

# INVINCIBLE 2181

## Chapter 2181: Looking for the Spatial Domain Lightning Pool

“Lord!” The rulers of the Heavenly Saint Country and Mighty God Heavenly Country stared at Huang Xiaolong.

“Enter! Locate the Spatial Domain Lightning Pool!” Huang Xiaolong stared at Dong Cheng, the Heavenly Terror Ruler, and he ordered coldly. The most important thing he had to do was to obtain the Spatial Domain Lightning Pool to gather all nine great lightning pools!

As long as he gathered all of them, his Senior Brother Jiang Hong would be able to come back to life! Moreover, he would be able to form the Grandmist Lightning Pool! By controlling the Grandmist Lightning, he would be able to do whatever he wanted in the Heavens Path! No one would be able to stop him!

Also, he would no longer need to fear the lightning restrictions protecting the gates leading out of the 33 heavens! He would be able to stay in the outside world for as long as he wanted!

Huang Xiaolong quickly brought the experts from the Heavenly Saint Country and Mighty God Heavenly Country to the lightning space.

The lightning energy in the heaven beyond heavens space was much calmer than before, and it was no longer raging like it was in the past. Even so, this space was filled with terrifying bolts of lightning that could fry even the late-Tenth Order Emperors. Every single individual who had come over were at the very least peak late-Tenth Order Emperors.

As for Huang Xiaolong’s party, all of them were existences who were in the Sovereign Realm. The weakest one out of them all were overlords and the lightning energy did nothing more than tickle them.

Riding on the back of the Golden Pig Treasure, Huang Xiaolong activated the eight great lightning pools to locate the Spatial Domain Lightning Pool. As the eight chaos lightning pools gathered, they swallowed the lightning energy around Huang Xiaolong endlessly.

Huang Xiaolong’s goal was as simple as it could get. All he had to do was to locate the Spatial Domain Lightning Pool before anyone else! Without the slightest delay, he rushed straight towards the depths of the space outside the 33 heavens.

From the investigations done by the Heavenly Saint Ruler, the Spatial Domain Lightning Pool was located in the depths of the space outside the 33 heavens.

Not too long after Huang Xiaolong and the others entered the lightning space, they were assaulted by a group of lightning beasts.

There were two great dangers the space outside the 33 heavens posed. One was the lightning restrictions, and the other was the lightning beasts.

These lightning beasts had an innate lightning body and they devoured the lightning energy contained in the space outside the 33 heavens since they were born. They had a horrifyingly strong defense and they were virtually unkillable.

A single lightning beast wasn't too much of a threat as stronger experts could just run away, but the headache inducing fact was that the lightning beasts traveled in groups of hundreds. Larger groups were counted in the thousands and even tens of thousands!

The moment anyone ran into a herd of lightning beasts, even existences like the ruler of the Heavenly Saint Country, and the Mighty God Heavenly Country would be in trouble.

One had to know that the weakest of the lightning beasts were at the peak of the late-Tenth Order Emperor Realm. Most of them were Sovereigns, and several tens of thousands of them would mean a terrifying force!

Luckily, the group of the lightning beasts Huang Xiaolong ran into had dozens of these beasts at best.

There wasn't a need for Huang Xiaolong to make a move as the rulers of both heavenly countries along with the various experts around them took care of the beasts in an instant.

With the combined might of so many overlord level experts, the lightning beasts were turned into a mist of blood in an instant. Lightning qi filled the area, and the eight great lightning pools in Huang Xiaolong's body devoured them in an instant.

Without slowing down, they sped towards the deeper regions of the space.

"It's a Heaven Longevity Lightning Spiritual Fruit!"

Someone pointed towards one of the mountain ranges along the way and yelled.

As everyone turned to look at the peak of the mountain range, they saw a lightning attributed tree. Several deep blue fruits were growing on it!

Heaven Longevity Lightning Spiritual Fruit!

Origin treasure!

Even though it was a mid-grade level one origin treasure, it was considered a priceless treasure in the outside world! Moreover, there were more than twenty fruits growing on the tree and they seemed to have just ripened...

Everyone from the two heavenly countries turned to look at Huang Xiaolong.

Nodding his head, Huang Xiaolong agreed to whatever they were thinking of. Even though level one origin treasures were useless to him, they were precious treasures for the various experts from the two heavenly countries.

Upon seeing that Huang Xiaolong had agreed to allow them to do as they wished, everyone shot towards the mountain peak to snatch the Heaven Longevity Lightning Spiritual Fruits.

It went without saying that it wouldn't be easy for anyone to obtain origin treasures. The Heaven Longevity Lightning Spiritual Tree spat out dense lightning qi that stopped all the experts in their tracks.

Seeing as the tree was slowing him down, Huang Xiaolong's Sovereign's will turned into a tiny chaos axe that slammed into the lightning qi protecting the Heaven Longevity Lightning Spiritual Tree. A path was cleaved out in an instant.

All of a sudden, a scream came from afar, "Everyone, hurry up and make your move! It's the Heaven Longevity Lightning Spiritual Fruit!" A huge net formed with lightning energy appeared in the air as it covered the Heaven Longevity Lightning Spiritual Tree. It was clear that the other party wanted to grab all twenty Heaven Longevity Lightning Spiritual Fruits.

A sneer formed on Huang Xiaolong's face as he waved his right hand. The God Burying Coffin shot outwards, and miserable shrieks filled the air. The simple act of throwing out the God Burying Coffin killed more than half of the strength from the other side.

As he flicked his finger, the lightning net changed its trajectory as it flew towards him.

"You... Huang Xiaolong, you... How dare you kill so many experts from my Massacring God Heavenly Country?!" The other party pointed at Huang Xiaolong and raged. A trace of surprise was mixed with a tinge of hatred as this person glared at Huang Xiaolong.

The Massacring God Heavenly Country was ranked in the top ten and even though they weren't as strong as the Heavenly Saint Country, they were ranked higher than the Mighty God Heavenly Country. In fact, they were ranked sixth among all the heavenly countries.

The person who had screamed was precisely the ruler of the Massacring God Heavenly Country. He wanted to snatch all the Heaven Longevity Lightning Spiritual Fruits the moment Huang Xiaolong broke through its defense before escaping. If he succeeded, there was nothing Huang Xiaolong and the others could do.

He had never expected Huang Xiaolong's reactions to be so quick! As soon as he had made a move, Huang Xiaolong had killed more than half of the experts he had brought with him. Never in his wildest imaginations would he have thought that Huang Xiaolong was such a ruthless character. After all, in his mind, Huang Xiaolong had already offended the Heavenly Terror Country and he wouldn't dare to offend another superpower in the Heavens Path.

Too bad Huang Xiaolong was never one to restrain himself. If he wanted to kill someone, there was no stopping him.

A frosty glare landed on the ruler of the Massacring God Heavenly Country. "You should be prepared to give up your life if you plan on stealing from me. If you don't get lost right now, I'll exterminate your Massacring God Heavenly Country!"

The expression on the face of the Massacring God Heavenly Country's Ruler sank and it became extremely ugly. After shooting a final glare at Huang Xiaolong, he turned to leave.

"Lord, the Massacring God Ruler won't let this pass..." The Heavenly Saint Ruler turned to Huang Xiaolong and said.

"Whatever." Huang Xiaolong snorted.

The most important thing was to locate the Spatial Domain Lightning Pool. The killings would only truly start after he obtained it!

“Keep going!” Huang Xiaolong led the experts of the two heavenly countries deeper into the space after they grabbed the Heaven Longevity Lightning Spiritual Fruits.

Along the way, they were attacked by tons of lightning beasts. Of course, misfortune and fortune came hand in hand. They saw many precious treasures along the way. The space outside the 33 heavens had treasures growing all around and there were some items that moved Huang Xiaolong.

It was too bad for him that obtaining all of them was impossible. There were some treasures that were too difficult to obtain and Huang Xiaolong could only give up on them in order to quicken his search for the Spatial Domain Lightning Pool.

Finally, they arrived at the deepest part of the space outside the 33 heavens.

The eight great lightning pools started to fluctuate and they seemed to be rejoicing about being reunited.

“This...”

The Spatial Domain Lightning Pool!

He had finally located it!

Without the slightest hesitation, Huang Xiaolong led everyone towards the final lightning pool.

Just as they were about to start their search, Huang Xiaolong and the others bumped into a group of men wearing robes made from lightning defending the area. There were others searching for something with some sort of secret method.

Members of the 33 Heavens Race!

### **Chapter 2182: Clashing with the Members of the 33 Heavens Race?**

The experts of the 33 Heavens Race were searching for the Spatial Domain Lightning Pool with some sort of secret method. When they heard whistling in the air, they turned their heads to stare at the newcomers. The moment they laid eyes on Huang Xiaolong, a stunned expression filled their faces.

It was extremely difficult to travel through space outside the 33 heavens, and they only managed to do so with a secret technique. When they had finally arrived, they had managed to learn that the Spatial Domain Lightning Pool was located around them.

Are they here for the Spatial Domain Lightning Pool?!

How would they know where the Spatial Domain Lightning Pool is?

Did they follow our tracks?!

The expression on the faces of the experts of the 33 Heavens Race sank.

Several experts flew towards Huang Xiaolong and blocked his way.

“This is a forbidden area marked out by our 33 Heavens Race. Please leave this place!” They didn’t bother speaking nicely to Huang Xiaolong and the others as they tried to chase everyone away.

They weren’t rude to Huang Xiaolong alone. Even if they were to meet the members of the Giant Kun Heavenly Country, they would behave the same way. After all, they had the ability to do so.

“What if I refuse?” A look of indifference appeared on Huang Xiaolong’s face.

The members of the 33 Heavens Race looked at each other and a frown formed on their faces.

“Huang Xiaolong, I know that you aren’t weak. However, you better not offend our 33 Heavens Race. Even the Giant Kun Heavenly Country cannot afford to go against us.” One of the experts from the 33 Heavens Race growled.

According to him, he had shown Huang Xiaolong the respect he deserved. If they weren’t talking to Huang Xiaolong, they would have already made a move to kill every single person present.

