

# INVINCIBLE 2025

## Chapter 2025: Reappearance of the Devil Stele

The members of the Devil-eyed Blue Lion Empire were flying cautiously when a crushing pressure descended on them. The world spun around them, and the next thing they knew, they appeared in front of a youngster riding an azure cow. There was a black-robed middle-aged man standing beside the massive cow.

The aura this black-robed man exuded was something none of them dared to challenge. It was like they were standing before an insurmountable mountain.

When their gazes landed on the youngster seated on the azure cow, their expressions changed.

“Huang Xiaolong!” A Tenth Order Emperor Realm ancestor yelled in shock.

“What?! Why is Huang Xiaolong here?” Some of the other ancestors from the Devil-eyed Blue Lion Empire who didn’t recognize him felt like a bomb going off in their heads when someone mentioned his name.

In the past, Huang Xiaolong had exterminated the Black Killer Sect, Hundred Transformations Sect, and the Lightning Beast Valley. The only people who had escaped were Chiyou, The Violent Lightning Archdevil Ancestor, and Zong Chenxie.

Even the sect leader of the Black Killer Sect, Cui Huajie, had died at his hands.

The battle had shaken the entire Devil World and Devil Beast World.

When Huang Xiaolong realized that there was an ancestor from the Devil-eyed Blue Lion Empire who recognized him, he wasn’t surprised at all. Instead, he asked, “Speak. Why are so many experts from your Devil-eyed Blue Lion Empire and the Heaven Devouring Empire here?”

A trace of panic flashed through the eyes of the ancestor Huang Xiaolong directed the question to.

The Tenth Order Emperor Realm expert suppressed the fear in his heart and spat, “Huang Xiaolong, don’t think that our Devil-eyed Blue Lion Empire will back down because you’re here! This time, we have joined hands with the Heaven Devouring Empire! Our Emperors will be able to rush here in a bit!”

Another Eighth Order Emperor snorted, “That’s right. The Heaven Devouring Emperor is someone many times stronger than Chiyou! He is an expert at the Second Order Sovereign Realm! If you dare to do anything to us, you won’t be able to leave the Devil Abyss in one piece!”

Even though Huang Xiaolong was surprised by the fact that Lan Chong and the Heaven Devouring Emperor had come personally, he couldn’t help but laugh when he heard their threats.

Late Second Order Sovereigns?

Huang Xiaolong’s Emperor’s Will transformed in the tiny chaos ax and slashed out before the Eighth Order Emperor could react. The last thing the Eighth Order Emperor saw was a streak of light before his soul shattered.

Under the shocked gazes of everyone present, the Eighth Order Emperor fell to the ground, and his body started to shatter.

“What?!”

The ancestors from the Devil-eyed Blue Lion Empire stared at Huang Xiaolong with an incredulous look on their faces.

In the Devil World, Huang Xiaolong had barely broken through to the Emperor Realm after refining both devil steles. How long had it been?! He could kill an Eighth Order Emperor right before their eyes without the slightest bit of resistance!

He killed him with a single move!

“Speak. Why are you here? I wish to hear nothing but the truth. Stop wasting my time.” Huang Xiaolong ignored the shocked expression on their faces and he asked again.

The experts from the Devil-eyed Blue Lion Empire stared at each other, but none of them dared to speak.

The King of Darkness ran out of patience and snorted, “Why are you wasting your time with them? In my opinion, we should just devour their godheads and divine souls. Won’t you learn everything the moment you do that?”

Devouring their godhead and soul before piecing their memories back again; even though it seemed like an impossible task, it was nothing difficult for a Sovereign.

As a Sovereign that excelled in the dark devil arts, doing something like that was as easy as a flick of a finger.

When the members of the Devil-eyed Blue Lion Empire heard what he said, they turned to stare at him with flames erupting in their eyes.

The Tenth Order Emperor snorted with a look of mockery on his face, “Devouring our godheads and divine soul to perform a search... You really know how to boast. Do you think you’re the Heavenless Archdevil Lord?”

The words barely left his mouth when the King of Darkness made a move. A brilliant light flashed through his eyes as he opened his mouth to take a deep breath. In an instant, the Tenth Order Emperor arrived before him. In front of everyone from the Devil-eyed Blue Lion Empire, the Tenth Order Emperor had his godhead and soul sucked out from his body. They were swallowed by the King of Darkness and the dried up body of the Emperor fell to the ground. A look of utter shock was plastered on his face but it was too bad there wasn’t a medicine for regret in the world.

The members of the Devil-eyed Blue Lion Empire stared at the King of Darkness and their bodies froze.

Like spitting out grape seeds, the King of Darkness spat out pieces of godhead from his mouth.

