

# INVINCIBLE 3021

## Chapter 3021: Nice Blade!

Holy herb?! Huang Xiaolong was stunned silly. He thought the Ice Soul Fruit was some sort of treasure!

When the white-haired old man saw the expressions on their faces, he was shocked, “Are you not here for the Ice Soul Fruit?”

Chuckling softly, Huang Xiaolong explained, “This is the first time I’m hearing of the Ice Soul Fruit...”

Staring at Huang Xiaolong with widened eyes, the white-haired old man was stunned. The Ice Soul Fruit was a holy herb, and its worth was immeasurable! How could the youngster before him be unaware of it? There was no way he would believe a lie like that!

With suspicious eyes, he stared at Huang Xiaolong.

Ignoring the white-haired old man, Huang Xiaolong continued to eat his Fiery Light Maize. He felt as though he had returned to Earth when he picked at the grains.

“What a pity... We don’t have meat to go with it.” Huang Xiaolong sighed after finishing a bowl.

Lei Yu roared with laughter all of a sudden. “I grabbed a whale beast earlier for Your Highness. You should really try it! The meat of the whale beast is really smooth and fragrant!” Waving his hand, a massive beast slammed into the ground.

The white-haired old man and the youngster stared at the massive beast before them. They didn’t expect a whale beast to drop from midair.

After all, the whale beast was a high-level spiritual beast in the Origin Holy World! It would only be served in banquets organized by the various creeds. The meat of the whale beast was extremely tender, and it was something ordinary people wouldn’t be able to buy with money! The white-haired old man also recalled that there were no whale beasts around the Bearded Dragon Scared Land.

He wondered how in the world had the two individuals sitting opposite him captured a whale beast?!

A look of suspicion flashed through the old man’s eyes as he stared at Lei Yu.

As for Huang Xiaolong, he stared at the whale beast suspiciously. “Is the whale beast really as delicious as you say? Do you think it will taste good if we cook it with the absolute blaze?”

A light lit up in Lei Yu’s eyes. “Your Highness, that’s a great idea! Why didn’t I think of it in the past?” As soon as he spoke, a fireball emerged from one of his heads and it flew towards the whale beast. In the next instant, a dense fragrance filled the courtyard.

Retrieving a short knife, Huang Xiaolong sliced off a piece of meat and carefully placed it in his mouth. The meat of the whale beast was delicious, and it melted on his tongue. Lei Yu was right. The meat was extremely tender and fragrant, and after they used the power of absolute flame to grill the meat, it contained an extraordinary amount of energy. As long as one took a bite, they would feel as though their body was floating on clouds.

“Nice!” Huang Xiaolong’s mind wandered back to the time when he was back in the Asura Gates in the lower world. When he had traveled out on journeys in the past, he would grill the meat of various beasts he slew along the way.

Gulps could be heard as the youngster sitting opposite him started swallowing mouthfuls of saliva. He stared at the piece of meat in Huang Xiaolong’s hand with glistening eyes and the old man was no different. A smile formed on Huang Xiaolong’s face as he sliced off a large part of the whale beast for the two of them.

“Lei Yu, go grab some for yourself.” As soon as he spoke, Huang Xiaolong threw the blade in his hand towards the lightning beast.

Slicing off a huge chunk of meat, Lei Yu stared at the short blade in his hand and exclaimed in shock, “Nice blade!”

Of course it was. Huang Xiaolong had obtained it after he had defeated the Sword Venerable, and it was a top-grade cosmos artifact.

Huang Xiaolong and Lei Yu seemed to be the only ones wasteful enough to grill the meat of a whale beast before slicing it up with a top-grade cosmos artifact...

After feasting for one entire day, the hill-sized whale beast was finally reduced to bones by the four of them. The meat of the whale beast was fatty, but it was something they couldn’t get enough of. After eating a slice, they quickly went back for another slice.

When the day finally ended, the white-haired old man’s impression of Huang Xiaolong and Lei Yu changed. He became extremely respectful, and a trace of fear could be seen in his eyes when he looked at them. He might not know how profound the power of absolute blaze was, and neither was he aware of the blade in Huang Xiaolong’s hand. All he knew was that the flames could instantly roast the meat of a high-level True Saint Realm beast and the blade could slice it up effortlessly.

Throughout the meal, the old man spoke to Huang Xiaolong and mentioned the Bearded Dragon Sacred Land and the Ice Soul Fruit. They even talked about the village they were in and the Fiery Light Maize.

When the topic of the Ice Soul Fruit was brought up, the old man sighed, “Rumors are going around that an Ice Soul Fruit appeared in the vicinity. Many families from the Bearded Dragon Sacred Land sent out their experts to look for it. In the past month, experts of various families passed through this place.”

Huang Xiaolong finally understood why the old man thought that they were there for the Ice Soul Fruit.

“Little kid, answer a question of mine.” Lei Yu turned to the old man and spoke all of a sudden.

The white-haired old man looked old, but he was as young as a baby when compared to Lei Yu. After all, Lei Yu was a lightning beast born eons ago.

“Lord, please.” The old man bowed respectfully.

“I want to ask about the Lei Yu Creed. Tell me everything you know about it.”

“Leiyu Creed!” The white-haired old man felt as though his brain was struck by a lightning bolt. “As it turns out, you’re disciples of the Lei Yu Creed!”

Disciples?

Lei Yu didn't bother explaining himself and he continued, "Yeah, whatever. Tell me everything you know."

The look of reverence in the old man's eyes grew deeper, and he started to tell them everything he knew.

Even though he wasn't too knowledgeable, Huang Xiaolong and Lei Yu could tell that the Leiyu Creed was doing pretty well for itself.

Before the two of them could leave, a massive blast rang through the skies as the earth started to shake under their feet. A destructive energy started to spread towards the courtyard.

Shock overwhelmed the white-haired old man. It was clear that there were True Saint Realm experts exchanging blows.

As the shockwaves became stronger and stronger, they realized that the battle was slowly progressing towards them.

Several people charged towards the village all of a sudden, and Huang Xiaolong soon saw a group of people chasing one poor soul. It didn't take long for the lone runner to arrive before them.

"Senior Brother Liu, save me!" The man stopped after arriving in front of them. He stared at the white-haired old man and pleaded for help.

With his expression changing, the old man exclaimed, "Junior Brother Lin?!"

It was clear the two of them knew each other, and by the time they spoke to each other, the large group caught up to them.

Surrounding the courtyard, someone in the group yelled, "Lin Tong, hand the Ice Soul Fruit over!"

The person who spoke was a young man who exuded an imposing aura.

Ice Soul Fruit!

The white-haired old man turned to stare at his junior brother.

A bitter smile formed on Lin Tong's face as he nodded towards the old man. Turning to the young man who spoke earlier, he snapped, "If I hand it over, are you willing to let me leave?"

A sneer formed on the young man's face as he swept his gaze across Huang Xiaolong and the others. "The news of the Ice Soul Fruit can never leave this place. All I can promise you is that I'll allow you guys to die a quick death. I'll exterminate this entire village after I obtain the Ice Soul Fruit."

Huang Xiaolong stared at the young man with a placid expression.

As for the white-haired old man, he glared at the young man with an icy gaze and snorted, "Humph. You're too arrogant!"

Two experts behind the young man released their auras all of a sudden, and the white-haired old man's expression changed abruptly. "Ninth Heaven True Saints!"

“Old man, I’ll let you die in peace! I’m a disciple of the Scarlet Blood Clan!” The young man sniggered.

“Scarlet Blood Clan?!” The white-haired old man was shocked. The Scarlet Blood Clan was one of the strongest powers in the Leiyu Creed! Even if the youngster was a random disciple in the family, his status would be higher than all of them combined!

The white-haired old man couldn’t help but turn to Huang Xiaolong and Lei Yu for help.

### **Chapter 3022: Which Palace do you Belong to?!**

The white-haired old man assumed that Huang Xiaolong and Lei Yu were disciples of the Leiyu Creed previously, and if they were willing to help, the members of the Scarlet Blood Clan wouldn’t dare to touch anyone present.

“Lord, this...” The white-haired old man spoke to Huang Xiaolong all of a sudden.

“Alright. Since I ate your Fiery Light Maize, let’s consider it as though we were brought together by fate. I’ll deal with this.” As soon as he spoke, he turned to the group surrounding the courtyard and sighed, “I’ll give you ten seconds to leave.”

The young man from the Scarlet Blood Clan was taken aback for a second, but he stared at Huang Xiaolong like he was looking at an idiot. “Brat, who the f\*ck do you think you are? You can’t even protect yourself. Why are you thinking about helping them? Are you stupid?”

The group behind him roared with laughter.

Stepping forward, the white-haired old man explained, “The two lords are disciples of the Leiyu Creed!”