This time, the goal of the 33 Heavens Race was to obtain the Lightning Origin Divine Tree. Other than the divine tree, they also wanted to obtain the Spatial Domain Lightning Pool.

In the space outside the 33 Heavens, the experts of the 33 Heavens Race had split into two groups. Half of them were led by the deputy patriarch of the 33 Heavens Race to locate the Lightning Origin Divine Tree, and the other half was led by their grand elder to look for the Spatial Domain Lightning Pool.

The person who was speaking to Huang Xiaolong was precisely Hao Wei, the grand elder of the 33 Heavens Race.

Staring at Hao Wei, a chuckle left Huang Xiaolong’s lips. “The Giant Kun Heavenly Country can do what they want. I’m Huang Xiaolong and I do what I want.”

With the Spatial Domain Lightning Pool right in front of him, there was no way he would leave now. It didn’t matter if the 33 Heavens Race was trying to stop him. Even if the Giant Kun Heavenly Country were to gather the forces of all the Heavenly Countries in the Heavens Path, they wouldn’t be able to stop Huang Xiaolong.

Hearing what Huang Xiaolong said, the grand elder’s face sank. He stared at Huang Xiaolong and the rest of the members in his party.

All of a sudden, every single member of the 33 Heavens Race who were searching for the Spatial Domain Lightning Pool stopped as they gathered behind the grand elder.

“Huang Xiaolong, going against the 33 Heavens Race can only mean one thing, and that means death!” A lightning blade appeared in one of the elder’s hands as he pointed the tip at Huang Xiaolong.

The elder who spoke was called Li Haifeng and his strength was only second to the grand elder, Hao Wei. Even though he wasn’t a Tenth Order Sovereign, his cultivation had reached the peak of the late-Ninth Order Sovereign Realm. He was also ranked in the top ten among the experts of the 33 Heavens Race.

Without giving a response, the God Burying Coffin appeared in Huang Xiaolong’s hand. Slapping its surface, the coffin started to grow bigger as it smashed towards Li Haifeng.

Li Haifeng's expression finally changed as he felt the destructive force flying towards him. A grunt left his lips as he slashed towards the massive coffin. Lightning in the form of dragons shot out from his blade the moment he swung it.

Before the eyes of everyone present, the lightning dragons dissipated the moment it came into contact with the coffin. It didn't even slow the coffin down for a fraction of a second and it continued on its trajectory towards Li Haifeng.

Hao Wei snorted when he saw the scene before him as lightning gathered in his palms. Sending both palms forward, he slapped at the God Burying Coffin.

"Boom!"

Two massive palms formed from lightning clashed with the gigantic coffin in mid air.

The death qi around the coffin quickly dissipated under the terrifying might of the lightning energy coming from Hao Wei's attack and the members of the 33 Heavens Race rejoiced. Before they could start celebrating, the coffin started emitting copious amounts of death qi once again and sucked away the vitality of any living creatures billions of miles around them. Restoring the strength it had lost, the God Burying Coffin smashed through Hao Wei's lightning palms as it continued to shoot towards Li Haifeng.

"Everyone, attack!" Hao Wei's expression changed and he roared with rage.

All the members of the 33 Heavens Race moved in unison as lightning bolts filled the area. As bolts of divine lightning flashed about around them, a world of lightning was formed as it surged towards the God Burying Coffin.

The combined strength of everyone from the 33 Heavens Race finally managed to stop the God Burying Coffin. As it stopped in the space within the world of lightning, the boundless death qi it emitted was slowly suppressed by the energy contained in the lightning world.

Even though they managed to barely stop Huang Xiaolong's God Burying Coffin, Hao Wei and Li Haifeng realized that their backs were drenched in cold sweat.

Before they could gain a second of reprieve, a tiny chaos axe appeared in the space above the lightning world. As it slammed downwards, the world of lightning formed from the combined strength of all the members of the 33 Heavens Race present started to fluctuate. The world trembled non-stop under the impact of the tiny chaos axe.

As though the axe slammed into them, everyone felt their bodies shaking from the blow.

Wearing an expression of indifference, Huang Xiaolong activated his three complete dao saint godheads at the same time as the tiny chaos axe rose into the air once again.

He showed no mercy as the tiny chaos axe fell towards the world of lightning once again!

Boom!

An ear-shattering explosion resounded through the air. The world of lightning started to crack as a massive valley appeared where Huang Xiaolong's axe landed.

Everyone from the 33 Heavens Race spat out mouthfuls after mouthfuls of blood.

All of a sudden, the tiny chaos axe rose into the air once again.

With his final attack, the world of lightning was smashed into smithereens as everyone from the 33 Heavens Race was sent flying.

“Kill!” Huang Xiaolong’s frosty voice rang through the space around him.

The moment his order left his lips, the well-prepared Heavenly Saint Ruler and Mighty God Ruler led everyone towards the members of the 33 Heavens Race.

Miserable cries filled the skies in an instant.

...

After half an hour, the corpses of the members of the 33 Heavens Race lined the mountain range around them.

Huang Xiaolong swept a cold gaze over their corpses before laying down another order. “Clean up the battlefield.”

Sounds of acknowledgements could be heard as the experts of both heavenly countries started to raid the battlefield.

There was only a single survivor out of the forty experts the 33 Heavens Race had sent to the depths of the space outside the 33 heavens, and he was Hao Wei. Everyone else was killed, including Li Haifeng. He was killed by a single punch from Huang Xiaolong.

Even though Hao Wei escaped with the help of a secret treasure the 33 Heavens Race possessed, he wasn’t exactly in the best of state when he left. His injuries were serious and he was close to death.

Huang Xiaolong didn’t bother chasing down Hao Wei as he had more important matters to take care of. Using all eight great lightning pools in his body, he located the general location of the Spatial Domain Lightning Pool. Setting up countless restrictions around him, Huang Xiaolong prevented the lightning pool from escaping.

As he prepared to hunt down the final lightning pool, the news of Huang Xiaolong killing several dozen experts from the 33 Heavens Race started to spread. The news shocked many experts from the world outside the 33 heavens.

“What?! There were forty-four experts from the 33 Heavens Race and only the grand elder managed to escape?!”

“Hao Wei is a peak early-Tenth Order Sovereign! He’s stronger than the Heavenly Terror Ruler Dong Cheng! How can he lose to Huang Xiaolong?”

Very quickly, the news reached the ears of the experts from the Giant Kun Heavenly Country and the Heavenly Terror Country.

Dong Cheng’s eyes widened and his jaws dropped when he heard the news. He sank into silence for a long time.

## Chapter 2183: Refining the Spatial Domain Lightning Pool

When the Giant Kun Ruler stared at dazed Dong Cheng, he couldn't help but ask, "Dong Cheng, are you alright?"

Dong Cheng finally snapped back to attention when he heard the Giant Kun Ruler's voice. He sucked in a cold breath before shaking his head, "I'm fine!"

Is he really fine?

Light flashed in the eyes of the Giant Kun Ruler's eyes as he asked one of the generals beside him, "Did Huang Xiaolong appear in the Golden Lightning Mountain Range?"

"Yes, Your Majesty. According to the reports, Li Haifeng and the other members of the 33 Heavens Race were killed by Huang Xiaolong in the Golden Lightning Mountain Range."

"Brother Giant Kun, are we going to surround Huang Xiaolong to hunt him down?" Dong Cheng asked, "Huang Xiaolong is a malignant tumor we have to get rid of! With Brother Giant Kun's strength, killing Huang Xiaolong is nothing more than flipping your wrist. If you allow him to grow any further, no one will be able to suppress him!"

The Giant Kun Ruler shook his hand, "There is no rush. We came out of the 33 heavens after much difficulty, so the most important thing is to locate the Lightning Origin Divine Tree. It won't be too late to take care of Huang Xiaolong after obtaining the tree!"

"We need to kill Huang Xiaolong, but there is no need to do it immediately!"

"We can even work with the 33 Heavens Race to deal with Huang Xiaolong after we obtain the Lightning Origin Divine Tree!"

"Huang Xiaolong has killed too many experts from the 33 Heavens Race, and none of them were weaklings! All of them were renowned experts! The 33 Heavens Race should have formed a bone-deep hatred against Huang Xiaolong, and there is no doubt that they want nothing more than to tear his flesh from his bones. If we contact the deputy patriarch of the 33 Heavens Race, it will go without saying that Huang Xiaolong is as good as dead!"

Dong Cheng finally revealed a smile when he heard what the Giant Kun Heavenly Country's ruler said. "Brother Giant Kun is thorough in his considerations. I was too hasty..."

The Giant Kun Ruler said, sweeping his gaze around, "According to the intelligence we gathered, the Lightning Origin Divine Tree should be right up ahead. We should see it after half a day! Pass down my order to move ahead at full speed!"

"Yes, Your Majesty!"

The experts from the Giant Kun Heavenly Country and the Heavenly Terror Country increased their speed as they shot forward.

When the experts of the Sword Race heard about Huang Xiaolong's actions, they suffered from no small amount of shock.

“Huang Xiaolong is seeking death! I’ve heard that he killed a ton of people from the Massacring God Heavenly Country when he tried to obtain the Heaven Longevity Lightning Spiritual Fruit. Now, he offended the 33 Heavens Race...” The daughter of the Sword Race’s Patriarch, Jian Xiaofu, sneered, “He’s definitely going to die soon...”

The Patriarch of the Sword Race, Jian Qintian, frowned in response, “Huang Xiaolong’s strength cannot be underestimated! Even the grand elder of the 33 Heavens Race, Hao Wei, nearly died at his hands! If that is really the case, Huang Xiaolong’s strength should be comparable to mine!”

Jian Xiaofu chuckled coldly, “The only reason he managed to defeat Hao Wei was because he joined hands with the Heavenly Saint Ruler. How can he be compared to you? The only reason he didn’t die in the past was because father, you didn’t use your full strength when fighting him! If you had gone all out, Huang Xiaolong wouldn’t be able to take a single strike from you!”

