

INVINCIBLE 1581

[Chapter 1581: Demon God Ancestor, Wang Qi](#)

Huang Xiaolong wasn't a stranger to the fiery skull pattern on the flying ship! In fact, he was extremely familiar with it.

That was because it was the insignia of the Fiend God Emperor Palace!

When he had fought Wang Yongsen in the past, the insignia of the Fiend God Emperor Palace was embroidered on his robes for all to see!

However, Huang Xiaolong didn't understand how Zhou Chen managed to contact the Fiend God Emperor Palace.

Could this be a coincidence? Did the Fiend God Emperor Palace send people after me when they learned of my departure? Is Zhou Chen even related to this?

Of course, it was possible that Zhou Chen knew that the Fiend God Emperor Palace was antagonistic towards Huang Xiaolong and leaked the news of him leaving to them. Their appearance alone wouldn't allow Huang Xiaolong to link them to Zhou Chen's plot.

As thoughts were running through Huang Xiaolong's mind, the four ships with the Fiend God Emperor Palace's insignia stopped directly before his Dragon Shark Flying Ship. All four ships looked the same, but the ship directly facing Huang Xiaolong's Dragon Shark Flying Ship was a little different from the rest. It was also a low-grade grandmist spiritual artifact and even though the other ships were a little worse in comparison, they couldn't be considered trash. The other three ships were top-grade chaos spiritual artifacts.

The little cow who was lying on the deck raised her head and tutted, "The Fiend God Emperor Palace sure is rich... They can easily send out flying ships at the low-grade grandmist spiritual artifact level..."

The little cow wasn't wrong. In fact, she was absolutely right. The Fiend God Emperor Palace was filthy rich. When the Demon God had unified the Emperor palaces in the past, he had raised a storm of blood that filled the Divine World. The number of powerful families that perished in the war couldn't be counted and he managed to obtain god-knew how many treasures and spiritual stones. If they were to compare wealth, the Grandmist Emperor Palace might even be lacking when placed side by side with the Fiend God Emperor Palace.

"The other three ships aren't bad either." The little cow continued her running commentary. "Hey brat, you earned big this time!"

According to the little cow, the Fiend God Emperor Palace was here bearing gifts.

"Hey, Kiddo Huang, why don't you give one of those ships to me later?" The little cow raised her front leg and pointed at the three ships at the back.

Huang Xiaolong chuckled, "Sure. You'll board the ship first and start the battle for all of us. If you can do that, you'll get the first pick."

Her excitement faded the moment she heard his terms and she looked like she was about to burst out in tears, "Nevermind! I'll take the backlines!"

Huang Xiaolong couldn't hold back his laughter and a chuckle escaped his lips.

"Xiaolong, are we going to be alright?" Yao Chi grabbed Huang Xiaolong's arm and asked with a worried expression on her face.

"Relax. We're going to be fine." Huang Xiaolong patted Yao Chi's hand and reassured her.

All of a sudden, the entrances of the four ships opened and experts flew out to surround Huang Xiaolong's Dragon Shark Flying Ship. All of them had the Fiend God Emperor Palace's insignia embroidered on their robes and they numbered at least a hundred.

Moreover, all of them were at the Heavenly Monarch Realm!

It was too bad Huang Xiaolong didn't bother with any of them as his gaze landed on a tall and skinny elder who led the charge. The old man he was looking at had eyes that glowed an eerie green and the fingernails on his hand were as long and sharp as blades. The aura he emitted surpassed the other experts from the Fiend God Emperor Palace by several times.

The only people who can emit this kind of aura were... Emperors!

Only an Emperor Realm expert would be able to give off such pressure.

Huang Xiaolong narrowed his eyes as he wasn't a stranger to the pressure the old expert was giving off. He was merely shocked at the fact that the Fiend God Emperor Palace was willing to send out an Emperor Realm expert to intercept him.

Huang Xiaolong sent Li Lu and Yao Chi back into the ship before heading out with the little cow, Xiang Xun, the Chaos Black Camel, Lei Budong, and Feng Chen.

The moment Huang Xiaolong emerged from his flying ship, everyone's gazes landed on him.

A brilliant light flashed through the old expert's green eyes.

"Huang Xiaolong..." A raspy and low voice greeted him as the old expert opened his mouth slowly.

"I never thought that the Fiend God Emperor Palace would send an Emperor Realm Cultivator over." Instead of panicking, Huang Xiaolong wore an expression of indifference.

The old expert was stunned for a moment but he quickly snapped back to attention. His lips parted to reveal his yellow teeth as he laughed, "You're pretty good. You are able to recognize my cultivation level before I even make a move. I haven't been active lately but it's alright, it won't be too disgraceful for you to die by my hands, after all, you have a king of supreme godhead. You had a few more years to live but you had to force your way to hell... You grew too quickly and our Fiend God Emperor Palace is feeling the pressure. Remember my name, I am ancestor Wang Qi from the Fiend God Emperor Palace!"

Wang Qi? Huang Xiaolong felt a little baffled when he heard the name. Is he related to Wang Yongsen?!

"That's right! I am Wang Yongsen's grandfather!"

Yup... I was right.

Huang Xiaolong sighed in his heart and he turned his gaze to his party behind him. Xiang Xun and Lei Budong nodded their heads and Huang Xiaolong knew that there was nothing to worry about.

From what he saw, the two of them were confident in facing Wang Qi.

It seemed as though Wang Qi was merely comparable to a Second Order Emperor Realm cultivator.

When he thought about it, things started to fall into place. After all, he was merely a disciple at the God King Realm. It was surprising enough that they sent out an Emperor Realm expert to intercept him. Why would they send out a high level Emperor Realm expert?

In the flying ship, Li Lu and Yao Chi felt their pupils constrict when they heard that Wang Qi was in the Emperor Realm.

“Won’t Xiaolong be in danger now that the Fiend God Emperor Palace sent an Emperor Realm expert after him?!” Yao Chi asked in panic.

Li Lu was extremely anxious as well and she didn’t know what to do.

Even though the seal in Xiang Xun’s body was undone by Jiang Hong and he had managed to return to the Emperor Realm, Yao Chi and Li Lu didn’t know that! They even thought that Xiang Xun, the Chaos Black Camel, Lei Budong, and Feng Chen were all merely Heavenly Monarchs!

All of a sudden, Wang Qi swung his sleeves and ordered one of the experts near him, “Go. Kill those demonic beasts and those two idiots behind him. Only Huang Xiaolong needs to live.”

He was planning to deal with Huang Xiaolong personally.

However, before the expert could make his move, Xiang Xun and the Chaos Black Camel unleashed a heaven-shaking roar at the same time. Darkness energy surged out of them like water out of a broken dam and all the ‘experts’ of the Fiend God Emperor Palace were sent flying.

All of them resembled ants as they were washed away by the storm-like darkness energy released by the two demonic beasts.

Wang Qi looked at the sudden change in situation and his jaws dropped. He stared blankly as his troops were all swept away.

Lei Budong and Feng Chen didn’t give him a chance to react as they rushed towards Wang Qi. The two of them attacked at the same time.

As lightning revolved around Lei Budong’s body, a mighty gale formed around Feng Chen.

In just a few minutes, Wang Qi was no longer the mighty Emperor he once was. He was lying on the ground without a single breath of life left in him. Even in death, he wasn’t able to release the look of shock and disbelief on his face. An expression of regret and reluctance remained on his face already devoid of blood.

In the Dragon Shark Flying Ship, Yao Chi’s peach-colored lips were opened wide and Li Lu’s expression wasn’t too far off either.

Huang Xiaolong didn't bother staying around and he ordered Xiang Xun and the others to clean up the scene. He swept everything into his spatial ring before controlling the Dragon Shark Flying Ship to head to his original destination.

...

Back in the Fortune Emperor Palace, Zhou Chen held a secret talisman in his hand as a look of disbelief appeared on his face.

He had just obtained news from the Fiend God Emperor Palace about the failure of the operation.

"No, no, no! This is not possible! How can this happen?!" Zhou Chen roared in denial.

The Fiend God Emperor Palace failed to eliminate Huang Xiaolong!

Moreover the ancestor they had sent on the mission, Wang Qi, was slain! One had to know that Wang Qi was a mid-Second Order Emperor Realm expert!

"Huang Xiaolong!" instead of screaming in anger, a sinister laugh escaped Zhou Chen's lips.

"Good, very good!"

"Amazing!!"

[Chapter 1582: Killing Fang Gan?](#)

"I never thought that your schemes ran so deep! You've really hidden yourself well. No wonder you dared to leave the Fortune Emperor Palace openly without hiding your destination! As it turned out, you had Emperor Realm experts to protect you!" A vicious expression appeared on Zhou Chen's face as he continued, "Since that is how it is, I shall make a move personally! I want to see if your Emperor Realm bodyguards will be able to protect you from me!"

The killing intent around Zhou Chen seemed to solidify and the air around him became heavier.

All of a sudden, a terrifying amount of power shrouded Zhou Chen's palace and light started to gather high in the sky. A giant face started to form in the air.

When Zhou Chen saw the face hanging high above him, his heart skipped a beat and he knelt on the ground with a 'plop'. "Greetings, Great Lord!"

The giant face groaned in reply and said "You don't need to personally make a move against Huang Xiaolong." The voice suddenly became softer and he continued, "Huang Xiaolong has the king of supreme godhead and he isn't as easy to deal with as you think. Moreover, your identity cannot be exposed right now! Hold in your anger for the sake of our race's plans."

