

Chapter 3071: Your Godfather Will Be the Final Winner

“Lose?” Huang Xiaolong smiled slightly. He extended his palm and a flaming crimson jade bottle appeared in everyone’s sight. “This is Nine Flames Pills personally refined by the Nine Flames Immortal. I just got this a while ago. If I lose, then this bottle of Nine Flames Pills is yours.”

“Nine Flames Pills!”

Those three words immediately caused a furor amongst the spectating experts, and gazes of undisguised greed were locked on the flaming crimson bottle on Huang Xiaolong’s palm, and Jin Hongyuan was not immune to temptation. Even Wind Cloud Dao Venerable’s eyes glimmered with a burning light.

With Jin Hongyuan and Wind Cloud Dao Venerable’s statuses and identities, there were few things that could tempt them. However, the Nine Flames Pills were definitely one of those items that made their breaths quicken, and they almost couldn’t breathe.

That’s a bottle of Nine Flames Pills refined by the Nine Flames Immortal himself!

These were Genesis-level pills, and on top of that, these were top-rank mid-grade pill!

Suddenly, more than a dozen figures leaped into the air and rushed towards Huang Xiaolong. These were naturally part of the experts who had been watching from the sides, who gave into their greed and wanted to snatch the bottle of Nine Flames Pills from Huang Xiaolong’s hands.

However, just as these people got close to Huang Xiaolong, Lei Yu’s enormous purple head blew out torrents of purple lightning water, like a rainstorm that poured down from the heavens.

Rumble!

All of the dozen experts were hit by the torrent of purple lightning water, and screams cut across the air. In the next moment, the others saw these people crash to the sandy land. When the crackling streaks of lightning enveloping them dissipated, all of them had been burnt to charcoal.

This successfully deterred many people.

“Perfection level absolute lightning power!” someone in the crowd gasped.

Jin Hongyuan and Wind Cloud Dao Venerable’s eyes widened in shock.

Those who had harbored similar thoughts of snatching retreated immediately, quivering in dread.

Jin Xiaoxiao, Chen Yi, Li Xu, and others looked at Lei Yu with unconcealable fear.

They were baffled earlier by Jin Hongyuan and Wind Cloud Dao Venerable’s respectful demeanor towards Lei Yu, but many of them didn’t think much of Lei Yu. Now after witnessing that scene, everyone was frozen on the spot, and no one dared to budge an inch without permission.

Huang Xiaolong spoke to Wind Cloud Dao Venerable as if he had not noticed the burnt corpses scattered around, "Inside this bottle are twenty-three pellets of Nine Flames Pills, and if you defeat me, all of them are yours."

As for what would happen if Wind Cloud Dao Venerable lost instead, Huang Xiaolong did not bring it up nor was it necessary to bring it up.

Wind Cloud Dao Venerable took a deep breath and exhaled slowly. "Alright, I will fight a battle with you!"

Hearing that, Jin Hongyuan returned to the Golden Fox Flying Ship with his daughter and the rest, and then backed the flying ship to a safe distance away. It was obviously impossible for him and Wind Cloud Dao Venerable to gang up on an early Ninth Esteem Dao Venerable junior.

The crowd of experts also backed far away for safety.

Wind Cloud Dao Venerable was watching Huang Xiaolong, and there was solemnness on his face, which perplexed the crowd.

"Please, make your move." Wind Cloud Dao Venerable said flatly.

Huang Xiaolong did not hold back. In the blink of an eye, he was entirely enshrouded in bright light as cosmos energy from his three worlds surged. There were phantoms of roaring divine dragons, kingdom of golden Buddhas, and various spiritual beings, eclipsing the flames that dominated the Golden Flame Sandy Land as long as anyone could remember. On top of that, green plants actually surfaced on the barren sandy land.

"Cosmos, cosmos energy from three worlds!" Wind Cloud Dao Venerable exclaimed with an incredulous expression.

Jin Hongyuan, Jin Xiaoxiao, and all the present experts looked like they had seen a ghost.

Shouldn't a cultivator only have one small world?

