

# INVINCIBLE 1995

## [Chapter 1995: Five Colored Divine Pill](#)

“Two supreme godheads!”

Everyone broke out into fervent discussion. Even Ao Ping couldn't help but gasp in surprise.

Even though a supreme godhead wasn't anything special in the Reverence Moon Academy, an individual possessing two of them was something that they had never seen in their life.

“Two supreme godheads! Ah, this has never been seen before in the history of the Radiance World! No, it hasn't been seen even in the myriad of worlds! It's no wonder Dun Hao is the number one individual in the younger generation!” One of the experts from the Radiance Divine Church yelled out in shock.

“That's right! With Dun Hao's talent, breaking through into the Sovereign Realm is only a matter of time! He might even break into the high-level Sovereign Realm and become the strongest individual in the myriad of worlds!” One of the disciples, who was Dun Hao's follower, screamed.

“I don't think so. I've heard that Huang Xiaolong has three supreme godheads and three Archdevil bloodlines!” An expert from another world interrupted.

“Bullsh\*t! How can someone have three supreme godheads? That is just a baseless rumor circulating outside! Huang Xiaolong can't possess three supreme godheads! Neither is it possible for him to have three Archdevil bloodlines!” One of the pontiffs sneered. “Dun Hao is the most talented individual in the younger generation, and no one can challenge his place!”

“That's right! Dun Hao is the number one genius! Hasn't the arena been here for more than nine years?! That phony you call Huang Xiaolong doesn't even dare to challenge our Highness! He's probably hiding in his turtle shell somewhere! Can't you see that he is afraid of the Son of Light?! Huang Xiaolong should learn his place!” Several students from the imperial courtyard and pontiffs from the Radiance World sneered.

“Even if Huang Xiaolong comes, he might not be able to take five attacks from Dun Hao!”

The shock of Dun Hao possessing two supreme godheads threw everyone into a frenzy. It seemed as though they had already forgotten how 'Ao Li' had sent him flying away with a single punch.

As Dun Hao rose into the air once again, the two supreme godheads emitted brilliant rays of light above him. As it shone down on the arena, the aura around Dun Hao's body started to rise once again. The injuries he had suffered healed in an instant.

“Ao Li, are you feeling desperate?! Do you know what despair feels like?!” Dun Hao crossed his arms and stared at Huang Xiaolong. “I bet that you never expected for me to possess two supreme godheads! I'm the first person since the creation of the universe to possess two supreme godheads! Right now, you have angered me. I shall crush you like the bug you are, and you shall die a miserable death!”

“Are you ready to die?! Are you shaking in your boots right now?!”

The light around Dun Hao's body increased in intensity all of a sudden, and it poured out of his body unceasingly. It was as though the holy light from the heavens had blessed him as he hovered in the air above Huang Xiaolong.

"That's the endless sacred light from the twelfth level of Radiance Divine Tome!" An ancestor yelled.

"In the rumors, the protection of the endless sacred light will allow one to recover quickly no matter the type of injury! It won't be easy for anyone to penetrate his defenses either!"

Everyone stared at Dun Hao in shock.

As for Huang Xiaolong, he remained expressionless when he stared at the 'glowing' Dun Hao. He had long guessed that there was a possibility of Dun Hao possessing two supreme godheads. It wasn't breaking news to him.

"Radiance Wind Chasing Divine Fist!"

Dun Hao moved suddenly, and his fists shot towards Huang Xiaolong without warning. As the fists approached, they looked like massive boulders smashing towards him. Huang Xiaolong was like a defenseless kid as he stood before the two gigantic fists. It seemed as though he would be swallowed whole by Dun Hao's attack.

The Radiance Wind Chasing Divine Fist was a secret art that combined both radiance energy and wind energy. As long as there were light and wind, the power of the fist would never diminish.

As Huang Xiaolong stared at the incoming punch, the three supreme godheads in his body started to move. As energy poured out of them, the three devil steles started to tremble as well.

Huang Xiaolong raised his fists and welcomed the punch with his own.

As boundless godforce emerged from Huang Xiaolong's fist, curse runes, blood-red light, and sharp blades followed closely behind.

**BOOM!**

The heavens and earth shook when the attacks collided.

The arena that had been refined by high-level Emperor Realm experts started to tremble, and cracks started to appear on the stage.

Dun Hao was sent smashing into the stage. He vomited mouthfuls of blood, and horrifying curse runes appeared on his body. That wasn't all. Eventually, blood burst out of his body, forming bloodied holes. They resembled the eye of the devil, and the sight of it caused one's heart to palpitate.

With the rapid change in the situation, those screaming about how Dun Hao was the number one talent in the younger generation failed to react. They stared at the scene before them with their bodies stiff.

Everyone present felt a bomb going off in their minds.

Is the person lying down on the stage really Dun Hao, who had revealed his two supreme godheads?!