Despite the unwillingness in his heart, Zhou Chen didn't dare to go against the power that formed the giant face in the air. He could only nod respectfully.

"Does Fang Gan keep the Fortune Divine Artifact on him at all times?"

"Yes. Great Lord, I am currently unable to use the Fortune Divine Artifact." Zhou Chen replied.

“If that’s the case, try to find a way to lure Fang Gan away from the Fortune Emperor Palace.” The giant face in the air muttered softly.

Zhou Chen was stunned for a second and he asked with an expression of shock, “Great Lord, are you planning to kill Fang Gan? He has hidden his true strength well and might even have broken through the Tenth Order Emperor Realm. With the Fortune Divine Artifact, even an ordinary late-Tenth Order Emperor would be unable to kill him!”

The giant face replied with indifference, “Since ordinary Tenth Order Emperor Realm experts aren’t able to kill him, we’ll let experts at the peak of the late-Tenth Order Emperor Realm make a move. Someone will definitely be able to kill him. You don’t need to care about the finer details. Just find a way to lure Fang Gan out of the Fortune Emperor Palace.”

Zhou Chen thought about it and replied carefully, “Yes. However, Fang Gan has always been a cautious man. If I were to urge him to leave the Fortune Emperor Palace, he will definitely develop some suspicions.”

“There’s no hurry. Just use the next two to three hundred years to carry out your plan. Even if you can’t get the chance to lure him out, just inform me the moment he takes a step out of the Fortune Emperor Palace. I will get some people to do the job. After all, he can’t possibly stay in the Fortune Emperor Palace without taking a step out, can he?”

When he heard that he had two to three hundred years of time to make his move, Zhou Chen felt a wave of relief wash over him. “Great Lord, please be at ease. I will report to you the moment Fang Gan leaves the Fortune Emperor Palace!”

“As for Huang Xiaolong, is he going to the Hell Asura World to temper himself?!” The giant face suddenly changed the topic and asked all of a sudden.

“Yes. This subordinate has received news that Huang Xiaolong is only planning to return for the Battle of the Heavenly Court.”

The giant face laughed coldly, “Since that is the case, I shall allow him to remain at the Hell Asura World forever! Initially, I wanted to send disciples from the Fiend God Emperor Palace and the Brightness Emperor Palace to deal with him. However, he grows too quickly. We can no longer allow him to grow stronger. With his speed, he might even reach the Emperor Realm in two to three hundred years!”

An Emperor Realm expert with a king of supreme godhead would pose too much of a variable in their plans.

Before long, the giant face in the sky dissipated and all traces of him being there disappeared like a puff of smoke.

Zhou Chen was finally able to heave a sigh of relief and he slowly got to his feet.

“Fang Gan...” A brilliant light flashed through his eyes as he stared into the distance.

His mind started moving and he thought about how he should go about taking control of the Fortune Emperor Palace the moment Fang Gan died!

In a flash, a month passed.

The Dragon Shark Flying Ship stopped in mid air and Huang Xiaolong's party emerged from the ship.

Looking at the intertwining streets emitting a faint illusory glow, all of them couldn't help but suck in a cold breath.

The Heavens Avenue was a work of art. It was so intricate that it seemed to be the work of god. Despite the number of divine planes they visited and the amount of majestic architecture they admired, nothing came close to the Heavens Avenue.

After a brief stop, Huang Xiaolong led all of them towards it.

When the heavenly soldiers went to check Huang Xiaolong's identity as he approached, they received a huge shock. Their attitudes changed instantly and they became extremely polite.

When they heard that Huang Xiaolong was going to the headquarters of the Silver Fox Chamber of Commerce, the squad leader made the suggestion of escorting him there.

Even after trying his best, Huang Xiaolong wasn't able to refuse the squad leader.

With the squad leader in the lead, all of them traveled unobstructed towards the Silver Fox Chamber of Commerce.

When they arrived at the main entrance, the squad leader finally bade them farewell and took his leave.

As soon as Huang Xiaolong and friends stepped into the main hall, a frown formed on their faces. A group of people wearing robes belonging to the Brightness Emperor Palace was crowding within.

Moreover, all of them seemed to be at least an elder in the Brightness Emperor Palace.

Out of all of them, Huang Xiaolong found two of their figures to be extremely familiar. After taking a closer look, he recognized both of them. They were Tian Ziyi and Bai Yunxiang!

As his gaze swept past the two of them, Huang Xiaolong saw the two people who were standing at the front of the group. From their attire, he was able to determine that they were hall masters in the Brightness Emperor Palace.

Tian Ziyi casually looked around and his gaze just so happened to land on Huang Xiaolong. The moment he caught sight of Huang Xiaolong's hateful face, a burst of killing intent emerged from his body.

"Huang Xiaolong!!!" He yelled through gritted teeth.

Even though his teeth were clenched tightly together, his voice echoed through the hall and everyone turned around at the same time. Even some of the experts from other Emperor Palaces looked over and an expression of shock formed on their faces.

"He is the person who has a king of supreme godhead? I heard that he passed through the Fortune Emperor Palace's selections to take part in the Battle of the Heavenly Court. His combat strength should be somewhere around the Seventh Order God King Realm."

"How is that possible?! Nonsense! The apprenticeship ceremony wasn't too long ago... how can he improve so quickly?"

Some of the experts from the other Emperor Palace broke out in discussion.

Even though the selections didn't take place too long ago, many people had already obtained news about it. Moreover, the news they received raised huge waves among those in the cultivation world.

Huang Xiaolong's speed of improvement was too quick!

All of a sudden, one of the short and fat hall masters from the Brightness Emperor Palace turned to ask Tian Ziyi and Bai Yunxiang, "Is he the Huang Xiaolong who robbed your low-grade chaos spiritual veins?"

"Yes, hall master, that's him!" Tian Ziyi and Bai Yunxiang replied respectfully before glaring at Huang Xiaolong hatefully.

This short and fat hall master was precisely the hall master of the disciplinary hall of the Brightness Emperor Palace and he was a rank above the two of them.

Stepping forward, he spoke to Huang Xiaolong in an indifferent voice, "Huang Xiaolong, hand those spiritual veins over and our Brightness Emperor Palace will not pursue this matter any further."

Huang Xiaolong casually cursed, "Retard..."

Fang Gan had already sent a reply to the Brightness Emperor Palace and Huang Xiaolong refused to believe that they didn't know about the ins and outs of the matter. Since they knew, why were they asking him for the low-grade chaos spiritual veins? They were merely looking for an excuse to start some trouble. It was also possible that they were helping Tian Ziyi and Bai Yunxiang to get some revenge.

After all, Huang Xiaolong had dragged the reputation of the Brightness Emperor Palace through the mud by stripping Tian Ziyi and Bai Yunxiang before making them roll through Demon Tiger City naked.

[Chapter 1583: Advancing Towards the Grandmist Emperor Palace](#)

"What?!"

"Huang Xiaolong, how dare you behave with such impudence?!"

When the elders from Brightness Emperor palace heard Huang Xiaolong retort Sun Bin, the hall master in charge of the law enforcement hall, all of them flew into rage.

Tian Ziyi and Bai Yunxiang even pretended to draw their swords in an attempt to threaten and scare Huang Xiaolong.

Wu Kefan, the other hall master present, stepped forward and gave out an order with a frown, "This is the Silver Fox Chamber of Commerce!" He then raised his hand to signal everyone to stop messing about.

The elders were stunned and all of them felt a chill in their heart.

Sun Bin looked at Huang Xiaolong coldly and said, "It's true. You're too arrogant for your own good." Turning to the rest of the elders, he continued, "I believe everyone can see for themselves how arrogant Huang Xiaolong truly is! When he was in the Floating Twilight Land, he took the opportunity to steal several low-grade demonic chaos spiritual veins from Tian Ziyi and Bai Yunxiang. When I reported him to

the Fortune Emperor Palace, instead of dealing with Huang Xiaolong, they blamed us for making up stories!"

Discussions broke out the moment the words left his lips.

"Don't listen to him! He's clearly trying to frame Xiaolong!" Yao Chi explained anxiously, "That's not what happened! Tian Ziyi..."

Huang Xiaolong shook his head and sighed, "You don't need to bother explaining things to them."

Sun Bin sneered, "There's nothing for you to explain since everything you say will be a lie!"

A cold light flashed through Huang Xiaolong's eyes.

"Uncle!" A beautiful voice appeared in the air and everyone turned to look at the inner hall. A cute little girl rushed towards Huang Xiaolong and only a joyful smile could be seen on her lips.

Behind her were two old men.

Bei Xiaomei charged through the entire hall and only stopped when she arrived before Huang Xiaolong. Turning to Yao Chi and Li Lu, a sweet smile appeared on her face. "Li Lu, sister Yao Chi."

"Sister Xiaomei." Li Lu and Yao Chi both smiled as they greeted her.

"Uncle, why did you take so long?!" Bei Xiaomei pouted as she blamed Huang Xiaolong. Looking at her pretty little lips, any sane man would lose control of themselves.

Huang Xiaolong felt cold sweat forming on his forehead.

It hasn't been that long, has it? Just several tens of years...

For a cultivator at the God King Realm, the time they spent away from each other passed in the blink of an eye.

Huang Xiaolong didn't know how to reply and he turned to Elder Fu and greeted respectfully, "Elder Fu."

Elder Fu smiled and returned the greeting, "Young Master Huang." His opinion of Huang Xiaolong had changed since the incident in the past.