But they were seeing three different worlds' cosmos energy from Huang Xiaolong's body, and Huang Xiaolong alone possessed three worlds!

Subsequently, above Huang Xiaolong's head, twelve Saint Fates appeared, hovering majestically between heaven and earth.

When twelve Saint Fates appeared, all the experts discovered the vigorous flames burning on the entire Golden Flame Sandy Land stilled, and not only the waves of flames, but everything on the entire Golden Flame Sandy Land seemed to be frozen in time.

"Twelve Saint Fates!" Jin Xiaoxiao shrieked sharply.

And all of them were high-order Saint Fates!

Wind Cloud Dao Venerable, Jin Hongyuan, and the various forces' experts looked at the twelve Saint Fates dazedly.

Three worlds' cosmos energy and twelve high-order Saint Fates!

Is there really this kind of existence under the heavens?

“This, this is someone on the first place of Mystical List, right?” someone asked in a quivering voice.

Each individual that could be listed on the Mystical List was a genius amongst geniuses of the younger generation. Currently, the strongest person on the Mystical List was the Mystical Pavilion’s very one Son of Mystic.

Rumor had it that the Mystical Pavilion’s Son of Mystic possessed the talent of an era that shattered everyone’s concept of talent. He had eleven high-order Saint Fates.

But now, they were seeing twelve high-order Saint Fates!

“Three worlds’ cosmos energy, twelve high-order Saint Fates! This is absolutely the first person in the whole Origin Holy World, no, it should be in the entire Huang Long World!” someone shouted excitedly.

“Three worlds’ cosmos energy, twelve high-order Saint Fates! This is indeed the first person in the whole Origin Holy World. However, a peak late-Ninth Esteem Dao Venerable still has to rely on his own strength. Legend has it that the Son of Mystic has comprehended five elements of absolute power, and this young man is only an early Ninth Esteem Dao Venerable. I think he hasn’t even comprehended one kind of absolute power!” someone said whilst shaking their head.

“I agree. In the end, one’s strength plays a bigger role.”

Some experts debated as they watched on in shock.

Right at this time, dark green flames appeared from Huang Xiaolong’s body and swirled around him.

“Power of nirvana!” Wind Cloud Dao Venerable’s face tightened when he saw the dark green flames.

His worry was justified. When Huang Xiaolong had dared to challenge him, he had already guessed that Huang Xiaolong had comprehended one kind of absolute power. As expected!

Moreover, it was the power of nirvana that was only second to the power of space!

Moreover, Huang Xiaolong’s power of nirvana had reached major completion!

Jin Hongyuan, Jin Xiaoxiao, Golden Fox Manor, and Wind Cloud Chamber of Commerce’s experts ashened visibly.

“He, he, an early Ninth Esteem Dao Venerable has actually comprehended absolute power!” Jin Xiaoxiao couldn’t believe her eyes.

It was an effort for Jin Hongyuan to suppress the waves of shock he was experiencing, and he said, “It is said that the Son of Mystic also comprehend one absolute power of lightning at early Ninth Esteem Dao Venerable Realm,” he then added, “However, it is a fact that this young man is still an early Ninth Esteem Dao Venerable, and although he wields major completion absolute power of nirvana, in terms of battle strength, he’s still a little lacking compared to your godfather. Therefore, the final winner can only be your godfather!”

As one of the experts on the Extermination List, Jin Hongyuan still had this much judgment.

Although Huang Xiaolong wielded the power of nirvana, Wind Cloud Dao Venerable's perfection level absolute wind power was more than enough to contend. Moreover, Wind Cloud Dao Venerable had advanced to peak late-Ninth Esteem Dao Venerable Realm for a long time, so he was more than apt with his strengths.

Hearing that, Jin Xiaoxiao wasn't so nervous anymore.

Jin Hongyuan barely finished his words, when his gaze dazed in the next second as an extreme ink-black light rushed out from Huang Xiaolong's body.

"Ab-Absolute poison power, perfection level!" Jin Hongyuan screamed in a high-pitched voice.

Jin Xiaoxiao swayed unsteadily as if she was hit with a great blow.

