

### Chapter 3066: Quite A Lot of Good Things

Upon confirming that Huang Xiaolong had really cultivated the Dao Body of Heaven and Earth, Xiao Yuncheng, Xuankong, Special Envoy Hailan, and the others were hit by another wave of shock.

Originally, Xiao Yuncheng was wondering if Huang Xiaolong had the strength rivaling the top three experts on the Extermination List, and if he could fight his father, but now, all of these doubts were thrown out of the window.

As if they were thinking of the same thing, Xiao Yuncheng and Xuankong both broke out in cold sweat. It was lucky that they didn't join hands with the Mystical Pavilion earlier, or the consequences would have been dire.

Huang Xiaolong turned and looked at Xiao Yuncheng, Xuankong, and the rest of the group, smiling whilst not smiling, "Do you still want this Immortal Nine Flames' treasury?"

Both Xiao Yuncheng and Xuankong nearly jumped out of their skins in fright, shaking their heads and hands in a hurry.

"Lord, you're joking, haha!" Xiao Yuncheng and Xuankong couldn't deny fast enough, afraid Huang Xiaolong would misunderstand them.

"You can leave now." Huang Xiaolong simply sent them away with a sentence.

Xiao Yuncheng, Xuankong, and the other World Manor's experts were stunned, and they were more than a little unwilling to leave like this.

Xiao Yuncheng and the others had estimated that they would have to pay a great price, like handing out all the treasures on their bodies to Huang Xiaolong before they could leave, but who would have thought that Huang Xiaolong let them go so easily?

"What, you still want to stay here?" Huang Xiaolong asked seeing Xiao Yuncheng, Xuankong, and the others' dazed expressions.

Xiao Yuncheng's heart nearly jumped out from his chest, and he denied, "No, no, Lord, please do not misunderstand."

In the end, Xiao Yuncheng, Xuankong, and the rest of World Manor's experts respectfully saluted Huang Xiaolong before leaving. None of them paused for a second. However, Huang Xiaolong made them swear to not disclose anything that had happened there.

Xiao Yuncheng, Xuankong, and the others did not dare to refute.

Huang Xiaolong turned his attention back to the Main Mystical Pavilion's four top experts after Xiao Yuncheng's group had left.

Facing Huang Xiaolong once again, Special Envoy Hailan no longer had her earlier confidence. She lowered her head apprehensively and began speaking with uncertainty, "This Lord, we've been rude

earlier as we were blind and did not recognize your nobility. I hope you can forgive us. We will take our leave from this Immortal Nine Flames cultivation cave.”

Huang Xiaolong scoffed nonchalantly, “I remember you demanding for the things to be split into three equal parts.”

Embarrassment flashed across Special Envoy Hailan’s face, not knowing how to respond.

“But wanting to leave now, it’s already too late.” Huang Xiaolong sighed, shaking his head. “I already gave you a chance.”

Special Envoy Hailan, Devil Essence Holy Dragon Ancestor, Purple Giant, and Three Blades Yang’s face paled visibly at Huang Xiaolong’s words.

“Does the Lord really want to become enemies with our Main Mystical Pavilion?” Special Envoy Hailan asked, but she was in fact, subtly warning Huang Xiaolong in a heavy tone. “If something happens to us, the Mystical Pavilion would definitely investigate the matter and find the connection with you. I admit that you’re strong, but you’re not necessarily a match against our Main Pavilion Master!”

“Is that so?” Huang Xiaolong smiled faintly, “Don’t worry, I don’t plan on killing you.”

Special Envoy Hailan, and the rest were baffled.

Not going to kill us?

Then what is Huang Xiaolong’s purpose in making them stay behind?

Huang Xiaolong couldn’t possibly be thinking of taking them as hostages and blackmailing the Main Mystical Pavilion, right?

While the four of them were guessing Huang Xiaolong’s purpose, suddenly, an overwhelming heavenly might soared to the sky from Huang Xiaolong’s body, followed by a rumbling dragon’s roar.

An enormous golden dragon emerged like a sovereign of heaven and earth, exuding inviolable dragon might.

Under this heavenly might, and dragon might, Devil Essence Holy Dragon Ancestor and the others retreated again and again.

When they had backed several miles away, looking at the giant golden dragon that dominated the space, their expressions had never looked so bad, “The dragon of creation!”

Especially Devil Essence Holy Dragon Ancestor’s petrified gaze was fixed on Huang Xiaolong as he pointed out with certainty, “You are the Son of Creation!”

He finally understood why Huang Xiaolong had been insisting for him to stay behind from the beginning. The scenes at the Divine Tuo Holy World’s Creation Ceremony replayed in his mind.

“You, impossible!” Several hundred years ago, at the Creation Ceremony, Huang Xiaolong was merely First Esteem Dao Venerable, but now, he was already an early Ninth Esteem Dao Venerable!

His mind could not connect the young man in front of him with that Son of Creation at the Creation Ceremony.

Suddenly, Special Envoy Hailan turned into a bolt of purple lightning in an abrupt attempt to escape, and at the same time, she shouted to the others, "Run separately!"

She didn't believe that Huang Xiaolong could stop the four of them from leaving.

Three Blades Yang, Purple Giant, and Devil Essence Holy Dragon Ancestor leaped away almost simultaneously in different directions to flee.