Wasn't the twelfth level of Radiance Divine Tome supposed to provide endless sacred light? Wouldn't he be able to recover from his injuries in an instant?! Everyone stared in shock and disbelief at Dun Hao, who was vomiting blood non-stop since crashing into the ground. His miserable cries were only interrupted by his painful struggles in the arena.

For someone with his willpower to scream in pain, everyone could only imagine the pain he felt.

Fortunately for Dun Hao, mysterious energy emerged from the depths of his body. With the help of this mysterious energy, the power of the Myriad Curses Devil Stele and the Blood Eye Devil Stele became suppressed.

Dun Hao shakily brought out a five-colored divine pill, and the instant it appeared, medicinal fragrance filled his surroundings. Even experts standing at the plaza's edges felt their bodies loosening up when they caught a whiff of the medicinal fragrance.

"This... This is the Five-Colored Divine Pill!" An ancestor-level expert exclaimed in surprise.

The expressions on everyone's faces changed.

"Five-Colored Divine Pill! Legends have it that it has the ability to bring the dead back to life! They were said to be refined by a Pill God in the past! There were only five of them in total, and the pills surpassed the level of a high-level grandmist spiritual pill! It can even compare to a rank one origin pill! Even Sovereigns would be able to recover after taking one of those!"

A fire burned in the spectators' eyes as they stared at the Five-Colored Divine Pill in Dun Hao's hand.

It was too bad Dun Hao swallowed it before any of them could react. The power of the two devil steles became suppressed by the divine pill's energy the instant he swallowed it. The injuries on his body started to heal, and unimaginable power surged out from within him.

Huang Xiaolong was shocked. The Five-Colored Divine Pill is comparable to a rank one origin treasure?! How can there be such a divine pill in the myriad of worlds?! Wouldn't that mean that the pill was more precious than the Angel Soul Jade Divine Pill?!

Just as Huang Xiaolong was recovering from his shock, Dun Hao raised his head and roared to the skies. A mighty wave of energy rolled out of his body once again, and a massive phantom formed from light appeared behind him.

As soon as it appeared, everyone felt a suffocating amount of radiance energy fill the world.

"This... It's an archdevil bloodline!"

Chaos broke out in the crowd once again.

The Son of Light Dun Hao not only has two supreme godheads, but he also has an Archdevil bloodline!

Before they could react to the sudden change, another phantom appeared behind Dun Hao.

"Two... Two Archdevil bloodlines!" A pontiff felt his lips trembling as he spoke.

Two supreme godheads and two Archdevil bloodlines! That was the Son of Light Dun Hao's true strength!

## [Chapter 1996: I am Huang Xiaolong!](#)

When they saw the two massive phantoms formed from the light behind Dun Hao, everyone felt their blood boiling!

Even Ao Ping couldn't believe his eyes.

Of course, Ao Ping was the number one genius in the Dragon World. Not only did he possess a supreme godhead, but he also had an innate Peculiar Dragon Physique. His talent surpassed his father, the current ruler of the Dragon World. It was a shame that the talent he prided himself paled in comparison to Dun Hao.

"Two supreme godheads and two Archdevil bloodlines! How can there be such a talented individual under the heavens?!" An ancestor-level figure muttered to himself.

After revealing his Archdevil bloodlines, the aura around Dun Hao's body rose to another level. A horrifying pressure appeared in the air, and a brilliant glow surrounded him. Life force poured out from him, and he stood his ground as though he was the ruler who controlled everyone's life and death in the Radiance World. He portrayed the image of the reincarnation of radiance itself! He was the embodiment of the radiance origin energy!

Huang Xiaolong stared at the two light phantoms behind Dun Hao and swallowed a mouthful of saliva in shock. It was no wonder Dun Hao had managed to break into the Fourth Order Emperor Realm with less than thirty thousand years of cultivation.

However, joy soon overwhelmed his shock. He turned to stare at Dun Hao with a burning gaze, as though he had discovered some sort of priceless treasure.

Two Archdevil bloodlines!

It was clear that they were high-grade bloodlines. To Huang Xiaolong, Dun Hao's Archdevil bloodlines were like potent tonics.

As long as he managed to devour Dun Hao, he would definitely be able to strengthen the three Archdevil bloodlines in his body!

Dun Hao glared at Huang Xiaolong with bloodshot eyes, and killing intent spewed out from every pore in his body. "I was planning on refining the Five-Colored Divine Pill when breaking through to the Sovereign Realm. You made me waste a Five-Colored Divine Pill!"

"I didn't wish to activate my Archdevil bloodlines, but you forced me to!"

"Ao Li, let me tell you right now. You are going to die a miserable death!"

Dun Hao's voice resounded through the plaza, and it dripped with bitter resentment.

"There is no way for Ao Li to escape this time!" One of the maidservants standing behind He Jingyi stared at the light phantoms behind Dun Hao and muttered in shock.

He Jingyi nodded her head. "Even though Ao Li has heaven-defying talent, there is no way he will be able to fight with Dun Hao, now that he has activated his two Archdevil bloodlines."

