

INVINCIBLE 3081

Chapter 3081: Golden Spider Race

Seeing the look on Lei Yu's face, Huang Xiaolong chuckled, "Is Meng Binglan the girl of your dreams?"

Meng Binglan was the real name of the president of the Ice Orchid Chamber of Commerce. The Ice Orchid Chamber of Commerce was at the same level as the Wind Cloud Chamber of Commerce, and Meng Binglan was an expert ranked on the Extermination List.

She might not have been as strong as the Cloud and Wind Dao Venerable, but she wasn't that weak either. She was ranked twenty-third on the list.

Lei Yu found his face heating up when Huang Xiaolong asked the question. "Meng Binglan is the prettiest lady in the Origin Holy World... She's a goddess for many young men..."

Of course, that included himself.

"Anyway," Lei Yu continued as his mood fell, "She already has someone in mind."

Huang Xiaolong was shocked.

Wasn't Meng Binglan single?

"It's the patriarch of the Destiny Race. However, he likes someone else."

Huang Xiaolong shook his head. The falling flowers yearns for love, but the heartless brook ripples on. It seemed like her love was destined to be unrequited.

"In fact, the patriarch of the Destiny Race fell for the Golden Spider Princess from the Outer World," Lei Yu explained.

"A princess from a race that lives in the Outer World?!" Huang Xiaolong couldn't believe it.

The Demon World, or otherwise dubbed 'Outer World', consisted of many different races.

They had countless ancient races and genesis races, and the Golden Spider Race was the strongest among them all. Huang Xiaolong would have never thought that the patriarch of the Destiny Race would fall for the princess of the Golden Spider Race. After all, the Demon World was the enemy of every single holy world out there.

"The patriarch of the Golden Spider Race is naturally unwilling to allow his daughter to go out with the Destiny Rager." Lei Yu explained. "In order to prevent her from meeting the Destiny Patriarch, he locked her up in the forbidden grounds of his race!"

Lei Yu chuckled happily as though he was reveling in the Destiny Patriarch's misfortune. "The old man might be strong, but he won't be able to save her. He tried to enter the forbidden region of the Golden Spider Race countless times, and he was injured many times by the Golden Spider Patriarch. Every time he escaped, he barely made it out with his life."

Huang Xiaolong nodded his head. It came as no surprise. After all, the Golden Spider Patriarch was the strongest expert in the Outer World! As they chatted with each other, they entered the Ice Orchid City with the thirteen Ninth Esteem Dao Venerables in tow.

“Patriarch Chen, were you also invited to the Ice Orchid Banquet?”

“The Ice Orchid Banquet is going to be held in just a few days! Of course, I had to come...”

“One cannot deny that the Bing Lan Wine is the best among the lands... However, Patriarch Chen seems to be here for Lord Binglan!”

“Hehe, everyone came here for Lord Binglan. Is there anyone here who doesn’t wish to look at the number one beauty in the Origin Holy World?”

A group of experts passed Huang Xiaolong’s group, and he overheard their conversation.

“Ice Orchid Banquet?” Huang Xiaolong turned to Lei Yu and asked.

Shaking his head, Lei Yu sighed, “I have no idea what that is.” When he had left the Origin Holy World in the past, the Ice Orchid Chamber of Commerce had never held anything like it.

“Benefactor!” a voice rang through the air and startled Huang Xiaolong. When he turned around, he saw several experts clad in inky green robes walking towards him.

Question marks popped up in his mind as he had no idea who they were.

“Benefactor, it seems like you forgot about us. Don’t you remember saving us in the Sea of Skulls in the Heavens Burial Lands?”

Huang Xiaolong recalled everything that had happened after the other party mentioned it.

When he had entered the Sea of Skulls, he had noticed a group of experts surrounded by the skull monsters. Since he had nothing to do, he had casually steered the Mysterious Purple Peak towards them and saved them all.

He didn’t think that they would meet in the city.

“Benefactor, are you here to join the Ice Orchid Banquet too?” The other party laughed.

“I guess so.” Huang Xiaolong nodded.

It was true that he was there to meet Meng Binglan.

“What a coincidence! We’re here to join the banquet too! Shall we go together?” A smile lit up on the other party’s face as he suggested.

Huang Xiaolong didn’t reject the idea.

Seeing as Huang Xiaolong had agreed, they were delighted as they followed Huang Xiaolong and Lei Yu towards the headquarters of the Ice Orchid Chamber of Commerce.

As they introduced themselves, Huang Xiaolong realized that they were disciples of the Carefree Creed in the nearby Luosheng Heavenly Cave. Xu Shuang was the disciple leading the group, and he was the

oldest disciple of the Carefree Dao Venerable. Those following him were the hall masters and vice hall masters of the Carefree Creed.

After the Luosheng Heavenly Cave was invaded by the Death Beast Army, the Carefree Dao Venerable escaped with Xu Shuang and the others. They ended up in the Origin Heavenly Cave, and they decided to rebuild their faction from scratch.

The Carefree Creed used to ranked third in the Luosheng Heavenly Cave in the past, and they weren't weak. Compared to the Leiyu Creed who lacked the main pillar, Lei Yu, they were stronger by countless times.

After several dozen years of hard work, the Carefree Creed finally managed to find a foothold in the Origin Heavenly Cave. They had come to attend the Ice Orchid Banquet in order to know more experts of the creeds located in the region. After all, cooperation would allow them to grow as quickly as possible.

"My master will only arrive after two days. As his disciple, I came over to scout out the area," Xu Shuang chuckled.

Nodding his head, Huang Xiaolong discovered that Xu Shuang's enthusiasm was a little over the top. His smile seemed a little fake too.

It was clear that they didn't harbor good intentions by following Huang Xiaolong and Lei Yu, but as the Son of Creation, Huang Xiaolong didn't give a sh\*t.

"I wonder where benefactors come from..." Xu Shuang asked.