“?!” The members of the Scarlet Blood Clan were shocked. They looked at Huang Xiaolong and Lei Yu suspiciously.

“I wonder which division of the Leiyu Creed you’re from? Or are you associated with any palace?” One of the Ninth Heaven True Saint stepped forward and bowed slightly when he addressed Huang Xiaolong and Lei Yu.

Palace? Division?

Lei Yu frowned. “We’re not from either of that.”

He had created the Lei Yu Creed from scratch! He was the forefather of the Leiyu Creed, and it was named after him. How could he belong to any of the divisions? The palaces and divisions in the Leiyu Creed belonged to him!

Everyone was stunned.

“Aren’t you disciples of the Leiyu Creed? Can we see your disciple plaques?” The Ninth Heaven True Saint followed up with another question.

“I don’t have one,” Lei Yu snapped.

Huang Xiaolong kept his calm, and he stared at the members of the Scarlet Blood Clan. Eight seconds had already passed.

A sneer left the Ninth Heaven True Saint's lips when he heard Lei Yu's reply. "I was almost fooled by you sly dogs! How dare you pretend to be disciples of the Leiyu Creed?!" He turned to the white haired old man and roared in rage, "You should know the punishment if one pretends to be a disciple of the Leiyu Creed, right?"

The white haired old man felt the blood draining from his face.

He hadn't expected the two of them to be unable to retrieve the identity plaques of those of the Leiyu Creed.

Was he wrong? Were they not from the Leiyu Creed?

A sense of regret formed in his heart, but it was interrupted by Huang Xiaolong's soft voice.

"Time is up."

The experts surrounding the courtyard frowned as they had no idea what he meant.

Raising his purple-colored head to the skies, Lei Yu summoned a countless bolts of lightning that poured down from the void.

Those from the Scarlet Blood Clan were devoured by the lightning instantly. By the time the lightning scattered, only the stench of blood was left in the air.

Since Lei Yu was extremely adept at controlling the power of lightning, he didn't affect the surroundings in the slightest.

The white-haired old man and Lin Tong stared at Lei Yu like they were looking at two monsters.

Was that it?!

As they stared at Huang Xiaolong and Lei Yu in shock, Huang Xiaolong climbed onto Lei Yu's back and got ready to leave. Before he left, he looked at the youngster standing beside the white-haired old man and laughed, "This kid is pretty talented. If you plan to enter the Leiyu Creed, you can come and look for us." He threw a transmission symbol at the old man after speaking.

When the white-haired old man stared at the transmission symbol in his hand, Huang Xiaolong and Lei Yu had already disappeared.

"What... What did he just say?" The old man stared at the object in his hand and muttered to himself.

"Grandfather, he said that we can look for them if we want to enter the Leiyu Creed!" the youngster explained.

After looking in the direction where Huang Xiaolong and Lei Yu had left, the old man looked at the transmission symbol in his hand again.

"Don't tell me the two of them are really from the Leiyu Creed..." Lin Tong frowned. "Why would they not be able to take out the identity plaques?"

The white-haired old man was bewildered as he couldn't understand what had just happened.

“Senior Brother Liu, I’ll take my leave. The members of the Scarlet Blood Clan were killed, and they will definitely be able to track this place down. You should start moving.” Ignoring the old man’s reaction, Lin Tong sped away.

...

Several days later, they descended before a massive city.

When they arrived at the city gates, Lei Yu sighed. The city was created by him in the past, and he had used top-grade lightning attributed grand dao stones in order to craft it. The formations etched into the heart of the city were personally inscribed and branded by his dao soul!

Stopping for a second before the city gates, the two of them finally strode in.

Releasing his dao souls, Huang Xiaolong managed to observe the entire city.

“Is the Fourth Esteem Dao Venerable your disciple?” Huang Xiaolong asked.

There was indeed a Fourth Esteem Dao Venerable sitting in the inner hall of the headquarters, and he was the strongest individual in the Leiyu City.

Nodding his head, a smile appeared on Lei Yu’s face. “Indeed. He’s called Zhou Hong and when I left, he had barely entered the Dao Venerable Realm. It’s been so long since we’ve last met, and he has already entered the Fourth Esteem Dao Venerable Realm!”

When he had left, Lei Yu’s power of absolute lightning was only at the large completion stage. He wasn’t even near the peak of it! When he finally returned to the Leiyu Creed, his power of lightning was already at a whole new level...It was truly a long time since he had left.

“Let’s just look for your disciple and avoid alarming the others.”

Understanding Huang Xiaolong’s intentions, Lei Yu bowed respectfully.

As their figures started to blur, they reappeared in the inner hall of the Leiyu Creed.

Even though the formations around the inner hall were carefully placed and of a certain strength, it was nothing more than decoration to the two of them.

“Who?!” Zhou Hong discovered their presence the moment they appeared. However, a look of disbelief formed on his face when he saw Lei Yu. “Master... Master! You’re back!”

Even though Lei Yu wasn’t in his true form, Zhou Hong still managed to recognize him.

Nodding happily, Lei Yu smiled, “At least you didn’t forget me!”

Getting down on his knees, Zhou Hong kowtowed three times. After slamming his head heavily into the ground, tears started to well up in his eyes. “You’re back... You’re finally back!”

When Lei Yu saw Zhou Hong’s behavior, he face-palmed. “What are you crying for?! Hurry up and come over here! Greet His Highness!”

“His Highness?” Zhou Hong was stunned for a second. “Who are you talking about?” Looking at Huang Xiaolong, Zhou Hong didn’t understand what was going on.

### Chapter 3023: Tree of Origin

“What the f\*ck are you talking about?!” Lei Yu smacked Zhou Hong’s head and roared, “His Highness is naturally someone more important than me!”

Since Lei Yu wasn’t going soft on Zhou Hong, he used his regular strength as a Ninth Esteem Dao Venerable. Zhou Hong snapped back to attention immediately, and he hastily went over to greet Huang Xiaolong. Not daring to be disrespectful in the slightest, he greeted Huang Xiaolong like how he greeted Lei Yu.

Of course, he was grumbling in his heart. How could my master agree to follow the youngster before me?!

He was extremely clear about his master’s strength! When he had left the Origin Holy World in the past, Lei Yu already commanded three different types of energies! His power to wield absolute lightning had already reached the major completion stage!

Seeing the doubt in Zhou Hong’s heart, Huang Xiaolong chuckled and allowed him to get up.

“Where are your senior brothers?” Lei Yu asked. Zhou Hong was his youngest disciple, and he couldn’t find traces of the other three anywhere.

“Master... The young lady of the Golden Fox Creed entered the Dao Venerable Realm, and my Second and Third Senior Brother went over to congratulate her. As for Eldest Senior Brother... “

Lei Yu smacked his head once again. “What are you mumbling about?! Where’s your Eldest Senior Brother?!”

“Several tens of thousands of years ago, Eldest Senior Brother received an invitation from the branch master of the Mystical Pavilion situated in the Golden Fox Heavenly Cave. He went to look for an ancient treasure along with some other experts. They entered a forbidden space and went missing,” Zhou Hong explained. “The three of us are left in the Leiyu Creed, trying to support it ourselves!”

When Lei Yu had left, he had passed the position to his oldest disciple. Now, there was no formal leader in the creed!

“Did the branch master mention the type of treasure they were looking for?” Huang Xiaolong asked.

“We asked, but he was unwilling to reveal anything to us.”

Lei Yu narrowed his eyes and chilly killing intent emerged from them. “What f\*cking bullsh\*t! The branch master is definitely hiding something! They were definitely plotting against your Eldest Senior Brother!”

A bitter expression formed on Zhou Hong’s face. He had long since thought of the possibility, but the branch master of the Mystical Pavilion wasn’t someone he could offend as he pleased. In the Origin Holy World, the World Master was the only person who could speak to the Mystical Pavilion on equal footing. Anyone else would be crushed if they dared to go against the behemoth that was the Mystical Pavilion!

“Where is the branch located?” Huang Xiaolong asked.

Without hesitation, Zhou Hong told Huang Xiaolong everything he knew. However, he paused for a second before he continued, "Your Highness, the Mystical Pavilion is exceptionally powerful, we..."

Before he could finish, Lei Yu's palm landed on his head. "His Highness doesn't need you to teach him what to do! Go away you spineless brat!"

Chuckling bitterly, Zhou Hong retreated to the side. He didn't dare to say another word as a buzzing sound filled his ears. His vision started to spin after the repeated blows from Lei Yu, and he felt as though his brain was displaced from its original position.

Huang Xiaolong thought about something before asking Zhou Hong several other questions. He asked about Huang Shuai and the Devil Essence Holy Dragon Ancestor, but because the Origin Holy World was several times larger than the Divine Tuo Holy World, Zhou Hong had no idea who he was talking about.

It didn't take long for Huang Xiaolong and Lei Yu to make themselves at home in the Leiyu Creed.