After spitting out the random pieces of the godhead, a black colored light swirled around his body. He slowly opened his eyes and a look of joy flashed in them.

When Huang Xiaolong and the little cow saw the excited look on his face, they stared at him with a puzzled expression.

“Old Black, what’s new?” The little cow asked.

The King of Darkness ignored her and immediately sent a voice transmission to Huang Xiaolong.

The moment Huang Xiaolong learned of what had happened, a look of joy appeared on his face.

The reason the Devil-eyed Blue Lion Empire had joined hands with the Heaven Devouring Empire was because they had received news that the Imperial Beast Devil Stele and the Divine Artifact Devil Stele were located in the Devil Abyss!

The Imperial Beast Devil Stele and the Divine Artifact Devil Stele!

To Huang Xiaolong, it was like buy one get one free!

The reason he had come to the Devil Abyss was to look for the Ancient Heavenly Court. He had never expected that the two devil steles would be located there as well. They weren’t even located in the core of the Devil Abyss! They were somewhere in the middle regions!

When the little cow saw how excited Huang Xiaolong was, she became even more curious.

Huang Xiaolong didn’t hesitate as he told her the good news. Like the King of Darkness and Huang Xiaolong when they first learned about it, a smile appeared on her face.

“The Imperial Beast Devil Stele and the Divine Artifact Devil Stele!” The little cow chuckled. “Xiaolong, as long as you refine them both, you will only be missing the last stele!”

As long as he managed to gather all six great devil steles, he would be able to take over the Heavenless Archdevil Lord’s spot and unify the Devil World. With the combined strength of the Radiance World, Devil World, and the three worlds in Hell, Huang Xiaolong would control an incredible amount of power. The only superpower that could suppress him would probably be the City of All-Heavens...

“What?! He only needs another devil stele after refining these two?!” The King of Darkness stared at the little cow in shock. His eyes widened to the size of saucers as he stared at Huang Xiaolong in disbelief.

He had no idea Huang Xiaolong had already refined three devil steles.

The little cow nearly roared with laughter. “That’s right, Xiaolong has already refined three steles!”

The King of Darkness sucked in a cold breath.

It was clear that they were both thinking about how terrifying Huang Xiaolong would be if he controlled the various worlds.

“How are we going to deal with them?” The little cow turned to Huang Xiaolong when she recalled that there was still a huge group of people from the Devil-eyed Blue Lion Empire standing in front of them.

The King of Darkness piped up, “Leaving them alive is a waste. I’ll just devour them all...”

When they heard what he said, the blood drained from their faces. They knew that in the face of a Sovereign Realm expert, there was no running. They could only turn to Huang Xiaolong and beg for mercy.

“Open your soul’s barrier. I will send my grandmist worms into them.” Huang Xiaolong thought about it before deciding not to kill them all. If he could make use of the chance to subdue the Devil-eyed Blue Lion Empire and Heaven Devouring Empire, it would definitely help out in the war.

Looks of hesitation appeared when they heard what Huang Xiaolong said.

### **Chapter 2026: At Least Two Sovereigns**

Even though they were reluctant to lower the defenses to their godsea, most of them gave in eventually.

Of course, Huang Xiaolong didn’t show mercy to those who refused. He killed them all without exception.

The news of him appearing in the Devil Abyss couldn’t be leaked. Since the Devil-eyed Blue Lion Empire had long since sowed a seed of discord between them, Huang Xiaolong didn’t think twice about killing them.

After subduing those who released their defenses to their godsea, Huang Xiaolong’s party of three continued their journey into the Devil Abyss.

According to what the ancestors of the Devil-eyed Blue Lion Empire said, he quickly located the other group.

Like before, Huang Xiaolong controlled those who agreed to lower the defenses in their godsea. Those who didn’t were killed.

After half a day, Huang Xiaolong had already taken down three groups of experts from the Devil-eyed Blue Lion Empire. Other than the three groups, he also controlled a group from the Heaven Devouring Empire.

The total number of experts from the two emperor countries that fell under Huang Xiaolong’s control numbered around a hundred.

When Huang Xiaolong searched for the other groups, he circulated the devil steles in his body as he tried to locate the two devil steles in the middle regions of the Devil Abyss.

Even though he couldn’t feel their presence, Huang Xiaolong didn’t panic. As long as the two steles were in the Devil Abyss’s middle regions, it was a matter of time before he located them.

He wasn’t afraid that Lan Chong or Wu Shaowu, the Heaven Devouring Empire’s Emperor, would find the steles before him. Even if they managed to obtain it, they wouldn’t be able to refine it in a short period of time.