His gaze turned towards the little cow who was beside Huang Xiaolong and his heart shuddered.

"Senior Cowie, you are here too!" Bei Xiaomei smiled at the little cow and exclaimed happily.

The little cow revealed a helpless expression and she grumbled, "Little lass, just call me senior!"

Bei Xiaomei giggled, "Alright... However, if I forget about it in the future, remind me about it again." Although Bei Xiaomei's father had to call the little cow his senior, Bei Xiaomei didn't feel that it was weird for her to change up the way she addressed the little cow. After all, Huang Xiaolong was present.

As if she felt the tension building up in the air, Bei Xiaomei turned around and asked, "Uncle, what's going on?"

Huang Xiaolong shook his head and replied, "Everything's fine..."

He didn't wish for Bei Xiaomei and the members of the Silver Fox Chamber of Commerce to be swept up in the conflict he had with the Brightness Emperor Palace.

Too bad for him, the little cow wanted to watch the world burn. She explained lazily, "They just framed your uncle and accused him of robbing their low-grade chaos spiritual veins. They are also planning to deal with him."

The moment Bei Xiaomei heard the little cow's explanation, the smile on her face disappeared. She didn't bother asking the members of the Brightness Emperor Palace and she passed down her order, "Elder Fu, throw them out."

The expression on the faces of the members of the Brightness Emperor Palace changed.

Sun Bin yelled in a fit of rage, "I am the hall master of the disciplinary hall in the Brightness Emperor Palace! You guys from the Silver Fox Chamber of Commerce can't..." Before he could finish, his figure blurred as an unstoppable force blasted him away. In the next moment, he was sent flying out of the main hall.

The experts from the other Emperor Palaces looked on as Elder Fu threw everyone from the Brightness Emperor Palace out. All of them felt their jaws dropping to the ground.

Since the incident in the past, Elder Fu had learned about the place of Huang Xiaolong and the little cow in Bei Lengyang's heart. Since the president held them in such high esteem, he didn't hesitate when Bei Xiaomei ordered him to throw all of Huang Xiaolong's enemies out.

As Sun Bin and the rest were thrown out of the Silver Fox Chamber of Commerce, they formed a tiny hill of bodies on the main street. When several experts walking by noticed Sun Bin and the rest, they were shocked beyond words.

Sun Bin and the others quickly dragged themselves up, wreathing in shock and anger.

"Hall master, should we..." Tian Ziyi instigated Sun Bin as soon as he got up.

Sun Bin inhaled deeply, as if trying to suppress his anger and he coldly replied, "We shall return for now!"

They were following their Ancestor Peng Xingfei out of the palace and they were merely passing by. They had to head over to the Grandmist Emperor Palace the next day and he didn't want to get into any more trouble.

After Sun Bin and the others left in embarrassment, Bei Xiaomei held Huang Xiaolong's arm and a sweet smile appeared on her face. She chirped, "Uncle, let's head in! If my father knows that you are here, he will definitely be very excited!"

Huang Xiaolong nodded helplessly and allowed her to drag him into the inner hall.

Before long, Bei Lengyang rushed out and greeted the little cow enthusiastically.

The purpose of Huang Xiaolong's visit to the Silver Fox Chamber of Commerce was to look for the person behind the Highgod Advancement Tournament in the past and to get clues on the Divine World's messenger.

Huang Xiaolong was also there to ask about the findings of the investigation of Xu Baisheng's father. It was also a chance for him to stock up on some chaos spirit stones, iron essence, and some rare materials. He wanted to experiment with them to see if he could upgrade the Dragon Shark Flying Ship to a mid-grade grandmist spiritual artifact.

Since he had obtained four flying ships from the Fiend God Emperor palace, the little cow had suggested that he should dismantle all of them and refine them into the Dragon Shark Flying Ship. If he was able to do so, there was a chance for the Dragon Shark Flying ship to be upgraded.

However, it was almost impossible for that to happen.

After hearing Huang Xiaolong's request, Bei Lengyang agreed to his requests without a moment of hesitation. He immediately ordered his men to search for the Plane Envoy and the person behind the God Selection Competition in the past. He also got some men to prepare the chaos spirit stones and iron essence Huang Xiaolong wanted.

The amount of chaos spirit stones and iron essence Huang Xiaolong needed was too much and some of the rare materials were hard to come by. Even the Silver Fox Chamber of Commerce was unable to gather all of them and they even had to send some people out to look for them.

As for the matter regarding Xu Baisheng's relatives, according to their investigation, his eldest brother and second brother didn't fall into the hands of the hostile Emperor Palaces. However, for the specific location of his relatives, they required more time.

The relatively good news allowed Huang Xiaolong to heave a sigh of relief, at least they haven't been captured.

Huang Xiaolong had originally wanted to leave the Heavens Avenue the very next day but he was unable to refuse Bei Lengyang's enthusiastic invitation and Bei Xiaomei's pestering. In the end, he stayed for a full ten days in the Silver Fox Chamber of Commerce.

Ten days later, Huang Xiaolong, Li Lu, and Yao Chi left the headquarters of the Silver Fox Chamber of Commerce and started to make their way to the Grandmist Emperor Palace.

[Chapter 1584: The Galaxial Beast](#)

"Xiaolong, aren't we returning to the Fortune Emperor Palace?" Li Lu asked as they left the Heavens Avenue. The Dragon Shark Flying Ship wasn't heading in the direction they came from and Li Lu found it a little weird.

Yao Chi had a growing sense of suspicion as well.

Unbeknownst to the two ladies, the ship's course was set for the Grandmist Emperor Palace. However, Huang Xiaolong had yet to tell them the news.

"We're actually heading to Grandmist Emperor Palace." Huang Xiaolong laughed.

"What!? We're going to the Grandmist Emperor Palace?!" The two ladies cried out in unison.

The both of them were shocked beyond words.

What are we going to the Grandmist Emperor Palace for?!

A confused expression appeared on Yao Chi's face as she asked, "Xiaolong, why are we going to the Grandmist Emperor Palace? Do you know anyone there?"

Huang Xiaolong chuckled when he heard her question.

Do I know any disciples from Grandmist Emperor Palace?

Am I only allowed to visit disciples from the Grandmist Emperor Palace? Why can't I know the elders? Or what about the grand elders?! How about the Sect Chief himself?

"You can say that." Huang Xiaolong replied matter of factly.

Yao Chi's smile widened and she giggled, "That's great! I've heard that the Grandmist Emperor Palace is one of the prettiest Emperor Palaces around! Other than being the most secretive and strongest Emperor Palace, the scenery and architecture are the best! I've always wanted to see it for myself..."

"One of the most beautiful palaces?!" Huang Xiaolong asked with shock in his voice.

Huang Xiaolong hadn't heard anything about that... Why did Yao Chi know something about the Grandmist Emperor Palace he didn't?

Seeing Huang Xiaolong's doubtful expression, Li Lu explained, "Sister Xiaomei told us that a majority of the hundred million palaces in the Grandmist Emperor Palace are crafted with the prettiest and rarest Enchantment Butterfly Crystals in the Divine World!"

Enchantment Butterfly Crystals?!

Huang Xiaolong was taken aback.

The Enchantment Butterfly Crystal was a rare spirit stone in the Divine World. It can only be formed when a Thousand Flutter Butterfly dies and the corpse absorbs spiritual energy from the heavens and earth under a certain condition. The Enchantment Butterfly Crystal exuded a dreamy lustre and looked as beautiful as a Thousand Flutter Butterfly itself.

The Enchantment Butterfly Crystal retained the special traits of the Thousand Flutter Butterfly and would be able to endlessly absorb all sorts of spiritual energy.

Refining a palace out of Enchantment Butterfly Crystals would allow the palace to possess an astonishing level of spirit qi. The benefits of cultivating there was unimaginable.

Of course, the Enchantment Butterfly Crystal was something extremely rare and expensive. No one expected the Grandmist Emperor Palace to be able to use it to craft their palaces.

An insane amount of Enchantment Butterfly Crystals had to be used if a hundred million palaces in the Grandmist Emperor Palace was built with it!

"Xiaolong, will the disciple be really able to bring us into the Grandmist Emperor Palace?" Li Lu asked, "I heard that the Grandmist Emperor Palace is heavily guarded and the security is many times stronger than our Fortune Emperor Palace. One had to be an elder in order to bring guests into the palace..."

When Li Lu finished speaking, the two ladies turned to look at Huang Xiaolong. They were afraid that he would make a wasted trip if they failed to enter the palace.

Bei Xiaomei had told them that the distance from the Heaven World's Heavens Avenue to the Grandmist Emperor Palace was very far away. Even with the Dragon Shark Flying Ship, they would be traveling for four to five months.

Huang Xiaolong replied with a smile, "You can rest assured that we will definitely be able to enter the Grandmist Emperor Palace."

Li Lu and Yao Chi were relieved to see the confident look on Huang Xiaolong's face.

Time flew by.

In the blink of an eye, half a year had gone by.

The Dragon Shark Flying Ship was powered by a mid-tenth grade spirit stone and it ran extremely smoothly. With its speed, they quickly approached the Grandmist Emperor Palace.

With the speed of the Dragon Shark Flying Ship, they would be able to arrive at the Grandmist Emperor Palace in half a year. However, Huang Xiaolong made several stops along the way when they passed several large planes. He would also look for the four rare chaos materials he was lacking to upgrade the Dragon Shark Flying Ship.