Jian Qintian shook his head in response, “Even if his combat ability cannot match up to me, it wouldn’t be too far away. If anyone runs into Huang Xiaolong no one is to offend him unless you have no choice!”

He could see that his daughter held a deep hatred for Huang Xiaolong in her heart.

It came as no surprise to him. His daughter was the princess of the Sword Race, and her suitors numbered in the millions. She had never experienced a setback in her life other than the time Huang Xiaolong injured her. It was normal for her to hate the first man who hurt her.

Jian Xiaofu didn’t respond to her father’s order and she stared silently at him.

After seeing that there was no way to persuade her, Jian Qintian continued, “Our main goal is to locate the purple grandmist aura! I’ve received news that there is a deep valley surrounded by purple aura all year round. There should be purple grandmist aura located deep in the valley and there should be more than a single strand! As long as we obtain the purple grandmist aura, I will be able to cultivate to the highest realm of our Sword Code! When that happens, even someone like the leader of the 33 Heavens Race wouldn’t be able to do a thing to me!”

“Father, is the leader of the 33 Heavens Race really so strong?” Jian Xiaofu asked, “Is he really the embodiment of the artifact spirit of the 33 Heavenly Gate?”

Jian Qintian shook his head. “I don’t know if he is the embodiment of the artifact spirit of the 33 Heavenly Gate. The only thing I can be sure of is his strength. His power is unfathomable and even if I reach the highest level of our Sword Code, I can only ensure that I won’t be defeated. Escaping shouldn’t be a problem, but winning is impossible.”

“Enough. We need to locate the valley before anything else!”

Jian Qintian didn’t hesitate as he led the members of the Sword Race in search of the deep valley.

He had no idea where it was, and the only thing he knew was the general location of the place. There was only one way to locate it and it was to physically search for it.

As the members of the Sword Race raced to look for the valley filled with purple aura, Huang Xiaolong had already set up countless restrictions around the Golden Lightning Mountain Range. He had sealed off the space a trillion miles around the mountain range and after confirming that he hadn’t missed a

spot, Huang Xiaolong summoned the eight chaos lightning pools. One by one, they flew out from the space between Huang Xiaolong's eyebrows.

As they hovered in the air above Huang Xiaolong, they filled up the space spanning several billion miles.

Lightning spirits howled as they swam around the eight lightning pools as flashes of lightning illuminated the world.

Under the terrified gazes of the two rulers and countless experts, the Spatial Domain Lightning Pool that was hiding in the cracks in the void was drawn out by the eight chaos lightning pools.

When the lightning qi of the eight great lightning pools met, they formed pillars of lightning that trapped the Spatial Domain Lightning Pool.

The lightning spirit of the Spatial Domain Lightning Pool was a creature that couldn't be considered a beast or a human. Its body was transparent and the roar it emitted from the middle of the Spatial Lightning Pool shook the heavens. It was seemingly trying to escape from the entrapment of the eight chaos lightning pools. It tossed and turned as it tried to break through the space around it. Too bad that Huang Xiaolong had already set countless restrictions all around. With the assistance of the eight chaos lightning pools, it was impossible for the Spatial Domain Lightning Pool to escape.

After ordering the members of the two heavenly countries to stand guard around him, Huang Xiaolong's figure blurred as he appeared in the space above the Spatial Domain Lightning Pool. Without a second thought, he started the refinement process.

In an instant, terrifying waves of lightning energy surged out from the lightning pool as it poured into Huang Xiaolong's body.

All of a sudden, all eight chaos lightning pools appeared beside Huang Xiaolong, and pillars of light emerged. It covered the lightning spirit of the Spatial Domain Lightning Pool, and the restless spirit finally started to calm down.

Huang Xiaolong's saint physique and complete dao saint godheads underwent a terrifying ascension phase. He also realized that the three saint bloodlines in his body were slowly improving as he refined the lightning energy contained in the Spatial Domain Lightning Pool.

The lightning energy contained in the Spatial Domain Lightning Pool was too strong and it was like a towering wave that slammed into Huang Xiaolong. Surprisingly, Huang Xiaolong nearly failed to withstand the bombardment of lightning energy coming from the Spatial Domain Lightning Pool.

### **Chapter 2184: Fusion!**

Facing the insane amounts of lightning energy coming from the Spatial Domain Lightning Pool, Huang Xiaolong pushed his three complete dao saint godheads to the limit to devour the incoming energy.

As he crazily sucked in the lightning energy coming from the lightning pools, Huang Xiaolong's strength started to increase at an insane rate. Two hours barely passed when the aura around Huang Xiaolong strengthened once again.

Along with his unending refinement of the lightning energy around him, the Spatial Domain Lightning Pool slowly floated towards Huang Xiaolong. Revolving around Huang Xiaolong like the other eight chaos lightning pools, it started to devour the lightning energy present in the space outside the 33 heavens.

Half a day passed.

With the Spatial Domain Lightning Pool as the center, the other eight pools started to revolve around it. All eight lightning spirits seemed to be a part of the lightning beast born from the Spatial Domain Lightning Pool as they gathered together.

The eight lightning spirits started to disappear as they slowly fused.

In the past, Huang Xiaolong had failed to fuse all eight lightning pools even though he had gained complete control over them. It seemed like there was some sort of repulsion among them, but the moment the Spatial Domain Lightning Pool appeared, the repulsion disappeared. With nothing left to stop them, all the lightning pools started to fuse.

Every time a lightning spirit was absorbed by the lightning spirit born from the Spatial Domain Lightning Pool, it would turn a little brighter as the lightning that illuminated it would increase in intensity.

As the lightning spirit swallowed all the other eight spirits, the Spatial Domain Lightning Pool started to transform. Huang Xiaolong discovered that another type of lightning energy flowed into his body.

It was completely different from the lightning energy he had absorbed from the first eight lightning pools he had obtained.

It was several times stronger than any type of lightning energy produced by the eight chaos lightning pools!

In the distance, the rulers of the Heavenly Saint Country and Mighty God Heavenly Country stared at Huang Xiaolong with a face full of shock. The aura around Huang Xiaolong was increasing without any signs of stopping!

“The Lord... Isn’t this a little too exaggerated?” The Heavenly Saint Ruler stuttered as he stared at Huang Xiaolong incredulously. No matter how hard he tried, he failed to calm himself down.

In less than a day, Huang Xiaolong broke through to the peak of the early-Seventh Order Sovereign Realm!

The Mighty God Ruler felt his throat going dry as he stammered, “If this keeps up, wouldn’t the Lord enter the mid-Seventh Order Sovereign Realm in another day?!”

As though confirming his guess, Huang Xiaolong’s body started to shake violently after three hours. Without the slightest bit of obstruction, Huang Xiaolong entered the mid-Seventh Order Sovereign Realm!

That wasn’t all. Only six lightning pools had fused into the Spatial Domain Lightning Pool, and there were still the lightning spirits of the Blue Wood Lightning Pool and Black Sea Lightning Pool remaining!

After absorbing six lightning spirits, the lightning spirit of the Spatial Domain Lightning Pool was stronger than ever. Bolts of lightning that shot out from its body pierced through the void as it illuminated god

knew how many miles of space. From afar, it was as though the bolts of lightning were formed during the creation of a world.

The lightning spirit of the Spatial Domain Lightning Pool had already turned twice its size as the bolts of lightning it emitted shone with seven different colors.

Another half a day passed.

It finally swallowed the final two lightning spirits and in that instant, the nine lightning spirits were fused permanently!

A pillar formed with lightning piercing through the space outside the 33 heavens in the instant the lightning pools fused together and it parted the ever-present chaos qi in the space around it.

All the lightning qi in the space outside the 33 heavens seemed to be attracted to it as the pools started to fluctuate nonstop.

No matter which heavenly country it was and no matter where they were on the Heavens Path, flashes of lightning lit up the entire world. Every single person from every single heavenly country, ancient race, or hidden sects stared towards the Golden Lightning Mountain Range.

The members of the Giant Kun Heavenly Country and Heavenly Terror Country, who were trying to destroy the barrier of lightning around the Lightning Origin Divine Tree, stopped.

“What’s going on?” Dong Cheng exclaimed in surprise. “Could it be that the strength of the restrictions around the gates of the 33 heavens have become stronger?”

The Giant Kun Ruler looked at the fluctuating lightning qi around him and a frown slowly formed on his face. “That shouldn’t be related to the restrictions around the gates of the 33 heavens.”

“What else could it be?” The Giant Kun Prince asked, “Could it be that an absolute treasure of the lightning element has born in the space outside the 33 heavens? Only a saint artifact would be able to cause such a huge disturbance...”

The Giant Kun Ruler shook his head as the look in his eyes deepened. It seemed as though his gaze could pierce through everything between them, but the only thing he saw was a sea of lightning qi raging through the lands.

“Ignore the fluctuations of the lightning qi outside the 33 heavens. Focus and break through the lightning barrier formed by the Lightning Origin Divine Tree!” The Giant Kun Ruler turned his gaze away and directed it towards the tree as he instructed.

“Yes, Your Majesty!”

The experts under him quickly snapped back to attention as they focused on destroying the barrier before them.

Soon, the Giant Kun Ruler felt a headache coming. The barrier was much more difficult to break than he could have imagined. Even with their specialized treasures to fend off lightning energy, they couldn’t shatter the barrier around the divine tree.

“If this keeps up, we’ll be in trouble when the members of the 33 Heavens Race show up.”

With no choice, they could only continue to chip away at the barrier. There was nothing else they could do.

...

In the Golden Lightning Mountain Range...

The eight great lightning pools Huang Xiaolong had gathered in the past had already disappeared and the only thing left in the air above him was the Spatial Domain Lightning Pool. It had already completed its transformation after absorbing the lightning spirits of the other eight lightning pools and the lightning above it shone with nine different colors. Nine-colored lightning revolved elegantly around the entire pool.

In the past, no matter how strong the lightning qi was contained by the lightning pools, it was chaos lightning qi at best. The same could be said for the Spatial Domain Lightning Pool when Huang Xiaolong had found it. However, now that it had undergone a type of transformation, the lightning qi it emitted had already transcended chaos lightning qi!

