

INVINCIBLE 1985

[Chapter 1985: Making Excuses](#)

Under the large crowd's attention, the four characters 'Reverence Moon Academy' suddenly spun. The flowing veins of light inside the meteorite rock flew out from them and drilled into Huang Xiaolong's body.

Huang Xiaolong shuddered slightly as the sacred light from his body intensified further. The light pillars around him became more solid and real, while the tremors running through the Reverence Divine City became more violent, threatening to collapse the city.

Some of the spectating experts were lifted into the air by the energy vibrations from Huang Xiaolong's sacred light.

When the light veins inside the meteorite rock drilled into Huang Xiaolong's back, within a hidden space somewhere in the depths of the imperial courtyard space, a thin old man suddenly opened his eyes from his meditation. At that moment, every single inch of land and space within the Reverence Moon Academy appeared in his eyes, especially the changes taking place to the meteorite rocks' four characters 'Reverence Moon Academy.'

His gaze penetrated through time and space, falling on Huang Xiaolong. A pause later, a dotting smile spread over his face, "I've waited for so many years. You're finally here!"

The light veins inside the meteorite rock were still entering Huang Xiaolong's body, tempering his physique. To his delight, the light veins seemed to be pure energy gestated by nature, drastically raising his strength.

Half a day later, when the light veins vanished, Huang Xiaolong's cultivation had advanced to mid-Second Order Emperor Realm!

Watching this unbelievable scene, the crowd was dumbfounded. Half a day ago, Huang Xiaolong's cultivation was far from advancing to the peak early Second Order Emperor Realm, yet a few hours later, he had already broken through to mid-Second Order Emperor Realm!

This was unheard of.

Probably, not even a level three origin treasure could bring this degree of benefit!

Huang Xiaolong looked at the meteoric rock that had dimmed, returning to its previous state. Though elated with the harvest, he couldn't help but feel pity. If the meteorite rock's light energy could have gone on for a few more days, there was a chance he could have directly broken through to Third Order Emperor Realm.

After the meteoric rock returned to normal, only the four characters 'Reverence Moon Academy' were still shining brilliantly. Just a while ago, Huang Xiaolong had fully comprehended the dao esoterics within the four characters.

Ao Ping stepped out from the crowd and looked at Huang Xiaolong with a complicated expression. He was naturally happy that Huang Xiaolong had succeeded in comprehending the four characters, yet he was also astounded just like any other person in the crowd.

“Your reputation is louder than me now!” Ao Ping teased in a joking manner.

It was as Ao Ping said, imperial courtyard’s new student, Ao Li’s name was louder than him, the Dragon World ruler’s son.

Huang Xiaolong grinned. Honestly, his ability to comprehend the four characters in such a short time was all thanks to the Radiance Ancestor’s complete inheritance he had obtained. If it wasn’t for that, even relying on his three supreme godheads, three archdevils’ bloodline, and dumbfounding comprehending ability, he wouldn’t have comprehended the four characters in such a short time.

He had gained a great harvest in comprehending the four characters this time. It was not merely an increase in his strength or an improvement in every aspect of his physical body, but he had also gained a deeper understanding of heaven and earth’s power.

The light veins inside the meteoric rock were kind of heaven and earth power. After years of nurturing inside the meteoric rock, the amount and quality of this power were unimaginable. This was also the reason why Huang Xiaolong was able to advance from the early Second Order to the mid-Second Order Emperor Realm in half a day.

Even so, the amount of heaven and earth power he was rewarded from comprehending the four characters was a small portion of its entirety. If another person were to successfully comprehend the four characters, he too would be rewarded with the same amount of heaven and earth power.

“Let’s go to Reverence Moon Peak. It’s time for those four old men to fulfill their promises.” Huang Xiaolong said to Ao Ping.

Both made their way back to the Reverence Moon Academy.

The crowd was still lingering outside, each with their own thoughts, watching Huang Xiaolong’s back.