Huang Xiaolong snickered at their attempts as he disappeared in a blur, and blocked right in front of Devil Essence Holy Dragon Ancestor's path. With one punch, he put a hole through Devil Essence Holy Dragon Ancestor's chest and knocked him back to the same spot.

At the same time, Special Envoy Hailan, Purple Giant, and Three Blades Yang were also sent flying back to the same spots.

Special Envoy Hailan was blocked by Lei Yu, Old Monster Flame and the two other experts dealt with Three Blades Yang, and the remaining ten experts blocked Purple Giant.

Though the other twelve experts' strength couldn't compare to Three Blades Yang, each of them was an expert that could wield absolute power. With the ten of them joining hands, Purple Giant was coughing blood like it was worthless, and his injuries were actually more severe than Special Envoy Hailan and Three Blades Yang.

Special Envoy Hailan, Three Blades Yang, and Purple Giant stared dumbly at the remaining twelve experts on Huang Xiaolong's side. They were truly frightened, as their faces ashened and paled. "You, you all!"

Apart from Huang Xiaolong and Lei Yu, Old Monster Flame, and the other twelve people, all of them actually wielded at least one kind of absolute power.

With a wave of his hand, Huang Xiaolong sealed the Devil Essence Holy Dragon Ancestor, Special Envoy Hailan, Purple Giant, and Three Blades Yang in ice. The light from the dragon of creation's eyes enveloped the four of them, and soon he planted a creation mark in their bodies.

Huang Xiaolong subsequently learned many things about the Main Mystical Pavilion from their memories, including Huang Shuai's whereabouts.

Huang Shuai was indeed at the Main Mystical Pavilion.

However, even though these people were the Main Mystical Pavilion's Eminent Elders and special envoy, none of them knew the main pavilion's location because they relied on transmission formation every time they enter and exited; and the transmission formation also blocked their senses, so no one knew where they were being transfer to.

Huang Xiaolong frowned, as according to these four people's memories, only two people knew the exact location of the Main Mystical Pavilion; one was the Main Mystical Pavilion Master, and the Son of Mystic, also the Main Mystical Pavilion Master's son.

Huang Xiaolong took out four drops of blue lotus nectar, and with the power of nirvana, he healed Devil Essence Holy Dragon Ancestor's, Special Envoy Hailan's, Purple Giant's, and Three Blades Yang's injuries.

Huang Xiaolong then let the four of them go.

"Your Highness, are we not killing Devil Essence Holy Dragon Ancestor?" Lei Yu asked as he watched Devil Essence Holy Dragon Ancestor's leaving figure. He knew that Devil Essence Holy Dragon Ancestor had once tried to assassinate Huang Xiaolong.

Huang Xiaolong shook his head. "Killing him or otherwise is no longer important at this point."

Then, Huang Xiaolong, Lei Yu, Old Monster Flame, and the others joined hands to break the restrictions surrounding the Immortal Nine Flames' cultivation palace. When the restrictions were broken, Huang Xiaolong disappeared inside in a flicker while the others waited outside.

....

Half a day later.

As Lei Yu and the others waited outside, Huang Xiaolong finally emerged.

"Your Highness, how is it?" Lei Yu walked up with spring in his steps.

Huang Xiaolong nodded smilingly as he replied, "Quite a lot of good things!"

Lei Yu's eyes lit up. "It is peak-grade Phoenix Fire Crystal? Or Resurrection Crystal? Or Absolute Blaze Stone?"

### **Chapter 3067: Running Into Jin Xiaoxiao**

Huang Xiaolong smiled when he heard that, "I found peak-grade Phoenix Fire Crystal, but there's no Rebirth Crystal, or Extreme Flame Crystal." Lei Yu had not expected that.

"Although I didn't find any Rebirth Crystal or Absolute Flame Crystal, there are Rebirth Purple Crystals, and Qilin Flame Crystals!" Huang Xiaolong added playfully.

Lei Yu was amazed, "Re-Rebirth Purple Crystal! Qilin Flame Stone!"

Huang Xiaolong erupted into laughter after looking at Lei Yu's astonished reaction.

One could rarely see this kind of expression on Lei Yu's face. Then again, it wasn't strange, Rebirth Crystals were one of the few scarce innate treasures that contained the power of nirvana. Not to mention, Rebirth Crystals were better than any Phoenix Fire Crystals. On top of that, Rebirth Purple Crystals were the highest grade of Rebirth Crystals, and it was as rare as the Flower of Time.

But during this time, Huang Xiaolong had found six Rebirth Purple Crystals inside the Immortal Nine Flames' treasury!

Six!

Huang Xiaolong was simply overjoyed.

Moreover, there were also twenty-plus pieces of peak-grade Phoenix Fire Crystals, and more than Qilin Flame Crystals.

In the beginning, Huang Xiaolong had gained his absolute blaze comprehension from an Immemorial Fire Qilin's body, and the Qilin Flame Stones contained absolute blaze power that was many times better than Extreme Flame Crystal.

Of course, there were many other treasures inside the Nine Flames Immortal's treasury, such as the Nine Flames Armor, Nine Flames Pill, and many spiritual herbs, jade stones, and spiritual veins.

The Nine Flames Pill was a genesis-level pill, and the Nine Flames Armor was a top-grade cosmos artifact, but all these were secondary in Huang Xiaolong's eyes. The most important harvest he had gained inside the treasury were the six Rebirth Purple Crystals and more than twenty peak-grade Phoenix Fire Crystals, as well as a dozen of Qilin Flame Stones.

