

INVINCIBLE 1989

[Chapter 1989: Hand Over The Radiance Ancestor's Treasures](#)

“Damn! That kid resurrected the fourteen-winged angel’s soul and has gone in!” Bin Ge bellowed angrily as cold gleams of light flickered across his eyes.

On their way as they were rushing over here, Bin Ge had prayed that Huang Xiaolong hadn’t really resurrected the fourteen-winged angel’s soul. He had prayed hard, hoping desperately that Huang Xiaolong had not entered the Boundary Ancestral Mountain!

But now that he had arrived, the Jade Angel Wall was gone, and there were clear signs that the restrictive formations on the Boundary Ancestral Mountain were activated. All these clues led to only one conclusion—Ao Li had gone inside the Boundary Ancestral Mountain.

Bin Ge suddenly made a dash towards the Boundary Ancestral Mountain, attempting to break into the mountain. But he barely entered one thousand meters radius from the mountain when the restrictive formations’ power repelled him.

Impacted by the restrictive formations’ power, Bin Ge’s blood flow became chaotic for a while, and the fury in his heart raged. In the last several billion years, he had tried to awaken the fourteen-winged angel’s soul inside the Jade Angel Wall numerous times. That was how long he had been coveting the treasures left behind by the Radiance Ancestor. But in the end, it fell into the hands of a new imperial courtyard student who had arrived not long ago!

Just thinking of this made Bin Ge want to vomit blood.

“Speak, how long has Ao Li gone in?” Bin Ge snapped at Ao Ping, who was standing some distance away.

Ao Ping shrugged his shoulders nonchalantly and flashed Bin Ge a sunny smile as he said, “About a day. My guess is that he’s probably enjoying himself collecting the Radiance Ancestor’s treasures till his wrists are exhausted.”

Looking at the sunny smile on Ao Ping’s face, Bin Ge looked like he had swallowed something foul. “Why did you not report to us after Ao Li successfully resurrected the fourteen-winged angel’s soul?!”

Yet Ao Ping looked at him weirdly and asked in return, “Why should I report it to you?”

Bin Ge stiffened as a feeling of suffocation blocked his heart. If it weren’t for Ao Ping’s identity, he would have slapped Ao Ping twice over.

Compared to Bin Ge, Bai Hui was much calmer. He stood in midair, silently watching the Boundary Ancestral Mountain. No one knew what was running through his mind at the moment.

An hour later, Ban Ke and Bai Luo arrived one after the other.

Seeing the Jade Angel Wall was no longer there and the Boundary Ancestral Mountain’s formations all activated, their expressions darkened like Bin Ge.

The last to arrive was Dun Hao.

When Dun Hao arrived, he was panting heavily as if he had just finished some strenuous physical labor. But his sullen gaze was fixed on the Boundary Ancestral Mountain, like a ferocious wolf staring at its prey.

He did not speak.

By this time, Bin Ge had already calmed down after his initial outbursts.

While everyone waited with anticipation, half a day later, the Boundary Ancestral Mountain once again lit up as a figure flew out. This person was, of course, Huang Xiaolong.

Eyes lit up at Huang Xiaolong's appearance, especially Bin Ge and Dun Hao's. In a split second, Bin Ge and Dun Hao were already rushing towards Huang Xiaolong, blocking his path.

"Hand over the Radiance Ancestor's treasures!" Immediately after blocking Huang Xiaolong's way, Bin Ge demanded coldly in a harsh superior tone.

Huang Xiaolong calmly said, "According to the Radiance Ancestor's rule, whoever resurrects the fourteen-winged angel's soul can enter the Boundary Ancestral Mountain, and the things inside belong to that person. Since I can enter the Boundary Ancestral Mountain, therefore the things inside are naturally mine. Do you want to rob me in broad daylight?"

Huang Xiaolong had predicted early on that Bin Ge, and the rest would not let him take away the Radiance Ancestor's treasures easily. Since he had dared to come out, he was obviously not afraid of these people robbing him.