Initially, they wanted to barge into the Mystical Pavilion branch in the Golden Fox Heavenly Cave. However, they learned that the various experts had gone over to celebrate the young lady's ascension and there wasn't anyone to answer their questions.

Since that was the case, they couldn't possibly take down the branch master in public and question him before the entire Origin Holy World, right?

The ceremony would only take a month or two, and they were more than willing to wait for such a short amount of time.

Lei Yu knew that Huang Xiaolong was unwilling to reveal his identity, and he told Zhou Hong to block off the news of his return.

As night fell, Huang Xiaolong and Lei Yu stopped their battle. "I've heard from the Dark Lightning Holy Dragon Ancestor that there's a Tree of Origin in the Origin Holy World..."

Nodding his head solemnly, Lei Yu explained, "Your Highness, you're right. Origin qi is the rarest of all energies in all the world. However, the Origin Holy World is able to possess a never ending supply as they have the Tree of Origin. Strands of origin qi would be auctioned off occasionally, but every single strand costs a fortune. The bidding usually starts at ten billion dao coins, but the price will reach an astronomical number by the time the auction ends." Lei Yu paused for a second and shook his head, "As for the Tree of Origin, no one has ever seen it before."

Huang Xiaolong sighed. The main reason Huang Xiaolong came to the Origin Holy World was because of the Tree of Origin.

Even though he had the Parasol Tree, Tree of Beginning, and several other treasures, all of them combined wouldn't be able to match the value of the Tree of Origin! Legends had it that anyone who would obtain the Tree of Origin would be able to comprehend the origin of the Huang Long World. They could increase their chances of reaching the creation realm, and they could deepen their understanding of all thirteen elements!

Among the thirteen elements, the power of time and space were the hardest to comprehend! If Huang Xiaolong wanted to comprehend the two different types of powers, he would have to obtain the Tree of Origin!

“Get some disciples to find out more about the origin qi and Tree of Origin. Get them to look for Phoenix Fire Crystals too.” Huang Xiaolong muttered. “Just get the top grade ones.”

Top-grade Phoenix Fire Crystals would only form after a phoenix undergoes rebirth. It would be extremely useful for Huang Xiaolong to comprehend the power of nirvana.

He only needed a little nudge to reach the grand completion realm in the power of nirvana, and since he would definitely be clashing with the Main Pavilion Master of the Mystical Pavilion, the power of nirvana would prove to be invaluable!

“Yes, Your Highness.” Lei Yu hastily passed down the order to Zhou Hong.

A month passed in the blink of an eye, and Huang Xiaolong didn’t remain idle. In the night, he would sit under the Tree of Beginning and Parasol Tree in cultivation, and he would refine the spiritual stones he obtained from the Demon Buddha. They assisted in his understanding of the powers of darkness and radiance. In the day, he would spar with Lei Yu to increase his ability to use the different energies in battle.

As for the genesis level pills he obtained, he planned to refine them after entering seclusion. In the past few years, he only managed to refine forty Purple Lightning Sun and Moon Pills. There were still more than two hundred of them, and he even had genesis level pills he gathered from those in the Outer World.

If he refined them all, he would easily enter the peak of the late-Ninth Esteem Dao Venerable Realm. However, there were things he needed to do and there was no rush to increase his cultivation level.

Moreover, Huang Xiaolong felt that his foundations weren’t as solid as he would like. He broke through too quickly, and he planned to temper himself before increasing his cultivation realm once again.

### **Chapter 3024: A Drop in the Ocean**

One fine day, as the streams of beginning qi entered Huang Xiaolong’s body, layers upon layers of light started to emerge. The space in the Sun Moon Furnace was flooded with brilliant light. Huang Xiaolong’s body disappeared from view.

It didn’t take long before a ray of light containing the power of radiance to emerge from his body.

The power of radiance was like a ray that had the ability to pierce through all darkness. The space in the Sun Moon Furnace was lit up instantly.

Several moments later, the pillar of light retreated into his body. The fluctuations in space returned to normal, and Huang Xiaolong heaved a sigh of relief.

When Huang Xiaolong was still in the Holy Dragon World, he already started to comprehend the power of radiance. Now, he finally understood the laws of radiance.

Perhaps it was more appropriate to say that he barely understood the power of radiance. At his current level, he couldn't even be considered to have reached the small completion stage! However, taking the first step was better than not taking a step at all!

He had the Demon Buddha Pills, and there were a lot of radiance attributed treasures in the Demon Buddha Treasury.

If he counted all the powers he could wield, there would be a total of seven of them. Absolute frost, absolute blaze, nirvana, poison, lightning, darkness, and the power of radiance.

If they only counted the number of peak level energies one could use, Huang Xiaolong would most certainly sit on the top spot in the Origin Holy World. Even the Main Pavilion Master of the Mystical Pavilion was inferior in that aspect. As for the World Master of the Origin Holy World, he could only use four different types of energies.

Of course, the power of wood wasn't as easy to comprehend as he thought. Huang Xiaolong obtained tons of treasures from the World Tree, but he still failed to understand anything!

The power of wood would be enough to stump him for a long amount of time.

Staring at the space around him, Huang Xiaolong discovered that the Sun Moon Furnace was a lot stronger than it once was. After the tempering of more than a thousand high-level Dao Venerables, the space was as sturdy as could be! If this carried on, the Sun Moon Furnace would be able to evolve in the next ten years!

Even though Huang Xiaolong wasn't lacking in top-grade cosmos artifacts, it was true that he wasn't in possession of a top-grade cosmos artifact level furnace.

In the Origin Holy World, the number of top-grade cosmos artifact level furnaces was countable on one hand!

Emerging from the Sun Moon Furnace, Huang Xiaolong stared at Lei Yu who was waiting outside and laughed, "Let's go take a stroll."

Now that he had comprehended the power of radiance, Huang Xiaolong was in a great mood. He planned to stroll around the city for fun.

After getting on Lei Yu's back, they left the courtyard and ran into Zhou Hong who was running towards them.

Zhou Hong nearly fainted from fear when he saw that his master was a mere mount for Huang Xiaolong.

One had to know that his master was...

That was the first time Zhou Hong had seen Huang Xiaolong riding on Lei Yu's back, and it brought about a rude awakening.

"What the f\*ck are you stunned for?! What do you want?!" Lei Yu snapped when he saw Zhou Hong standing there staring at them with his mouth open.

Snapping back to attention, Zhou Hong reported, "Master, Second and Third Senior Brother should be returning soon. They will be back in half a month!"

"Is that it?" Lei Yu glared at Zhou Hong as he growled.

Beads of cold sweat started dripping from Zhou Hong's forehead and he lowered his head in fear. "No! No! There's more! We managed to locate the peak-grade Phoenix Fire Crystals!"

"Oh?" Huang Xiaolong's eyes lit up.

Lei Yu burst out laughing in the next instant. "That's fast! You're pretty good! Tell us about it! How did you manage to learn about the crystals?"

Zhou Hong heard his master's praise, and excitement filled his heart. He didn't dare to dally as he spoke quickly, "Second and Third Senior Brother found it! The Cloud Wind Dao Venerable gave the Golden Fox Creed a single peak-grade Phoenix Fire Crystal!"

Huang Xiaolong and Lei Yu were stunned.

"The Cloud Wind Dao Venerable from the Wind Cloud Chamber of Commerce?" Lei Yu frowned. "It seems like that old man is pretty rich! He is willing to part with a single peak-grade Phoenix Fire Crystal so easily!"

One had to know that the crystal was worth several billion dao coins! Even Lei Yu wouldn't be willing to give something so expensive away!

Zhou Hong chuckled, "Master, you might not know about this, but the Cloud Wind Dao Venerable took the young lady of the Golden Fox Creed as his goddaughter."

"It's no wonder he's so generous." Lei Yu nodded as he started to explain the situation about the chamber to Huang Xiaolong. The Wind Cloud Chamber of Commerce was one of the largest chambers in the Origin Holy World, and the Cloud Wind Dao Venerable was its founder!

"He's pretty strong. His power of wind is at perfection level, and he comprehended the power of earth to the major completion level!" Lei Yu explained.

"Master, he reached perfection level in the power of earth..." Zhou Hong interrupted.

Lei Yu was stunned by the sudden discovery. However, he soon recalled that a long time had passed since he left. He reached the perfection level in the power of lightning, and it wasn't strange for others to improve too. After all, the other party was the head of the Wind Cloud Chamber of Commerce. He had tons of resources to practice with.

"How strong is the Cloud Wind Dao Venerable?" Huang Xiaolong frowned.

"On the World Extermination List, he's ranked twentieth!" Zhou Hong replied.

Twentieth was pretty good. Even though the other party reached perfection level in both the powers of wind and earth, Lei Yu was confident he could suppress the other party.