Huang Xiaolong had planned that once he returned after this trip, he would enter seclusion. If possible, he wanted to reach perfection in nirvana power with these six Rebirth Purple Crystals, more than twenty peak-grade Phoenix Fire Crystals, and the Wutong Tree he had obtained earlier.

If he failed to advance, he wouldn't come out of seclusion.

There was also the pure soil he had obtained earlier that could help him improve his absolute light power.

But, before leaving, Huang Xiaolong directly moved the Nine Flames Immortal's volcano and the palace built out of fire crystals into the Sun Mon Furnace. The volcano and fire crystal palace were both good things, and were helpful in raising his mastery in the power of absolute blaze.

Huang Xiaolong's group left the underground shortly after, and came out from the sea of flames.

Not long after Huang Xiaolong came to the shore, a huge and shiny golden flying ship entered their line of sight. This was Jin Hongyuan's Golden Fox Flying Ship.

At the bow of the Golden Fox Flying Ship stood the Golden Fox Heavenly Cave's deputy lord, and a group of experts from both the Golden Fox Heavenly Cave and Wind Cloud Chamber of Commerce. There were also Jin Xiaoxiao and several of Wind Cloud Dao Venerable's several personal disciples.

Interestingly, Jin Hongyuan and Wind Cloud Dao Venerable were not on the flying ship. Half an hour earlier, both had temporarily left the flying ship for an urgent matter.

Huang Xiaolong raised an eyebrow when he spotted the Golden Fox Flying Ship.

Lei Yu grinned, revealing his sharp fangs. "What a coincidence."

When Jin Xiaoxiao, Golden Fox Heavenly Cave's Senior Commander Li Xu, and other experts saw Huang Xiaolong's group, their faces changed.

"Junior Sister Xiaoxiao, what's the matter?" From the side, Wind Cloud Dao Venerable's eldest disciple, Xu Zheng, asked with concern when he noticed Jin Xiaoxiao's pale complexion. He followed Jin Xiaoxiao's line of sight and saw Huang Xiaolong, Lei Yu, and the rest of the group.

“They are the ones who annihilated an entire battalion of my father’s Golden Fox Army, and killed Senior Commander Liu!” Jin Xiaoxiao answered, gritting her teeth with hatred and resentment.

“It’s them!” Xu Zheng was surprised. However, his reaction was swift. He waved his hand, ordering the expert at the helm of the Golden Fox Flying Ship, “Head over there!”

Jin Xiaoxiao blanked for a second, but soon understood Xu Zheng’s intention.

“Senior Brother Xu Zheng, forget it,” Jin Xiaoxiao dissuaded, “Although there are more people on our side, and each of them are experts, that person’s subordinates are no weaklings, one of them killed Dao Jianchou with one finger!” She pointed to Old Monster Flame with obvious apprehension on her face. She remembered that day as if it was replaying in front of her.

“We should wait for my father and godfather to return,” Jin Xiaoxiao added.

Xu Zheng merely smiled. “Just an insignificant flea.” His expression was nonchalant.

Wind Cloud Dao Venerable’s other disciples smirked and grinned, displaying their confidence.

“Junior Sister Xiaoxiao, how does Dao Jianchou fare compared to your Golden Fox Heavenly Cave’s Fan Luo?” Wind Cloud Dao Venerable’s second disciple, Chen Yi, asked smilingly.

Jin Xiaoxiao answered promptly, “Of course Elder Brother Luo Fan is stronger! How can Dao Jianchou compare with Elder Brother Fan Luo as Elder Brother Fan Luo is the most talented disciple amongst the Golden Fox Heavenly Cave’s younger generation!”

Chen Yi grinned. “Junior Sister Xiaoxiao, you probably don’t know Senior Brother Xu Zheng’s real strength, your Elder Brother Fan Luo is far from sufficient to be counted as an opponent against Senior Brother Xu Zheng.”

“Senior Brother Xu Zheng is stronger than Elder Brother Fan Luo?!” Jin Xiaoxiao’s eyes widened in shock as she really didn’t know about this.

The Wind Cloud Dao Venerable’s third disciple, Hong Yi, chimed in, “Senior Brother Xu Zheng usually keeps a low profile that he’s not very well known. My master said that Senior Brother Xu Zheng’s strength is more than enough to rank within the top ten on Mystical List! As long as it’s not against experts on the Extermination List, there are only a handful of people that are worthy of being Senior Brother Xu Zheng’s opponents!”

Although Fan Luo was the first person amongst the Golden Fox Heavenly Cave’s younger generation, how many heavenly caves were there in the entire Origin Holy World?

This was also the reason why Fan Luo had not made it into the Mystical List despite his reputation. Whereas, Xu Zheng had the strength to enter the top ten ranks of Mystical List! One could imagine how strong Xu Zheng was!

Jin Xiaoxiao was clearly surprised.

Chen Yi grinned as he went on, “Therefore, Junior Sister Xiaoxiao, there’s nothing to be worried about. Maybe that kid’s subordinate is not weak, but he is far from being the eldest senior brother’s opponent. Senior Brother Xu Zheng’s cultivation is at a good level now, and our master also wanted to use this trip

to the Heavens Burial Lands to raise his reputation, and also the Wind Cloud Chamber of Commerce's reputation!"

Xu Zheng raised a finger, and there was a wisp of azure wind power circling his finger.