Even though half a year had gone by, they were merely halfway there.

Another reason why he traveled slowly was because he wanted to spend as much time as he could with the two ladies. After all, he would soon be leaving for the Hell Asura World and he would only be able to return after several tens of years.

Perhaps the heavens really rewarded people with determination. In a mere half a year, Huang Xiaolong managed to find two of the four missing chaos materials.

Along the way, Huang Xiaolong swept up all the medicinal ingredients he could when he passed by several larger divine planes. All the items he bought were ingredients used to refine top-grade grandmist spiritual pills and with his wealth, there wasn't anything stopping him from buying more. Even though he had gained quite a bountiful harvest from the members of the Martial Demon Emperor Palace and Magic Shaman Emperor Palace, the little cow and he were like bottomless pits. If he didn't stock up, they would use up all their supplies in several years.

Huang Xiaolong had heard that in Hell, spiritual herbs, spiritual pills, and spirit stones were scarce. He could only stock up on them before heading over.

After receiving all the ingredients, Huang Xiaolong threw them all into the Pill Blending Tower.

Throughout the years, the Pill Blending Tower had taken in all the spiritual herbs and tirelessly refined them into chaos spiritual pills. The amount of chaos spiritual pills and even grandmist spiritual pills it refined was too numerous to count.

Huang Xiaolong realized that the more spiritual pills it refined, the brighter its body glowed. The stronger the glow, the better the pills it was able to produce. This was what he realized when the tower

started refining top-grade grandmist spiritual pearls. Some faint and indistinct patterns started appearing on its surface.

These images appeared to be some sort of chaos symbols, but at the same time, they seemed to be some sort of training manual. Sometimes, it appeared as though it formed some sort of chaos formation.

Huang Xiaolong's sense of anticipation grew as he noticed such a change in the Pill Blending Tower.

He felt that it wasn't merely used for refining pills...

Another six months passed...

The Dragon Shark Flying Ship came to a stop in front of a boundless galaxy.

Huang Xiaolong, Li Lu, and Yao Chi exited and jumped off the flying ship and were mesmerized by the resplendent view before their eyes.

The scene that greeted them was a magnificent one with countless stars flashing in the boundless dark space. The stars rotated about each other endlessly, as though the world itself was painting a masterpiece.

"This is called the Perfect Galaxy... After crossing it, we will be arriving at the Grandmist Emperor Palace." The little cow said and she continued to remind them, "However, though this galaxy seems perfect, there is a type of galaxial beast lurking around in the dark. We have to be careful when making our way across it."

"Galaxial Beast?" Huang Xiaolong and the others were startled.

The little cow nodded and replied, "This galaxial beast is a monster that dwells about in the Perfect Galaxy. It cultivates by absorbing the energy from the stars from different galaxies. Its entire body is shrouded in starlight and it will be a feat to look for it with your naked eyes. Normally, strong galaxial beasts have the strength of a late Heavenly Monarch. Some of the stronger ones are comparable to early stage Emperors."

This caused most of them to widen their eyes in shock.

The galaxial beast has the power of an early stage Emperor?!

Before long, all of them returned to the ship and continued their journey across the Perfect Galaxy.

However, with the little cow's reminder, Huang Xiaolong was on edge and tasked Xiang Xun and the Chaos Black Camel to be on guard against an attack from the galaxial beast.

Even though they had barely entered the Perfect Galaxy, a demonic beast with the head of a giant lion appeared in their sights. Its body was covered in starlight and it shimmered in contrast to the dark background.

The instant they laid their eyes on the beast, they knew that it was the galaxial beast the little cow was talking about.

"This galaxial beast is so cute! Xiaolong, should we catch a few of them?" Yao Chi chirped all of a sudden.

Huang Xiaolong laughed and replied, "Sure!"

The same intention had appeared in his mind when he saw it for the first time. Now that Yao Chi had said it, he found the galaxial beast even more pleasing to the eye.

[Chapter 1585: No One Dares to Interfere!](#)

Although there were about three to four hundred Giant Galaxial Lion Beasts surrounding them, their strength was considered negligible. The strongest of them was merely at the Eighth or Ninth Order God King Realm and the weakest among them had strength comparable to a Third Order God King Realm cultivator. Only two of them seemed strong enough, at the early-Tenth Order God King Realm and Huang Xiaolong didn't bother asking Xiang Xun and the Chaos Black Camel to take care of them.

Huang Xiaolong flew out of the flying ship himself and charged towards the galaxial beasts.

Seeing Huang Xiaolong moving against them, the Giant Galaxial Lion Beasts raised their heads and roared in unison. As starlight gathered in their mouths, they turned towards Huang Xiaolong to unleash their attack.

An insane amount of flames emitting the glow of starlight shot towards Huang Xiaolong.

It was obvious that these Giant Galaxial Lion Beasts were of the fire attribute.

Even though they weren't too powerful, Huang Xiaolong didn't dare to let his guard down. As his body blurred, he transformed into a primordial divine blue dragon!

This was the first time that Huang Xiaolong had transformed into a primordial divine blue dragon after entering the God King realm. Li Lu and the others realized that the blue scales on his body had turned deeper, like the glow exuded by a piece of chaos blue crystal. As for his horn, it had grown thicker and was comparable to an ancient tree. The engravings and mysterious runes on it seemed even more obvious.

A dragon's might surged out of his body and enveloped every creature around it.

Under his terrifying dragon aura, all the Giant Galaxial Lion Beasts stopped dead in their tracks and a look of reverence appeared in their eyes.

Huang Xiaolong raised his head and released a deafening roar before making his move. He appeared before the group of Giant Galaxial Lion Beasts and swapped out with his humongous claw. A storm was swept up and all of them were sent flying like rag dolls.

Immediately after his first attack, Huang Xiaolong appeared in front of the two early-Tenth Order God King realm Giant Galaxial Lion Beasts and he pressed his claw downwards. It was as though they were pinned under a giant mountain and no matter how hard they tried, they failed to struggle free.

Two flashes of purple light shot out from Huang Xiaolong's glabella and it entered the bodies of the two early-Tenth Order God King realm Giant Galaxial Lion Beasts. As it entered their spiritual sea, the two struggling beasts slowly calmed down.

Seeing that the beasts were no longer putting up a fight, he released his grip on them.

In the next instant, the two Giant Galaxial Lion Beasts obediently made their way before Huang Xiaolong.

When Huang Xiaolong flew back to the Dragon Shark Flying Ship, the two of them tagged along and entered the ship behind him.

The little cow, Xiang Xun, the Chaos Black Camel, Lei Budong, and Feng Chen acted as though there was nothing out of the ordinary. However, Li Lu and Yao Chi stared at Huang Xiaolong with an awestruck look on their faces. Even Li Lu, who always acted cold and aloof, couldn't hide the look of amazement on her face. Huang Xiaolong felt that it wasn't a bad thing to show off as their expressions were pretty cute.

Even after Huang Xiaolong turned back to his human form and returned with the two beasts, the two women were still stuck in a daze as their eyes were glued on him.

They were shocked when Huang Xiaolong had defeated Sun Shihai in the selections competition previously, but when they saw him tame the two beasts, they felt that he was far stronger than they had imagined.

Huang Xiaolong noticed that the two women were still stuck in a daze and he chuckled, "These two Giant Galaxial Lion Beasts have pretty similar strength. You can pick one each." After he spoke, he sent each of the beasts to their new owner.

Only when the Giant Galaxial Lion Beasts appeared by their side did the two ladies snap back to reality.

Li Lu and Yao Chi revealed a bitter smile when they looked at Huang Xiaolong.

Although they worked extremely hard and practiced whenever Huang Xiaolong went out to gain experience, they felt that no matter how hard they tried, the gap between them seemed to grow bigger and bigger. Despite using all the precious resources Huang Xiaolong left for them, they were unable to catch up to him.

After the brief interlude, the Dragon Shark Flying Ship continued to travel towards the Grandmist Emperor Palace.

With the speed of the Dragon Shark Flying Ship, it was going to take them seven days to cross the entire Perfect Galaxy.

Three days flew by.

In the three days of traveling, Huang Xiaolong was besieged by at least a hundred waves of galaxial beasts.

The deeper they ventured into the galaxy, the stronger the galaxial beasts became. When they arrived in the central region of the Perfect Galaxy, they even managed to see several Tenth Order Heavenly Monarch galaxial beasts.

With the help of Xiang Xun, the Chaos Black Camel, Lei Budong, and Feng Chen, Huang Xiaolong managed to subdue several tens of the stronger galaxial beasts.

No one thought that a Sixth Order God King would be able to subdue a Tenth Order Heavenly Monarch galaxial beast. However, after cultivating the Grandmist Parasitic Medium, it was a piece of cake for Huang Xiaolong to do so.

Of course, he was only able to do so with the help of the experts around him. Even with his strength, his divine soul was far from being able to subdue a Tenth Order Heavenly Monarch Realm galaxial beast in one go. He had to chip away at their defenses before he was finally able to control them.

Fortunately, Huang Xiaolong had reached the third level of the Grandmist Parasitic Medium. With the help of several Emperor Realm experts, he managed to subdue all the galaxial beasts.

"There is an island straight ahead, let's go there and take a break." Huang Xiaolong said with a pale look on his face as he pointed to an island floating in front of them. He was feeling pretty tired, especially since he had just subdued a late-Tenth Order Heavenly Monarch galaxial beast.

Huang Xiaolong's divine soul had been stretched to its limit and he needed some time to rest.