A shiver ran down Wind Cloud Dao Venerable's back without anyone knowing.

In the far distance, voices that had been discussing if Huang Xiaolong was strong enough to be ranked on the Mystical List came to an abrupt stop.

Chapter 3072: Blind As a Bat

Early Ninth Esteem Dao Venerable Realm, three worlds' cosmos energy, twelve high-order Saint Fates, peak major completion power of nirvana, and perfection level absolute poison power!

"He wants to defy the heavens with this!" a patriarch from the Absolute Dao Heavenly Creed mumbled under his breath.

With this degree of talent, even the Son of Mystic dimmed in comparison.

The Son of Mystic comprehended five elements of absolute powers. However, when the Son of Mystic's cultivation was at the early Ninth Esteem Dao Venerable Realm, he had only comprehended one kind of absolute power.

Until now, none of the Son of Mystic's five elements of absolute powers had reached major completion, much less peak major completion, and they were even further away from perfection level.

These two people were on different levels.

"This, this... Is he someone on the Extermination List's top twenty?" someone estimated upon seeing Huang Xiaolong's battle prowess.

"Probably higher!" A Wild Maples Heavenly Cave's experts refuted, "Although he's only an early Ninth Esteem Dao Venerable, don't forget that he has three worlds' cosmos energy, and twelve high-order Saint Fates, and these two points completely make up for his lower cultivation realm. Even if he's not in the top ten on the list, he definitely has to be in the top fifteen!"

Everyone clearly heard what this Wild Maples Heavenly Cave's expert said, including Jin Xiaoxiao, Hong Yi, Wind Cloud Dao Venerable's disciple, Chen Yi, and others.

Jin Xiaoxiao, Chen Yi, and the others ashened with despair, especially Jin Xiaoxiao when she remembered what had happened in Xuan City. She had actually wanted to snatch the treasures from Huang Xiaolong's hands. She trembled and fear appeared in her dilated pupils.

An existence in the top fifteen!

This kind of existence, not to mention her, her father, and even her godfather had to avoid.

Wind Cloud Dao Venerable looked at Huang Xiaolong, who was enshrouded by power of nirvana and absolute power of poison, the desire for the battle raged in his eyes. "I really did not expect that you would've already reached peak major completion in power of nirvana, and perfection level in absolute power of poison. However, I am still very interested in experiencing your strength!"

Although Huang Xiaolong had peak major completion power of nirvana, and perfection level absolute poison power, Wind Cloud Dao Venerable still had some confidence to battle Hunag Xiaolong.

In terms of absolute powers, Huang Xiaolong could indeed suppress him, but then again, at times, what determined the outcome of a battle was not any absolute power but also other factors. Cosmos artifact for one, grand dao art, as well as the mastery of one's absolute power were few examples of these.

At the end of the day, Huang Xiaolong's cultivation realm was only at the early of Ninth Esteem Dao Venerable Realm, and in Wind Cloud Dao Venerable's opinion, Huang Xiaolong's mastery of absolute powers could not be compared to him. Moreover, he had obtained the Tree of Nightmare from the Dream Cave not long ago!

"Oh." Upon sensing Wind Cloud Dao Venerable's brimming motivation, Huang Xiaolong smiled faintly.

An azure light glimmered in Wind Cloud Dao Venerable's hand as two huge hammers appeared!

He had personally forged this pair of cosmos artifacts, called Wind Cloud Hammers!

Hammer on the left was forged with genesis-level wind element ores, whereas the hammer in his right hand mainly used genesis-level earth element ores, the left and right hammer increased the lethality of his absolute wind power, and absolute earth power significantly.

"The Wind Cloud Hammers! Peak-level cosmos artifact! One of the top ten cosmos artifacts of the Origin Holy World!"

Many experts' eyes shone when the hammers appeared.

Although peak-level cosmos artifacts were rare, there were a few of them in the Origin Holy World, and those that were ranked into the top ten cosmos artifacts of the Origin Holy World definitely possessed a startling amount of destructive power.

Then, a tree emerged from the void above Wind Cloud Dao Venerable's head!