Jin Xiaoxiao gasped in surprise when she saw this, "Absolute wind power! Senior Brother Xu Zheng, you, you've comprehended the power of absolute wind!"

Xu Zheng smiled. "That's right."

Although he had only touched the threshold, it was enough for him to feel proud and raise his head higher than his peers.

Jin Xiaoxiao completely let go of her worries, and a bright smile blossomed over her face. "So, Senior Brother Xu Zheng has comprehended the power of absolute wind. No wonder godfather says he could enter the Mystical List's top ten!"

With her confidence renewed, Jin Xiaoxiao immediately ordered the Golden Fox Heavenly Cave's expert to maneuver the flying ship towards Huang Xiaolong's group at the fastest speed, "Don't let them escape!"

Li Xu and other Golden Fox Heavenly Cave's experts were just as excited. Although their lord and the Wind Cloud Dao Venerable were not here, with Xu Zheng who had comprehended the power of absolute wind and the strength to rank within the Mystical List's top ten, it was the same.

Huang Xiaolong, Lei Yu, and the others did not change their expression even though they noticed the Golden Fox Flying Ship had accelerated towards them.

Lei Yu grinned. "It looks like that brat and Wind Cloud Old Man aren't around in Hongyuan. What a pity."

"Well, the big ones will show up after we've beaten the small ones," Huang Xiaolong grinned.

Since they had run into each other there, it wasn't necessary to wait until they returned to the Golden Fox Heavenly Cave to settle the matter.

In a matter of moments, the Golden Fox Flying Ship broke through the layers of flames and arrived before Huang Xiaolong, Lei Yu, and the others, blocking their paths.

### **Chapter 3068: Returned**

Successfully blocking Huang Xiaolong's group, Jin Xiaoxiao condescendingly stared at Huang Xiaolong. "You didn't think you would run into me here, did you?"

Huang Xiaolong smiled nonchalantly. "Indeed, it didn't cross my mind." He scrutinized Jin Xiaoxiao with amusement in his eyes. "So, you're planning to battle on your father's behalf?"

Huang Xiaolong was clearly referring to Jin Hongyuan's battle challenge.

Jin Xiaoxiao's heart burned with anger, seeing the sarcastic smirk on Huang Xiaolong's face, and snorted, "My father does not need to take action personally to kill you, as Eldest Senior Brother Xu Zheng and other senior brothers are more than enough to kill the lot of you!"

“Oh, Eldest Senior Brother Xu Zheng?” Huang Xiaolong and Lei Yu both became curious about the unfamiliar name.

Xu Zheng stepped forward and introduced himself, “I am Xu Zheng. Wind Cloud Dao Venerable is my master, and I am his eldest disciple.”

Lei Yu glanced at Xu Zheng and let out a harsh snicker. “Not bad, but with your meager strength, it’s better you don’t show up and make a fool of yourself. At least, your master’s strength is still passable!”

Xu Zheng was too stunned to react.

Noticing Huang Xiaolong’s group was blocked by the Golden Fox Flying Ship, many experts that were passing by the Golden Flame Sandy Land stopped to look, and Lei Yu’s words caused a commotion through the expanding crowd.

“Who’s that three-headed beast? He can really brag! An existence on the Extermination List?” someone from the Absolute Dao Heavenly Cave asked in shock.

“I have never heard of an existence on the Extermination List whose true body is a three-headed beast. He can’t be an expert on the Extermination List.” a Luosheng Creed expert said, shaking his head.

“Isn’t he insulting the Wind Cloud Dao Venerable by calling him so-so?”

While the surrounding experts were talking in anticipation, the Wind Cloud Dao Venerable’s second disciple, Chen Yi, pointed at Lei Yu in anger. “Brazen slave, how dare you disrespect my master?!”

Tiny ribbons of lightning sizzled in Lei Yu’s pupils, and in the next second, Chen Yi stiffened as if he was struck by lightning and got knocked off the Golden Fox Flying Ship, plummeting into the sandy land below. A scent resembling that of grilled meat permeated the air and Chen Yi’s skin was burnt crisp into charcoal.

People aboard and all around were stupefied.

“So what if I disrespect your master?” Lei Yu exuded an icy coldness all over.

The Wind Cloud Dao Venerable’s third disciple Hong Yi was outraged, and with one signal from him, other experts from the Wind Cloud Chamber of Commerce were prepared to retaliate, but Xu Zheng stopped Hong Yi. He stared at Lei Yu coldly and stated, “Today, you’re going to die!”

With that said, he stepped into the air, and exited the Golden Fox Flying Ship. His momentum soared to the sky, and azure balls of wind spun around him. As these balls of wind spun, the surrounding space seemed to be shredded like a piece of cloth.

The experts gathered around were astounded when they saw the azure balls of wind spinning around Xu Zheng, and gasps could be heard from all around.

“Ab-solute wind power! It’s actually absolute wind power!”

“He seems to be Wind Cloud Dao Venerable’s eldest disciple, called Xu Zheng, is he? He has been keeping a low profile all this time, but who would’ve thought he has already comprehended absolute

wind power. With this kind of talent and strength, he is definitely strong enough to enter the Mystical List's top ten!"

"Wind Cloud Dao Venerable accepted an excellent disciple. With Xu Zheng's level of talent, he's sure to enter the Extermination List in the future. It seems Xu Zheng has learned the essence of Wind Cloud Dao Venerable's skills! Who knows, he might also comprehend the power of absolute earth in the future!"

