

INVINCIBLE 2007

[Chapter 2007: Crushing the Brightness Emperor](#)

As the runes entered the bodies of those controlled by their inner demons, they slowly opened their eyes as they snapped back to reality.

When Dun Ei saw the unclouded look in their eyes, he knew that it was a matter of time before they snapped back to reality.

Dun Ei roared with laughter, "Huang Xiaolong, your Heart of Hell is nothing more than decoration when faced against me! My Radiance Heart Cleansing Mantra can stop you from controlling the inner demons of my troops! What other tricks do you have up your sleeves?"

Dun Ei's laughter got louder and louder as it boomed across the battlefield.

"Is that so?" Huang Xiaolong remained indifferent as he stared at Dun Ei, who was laughing his face off.

Before Dun Ei could react, the bishops who seemed to have regained their clarity turned berserk once again. They attacked those around them in a maniacal fashion, regardless if they were allies or foes.

Dun Ei choked on his laughter, and he stared at the scene before him in shock.

"Hurry! Continue to chant the Radiance Heart Cleansing Mantra!" Dun Ei roared at the pontiffs behind him.

It was too bad no matter how many runes entered the bodies of the bishops Huang Xiaolong controlled, they were completely useless.

"This is not possible! The Radiance Heart Cleansing Mantra is the strongest heart cleansing method! It can stop all evil! What's going on?!" Dun Ei stared at Huang Xiaolong with a crazed expression in his eyes.

If his Radiance Heart Cleansing Mantra was really unable to awaken all the bishops controlled by Huang Xiaolong, things would get out of hand. It wouldn't take a genius to figure out what would happen when so many experts turned against him.

Huang Xiaolong stared at Dun Ei and snickered under his breath. The Heart of Hell's power wasn't something the likes of Dun Ei could figure out. If his Radiance Heart Cleansing Mantra could stop the attack from the Heart of Hell, it wouldn't deserve its name as the Heart of Hell.

Everyone had inner demons. There was no need to mention Emperor Realm experts when even Sovereigns could not free themselves from all desires. Without a pure heart, one would never be able to escape from the control of the Heart of Hell.

Of course, there were limits to the strength of the Heart of Hell. With Huang Xiaolong's current strength, he could only control those who were Fifth Order Emperors or weaker.

If he were to try to control anyone stronger, the effects wouldn't be as good.

As he controlled the experts to turn around and kill the Radiance Divine City's army, he turned to look at an old man located somewhere on the battlefield. The old man had a strange tattoo in the space between his eyebrows, and there was a calm look on his face as he killed his way around.

Every time he waved his arm, a huge group of Radiance Knight would turn into ash. Even if they were archbishops from the Radiance Knight Corp, they couldn't avoid disaster.

Lu Kun!

The old man was the traitor of the Netherworld King's Organization, Lu Kun!

He was the reason a ton of Senior Commanders, Junior Commanders, supervisors, and even disciples had betrayed the Netherworld King's Organization.

Seemingly able to feel the killing intent coming from Huang Xiaolong, Lu Kun sent an archbishop from the Radiance Knight Corp flying with a single palm before turning to face him. His sharp gaze pierced through space and landed on Huang Xiaolong's body.

His gaze was an ancient soul attacking art, and even high-level Emperors wouldn't be able to escape unscathed from Lu Kun's sudden attack,

It was too bad that the Moon Jade heavenly Spiral Shell in Huang Xiaolong's godsea emitted a brilliant silver glow to withstand Lu Kun's sneak attack. Huang Xiaolong's Emperor will turned into a tiny chaos ax ready to defend him at any time.

When Lu Kun's soul attack smashed into the Moon Jade Heavenly Spiral Shell and the tiny chaos ax, a ringing sound echoed in Huang Xiaolong's head. However, he felt nothing.

"Huh?" Lu Kun stared at Huang Xiaolong in shock. He never expected Huang Xiaolong to stop his attack so easily.

"Huang Xiaolong!"

"Lu Kun!"

Their gazes met, and they saw the burning killing intent in each other's eyes.

They wanted nothing more than to tear each other into pieces.

"Lu Kun, you betrayed the Netherworld King's Organization. Based on our rules, you shall receive the death sentence!" Huang Xiaolong glared at Lu Kun coldly.