“Have you found out what is this Ao Li’s origins?” Qin Huangzhong asked the old man by his side.

The old man shook his head, “No clue. This Ao Li first appeared at the Sea of Radiance out of nowhere. It was said that he has been cultivating around the Sea of Radiance territory.”

“Continue to check!” Qin Huangzhong ordered. “Also, see what he needs and form a good bond with him. Better yet, let him serve our Fengdu City!”

“Yes, Young Lord! But if we take in Ao Li, we might offend Dun Hao!”

“For Ao Li, offending Dun Hao is worth it!”

“I understand!”

From that day onwards, various forces sent people to investigate Huang Xiaolong’s origin with the intention of recruiting him.

.....

In the meantime, inside the imperial courtyard space's Reverence Moon Divine Hall, Bin Ge sat gloomily and fumed, "Ao Li and that Ao Ping are heading here from the main entrance!"

Ban Ke added sternly, "Even he successfully comprehended the four characters 'Reverence Moon Academy,' that does not mean he would be able to resurrect the fourteen-winged angel's soul sealed inside the Jade Angel Wall!"

"What if he really manages to resurrect the fourteen-winged angel's soul?" Ban Hui asked.

Ban Ke choked, unable to think of a response.

Bin Ge snorted, "Of course, we cannot open the sealed Jade Angel Wall so easily!"

Others looked at Bin Ge in surprise.

"Master intends to...??" Dun Hao asked hurriedly.

Bin Ge elaborated, "We have sealed the Jade Angel Wall with the Great Nine Gods Formation. Every time we want to open the seal, we need nine high-grade Radiance Divine Stones." He let his words hang...

But the others' eyes lit up, immediately catching on Bin Ge's intentions. Dun Hao grinned and said, "As expected of Master!"

Several days later, Huang Xiaolong and Ao Ping once again appeared in the Reverence Moon Divine Hall.

Bin Ge spoke, looking at them, "Ao Li, since you succeeded in comprehending the four characters, we would keep our promise and open the Jade Angel Wall's seal. However, we have sealed the Jade Angel Wall with the Great Nine Gods Formation. To open the seal, we require nine high-grade Radiance Divine Stones, but all our supply of high-grade Radiance Divine Stones was used up years back. So, you would have to wait until we find nine high-grade Radiance Divine Stones before opening the seal!"

"What? You guys!" Ao Ping was infuriated, "As respectable deputy deans of Reverence Moon Academy, you all actually go back on your words and give us some lame excuses!" What bullsh*t high-grade Radiance Divine Stones, clearly this is just an excuse.

Bai Lui snapped, "Ao Ping, pay attention to your identity. Even if you're the son of the Dragon World, you are still our academy's student in front of us. It's not like we are refusing to open the seal, but we merely do not have the required high-grade Radiance Divine Stones. What can we do?!"

Huang Xiaolong's gaze swept over Bin Ge, Dun Hao, and the others and said in an icy voice, "In other words, if there are nine pieces of high-grade Radiance Divine Stones, you can open the seal?"

Bin Ge nodded, "That's right, if you can take out nine high-grade Radiance Divine Stones, we can open the seal!"

It had never occurred to them that Huang Xiaolong or Ao Ping might have the ability to take out high-grade Radiance Divine Stones. high-grade Radiance Divine Stones were rare and hard to find. It was not something that could be bought with spirit stones.

Dun Hao laughed and said, “Ao Li, you heard it. The deputy deans are helpless without high-grade Radiance Divine Stones. Wait until the four deputy deans gather all nine high-grade Radiance Divine Stones. We will notify you!”

Just as Dun Hao finished, Huang Xiaolong waved his hand. A light filled the entire hall for a second as nine white, shiny stones appeared on the floor.

Earlier, in order to activate the Array of Origin, he had collected one hundred high-grade Radiance Divine Stones. He had merely consumed a small portion of energy within them. Thus all of them could still be used.