The Spatial Domain Lightning Pool had also undergone a special transformation. Strands of gray lightning slowly emerged from the pool.

Huang Xiaolong’s soul shook when he saw the change and with a single thought, the lightning pool started to shrink. It turned into a bolt of lightning that entered the space between his eyebrows.

The lightning pool was still undergoing its transformation right now and it wasn’t ready for use. As soon as it was done, Huang Xiaolong would be able to resurrect his senior brother, Jiang Hong.

“Now that I have already gathered all nine chaos lightning pools, the transformation process has started. There is no need to bother with it, and I should look for the Lightning Origin Divine Tree and the purple grandmist aura!”

His ability to detect lightning qi was much stronger than it was before. Along with the experience of refining the purple grandmist aura in the past, any purple grandmist aura around him wouldn’t be able to escape detection. If the Lightning Origin Divine Tree or purple grandmist aura appeared around him, he would be able to sense it!

In the next instant, Huang Xiaolong shot into the air to ride on the Golden Pig Treasure. He ordered everyone to continue onwards on their journey to locate more treasures.

It went without a doubt that treasures like the Lightning Origin Divine Tree would be located in the place where lightning qi was the most concentrated.

After flying for quite some time, a terrifying wave of energy appeared nearby.

“What is this terrifying lightning energy!” The Heavenly Saint Ruler gasped in shock. “Could it be the members of the 33 Heavens Race?”

Members of the 33 Heavens Race!

Huang Xiaolong's heart shook as he thought of a certain possibility.

"Let's head over there!"

Huang Xiaolong changed directions as he headed towards the source of the disturbance.

Before long, he saw the members of the 33 Heavens Race clashing with the members of the Giant Kun Heavenly Country.

### **Chapter 2185: Surround and Kill Huang Xiaolong!**

Other than the members of the 33 Heavens Race and the Giant Kun Heavenly Country, the members of the Heavenly Terror Country, Massacring God Heavenly Country, the Sword Race, and several other superpowers were present.

The Heavenly Terror Ruler Dong Cheng, the Massacring God Ruler and even the Patriarch of the Sword Race, Jian Qintian, were present! Huang Xiaolong also noticed Jian Xiaofu, standing behind her father.

The moment he appeared, everyone's gaze landed on him. A stunned expression filled their faces, including the experts of the 33 Heavens Race.

The faces of the members of the 33 Heavens Race changed as a look of fear took over the stunned expression they initially had. It was especially so for Hao Wei. It was true fear he was feeling. After all, he was the only person who had experienced how terrifying Huang Xiaolong was after he had entered the Seventh Order Sovereign Realm.

Everyone who was exchanging blows stopped.

"Huang Xiaolong!" The ruler of the Giant Kun Heavenly Country glared at him.

Huang Xiaolong ignored him altogether as his gaze landed on the massive divine tree standing at the peak of a mountain peak near them. Lightning qi rolled off the humongous tree and covered the entire mountain peak. Even Tenth Order Sovereigns wouldn't be able to approach the tree with the lightning qi protecting it. When looking at the tree branches, three fruits were growing on it, glowing with mesmerizing radiance.

The fruits were dark blue in color, and their fragrance filled the air. The terrifying barrier formed from lightning qi was unable to prevent the scent of the fruits from leaking out.

"Lightning Origin Divine Tree!" A look of pleasant surprise appeared in Huang Xiaolong's eyes.

The divine tree actually bore three Lightning Origin Divine Fruits!

When the Giant Kun Ruler saw Huang Xiaolong ignoring him to look at the Lightning Origin Divine Tree, he couldn't help but feel a trace of rage bubbling in his heart.

He glanced at the deputy patriarch of the 33 Heavens Race, Yang Tianchen, from the corner of his eye. When he had joined hands with the Heavenly Terror Country, they had nearly destroyed the barrier of lightning qi shrouding the Lightning Origin Divine Tree. Right before they had succeeded, Yang Tianchen of the 33 Heavens Race had brought his men over to carry out a sneak attack, wasting everyone's efforts.

When the members of both heavenly countries turned around to battle against the experts of the 33 Heavens Race, more and more people were attracted over.

“You’re Huang Xiaolong?!” A frosty voice rang through the air, and it contained no small amounts of killing intent.

The person who spoke was precisely the deputy patriarch of the 33 Heavens Race, Yang Tianchen.

When Huang Xiaolong heard what he said, he finally retracted his gaze from the Lightning Origin Divine Tree. He shifted his gaze to look at Yang Tianchen and the others.

Hao Wei quickly flew over to Yang Tianchen and reported, “Deputy Patriarch, that is indeed Huang Xiaolong!”

The killing intent in Yang Tianchen’s eyes grew even stronger as he glared at the young man who had just arrived.

In the Heavens Path, the 33 Heavens Race was the peak of all superpowers. No one had ever dared to challenge their authority, and even the ruler of the Giant Kun Heavenly Country wouldn’t dare to kill their members indiscriminately. Huang Xiaolong not only had decided to kill the members of the 33 Heavens Race, but he had killed a bunch of elite experts from their race!

Out of the forty-four experts he had sent to look for the Spatial Domain Lightning Pool, only Hao Wei had managed to escape!

Lightning flashed about Yang Tianchen’s body as murderous intent raged in his heart.

In the distance, the ruler of the Massacring God Heavenly Country couldn’t help but feel a trace of joy blossoming in his heart when he saw what was happening.

“Your Majesty, Huang Xiaolong is basically seeking to die. No one would have thought that he would barge in here on his own! Now that the ruler of the Giant Kun Heavenly Country and deputy patriarch of the 33 Heavens Race are present, there will be no way for Huang Xiaolong to escape!” One of the generals beside the ruler of the Massacring God Heavenly Country laughed.

The ruler nodded his head in response, “When the members of the Giant Kun Heavenly Country and 33 Heavens Race surround Huang Xiaolong, we shall lend them a hand from the side and f\*ck Huang Xiaolong up!”

Even though he couldn’t do a thing to Huang Xiaolong alone after he had killed a ton of experts from his Massacring God Heavenly Country, he could still work with the Giant Kun Heavenly Country and 33 Heavens Race to inconvenience Huang Xiaolong.

Huang Xiaolong, it’s time for you to pay! Hehehe, I bet you never thought that your retribution would come so early...

Looking at the tense situation before her, Jian Xiaofu sneered, “B\*stard! Now you’re dead for sure!”

Yang Tianchen turned to the ruler of the Giant Kun Heavenly Country and said, “Brother Giant Kun, let’s deal with the matter of the Lightning Origin Divine Tree after we deal with this. I believe Brother Giant

Kun, and Brother Dong Cheng would like to kill Huang Xiaolong. Why don't we work together? We'll discuss the matter with the Lightning Origin Divine Tree after we kill him. What do you think?"

The two rulers looked at each other and reached a conclusion quickly.

"Sure!" The Giant Kun Ruler replied for the both of them.

He was already planning to kill Huang Xiaolong after obtaining the Lightning Origin Divine Tree. Now that Yang Tianchen was here with the experts of the 33 Heavens Race, it was their best shot at killing the annoying little brat!

The hatred Dong Cheng had for Huang Xiaolong had already reached a state where there was no going back. There was no way he would refuse to work with them to get rid of him!

In an instant, the Giant Kun Ruler, Dong Cheng, and Yang Tianchen shot towards Huang Xiaolong. As they formed a triangular formation, they surrounded Huang Xiaolong.

The moment their leaders moved, the various experts of the three factions moved out to surround Huang Xiaolong's party.

Seeing the encirclement, the faces of everyone in Huang Xiaolong's group changed. They were only twenty strong men and they were about to face the combined might of the strongest experts the Giant Kun Heavenly Country, Heavenly Terror Country, and 33 Heavens Race had to offer! There were more than a hundred of them on the opposing side!

How were they going to fight?! It was a one-sided beatdown no matter how they looked at it.

The rulers of the Heavenly Saint Country and Mighty God Heavenly Country felt their hearts sinking and so did the experts on their side.

After looking at the bleak situation Huang Xiaolong was in, Dong Cheng sneered, "Huang Xiaolong, I've said it before. The moment you step out of the 33 heavens, there will no longer be a need for you to return! You shall be buried here today!" A divine armor appeared on his body the moment he spoke.

The divine armor was silvery white in color, and there were traces of icy light flashing on it. It was none other than the Ice Earth Divine Armor, a part of the six divine artifacts in the Ice Earth series.

The Ice Earth Divine Spear appeared in Dong Cheng's arm as the Snow Earth Cape appeared behind him. The Ice Earth Helmet and Boots made their appearance, and as the final item, the Ice Earth Shield appeared in his other hand.

The instant all Ice Earth Six Divine Artifacts appeared, terrifying amounts of frigid qi emerged from Dong Cheng's body.

In contrast to Dong Cheng, a jade green light flashed behind the ruler of the Giant Kun Heavenly Country. A massive divine beast started to congeal and it was none other than the divine beast, the Giant Kun! The Giant Kun that appeared behind the ruler of the Giant Kun Heavenly Country was thousands of times larger than the one created by the prince of the Giant Kun Heavenly Country in the past. The moment it appeared, it was as though a genuine Giant Kun had transcended time and space to take over the phantom.

The instant it was fully formed, it covered the sky with its massive wings and the earth turned dark.

As for the deputy patriarch of the 33 Heavens Race, a lightning whip appeared in his hand. The instant it appeared, the lightning qi in the space outside the 33 heavens stopped moving altogether.

Everyone stared at the whip in shock.

“All Extinguishing Lightning Whip!”

All Extinguishing Lightning Whip!

The faces of everyone changed to one of endless shock mixed with traces of fear.

“That’s right! This is the All Extinguishing Lightning Whip!” A smile appeared on Yang Tianchen’s face as he confirmed their guesses.

The All Extinguishing Lightning Whip was one of the greatest treasures of the 33 Heavens Race. In order to obtain the Lightning Origin Divine Tree, the leader of the race had allowed him to bring the All Extinguishing Lightning Whip over to the space outside the 33 heavens.