Dun Hao snorted and interjected, "Ao Li, who do you think you are? A mere imperial courtyard's new student like you dares to covet the Boundary Ancestral Mountain? A mere low-level Emperor Realm like you cannot possess the Radiance Ancestor's treasures. Not to mention, the Radiance Ancestor's treasures originally belong to the Reverence Moon Academy. Do you intend to steal these treasures? As long as you hand over the Radiance Ancestor's treasures, the four deputy deans will not penalize you, looking at the sake that you're an imperial courtyard's student. Otherwise..."

Bai Luo went on, "Now, return the Radiance Ancestor's treasures to the academy. Looking at the sake that you're the imperial courtyard's new student and are unfamiliar with the academy's rules, we will not punish you this time."

Before Huang Xiaolong could say anything, Ao Ping's laughter interrupted them. Ao Ping glared at Bin Ge, Bai Luo, and the others, "I didn't expect the reputable Reverence Moon Academy's deputy deans are little villains in truth. You're robbing an academy student in broad daylight. Aren't you all afraid of becoming a laughingstock if this spreads out?"

Dun Hao's eyes narrowed as killing intent surged in his heart. He snickered at Ao Ping, "As long as we don't say a word, who would know about this?"

Bin Ge, Bai Luo, and Ban Ke were immediately moved by the idea.

Noticing their expression, Dun Hao laughed inwardly. His indirect suggestion to the four deputy deans was that only dead people could keep secrets!

So, the solution was killing Ao Li and Ao Ping...?!

For an instant, murderous intent surged in Bin He's eyes. Although the aftermath of killing Ao Ping would be troublesome, that much trouble was worth it for the Radiance Ancestor's treasures.

"What? You want to kill us to seal our mouths?" Huang Xiaolong sneered, capturing the murderous gaze in Bin Ge's eyes.

Bin Ge's killing intent intensified at Huang Xiaolong's words, but just as he was about to attack, Bai Hui, who had been keeping silent all this time, spoke, "Ao Li, hand over the Radiance Ancestor's treasures to our Reverence Moon Academy. We can reward you for it. We will offer you a reward that would interest you."

Bin Ge, Ban Ke, and Bai Luo looked at Bai Hui in surprise.

"... Brother Bai Hui, that?" Bin Ge frowned in disagreement.

Bai Hui kept his attention on Huang Xiaolong, "What about it?"

Huang Xiaolong smiled as he asked, "What kind of reward?"

He wanted to hear what kind of reward Bai Hui was referring to that would interest him. Naturally, he was just going to hear Bai Hui out.

"How about this? You will be given the same treatment and benefits as Dun Hao at the academy." Bai Hui thought for a moment, then added, "On top of that, we will add ten thousand pellets of Reverence Moon Divine Pills and also ten million low-grade chaos spirit stones."

Huang Xiaolong couldn't help shaking his head hearing Bai Hui's offer, "These are the rewards that you say would interest me? I'll tell you honestly. I don't need Reverence Moon Divine Pills. Not to mention, they are useless to me. Do you know what pills are there inside the Radiance Ancestor's treasures? There are ten thousand bottles of Angel Soul Jade Divine Pills among the Radiance Ancestor's treasures!"

"What?!! Angel Soul Jade Divine Pills! Ten thousand bottles!" Bin Ge and the others' eyes turned green and scarlet like a beast hearing that.

Angel Soul Jade Divine Pills, ah! Even two pellets were priceless treasures. Not to mention ten thousand bottles, that's...!

Even Bai Hui could not hide the shock from his face. Dun Hao's face turned red, and his breathing became heavy.

"As for your ten million low-grade chaos spirit stones...?" Huang Xiaolong snickered mockingly, "I have several hundred million low-grade chaos spirit stones on me at all times. Do you think I would be tempted by merely ten million low-grade chaos spirit stones? Also, with my talent, enjoying the same treatment and benefits as Dun Hao is a given. So why would I need it to be rewarded to me?" Huang Xiaolong continued as if he could not see Bin Ge and everyone's eyes turning scarlet and the greed in their eyes.

Just when Huang Xiaolong stopped, Bin Ge roared as his momentum exploded and his palm struck towards Huang Xiaolong. Violent godforce of a Sovereign Realm expert swept out, threatening to shatter space.