“These are nine high-grade Radiance Divine Stones,” Huang Xiaolong stated, “There is no need to wait for any notice. Just open the seal now.”

[Chapter 1986: No Reaction Whatsoever](#)

Huang Xiaolong actually used a commanding tone, ordering the four deputy deans to open the Jade Angel Wall’s seal.

Bin Ge’s short fuse was lit up, hearing Huang Xiaolong’s crude commanding tone, but seeing the nine high-grade Radiance Divine Stones on the floor, he had no grounds to retort.

Even Dun Hao, who was beaming from ear to ear a second ago, looked like he had swallowed a fly looking at the nine high-grade Radiance Divine Stones on the floor.

Seeing this, Ao Ping smiled with hidden contempt. “What? Do four deputy deans have other excuses? Maybe you have a stomachache and need to rest for a few days? You will notify us after you are done resting?”

“You—!” Listening to Ao Ping’s mocking words, Bin Ge’s face was bright red due to anger. If an ordinary student had this attitude with him, that student would have been slapped into a meat paste right now. However, not only was Ao Ping the Dragon World’s ruler’s son, but his father and the four of them had a fairly good relationship as well.

Moreover, Ao Ping could be considered as their nephew.

“Alright, since the high-grade Radiance Divine Stones are here, we will head to unseal the Jade Angel Wall.” Bai Hui yielded.

“Brother Bai Hui, you, this...?!” Bin Ge, Ban Ke, and Bai Luo all looked at Bai Hui.

“Let’s go.” Bai Hui stood up and flew out of the hall.

Seeing this, Bin Ge and the others could only follow after Bai Hui.

When Dun Hao walked past Huang Xiaolong, he said in a low voice, “Don’t be complacent. Even if the Jade Angel Wall’s seal is opened for you, you are incapable of resurrecting the fourteen-winged angel’s soul. The soul of a Sovereign Realm fourteen-winged angel is out of your level, much less resurrecting it!”

Watching Dun Hao leap into the sky and fly away, Ao Ping grumbled angrily, “Who does he think he is?!”

He then turned to Huang Xiaolong and said, "Brother, when you go up on the battle stage, defeat him in three moves. Crush him under your foot, and make him swallow that battle stage!"

Huang Xiaolong chuckled, "If I really defeat him in three moves, then you will lose our bet."

Ao Ping grinned widely, "If I lose, then I lose. Are you really going to make me your subordinate?"

Huang Xiaolong replied playfully, "Imagining the Son of Dragon World as my subordinate is quite cool!"

Ao Ping's grinning face collapsed into a bitter expression, "Brother, you won't take it for real, right?"

Huang Xiaolong flashed him a smile in response and collected the nine high-grade Radiance Divine Stones from the floor. Then, he followed after Bai Gen's group, flying in the direction of the Boundary Ancestral Mountain.

As the Boundary Ancestral Mountain was also located in the deeper area within the imperial courtyard space, it was not that far away from the Reverence Moon Peak. Roughly a day later, they arrived at the Boundary Ancestral Mountain.

Bai Hui, Bin Ge, Ban Ke, and Bai Luo walked towards a small spring at the foot of the mountain and stopped there.

Their hands moved simultaneously, and a second later, the small spring glowed brightly. A chain of glimmering ancient runes floated from the ground, forming the ancient Great Nine Gods Formation.

"Place the nine high-grade Radiance Divine Stones into the formation's core!" Bin Ge ordered Huang Xiaolong harshly. His voice was full of dislike towards Huang Xiaolong.

Huang Xiaolong coldly glanced at Bin Ge and took out the nine high-grade Radiance Divine Stones. He stepped forward and placed them into the formation's core.

Inwardly, Huang Xiaolong decided that he would kill that Son of Light Dun Hao on the battle stage, and after taking care of the Radiance Divine City and Dun Ei, he would deal with Bin Ge and the other three deputy deans.