Lu Kun burst into laughter the moment he heard what Huang Xiaolong said. He pointed at Huang Xiaolong and started to curse, "Huang Xiaolong, are you going to be meting out the punishment? With your strength? Don't kid yourself. Do you think that the little id*ots around you will be able to do anything to me?" Without a doubt, Lu Kun felt that the Netherguards and angels around Huang Xiaolong wouldn't be able to do a thing to him.

"The winner is always the king. Since the beginning of time, the winner has always been right. Stop calling me a traitor. As long as I kill you today, I can say anything I want! I'll tell everyone that you

conspired with the Radiance Knights to drive the Netherworld King's Organization to ruin. As long as I kill you, I will be the savior of the Netherworld King's Organization!"

"If not for you, I would have already been in control of the entire organization! I would be the ruler of all three worlds in Hell!"

A surge of killing intent left Lu Kun's body the moment the words left his mouth. His body transformed into a ray of light as he charged at Huang Xiaolong.

The ray of light that was flying at Huang Xiaolong wasn't made up of afterimages. It was an actual ray of light that was shooting towards Huang Xiaolong.

In the blink of an eye, Lu Kun's palms were already flying towards Huang Xiaolong's face...

"Junior Brother, be careful! That's the Myriad Appearances Demonic Art!" Jiang Hong yelled at Huang Xiaolong.

The Myriad Appearances Demonic Art was one of the strongest techniques in Hell. As long as one completely comprehended the technique, that person could transform into anything they wanted. That was real transformation, and it wasn't a mere illusion. The only person who had managed to cultivate the Myriad Appearances Demonic Art was the Myriad Appearances Demon in the past.

After the King of Hell had killed him, no one had successfully cultivated his special technique.

Right now, it seemed as though that wasn't true. Lu Kun had already achieved some accomplishments in the technique.

When Huang Xiaolong heard Jiang Hong's warning, his heart constricted. Luckily for him, he had already made his preparations. The instant Lu Kun made his move, the City of Eternity emerged from his body. Blinding light appeared in the space before him as the twelve angels arranged the Radiance Formation to defend Huang Xiaolong.

The one hundred Undead Netherguards didn't remain idle. They arranged the Undead Formation in an instant to defend against Lu Kun's attack.

The Four Spirits Divine Armor appeared around Huang Xiaolong's body in a flash as the four divine spirits appeared to protect him.

Boom!

The City of Eternity and the two formations slammed into the beam of light at the same time.

However, that didn't seem to be all. A glowing sword appeared behind Huang Xiaolong and pierced towards his heart. The four divine spirits were shattered instantly, and the tip of the sword continued to pierce towards Huang Xiaolong. Right before Huang Xiaolong turned into a human skewer, four figures appeared behind him. They didn't hesitate as they sent the person who carried out the sneak attack flying.

Bang!

A figure shot out, and the sword in his hand flew away.

When Huang Xiaolong turned to look at the assassin, he realized that it was the Brightness Emperor, Lan Zhi. Lan Zhi vomited mouthful after mouthful of blood, and he stared at the four odd beasts with a face full of shock.

Before he could react, the four odd beasts had already transformed into beasts several tens of thousands of feet tall. They started their attack, and palms rained down on Lan Zhi.

“Lan Zhi, since you’re here, you don’t have to leave!” Huang Xiaolong revealed a frosty look in his eyes and glared at Lan Zhi.

Lan Zhi panicked and wanted to run, but more than seventy ice dragons appeared behind him before he could escape. Waves after waves of frigid qi surged towards Lan Zhi.

The sheer amount of frigid qi froze everything around Lan Zhi, and even the space around him was affected.

Unable to move, Lan Zhi could only watch as the four odd beasts’ attack arrived before him.

“No!” As though he had already seen his gruesome end, Lan Zhi yelled in shock and terror, “Senior Brother, save me!”

Before Dun Ei could do anything, eight palms landed on Lan Zhi’s body. He exploded into a mist of blood before Dun Ei could utter a single word.

[Chapter 2008: The Revival of the Radiance Ancestor?!](#)

Lan Zhi wasn’t even able to complete his cry for help when he was turned into a mist of blood by the four odd beasts.

His godhead floated in mid-air, and spider web-like cracks formed on its surface. If any other peak late-Tenth Order Emperor had been in his place, they would be dead beyond a doubt if they were reduced to that state. However, that was Lan Zhi they were talking about. Everyone could feel that there was a trace of life left in his godhead.