“KILL!”

Dong Cheng’s yell broke the stunned atmosphere as his spear pierced towards Huang Xiaolong. Frosty light filled the space in front of him in an instant.

### **Chapter 2186: Devouring Dong Cheng!**

Following behind Dong Cheng, the Giant Kun Ruler harrumphed as he sent a punch flying towards Huang Xiaolong. His fist pierced through the void, and space around it started to crumble as the lightning qi in the surroundings transformed into nothingness.

A single fist caused the heavens to shake and the earth to tremble.

In that instant, everyone felt the space outside the 33 heavens shaking violently.

Jian Qintian’s pupils shrank. If the Giant Kun Heavenly Country’s ruler were to send that punch flying towards me, would I be able to receive it?!

He didn’t have the luxury of time to think about the answer as Yang Tianchen had already made his move. The All Extinguishing Lightning Whip in his hands danced as he sent a terrifying strike at Huang Xiaolong.

Lightning qi seemed to form a massive river as it charged towards Huang Xiaolong.

When they felt the energy pulsating in the river of lightning, everyone felt their hearts palpitating.

The river of lightning was unstoppable as it swallowed everything in its path. It could destroy everyone, and it contained the ability to exterminate the world.

Huang Xiaolong watched as the three of them attacked at the same time. A look of indifference remained on his face as he raised a single fist. With one punch, he shattered Dong Cheng’s icy attack. The shockingly powerful wave of energy coming from Dong Cheng scattered like it wasn’t there, to begin with.

After taking care of that, Huang Xiaolong's fist didn't stop. It slammed into Dong Cheng's defenses and shattered them all.

As a miserable shriek left Dong Cheng's lips, he was sent flying away.

At the same time, a light blue shield emerged from Huang Xiaolong's body. It was the Unbreakable Divine Shield that welcomed the Giant Kun Ruler's attack. That wasn't the end as Huang Xiaolong opened his mouth to swallow the lightning energy in the lightning river formed by Yang Tianchen's All Extinguishing Lightning Whip.

Boom!

When the punch landed on Huang Xiaolong's Unbreakable Divine Shield, it didn't manage to shatter the barrier of light in front of it. It was blocked in an instant.

Stopping all the attacks flying towards him, Huang Xiaolong raised his other hand and pulled Dong Cheng over.

By the time everyone noticed what had happened, Huang Xiaolong was already grabbing Dong Cheng by the neck.

Flabbergasted looks formed on the faces of everyone who were present to witness the scene.

Even Jian Qintian couldn't believe his eyes.

Jian Xiaofu's little lips parted as she stared at the scene before her in disbelief.

The ruler of the Massacring God Heavenly Country, who was about to lead the experts under him to cause some trouble for Huang Xiaolong, stopped dead in his tracks. An incredulous look appeared on his face.

As for the experts of the various factions who were about to help their leaders, they felt their bodies turning stiff.

The combined might of the Giant Kun Heavenly Country, Yang Tianchen, and Dong Cheng was blocked by Huang Xiaolong with such ease! He didn't even break a sweat! With a single punch, he stopped Dong Cheng, and he didn't even need to do anything to stop the Giant Kun Ruler. He even managed to capture Dong Cheng before they could react!

This!

The ruler of the Giant Kun Heavenly Country and Yang Tianchen didn't believe their eyes.

Dong Cheng, who was held by the neck, stared at Huang Xiaolong with a look of fear in his eyes. Despite his best efforts, Dong Cheng felt as though his body was filled with some sort of restriction, stopping him from circulating his energy.

"Huang Xiaolong, you..." The blood drained from Dong Cheng's face.

"Huang Xiaolong, release him immediately!" The Giant Kun Ruler felt his expression turning sullen as he growled at Huang Xiaolong. The giant Kun behind him started to unfurl its wings.

As its wings slowly opened up, a storm was swept up in the surroundings. Dark blue qi poured out from the void above the Kun as it formed a massive sea under the feet of the Giant Kun Heavenly Country's ruler.

With the storm behind him and the sea of blue qi under him, the ruler of the Giant Kun Heavenly Country seemed like a supreme existence who lorded over the seas. With endless might, the aura he emitted strengthened by manyfolds. His current strength was many times stronger than earlier.

As for Yang Tianchen, he wasn't planning to hold back either. Lightning started to swirl around his body as destructive might emerged from his palms to form a terrifying coat of energy that surrounded him. A type of inexhaustible power started to emerge from the Lightning Whip in his hand.

The two of them locked onto Huang Xiaolong in an instant.

If Huang Xiaolong refused to hand Dong Cheng over, the two of them would attack him without hesitation.

They were merely caught by surprise previously. This time, they wouldn't make the same mistake.

Upon seeing that his comrades were about to save him, Dong Cheng yelled, "Huang Xiaolong, why are you still not letting go?!"

"What are you talking about...?" Huang Xiaolong completely ignored the ruler of the Giant Kun Heavenly Country and Yang Tianchen. A sinister smile broke out on his face as he chuckled, "Didn't you encounter some fortuitous encounter in the past? Didn't that allow you to obtain a complete dao saint godhead, a saint physique, and a saint bloodline?"

When Dong Cheng looked at the nefarious smile on Huang Xiaolong's face, his heart went cold. How could he not understand what Huang Xiaolong was after? "What... what do you want from me?"

"You'll learn about it soon." Huang Xiaolong didn't bother explaining as the smile on his face became a million watts brighter. Devouring force started to emerge from his palms as it surged into Dong Cheng's body.

A terrified look appeared on Dong Cheng's face as his body started to shake in fear. "NO! You can't do this!"

"Save me!"

"Brother Giant Kun, Brother Yang, please save me!"

It was too late as everything in Dong Cheng's body was devoured by Huang Xiaolong. His blood essence, saint bloodline, complete dao saint godhead, and even his Sovereign's will was sucked dry by Huang Xiaolong.

It only took a second before Dong Cheng's body started to shrink.

"Kill him!"

The ruler of the Giant Kun Heavenly Country yelled as murderous intent filled his eyes.

"Huang Xiaolong, eat my fist!"

He punched both fists out towards Huang Xiaolong in an instant.

Boom!

The moment his punch was sent out, two massive Kun heads appeared and the space around them started to buzz.

As though they had rehearsed this, Yang Tianchen struck out at the exact same time. He waved the All Extinguishing Lightning Whip in his hand as bolts of lightning started to fall from the sky. They were several times stronger than the attack he had unleashed previously!

A cold harrumph left Huang Xiaolong's lips as he punched out with his right fist. In an instant, the two Kun heads were smashed into smithereens. He didn't move a single muscle as he stood with his back ramrod straight. The space between his eyebrows started to light up as Yang Tianchen's attack fell on him and everyone was treated to a scene they would never forget as long as they lived. The lightning summoned by Yang Tianchen poured into Huang Xiaolong's body without the slightest trace of hurting him.

With his left hand, he continued to refine the gains he obtained from Dong Cheng.

After refining Dong Cheng's complete dao saint godhead, saint bloodline, and saint physique, Huang Xiaolong would be able to upgrade his own!

Once again, Dong Cheng's body started to shrivel up.

"Brother Giant Kun, please hurry up and save me!" Dong Cheng's cries of help became more and more urgent as fear overwhelmed him.

The Giant Kun Ruler raised his head and roared to the heavens. His yell filled the skies for a trillion miles as his body started to swell. The gale behind him raged on as the sea of dark blue energy below his feet started to expand.

"Huang Xiaolong, take my Oscillating Heavens Fist!"

"When the giant Kun descends, every creature under the heavens will submit!"

As soon as the words left his lips, two massive fists came crashing down towards Huang Xiaolong.

Terrifying winds coupled with mighty blue qi revolved around his fists as they shot through the void to arrive before Huang Xiaolong. Two massive Kuns materialized and charged towards their target.

Those two Kuns were no projections. They were the real things.

Yang Tianchen didn't remain idle as he started to rise above before throwing the All Extinguishing Lightning Whip into the air. As the tip of the whip latched onto the tail of the whip, a giant circle was formed in the air.

### **Chapter 2187: Challenging the Giant Kun Heavenly Ruler**

As soon as the All Extinguishing Lightning Whip formed a complete circle, boundless lightning energy poured out from within it. Gigantic divine lightning bolts slammed into the ground and struck fear into

the hearts of everyone present. Even Tenth Order Sovereigns would fail to take on a single bolt of lightning!

With the numerous bolts of lightning crashing down to the earth, who would be able to stand against them?

As he watched the bolts of lightning fall, Huang Xiaolong wore a face of indifference. He raised his fist and sent a punch towards Yang Tianchen.

Boom!

The heavens shook as the earth beneath them shattered.

A buzzing sound rang out in the heads of everyone present, and they couldn't help but take a few steps back.

At the same time, a brilliant streak of light emerged from Huang Xiaolong's body. It was none other than the Golden Pig Treasure!

As soon as it appeared, Yang Tianchen's expression changed. He was about to retrieve the All Extinguishing Lightning Whip, but it was too late. The Golden Pig Treasure shot towards the whip the instant it appeared, and it attracted all the divine lightning in the air.

As the bolts of lightning that were capable of destroying Tenth Order Sovereigns landed on the back of the Golden Pig Treasure, a golden glow appeared around its body. The divine lightning couldn't stop the pig for even a second as it charged straight towards the whip.

It opened its mouth, and a frightening suction force pulled the whip towards the Golden Pig Treasure.

No matter how hard Yang Tianchen tried, he couldn't retrieve the All Extinguishing Lightning Whip. Seeing as it was about to enter the pig's mouth, he roared in rage, "D\*mn pig! F\*ck off!" A massive blade appeared in his other hand

Flashes of lightning covered the blade as it emitted an eerily black glow.

"Dark Lightning Blade!"

Many experts couldn't help but exclaim when they laid eyes on the blade.

The Dark Lightning Blade was the divine artifact that had risen to fame along with Yang Tianchen! In the past, Yang Tianchen had used the Dark Lightning Blade to kill two early-Tenth Order Sovereigns who had joined hands to kill him.