"We're from the Leiyu Creed in the Golden Fox Heavenly Cave." Huang Xiaolong chuckled.

A light lit up in Xu Shuang's eyes. "I see!" When he heard that Huang Xiaolong was from the Leiyu Creed, he heaved a sigh of relief.

It didn't take long for them to arrive at the headquarters of the Ice Orchid Chamber of Commerce.

Lei Yu's gaze was complicated when he looked at the structure before him. It felt foreign, but at the same time, it wasn't.

In the past, he had entered the headquarters of the Ice Orchid Chamber of Commerce several times. Everything that he had hidden in the back of his mind came rushing back to him.

When they heard that Huang Xiaolong and Xu Shuang were here to attend the banquet, the supervisor of the headquarters casually asked about their identities before arranging a manor for them.

Since they came without an invitation and their backgrounds weren't particularly outstanding, they were arranged a residence in the Kun Palace.

Experts who were invited by the Ice Orchid Chamber of Commerce would be able to live in the Qian Palace, and it was a much better place than the Kun Palace.

Anyone capable enough to receive an invitation would be a powerhouse in the Origin Holy World.

After bidding farewell to Huang Xiaolong, Xu Shuang entered his courtyard and activated the restrictions around it.

“Who would have thought that we would run into them here?!” Xu Shuang roared with laughter. “This is too easy!”

When Huang Xiaolong had saved them in the past, the power of the Purple Lightning Peak was something they couldn’t forget. They had been looking for him ever since.

“Young Oatriarch, what if he’s unwilling to hand it over to us?” Li Yukang, a hall master of the Carefree Creed asked. “Are we really going to make our move here in the city?!”

“We’ll talk about it again when my master arrives,” Xu Shuang muttered in a low voice.

### **Chapter 3082: Wind Rain Princess**

“Whatever the case, we have to get our hands on the mountain!” Xu Shuang growled. “With the Death Beast Army rampaging about, we have to obtain the mountain in order to squash them like the bugs they are!”

The Death Beasts Peril Land had invaded various regions in the Origin Holy World, and countless disciples were sent fleeing for their lives. If they had the help of an amazing artifact like the Purple Lightning Peak, escaping would be that much easier.

As the prices of flying ships were increasing recently, the members of the Carefree Creed were no longer able to obtain whatever they wanted with mere cash. In the past hundred years, the prices of peak-grade cosmos artifact-level flying ships had nearly doubled!

While they were planning to make a move on Huang Xiaolong and his Purple Lightning Peak, he was casually strolling about his courtyard.

“Should we look for Meng Binglan right now?” Huang Xiaolong chuckled.

Lei Yu’s gaze flickered, but he eventually shook his head. “Forget it. Let’s wait for the banquet.”

Nodding his head, Huang Xiaolong didn’t push the topic. After all, the difference of several days meant nothing to him.

Of course, he could also feel that Lei Yu’s heart was clouded by complicated emotions.

In the two days that followed, Huang Xiaolong and Lei Yu didn’t go anywhere. Instead, they remained in their courtyard and studied the dao.

The only problem was Xu Shuang, who visited them from time to time. He brought up the matter about the Sea of Skulls, and he couldn’t hide his ‘appreciation’ to Huang Xiaolong for saving him.

He couldn’t help but bring up the Purple Lightning Peak whenever he spoke about the Sea of Skulls.

“Benefactor, is your purple mountain a high-grade cosmos artifact?”

Huang Xiaolong snickered in his heart. “High-grade cosmos artifacts will never be able to display the power of my Purple Lightning Peak.” With a wave of his hand, the purple mountain appeared in its

miniature form in his palm. Purple lightning bolts flashed around the mountain in his hand as he continued, "I managed to obtain this in a forbidden land, and it's a treasure born during the creation of the world."

"Born during the creation of the world?!" Xu Shuang's eyes lit up as those behind him felt a sense of greed rising in their hearts.

"Of course. That isn't all. It has lightning attributed formations at the genesis level carved into it."

"Holy sh\*t!" Xu Shuang and the others became even more excited when they thought about how they would be able to get their hands on such a treasure soon.

Xu Shuang's control over his body faltered for a moment as he nearly reached out to grab it.

An hour later, the members of the Carefree Creed left his courtyard.

When they were finally gone, Lei Yu burst out laughing. "That little brat seems to have his eyes set on your Purple Lightning Peak."

Huang Xiaolong smiled in response. "Anyone who witnessed it in use will never be able to forget its strength. Seems like I will have to hide it in the future."

"Your Highness, it would be so much better if you only used the Huang Long Armor and Huang Long Twin Blades in the future."

Looking at each other in amusement, the two of them roared with laughter.

...

When Xu Shuang finally returned to his courtyard, he looked at a middle-aged man before him, and his eyes lit up. "Master, you're finally here!" The person standing in his courtyard was precisely the Carefree Dao Venerable, Sun Shanglong.

"Is the youngster currently in the Ice Orchid Chamber of Commerce?" Sun Shanglong asked.

"Yeah! I just came back from his courtyard," Xu Shuang explained. "Master, according to that brat, his purple mountain is a genesis level artifact! Moreover, there are multiple genesis level lightning formations carved onto it!"

"What?!" Sun Shanglong exclaimed in shock.

"That's right! Master, the purple mountain should be a priceless treasure!" Xu Shuang chortled. "If we manage to obtain the treasure, we will definitely be able to rise up the ranks again!"

After suppressing the raging emotions in his heart, Sun Shanglong growled, "Is he really from the Leiyu Creed?"

"He shouldn't have lied..." Xu Shuang continued, "Should I do another round of checks?"

"Do it." Sun Shanglong muttered, "Since he dares to reveal the secret of the mountain, he should be extremely confident no one will be able to take it away from him."

"Alright. Disciple will send someone out to verify the news."