"That three-headed beast, and that young man, both of them are going to die miserably in a while under the power of the absolute wind. Take my word for it!"

The gathered experts were in awe of Xu Zheng's power of the absolute wind.

Every new addition of experts with absolute elemental power was a big event for the entire Origin World.

No matter how high a person's talent was, or if they had already reached the peak of Ninth Esteem Dao Venerable Realm, or even if they possessed a supreme bloodline, they wouldn't be considered a genuine top expert if they had not comprehended one kind of any absolute power. Once one were to comprehend one kind of absolute power, his or her identity and status would experience a meteoric rise.

"I see, so he has comprehended the power of the absolute wind." Huang Xiaolong smiled when he saw the azure light of wind energy spinning around Xu Zheng. Old Monster Flame and the twelve others by his side had one kind of absolute power that was at least at a minor completion level.

The azure balls of winds around Xu Zheng grew stronger, and faster, forming an azure pillar of wind that swirled one opening after another through space as it moved about.

Standing in high air, Xu Zheng's icy gaze was locked into Lei Yu. "Before you die, you better use your strongest attack, or you might die in regret."

Xu Zheng's sharp words and voice echoed over the Golden Flame Sandy Land.

Apprehensive and awestruck gazes from the crowd followed Xu Zheng's every movement.

Lei Yu looked at Xu Zheng, standing high in the air and peering down at them like a superior being, and then broke out in uncontrollable laughter, "You want me to use my most powerful attack? Forget it. It's better if I don't attack because I'm afraid I won't be able to hold back and completely destroy you."

Lei Yu's words rendered everyone dumbfounded.

Jin Xiaoxiao, Hong Yi, Li Xu, and others on the Golden Fox Flying Ship were glaring poisonous daggers at Lei Yu.

"Your Highness, Lord Lei Yu, better allow this subordinate to deal with this." Old Monster Flame took a step forward and volunteered.

Huang Xiaolong nodded, "Alright."

No one had expected this.

“Clearly he’s afraid of Senior Brother and does not dare to take up the fight, yet he has the cheek to say he might not be able to control his power once he makes a move. What a joke? He is really funny!” The Wind Cloud Dao Venerable’s third disciple, Hong Yi responded with a snarky remark of his own.

All of Jin Xiaoxiao’s resentment was directed at Huang Xiaolong as she spoke, “It won’t make any difference since not one of them would be able to leave this place.”

Exactly at this time, Old Monster Flame leaped into the air akin to a blazing pillar of flames soaring to the sky, dispersing the azure winds spinning around Xu Zheng in a split second.

Xu Zheng was shocked, but did not have time to think at all. His palms waved and absolute wind power condensed into two enormous wind hurricanes that descended from the sky, onto Old Monster Flame. If these enormous hurricanes were to slam into the Golden Flame Sandy Land, it would probably pierce two holes through it!

But it was useless. Old Monster Flame’s blazing flames pillar disintegrated the two winds hurricanes, and slammed into Xu Zheng!

After hitting Xu Zheng, Old Monster Flame’s blazing pillar did not disappear, nor did it stop. It continued to hammer Xu Zheng until Xu Zheng disappeared in the horizon. In the blink of an eye, Xu Zheng was slammed out of the Golden Flame Sandy Land, and he was nowhere to be seen.

When everyone’s dao soul spread out, none of them could find a trace of Xu Zheng.

Everyone was at a loss for words.

In the deathly silence, Old Monster Flame floated back to the ground and retreated behind Huang Xiaolong.

Jin Xiaoxiao’s eyes were filled with fear, the Golden Fox Heavenly Cave and Wind Cloud Chamber of Commerce’s experts all felt a chill snaking down their limbs.

“Is, is he on the Extermination List?!” someone asked unintelligibly, but everyone knew he was referring to Old Monster Flame!

Suddenly, Huang Xiaolong raised his head and looked in a certain direction, and moments later, Lei Yu also sensed it, and grumbled, “Oh, they came back quite fast.”

Soon, two figures appeared on the horizon that were coming their way at startling speed, drawing two dazzling streaks of light across the sky.

Others finally noticed these two streaks of light.

“The Lord has returned!”

“The President is back!”

The Golden Fox Heavenly Cave and Wind Cloud Chamber of Commerce’s experts were overjoyed.

Jin Xiaoxiao could finally smile.

In the blink of an eye, the two streaks of light reached the scene. As the dazzling lights diminished, revealing two people, and they were none other than Jin Hongyuan and the Wind Cloud Dao Venerable.

### **Chapter 3069: Are You Sure You're Right In the Head?**

"Father, Godfather, you're finally back!" Jin Xiaoxiao was the first to rush up to them, crying as if she had been bullied. "If you were one step late, you would've never been able to see me anymore."

"Master!" Wind Cloud Dao Venerable's second disciple Chen Yi, and third disciple Hong Yi, also hastened to Wind Cloud Dao Venerable's side. They plopped to their knees and choked, "Eldest Senior Brother, he, he was...!"

Wind Cloud Dao Venerable's heart sank with a premonition, "What happened?"

"Godfather, not long after you and father left, we ran into them," Jin Xiaoxiao took the initiative to answer and pointed towards Huang Xiaolong's group. "They blocked our path, and then that subordinate of his knocked Senior Brother Xu Zheng out of the ship, and we still don't know what happened to Senior Brother Xu Zheng."