Everyone nodded in agreement.

In a flash, the Dragon Shark Flying Ship stopped above the island.

As soon as they stopped, everyone went to protect Huang Xiaolong as he swallowed a grandmist spiritual pill.

After half a day of rest, Huang Xiaolong opened his eyes and let out a sigh.

Half a day of recovery, coupled with the help of Xiang Xun and the others, allowed Huang Xiaolong to almost fully recover.

Before they could take their leave, a figure approached them with alarming speed.

Everyone stared at the newcomer in shock.

The figure slowly revealed itself to them and when Huang Xiaolong and the rest caught sight of its appearance, they discovered that it was a little brown bear.

The little brown bear looked extremely adorable. However, upon closer inspection, they caught a glimpse of a dim yellow light surrounding its body and its body was covered in bloody scars. It was obviously injured and the person that had caused harm to it had probably slashed it with swords.

The little cow looked at the cute little bear and said in surprise, "This... this is an Earth Bear?!"

Huang Xiaolong had a growing sense of suspicion when he saw the shocked expression on the little cow's face.

"This little Earth Bear isn't something you can find even if you look for it!" The little cow explained, "I'm afraid there are less than ten of them in existence right now! Even if you comb through all the worlds' surfaces, you won't be able to find more than that."

Huang Xiaolong and the others were shocked speechless when they heard what the little cow said.

This cute little bear is a rare beast?! How are there less than ten of them in the entire world?!

Just as thoughts were running through their mind, a group of disciples charged over with their swords drawn.

“Quick! We can’t let that Earth Bear escape!”

The Earth Bear charged towards Huang Xiaolong and to his surprise, it opened its mouth and said to Huang Xiaolong, “Big brother, please help me! I beg you, save me!”

Huang Xiaolong, Li Lu, and Yao Chi glanced at each other.

Before they could decide on their next course of action, the group of sword-wielding disciples surrounded them.

Huang Xiaolong frowned when he noticed the insignia on their robes. The disciples were all core disciples from the Grandmist Emperor Palace, and there were three elders and one grand elder in the group.

The Grand Elder took a step forward and glared at the Earth Bear coldly, “Do you really think that they can save you? Let me tell you something. No one will dare to interfere with something my Grandmist Emperor Palace decides to do!”

[Chapter 1586: Are We Still Going to the Grandmist Emperor Palace?](#)

Huang Xiaolong frowned after he heard it. The grand elder’s words seemed a little too overbearing...

The grand elder turned to Huang Xiaolong’s group and sneered arrogantly, “After you guys make an oath and swear not to divulge what happened here, you can leave.”

One of the white-haired elders suddenly suggested, “Grand Elder Wu Tianhe, the matter regarding the Earth Bear is too important. I think it will be more appropriate for us to bring them all back to the Grandmist Emperor Palace.

“That’s right. We can either bring them back to the palace, or else...” Another elder drew a line across his neck and his meaning was obvious.

The Earth Bear wasn’t an ordinary demonic spiritual beast, and if news about it were to leak out, all the Emperor Palaces would start to cause some trouble. Even their Grandmist Emperor Palace wouldn’t get off easily. As the saying goes, ‘only dead men tell no secrets’.

Grand Elder Wu Tianhe hesitated for a moment.

Huang Xiaolong laughed in his heart as he was rather curious as to what the grand elder would choose to do.

After struggling with himself and thinking about it, a ruthless look flashed through Wu Tianhe’s eyes and he nodded towards the other two elders.

Their meaning was obvious and a cold light flashed through Huang Xiaolong’s eyes.

This grand elder called Wu Tianhe from the Grandmist Emperor Palace had chosen to kill them to hide their secret!

When the two elders saw the nod of approval from Wu Tianhe, a smile appeared on their faces.

The little cow yawned and said, "Who would have thought that even the disciples from the Grandmist Emperor Palace would act so sneakily... They would kill for a little profit..."

The faces of everyone from the Grandmist Emperor Palace changed when they heard her insult.

In response, the white-haired elder grinned and retorted, "Even though I am embarrassed by our actions, we are forced to do this for the sake of Grandmist Emperor Palace. If you want to blame, then blame it on that Earth Bear. Don't worry too much, we will make sure to leave a thread of your soul so that you can reincarnate."

As soon as he spoke of his 'magnanimity', the sword in his hand shot towards Huang Xiaolong and the others.

Numerous sword qi came together and fused together, sweeping away everything in its way.

Everywhere the sword qi swept across, dust and destruction was left in its wake.

The other elder drew his sword and made a move on the little cow, Xiang Xun, and the others. The tip of the sword shimmered and it was as if the sword was slithering towards them like a snake.

The rest of the disciples from Grandmist Emperor Palace went into action and they formed a sword formation in an instant.

The sword formation exuded a terrifying amount of sword qi. Initially, the sword qi it emitted was comparable to a gentle drizzle. However, it turned into violent and horrifying tsunamis in the next instant. All the power from the formation rushed towards Huang Xiaolong.

It was a feat for someone to be able to arrive at the central region of the Perfect Galaxy. As such, the elders and the disciples didn't hold back and they immediately unleashed all their power with their opening attacks.

Seeing that the white-haired elder's sword qi was about to connect with Huang Xiaolong, Lei Budong raised his hand and gently flicked his wrist.

In an instant, the sword qi dissipated as though it was never there to begin with.

A loud blast erupted from the white-haired elder's chest and he was sent flying.

Almost at the same time, the other elder was sent tumbling away with a single slap from Xiang Xun.

As for Huang Xiaolong, he charged into the battle while riding on the little cow and they were like tigers who were released into a flock of sheep. What did the core disciples amount to in front of him? With every move of Huang Xiaolong's fist, lightning flashed and several of the core disciples were sent flying away.

The little cow wasn't slow either. Every time her tail made a sweep, several core disciples from the Grandmist Emperor Palace would fall to the ground.

In the blink of an eye, more than ten of the core disciples were lying on the ground and moaning helplessly like the two elders.

Wu Tianhe was surprised to see the sudden change in situation and before he could react, a terrifying burst of strength blew him away.

When he fell to the ground, he heard a buzz in his head and vomited a mouthful of fresh blood.

He turned around with trepidation in his heart and realized that the Chaos Black Camel was looking at him.

“Who are you? Who are you people exactly?!” Wu Tianhe quickly suppressed the shock in his heart and stared at Huang Xiaolong’s group in terror.

The two elders and the group of core disciples stared at Huang Xiaolong’s group with their mouths agape.

“I am Huang Xiaolong.” Huang Xiaolong calmly revealed.

“Huang Xiaolong!” Wu Tianhe and the people from Grandmist Emperor Palace were stunned as they stared at him.

“You are Huang Xiaolong from Fortune Emperor Palace?” The white-haired elder asked again.

“That’s right.” Huang Xiaolong confirmed.

Wu Tianhe crawled to his feet and he glared at Huang Xiaolong with an unsightly expression. “As it turns out, you are the Fortune Emperor Palace’s Huang Xiaolong! Not only did you meddle in the Grandmist Emperor Palace’s affairs, you even made a move to kill us! Have you thought about the consequences of your actions?”

Yao Chi who was standing at the side could no longer hold herself back and she screamed, “Since when did we meddle in your affairs? You were the one who wanted to kill us first! Don’t think that just because you are from Grandmist Emperor Palace, you can do whatever you want!”

The expression on their faces changed quickly.

“Huang Xiaolong, we will remember what you did today!” Wu Tianhe’s expression turned frosty as he waved his hand. “Let’s go.”

Lei Budong and Feng Chen’s figure started to blur as they wanted to detain Wu Tianhe and the others. However, Huang Xiaolong merely waved his hand and shook his head before saying, “Let them leave.”

There was no need for them to take action as Wu Tianhe and the rest would be taken care of by Grandmist Emperor Palace.

After Wu Tianhe and the others left, Li Lu asked with faceful of worry, “Xiaolong, are we still going to Grandmist Emperor Palace?”

“Of course, why not?” Huang Xiaolong smiled.

Li Lu and Yao Chi were startled.

“Big brother, are you planning to go to the Grandmist Emperor Palace?!” The Earth Bear was surprised and it stared at Huang Xiaolong with its huge, cute eyes.

“Yeah.” Huang Xiaolong nodded and continued, “The people from Grandmist Emperor Palace have already left, you can leave now.” He then took out a jade bottle and handed it over to the Earth Bear, “Here are some grandmist spiritual pills for you.”

Huang Xiaolong could see that the injuries on Earth Bear weren’t serious. With the assistance of these grandmist spiritual pills, it would be able to recover very quickly.

The Earth Bear was startled as it received the jade bottle, however, it didn’t have any thoughts about leaving and stood there like a wooden statue. Before Huang Xiaolong had the chance to speak, it declared, “Big brother, I won’t leave, I want to follow you!”

Huang Xiaolong was stunned and a smile slowly appeared on his face, “Aren’t you afraid of following me to the Grandmist Emperor Palace?”

The Earth Bear revealed an adorable smile, “Why should I be afraid if big brother is not? There are so many experts around you... There are even two pretty sisters beside you!”

Everyone broke out into laughter as they were amused by the Earth Bear’s antics.

In the end, Huang Xiaolong decided to bring the Earth Bear along with him.

In half an hour, everyone boarded the Dragon Shark Flying Ship again and they left for the Grandmist Emperor Palace.