“Prepare yourself. We shall visit Eminent Elder Lui Pingchen of the Ice Orchid Chamber of Commerce soon,” Sun Shanglong spoke to Xu Shuang after a while.

...

When there was only a single day left to the banquet, a piece of news rocked the city.

“Princess Xuan, the Wind Rain Princess of the Wind Cloud Chamber of Commerce has arrived!”

“What?! The Windy Rain Princess decided to come?!”

The Windy Rain princess was one of the five greatest beauties of the current generation in the Origin Holy World. She was ranked ninth on the Mystical Rankings List, and she was the oldest among her siblings in the Cloud Wind Chamber of Commerce.

It was no wonder all the attention of those in the city was turned to her the moment she arrived.

Even experts of the older generation felt a sense of excitement burning in their hearts when they heard of her arrival.

“The Ice Prince led a group of experts to personally welcome her!”

“Many young patriarchs will be rushing over to attend the Ice Orchid Banquet if they learn that Princess Wind Rain has arrived!”

“She rarely shows herself in public, and there’s no way the young patriarchs of their factions would miss this chance!”

Huang Xiaolong was shocked when he heard the news.

“It looks like the little lass came all the way here for you,” Lei Yu teased.

Huang Xiaolong chuckled lightly.

Along with Feng Yuxuan’s arrival, the entire city entered overdrive mode.

Huang Xiaolong ignored everything that went on as he continued to discuss the dao with the Old Monster Flame and the others.

The day of the banquet finally arrived, and Huang Xiaolong left the courtyard with Lei Yu.

As one of the largest chambers of commerce in the Origin Holy World, the Ice Orchid Chamber of Commerce was more than capable of building a hall enough to hold hundreds of thousands of people. Even though there were many people who attended the banquet, the hall didn’t feel cramped at all! Moreover, the decoration in the hall was extremely exquisite, further showing off their wealth.

The atmosphere was great as experts from all over the land met each other, but everything was broken by the arrival of the Wind Rain Princess.

“The Wind Rain Princess has arrived!”

As soon as the announcement rang through the hall, silence descended.

Everyone turned to look at the entrance as a lady clad in purple made her entrance. Experts of various races followed behind her, and the burning gazes of various princes turned to stare at her.

She swept her gaze across the hall when she entered, as though she was looking for someone.

Question marks appeared in the minds of many people when they noticed her actions.

“Yuxuan, are you looking for someone?” a young man clad in light blue robes asked. “Is someone you know here? Should I get someone to look for them?”

The man was Meng Binglan’s adopted son, and he was hailed as the Ice Prince in the Ice Orchid Chamber of Commerce.

### **Chapter 3083: How Dare You Mock Me?!**

Feng Yuxuan nearly jumped in fright when she heard what he said. “There’s no need!”

She came to the banquet because of a decision she made when she wasn’t thinking clearly. When she arrived in the city, regret started to set in as she realized that she wouldn’t know what to do if she really met the man.

The Ice Prince and the others felt that her actions were getting weird, but they knew better than to harp on the topic.

Feng Yuxuan quickly made her way through the outer hall and entered the inner hall.

As there were too many people who wanted to attend the banquet, only those who received the invitation from the Ice Orchid Chamber of Commerce would be able to enter the inner hall. Random Dao Venerables were only allowed to remain in the outer hall and mingle among themselves.

When Feng Yuxuan entered the inner hall, Huang Xiaolong and Lei Yu barely left their courtyard.

Of course, it took a mere ten minutes for them to arrive.

“Benefactor!” When Huang Xiaolong and Lei Yu were making their way over, a passionate cry rang out behind them. When Huang Xiaolong turned around, he noticed a group of experts from the Carefree Creed following behind a middle-aged man.

“Benefactor, what a coincidence!” Xu Shuang rushed up and introduced them. “Benefactor, this is my master, the Carefree Dao Venerable.”

Cupping his fists, Sun Shanglong chuckled, “Many thanks for saving my disciples. Sun Shanglong never forgot the favor, and I didn’t expect to meet you here.”

Huang Xiaolong looked at the man, and he chuckled. “There’s no need for formalities. It’s nothing!” After he spoke, he continued on his way with Lei Yu.

Sun Shanglong was stunned when he realized that Huang Xiaolong was ignoring him. “I wonder which hall master or eminent elder young master is familiar with. I met with Patriarch Chen Ming of the Leiyu Creed several times in the past...”

As the third strongest creed in the Luosheng Heavenly Cave, Chen Ming had to show him a lot of respect if they met.

However, he couldn't understand why Huang Xiaolong was so impassive when they met. After all, even the patriarch of the Leiyu Creed would have to grovel beneath his feet.

"Are you related to that brat, Chen Ming?!" Lei Yu spoke all of a sudden.

Sun Shanglong couldn't help but stare in shock when he heard how Lei Yu addressed Chen Ming. After all, when he was talking to Huang Xiaolong previously, he didn't expect his mount to interrupt him. "I wonder what relationship you have with Patriarch Chen Ming?"

"Hehe." Lei Yu didn't bother replying as they continued on their way.

Sun Shanglong felt a trace of rage rising in his heart when he saw how the pair was ignoring him.

It didn't matter if Huang Xiaolong walked away from the conversation, but he didn't expect a mere mount to slight him.

Whatever the case, his evaluation of Huang Xiaolong changed.

After thinking about it, they decided that it was better to try again. Rushing over, Sun Shanglong and Xu Shuang started to bring up the topic of the Purple Lightning Peak once again. When they saw that Huang Xiaolong was pretty accommodating, they couldn't help but ask, "Young master, are you willing to part with your purple mountain? I have always been thinking about getting a flying ship, but nothing on the market seems suitable."

Huang Xiaolong smiled when he realized that Sun Shanglong was finally unable to control himself. "You can't afford it."

"Young Master Huang, do you mean that I'll be able to buy it if I give you enough money?"

"Of course!"