Wind Cloud Dao Venerable turned and looked sharply at Huang Xiaolong, Lei Yu, and the rest of the group, and his eyes filled with roiling, murderous aura.

There was a flicker of astonishment in Jin Hongyuan's eyes when he looked at Huang Xiaolong's group.

"Father, he's that young man that deliberately provoked our Golden Fox Manor at Xuan City. They are the ones who annihilated Senior Commander Liu's battalion!" Jin Xiaoxiao pointed out Huang Xiaolong's identity and crime in a few words.

"It's them!" Jin Hongyuan's face darkened immediately, and he did not bother to hide his hostility. His gaze swept over Huang Xiaolong's group, and he strode towards them, "Might as well... We don't need to wait until we return to the Golden Fox Heavenly Cave. I'll finish you all here today!"

Jin Hongyuan barely took one step towards Huang Xiaolong's group, when Wind Cloud Dao Venerable's eyes widened slightly in shock when he saw Lei Yu. He had seen and fought Lei Yu twice in the past. He somehow felt the three-headed beast in front of him looked a lot like that ferocious three-headed beast from the past.

Is this three-headed beast that one's descendent? Wind Cloud Dao Venerable's gaze shifted to Chen Ming, who was standing behind Lei Yu. He recognized Chen Ming as Chen Ming was that three-headed beast's eldest disciple. When he had fought the three-headed beast, Chen Ming had watched them from the side.

"Wait!" Wind Cloud Dao Venerable suddenly stopped Jin Hongyuan.

Jin Hongyuan stopped and looked at Wind Cloud Dao Venerable. Jin Xiaoxiao and the others too were baffled by Wind Cloud Dao Venerable's intention for stopping Jin Hongyuan all of a sudden.

Wind Cloud Dao Venerable stepped forward, he arrived beside Jin Hongyuan with a solemn expression facing Lei Yu. "Who are you to Lei Yu? His nephew?"

Jin Hongyuan was genuinely shocked. Lei Yu's nephew? Although Lei Yu had shown grace to him and guided his cultivation for a period of time, Jin Hongyuan didn't have much feelings toward Lei Yu because the time they had spent together was too short, and it was merely two days. Even when Wind Cloud Dao Venerable could not remember Lei Yu, then it was much less probable for Jin Hongyuan to do so.

Jin Xiaoxiao, Chen Yi, Hong Yi, and others exchanged baffled glances.

The confusion spread to the gathered experts and the expressions on Wind Cloud Dao Venerable's and Jin Hongyuan's face baffled them even more.

"Who is Lei Yu?"

"Never heard of him!"

The majority of experts in the crowd shook their heads in confusion.

Lei Yu had left the Origin Holy World for a very long time ago, and in a holy world like the Origin Holy World that had waves of experts in every generation, many had long forgotten about Lei Yu.

Lei Yu was stupefied for second when Wind Cloud Dao Venerable pointed him out as 'Lei Yu's nephew', and then his face split into a big grin, revealing his sharp teeth. "Old Man Wind Cloud, are you sure you're right in the head, or is it that you're so old now that you can't see clearly?"

Everyone's eyes protruded in shock, as they looked at Lei Yu.

"What did this three-headed beast call Wind Cloud Dao Venerable?" an expert asked dazedly.

Wind Cloud Old Man?! Is he right in the head?! Or is he too old to see clearly?!

Jin Xiaoxiao, Chen Yi, Hong Yi, and the others were agape with disbelief.

Who was the Wind Cloud Dao Venerable? He was an expert ranked twentieth on the Extermination List!

Yet someone had the guts to taunt Wind Cloud Dao Venerable to his face, claiming that he was too old to see clearly...!

But Wind Cloud Dao Venerable trembled, sharp gleams glistened in his eyes, his agitation and disbelief were visible to all as he blurted out, "You, you are Lei Yu!"

The moment Wind Cloud Dao Venerable's voice rang, a powerful aura surged from three-meters tall Lei Yu as his body expanded to the size of a city. Such a horrifying extermination aura from him enveloped heaven and earth that the Golden Fox Manor, Wind Clouds Chamber of Commerce's experts, and the crowd had to back away. The weaker cultivators almost couldn't move as if their strengths were robbed out of their bodies.

Everyone was flabbergasted by Lei Yu's true body that seemed to cast a shadow over the sky, and the three enormous heads representing lightning, light, and fire!

Even Jin Hongyuan, the lord of Golden Fox Heavenly Cave, couldn't withstand the overwhelming pressure coming from Lei Yu, and he retreated again and again. He was just as astounded, and an unknown fear crept into his eyes. "Lord, Lord Lei Yu!"

Never in his wildest imagination had they ever thought that the three-headed beast that was Huang Xiaolong's mount was that same Lord Lei Yu! He was his half-master Lord Lei Yu who had given him guidance in the past.

Lord Lei Yu has actually become someone else's mount!

Moreover, didn't they say Lord Lei Yu had left Huang Long World?!

How come?!

Many thoughts raced through Jin Hongyuan's mind in a split second.

Wind Cloud Dao Venerable was taken aback when Lei Yu reverted to his true body, and he stepped back subconsciously and there was a flitting panic across his face, "You!"

It's really that fierce beast!

In the past, he had always been wary of that ferocious beast.