After Huang Xiaolong placed the nine high-grade Radiance Divine Stones into the formation's core, Bin Ge, Ban Hui, Bai Luo, and Ban Ke's hands moved again, activating the formation. However, it was obvious that they were extremely unwilling to do this.

Moments later, the formation emitted rays of bright lights as nine radiance gods rose from the formation. This went on for roughly twenty minutes until the nine gods merged into one entity. At this time, a giant jade wall slowly rose from the spring.

This jade wall was several hundred zhang tall and over ten zhang wide. It was entirely opaque white in color and exuded a soft charming luster of jade. Just the jade wall itself was a rare, priceless treasure.

On the front side of the jade wall was the carving of an angel with his fourteen wings spread majestically. Despite being sealed and in slumber, the fourteen-winged angel's soul still exuded an oppressive aura of a Sovereign Realm expert. Even Bai Hui and the others' faces turned slightly red from the pressure.

Before this fourteen-winged angel was sealed into the jade wall, his strength was shocking, and it was higher than the average same realm experts. Otherwise, the angel wouldn't have had the confidence to contradict the Radiance Ancestor in every possible way.

"Alright, we have opened the seal." Bin Ge said icily to Huang Xiaolong, "Let me see how are you going to resurrect the fourteen-winged angel's soul?!"

"Oh, right! A kind reminder to you that the nine high-grade Radiance Divine Stones you have supplied can only support the Great Nine Gods Formation for about two months. If you fail to resurrect the fourteen-winged angel's soul during this time, we won't open the seal again for you a second time!"

Ao Ping's face stiffened as he was caught off guard by Bin Ge's words, "Huh? You!!"

Bin Ge went on, "We agreed to open the seal, but we never promise you how many times we're going to do it. We will only do it this time. That's already giving you enough consideration!"

Huang Xiaolong ignored Bin Ge and approached the Jade Angel Wall. He stood for a while, looking at the fourteen-winged angel on the jade wall.

Although the fourteen-winged angel seemed alive on the wall, exuding the aura and coercive pressure of a Sovereign Realm expert, the angel appeared bleak and despondent.

Huang Xiaolong tried placing his palm against the jade wall, and radiance godforce flowed from his Innumerable Buddha Supreme Godhead into the Jade Angel Wall. However, the jade wall was a bottomless abyss, and no matter how much godforce Huang Xiaolong channeled into, there was no reaction whatsoever.

Under everyone's intense attention, the day passed.

Dun Hao snickered and taunted Ao Ping, "A day has passed, and there hasn't been a tiniest reaction. I already told you early on that just relying on him, a mere low-level Emperor, how can he possibly resurrect a Sovereign Realm fourteen-winged angel's soul? I had merely used one hour to make the Jade Angel Wall glow."

Ao Ping couldn't even be bothered to look at Dun Hao and kept his eyes on the Jade Angel Wall for any reaction. Seeing this, anger and killing intent flickered across Dun Hao's eyes. Previously, he had planned to lure Ao Ping to his side with the Ancestral Dragon Tree's tree bark. But who knew that Ao Ping not only would reject him but choose to stand with Ao Li, contradicting him repeatedly.

Wait till my Radiance Divine City destroys the Radiance Knight Corp, unify the Radiance World, and conquered the Fire World. The next one would be your Dragon World! Dun Hao thought venomously in his mind.

Day after day passed, and soon one month was already gone.

Huang Xiaolong stood above the spring, continuing to press his hand against the jade wall and channeling his radiance godforce into the wall. However, there was still no reaction.

Dun Hao, Bai Hui, Bin Ge, Ban Ke, and Bui Luo were initially worried, but by this point, all of them were relieved.

Another half a month went by. However, the Jade Angel Wall remained unresponsive.

“Let’s go!” Bin Ge finally decided. He was not so idle as to waste time there, and he didn’t need to watch Huang Xiaolong any further. The result was obvious enough, in his opinion. With that said, he whistled away in the wind.

Bai Hui, Ban Ke, Bai Luo, and Dun Hao also left without any hesitation.