"I wonder how much your purple mountain is worth?" Sun Shanglong smiled casually. "My Carefree Creed might not be a super chamber of commerce, but we should be able to take out quite a substantial amount."

It was no wonder he was so confident. In the past, he had managed to obtain an ancient inheritance that contained some pretty good stuff. He had sold it to the Ice Orchid Chamber of Commerce for quite a fortune.

Looking at Sun Shanglong whose ego was puffed up because he thought he was rich, Huang Xiaolong laughed, "In the Sea of Skulls, Su Hong of the Heaven Seizing Chamber of Commerce offered a hundred billion dao coins for it."

"One... One hundred billion?!"

He had earned quite a bit when he had sold the inheritance away, and he was more than capable of taking out several billions. A hundred billion was something he would never be able to bring out no

matter how hard he tried. Even if he sold away everything he had, he wouldn't come close to the amount.

Seeing as the purple mountain was still in Huang Xiaolong's hand, it was clear that he hasn't accepted the price of a hundred billion.

"Su Hong?! The director of the Heaven Seizing Chamber of Commerce?!" Xu Shuang looked at Huang Xiaolong in disbelief.

"That's right." Huang Xiaolong sneered. "What a retard. He thinks that he can buy my artifact for several hundred billions... Even the genesis level spiritual stones I used to refine the mountain cost several trillion dao coins..."

"Several... Several trillion dao coins?!" Sun Shanglong and the others jumped in shock.

They couldn't even begin to imagine the concept of several trillion dao coins!

Even super chambers of commerce at the level of the Ice Orchid Chamber of Commerce couldn't take out a trillion dao coins.

Ignoring Sun Shanglong and the others, Huang Xiaolong turned around and left.

"Master, it can't be true..." Xu Shuang looked at Sun Shanglong and felt his mind buzzing.

Sun Shanglong sneered, "Of course it's fake. Unless he's the main pavilion master of the Mystical Pavilion or the world master of our Origin Holy World, he wouldn't be able to take out several trillion dao coins." It was clear he didn't believe Huang Xiaolong at all. Naturally, he was unwilling to believe that Su Hong had offered a hundred billion dao coins to purchase the purple mountain.

In his eyes, Huang Xiaolong was messing with him!

Glaring at Huang Xiaolong's back, he snorted, "How dare he mock me?!" Even though the Carefree Creed was unable to find a proper footing in the Origin Heavenly Cave, Sun Shanglong wasn't someone anyone could mess with as they pleased!

As a sinister thought flashed through his mind, Sun Shanglong put on the best smile he had as he continued to follow behind Huang Xiaolong.

Huang Xiaolong quickly arrived at the hall.

However, a weird voice rang out behind him before he could enter the hall. "Hehe, isn't this the Carefree Dao Venerable, Sun Shanglong?! Who would have thought that you would be shameless enough to come to the Ice Orchid Banquet?!"

A group of people clad in gold and black robes appeared behind them. Huang Xiaolong quickly realized that they were from the Talisman Refining Creed in the Origin Heavenly Cave.

The Talisman Refining Creed was ranked forty-third in the Origin Heavenly Cave, and their strength was nothing to scoff at. They had the ability to crush some weaker regions outside the Origin Heavenly Cave, and one had to know that the Carefree Creed led by Sun Shanglong wouldn't be able to climb into the top hundred ranks even if he tried.

“Hall Master Zhang Qin...” Sun Shanglong forced a smile.

The Carefree Creed was a new power in the Origin Heavenly Cave, and their foundations weren't stable. They had offended several factions when they had tried to find a foothold in the Origin Heavenly Cave, and the Talisman Refining Creed was one of them.

Zhang Qin strolled over, and he casually glanced around. When his eyes turned to stop on Huang Xiaolong, he paused for a second. “Is this a new friend of yours? How can I address him?”

Sun Shanglong's heart shook and another plan formed in his mind. “This is a good friend of mine, Young Master Huang! He's attending the banquet with me.”

The look in Zhang Qin's eyes turned unfriendly all of a sudden when he heard that Huang Xiaolong was Sun Shanglong's friend.

### **Chapter 3084: I'll Spare You**

“Are you Sun Shanglong's friend?” Zhang Qin sneered.

“That's right.” Since there was nothing much for him to do, Huang Xiaolong wouldn't mind if someone wanted to entertain him.

Sun Shanglong's intentions to throw him into the path of the Talisman Refining Creed couldn't be more obvious. However, Huang Xiaolong couldn't be bothered with their little plans.

When Sun Shanglong heard what Huang Xiaolong said, he snorted in his heart.

Zhang Qin snorted under his breath in response. “I'll give you a piece of advice. Sun Shanglong will be thrown out of the Origin Heavenly Cave soon. You should rethink your friendships if you know what's good for you. If you insist on helping him, you'll be an enemy of my Talisman Refining Creed.”

Anyone could hear the threats in Zhang Qin's words.

“Are you done? If you are, time to f\*ck off. Stop blocking our way!” Lei Yu snorted.

Everyone was taken aback, and even Sun Shanglong and Zhang Qin couldn't help but do a double take at Lei Yu.

Those who came to attend the banquet stopped dead in their tracks when they heard the commotion.

“Who's the youngster? How dare his mount offend Hall Master Zhang Qin of the Talisman Refining Creed?” someone mocked. “This three-headed beast seems to be tired of living!”

Someone else sneered, “Hahaha! His head might be chopped off and used to refine a talisman!”

The Talisman Refining Creed didn't get their name from nothing. They were extremely famous in the region as they were able to refine powerful talismans. They were well known even outside the Origin Heavenly Cave and more than half the talismans circulating the lands came from them!

Zhang Qin's expression sank when he heard what Lei Yu said. He couldn't scold those mocking him as they came from powerhouses even stronger than the Talisman Refining Creed, and he could only turn his rage to Huang Xiaolong and Lei Yu.

