

His Insane Lust

Chapter 5 Give me a good performance

Nicole did get the sofa wet.

Lust was not scattered, and she has been wet since she was quarreling with those two. She has been adjusting her posture with her legs and she didn't know if Raven's father and daughter have seen it.

'Focus on me.' Shawn stood up, then directly picked Nicole up from the sofa, and her length was still in her body. She walked back to her desk step by step and sat down on the chair.

The depth that she has never experienced made Nicole almost cum in Shawn. The newly adjusted mood suddenly collapsed. Her hair was scattered and her back was holding up straight. She tried to get rid of Shawn's shoulder and tried to escape upwards: 'It's too deep. I can't, please...'

'Please what?' Shawn got closer to Nicole's ear. 'Did you just say I'm impotent?' She said it when she was at Erin's hotel? How did he know! 'I didn't ... Nicole sobbed.

But Shawn had torn off the suit jacket she was wrapped in. After that, she grabbed her waist with her big hand and pressed it down heavily!

"AHHH!

Nicole felt that she had been penetrated, and the thick heat as hard as iron was even inserted into her uterus, and a heat flow spurted out and poured on the man's glans penis.

She's having another orgasm!!

'I think that with your physique, as long as your posture is good and that will be enough, you will cum many times.' A well-dressed man sat straight behind a desk, but his mouth was full of dirty talk.

Nicole sobbed for a long time before she found her voice: 'Shut up and let me go ...' 'You had the cum but I didn't.' Saying that, he pinched Nicole's waist and continued to move.

But the telephone rang again on the desk, and the assistant said that the vice president of engineering was going on a business trip soon, and he would report something to Shawn.

'Let him in.'

However, this time, Shawn threw away his suit. He directly put Nicole down from his leg and let her sit on the carpet under the desk. 'Wait for me for a while.'

After that, he slid the office chair forward, blocking the zipper of his trousers and the cock with his desk.

The vice president walked in and looked as usual: 'Shawn, this document was sent to you last night, and now there are two data ...'

Nicole's face was blurred, and it took a long time to recover.

She was disheveled, her dress was pushed to the bottom of her neck, her plump breasts had been pinched red, and there were several hand prints on her waist. The lower part of her body just after orgasm was still flowing out of liquid.

And in front of her, it is a man's towering penis, with wet hair because of her cum. So Nicole quietly moved under the table, then raised her left hand and grasped the man's cock. 'If the data is this-well, so ...' Shawn's voice paused obviously, and he glanced down with serious eyes.

But at this time, Nicole assumed that he didn't dare to do anything, so her cold little hand went on, holding the balls of Shawn.

A little finger pressure, the man seemed to let out a stuffy hum, then immediately covered it with cough. 'Are you feeling alright?' The vice president asked immediately. 'Well, my throat is a little itchy. This tender ...' Nicole turned her finger and jerk it from the root.

She didn't know if a man likes this kind of stimulation. But if she can make him cum in front of the vice president, Nicole will definitely laugh at him crazily.

Shawn's right leg moved. The right foot, which was originally put aside, accurately stepped on the carpet.

The feet targeted at the tender thighs, and Nicole wanted to fold her legs. Unfortunately, it was too late, and the toe of the shoe had reached her wet nakedness, and then gently rubbed it.

The toe crossed between Nicole's swollen gap, directly butted against the hole maliciously, and spun gently. Nicole's hands were immediately taken back, and she tried to push the man's legs away. Unfortunately, there was no use, and the speed of the man's toe was even faster. Nicole had to push his legs hard

and retreat back

DONG! She hit the back plate behind her desk and made a loud noise. Fortunately, she was light and the desk was heavy enough, and she didn't make it move. The vice president was shocked: 'Shawn, this is ...' 'I have a husky, which is a bit naughty.' Shawn answered calmly. 'Oh, oh, alright... The vice president was surprised and afraid to ask more questions, and continued to report.

Shawn quickly solved the report, the vice president left, and as soon as the office door was closed, he got up directly.

Then bent down, grabbed Nicole's slender ankle and dragged her out from under her desk! 'I was wrong, hey— I was wrong! I'm sorry!!!' 'Nicole clung to the desk.

However, Shawn was very patient and continued to bend over, breaking Nicole's fingers one by one, then holding her by the waist and holding her up.

The gauze skirt was torn off three or two times, and Nicole had only one high-heeled shoe on her left foot: 'It seems that you are in a hurry? Then should I satisfy you?'

'I'm sorry, Shawn!' Nicole struggled desperately. But the man took his time, holding her waist with one hand and pressing a button on the desk with the other. The shutters rose slowly, revealing a piece of glass as big as the office. Outside the glass, it was the workplace of Shawn's assistants.

X-beats Industry is extremely huge. As president, Shawn has many assistants. Twenty young men and women in suits were busy in front of the computer. Now they suddenly looked up in the direction of Shawn and Nicole.

"AHHHHH-'Nicole screamed, and a hot liquid flowed out of her legs again. She was scared to CUM!! She was NAKED, but Shawn was neat, only the pants chain was opened, revealing the ferocious genital.

There was a chuckle in her ear, and Shawn pressed her directly against the glass: 'Let them enjoy it.' After that, he stood up alone, and he fucked her again!

A strong sense of shame made Nicole's whole body tremble and red. She tried to block her face and chest with her hands, but the man grabbed her hands and pressed them on her head: 'The vice president just now couldn't see your performance, but they can.'

'I was wrong, I didn't mean to ...' Nicole's crying voice changed. Although tears blurred her clearly see that everyone outside was watching them seriously!

'If you are wrong, you will be punished. If you are punished, I will forgive you. Simple as that.' Shawn also raised one leg of Nicole and hung it in his arms. In this way, the intercourse parts of two people would be more clearly displayed in front of everyone!

'It's a pity that they can't hear how nice your moaning is.' Shawn also held out his hand and held Nicole's jaw, forcing her to open her mouth ...