Zhou Hong then told Huang Xiaolong about how the young lady of the Golden Fox Creed, Jin Xiaoxiao, planned to put up the crystal for auction in the Mystical Pavilion's branch three months later.

Huang Xiaolong smiled. If that was the case, he could save himself a lot of trouble.

“However, there will definitely be a lot of people bidding for the crystal! The price will definitely reach an ungodly amount...” Zhou Hong hesitated for a moment and continued, “The Leiyu Creed’s treasury only has three billion dao coins left.”

Lei Yu chuckled softly when he heard what Zhou Hong said. “There’s no need for you to worry about money. His Highness has more than enough to buy a mere crystal. There’s no need to talk about several billions. His Highness can bring out several tens of billions without batting an eyelid! Billions of dao coins are nothing more than a drop in the ocean!”

Lei Yu wasn’t exaggerating. Huang Xiaolong plundered too many treasuries along the way. When he swept through the Outer World, he grabbed the treasuries of the four largest regions! Even Huang Xiaolong himself had no idea how much money he had! All he knew was that he definitely had several trillions of them!

That was several trillions he was talking about!

Zhou Hong was stunned speechless. “Wouldn’t that make His Highness richer than the Wind Cloud Chamber of Commerce?!”

Huang Xiaolong revealed a crafty smile on his face and so did Lei Yu. “There’s no need to mention the Wind Cloud Chamber of Commerce. Even if all the chambers of commerce pooled their wealth, they wouldn’t be able to rival His Highness! Alright. Enough of this. His Highness plans to go out for a walk. Arrange for two disciples to bring us around.”

### **Chapter 3025: Is that Them?!**

Zhou Hong widened his eyes in shock, but he quickly followed up. “Why don’t I follow you around?”

As soon as the words left his lips, Lei Yu’s palm came slapping downwards. “You dumb\*ss! Are you getting stupider the longer you live? If you follow behind us, won’t our identities be revealed?! How are we supposed to stroll around for fun?!”

Zhou Hong held his head, and he felt like dropping to the floor in pain. However, he could only swallow his grumbling as the person who hit him was a nigh unbeatable existence! He didn’t dare to spew anymore crap, and he hastily arranged for two disciples to follow behind Huang Xiaolong and Lei Yu.

Looking at the two of them leave, Zhou Hong felt a weird feeling spouting in his heart. He didn’t know what Huang Xiaolong’s identity was, but he knew that his master turning into someone’s mount was something he had never expected to happen.

As soon as they left the headquarters, two disciples followed behind them. They had special orders from Zhou Hong, and they were extremely respectful to the two before them. When Huang Xiaolong asked them a question, they would reply respectfully.

When Huang Xiaolong and Lei Yu were taking a stroll in the city, a group of experts from the Scarlet Blood Clan was escorting a disheveled young man around. No, he was more like a prisoner to them, and if Huang Xiaolong and Lei Yu were present, they would immediately recognize Lin Tong.

“Lin Tong, you better be speaking the truth. If they aren’t disciples of the Leiyu Creed, you know the consequences!” An expert from the Scarlet Blood Clan sneered at Lin Tong.

With his expression changing several times in a second, Lin Tong shook his hand hastily. “I am absolutely sure! Enforcer Chen Yang, the young man and the three-headed beast are definitely disciples of the Leiyu Creed! They said that the grandson of my senior brother is pretty talented, and they even invited him to join the Leiyu Creed!”

The expert he called Chen Yang snorted, “Let’s hope you’re right.”

“Even if they’re disciples of the Leiyu Creed, they will have to pay the price of killing so many disciples of our clan!” Someone else sneered.

“Black-haired man with yellow robes, riding on a three headed beast. We will definitely be able to smoke them out instantly!” Another expert from the Scarlet Blood Clan growled as killing intent emerged from his eyes.

If ordinary disciples of the Scarlet Blood Clan had died, they wouldn’t have pursued the matter. However, those disciples Huang Xiaolong had killed were more than ordinary disciples.

As one of the strongest powers in the Leiyu Creed, they had never experienced such humiliation before!

Very quickly, the group arrived at a luxurious manor. After entering the gates, they went straight towards the main hall.

A middle-aged man with a scar on his forehead sat in the main seat, and his sturdy figure exuded a sense of pressure just by sitting in the room.

The experts from the Scarlet Blood Clan got to their knees as soon as they saw the man. “We greet Lord Chen Shuanghe!”

Lin Tong fell face-first onto the ground with everyone else.

Chen Shuanghe was a member of the Scarlet Blood Clan who managed to enter the Leiyu Creed. He managed to impress an Eminent Elder of the creed, and he had managed to become a grand elder in the Enforcement Hall.

Staring at those before him, Chen Shuanghe muttered, “Members of the Scarlet Blood Clan, you can get up.”

The only person left on the ground was Lin Tong, and his body trembled violently.

“I know what happened. I have already sent members out to look for them. We will be able to ascertain their location soon.” Ignoring Lin Tong, Chen Shuanghe spoke to the others.

Chen Yang felt a sense of excitement spreading in his heart and he bowed respectfully, “Many thanks to Lord Shuanghe!”

“It’s nothing.”

All of a sudden, a disciple, who wore the clothes of a Leiyu Creed’s core disciple, charged into the hall. “Master, we found him! The two of them aren’t disciples of our Leiyu Creed!”

The young man who entered was Chen Shuanghe's direct disciple, Lin Baoyuan, and he was also a core disciple of the Creed.

"What?! How can that be possible?!" Lin Tong felt endless despair as the blood drained from his face.

The members of the Scarlet Blood Clan were bewildered.

"That's right. They aren't recorded in the Creed." Lin Baoyuan continued, "They might not be our disciples, but they seem to be close to Peng Fei and Jia Zhen!"

The two of them were the ones who received Zhou Hong's order to bring Huang Xiaolong and Lei Yu around.

"Oh? Why would you say so?" Chen Shuanghe was slightly taken aback.

"I managed to discover that the four of them are currently out strolling along the streets of Lei Yu City!"

Everyone was shocked.

However, a cold snort formed on Chen Shuanghe's face. "How dare they impersonate disciples of the Leiyu Creed to kill members of the Scarlet Blood Clan? Preposterous!"

Lin Baoyuan hesitated for a moment and he continued, "Master, should we dig up their identities? They might not be disciples of our creed, but they might be experts of other factions."

"I don't care about that. As long as they aren't our men, we'll be able to sentence them to death!" Chen Shuanghe chuckled. "Even if they are from other factions, do you think anyone will save them if we choose to punish them? Impersonating a disciple of our Leiyu Creed isn't a small crime! If anyone dares to protect them, we'll exterminate their faction!"

"Should I head over to take them down now?" Lin Baoyuan asked.

Shaking his head slowly, Chen Shuanghe growled, "Since Peng Fei and Jia Zhen are there, I shall head over to deal with this."

The members of the Scarlet Blood Clan were ecstatic. If Chen Shuanghe personally dealt with the matter, nothing would go wrong!

...

After walking through half the city, Huang Xiaolong decided to head back to the manor. However, Chen Shuanghe and his party sauntered over without hiding their auras. As a grand elder of the Enforcement Hall, Chen Shuanghe's authority wasn't low. He brought a whole bunch of disciples with him, and there were several thousand of them.

Peng Fei and Jia Zhen might be core disciples of the creed, but this was the first time they were dealing with matters like this! Their expressions changed once they saw Grand Elder Chen Shuanghe.

"Seems like this bunch of brats are here for us." Lei Yu chuckled in his mind.

Huang Xiaolong remained expressionless as per usual.

Very quickly, the entire army arrived before them.

Bringing Lin Tong to the front, Chen Shuanghe pointed at Huang Xiaolong and Lei Yu. "Is that them?"

Nodding hastily, Lin Tong nearly poised his pants. "Yes, yes! That's them! They killed the members of the Scarlet Blood Clan while pretending to be members of the Leiyu Creed!"

### **Chapter 3026: Call Me Lord!**

When Peng Fei and Jia Zhen heard the accusation, they were shocked. They might not have known Huang Xiaolong and Lei Yu's identities, but they knew that the patriarch was extremely concerned about them! They received orders from the patriarch to bring them around, and they didn't understand why two people at their level would pretend to be members of the Leiyu Creed!

Chen Shuanghe's eyes turned cold as soon as he got the confirmation. Turning around, he ordered the members of the enforcement hall, "Take them down."

"Hold it!" Peng Fei and Jia Zhen yelled. They rushed over to Chen Shuanghe and explained, "Lord Shuanghe, there has to be a mistake."

"Mistake?" Chen Shuanghe sneered, "Peng Fei, Jia Zhen, don't think that I'm afraid to capture the two of you because of your identities. The two of them pretended to be members of our Leiyu Creed, and you should know their crimes!"