Glaring at Lei Yu, killing intent emerged from his body and he growled, "This is the Ice Orchid Chamber of Commerce, and I'll spare your life for now. You'll be in for a grizzly end after you leave."

Waving his hand, he brought the members of the Talisman Refining Creed into the hall.

Sun Shanglong couldn't help but rejoice when he saw how Huang Xiaolong offended Zhang Qin of the Talisman Refining Creed.

"There's no need to wait for me to leave." Huang Xiaolong's voice rang through the skies all of a sudden.

Zhang Qin couldn't help but pause in his tracks.

Those who were heading over to the hall quickly turned to look at Huang Xiaolong when they saw that he wasn't going to back down.

"Are you tired of living?!" Zhang Qin growled.

"That's right. I'll give you a chance to make your move now."

Turning to stare at Zhang Qin, those present wanted to know what he would do to the arrogant brat before them.

Zhang Qin's expression sank once again when he heard what the others were saying.

"Don't tell me Zhang Qin's balls are shrinking." an expert from the Tyrant Beast Creed snickered. "He doesn't even dare to fart loudly when someone mocks him! Hahaha!"

"What a piece of sh\*t! Don't we already know how wimpy Zhang Qin is?" another expert from the Mysterious Sparrow Creed chuckled.

The two of them had some beef with Zhang Qin in the past, and they weren't pulling any punches. They were more than willing to see Zhang Qin embarrass himself.

"I'll give you two a chance to make your move too," Huang Xiaolong turned to the two and spoke.

The experts from the Tyrant Beast Creed and Mysterious Sparrow Creed stared at him in stunned silence. It was clear they didn't expect the youngster to be daring enough to challenge them.

They weren't the only ones who were stunned. Those standing around stared at Huang Xiaolong in stunned silence.

Zhang Qin's expression faltered. Could the brat be someone who hailed from outside the Origin Heavenly Cave? Is he unaware of the power of the two creeds?

Sun Shanglong felt the blood draining from his face. The Tyrant Beast Creed was ranked fourteen and the Mysterious Sparrow Creed was ranked sixteenth. They were unshakable behemoths and they were existences he could never offend!

Any one of them would be able to stomp his Carefree Creed out of existence if they so wished!

Regret finally set in when Sun Shanglong realized what he had said to Zhang Qin previously. If the two monsters set their sights on Huang Xiaolong, his Carefree Creed wouldn't be able to escape! They would be buried alongside the little brat!

A sinister laugh escaped from the lips of the expert from the Tyrant Beast Creed. “Brat, are you new here?”

“Yup. I’ve only been in the Origin Heavenly Cave for a little more than a month.” Huang Xiaolong didn’t bother hiding it.

It was true. He had used a month to deal with the Wind Cloud Chamber of Commerce, and he had remained there for a single day. It had taken him five days to arrive at the Ice Orchid Chamber of Commerce, and he had remained in his courtyard for four days... It hadn’t been two months since he had arrived in the Origin Heavenly Cave!

Everyone standing around felt a wave of realization wash over them when they heard what he said.

After all, it came as no surprise that he had no idea how the power structure worked in the Origin Heavenly Cave.

The expert from the Tyrant Beast Creed laughed, “No wonder... Bumpkins like you wouldn’t have heard of us. Let me tell you right now. Among the one hundred and sixty-two Creeds in the Origin Heavenly Cave, my Tyrant Beast Creed ranks in the fourteenth spot! We have forty-six Ninth Creation Dao Venerables, and we have two hundred and forty-two high-level Dao Venerables in total! Hahaha! If we count the low and mid-level Dao Venerables, we have a total of one thousand five hundred and ninety-three of them!”

A total of one thousand five hundred and ninety-three creeds!

Even though Sun Shanglong had been in the Origin Heavenly Cave for the past dozens of years, this was the first time he heard the breakdown of power among the true powerhouses. When he heard that the Tyrant Beast Creed had more than two hundred Ninth Esteem Dao Venerables, he felt his throat going dry.

The strength the Tyrant Beast Creed possessed was more than some of the regions around the Origin Holy World!

If he had to compare the old Luo Sheng Region Master to the Tyrant Beast Creed, he would be far too lacking!

“If you’re still being ignorant, I’m Hall Master Xie Li from the Beast Riding Hall in the Tyrant Beast Creed!”

Sun Shanglong felt his knees going soft.

A hall master of the Tyrant Beast Creed was someone whose status was as high as the clouds in the sky.

“Lord Xie Li!” Sun Shanglong didn’t hesitate to bow. “I’m barely related to this kid, please do not misunderstand!”

If he didn’t clarify his relationship with Huang Xiaolong, he would be a complete fool.

Glancing at Sun Shanglong, Xie Li didn’t plan to take his anger out on the poor man. Instead, his gaze remained on Huang Xiaolong. “Since you’re new here, I’ll allow you to live if you get on your knees and remain here till the banquet ends. If you do, I’ll forgive you.”

“As for your slave of a beast and those behind you, they will have to pay for your mount’s mistakes with their lives.” Xie Li glanced at the Old Monster Flame and the others and snorted.

### **Chapter 3085: What are You Talking About**

Sun Shanglong heaved a sigh of relief when he saw that Xie Li wasn’t planning to take his anger out on him. He looked at Huang Xiaolong with pity.

He didn’t know what relationship Huang Xiaolong and the three-headed beast had with the Leiyu Creed, but he knew that no one would be able to protect the man now.

With the Tyrant Beast Creed pointing their spearhead at the kid, even the Ice Orchid Chamber of Commerce would have to think twice if they wanted to intervene. Otherwise, Xie Li wouldn’t have dared to interfere with the Ice Orchid Banquet.

There were even rumors going around that the Tyrant Beast Dao Venerable had some relationship with the various commanders of the World Master’s manor.

Zhang Qin and the others looked at Huang Xiaolong with a mocking smile.

When everyone was planning to watch Huang Xiaolong accept his fate, Lei Yu finally failed to control his laughter as he burst out laughing.