Even though the Dark Lightning Blade couldn't be compared to the All Extinguishing Lightning Whip, it was still a high-grade supreme spiritual artifact!

"Die!"

Golden Treasures Pig Yang Tianchen slashed at the Golden Pig Treasure, who was about to swallow the whip.

Waves of blade qi swept through the lands as the lightning qi in the space outside the 33 heavens started churning. Lightning qi gathered to congeal a giant blade in the air as it chopped at the Golden Pig Treasure.

It was clear that Yang Tianchen planned to kill the pig with a single strike!

Even though the Golden Pig Treasure was able to subdue any type of treasure, it wasn't omnipotent. There were ways of killing it! Despite its horrifyingly strong defense, its head was one of its weak points!

As long as Yang Tianchen's blade landed on the correct spot, he could decapitate the pig with a single slash!

As he saw the blade formed from lightning qi was about to land on the pig, Huang Xiaolong finally made his move. The lightning bead emerged from his body and appeared in the space beside the Golden Pig Treasure. The moment it appeared, resplendent rays of light emerged to block the blade qi from Yang Tianchen's Dark Lightning Blade.

The instant Huang Xiaolong's lightning bead stopped Yang Tianchen's blade qi, the All Extinguishing Lightning Whip entered the Golden Pig Treasure's mouth. Biting down onto it without hesitation, the Golden Pig Treasure shook its little pigtail as it returned triumphantly to Huang Xiaolong.

Rage boiled in Yang Tianchen's heart when he saw the little pig wagging its tail. A loud roar left his lips as the Dark Lightning Blade in his hand shot out once again. "Go to h\*ll!"

The Giant Kun Ruler didn't remain idle either. His fists flew towards Huang Xiaolong and the only difference this time was that he managed to summon four Kuns instead of two!

The four Kuns split up and covered all four directions. When they formed a complete formation surrounding Huang Xiaolong, the aura they emitted increased by several times.

Huang Xiaolong grunted as light poured out of his body. The Heart of Hell thumped loudly as a pillar of black light pierced through the skies. Sixteen wings unfurled behind him as he stood against the attack.

"Break!" Huang Xiaolong shattered Yang Tianchen's blade qi once again with another punch as four divine flames welcomed the four Kuns flying towards him.

Explosions sounded in the air when the four Kuns slammed into the four divine flames.

The four divine flames shrunk to a fraction of their original size as they weakened by more than half. As for the four Kuns, they had long since turned into ashes.

Everyone couldn't help but stare at the scene in shock.

The Giant Kun Ruler was a late-Tenth Order Sovereign! Yang Tianchen might not be as strong as him, but he was still a peak mid-Tenth Order Sovereign! The two of them were peak existences in the Heavens Path! Despite that, they were easily stopped by Huang Xiaolong even after unleashing their strongest moves!

He was taking them both on, alone!

How impressive was that?!

Even Jian Qintian stared at Huang Xiaolong with a dumbfounded expression. He could duel with Yang Tianchen if he gave it his all, but there was no way he could stand against the ruler of the Giant Kun Heavenly Country! If Yang Tianchen were to join hands with the ruler of the Giant Kun Heavenly Country, even a super expert like him couldn't do anything but escape!

Despite it being impossible for him to challenge the two of them, Huang Xiaolong completed the task with ease!

Wouldn't that mean...?

Jian Xiaofu's tiny little hands started to tremble as her gaze was fixed onto Huang Xiaolong.

Dong Cheng, who was screaming and yelling for the ruler of the Giant Kun Heavenly Country to save him, felt the words getting caught in his throat. His breaths were becoming shallower and his body had already shrank by half. His eyes were sunken, and the majestic aura he emitted in the past had ceased to exist. His body was slowly withering as his skin started to sag.

"Huang Xiaolong, return my All Extinguishing Lightning Whip!" Yang Tianchen glared at Huang Xiaolong and raged, "If you refuse, you shall become the eternal enemy of my 33 Heavens Race! No matter who it is, as long as they are related to you, they won't be able to show their faces in the Heavens Path!"

By this time, the ruler of the Giant Kun Heavenly Country had already stopped his offensive as the storm around his body had started to shrink.

Huang Xiaolong looked at Yang Tianchen as though he was looking at a retard. "If I return the All Extinguishing Lightning Whip back to you, are you going to overlook everything that happened?"

He had killed more than forty experts of the 33 Heavens Race! They were already irreconcilable enemies!

Yang Tianchen couldn't help but blank when faced with Huang Xiaolong's question.

"You got one thing wrong. The ones who won't be able to live in the Heavens Path won't be me. Your 33 Heavens Race should watch yourselves!"

Yang Tianchen could no longer hold back his rage after Huang Xiaolong's blatant disrespect. "No one has ever threatened my 33 Heavens Race. Huang Xiaolong do you really think that you can take on my entire race by yourself?"

Everyone watching the battle shook their head in silence. Huang Xiaolong's strength was indeed terrifying. He could take on both Yang Tianchen and the ruler of the Giant Kun Heavenly Country by himself. However, he was far too lacking if he wanted to challenge the 33 Heavens Race.

The Heavens Path had existed since time immemorial. No matter which race went extinct, the Heavens Path remained unaffected. As for the 33 Heavens Race, they have been in existence since the appearance of the Heavens Path. Their race was unshakable and now, Huang Xiaolong was threatening to kick the members of the 33 Heavens Race off the Heavens Path! How was that possible?

Even though no one dared to openly mock Huang Xiaolong, they felt that he was being a little too arrogant.

Whatever the case, a smile slowly appeared on Huang Xiaolong's face. He swept his gaze across the battlefield and continued, "So what if you're from the Giant Kun Heavenly Country? Who cares if you're from the 33 Heavens Race?"

By this time, Dong Cheng had already turned into a corpse as Huang Xiaolong had devoured him whole.

Shaking his left hand, Huang Xiaolong sent a stream of energy into the dried up corpse and turned him into a pile of dust. Soaring into the skies, he sent a punch towards the ruler of the Giant Kun Heavenly Country and Yang Tianchen, respectively.

### **Chapter 2188: Is This Huang Xiaolong's True Strength?!**

Huang Xiaolong no longer held back. He activated all three complete dao saint godheads and his three saint bloodlines. Two giant fists appeared in the air as it emitted a brilliant golden glow. Devil qi rushed through the space around him as phantoms of Buddha appeared.

The Giant Kun Ruler and Yang Tianchen were taken by surprise, and they hastily met Huang Xiaolong's attack.

Boom!

A heaven-shaking explosion ripped through the skies.

The Giant Kun Ruler was pushed back, and he only managed to regain his footing only after retreating for several tens of thousands of miles. As for Yang Tianchen, he felt the world spinning round and round before vomiting several mouthfuls of blood.

"What?!"

Everyone felt their throats going dry when they saw what happened.

"This... this..." The Massacring God Ruler stuttered, and he felt his mind going blank.

A single attack was enough to force the Giant Kun Ruler to retreat and the deputy patriarch of the 33 Heavens Race to vomit blood!

Jian Qintian and the others couldn't believe their eyes as well. Could it be that Huang Xiaolong wasn't using his full strength when he stopped their attacks before? Was this his true strength?!

The Giant Kun Ruler stabilized himself as he felt the blood in his body churning. Shock flashed through his heart. This... The terrifying strength behind Huang Xiaolong's attack seemed extremely familiar, and he had only experienced this once before. It was when he had exchanged blows with the leader of the 33 Heavens Race!

Yang Tianchen stared at Huang Xiaolong with a pale face as he screamed, "You...!"

He wasn't able to complete his sentence as Huang Xiaolong's figure blurred before appearing in front of him. Another punch flew towards Yang Tianchen's face, and he didn't have time to react. The only thing he could do was to slash out with his Dark Lightning Blade.

Clang!

Huang Xiaolong's fists slammed into the blade, and flashes of lightning emerged from the divine blade. A loud whimper came from the blade as though it was experiencing immense pain.

The horrifyingly powerful force went past the blade and crashed into Yang Tianchen's body. As he flew through the air, he spat out a mouthful of fresh blood. It was clear that his injuries were several times more severe than compared to before.

Everyone who witnessed the scene was so shocked that they forgot to breathe.

"Giant Kun Overturns the Sea!"

A loud roar echoed through the air as two massive fists shot towards Huang Xiaolong. Eight Kuns emerged from the void and roared towards the heavens as they charged towards Huang Xiaolong. They twisted their bodies and swept their tails, forming terrifying storms in the air. The space around them started to tear, and they arrived before Huang Xiaolong in the blink of an eye.

Huang Xiaolong didn't bother turning his head. He simply punched backwards into the eye of the storm, shattering their formation instantly. Miserable wails rang through the air as all eight Kuns exploded into a mist of blood.

Huang Xiaolong didn't stop there. With his fist piercing through the remnants of the storm, it came crashing towards the Giant Kun Ruler.

A look of terror formed on the ruler's face as he failed to react in time. Light surrounded his body as Kun scales formed around his body and fists. Unable to unleash any other attacks, he raised his arms to meet Huang Xiaolong's punch with his fists.

Bang!

Under the bated breaths of everyone present, Huang Xiaolong clashed with the Giant Kun Ruler.

Sounds of cracking filled the air as the scales on the ruler's body split apart. His arms were turned into a mangled mess as he stepped backwards in retreat.

The experts from the Giant Kun Country couldn't help but suck in a cold breath full of disbelief.

This...

Their ruler was injured by the young man they were about to surround and kill?!

For as long as they could remember, their ruler had never been injured by anyone before. It was as though his body was immortal and his flesh was indestructible! No one had expected that there would be anyone in the world who could injure their ruler!

The experts of the Sword Race and the Massacring God Heavenly Country were equally as shocked. They stared at the piece of flesh that used to be the ruler's arms. The undying legend of the Heavenly Road, the Giant Kun Ruler, was injured!

"Attack! Everyone, kill him! Form the 33 Heavens Lightning Altering Formation! Kill Huang Xiaolong right now!" An enraged Yang Tianchen roared in the distance.