Seeing that Bin Ge's attack was about to hit Huang Xiaolong in the next moment, a thin arm stretched out from the end of the horizon.

[Chapter 1990: Teeth Knocked Off](#)

It was an ordinary-looking, thin arm that did not exude any power, nor did it emit ten-thousand zhang resplendent lights. It looked like the arm of any ordinary mortal, yet it traversed a great distance from the horizon over billions of miles.

However, the great distance didn't seem to exist for the arm.

The palm stretched open and took on Bin Ge's lethal palm strike.

No, more accurately, the destructive force of Bin Ge's attack was absorbed into the palm. Bin Ge's attack weakened and dimmed immediately the moment it landed on the palm. The entire sequence was like watching a flower bloom and wither in a split second.

Bin Ge blanked for a second and was dumbfounded as he watched the destructive power of his attack disappear into the palm.

Bai Hui, Bai Luo, and Ban Ke, too, were stunned.

Although Bin Ge's strength was second to Bai Hui, he was still a late-First Order Sovereign Realm expert who possessed battle strength stronger than the average Sovereign Realm expert. Since his lethal palm attack was dispersed easily, then this person's strength...?!

Huang Xiaolong and Ao Ping, too, were astounded by the unexpected result.

When Bin Ge had launched his attack, Huang Xiaolong had planned to summon the fourteen-winged angel's soul, Heavenly Hall, City of Eternity, and the one hundred Undead Netherguards to fight it all out.

While everyone was still in shock, the thin arm shrunk back, attracting everyone's attention to a slender figure that had appeared on the horizon. As the figure approached, the sun in the sky elongated his shadow on the ground.

This thin old man held a wooden cane in one hand, and he had a slightly hunched back. He looked as if a gust of wind could easily blow him away.

The old man approached them, walking slowly. The billions of miles between them seemed nonexistent, and it felt as if the old man was standing in front of them instead of at the other end of the horizon.

One, two, three steps, and before anyone realized, he was already standing with them at the Boundary Ancestral Mountain.

When the old man stood in front of them, Bai Hui, Bin Ge, and others shuddered upon seeing his face. Apprehension spread through their hearts as the four of them quickly saluted, "Dean!"

Dean! Reverence Moon Old Man!

Not only Huang Xiaolong and Ao Ping, but even Dun Hao was shocked by Reverence Moon Old Man's appearance.

This was the first time Dun Hao came face to face with Reverence Moon Old Man.

Ao Ping and Dun Hao hastened to kneel in salute, "Greetings, Dean Reverence Moon!"

Whereas Huang Xiaolong slightly bowed as he saluted the old man. It was similar to how he had greeted Bai Hui and the other three deputy deans. "Dean."

Reverence Moon Old Man smiled warmly at Huang Xiaolong, and it even looked a little bit doting as he spoke, "Child, you're finally here. Rise."

Finally here? Huang Xiaolong was baffled.

Bai Hui, Bin Ge, Dun Hao, and the others were about to get up and straighten their bodies, but Reverence Moon Old Man's face darkened as he snapped, "I didn't tell you all to rise!"

Bai Hui, Bin Ge, and everyone's actions stiffened, and embarrassment flashed across their faces. However, none of them dared to defy Reverence Moon Old Man's words. Thus, all of them returned to their saluting postures.

Reverence Moon Old Man subsequently permitted Ao Ping to rise and continued to neglect the rest.

"Do you know why I didn't permit you all to rise?" Reverence Moon Old Man spoke flatly.

Bin Ge braced himself and answered, "We do not."

"Don't know?" Reverence Moon Old Man harrumphed coldly. The wooden cane in his hand swung out, striking Bin Ge in the face. Bin Ge was startled, but just as he wanted to dodge, the wooden cane had already hit him. The force knocked him backward and sent him rolling over the ground. He rammed into a boulder in the distance.

To Dun Hao's horror, he saw that several of Bin Ge's teeth were knocked out of his mouth and scattered on the ground.