The tree was thirty thousand meters tall with a prism of dreamy and surreal halos around it. Seconds into looking at the hazy, dreamy halos, everyone began to feel sleepy, and this alarmed many experts. They were Dao Venerable Realm experts, and it had been millions of years since they needed to sleep, yet they were actually feeling sleepy now. This was totally abnormal.

"The Tree of Nightmare!"

"Genesis treasure!" an expert blurted out.

The others were jolted to their senses.

Although the Tree of Nightmare couldn't be compared to the Tree of Origin, the Tree of Nightmares brought a similar benefit to the Tree of Beginning.

"Correct, the Tree of Nightmare," Wind Cloud Dao Venerable's eyes gleamed as his gaze fixed on Huang Xiaolong. "Please show your weapon."

Although he had not refined the Tree of Nightmare, he could exert a certain part of the tree's powers, and when the Tree of Nightmare's nightmare qi spread, Huang Xiaolong's dao soul would definitely be affected, slowing down his movements and attacks.

Huang Xiaolong looked at Wind Cloud Hammers in his hands, as well as the Tree of Nightmare suspended above his head, and a soft chuckle escaped his lips. Streaks of purple lightning appeared on the surface of his skin, and gradually grew into a school of purple lightning dragons.

"No, this can't be true, right?!" Looking at the purple lightning around Huang Xiaolong, an expert from the Absolute Dao Heavenly Cave nearly took a tumble.

"Abs-absolute lightning power!"

Moreover, it was absolute lightning power that was close to the peak major completion stage.

Wind Cloud Dao Venerable's heart throbbed violently as if it was going into cardiac arrest.

Whilst everyone was trying to process that Huang Xiaolong wielded a third element, the power of absolute lightning, and speckles of icy blue frost floated around him.

These icy blue frost appearing on a burning sandy land made a dazzling contrast.

"Absolute frost power! Perfection level!" someone yelled loudly.

Everyone turned to look and saw that the person was actually Jin Hongyuan, the Golden Fox Heavenly Cave's lord.

Wind Cloud Dao Venerable stared fixedly at the power of nirvana, absolute poison power, absolute lightning power, and absolute frost power around Huang Xiaolong, and if he was brimming with confidence in the beginning, then right now, he was overflowing with despair. His surging desire for battle vanished without a trace, replaced by fear, unease, and panic.

"Top, top ten?!" someone muttered weakly, and he was immediately served with a bombardment of slaps and knuckles to the head by his master and a curt, "Shut up!"

A long time later, another person answered in a quivering voice, "It's top three!"

Top three!

Comparable to the Origin Holy World's terrifying hegemony!

Huang Xiaolong was merely an early Ninth Esteem Dao Venerable.

On the Golden Fox Flying Ship, the blood drained from Jin Xiaoxiao's face, and the Wind Cloud Dao Venerable's second disciple Chen Yi who had challenged Huang Xiaolong earlier, crumbled to the ship deck in fear.

“I, I’ve lost,” Wind Cloud Dao Venerable spoke those words with difficulty. Those very words seemed to have exhausted his strength, and the strong hands gripping the Wind Cloud Hammers hung limply on the sides.

A while later, he put away the Wind Cloud Hammers, and closed his eyes as he respectfully saluted Huang Xiaolong, “Wind Cloud was blind as a bat thus offended Lord, please pardon me!”

Blind as a bat!

After watching Wind Cloud Dao Venerable respectfully bow to Huang Xiaolong, claiming that he was blind as a bat rendered all present experts agape. The Wind Cloud Dao Venerable’s prestige as an expert on the Extermination List’s top twenty, as well as the Wind Cloud Chamber of Commerce’s President.

However, they quickly accepted the fact that recalling Huang Xiaolong’s strength was comparable to the Origin Holy World’s three hegemony.

.....

Half a day later.

Huang Xiaolong, Lei Yu, and the rest of the group left the Golden Flame Sandy Land.