The crowd that was baffled and shocked from the beginning found this even more unbelievable after seeing Jin Hongyuan, and Wind Cloud Dao Venerable's reactions.

At this time, Jin Hongyuan abruptly stepped forward and saluted Lei Yu respectfully. "Hongyuan pays his respects to Lord Lei Yu, Hongyuan wasn't aware Lord Lei Yu is here in person. Therefore, he offended the Lord. Please punish me as you see fit."

The crowd was completely dumbstruck.

Jin Xiaoxiao was agitated, watching her father suddenly salute Lei Yu with respect. "Father, you—!"

"Presumptuous!" Jin Hongyuan turned around and reprimanded Jin Xiaoxiao, "Get on your knees, kowtow and apologize to Lord Lei Yu!"

"Me, I, on my knees?" Jin Xiaoxiao repeated in disbelief, "Kowtow?"

"Get on your knees!" Jin Hongyuan barked, his voice rumbled like thunder, frightening Jin Xiaoxiao till her face was drained of blood. She eventually knelt down, but her eyes were filled with grievous tears.

Wind Cloud Dao Venerable's lips moved, but in the end, he said nothing to stop Jin Xiaoxiao from kneeling. His eyes fell on Huang Xiaolong with astonishment. Who is this young man?!

He was familiar with Lei Yu's strength in the past, and he really could not figure out what could be the reason that made a ferocious beast like Lei Yu willingly become this young man's mount.

This point not only baffled Wind Cloud Dao Venerable but also Jin Hongyuan.

"Jin Hongyuan, we have a battle appointment. We might as well do it today rather than wait any longer," Lei Yu spoke, and his voice thundered, drumming in everyone's eardrums, "You can make the first move."

Jin Hongyuan felt uncomfortable all over, and he stammered as he made an excuse, "Lord Lei Yu, you must be joking. How would I dare to fight Lord Lei Yu. Before, I didn't know it was the Lord and I acted presumptuously. Lord Lei Yu, please do not mind us as we will retreat immediately."

He bowed at Lei Yu again, and was more than ready to leave the place with Jin Xiaoxiao and all the Golden Fox Manor's experts.

Wind Cloud Dao Venerable hesitated, but kept his silence till the end and also prepared to take his disciples as well as experts of Wind Cloud Chamber of Commerce away.

"Leave?" Lei Yu snorted, "When did His Highness give his permission for you to leave?"

### **Chapter 3070: What If You Lose?**

When the surrounding experts saw that Jin Hongyuan and Wind Cloud Dao Venerable wanted to leave, they thought that the incident would end like that, so all of them were dumbfounded by Lei Yu's words.

Jin Hongyuan stopped, as he, too, had not expected this.

He turned around and looked at Huang Xiaolong before asking Lei Yu, "What does Lord Lei Yu mean?"

Wind Cloud Dao Venerable also stopped and looked back at Huang Xiaolong and Lei Yu.

Lei Yu condescendingly answered, "If you want to leave, kneel and plead with His Highness."

The instant Lei Yu spoke, stupefied faces could be seen all around.

Wind Cloud Dao Venerable's expression turned ugly, Lei Yu's words included him as well? A strong gloominess flowed from him as he spoke, "Lei Yu, you mean I have to kneel to your Highness?"

An overwhelming pressure spread from his body. The winds seemed stronger, yet as if influenced by his aura, the surrounding flames stopped flickering.

Despite the powerful momentum coming from Wind Cloud Dao Venerable, Lei Yu remained nonchalant. "Correct, you included. You have to kneel too!"

Huang Xiaolong did not speak, but merely watched Wind Cloud Dao Venerable and Jin Hongyuan silently.

Experts all around were dazed.

"This, this one called Lei Yu must be crazy, right?!"

Some distance away from the crowd was a certain creed's patriarch, who snickered harshly when he heard Lei Yu's words. "Although I don't know what kind of big shot this Lei Yu thinks he is, it's ludicrous that he has the guts to say he wants Wind Cloud Dao Venerable to kneel and submit to that bullsh\*t Highness of his!"

This creed's patriarch had quite a good relationship with one of the Wind Cloud Chamber of Commerce's branch masters, and he had always held certain feelings of awe towards the Wind Cloud Chamber of Commerce. Thus when he heard Lei Yu insult the Wind Cloud Venerable, he couldn't control his anger, and he grumbled.

"That's right, what bullsh\*t Highness? That punk's merely an early Ninth Esteem Dao Venerable, so he should be the one kneeling to the Wind Cloud Dao Venerable!" Another creed's patriarch also grumbled loudly in dissatisfaction.

“If I were the Wind Cloud Dao Venerable, I wouldn’t give a f\*ck what that punk’s identity was, and I would kill him on the spot!” A silver-headed old man spewed angrily, “Do the people backing him dare to find trouble at the Wind Cloud Chamber of Commerce?”

“I don’t believe he’s really the Destiny Race’s Son of Destiny!”

“That’s right. Who does he think he is?! How dare he even think of making the Wind Cloud Dao Venerable and Golden Fox Manor Lord submit to him. He really doesn’t know how to die!”

Many creeds’ experts had the same opinion.

As the founder of Wind Cloud Chamber of Commerce, Wind Cloud Dao Venerable was also an expert on the Extermination List’s top twenty rankings, and naturally, he was an existence venerated by many experts. Yet that three-headed beast called Lei Yu had demanded the Wind Cloud Dao Venerable to submit to an early Ninth Esteem Dao Venerable Realm punk, and this inevitably provoked public outrage.