When they heard his furious howls, the experts of the 33 Heavens Race finally snapped back to attention. They started to move as they began the set up of the 33 Heavens Lightning Altering Formation.

Lightning started to gather in the space above them and divine lightning started to rumble. Bolts of lightning that contained the power to annihilate any living being started to gather high above their heads.

The Giant Kun Heavenly Ruler turned around and roared at the experts under him, "Divine Kun Formation! Kill Huang Xiaolong right this instant!"

Everyone seemed to return to reality as they hastily formed the formation. A massive Kun formed in the space above them, right under the divine lightning gathered by the members of the 33 Heavens Race. With the combined strength of all the experts from the Giant Kun Heavenly Country, the Kun they summoned was larger than the Kun summoned by their ruler!

The members of the Heavenly Terror Country also made their move.

"Kill Huang Xiaolong! Avenge His Majesty!"

"If we work together, there is no way for Huang Xiaolong to escape alive!"

The Heavenly Saint Ruler, Mighty God Ruler, and the other experts were about to charge forward to engage in battle when they were stopped by Huang Xiaolong. "There is no need for you to make a move. Stay there and watch the show..."

Stay back and watch the show?!

When the experts of the various factions saw how Huang Xiaolong was refusing the help of the experts on his side, they couldn't help but feel a bomb going off in their heads. Is he going to take on everyone himself?!

After the experts of the various factions completed their formations, Huang Xiaolong raised his head and roared at the heavens. His body started to fade as he turned into a Primordial Blue Divine Dragon. Streaks of light flashed through his body and lightning swirled around him!

"Can Huang Xiaolong be of the Primordial Dragon Race?!"

"Are there blue dragons in the world?!"

When everyone was still feeling shocked about the fact that Huang Xiaolong had transformed into a Primordial Blue Divine Dragon, the members of the Giant Kun Heavenly Country and 33 Heavens Race made their move. Countless bolts of divine lightning and an unstoppable gale swept towards Huang Xiaolong.

Staring at everything coming his way, Huang Xiaolong didn't bat an eyelid as he raised a single claw to slap at the divine lightning formation formed by the members of the 33 Heavens Race. One of the elders exploded into a mist of blood before he could scream.

Soon, Huang Xiaolong swept his claws across and sent several dozen experts of the 33 Heavens Race flying.

“How... how can this happen?!” Yang Tianchen stared at the majestic blue dragon and yelled.

That was the 33 Heavens Lightning Altering Formation created by several dozen super experts of the 33 Heavens Race! It was enough to destroy most heavenly countries on the Heavens Path, but Huang Xiaolong had shattered it in an instant!

Of course, it didn't end there. Huang Xiaolong turned around and swept his tail at the giant Kun summoned by the experts of the Giant Kun Heavenly Country. With a single swipe, the giant Kun was slapped away. With his other claw, he grabbed two generals of the heavenly country and squeezed. They popped like a bubble as they turned into a cloud of blood and flesh.

Those generals Huang Xiaolong killed weren't the strongest, but they weren't weak either! The scene shocked everyone standing around!

“Go to h\*ll!”

The Giant Kun Ruler yelled and appeared above Huang Xiaolong. Two weird weapons that resembled fish hooks appeared and pierced downwards.

That was the weakest part of Huang Xiaolong's defense!

Clang!

The moment the fish hooks came into contact with Huang Xiaolong, a look of joy appeared on the faces of the surviving members of the 33 Heavens Race. Too bad for them, sparks flew off Huang Xiaolong's scales. The Giant Kun Ruler had failed to pierce through the thinnest point of Huang Xiaolong's defense and the blood that everyone was expecting to see failed to appear.

With an incredulous look in his eyes, the Giant Kun Ruler stared at Huang Xiaolong.

A sneer slowly formed on Huang Xiaolong's lips as he swung his claws towards the Giant Kun Ruler, piercing towards his chest.

### **Chapter 2189: The Giant Kun Heavenly Country Is Finished!**

Since they weren't too far apart, Huang Xiaolong's claw arrived in the Giant Kun Ruler's face before he could react. Circulating all the energy in his body to the limit, the Giant Kun Ruler formed another layer of scales around his body!

Despite the increased defense it provided, Huang Xiaolong shattered it in an instant. His claw pierced into the ruler's chest.

With nothing to stop him, Huang Xiaolong's claw emerged from the back of the ruler's body.

As a spurt of blood emerged from his wound, it dyed the mountain range red.

Time seemed to come to a standstill as everyone stared at the scene before them with their jaws agape. Huang Xiaolong's claw went straight through the Giant Kun Ruler's body!

Roar!

Like an injured beast, the Giant Kun Heavenly Country's ruler raised his head and roared at the heavens. Killing intent surged out of his eyes as he sent another punch towards Huang Xiaolong.

"Huang Xiaolong, you're going to turn into a blind dragon!"

He refused to believe that Huang Xiaolong's eyes were strong enough to defend against his desperate counterattack!

Regardless of how strong one was, the eyes were one of the weakest points of the body!

Watching the desperate struggle of the ruler in front of his eyes, Huang Xiaolong raised his head and opened his mouth before the punch could land on his eyes. A heaven-shaking roar left his lips, and it turned into a shockingly powerful soundwave that crashed into the ruler's attack.

Boom!

The dragon roar not only managed to stop the ruler's attack, it even managed to send him flying! As he drew a beautiful arc through the sky, he vomited mouthfuls of fresh blood.

There was a gaping hole in his chest as blood streamed out from within. Everyone experienced no small amount of shock when they stared at the bloody wound.

With no exceptions, everyone present sucked in a cold breath.

Was this the undefeated legend they knew?! How could the publicly acknowledged number one expert of the Heavens Path be dripping in blood?

"Your Majesty!" The experts of the Giant Kun Heavenly Country couldn't help but scream when they saw the serious injury Huang Xiaolong inflicted on their ruler.

The Giant Kun Ruler was the pillar of their faction! If anything happened to him, the entire Heavenly Country would crumble!

"I'm fine!" The Giant Kun Ruler growled, "Kill Huang Xiaolong right now! Use the forbidden art to slay this monster!"

The forbidden art!

Even if he had to destroy the foundations of the experts of the Giant Kun Heavenly Country, the ruler no longer cared. The only thing that mattered was to kill Huang Xiaolong!

If Huang Xiaolong left this place alive, there would be nowhere left in the Heavens Path for his Giant Kun Heavenly Country!

"Yes!" All of the experts from the Giant Kun Heavenly Country acknowledged as traces of blood-red light emerged from their bodies. Their strength started to rise as the blood-red glow intensified.

Of course, the experts of the Heavenly Terror Country wouldn't remain idle now that Huang Xiaolong had killed their ruler. They charged towards him as they unleashed their valiant counterattack.

A frosty light flashed through Huang Xiaolong's eyes as he waved his claws at the annoying pests from the Heavenly Terror Country. In an instant, two of their generals exploded into a mist of blood. He didn't

stop there. With a shake of his body, Huang Xiaolong appeared beside Hao Wei, the grand elder of the 33 Heavens Race as he swiped his claw downwards.

Hao Wei could only stare at Huang Xiaolong in terror as he felt himself creeping closer and closer to the gates of hell. This was the first time he had felt such fear and despair.

Seeing as the grand elder of the race was about to meet his end, Yang Tianchen couldn't care about his injuries any longer. The Dark Lightning Blade in his hand pierced towards Huang Xiaolong as he screamed at the top of his lungs, "Huang Xiaolong, how dare you!"

"Kill him!"

Yang Tianchen's cries caused the experts of the 33 Heavens Race to snap back to reality as they started their desperate counterattack.

Ignoring everyone, Huang Xiaolong's claw continued to descend.

"Rip!"

Like the sound of a watermelon popping, Huang Xiaolong's claw went straight through Hao Wei's skull. Without the slightest resistance, Huang Xiaolong sliced him into two.

The only thing Hao Wei could do was to release a blood-curdling screech.

At the same time, the various attacks from the experts of the 33 Heavens Race landed on Huang Xiaolong's body.

Clang! Clang! Clang!

A brilliant glow surrounded Huang Xiaolong as tiny white scratches appeared on his scales when their attacks landed on him. In the blink of an eye, whatever damage they had done disappeared and Huang Xiaolong's scales regained their previous grandeur.

When they saw how they failed to break through Huang Xiaolong's defense, a look of defeat appeared on their faces.

Yang Tianchen and the other experts of the 33 Heavens Race felt their world spinning.

No one could believe that the Giant Kun Ruler failed to penetrate Huang Xiaolong's defense. However, they finally had a taste of Huang Xiaolong's terrifying defense.

How could someone possess such a horrifyingly strong defense?!

Wasn't he stronger than a high-grade supreme spiritual treasure?!

The Primordial Divine Dragon Race was scary, but were they actually strong enough to withstand the attacks of so many experts with their fleshy body?!

"Die!"

Everyone desperately rushed at Huang Xiaolong once again.

The battle between Huang Xiaolong and the others reached the peak in an instant. The heavens shook and the earth crumbled as mountain peaks after mountain peaks turned to dust. Ancient forests were razed to the ground and even the space around them shattered like glass. Massive holes were punched in the void by formidable secret techniques.

As the battle raged on, the experts of the Giant Kun Heavenly Country fell one by one. Corpses of the experts of the 33 Heavens Race filled the land. As for the members of the Heavenly Terror Country, they were turned into mist of blood after Huang Xiaolong crushed them with his claws. The four divine flames danced around the battlefield and incinerated countless experts.

More than an hour passed and the strong force of slightly over one hundred and ten men belonging to the three superpowers was left with thirty men only!

The Heavenly Terror Country was doing the worst as they only had four experts left standing!

When they realized that their strength was reduced by more than half, they finally understood how terrifying Huang Xiaolong was. Fear and desperation filled their hearts.

The experts, who were surrounding Huang Xiaolong, felt cold sweat drenching their backs.

“This... Is he still a human?!” One of the elders from the Sword Race stared at the Primordial Blue Divine Dragon floating in the air as a look of terror flashed in his eyes.