A trace of light slowly emerged from the depths of his godhead.

It was too bad that a tiny chaos ax formed in mid-air and slammed down on Lan Zhi’s broken godhead. A loud explosion resounded in the air as Lan Zhi’s godhead exploded into a million tiny pieces.

The Brightness Emperor, Lan Zhi, was dead!

When the bishops and pontiffs of the Radiance Divine City saw what happened to Lan Zhi, they felt a tremor running through their hearts.

That was Brightness Emperor Lan Zhi they were talking about! He was the master of the second-ranked Emperor Palace in the Divine World! His prestige didn’t lose out to Feng Chu of the Fiend God Emperor Palace in the slightest, and his name had resounded through the Divine World for countless years!

Not to mention that Lan Zhi was the junior brother of Dun Ei, the self-proclaimed leader of the Radiance World! His reputation in the Radiance World was unshakable! However, he was dead!

His death shocked everyone from the Radiance World.

After the tiny chaos ax smashed Lan Zhi's godhead into smithereens, it disappeared. It was as though it had never appeared in the first place.

Without a doubt, the ax that destroyed Lan Zhi's hopes of surviving was the manifestation of Huang Xiaolong's Emperor's will. It was the strongest blow Huang Xiaolong could muster!

"Huang Xiaolong!" Dun Ei glared at Huang Xiaolong with bloodshot eyes. He threw a massive seal in the air and sent it flying towards Huang Xiaolong with his killing intent piercing the heavens.

The massive seal he threw was comparable in size to a mountain, and it emitted rays of brilliant light. There were countless arrays lining it, and even the strongest arrays present in the Radiance World could be seen shining on the surface of Dun Ei's seal!

The seal was none other than the Radiance Divine Seal!

In the eyes of the pontiffs and significant superpowers, the person who held the Radiance Divine Seal was the leader of the Radiance World!

As the seal appeared in the space above Huang Xiaolong's head, it smashed downwards without the slightest warning.

Lu Kun, who had been forced to retreat by the City of Eternity and the twelve winged angels, transformed into a massive blade that slashed towards Huang Xiaolong.

With the threat of the Radiance Divine Seal smashing him into a paste, a brilliant light emerged from the top of Huang Xiaolong's head. Sixteen wings appeared behind him, and radiance divine runes swirled around them. A trace of mysterious energy surged out from the runes without any signs of stopping.

Seemingly able to feel the resonance from Huang Xiaolong's sixteen wings, the Radiance Divine Seal started to slow down. It eventually came to a stop right before it smashed Huang Xiaolong into a paste.

As for the massive blade Lu Kun had transformed himself into, he was stopped by the City of Eternity and Huang Xiaolong's twelve winged angels along with the one hundred Undead Netherguards.

Boom!

Blade qi erupted from the point of collision and slashed into all the unlucky troops of the Radiance Divine City who failed to dodge in time. They couldn't even cry out in pain when Lu Kun's blade qi slashed them to bits as they were completely vaporized the instant they came into contact with it.

When the blade qi landed on Huang Xiaolong's Four Spirits Divine Armor, he stumbled several steps backward.

Despite the tiny setback Huang Xiaolong faced due to Lu Kun, Dun Ei wasn't happy at all. Instead, a gloomy expression hung on his face as he desperately tried to recall the Radiance Divine Seal. No matter how hard he tried, it wouldn't listen to his command. It was as though he had lost all connection with it!

"This... This is not possible!" Dun Ei roared.

He had refined the Radiance Divine Seal for several hundred million years. It had long turned into his possession. Losing connection with it wasn't supposed to happen!

Sixteen wings!

Huang Xiaolong's sixteen wings!

He glared at the eight pairs of wings on Huang Xiaolong's back with hatred burning in his eyes. It was clear that he wanted to tear them off his back before blasting them into nothingness!

"Nothing is impossible," Huang Xiaolong sneered. "Dun Ei, I have already accepted the Radiance Ancestor's inheritance. The sixteen wings are formed with the power of his inheritance. It's formed from the origin power of the Radiance World. The Radiance Divine Seal was created by the Radiance Ancestor using the Radiance World's origin energy. As long as the seal enters the area controlled by the aura of my sixteen wings, it will belong to me!"