“Young lady, Dun Hao has been extending his invitation for you to visit him in his manor. It’s clear that he is expressing his interest in you. In my opinion, Dun Hao is the only person capable of matching up to you!” The maidservant continued. “With His Highness Dun Hao’s talent, it’s a matter of time before he breaks into the Sovereign Realm. He might even be able to enter the high-level Sovereign Realm! The Radiance Divine City will definitely be able to unify the Radiance World, and with their help, our Misty Palace might be able to unify the Hell Asura World!”

A mysterious light flashed in He Jingyi’s eyes, but she didn’t respond.

It was true. That was a pretty good choice to make.

Even though she was a proud daughter of the heavens, her talent was far too lacking when compared to Dun Hao. If she managed to become Dun Hao’s woman, it would benefit both her and the Misty Palace.

Just when everyone felt that they had seen Ao Li’s sorry fate, the light around Huang Xiaolong’s body started to move. A supreme godhead slowly emerged, and it seemed to support the heavens with its presence alone.

Of course, everyone felt a little surprised when Huang Xiaolong revealed a single godhead. However, their shock soon subsided. After all, they had long realized his identity as a genius. It was nothing for him to be able to possess a supreme godhead.

It was too bad that Huang Xiaolong didn’t plan to hide his strength as another supreme godhead appeared in a flash of light.

“Two... Two supreme godheads!” The plaza erupted once again. “Ao Li actually has two supreme godheads!”

“So what if he has two supreme godheads? Even if he has two supreme godheads, he won’t be able to defeat Dun Hao! The Son of Light not only has two supreme godheads, but he also has two Archdevil bloodlines!”

Before they could convince themselves that Dun Hao would still emerge victoriously, another light flashed, and under the shocked gazes of everyone present, a third supreme godhead emerged.

“Three... Three supreme godheads!”

Everyone felt the blood draining from their faces.

Even Ao Ping felt his jaws dropping in fright. “Mother...”

Without waiting for their reaction, a massive golden phantom appeared behind Huang Xiaolong.

“Arch... Archdevil bloodline!”

One of the ancestors behind Qin Huangzhong yelled in shock.

The expressions on the spectators’ faces changed once again.

“How can Ao Li possess an Archdevil bloodline? Doesn’t he already have three supreme godheads?!” The maidservant behind He Jingyi felt a bomb going off in her head.

Another phantom appeared behind Huang Xiaolong.

“Two... Two Archdevil bloodlines!”

Everyone felt their heart skipping a beat when they saw Huang Xiaolong’s second Archdevil bloodline.

It was too bad Huang Xiaolong wasn’t done yet . When the third phantom appeared, the heavens and earth seemed to come to a standstill as everyone stared at Huang Xiaolong in stunned silence.

Three supreme godheads and three Archdevil bloodlines! The number alone completely suppressed Dun Hao’s ‘talent.’ So what if he had two supreme godheads and two Archdevil bloodlines?! Dun Hao, who had shocked the world with his talent, seemed to shrink in his spot.

The savage look of delight froze on Dun Hao’s face, and the bloodthirst was nowhere to be seen. The blood drained from his face as he felt suffocated.

“Are you Huang Xiaolong?!” No one knew when, but an ancestor-level figure in the crowd yelled in shock.

His question seemed to bring everyone back to attention as everyone in the plaza turned to stare at ‘Ao Li.’

“That’s right. I am Huang Xiaolong!” Huang Xiaolong removed the disguise on his face. He revealed his original appearance as he stood tall in the middle of the arena.

He had hidden his identity in order to enter the Reverence Moon Academy. Of course, the main reason was to look for the Radiance Ancestor’s treasures. Now that he had found it, it no longer mattered whether or not he hid his identity.

“What? Huang Xiaolong?! The King of Hell?!”

“Ao Li is actually Huang Xiaolong! The rumors about Huang Xiaolong possessing three supreme godheads and three Archdevil bloodlines are true!”

The experts who were present in the plaza broke out into discussion.

Dun Hao retreated several steps, and a look of terror appeared on his face. “Huang Xiaolong?!” Before he completed his sentence, he rose into the air to escape.

He no longer bothered about the bet nor the fight. Who the f\*ck cares about those?! I need to get away!

“Running away?!” Huang Xiaolong stared at Dun Hao’s figure, and he chuckled. As he rose into the air, the four lightning pools in the space between his eyebrows started to shake. The three devil steles trembled, and Huang Xiaolong raised his hand to send a slap flying towards Dun Hao.

Under the horrified and desperate gaze in Dun Hao’s eyes, Huang Xiaolong’s palm came smashing down.

“NO!” Dun Hao roared with indignation as the Four Spirits Divine Armor on his body revolved at full power.

“Huang Xiaolong, you dare...” Several tens of figures appeared from the shadows as they charged towards Huang Xiaolong. They were precisely the guards who were sent to protect Dun Hao.

In an instant they appeared, Huang Xiaolong summoned the Heavenly Hall and City of Eternity. He welcomed their attacks with both treasures as the slap he sent towards Dun Hao went crashing down.