Regardless of whether it was the Giant Kun Heavenly Country, 33 Heavens Race, or the Heavenly Terror Country, they were all superpowers no one there could hope to match! They were hegemonies of the Heavens Path but right now, even with more than a hundred and ten experts from three factions working together, they failed to suppress Huang Xiaolong! The Giant Kun Ruler and Yang Tianchen were both forced back and Dong Cheng was dead! Looking at the dire situation before them, they were afraid that Huang Xiaolong would really be able to kill everyone!

“... We're finished...” The Massacring God Ruler stared at Huang Xiaolong as his eyes lost focus. He started muttering ominously to himself.

What did he mean? Everyone immediately realized the meaning behind his words. The Giant Kun Heavenly Country and the Heavenly Terror Country were doomed!

Even if they could still hold on for a period of time, they would be close to extinction the moment Huang Xiaolong returned to the Heavens Path!

Nearly all the experts of both heavenly countries were sent out to provide assistance to their rulers, and nearly all of them were wiped out by Huang Xiaolong!

Ignoring the look of fear on their faces, Huang Xiaolong swiped his claw across the face of one of the Giant Kun Heavenly Country's generals. His head and godhead turned into a bloody mess when Huang Xiaolong was done.

When Jian Xiaofu who was standing beside Jian Qintian heard the miserable shriek that came from the general, she felt the blood draining from her face. She thanked her lucky stars that Huang Xiaolong had only sent her flying the last time he had made a move. She didn't dare to imagine what would happen to her if she angered Huang Xiaolong!

“Your Majesty, the Giant Kun Heavenly Country is doomed! Should we leave?” The marshal of the Sword Race approached Jian Qintian and suggested.

### **Chapter 2190: Lightning Barrage**

Everyone was clear that the combined strength of the Giant Kun Heavenly Country, Heavenly Terror Country, and the 33 Heavens Race wouldn't be able to turn the situation around. After dealing with the experts of the three factions, wouldn't Huang Xiaolong set his sights on them next?

The ruler of the Massacring God Heavenly Country had grudges with Huang Xiaolong in the past, and no one could be sure that Huang Xiaolong wouldn't deal with them after he was done with the Giant Kun Heavenly Country.

“Leave?” A light lit up in the Massacring God Ruler's eyes.

Leaving was the best way he could put it. In better terms, he was escaping from the devil that was Huang Xiaolong.

When the Giant Kun Heavenly Country had first launched the attack on Huang Xiaolong, the last thing the ruler of the Massacring God Heavenly Country had thought of was running.

He was still reveling in Huang Xiaolong's misfortune. When he had thought about all the miserable ways Huang Xiaolong would die, traces of joy had flashed through his heart. He had even thought that he would be able to see the humiliating ends of the rulers of the Heavenly Saint Ruler and the Mighty God Heavenly Ruler as they begged for mercy after they were defeated.

“Yes, Your Majesty, should we take our leave?” One of the generals quickly backed up the suggestion and persuaded the Massacring God Ruler.

The moment the words left his lips, an ear-shattering roar broke through the skies. The Giant Kun Heavenly Ruler was sent tumbling towards the high heavens. The wound in his chest worsened as blood poured from his wound.

The blood drained from the faces of everyone who saw the scene.

“Go!” Even Yang Tianchen couldn't contain the fear in his heart when he saw how Huang Xiaolong sent the Giant Kun Ruler flying. His mind shook as he roared at the experts behind him.

At that instant, he was sure that Huang Xiaolong had the ability to slay every single person present on the battlefield.

He swore in his heart that he had never been afraid of anyone. Even when he had exchanged blows with the leader of the 33 Heavens Race, he had never felt so much fear in his heart.

Initially, there was a trace of hope in his heart that they would be able to end Huang Xiaolong's life. After all, they had more than a hundred and ten super-experts with them. How could there be a possibility for them to fail? Everyone was sure that it would be Huang Xiaolong's death anniversary on the same day the next year! They couldn't be more wrong!

As one expert after another perished at Huang Xiaolong's hand, the hope that they would be able to kill Huang Xiaolong quickly died out.

When there were less than forty of them left, Yang Tianchen finally realized that Huang Xiaolong was no ordinary expert. He was a freak who had popped out from god knew which stone in the universe!

Hearing Yang Tianchen's cry to retreat, the members of the 33 Heavens Race felt a wave of shock washing through their hearts. In the next instant, they felt as though they were pardoned from the most heinous crimes as they were given permission to escape from the devil's grasp!

Turning into streaks of lightning, everyone followed behind Yang Tianchen as they pushed their bodies to the limit to escape!

When the Giant Kun Ruler saw his allies retreating, he became even paler than before.

"Run!"

Upon seeing that Yang Tianchen and the others had already started running, the Giant Kun Heavenly Ruler couldn't contain himself. Despite the rage and hatred in his heart, he could only order his troops to retreat!

The wings on the back of the Giant Kun flapped once and he appeared a million miles away.

Experts of the Giant Kun Heavenly Country turned around and ran desperately.

It was too bad that Huang Xiaolong reacted before the members of the Heavenly Terror Country could leave. With a twist of his body, he killed them all!

Every single expert from the Heavenly Terror Country who had entered the space outside the 33 heavens died!

From that moment on, the Heavenly Terror Country ceased to exist in the Heavens Path!

As for the 33 Heavens Race and the Giant Kun Heavenly Country, Huang Xiaolong didn't hunt them down. After all, the earlier battle had worn him out. Killing seventy high-level Sovereigns was no easy feat!

His Sovereign's will was nearly fully consumed in the battle.

At that moment, Huang Xiaolong was fully exhausted and he was like an arrow at the end of its flight.

Huang Xiaolong was ready to collect his harvest as he turned his gaze to the Lightning Origin Divine Tree. Nothing could compare to the importance of the Lightning Origin Divine Tree.

Of course, Huang Xiaolong shot a glare towards the Massacring God Heavenly Country's ruler after seeing that he was still present.

A bitter smile formed on the ruler's face as fear gripped his heart. Bowing towards Huang Xiaolong, a look of reverence appeared on his face. The only thing he hadn't done was kneel.

The smiles on the faces of the experts of the Massacring God Heavenly Country looked uglier than their crying faces.

After staring at the ruler of the Massacring God Heavenly Country for some time, Huang Xiaolong finally shifted his gaze away. He looked at Jian Qintian and the other leaders of the ancient races before

muttering, “I’m going to take all three Lightning Origin Divine Fruits and the Lightning Origin Divine Tree. Are you guys going to object to it?”

Everyone felt their faces dropping and some of them were tempted to speak. However, they swallowed their words in the end.

Everyone could see that Huang Xiaolong was exhausted after the battle with the Giant Kun Heavenly Ruler and Yang Tianchen. However, none of them dared to utter a single peep.

The scene where the blood from the experts of the Giant Kun Heavenly Country, 33 Heavens Race, and the Heavenly Terror Country had filled the skies was imprinted deep into their minds.

Of course, none of them left even though no one wanted to voice out their objections.

After seeing that everyone was still reluctant to leave, Huang Xiaolong sneered. A divine pill emitting blinding radiance appeared in his hand. It seemed as though the pill contained endless life force within it.

“Origin Boundary Pill!”

Jian Qintian and the rest couldn’t help but exclaim in shock when they saw the pill Huang Xiaolong revealed.

It was the pill Huang Xiaolong had managed to obtain after killing the Heavenly Master! Huang Xiaolong had managed to retrieve two Origin Boundary Pills from his corpse!

Under the shocked gaze of everyone present, Huang Xiaolong popped the pill into his mouth. Rays of light swirled around his body and the Sovereign’s will that he had exhausted started to recover at a terrifying rate. In the blink of an eye, he was back to his peak state.

Jian Qintian and the rest stared at each other and saw the look of fear in the other party’s eyes.

“I’ll count to three. Anyone who doesn’t disappear from my sight by then will no longer leave!” Huang Xiaolong growled at everyone who was still present.

The Heavenly Saint Ruler and the the Mighty God Ruler led their men and appeared behind Huang Xiaolong.

“One.”

Huang Xiaolong didn’t bother waiting for them to react as he started the countdown.

Jian Qintian and the others felt their hearts pounding the instant the word left Huang Xiaolong’s lips.

Before he could continue, the world started to tremble. A weird whistling sound filled the space outside the 33 heavens.

This...

Everyone started looking around them in shock and saw that terrifying clouds of lightning were gathering. Lightning qi shot into the skies and a massive dragon formed by bolts of lightning charged

towards the various experts present. It was as though a boundless sea of lightning was crashing down on them as they failed to see the edges of the lightning sea no matter how hard they tried.

Wherever the lightning went, nothing survived. The lightning qi swallowed everything in its path and turned them into nothingness!

“It’s the lightning barrage!”

Jian Qintian and the other elders revealed an expression of shock.

There were avalanches on mountains where snow swallowed everything in its path. The lightning barrage was similar, just that they had to deal with lightning instead of snow! The lightning barrage in the space outside the 33 heavens had the power to obliterate everything in its path. If late-Tenth Order Sovereigns were swallowed by the lightning barrage, they wouldn’t be able to escape.

“Hurry up and run! The restrictions around the gates of the 33 heavens have strengthened!” Jian Qintian screamed as he grabbed Jian Xiaofu. They shot into the skies and fled.

There was only a single explanation as to why there would be a lightning barrage. The restrictions around the gates of the 33 heavens were regaining their strength!

The experts of the various factions fled in different directions. There was no need for Huang Xiaolong to scare them away with his strength as they were running with all they had. The Lightning Origin Divine Tree was the least of their worries!

“Lord...” The the Heavenly Saint Ruler and the Mighty God Ruler turned to Huang Xiaolong as fear crept up their hearts.

After looking at the incoming lightning barrage, Huang Xiaolong turned to stare at the Lightning Origin Divine Tree. “There is no need to rush!”

Even though he hadn’t completed the fusion between the nine great lightning pools, a mere lightning barrage shouldn’t be able to affect him now that the fusion process had already started, right?