Peng Fei and Jia Zhen were stunned.

"Lord Shuanghe, the two lords wouldn't do that!" Peng Fei explained, "I am willing to vouch for them with my life on the line! There has to be some sort of misunderstanding here!"

Lords?! Chen Shuanghe turned to stare at Huang Xiaolong and Lei Yu. A frown formed on his face as Lin Baoyuan and the others were equally as shocked.

However, Lei Yu's voice rang through the air as soon as Peng Fei spoke. "There's no misunderstanding here. I did say that I was part of the Leiyu Creed!"

Peng Fei and Jia Zhen were shocked.

Chen Shuanghe felt a sense of joy emerging in his heart. Since they admitted it, he could deal with them openly. A sneer formed on his face and he snorted, "Peng Fei, Jia Zhen, you heard him."

A sinister smile formed on Lei Yu's face all of a sudden. "Little doll, I said that I am from the Leiyu Creed, but I didn't say that I impersonated one of you. Are you senile or are you deaf? Maybe you were dropped as a child?"

Little doll?!

The expressions of everyone present turned extremely colorful when they heard how Lei Yu addressed Chen Shuanghe.

Chen Shuanghe's expression sank instantly, and he glared at Huang Xiaolong and Lei Yu, "I've already checked. None of you are disciples of my Leiyu Creed, and we have no records of you anywhere. How dare you deny it?"

Huang Xiaolong, who had been silent all this while, finally spoke up, "Even if we did, what can you do about it?"

Chen Shuanghe was taken aback by his sudden 'confession'. However, a chilly light shot out from his eyes the next instant. "You impersonated a disciple of my Creed, and you killed members of the Scarlet Blood Clan. Whatever the case, I sentence you to death!"

Lei Yu couldn't contain his laughter anymore, and he roared with laughter. He couldn't understand where Chen Shuanghe was getting his confidence from. It was as though an ant was waving its feelers in the air, threatening to kill a heavenly dragon.

Everyone turned to look at him, and Lei Yu started to speak.

"Little doll, the number of people who dare to threaten me in the Origin Holy World can be counted on both hands, maybe a little more! Are you sure a Seventh Resurrection Primal Ancestor like yourself can do as you say?"

Everyone was stunned speechless.

It was especially so for Chen Shuanghe. He couldn't understand how the other party saw through his cultivation realm so easily.

"Preposterous!" A snort filled the air and a grey-haired expert walked out from the void.

"Eminent Elder Lu Linfeng!" Chen Shuanghe felt a giant weight lifted off his chest when he saw the arrival of the doyen. He went up to pay his respects, and the disciples of the Leiyu Creed fell to their knees. The members of the Scarlet Blood Clan prostrated themselves while Peng Fei and Jia Zhen got to their knees.

Allowing Chen Shuanghe and the others to get to their feet, he glared at Huang Xiaolong and Lei Yu.

"Eminent Elder Lu Linfeng, the two of them impersonated disciples of our Creed and they..."

"I heard everything they said." Lu Linfeng interrupted Chen Shuanghe.

Initially, he wasn't planning on showing himself. After all, it was merely a small matter for them to clash with disciples of other factions. However, he couldn't sit still when he heard that they were pretending to be members of the Leiyu Creed. Moreover, the way Lei Yu spoke got on his nerves.

When Lei Yu had left the Creed in the past, Lu Linfeng hadn't joined the ranks of the Eminent Elders. He couldn't recognize the founder himself, and it was especially so after Lei Yu hid his aura. No one could tell who he was, and there were probably only four people in the Leiyu Creed who would be able to recognize him.

"Not many people in the Origin Holy World can sentence you to death? Don't tell me you're an expert who comprehended the peak powers of the world and you're ranked on the World Extermination List."

There was a list that ranked the top hundred experts of the Origin Holy World, and they were recognized by everyone. It was clear Lei Yu wasn't part of them.

Since the time he had left, the list undergone a lot of reshuffling. It would refresh itself every one hundred million years, and his name was no longer on it.

Whatever the case, Lei Yu wasn't one to endure insults from a weakling. As soon as Lu Linfeng completed his sentence, he pointed a single finger at the man. A ray of light emerged, and Lu Linfeng was sent flying.

The blast rang through the skies, and everyone who witnessed the scene couldn't help but stare at Lei Yu with a bewildered expression.

"Even if I'm not on the list, I can deal with a tiny ant-like that with a single finger." Lei Yu muttered placidly.

"Who dares to act insolently in the Leiyu Creed?!" Several dozen figures soared into the skies in an instant.

All of them were Dao Venerable Realm experts from the Leiyu Creed, and they noticed Lei Yu's power the moment he acted against Lu Linfeng.

Huang Xiaolong stared at them calmly, and before Lei Yu could smash them all down into the ground, a roar rang through the skies. "Hold it right there!"

Zhou Hong was the one who spoke, and he rushed over with anger boiling in his heart.

By the time he arrived before Lei Yu and Huang Xiaolong, Lei Yu's claw came down hard on his head just as he was about to bow. "Who the f\*ck are you referring to?!"

"Mas..." Holding his head, a pained smile formed on Zhou Hong's face as he wanted to greet Lei Yu.

Before he was done, another smack hit him on the head. "Call me Lord!"

With his head ringing in pain, tears nearly streamed down his face as he quickly greeted Lei Yu. "Lord!"

The experts from the Leiyu Creed were shocked when they saw what happened. It was especially so for the Dao Venerables who arrived. They couldn't believe that their patriarch was getting slapped on the head by some beast!

"We're leaving," Huang Xiaolong ordered all of a sudden.

Grabbing Zhou Hong's face, Lei Yu growled, "Just do what you have to. If you have to kill them, go ahead!"

Zhou Hong felt all the anger in his heart fading all of a sudden. So many years had passed, and his master's habit was still the same. In the past, Lei Yu would smack all of them before he allowed them to leave his presence.

### **Chapter 3027: Just Rob Him**

When Zhou Hong looked at their leaving figure, his face was scrunched up into a ball from the pain Lei Yu had inflicted onto him.

As for Chen Shuanghe, his clothes were drenched in a cold sweat. If Zhou Hong, their patriarch, was treated like a misbehaving kid before Lei Yu, what was he considered?! Even if he used his toes to think, he would realize that the identities of the two people he was trying to arrest were things he couldn't hope to uncover!

Impersonating disciples of the Leiyu Creed?! Was there a need for them to do that when Zhou Hong ran all the way out there to receive a beating?!

The more he thought about it, the colder his heart became. He glared at the members of the Scarlet Blood Clan, and he wanted nothing more than to tear them limb from limb.

When Chen Yang and the others noticed his gaze, they were terrified.

The Dao Venerables who had appeared at the end of the exchange approached Zhou Hong cautiously and asked, "Patriarch, they..."

"There's no use asking." Zhou Hong sighed. "You will know when the time comes."

One of the mid-Fourth Esteem Dao Venerable stared at Lei Yu's leaving figure, and he frowned. He could be considered a senior in the Leiyu Creed. When Lei Yu had left the Creed in the past, he was like Zhou Hong, and he had barely entered the First Esteem Dao Venerable Realm.

He felt as though a lightning bolt ran through his entire body when he discovered the truth.

"No one is allowed to speak about the matter that happened today." A solemn expression appeared on Zhou Hong's face and he growled, "Anyone who leaks the news will be executed as a traitor to the creed!"

Everyone felt their hearts skipping a beat when Zhou Hong looked into their eyes.

When Huang Xiaolong and Lei Yu finally returned to their courtyard, their daily routine remained the same. Huang Xiaolong sparred with Lei Yu during the day. In the past, he would use six different types of energies, but everything changed after he comprehended the power of radiance. The number of powers he used against Lei Yu increased by one, and his combat abilities became even stronger than before. In the night, he would refine the Phoenix Fire Crystals under the Parasol Tree to comprehend the power of nirvana. Absolute beginning qi would nourish his body in the process.

At the same time, more than a thousand high-level Dao Venerables were tempering the Sun Moon Furnace with their cosmos energy. The cosmos energy they produced would seep into Huang Xiaolong's body occasionally, and they would strengthen all three worlds in him.

Even though his Body of Heaven and Earth was already at the grand completion stage and his three small words were at the perfection level, he still benefited from the process.

Half a month passed in the blink of an eye.

Lei Yu's second and third disciple returned to the Leiyu Creed, and they were speaking to Zhou Hong.

"Fourth Junior Brother, did something happen? Why are you so anxious for us to return?" Tan Hua, Lei Yu's second disciple, stared at Zhou Hong doubtfully.

Since Lei Yu had specifically commanded him to keep the news of his return a secret, Zhou Hong didn't dare to breathe a word about it. Not even his senior brothers knew about the matter. He only requested for them to return as quickly as they could after the ceremony.