Fury roiled inside Wind Cloud Dao Venerable’s chest. What was his identity and status? In the past, he was a little apprehensive of Lei Yu, but that didn’t mean that he was afraid of Lei Yu now.

He pressed his palm in the air, and the crowd of experts immediately quieted down.

Wind Cloud Dao Venerable looked icily at Lei Yu. “Lei Yu, do you really think I am afraid of you? So many years have passed, and I have mastered the power of absolute wind to perfection level. I don’t believe you’re an opponent worthy of me now!” He then added, “Make your move. If you lose, you and this man should detour when you see me coming from afar!” Although he didn’t know what Huang Xiaolong’s identity was, he was Wind Cloud Dao Venerable, and he was not a soft dough anyone could mold and squeeze as they liked. In the entire Origin Holy World, he was only afraid of three people.

Perhaps, Huang Xiaolong had an amazing identity, but could it compare with the main Mystical Pavilion Master, the Destiny Race Patriarch, or the Origin Holy World’s World Master?

Lei Yu’s gaze turned icy, and just as he was about to speak, Huang Xiaolong was one step ahead of him, “Let me.”

Although Lei Yu’s strength was half a notch higher than Wind Cloud Dao Venerable, it would take at least ten days and ten nights for the winner to come out. By that time, not only those on the Golden Flame Sandy Land, but news of the battle would have spread far and wide, attracting even more experts over.

To prevent that, Huang Xiaolong decided to take on the battle personally, and finish the battle in the shortest time.

Huang Xiaolong rose into the air and stood opposite Wind Cloud Dao Venerable amidst a sea of dumbfounded faces.

“Let you?” The unbelievable expression on his face was the same as Special Envoy Hailan, Devil Essence Holy Dragon Old Ancestor, Three Blades Yang, and Purple Giant had not long ago.

“That’s right,” Huang Xiaolong ignored the other side’s strange gaze. The corners of his robe fluttered in the wind. “Jin Hongyuan, you can join hands, and if you like, you can have all the experts of Golden Fox

Manor and Wind Cloud Chamber of Commerce attack together.” There wasn’t a hint of aura from Huang Xiaolong’s body as if he was talking about an ordinary matter.

The Golden Fox Manor and Wind Cloud Chamber of Commerce’s experts were enraged by Huang Xiaolong’s words.

“Insolent, brazen!”

Numerous experts yelled.

Even though the number of experts following Jin Hongyuan and Wind Cloud Dao Venerable into the Heavens Burial Lands weren’t many, the two forces’ experts, combined, exceeded twenty thousand in number, and many of them were high-level Dao Venerables. Quite a few of them were experts like Senior Commander Li Xu. The thundering soundwaves of angry voices disoriented the minds of other present experts, as if there were a chain of thunderbolts going off in their heads!

Many experts within the scope of damage radius felt their blood flow turn chaotic, and one could imagine how infuriated the Golden Fox Manor and Wind Cloud Chamber of Commerce’s experts were.

When Lei Yu ordered Wind Cloud Dao Venerable and Jin Hongyuan to kneel to Huang Xiaolong, it had already provoked public outrage, and now, the Ninth Esteem Dao Venerable Huang Xiaolong actually said that he was going to fight the two forces’ experts alone? How could they not be furious by such an insult?!

But compared to the furious Golden Fox Manor and Wind Cloud Chamber of Commerce’s experts, Jin Hongyuan and Wind Cloud Dao Venerable were unusually silent. Both of them stared at Huang Xiaolong as if they were trying to see through him.

Right at this time, Wind Cloud Dao Venerable’s second disciple Chen Yi stepped up and requested permission, “Master, please allow this disciple to kill that punk on your behalf!”

He looked indignantly at Huang Xiaolong. “Merely an early Ninth Esteem Dao Venerable punk wants to fight with my master? I dare you to accept my challenge?”

In his heart, his master Wind Cloud Dao Venerable was the person he revered the most. An early Ninth Esteem Dao Venerable had actually said that he wanted to challenge his master? Not just that, but he even said that his master could join hands with others? This was the utmost insult to his master. How could he swallow this indignity?

Although Chen Yi’s strength was lower than his Eldest Senior Brother Xu Zheng, he was an expert of peak late-Ninth Esteem Dao Venerable Realm and that was comparable to Dao Jianchou. Chen Yi believed that he was more than enough to deal with Huang Xiaolong.

Yet Wind Cloud Dao Venerable’s face sank as he chided, “Step back!”

Chen Yi was taken aback. “Master, I...”

“I said, step back!” Wind Cloud Dao Venerable snapped.

Chen Yi trembled under his master’s angry gaze, and he lowered his head and respectfully complied. He retreated to the side and did not dare to utter another sound.

Wind Cloud Dao Venerable looked at Huang Xiaolong. "What if you lose?"

Many experts were shocked by Wind Cloud Dao Venerable's action. Is Wind Cloud Dao Venerable going to accept the challenge?

Even if the Wind Cloud Dao Venerable emerged the winner in this, it would damage his reputation if this matter were to spread out. To someone like the Wind Cloud Dao Venerable, winning against an early Ninth Esteem Dao Venerable, younger generation was not exactly a glorious feat.