After leaving the Golden Flame Sandy Land, Huang Xiaolong, Lei Yu, and the rest did not enter deeper into the Heavens Burial Lands. They boarded the Purple lightning Peak and returned to the Golden Fox Heavenly Cave, straight to Leiyu Creed.

Back at Leiyu Creed, Huang Xiaolong entered seclusion inside the Sun Moon Furnace.

Sitting cross-legged under the Parasol Tree inside the Sun Moon Furnace, Huang Xiaolong took out the Rebirth Purple Crystals, and circulated the Soaring Dragon Art, as he began to comprehend and absorb the power of nirvana within.

Chapter 3073: Death Beasts

Five years went by in the blink of an eye. Inside the Sun Moon Furnace, Huang Xiaolong refined one Rebirth Purple Crystal after another, and before long, all six Rebirth Purple Crystals were absorbed by him.

Subsequently, Huang Xiaolong started working on the peak-grade Phoenix Fire Crystals.

Huang Xiaolong obtained more than twenty pieces of Phoenix Fire Crystals from the Nine Flames Immortal’s treasury, and later on, Huang Xiaolong added another dozen to the count from the Wind Cloud Dao Venerable’s contribution. Therefore, he had close to forty pieces of Phoenix Fire Crystals.

Then again, Huang Xiaolong was in no hurry. Every time he finished absorbing one Phoenix Fire Crystal, he proceeded to the next crystal and continued comprehending the power of nirvana inside the peak-grade Phoenix Fire Crystals.

While Huang Xiaolong was in seclusion, comprehending the power of nirvana within the Rebirth Purple Crystals and Phoenix Fire Crystals, strands of nirvana power and absolute power of blaze flowed down from the Parasol Tree.

Power of nirvana and absolute blaze power rippled around Huang Xiaolong like glistening water.

The pure soil Huang Xiaolong had obtained on The Other Shore of the Ocean of Suffering was scattered around him on the floor. Pure radiance power from the pure soil continuously purified his three dao souls.

At the same time, Lei Yu, Old Monster Flame, Ming Fu, and more than a thousand high-level Dao Venerables persistently infused their cosmos energy into the Sun Moon Furnace.

These cosmos energies continuously tempered Huang Xiaolong's Dao Body of Heaven and Earth, strengthening Huang Xiaolong's three small worlds.

It didn't take Huang Xiaolong long to refine his entire gain of Phoenix Fire Crystals, and even so, it did not help his power of nirvana to break through to perfection level.

Amongst the thirteen elements of absolute power, the power of nirvana ranked third, second only to the power of time and power of space. The higher the ranking was, the harder it was to cultivate the absolute power to a perfection level.

Though Huang Xiaolong's power of nirvana did not break through to perfection level, it rose significantly, reaching the peak of major completion.

After Huang Xiaolong finished refining the Phoenix Fire Crystals, he took out the Nine Flames Pill refined by the Nine Flames Immortal. The ingredients for refining the Nine Flames Pill contained the power of nirvana and absolute blaze.

Huang Xiaolong popped a pill into his mouth, and immediately, the Nine Flames Pill melted into waves of hot energy that coursed through his body, and he continued to immerse himself in comprehending the two absolute powers.

While in seclusion, Huang Xiaolong's cultivation broke through from early Ninth Esteem Dao Venerable Realm to peak late-Ninth Esteem Dao Venerable Realm, and then to mid-Ninth Esteem Dao Venerable Realm in no time!

As Huang Xiaolong's power of nirvana and cultivation improved, his radiance power and power of blaze also improved. His power of radiance that had just entered the threshold not long ago showed signs of a breakthrough. During this time, his peak major completion absolute blaze power finally advanced to a perfection level.

It didn't take long for Huang Xiaolong to refine the twenty-plus Nine Flames Pills.

He then took out the Purple Lightning Sun and Moon Pills.

Huang Xiaolong planned to refine the remaining Purple Lightning Sun and Moon Pills and advance to peak late-Ninth Esteem Dao Venerable Realm before exiting his seclusion.

By borrowing the purple lightning energy within the Purple Lightning Sun and Moon Pills, Huang Xiaolong raised his absolute lightning power to another level.