"Did you receive news about Eldest Senior Brother?!" Sui Hengyi, Lei Yu's third disciple, asked.

The two of them made guesses along their way back, and they felt that Zhou Hong's impatience definitely had something to do with their senior brother.

A crafty smile formed on Zhou Hong's face all of a sudden and he chuckled softly, "Let's go! Someone's waiting to see you two!"

Under their suspicious gaze, Zhou Hong brought the two towards Huang Xiaolong's courtyard.

Even though Lei Yu had hidden his aura, and he had transformed his body to look like an ordinary three-headed beast, Tan Hua and Sun Hengyi recognized him immediately. Their eyes nearly popped out from their sockets as they failed to hide their excitement. They acted like Zhou Hong when he had seen Lei Yu again, and they got to their knees with tears dripping down their faces. "Master!"

Tan Hua, his second disciple, cried the loudest.

Seeing his disciples embarrassing themselves before Huang Xiaolong, Lei Yu couldn't contain the shame in his heart as he smacked Tan Hua on the head. "Enough! Are you a sissy? I'm not dead yet! There's no need to cry as though you're attending my funeral!" Pointing towards Huang Xiaolong, he snapped, "Get over here and pay your respects to His Highness."

"His Highness?" Tan Hua and Sui Hengyi raised their heads slowly to stare at Huang Xiaolong. However, none of them said anything.

With his claws descended on their heads once again, Lei Yu snapped, "Are you deaf?!"

Zhou Hong stood at the side while he doubled over with laughter.

When his senior brothers weren't here, he had to endure Lei Yu's beating all by himself. Now that they were back, they could join in the fun.

With bitter looks on their faces, Tan Hua and Sui Hengyi bowed respectfully.

Allowing them to stand, Huang Xiaolong started to ask about the matter of the peak-grade Phoenix Fire Crystal.

The two of them weren't stupid. They knew that Huang Xiaolong was extremely interested in the item as it was the first thing he spoke about as soon as he met them. They told him everything they knew without leaving out the slightest detail.

"Fist-sized?!" Huang Xiaolong was slightly disappointed when he heard that the crystal was only the size of a fist.

Phoenix Fire Crystals were split into different grades. Naturally, the bigger ones were more valuable.

Now that he was only a tiny step away from reaching the grand completion stage in the power of nirvana, a fist-sized Phoenix Fire Crystal wasn't going to cut it!

A crafty smile formed on Lei Yu's face all of a sudden. "Your Highness, why don't we buy the crystal in the auction before paying the Cloud Wind Dao Venerable a visit? He definitely has more in his possession, and we'll just rob him clean!"

Tan Hua, Sui Hengyi, and Zhou Hong felt beads of cold sweat dripping down their foreheads when they heard the conversation between the two. The number of people who dared to rob the Cloud Wind Dao Venerable could probably be counted on both hands!

"Master, Cloud Wind Dao Venerable reached perfection level in both the powers of wind and earth..." Afraid Lei Yu would be mistaken about the old man's strength, Tan Hua quickly tried to persuade him.

He received a smack across the face in response. "No sh\*t! Do you think I'm weaker than that old fart?"

Holding his face in pain, Tan Hua could only force a smile. "No, no, no! Master is the strongest! I wouldn't dare think that the Cloud Wind Dao Venerable would be able to defeat you in battle!"

Sweeping his gaze across the three, Lei Yu muttered, "There's nothing to worry about. Even if the old man reached the grand completion stage in both the powers of wind and earth, I'm capable of taking him down."

His disciples revealed a joyous look, and Sui Hengyi asked, "Master, did you..."

"That's right. I reached tperfection level in the power of lightning." Lei Yu laughed with a smug expression on his face. The Cloud Wind Dao Venerable might have reached the grand completion stage in the powers of wind and earth, but they were ranked at the bottom in terms of strength among all thirteen types of energies.

The power of lightning was ranked seventh.

The divide between the powers was like the gap between the heavens and earth!

Of course, Lei Yu also wielded the power of absolute blaze and radiance at the major completion level.

Hearing that their master had managed to comprehend the power of lightning to perfection level, they felt excitement bubbling in their hearts.

"Congratulations!"

Nodding slightly, Lei Yu knew that his disciples would be motivated to try their best after learning about his achievements.

"We no longer need to be afraid of the Nine Vision Creed and the Devil Curse Creed! Hahaha!" Sui Hengyi roared with laughter.

The Leiyu Creed might have been developing smoothly in the past years, but pressure from other Creed was building. The Nine Vision and Devil Curse Creeds were their main competitors in the Golden Fox Heavenly Cave!

### **Chapter 3028: Exterminate Them**

As one of the largest regions in the Origin Holy World, the Golden Fox Heavenly Cave housed thirty-eight creeds! The Leiyu Creed was only ranked eighteen among the thirty-eight!

As for the Nine Vision Creed and the Devil Curse Creed, they were existences that far surpassed the Leiyu Creed. One of them was ranked tenth, and the other was ranked ninth!

One could only imagine how powerful they were!

“What’s the deal with the two of them?” Lei Yi frowned when he heard Sui Hengyi’s tone when he spoke of the other two creeds.

He had returned for quite some time, but Zhou Hong hadn’t mentioned anything about them!

Tan Hua and Sui Hengyi felt Lei Yu’s gaze on them and they quickly lowered their heads.

Sui Hengyi eventually gathered his courage to explain everything to Lei Yu. “Master, in your absence, there were several other powers that rose to prominence in the Golden Fox Heavenly Cave. The Nine Vision Creed and the Devil Curse Creed appeared in the past several hundred million years. They might be new powers, but they expanded rapidly. Their patriarchs are experts with unfathomable strength! They are ranked ninth and tenth in the region, and they aren’t existences we can defeat!”

“Get to the point!” Lei Yu interrupted him all of a sudden.

Glancing at Lei Yu, Sui Hengyi muttered, “They have expanded rapidly in the past few years, and they started fighting with us for resources. They even grabbed talented disciples from right under our noses, and after Eldest Senior Brother went missing, their attitudes towards us changed drastically.”

A frosty light flashed through Lei Yu’s eyes.

“However, the Region Lord of the Golden Fox Heavenly Cave remembers master’s grace! The two creeds don’t dare to go too far, and we managed to keep whatever we have left. Otherwise, we would have long been destroyed!” Sui Hengyi hastily continued when he felt the killing intent rolling off Lei Yu’s body.

Lei Yu might have left for many years, but his disciples were still extremely fearful of him.

“Golden Fox didn’t care about their actions?” a snort left Lei Yu’s lips.

Looking at each other, his disciples didn’t dare to speak.

Zhou Hong finally broke the silence after a long time. “The Golden Fox Dao Venerable sent several men to warn them in the past...”

A sneer left Lei Yu’s lips. From what Zhou Hong said, he understood everything that had happened. The Golden Fox Dao Venerable hadn’t appeared personally to deal with the matter!

Bitter smiles formed on his disciples’ faces. “Master, you’ve been gone for too long. The Golden Fox Dao Venerable’s gratitude has long since faded. It’s good enough that he sent several men over to warn them.”

Sui Hengyi seemed to have thought of something, and he sighed. “The two of them never showed any respect to the Golden Fox Dao Venerable. However, the patriarchs of the two creeds personally appeared during the ceremony hosted by the Golden Fox Dao Venerable, and they offered a genesis level pill as tribute.

“After the Golden Fox Dao Venerable received their gift, he roared with laughter. He personally invited them to the front of the ceremony! We could only sit at the seats near the exit!” A trace of rage emerged in Sui Hengyi’s heart. “Master, you might not know this, but Eldest Senior Brother’s disappearance definitely had something to do with the Nine Vision Dao Venerable! The branch master of the Mystical Pavilion invited so many experts to go on an expedition, but the branch master and the Nine Vision Dao Venerable were the only two to return!”

Huang Xiaolong, who had remained silent all this while, spoke up, “After the auction ends, exterminate the Nine Vision Creed and the Devil Curse Creed.”

Tan Hua, Sui Hengyi, and Zhou Heng were shocked.

Lei Yu was the only one who chuckled in excitement, “Your Highness, we’re of the same mind!”

Hesitating for a moment, Zhou Heng turned to Lei Yu and asked, “Master, if you exterminate their factions, the Golden Fox Dao Venerable might be unable to sit still.”

“Humph. Why would I need his permission to exterminate two puny creeds? If he dares to stop me, I’ll crush his Golden Fox Creed!”

An awkward smile formed on his disciples’ faces.

“Master, you might be unbeatable, but the Golden Fox Dao Venerable isn’t one to be trifled with! He has improved a lot since you left, and he entered the ranks of the Extermination List! He also formed some sort of relationship with the Wind Cloud Chamber of Commerce, and the number of experts he can command are as numerous as the clouds in the sky! He has more than thirty Ninth Creation Dao Venerables at his beck and call!”