Lei Yu’s laughter shocked everyone present.

Xie Li and the rest couldn't help but frown.

“Brat, even if the Tyrant Beast came down himself, he will have to get on his knees and call me his lord! You’re just a little ant who can’t even count as garbage! Are you really sentencing me to death?” Lei Yu looked at Xie Li and chuckled. “You f\*cking idiot. How dare you call for my master to kneel here till the end of the banquet...”

Lei Yu’s words shocked everyone present.

Ant?!

Garbage?!

Xie Li’s expression turned dark and he roared in rage. “How dare you!”

How dare a mere mount insult him?

However, Lei Yu wasn’t someone he could mess with. Before Xie Li could make his move, a single kick sent Xie Li flying. A mighty hall master of the Tyrant Beast Creed was flattened like a pancake in the ground beneath Lei Yu.

The surroundings weren't even affected after Lei Yu sent Xie Li into the ground. He merely turned into another piece of human-shaped decoration on the pavement.

Everyone standing around sucked in a cold breath.

One had to know that as a hall master of the Tyrant Beast Creed, Xie Li was definitely a Ninth Esteem Dao Venerable. He wasn't someone a normal peak-level Ninth Esteem Dao Venerable could beat, but a mere mount had crushed him with a single stomp!

Sun Shanglong's expression changed. He might not have known how strong Xie Li actually was, but he knew that his strength was something he could never hope to match. However, even someone like that was crushed beneath the feet of the beast! If he really went through with his plan, wouldn't that mean...?

Xu Shuang felt a cold breeze brushing against him. When he had thought of grabbing Huang Xiaolong's purple mountain previously, he hadn't thought that far ahead.

As for Zhang Qin and the others, they jumped in fright.

No one had expected Huang Xiaolong to make a move right outside the gates of the Ice Orchid Chamber of Commerce.

Turning to look at Zhang Qin and the expert from the Mysterious Sparrow Creed, Huang Xiaolong muttered, "You can make your move too."

The blood drained from their faces.

"Don't go too far!" Suppressing the fear in his heart, the expert from the Mysterious Sparrow Creed continued, "I'm an eminent elder of the inner pavilion of the Mysterious Sparrow Creed! Are you really planning to make us your enemy?!"

Lei Yu sneered. "What the f\*ck is the Mysterious Sparrow Creed? Never heard of it! Are you a cross-breed between a chicken and a wild dog?"

The experts standing around sucked in a cold breath.

Who would have thought that the mount of the youngster before them would say that to someone from the Mysterious Sparrow Creed?! Wasn't he going too far?

The Mysterious Sparrow Creed might not have been stronger than the Tyrant Beast Creed, but they were still a monster in the Origin Heavenly Cave. Even creeds ranked among the top ten ranks wouldn't dare to say that to the members of the Mysterious Sparrow Creed!

The expression of the eminent elder sank, and he released his aura. Strong flames burned around him as fire spirits started to appear in the skies.

Holes appeared in the skies as the flames threatened to destroy everything in its path.

"That's the Mysterious Sparrow Purple Flame! Other than the power of absolute flame, it's one of the strongest flames out there!"

The Mysterious Sparrow was one of the strongest spirits of creation born during the creation of the world. It was comparable to the Phoenix Race, and the Mysterious Sparrow Purple Flame was a scary power.

“Eminent Elder Zhu Jingchen had definitely reached the large completion stage when using the Mysterious Sparrow Purple Flame! He’s even stronger than Xue Li! It won’t be easy if the three-headed beast wants to defeat Eminent Elder Zhu Jingchen.”

Releasing his Mysterious Sparrow Purple Flame, Zhu Jingchen alarmed many experts around the entrance of the Ice Orchid Hall. Even Feng Yuxuan and the Ice Prince were alarmed.

“That’s the Mysterious Sparrow Purple Flame from the Mysterious Sparrow Creed. I wonder who challenged him...” Yang Yu, the Star Lightning Dao Venerable gasped in shock.

The Star Lightning Dao Venerable was ranked twentieth in the Origin Holy World.

Ordinarily, the top-ten ranked creed wouldn’t attend a small banquet like the Ice Orchid Chamber of Commerce.

As such, Yang Yu was one of the most influential people in the banquet.

When everyone was guessing what had happened, a disciple ran in to report to the Ice Prince. “Xue Li and Zhu Jingchen ran into a youngster riding on a three-headed beast. Xie Li was crushed into the ground by a single stomp by the beast...”

“The three-headed beast crushed Xie Li with a single stomp?!” someone yelled in shock.

Everyone knew how strong Xie Li actually was.

However, they were curious as to why they couldn’t feel a thing when Xie Li was defeated.

Feng Yuxuan’s eyelids started to twitch when she heard the description of the beast. Young man riding a three-headed beast... Wouldn’t that mean...?

“That’s right! The three-headed beast crushed Hall Master Xie Li into the ground! The young man is currently challenging Eminent Elder Zhu Jingchen of the Mysterious Sparrow Creed.”

The Ice Prince was about to speak, but Feng Yuxuan got to her feet. She ran towards the entrance of the hall, and her actions shocked everyone.

“Young Lady!” The Ice Prince followed behind her, and when everyone saw that both Princess Feng Yuxuan and the Ice Prince had rushed out, they ran out along with them. After all, they were curious to see who would dare to challenge someone from the Mysterious Sparrow Creed.

As soon as they arrived, they saw Eminent Elder Zhu Jingchen turning into a massive Mysterious Sparrow that charged at Huang Xiaolong.

Right before he could arrive, a pillar of flame rose into the skies and pierced through the giant Mysterious Sparrow. The Ice Prince and the others watched as Zhu Jingchen soared through the skies. He turned back into his human form and a tiny hole could be seen on his forehead.

The hole burned right through to his brain, and it shattered Zhu Jingchen’s godhead. Even his soul was shattered as all signs of life left his body.