When Huang Xiaolong subdued the fourth group of experts, Lan Chong was killing a group of devil beasts in a world surface some distance away. There were a bunch of Emperors around him as they killed their way through an encirclement of devil beasts.

After an arduous battle, Lan Chong finally killed the last beast. A sigh of relief escaped his lips.

Along the way, he killed an uncountable number of devil beasts. Even someone like him felt exhausted. Luckily for him, he didn't have to venture into the depths of the Devil Abyss.

"Emperor, when I tried to contact Lan Jingtian and the others, I failed to receive a reply!" Ancestor Lan Changruo appeared in front of Lan Chong and reported.

Lan Chong's expression froze for a moment, and he asked, "What about Lan Kang and the others?"

Lan Changruo shook his head. "They didn't reply as well. I've tried contacting a few people in their group. There was no reply."

"What?! What's going on?" Lan Chong was stunned for a second. Even the other ancestors stared at Lan Changruo with a surprised expression on their faces.

"Could they have run into some trouble? They might have met a group of Emperor Realm devil beasts and failed to escape." Some of the ancestors started throwing out possible scenarios.

"Even if they met with a group of Emperor Realm devil beasts, they should be able to escape. With Lan Jingtian's strength, some of them would be able to escape."

Lan Jingtian was part of the first group of experts from the Devil-eyed Blue Lion Empire Huang Xiaolong had run into. He was the Tenth Order Emperor who the King of Darkness had devoured for a soul search.

A trace of unease flashed through Lan Chong's eyes.

Suddenly, Lan Changruo's expression changed. "Emperor, I tried to contact Lan Yanda, Lan Run, Lan Dejiu, and the others! They didn't reply!"

Everyone sucked in a cold breath.

Even Lan Chong couldn't keep his calm.

"Try Lan He, Lan Yu, Lan Yanglin, and the others." Lan Chong growled.

Lan Changruo hastily tried to contact the team leaders of all the other teams they had sent out.

When he finally received a reply, his expression sank. Other than Lan Yu and Lan Yanglin, he had lost contact with the other teams.

When the Devil-eyed Blue Lion Empire had decided to set out on the expedition to the Devil Abyss, they had sent six teams out in total. Right now, they had lost contact with three of the teams they had sent out.

The ancestor level experts stared at each other, and they realized that things were taking a turn for the worst.

How could three groups go missing without sending so much as a cry for help?

Even if they were attacked by a group of Emperor Realm devil beasts, they couldn't be killed on the spot!

“Who is it?! Did the news leak?!” Lan Changruo could no longer sit still when he realized that half of their forces were wiped out. “Did someone send experts over to attack my men?!”

Lan Chong shook his head. “There is no way for the news to leak...”

This time, he had gathered the experts under him to form an alliance with the Heaven Devouring Great Emperor. He hadn’t said anything about the devil steles when they had left the Devil Beast World, and he had only revealed their goal after arriving at the Devil Abyss. Right after that, they had split into teams to locate the devil steles. Before they had left, Lan Chong had even made them swear an oath to the heavens.

Suddenly, Lan Chong received a transmission signal from Wu Shaowu, the Heaven Devouring Great Emperor. When he scanned through the message with his divine sense, his expression turned serious.

Everyone felt extremely curious when they realized the change on Lan Chong’s face.

“The Heaven Devouring Great Emperor sent a report. He lost contact with a team on his side, and it’s extremely possible they suffered an attack from a group of unknown experts. Everyone, stay vigilant!” Lan Chong explained to the others. “If his news is true, there has to be more than one Sovereign Realm expert on their side. There might be two Sovereigns making a move at the same time!”

That was the only way he could explain the fact that his subordinates couldn’t send out a single message for help before they were killed.

Everyone’s expression changed when they heard what he said.

Two Sovereigns!

“Who are they?! Who dares to go against our Devil-eyed Blue Lion Empire?!” One of the ancestors cried out in shock and fear.

Lan Chong seemed to have thought of something, and he quickly instructed Lan Changruo, “Hurry up, tell Lan Yu and Lan Yanglin to bring everyone over here!”

Lan Changruo knew the severity of the situation, and he hastily passed the message on to the two team leaders.

It was too bad only one group managed to turn up after two whole hours of waiting. Lan Yanglin met up with Lan Chong’s group, but Lan Yu was nowhere to be seen. No matter how Lan Changruo tried to contact Lan Yu, he failed.

Lan Chong’s face turned darker than thunderclouds, and he snorted, “Don’t let me find out who’s behind this. If I do, I’ll show you what happens to anyone who dares to challenge my Devil-eyed Blue Lion Empire!”

“Oh really?” Cold laughter drifted into Lan Chong’s ears.

Everyone stared at the source of the voice in shock.