[Chapter 1587: Arriving at the Grandmist Emperor Palace](#)

A few days later, the Dragon Shark Flying Ship completed its journey through the Perfect Galaxy.

With the help of everyone and Huang Xiaolong’s grandmist spiritual pill, the Earth Bear’s injuries were completely healed. Now, its body was as good as new - the sparse amount of hairs on it gave off a soft yellow glow, making it look extremely adorable.

The only thing that gave Huang Xiaolong a headache was that the Earth Bear and the little cow seemed to have developed a friendship during these few days and they wouldn’t leave each other’s sights. They were like the best of friends... With the childish behavior of the Earth bear, it couldn’t sit still and was extremely mischievous.

“Xiaolong, is it really fine for us to go to the Grandmist Emperor Palace?” Yao Chi asked worriedly.

After all, they had already angered one of the grand elders of the palace.

“Don’t worry, it will be fine.” Huang Xiaolong assured her.

Li Lu added, “Sister Yao Chi, since Xiaolong has said it, nothing will go wrong.”

In the end, Yao Chi nodded her head and no longer spoke about it.

All of a sudden, the Earth Bear and the little cow appeared at the same time and shook their heads as they walked towards Huang Xiaolong.

“Big brother, Senior Cow told me that there’s tons of good food at the Grandmist Emperor Palace, is it true?” The Earth Bear looked at Huang Xiaolong with an innocent expression and asked.

Huang Xiaolong was stunned speechless as he smiled bitterly. After getting along with the Earth Bear for a few days, he had discovered that it was as much of a glutton as the little cow.

“There are indeed many delicacies there, what do you like to eat??” Huang Xiaolong asked.

The Earth Bear’s eyes sparkled when he heard Huang Xiaolong’s confirmation. “I like to eat the Great Golden Dragon Fruit, White Flame Flower, the Heavenly Phoenix Blood Stone...”

Without missing a beat, the Earth Bear named at least a hundred types of food before stopping.

Li Lu and Yao Chi stood there dumbfounded while Huang Xiaolong felt a little dizzy.

Half a day later...

The Dragon Shark Flying Ship finally stopped.

Huang Xiaolong heaved a sigh of relief as they had finally arrived at the Grandmist Emperor Palace.

Before long, they disembarked from the Dragon Shark Flying Ship.

Huang Xiaolong and the others looked over and saw countless large palaces floating in front of them, each giving off an indescribable radiance. As the millions of palaces drifted about in mid air, they seemed to resemble swarms of fluttering Nine Colored Spirit Butterflies. The scene mesmerized the eyes of many.

Not only was the radiance pleasant to the eyes, but it also made people feel comfortable. As though they delved deep into one’s heart and mind, their beauty was phenomenal.

This was the Grandmist Emperor Palace!

The number one palace in the Divine World!

The difference between Fortune Emperor Palace and Grandmist Palace was that the former was surrounded by floating Divine Planes, and the latter was surrounded by huge islands.

There were spirit trees, spirit flowers, and countless spirit stones. There were even groups of spiritual beasts roaming about and the view could be said to be nothing less than godly.

“It’s so beautiful!!” Li Lu and Yao Chi could not help but exclaim in admiration.

Huang Xiaolong nodded his head and couldn’t help but admit that the Grandmist Emperor Palace was extremely beautiful.

“Even though the Grandmist Emperor Palace is beautiful, you two ladies are more beautiful.” The Earth Bear piped up all of a sudden.

Li Lu and Yao Chi were both flattered by the little bear’s compliment.

“I must say, you have quite the sweet tongue there. Even an old lady like me can feel your sweetness from here. From the looks of it, once you grow up, you will definitely harm many innocent young girls.” The little cow grinned at the Earth Bear.

The Earth Bear replied dejectedly, "Even after traveling through so many worlds, I have never seen a beauty from my race!"

"Let's go." Huang Xiaolong interrupted before the little cow could say anything else. If the two of them were to continue bickering, no one knew when they would be able to leave.

He kept the Dragon Shark Flying Ship away and rode on the little cow and the two ladies followed behind by riding on their galaxial beasts. The party slowly made their way into the Grandmist Emperor Palace.

The Earth Bear, Xiang Xun, Lei Budong, Feng Chen, and the Chaos Black Camel followed behind them.

As the little cow had been here quite a few times, she was familiar with the area. She led Huang Xiaolong and everyone else towards one of the floating islands.

As they approached the floating island, they could sense an astonishing amount of spiritual qi in the surroundings.

Even though the spiritual qi wasn't comparable to the Fortune God Kingdom, it was many times richer than the random palaces in the Fortune Emperor Palace.

How dense would the spiritual qi be in the inner palaces if the spiritual qi in the surrounding islands were already so dense?

If one were to cultivate in this type of environment, it wouldn't be surprising that the overall strength of Grandmist Emperor Palace's disciples would be much higher than that of the disciples of the other Emperor Palaces.

Of course, one had to admit that the disciples in the Grandmist Emperor Palace were extremely talented as well.

Currently, the island they were on was used by the Grandmist Emperor Palace to receive visitors. Everyone who wished to enter the Grandmist Emperor Palace needed to pass through this island. When they registered themselves at the reception counter, a disciple would be sent to inform an elder. The elder would report to a grand elder or hall master. They would only be allowed entry if someone could confirm their identity.

The moment they arrived on the island, they flew towards the reception counter.

The island wasn't small and they took around an hour to reach the central region.

On the way there, even though they saw numerous disciples patrolling back and forth in the sky, none of them came forward to question Huang Xiaolong's group.

As their journey progressed smoothly, they managed to arrive safely at the reception palace in an hour's time.

The palace they arrived in was in the dead center of the island and it was made from Enchantment Butterfly Crystals like the other palaces. The palace itself was massive and it was sitting on top of a mountain vein. It exuded an imposing and majestic aura and the rivers of time seemed to leave no marks on it.

Once they arrived at the square in front of the palace, they flew down and noticed that above this massive square, there were quite a number of flying ships and flying beasts.

“Strange, why are there so many flying ships and flying beasts around?” The little cow was puzzled, “Not many people know the location of Grandmist Emperor Palace. There shouldn’t be people gathering here anyway...”

“Are they holding some event? Could it be that experts of other palaces are here?” Xiang Xun asked with a puzzled expression on his face.

Huang Xiaolong seemed a little bewildered when he saw the symbol on the flying ships. Most of these flying ships belonged to the top thirty and forty Emperor Palaces. He even discovered the Brightness Emperor Palace’s insignia on one of the ships.

Even the people from Brightness Emperor Palace are here!

Li Lu, Yao Chi, and the rest of them were all shocked when they discovered the Brightness Emperor Palace’s flying ship.

“Hehe, who would have thought that even those cubs from the Brightness Emperor Palace would be here...” The little cow said with a smile.

“Xiaolong, if we meet the people from Brightness Emperor Palace, will we...?” Yao Chi asked worriedly.

“If we meet them and they are arrogant, we’ll just kill them all.” The little cow chuckled tyrannically.

Huang Xiaolong grunted, “Yeah, yeah, keep talking. You’re all talk and no action. Hurry up and go in.”

[Chapter 1588: What Are You Doing at the Grandmist Emperor Palace?](#)

Huang Xiaolong and his companions arrived at the main gates of the palace and just before they could enter, they ran into a group of people. There was a group of Grandmist Emperor Palace’s disciples leading the way for a group of Brightness Emperor Palace’s elders.

The group of Grandmist Emperor Palace’s disciples was the same group Huang Xiaolong had run into in the Perfect Galaxy. Looking at the Brightness Emperor Palace’s members, he found them familiar as well. Tian Ziyi and Bai Yunxiang were present, as well as those people who were thrown out by Elder Fu in the Silver Fox Chamber of Commerce.

Huang Xiaolong and friends felt a little shocked when they saw them.

When Huang Xiaolong looked at the familiar faces before him, they turned to look at him as well.

Both sides stopped in their tracks.

They were all acquaintances here!

Everyone’s face was filled with shock.

“Huang Xiaolong!”

Almost simultaneously, everyone from the Grandmist Emperor Palace and Brightness Emperor Palace yelled.

“Huang Xiaolong, what are you doing at Grandmist Emperor Palace?!” Tian Ziyi took a step forward and asked him in a cold voice.

They felt extremely puzzled. Could it be that Huang Xiaolong received an invitation from the Grandmist Emperor Palace as well?

“If all of you are here, why can’t we be here?” The little cow shook her tail as she stared at Tian Ziyi, Bai Yunxiang as though they were idiots.

Tian Ziyi, Bai Yunxiang, and the elders erupted with anger.

If this dog-cow didn’t talk, nothing would have happened. The moment she did, their shameful past surfaced in their mind.

When they thought about how Huang Xiaolong had sealed their godforce and rolled them out of the Devil Tiger City naked, Tian Ziyi and Bai Yunxiang’s eyes turned cold. If looks could kill, Huang Xiaolong would have died a thousand times over.

“Huang Xiaolong, I don’t think our Grandmist Emperor Palace invited you here.” At this time, one of the Grandmist Emperor Palace’s disciple took a step forward. He yelled at Huang Xiaolong angrily, “What are all of you doing here at our Grandmist Emperor Palace?!”

Huang Xiaolong remained indifferent and said apathetically, “When did the Grandmist Emperor Palace ever make a rule to state that one had to receive an invitation before coming?”

The Grandmist Emperor Palace’s disciple was dumbstruck and his face turned gloomy.