**Chapter 3086: Ten Trillion Dao Coins**

The Ice Prince, along with the others, were shocked.

He was killed with a single strike!

Everyone turned to look at the Old Monster Flame as he was the one who had made the move. If Jin Xiaoxiao was present, she would definitely recognize his strike! It was the same move that had killed Dao Jianchou previously!

The Star Lightning Dao Venerable, Yang Yu, stared at the Old Monster Flame in shock. "Absolute... Absolute blaze..."

That was the power of absolute blaze!

Everyone in the surroundings fell silent, and it became so quiet that one would be able to hear the sound of a pin drop.

The Old Monster Flame had moved too quickly, and most people present couldn't recognize his power. As the Star Lightning Dao Venerable, Yang Yu was able to see what most couldn't. As the ninety-second ranked expert on the Extermination List, he was capable enough to see what had happened.

When everyone heard what Yang Yu said, complex emotions filled their hearts.

Even Feng Yuxuan was stunned. No one would have thought that the skinny, old man standing behind the youngster and the three-headed beast to be an expert capable of wielding the power of absolute blaze!

When everyone was stuck in their thoughts, Feng Yuxuan rushed through the crowd and ran towards Huang Xiaolong.

The Ice Prince and the others following behind her were shocked.

"Young lady!" The Ice Prince wanted to rush over, but she made a deep bow towards Huang Xiaolong all of a sudden. "Feng Yuxuan greets Your Highness."

The two maidservants behind her got to their knees and kowtowed towards Huang Xiaolong. Their young lady might be able to bend the rules a little and bow to Huang Xiaolong, but they were mere maidservants. They didn't dare to show the slightest disrespect! After all, one had to know that when Huang Xiaolong had visited them in the past, all the eminent elders had got to their knees!

Those standing around stared at Feng Yuxuan in horror.

No one would have thought that the princess of the Wind Cloud Chamber of Commerce would show such respect to the young man riding the three-headed beast!

Wouldn't that mean that Feng Yuxuan not only recognized him, but their relationship was...

When Zhang Qin and Sun Shanglong heard that the power the skinny, old man behind Huang Xiaolong wielded was the power of absolute blaze, they nearly pissed their pants. Now that they saw how respectful the Wind Rain Princess was acting, they nearly passed out.

As for the Ice Prince, he wanted to question Huang Xiaolong about his actions outside the gates of the hall. After all, he didn't care about the reputation of the Ice Orchid Chamber of Commerce when he made his move. However, he thought otherwise when he saw how respectful Feng Yuxuan was acting.

Huang Xiaolong nodded slightly as he remained impassive about the whole matter.

Everyone stared at him in stunned silence.

Was that it?! The other party was Princess Feng Yuxuan of the Wind Cloud Chamber of Commerce!

When Huang Xiaolong finally allowed them to get to their feet, the Ice Prince came forward while cupping his fists. "I wonder how I should address you?"

"Huang Xiaolong."

Huang Xiaolong?

Everyone present stared at each other with a questionable gaze. They thought that he hailed from some sort of superpower, but they couldn't think of anyone with the surname Huang on the top of their heads. They had no idea who he was!

"It's our honor to play the host, however, about the matter with Eminent Elder Zhu Jingchen and Hall Master Xie Li..."

He knew that Huang Xiaolong's identity wasn't simple, and his relationship with Feng Yuxuan wasn't what it seemed. However, the two had met a grizzly fate in the Ice Orchid Chamber of Commerce. As someone who had some authority in the Ice Orchid Chamber of Commerce, he had to put up a show so that he could respond accordingly to the powers when they came knocking.

"I was indeed the one who killed them. If the Tyrant Beast Creed and Mysterious Sparrow Creed come knocking, you can send them to the Wind Cloud Chamber of Commerce to look for me. I will remain there for quite some time," Huang Xiaolong replied.

Everyone standing around felt their hearts skipping a beat when they heard what he said.

Since he said that he would remain in the Wind Cloud Chamber of Commerce for some time...

His words were grossly misinterpreted by the others.

"In fact, I'm not here to attend the banquet," Huang Xiaolong muttered.

"I wonder why dao brother came all the way here?" The Ice Prince couldn't help but ask.

"My genesis level pills are running out, and I'm here to purchase a batch of your Ice Orchid Pills." Huang Xiaolong continued, "I've heard that you have some Liquid of Life and Dazzling Gold Stone lying around. I'm here to buy them all."

Everyone stared at him with their eyes wide open.

He wanted a batch of Ice Orchid Pills! A batch of them!

He also wanted all the Liquid of Life and Dazzling Gold Stone the Ice Orchid Chamber of Commerce had!

Their first reaction was that Huang Xiaolong was overestimating himself. After all, a single pill would cost an astronomical price. Not to mention the fact that the Ice Orchid Pills were one of the top ten genesis level pills in the Origin Holy World!

As for the Liquid of Life and Dazzling Gold Stone, there was even less of a need to mention them. It wouldn't be easy for him to purchase all of them.

After all, even if he had several hundreds of billion, he wouldn't come close to the amount required to buy them all!

Even Princess Feng Yuxuan was slightly taken aback. She felt that Huang Xiaolong had overestimated himself.

"Brother Huang, are you sure?" The Ice Prince frowned. He didn't believe that Huang Xiaolong could bring out the amount required to purchase everything he stated.

When Huang Xiaolong brought out a furnace, Yang Yu couldn't help but scream in shock.

"Peak-grade cosmos artifact level furnace!"

Peak-grade cosmos artifact level furnace!

Everyone couldn't believe their eyes. The number of high-grade cosmos artifact level furnaces in the Origin Holy World might have been aplenty, but the number of peak-grade cosmos artifact level furnaces could probably be counted on one hand. Even super chambers of commerce like the Ice Orchid Chamber of Commerce didn't have one!

