. After Shawn left, Nicole turned her eyes to those staff with a somewhat forbearing embarrassment. 'Take me to another fitting room.'

She was not afraid of what the staff would think of those two. After all, they should all be aware of what happened with Shawn in the fitting room just now. Even if she talked about it, she didn't really care what these people would think.

The main was is that the fitting room was still full of the breath after love ... In her mind, the picture just appeared again. Nicole blushed, and a different color passed in the depths of her

eyes. OK, no problem.

As long as she wasn't embarrassed, the others would be. The staff also knew why Nicole wanted to change the fitting room, but they certainly didn't care. 'Yes, Miss Miller, just follow us.' These staff members smiled slightly at Nicole, and made an invitation to Nicole.

It was not until Nicole started to change clothes in the new fitting room that the floating mood in her heart stabilized, and it was not so easy to think of what happened just now.

She tried several sets in succession, and they were all quite satisfied. 'Your body figure is so perfect and beautiful. You basically suit in everything.' Nicole looked at herself in the mirror. She thinks that she fits better in black and white—suit, dress and stuff. She's more like the 'monochrome' style.

Although the pink looks good on her, Nicole always feels that it doesn't match her overall image, and she prefers the first set of clothes.

She shaded away her looks. 'I'd like the first one. It fits me more.' The staff nodded and admired Nicole's clear mind about the choice. :

'Miss Miller isn't troubled with the choice difficulty. These sets that Shawn chose are really in line with Miss Miller's temperament. Every one of them suits you perfectly.

Nicole listened to her and smiled. They were quite talkative.

'As long as you know what style you are taking and what kind of clothes you are suitable for, there will not be so many difficulties of choices.'

Since Nicole can help Bob manage the company, and she has certain achievements and deterrence in the company, of course, there are certain reasons—she doesn't over think.

Since Miss Miller has made the call, I'll take the dress down now. Shawn should have finished by now.' The staff were full of admiration for Nicole. And they really meant it. Nicole grunted and went down to the first floor with the staff. Nicole flashed her eyes when she saw Shawn in suit. This man is impeccable in power as well as in figure...geez...

Nicole raised her lips and smiled. This process was like a treasure hunt. No wonder Erin wanted to be the wife of the president of X-Space Industry. It's not madness talking.