However, Tian Ziyi, Bai Yunxiang, and the rest of them were secretly delighted that Huang Xiaolong had showed up uninvited. Wouldn’t that mean that they would be able to take care of Huang Xiaolong without interference from the Grandmist Emperor Palace?

From the looks of things, Huang Xiaolong seemed to even have some enmity with the disciples from Grandmist Emperor Palace.

That was even better!

Now, they didn’t even need to make a move personally!

“Huang Xiaolong, it’s you!” Just then, a cold stern voice rang out. Everyone looked over and saw Grand Elder Wu Tianhe and a well-built black haired middle-aged man walking out from the inner palace. The other man had triangular-shaped eyes and he wore a robe with the Brightness Emperor Palace’s insignia on it. Behind him stood Sun Bin and another hall master, We Kefan.

Wu Tianhe, Sun Bin, and Wu Kefan could all be counted as old acquaintances.

But what piqued Huang Xiaolong’s curiosity the most was the black-haired middle-aged man with triangular-shaped eyes.

An expert in the Emperor Realm!

Huang Xiaolong’s heart dropped.

Wu Tianhe, Sun Bin, Wu Kefan, and the black-haired middle-aged man walked towards Huang Xiaolong.

“Grand Elder Wu Tianhe!”

“Ancestor Peng Xingfei!”

Both the disciples from the Grandmist Emperor Palace and the Brightness Emperor Palace greeted their elders. Huang Xiaolong was taken aback when he saw the people from the Brightness Emperor Palace greeting the black-haired middle-aged man as ‘Ancestor’.

Wu Tianhe walked towards Huang Xiaolong and looked at him with a comforting smile. There even seemed to be an expression of excitement on his face.

“Huang Xiaolong, never in my wildest imaginations would I have expected you to show up at the Grandmist Emperor Palace!” Wu Tianhe laughed loudly in Huang Xiaolong’s face, “Very good, now I don’t even have to send my men to look for you!”

Peng Xingfei turned towards Wu Tianhe and asked with great interest, “What’s going on? Did Huang Xiaolong offend Grand Elder Wu?”

Wu Tianhe nodded as his gaze landed on the Earth Bear beside Huang Xiaolong. His eyes narrowed, “I’ll be honest with you Senior Peng, we discovered this Earth Bear in the Perfect Galaxy and were just about to capture it. Huang Xiaolong appeared and robbed it from us. He even injured us in the process!”

However, as he did not want to divulge too much information about the incident, he did not mention a single word about him sending the elders to kill Huang Xiaolong and the others.

“It’s actually an Earth Bear?!” Peng Xingfei, Sun Bin, Wu Kefan, Tian Ziyi, Bai Yunxiang, and the rest were shocked when they looked at the little bear beside Huang Xiaolong.

Instead of showing signs of fear, the Earth Bear flashed a harmless smile, revealing its perfectly white teeth.

Sun Bin chuckled, “It seems like that happened to you guys as well. He did the same thing to us. Not only did Huang Xiaolong snatch our low-grade demonic chaos spiritual veins, he even brought harm to Tian Ziyi and Bai Yunxiang. We are extremely familiar with his tyrannical ways.”

All of a sudden, a crafty light flashed through the Earth Bear’s eyes and it started to pout, “Old man, I think you are misleading everyone here. You were the ones who wanted to kill big brother to prevent him from leaking any news about me. All big brother did was to defend himself. Didn’t he allow you to return alive?”

Wu Tianhe and the disciples from Grandmist Emperor Palace flushed red with embarrassment as they were exposed.

Ancestor Peng Xingfei from Brightness Emperor Palace suddenly said, “Grand Elder Wu, since Huang Xiaolong snatched your Earth Bear away, shouldn’t we capture him before doing anything else?”

Wu Tianhe was stunned for a moment but he managed to snap back to attention, “Alright, but be careful of the beasts around Huang Xiaolong as they are quite strong. Let our hall masters make a move.”

Peng Xingfei smiled, "There's no need to trouble your hall masters. Since you've met me, I will gladly help you settle them all."

Wu Tianhe heard that and beamed with joy, "In that case, many thanks to Ancestor Peng."

He knew that Peng Xingfei was an expert in the early-Fourth Order Emperor Realm.

Without saying anything, Peng Xingfei turned around and directly pressed his palms down towards Huang Xiaolong. The brilliance of a thousand suns bloomed on the ground in an instant.

"Great Brightness Palm, trap gods and bind buddha!"

The Brightness godforce coalesced into numerous Great Brightness Palms and the Great Brightness Formation was formed. Everyone in Huang Xiaolong's party was covered in light.

Lei Budong snorted coldly and released all his grandeur before opening his palm. Divine lightning poured down from the sky.

"Almighty Divine Lightning, destroy them!"

Divine lightning formed into a whirlpool and with one swirl, the Great Brightness energy dissipated. In the next instant, the divine lightning arrived before Peng Xingfei.

Peng Xingfei was astounded and hurriedly pushed out with all his might.

"Angel Brightness Seal!"

An ancient seal formed by thousands of brightness angels appeared before everyone.

[Chapter 1589: What's Going On?](#)

The ancient seal glowed brightly with a might much stronger than the Great Brightness Palm. However, it buzzed and dissipated immediately when Lei Budong's divine lightning came into contact with it. A giant explosion occurred and the thousands of angels that formed were destroyed with a single hit.

Ancestor Peng Xingfei was then forced to retreat from the impact, resulting in him and the rest of the members of the Brightness Emperor Palace smashing into the walls of the inner palace.

Naturally, the elders and core disciples from the Grandmist Emperor Palace weren't spared either and were also knocked into the walls of the Inner Palace.

Even though Lei Budong was just a peak early-Fourth Order Emperor like Ancestor Peng Xingfei from the Brightness Emperor Palace, he was from the Barbarian Race and his combat strength was way higher than Peng Xingfei.

Lei Budong's divine lightning didn't stop there. It raged upon the surroundings.

In the Inner Palace, the experts from the various palaces who were invited by the Grandmist Emperor Palace were shocked when they sensed the formidable power coming from outside.

"What's going on? Is someone attacking the Grandmist Emperor Palace?"

"Wouldn't they be courting death...!"

“Let’s go take a look!”

The powerful experts from the various palaces slowly emerged from the inner palace.

However, when they came out and saw the state of Peng Xingfei, Sun Bin, Wu Tianhe, Tian Ziyi, and the rest, their jaws dropped.

Who would have expected Wu Tianhe, the grand elder sent by the Grandmist Emperor Palace to be beaten up by someone?

Soon, everyone’s gazes landed on Huang Xiaolong and Lei Budong.

Without a doubt, he was the one who had caused everything to happen.

“Who’s this kid?!”

“Huang Xiaolong!”

“Huang Xiaolong? Fortune Emperor Palace’s king of supreme godhead?”

“Seems like it!”

Many of the Elders from different palaces recognized Huang Xiaolong and exclaimed.

“It really is Huang Xiaolong! Was he also invited by the Grandmist Emperor Palace? How did he end up fighting with the people from the Brightness Emperor Palace and Grand Elder Wu Tianhe?”

“Who knows? Whatever it is, we are definitely in for a good show! How do you think the Grandmist Emperor Palace will punish Huang Xiaolong? Even though Huang Xiaolong has the king of supreme godhead, as the number one palace in the Divine World, the Grandmist Emperor Palace will definitely not allow anyone to wreak havoc here. If they do not punish Huang Xiaolong today, others will think they are a joke if word gets out!”

“Did the guy beside Huang Xiaolong send Peng Xingfei and the rest flying? Isn’t he comparable to Fifth Order Emperor Realm experts? He’s definitely not from the Fortune Emperor Palace! His inner strength seems pretty weird as well... Ancestor Wang Qing, are you able to tell his origins?”

A wave of discussion erupted amongst the crowd as everyone tried to guess the identities of Lei Budong and Feng Chen.

Even though there were many ancestors from various Emperor Palaces, none of them were able to recognize the Barbarian Race.

Huang Xiaolong felt a little shocked when he saw the lineup of experts invited by the Grandmist Emperor Palace.

From various emperor palaces to powerful individuals in the Emperor realm... From the looks of it, there were at least thirty of such outstanding individuals present.

Why did the Grandmist Emperor Palace invite so many experts?!

Was it possible that the Grandmist Emperor Palace was holding an apprenticeship ceremony like the Fortune Emperor Palace had done in the past?

Just then, a breaking voice came crashing from the horizon. "Who dares to behave outrageously at my Grandmist Emperor Palace!" A great might reverberated through the minds of everyone present.

"It must be an ancestor from the Grandmist Emperor Palace! He probably came after noticing the disturbance..."

"I wonder which ancestor has come this time. From the pressure he is emitting, he should be at the Seventh Order or higher."

Everyone turned to look at the source of the voice and a look of shock appeared on their faces.

Huang Xiaolong, Lei Budong, and the rest of them also turned around.

Yao Chi leaned towards Huang Xiaolong's body with a face full of worry. Even the always confident Li Lu seemed to waver a little as she grabbed his arm. She never thought that things would spiral out of control so quickly.

"Xiaolong, should we leave now?!" Li Lu couldn't help but panic.

The little cow laughed heartlessly, "Little lass, do you think we are able to leave now?"

Li Lu was stunned.

Huang Xiaolong held Li Lu's little hand and reassured her, "Don't worry, the little cow is here to resolve it."

The little cow opened her mouth in shock. "What are you talking about?! I didn't cause this?!"