Huang Xiaolong had thought that he wouldn't be able to force Dun Ei to take the Radiance Divine Seal out. If Dun Ei refused to take it out, he would never be able to obtain the Radiance Divine Seal. From the looks of things now, it seemed as though he had thought too much.

However, terrifying shockwaves soon blasted Huang Xiaolong before he could rejoice.

Turning around, Huang Xiaolong looked at how the Ascending Moon Old Man suppressed Old Monster Lun Zhuan. Cang Mutian was locked in a fierce battle with the King of Shadows, and Elan was fighting against Chiyou. Jiang Hong fought tirelessly against Chu Han of the Massacring Gods Gate, as Cang Zongyuan smashed Lin Cheng's face in.

The five massive battles between the ten Sovereigns caused the space around them to collapse as chaos airflow appeared in the fractures of space they caused.

Some of the world surfaces that were located closer to the Sovereigns' battlefield started to collapse even though the ten of them didn't target them. The earth cracked, the mountains shattered, and the seas turned over. Rivers flowed in reverse, and cities crumbled to the ground.

Huang Xiaolong no longer bothered about the battles between the Sovereigns, and he turned his attention back to Lu Kun. The Radiance Divine Scepter appeared in his hand as he swiped it towards Lu Kun with a sudden flick of his wrist. Radiance Divine Flame that covered an area of several hundreds of thousands of feet around the cane shook the galaxies around them. Summoning the Heavenly Hall, Huang Xiaolong held nothing back as he controlled the Radiance Divine Seal to smash towards Lu Kun at the same time. The three most important artifacts of the Radiance World surrounded Lu Kun in an instant.

When the three artifacts formed a perfect triangle, they emitted a horrifying pressure, and a beam of light pierced the heavens. As though the sun itself was undergoing a supernova, the beam of light illuminated the entire world. Even the experts who were hiding far away could see the massive pillar of light.

In the next instant, a massive figure made from light emerged from the pillar of light. Everyone in the Radiance World stared at the figure in shock.

"That... That's the Radiance Ancestor! Is this the revival of the Radiance Ancestor?!"

"No! That's the soul imprint of the Radiance Ancestor!"

Countless experts saw the massive figure of light, and shock gripped their hearts.

When the three supreme artifacts of the Radiance World resonated with each other, they managed to awaken the trace of the soul the Radiance Ancestor had left behind!

Even though it was only a trace of his soul, it possessed the entire might of the Radiance World. The experts watching the battle were terrified, and Dun Ei felt his body trembling like a leaf in the wind.

The massive figure flipped his palm as everyone was staring at it in shock. Radiance energy started to gather in its palm, and it was as though it held the entire might of the Radiance World in its hands. Without hesitation, it slapped downwards at Lu Kun.

Even though Lu Kun had already entered the Sovereign Realm and had cultivated the Myriad Appearances Devil Art, he couldn't help but stare at the attack in shock. He knew that if the palm landed on him, he would be dead beyond a doubt.

With his cultivation, there was no way he could avoid the attack! After all, he had broken into the Sovereign Realm not too long ago!

Lu Kun raised his head to the heavens and released a guttural cry. Blacklight poured out from his body, and a pitch-black armor appeared around him. A crimson devil scorpion could be seen on the armor's chest plate, and the devil scorpion had two heads. There were violet devil runes that ran around the armor.

"That's the top-grade grandmist artifact, the Crimson Scorpion Armor!"

Several old monsters recognized the armor, and they gasped in shock.

Lu Kun didn't dare to dally as something else appeared in the space above him. The object that appeared was like the alms bowl a monk would bring around with them, but countless ghastly creatures roamed around inside it.

"That's the Ghost Bowl!"

The Ghost Bowl was another high-grade grandmist artifact!

Lu Kun poured his energy into the Crimson Scorpion Armor and the Ghost Bowl as he took on the palm flying towards him.

Buzz!

In an instant the palm landed on him, it was as though the world fell apart.

The Ghost Bowl was sent flying, and it failed to stop the giant palm for even a fraction of a second. As Lu Kun's last line of defense, a massive crimson scorpion appeared from his armor.

Lu Kun raised both his arms and summoned all the strength he had left in him to resist the palm strike.

With him focused on the giant palm, he failed to notice Huang Xiaolong's actions. A mirror appeared in Huang Xiaolong's hand, and no one knew when it appeared. The instant it made its appearance, a supreme demonic might enveloped the world, and terror gripped the hearts of everyone present.