Bin Ge was a late-First Order Sovereign Realm expert, but his teeth were knocked out with one strike from Reverence Moon Old Man's cane!

The outside world would be in a furor if they knew this.

Reverence Moon Old Man looked at Bin Ge, who was now missing some teeth, and asked, "Do you know now?"

Bin Ge lowered his head in a fluster, "Disciple knows!"

Although the four of them were the Reverence Moon Academy's deputy deans, they were also the academy's first batch of students. They had received guidance from both Reverence Moon Old Man and Radiance Ancestor. Thus, all four of them could be considered as Reverence Moon Old Man's semi-disciple.

Hearing Bin Ge's confession, Reverence Moon Old Man nodded his head, but his words were not merciful, "Here, I think that you don't put this old man in your eyes anymore. Your subpar fighting power's arrogance so blinds you."

“Disciple dares not!” Bin Ge hurriedly pleaded as his head lowered even further. He couldn’t even dare to resent Reverence Moon Old Man. However, his determination to kill Huang Xiaolong escalated. In his opinion, if it weren’t for Ao Li causing ruckus everywhere, he wouldn’t have ended up in such a sorry state, having his teeth knocked off by Reverence Moon Old Man’s cane.

Then, Reverence Moon Old Man’s cane swung out again, hitting Bai Hui, Bai Lui, and Ban Ke. All three were knocked into the air, and their teeth flew out from their mouths.

Bai Hui was considerably stronger than Bin Ge, and even Elan was no match against Bai Hui, yet Bai Hui didn’t even have the power to dodge a beating from Reverence Moon Old Man.

“I had exhorted the four of you to take care of the Reverence Moon Academy, but look at what you have done to it for all these years?!” Reverence Moon Old Man went on coldly, “Do you think that your wings had grown hard enough that you can disregard this old man? Do you think I’m going to die soon, so the four of you can do as you please? Do you think you can ignore the words and rules the Radiance Ancestor set back then? Ignoring the rules I set?!”

Cold sweat dampened Bai Hui, Bin Ge, Ban Ke, and Bai Luo’s back, as every word Reverence Moon Old Man uttered was like a hammer to their hearts.

“These disciples have no such intentions!” All four proclaimed innocence, shaking their heads vehemently.

“Have no such intention?” Reverence Moon Old Man snorted, “That’s what it looks like to me!” He thumped his wooden cane heavily against the ground, and the entire Reverence Moon Academy, no, it was the entire Reverence Moon Divine City that quaked violently.

The imperial courtyard was located within an independent space. Still, Reverence Moon Old Man’s power passed through the barrier of space as he merely thumped his cane on the ground, traveling outward and affecting the entire Reverence Moon Divine City.

This had completely exceeded everyone’s threshold of knowledge.

Reverence Moon Old Man then turned his attention to Dun Hao, speaking in the same cold and indifferent tone, “I won’t bother punishing you, in case others accuse me of bullying juniors. Someone else will teach you a lesson in a few days. Leave now!”

Dun Hao thanked Reverence Moon Old Man in apprehension and left cautiously. His face was deathly pale, and he looked more than a little out of sort.

“Alright, the same with you all!” Reverence Moon Old Man said to Bai Hui, Bin Ge, and the other two, “However, I hope you remember that as long as this old man is still alive, my words are final in the Reverence Moon Academy!”

Bai Hui, Bin Ge, Bai Luo, and Ban Ke quickly thanked Reverence Moon Old Man and sped away.

Reverence Moon Old Man turned to Huang Xiaolong and said smilingly, “My age is catching up. I am old and useless now. My shoulders are sore from swinging the cane a few times.”

Huang Xiaolong was utterly speechless, old, and useless? So old and useless that you can knock off the four deputy deans’ teeth...?

“You’re old but vigorous.” Huang Xiaolong complimented.

Reverence Moon Old Man smiled amiably, flashing two rows of sparkling white teeth, “Is it still you, who is pleasing to my eyes, and also speaks well?!” He glanced over at Ao Ping and said, “Kid, wait a while here, I’m going inside to speak with this kid.”

Ao Ping was beside himself, feeling flattered as he hurried to agree.