Lei Yu sneered. “That’s just thirty of them. There’s nothing for you to worry about. Even if I’m unable to take them all on, His Highness will be backing me up!”

?!

Tan Hua and the others turned to look at Huang Xiaolong.

“This is our first meeting, and there’s nothing much I can give you. You can have a pill each.” A jade bottle appeared in their hands as soon as the words left Huang Xiaolong’s lips.

“This... This... Genesis level pills?!” The three of them didn’t think much of the gift, but when they noticed the lightning qi contained in the bottle, they couldn’t help but exclaim in joy.

The three of them might not have known what the pills were, but they knew that the pills were definitely at the genesis level. Moreover, they weren’t some knockoff low-grade genesis pills! They were definitely high-grade ones, and the pills given to the Golden Fox Dao Venerable by the patriarchs of the two creeds during the ceremony weren’t even close in quality!

The pills Huang Xiaolong gave out were precisely the Purple Lightning Sun and Moon Pills he had refined previously.

When Lei Yu saw the look of shock on their faces, he couldn’t help but chuckle, “His Highness has tons of these! As long as you three brats do your best, His Highness will never treat you badly! His Highness’

abilities are something you can never fathom!” As if he was afraid they were still questioning Huang Xiaolong’s powers, he added, “In the future, His Highness will definitely rule over the Origin Holy World!”

“Conquering the Origin Holy World?!” The three of them stared at Huang Xiaolong in disbelief.

They had no idea who Huang Xiaolong was previously, but they never expected he would be someone capable of taking over the Origin World! If he really did it, he would become the world master of the Origin Holy World!

The world master they knew was an existence whose status stood above the rest!

Even though the Leiyu Creed was no pushover, they were only ranked eighteenth in the Golden Fox Heavenly Cave! If they compared themselves to those in the Origin Holy World, they would be ranked near the bottom!

As such, the world master of the Origin Holy World was an invincible existence!

The looks in the eyes of the trio changed instantly. They looked at Huang Xiaolong like they were looking at a god.

They never doubted the words of their master, and since Lei Yu could say that Huang Xiaolong would conquer the Origin Holy World in the future, they were sure he was capable of doing it!

Seeing the gazes in their eyes, Lei Yu chuckled softly. The Origin Holy World was merely the start. As the Son of Creation, the Huang Long World belonged to him!

### **Chapter 3029: Heaven Seizing Inn**

After staying in the Leiyu Creed for another month, Huang Xiaolong and Lei Yu finally departed for the Mystical Pavilion’s branch in the Golden Fox Heavenly Cave.

It would take more than a month for the auction to commence, and Huang Xiaolong decided to take a nice trip around the Golden Fox Heavenly Cave while he was one the way there.

When Zhou Hong and the others learned that Huang Xiaolong was planning to head over to the Mystical Pavilion Branch, they got ready the Lei Yu Flying Ship.

One had to know that the Lei Yu Flying Ship was something Lei Yu personally refined in the past. It was a high-grade cosmos artifact, and he used quite a bit of effort to create it.

However, Lei Yu chuckled lightly at his disciples when he saw the flying ship in the skies. “His Highness’ status wouldn’t allow him to sit in the Lei Yu Flying Ship. You guys can relax. His Highness has his own flying ship.”

Tan Hua looked at the other two and realized they were also looking at him with a strange expression. Was a high-grade cosmos artifact not enough?

Huang Xiaolong chuckled slightly and summoned the Purple Lightning Peak.

When they looked at the giant purple mountain hovering in the skies above them, Tan Hua, Sui Hengyi, and Zhou Hong felt their jaws dropping. The mountain was as large as a supercontinent and the shadow covered the entire creed.

“This... This... Is this a peak-grade cosmos artifact level flying ship?!” Tan Hua asked.

Chuckling to themselves, Huang Xiaolong and Lei Yu didn’t reply. The Holy Dragon Flying Ship was a peak-grade cosmos artifact, but it was like a snail compared to the Purple Lightning Peak! There were genesis level formations all around the mountain, and it possessed much stronger offensive and defensive capabilities than the Holy Dragon Ship. Despite that, Huang Xiaolong and Lei Yu couldn’t ascertain the grade of his treasure.

Perhaps, it was a creation level artifact...

After all, even peak level cosmos artifacts were far worse compared to the Purple Lightning Peak!

“Master, should we come along?” Zhou Hong asked after snapping back to reality.

“There’s no need.” Shaking his head, Huang Xiaolong refused their company. “Just arrange for two disciples to follow us there. In fact, the previous two will do.”

Tan Hua and the others were extremely interested to follow beside Huang Xiaolong and Lei Yu, but since Huang Xiaolong had already given them the order, they could only arrange for Peng Fei and Jia Zhen to go along. When the two disciples of the Leiyu Creed entered the Purple Lightning Peak, the three Dao Venerables felt a trace of jealousy forming in their hearts.

Under their respectful gaze, the Purple Lightning Peak tore through the skies and disappeared through the skies.

It didn’t take long for the Purple Lightning Peak to leave the Leiyu Creed.

Since they needed to travel through four regions before arriving at the Mystical Pavilion’s Branch, Huang Xiaolong decided to visit each and every one of them along the way.

As per usual, Huang Xiaolong sparred with Lei Yu when the Purple Lightning Peak was traveling to its destination. In order to challenge himself, Huang Xiaolong summoned the Old Monster Flame and other experts who commanded absolute energies to assist Lei Yu during the sparring sessions.

There were thirteen experts who comprehended absolute powers in the Sun Moon Furnace, and eight of them were captured by Huang Xiaolong when he entered the Blue Lotus Pond in the past. Five more came from the Bright Lightning Abyss, and all of them were cultivators from the holy worlds.

Stationing the demons of the Outer World back in their respective regions, Huang Xiaolong didn’t bring them along with him. Otherwise, the number of experts who wielded absolute energies would reach a staggering number!

When he passed through the black regions of the Outer World previously, he subdued groups of Ninth Esteem Dao Venerable Realm demons. He planned to bring all of them over when he eventually clashed with the Mystical Pavilion, but that wouldn’t happen anytime soon.

With the addition of thirteen experts who wielded absolute energies, Huang Xiaolong's understanding of the powers he controlled deepened.

In the past, Huang Xiaolong reached perfection level in both the powers of absolute frost and poison. However, he was only able to utilize seventy percent of their power. After his constant sparring sessions, he was able to wield his powers with more than ninety percent efficiency!

Moreover, there were several experts who controlled the power of metal and wood. There were even some who could use the power of absolute earth and wind, and it was great practice for the upcoming battle with the Wind Cloud Chamber of Commerce!

With the addition of those from the Sun Moon Furnace, Huang Xiaolong's understanding in the various energies deepened.

"What a pity... No one knows how to use the powers of space and time!" Huang Xiaolong sighed.

Huang Xiaolong couldn't help but think of the Dark Shadow Devil.

It had been so many years, but the only person who could use the powers of space was the Dark Shadow Devil.

During the battle in the Blue Lotus Pond, Huang Xiaolong exterminated his shadow, but he failed to locate the other party's true body!

In the past hundreds of years, Huang Xiaolong used the powers he controlled in the Divine Tuo Holy World and the Demon Buddha Alliance to look for him, but to no avail.

"I wonder if the Dark Shadow Devil is in the Origin Holy World..."

That wasn't impossible.

The Dark Lightning Holy Dragon Ancestor spoke to him about the matter before. The Dark Shadow Devil was born in the Origin Holy World, but he hadn't been seen ever since. No one knew which Creed he came from, and no one knew his whereabouts.

Huang Xiaolong decided to investigate the matter after the auction ended.

If he managed to locate the Dark Shadow Devil, he would definitely be able to increase his understanding of the powers of space! Moreover, the Dark Shadow Devil seemed to know his father's whereabouts.

After crossing the various creeds, Huang Xiaolong and his group finally arrived at the Mystical Pavilion's Branch after one entire month.

It was located in the Qiongqi Sacred Land of the Cangming Creed! In the Golden Fox Heavenly Cave, the Cangming Creed was ranked third! They were a force to be reckoned with, and the patriarch of the Cangming Creed had a pretty good relationship with the Mystical Pavilion Branch Master. As such, the Golden Fox Dao Venerable had to be respectful when facing the Cangming Dao Venerable.

As the branch was located in a place called the Xuan City, Huang Xiaolong ordered Lei Yu to head over as soon as they arrived in the Cangming Creed. As soon as they arrived, they were greeted by a sea of people. Experts from all over the land were streaming into the Xuan City without an end in sight.

“Even the Dragon Venerable Jian Huang came for the auction!”

“He’s not the only one! Fan Luo, the Stone Ancestor, and Dao Jianchou have already arrived in the city!”