"Haha, you're responsible for this because you're a cow." Huang Xiaolong laughed.

Cow!

Both Li Lu and Yao Chi laughed uncontrollably. Huang Xiaolong's relaxed attitude seemed to allow them both to loosen up a little.

Wu Tianhe scrambled to his feet and wiped the blood off the corners of his mouth. He laughed loudly, to the extent that it sounded psychotic and said sarcastically, "Huang Xiaolong, you are the first person who dared to injure a grand elder from the Grandmist Emperor Palace inside the palace itself! How are you still able to joke around? Actually, I'm pretty impressed by your courage."

Huang Xiaolong nodded, "Thank you."

Thank you?

Everyone felt their heads exploding at the moment.

A few of the experts shook their heads.

Even though they didn't know why Huang Xiaolong was able to crack jokes when facing an ancestor of the Grandmist Emperor Palace, they knew that his ending would be a gruesome one for sure. In the entire Divine World, no one would be willing to protect Huang Xiaolong anymore.

Who would dare go against the Grandmist Emperor Palace?

That would be simply digging their own grave!

Even when the Fiend God Emperor Palace had unified all the palaces and brought carnage and terror to the entire Divine World back then, they hadn't dared to provoke the Grandmist Emperor Palace.

All of a sudden, everyone felt their vision going blurry as two figures appeared out of thin air and stood before all of them. It wasn't just a single ancestor who had rushed over... There were two of them!

Everyone felt a little startled when they saw the two figures standing before them.

"It's the Grandmist Emperor Palace's Ancestor Zhang Renjie and Han Qing! Both of them are Eighth Order Emperor Realm experts!"

The elders from the various palaces were shocked and quickly went up to greet the two ancestors.

Wu Tianhe was delighted and bowed respectfully to Zhang Renjie and Han Qing along with the disciples from the Grandmist Emperor Palace.

When Huang Xiaolong heard Wu Tianhe greet Zhang Renjie as 'Master', he frowned a little.

Before he could react, Zhang Renjie and Han Qing turned around to look at him.

"Who are you? What's going on?" Zhang Renjie didn't immediately try to capture Huang Xiaolong. Instead, he asked amicably.

"Master, he is the Fortune Emperor Palace's king of supreme godhead disciple, Huang Xiaolong!" Wu Tianhe answered. He then proceeded to explain, "Previously, when we met him at the Perfect Galaxy, he snatched the Earth Bear from us and injured all of us! Now, he has come over to the Grandmist Emperor Palace to do the same thing!"

"Earth Bear!"

Zhang Renjie and Han Qing finally noticed the Earth Bear beside Huang Xiaolong. As the Earth Bear's appearance looked quite similar to an ordinary bear, it was quite difficult to recognize him unless one looked closely.

The rest of the experts from the various Emperor Palaces were shocked.

All of them were shocked because they knew the origins of the Earth Bear.

Zhang Renjie and Han Qing quickly regained their senses.

"You are Fortune Emperor Palace's king of supreme godhead disciple, Huang Xiaolong?" Zhang Renjie was secretly shocked after finding out Huang Xiaolong's identity. "Was what my disciple said earlier true?"

Huang Xiaolong nodded his head inwardly.

Even though Zhang Renjie is Wu Tianhe's master, he is pretty unbiased... He actually asked me for my side of the story.

However, before Huang Xiaolong could answer, Wu Tianhe interrupted again, "Master, if you don't believe me, you can ask all the other disciples, they can vouch for me!" He then turned around and looked at Huang Xiaolong coldly, "Huang Xiaolong, do you dare to say that this Earth Bear wasn't discovered by us?"

"Reporting to Ancestor Zhang Renjie, back when we were at the Perfect Galaxy, we were the ones who found the Earth Bear!" The disciples successively claimed.

Zhang Renjie frowned, "I'm not asking you guys!"

Wu Tianhe and the disciples stood to the side in fright and none of them dared to continue speaking.

"Huang Xiaolong, was this Earth Bear discovered by our disciples?" At this moment, Han Qing who was standing at the side asked Huang Xiaolong.

Huang Xiaolong calmly replied, "That's right, it was indeed discovered by your disciples first."

Wu Tianhe and the rest of the disciples were delighted.

Han Qing said with a frigid expression, "I've heard since long ago that even though Fortune Emperor Palace's king of supreme godhead disciple, Huang Xiaolong, has unparalleled talent, his character does not amount to much. He is extremely arrogant and ignorant. Looks like the rumors are indeed true!" She then released her spiritual qi and locked Huang Xiaolong in place.

"Stop!" Suddenly, several people shouted in unison.

Everyone was shocked as Zhang Renjie was one of them who had stopped Han Qing. Of course, the Earth Bear, the little cow, and Huang Xiaolong were amongst the people who had shouted for Han Qing to stop.

Han Qing's gaze fell on Huang Xiaolong, "Huang Xiaolong, no one can intercede for you today!" She then turned to Zhang Renjie and continued, "Renjie, no matter what, you cannot deny the fact that Huang Xiaolong has injured Wu Tianhe and our disciples inside our Grandmist Emperor Palace."

Zhang Renjie opened his mouth, but eventually nothing came out from him.

No matter what, Huang Xiaolong did indeed injure the members of the Grandmist Emperor Palace inside the palace itself.

"Hold on!" The Earth Bear yelled out again and pointed to Wu Tianhe's group, "They are all bad people! They were the ones who hunted me down! I ran into big brother when I was running away from them, and I begged him to save me! In order to hide the fact that they found me, they wanted to kill big brother to silence him! What else was big brother supposed to do? Allow them to kill him without protecting himself?"

Everyone was shocked to hear the truth.

"When we arrived at Grandmist Emperor Palace, we happened to meet with these bad people again! When they saw big brother, they immediately colluded with the people from the Brightness Emperor Palace to try and capture big brother. You can't blame big brother for injuring them!" The Earth Bear explained.

Han Qing, who had berated Huang Xiaolong and wanted to capture him, stopped in her tracks.

“Did that happen?” Zhang Renjie turned around and stared at Wu Tianhe.

Wu Tianhe and the disciples from the Grandmist Emperor Palace were scared senseless and quickly kneeled on the ground.

“Master, this ... no ... I ... no!” Wu Tianhe stuttered as he tried to explain his way out of it.

As for the disciples, they didn’t even dare to utter a word.

“So what? The fact remains that you injured our disciples.” Han Qing snorted with a frown.

Huang Xiaolong’s eyes flickered as he asked, “So what you are saying is that no matter what, your Grandmist Emperor Palace is always right? No matter what happened, it’s my fault?”

Hearing Huang Xiaolong question her like this, Ancestor Han Qing’s face turned pale.

How many millions of years had it been since someone dared to speak to her like that?!

“Huang Xiaolong, who do you think you are to question our Ancestor Han Qing?” Wu Tianhe yelled righteously.

Everyone felt that Huang Xiaolong was speaking out of turn at that moment.

Even though he had pretty decent talent, he was merely a God King Realm disciple. However, he dared to question Han Qing without showing a shred of respect for her. Even if Fang Gan was here, he wouldn’t dare to question Han Qing.

Just then, a lazy voice suddenly sounded out, “Aren’t you guys curious about Huang Xiaolong’s purpose for coming to the Grandmist Emperor Palace?”

Everyone was dumbfounded when they heard the voice and they turned to stare at the source of it. When they realized that the little cow was the one speaking, all of them felt their head go numb.

However, her words stunned Wu Tianhe. He thought of asking about it, but he felt that whatever the reason, it wasn’t important enough for him to care about it. After hearing the little cow, his curiosity was piqued. Huang Xiaolong couldn’t have traveled to the Grandmist Emperor Palace for sightseeing, could he?

Thus, everyone’s gaze fell onto Huang Xiaolong.

“He’s here to see your Emperor!” The little cow declared.

Everyone felt an explosion go off in their mind. Immediately after, Wu Tianhe broke out in laughter whilst Peng Xingfei, Sun Bin, Tian Ziyi, Bai Yunxiang, and the rest shook their heads before looking at Huang Xiaolong as though he was a retard.

“Huang Xiaolong, who do you think you are to see our Emperor? What type of status does our Emperor even have? Do you think a lowly Fortune Emperor Palace disciple like you even have the qualifications to see him? Even if Fang Gan was here and kneeled for three years, it would still be impossible for him to

see our Emperor, not to mention you! Even as a grand elder, it has been a few hundreds of millions of years since I last saw our Emperor!”

Even Zhang Renjie and Han Qing both shook their heads and found Huang Xiaolong to be quite naive. Even as ancestors of Grandmist Emperor Palace, it was extremely difficult for them to meet their Emperor, not to mention Huang Xiaolong.

Looking at Wu Tianhe grinning away, Huang Xiaolong said calmly, “Just because you can’t meet your Emperor, doesn’t mean that others can’t.”

Wu Tianhe laughed uncontrollably, “So what you are saying is, you can see our Emperor? If you really can see our Emperor, I will kowtow to you three times!”

At this moment, a figure flew towards them.

Zhang Renjie, Han Qing, and Wu Tianhe were shocked when they recognized the newcomer.

The person who had come had the appearance of a handsome man in his twenties, and his qi was well restrained. They weren’t able to probe out his true strength in the slightest.

Others might have been unaware of the young man’s identity, but all the members of the Grandmist Emperor Palace couldn’t be more clear of his identity! He was the personal disciple of the Emperor himself, Liu Rui!

This... Why was the Emperor’s personal disciple here?!