Purple-colored lightning drowned Huang Xiaolong within an instant.

Absolute lightning power expanded into an ocean of lightning, integrating harmoniously with the Parasol Tree's nirvana power, absolute blaze power, beginning qi of the Tree of Beginning, and the pure soil's radiance power.

In the blink of an eye, more than a hundred years had gone by.

While Huang Xiaolong proceeded to refine Purple Lightning Sun and Moon Pills inside the Sun Moon Furnace, there was a major incident in the Origin Holy World. The death beasts of Death Beasts Peril Land went on a crazy rampage all of a sudden and began invading the surrounding heavenly caves. The tide of death beasts tore through numerous sacred lands and creeds, catching all the forces off guard.

The Death Beasts Peril Land was one of the Origin Holy World's dangerous places, and it was as famous as the Heavens Burial Lands. Despite the dangers of Heavens Burial Lands, there were also opportunities within. However, the Death Beasts Peril Land was different, there were only endless death beasts and dangers.

And no one could determine how big exactly was the Death Beasts Peril Land, but it was indisputably the Origin Holy World's biggest perilous lands. No one had been able to estimate how many death beasts there were within this scope of space.

The Destiny Race's patriarch had once reached the depths of the Death Beasts Peril Land, and he had said one sentence after coming out, "If all the death beasts within the Death Beasts Peril Land rushed out, it could destroy half of the Origin Holy World."

Half of the Origin of the Holy World!

One could imagine the terror of Death Beasts Peril Land's death beasts!

The Golden Fox Heavenly Cave was considered as one of the top-tier heavenly caves in the Origin Holy World, and from the perspective of the whole Origin Holy World, the Golden Fox Heavenly Cave was only a small corner.

Half of the Origin Holy World was equivalent to several thousand Golden Fox Heavenly Caves, was it? Perhaps, was it tens of thousands of Golden Fox Heavenly Caves?

After invading the neighboring heavenly caves, the death beasts continued onward to heavenly caves further away, and when the death beasts tide crossed the Heavens Burial Lands, the tide began attacking the heavenly caves closest to the Heavens Burial Lands, which included the Golden Fox Heavenly Cave.

Despite the Golden Fox Heavenly Cave's desperate efforts to fend off the tide of death beasts, it was a futile effort. One sacred land after another and one creed after another were razed to the ground.

Lei Yu, Old Monster Flame, and others stood in a row above the Leiyu Creed Headquarters, looking solemnly at the death beasts tide approaching rapidly from the horizon. This gray-colored wave went on and one to the back and stretched for miles horizontally. This was the death beasts' army!

Even Ming Fu, Tortoise Ancestor, and other experts felt chilling goosebumps down their necks just looking at them.

Only Lei Yu, Old Monster Flame, and those who had comprehended absolute powers looked slightly more relaxed than most.

Soon, the gray waves of death beasts army had entered a hundred million miles radius, and even so, the roars and savage growls from the death beasts army jarred the Leiyu Creed's disciples, almost scattering their holy souls and dao souls.

The entire Leiyu Creed's space was quaking.

These death beasts' growls and roars were by no means disorderly, but orderly and orchestrated into damaging soundwave attacks. These soundwave attacks struck onto the Leiyu Creed's defensive grand formation, causing it to shake violently.

"ATTACK!" Lei Yu roared, "These death beasts must not be allowed to disturb His Highness!"

Lei Yu reverted to his true body in a sway, and breathed out purple lightning from his purple-colored head. Perfection-level absolute lightning power shot out thick beams of lightning, incinerating all the death beasts in its path.

Old Monster Flame and the rest also attacked.

For a split second, heaven and earth trembled under screams of 'KILL!'

Roughly two weeks later.

Lei Yu, Old Monster Flame, and everyone else had long lost count of how many death beasts they had killed.

Yet death beasts kept on coming as if there were no end to them.

Lei Yu let out a frustrated roar and rushed into the death beasts tide. From afar, one could see a giant ball of lightning cutting across the midst of the endless gray sea of death beasts, and from time to time, there would be a burst of radiance power and blazing flames.