“What?!”

Riding on Lei Yu on the streets, Huang Xiaolong managed to listen to everything those around him said. Fifteen experts followed behind them, and they were the thirteen experts from the Sun Moon Furnace and the two disciples of the Leiyu Creed.

Passing Peng Fei and Jia Zhen a hundred million dao coins, he requested for them to look for a decent inn. When they held the spatial ring with a hundred million dao coins, they felt as though their souls were about to leave their bodies.

After the two of them left, Huang Xiaolong and the others headed over to a restaurant.

“Is this the legendary Heaven Seizing Inn with the Ice Phoenix True Dragon Rice?” Huang Xiaolong asked.

There were tons of different types of rice in the Origin Holy World, and Huang Xiaolong tried the grains of the Fiery Light Maize previously. The Ice Phoenix True Dragon Rice was said to contain the highest amount of spiritual qi among the different grains, and it was a true treasure!

It was only sold in the Heaven Seizing Inn, and it was a crop that belonged solely to the Heaven Seizing Chamber of Commerce. In the Origin Holy World, the Heaven Seizing Chamber of Commerce was a behemoth that outclassed even the Wind Cloud Chamber of Commerce!

### **Chapter 3030: Which Rock Did He Crawl Out From?**

Lei Yu gulped as a gluttonous look appeared on his face. “Your Highness, this is exactly it!” It was clear that he was pining for the taste of the Ice Phoenix True Dragon Rice.

Huang Xiaolong laughed when he saw the look on Lei Yu’s face. “Do they have a limit on how much one can buy?”

Nodding his head quickly, Lei Yu replied, “Of course not.”

“We’ll eat our fill later! We’ll finish their entire stock” Huang Xiaolong joked.

With his eyes sparkling in joy, Lei Yu grinned, “That’s what I was thinking of!”

A group of people emerged from the entrance of the restaurant and heard what Huang Xiaolong said to Lei Yu. The young man in the lead couldn’t help but sneer, “Which rock did they crawl out from? Are they delusional? Even if you have the money to buy up their entire stock, you will need to be able to consume them all! After three bowls, you will probably be too stuffed to move!”

The Ice Phoenix True Dragon Rice wasn’t an ordinary type of spirit grain. They contained dense amounts of spiritual energy, and ordinary First Esteem Dao Venerables wouldn’t be able to digest more than a bowl! They would only be able to refine the energy contained in the bowl of rice after several days, and

no one managed to eat more than three bowls of rice in the Heaven Seizing Inn. There were some who didn't believe in the rumors, and he ate three bowls in a single go! In the end, he couldn't move from his seat!

There were even instances of Primal Ancestors exploding from the excessive intake of energy!

Turning around to stare at the man who spoke, Huang Xiaolong and Lei Yu noticed that he was wearing the robes of the Nine Vision Creed. A sneer left Lei Yu's lips.

"Brat, I'll be able to eat thirty bowls of rice. Why don't we make a bet? If I manage to finish it there won't be a need for you to call me your granddaddy! Just kneel on the floor and bark like a dog. You can leave as long as everyone in the restaurant can hear you!"

The experts standing behind the young man raged instantly.

"How dare you!"

"Preposterous!"

Narrowing his eyes, the young man stared at Lei Yu for a second before turning to Huang Xiaolong.

"Hand over your mount right now. I'll teach him some manners! If you dare refuse..."

"What do you think you can do to me if I refuse?" Huang Xiaolong muttered.

"If you refuse to do so, you'll regret it!"

"If you fail to get out of my sight in ten seconds, you'll be the one regretting it." Huang Xiaolong sneered.

Laughing in rage, the young man snorted, "What bullsh\*t! How dare you threaten me?! Do you really think you can do anything to me if I refuse to leave?"

The experts in the Heaven Seizing Inn were disturbed by the commotion and they started turning their attention over.

"Is the beast crazy? How dare he offend the Nine Vision Creed? The young man talking to them should be a core disciple of the Nine Vision Creed, and he's a grand elder of the faction! He should be a First Esteem Dao Venerable, and he is the direct disciple of Eminent Elder Wang Shou!"

Many people recognized the young man talking to Huang Xiaolong.

Seeing how many people recognized him, the young man, Yuan Lin, started to get cocky. He stared at Huang Xiaolong and Lei Yu with an arrogant look on his face.

"Brat, I'll give you one last chance to leave. Hand over your mount and I'll allow you to live."

Thinking that Huang Xiaolong was considering the possibility of handing Lei Yu over, Yuan Lin continued, "You better make your choice soon."

"Ten seconds is up." Huang Xiaolong's voice rang through the air. He turned to speak to the Old Monster Flame. "Break their legs and throw them out."

The members of the Nine Vision Creed were stunned by the sudden change in situation.

Just as Yuan Lin was about to mock Huang Xiaolong, the Old Monster Flame moved. With a wave of his hand, the members of the Nine Vision Creed felt the space around them constricting. Feeling a sharp pain shooting up their legs, they were sent flying through the air in the next instant. When the others turned to look at Yuan Lin and the rest, they saw that their legs were shattered at different angles.

The experts in the Heaven Seizing Inn were shocked. They didn't think that Huang Xiaolong would do as he said!

Ignoring the weird looks all around him, Huang Xiaolong and the others entered the restaurant and found a seat. When Huang Xiaolong sat down, Lei Yu was the only one who dared to take the other seat. The Old Monster Flame and the others stood behind him respectfully.

Yuan Lin, whose right leg was shattered beyond repair, grabbed his leg and screamed. It was obvious the Old Monster Flame didn't simply break their bones if First Esteem Dao Venerables would be reduced to a screaming mess.

A trace of rage and embarrassment flashed through Yuan Lin's eyes.

"I'll let you act cockily for now!" Yuan Lin endured the pain as he brought the members of his Nine Vision Creed away.

As he left, killing intent filled his heart when he looked at Huang Xiaolong and the Old Monster Flame.

Noticing Yuan Lin who was leaving with the members of the Nine Vision Creed, Lei Yu sneered, "Your Highness, if you allowed me to handle it, I would have killed them all with a single slap!"

"There's no need to rush things." Huang Xiaolong laughed. "When the auction ends, we'll take a trip down to their headquarters."

Asking for an attendant, Huang Xiaolong no longer bothered with the Nine Vision Creed. He ordered a hundred bowls of Ice Phoenix True Dragon Rice and several dozen dishes.

The dishes he ordered were naturally no ordinary dishes. They were made using grand dao herbs, and they were the best the restaurant had to offer! A single dish cost upwards of ten thousand dao coins, and ordinary Dao Venerables would never be able to afford spending like Huang Xiaolong did.

When the attendant heard Huang Xiaolong's order, he couldn't help but stare at the man in stunned silence. "Lords, are you sure you wish to place the order?"

Before he processed the words coming out of his mouth, Lei Yu slammed a spatial ring on the table. Acting like the mobster boss of a region, he roared, "His Highness and I will definitely finish your entire stock of Ice Phoenix True Dragon Rice today! Bring me a hundred bowls to start! Prepare another hundred after we're done!"

The attendant stared at Lei Yu with a look of disbelief. He wasn't sure if he was hearing things, but when he swept his senses across the ring, retreated back into the kitchen quietly.

Dao coins were piled up high into several mountains in the spatial ring, and there had to be several tens of billions of them.

When the experts saw that Lei Yu was able to throw out several tens of billions without batting an eyelid, they started whispering among themselves. They became extremely curious about Huang Xiaolong's identity.

Ordinary dao convergences wouldn't be able to throw out an amount like that even when buying treasures!

Moreover, the two were merely splurging on a meal!

For dao convergences like the Blue Lotus Creed back in the Divine Tuo Holy World wouldn't be able to take out ten billion dao coins!

Their food arrived almost instantly, and a hundred bowls of Ice Phoenix True Dragon Rice was placed in front of them. When the dishes Huang Xiaolong ordered were brought to his table, the fragrance filled the entire restaurant.

Experts sitting all around felt their mouths watering when the fragrance assaulted their nostrils..

Holding a bowl of Ice Phoenix True Dragon Rice, Huang Xiaolong saw that the grains were like pearls as wisps of true dragon flame swirled inside them. Moreover, it was as though every grain was the home of a miniature ice phoenix.

Putting a spoonful in his mouth, Huang Xiaolong felt the grains dissolving on his tongue the moment they made contact. Spiritual energy filled his body and he felt his pores opening. It was as though he was undergoing a baptism of ice and fire! The taste of the Ice Phoenix True Dragon Rice was too fragrant to describe.

As he enjoyed the taste of the Ice Phoenix True Dragon Rice and the other dishes on the table, Peng Fei and Jia Zhen ran into their own troubles. They stared at a group of Devil Curse Creed disciples opposite them.