Indeed, Huang Xiaolong took out the Sun and Moon Furnace, and after so many years of tempering, it had reached the peak-level cosmos artifact level!

When everyone thought that Huang Xiaolong was planning to use the furnace to trade for the items he listed, he lifted a tiny restriction on the furnace, and a massive continent made of dao coins appeared in the skies.

"Here's ten trillion," Huang Xiaolong muttered. "This should be enough, right?"

"Ten... Ten... Ten trillion?!" Yang Yu of the Star Lightning Creed gasped in shock. Everyone present felt their hearts pounding against their chests when they saw the amount sitting before them.

Even Feng Yuxuan couldn't help but swallow a mouthful of saliva in shock.

The Ice Prince felt his throat going dry.

Ten trillion dao coins! As the young master of the Ice Orchid Chamber of Commerce, this was his first time seeing so much money before him!

That wasn't a hundred billion dao coins, and it wasn't a trillion. It was ten whole trillion!

Of course, none of them would know that ten trillion dao coins was merely a drop in the ocean to Huang Xiaolong.

Along the way, Huang Xiaolong had plundered to his heart's content, and he had basically swept up the fortune in the various superpowers. The amount he had couldn't even be counted in the trillions! If he really wanted to round the numbers up, he wouldn't be able to notice even if several tens of trillions had disappeared!

### **Chapter 3087: 13 Elements Absolute Powers**

The jaws of everyone dropped when they saw the number of dao coins before them. Not a single person could speak.

Even a super chamber of commerce like the Ice Orchid Chamber of Commerce would only be able to take out two trillion at most! There was no way they could bring out ten trillion with the snap of a finger!

Ten trillion dao coins had already exceeded the imaginations of everyone present.

Several dozen figures appeared behind Huang Xiaolong all of a sudden as blade lights filled the skies.

When Huang Xiaolong had brought out the Nine Flame Pill in the Golden Flame Beach, several dozen experts had tried their best to kill him to snatch the pills. The value of ten trillion dao coins and a peak-grade cosmos artifact level furnace was more than enough to arouse the greed in most people.

Even if Huang Xiaolong was protected by the Old Monster Flame, they were willing to try their luck.

However, the Old Monster Flame and the other twelve weren't there for decoration. They moved as soon as the other parties made their move. Various lights covered the skies, and those who tried to ambush Huang Xiaolong, practically died the moment they made their move.

They slammed into the ground after they were struck by the attacks of the Old Monster Flame and the others, and when everyone turned to look at them, their dao hearts were shattered beyond belief. Their bodies were cut into countless pieces, and some of them had their flesh burned beyond belief. Not a single person lived through the combined attacks of the thirteen guards behind Huang Xiaolong.

Everyone finally realized that those standing behind Huang Xiaolong weren't cannon fodder. They recognized several experts they didn't expect to see.

"It's the Heavenly Treasure Twin Monsters!"

"Devil Eagle King!"

"Dark Flame Expert!"

Every single person they called out was a peak late-Ninth Esteem Dao Venerable Realm expert. Moreover, all of them were stronger than Zhu Jingchen from the Mysterious Sparrow Creed by several times! They were experts whose reputation preceded them in the Origin Holy World!

"Absolute flame, absolute gold, absolute lightning, absolute wind, absolute earth..." Yang Yu gasped in horror. "All thirteen of them are experts who wield peak-level energies!"

When the Old Monster Flame had made his move previously, Yang Yu was shocked to his core. But now, when all thirteen of them had showed off their strength, even as the ninety-second ranked expert on the Extermination List, he was feeling threatened.

Even creeds ranked in the top-ten might not have thirteen experts with the ability to use peak-level energies!

The only places where they could find such power would be the Origin World Master's Manor, the Mystical Pavilion, the Destiny Race, or factions at the same level as the three.

Yang Yu finally realized why Huang Xiaolong was willing to take out his furnace and money in front of them all. No one would be able to touch them as long as he didn't give the order.

With thirteen peak-level experts protecting Huang Xiaolong's stuff, even someone like Yang Yu wouldn't be able to snatch the items!

In fact, the thirteen of them had held back when they made their move earlier. As such, Yang Yu and the others had no idea that their ability to use the peak-level energies had already reached the large completion stage! Otherwise, he wouldn't be feeling as confident as he was.

The thirteen of them didn't just scare Yang Yu. Even Feng Yuxuan and the others were shocked.

"Are they all top-tier existences?!" Feng Yuxuan gasped in horror. She had never expected those following behind Huang Xiaolong to be so strong!

Waving his hand casually, Huang Xiaolong trapped the dao souls of those who were killed. He threw them into the SunMoon Furnace, and he turned to the Ice Prince, "Prince, I wonder if the director of the Ice Orchid Chamber of Commerce is present?"

Snapping back to attention, the Ice Prince mumbled, "My mother hasn't returned. However, Lord Huang can rest assured. If you wish to purchase anything, I am able to make the decision." Gesturing with his arms, he signaled for Huang Xiaolong to enter the inner hall. "Lord Huang, please."

His way of addressing Huang Xiaolong changed, and it was clear that he became a lot more respectful to the man.

Nodding slightly, Huang Xiaolong entered the inner hall with the Ice Prince.

At the same time, the Ice Prince invited Feng Yuxuan, Yang Yu, and the others into the hall.

As soon as they entered, the prince entered a secret room within the headquarters. Several moments later, he reemerged with several experts following behind him with a jade bottle and a spatial ring in their hands.

The bottle contained the Liquid of Life, and the ring contained the Dazzling Gold Stone the Ice Orchid Chamber of Commerce had in their possession.

After handing them over to Huang Xiaolong, the Ice Prince bowed, "Lord Huang, my mother passed down an order to keep all the Ice Orchid Pills we have. As such, we can only provide the Liquid of Life and the Dazzling Gold Stone to Lord Huang. From what my mother says, Lord Huang can bring out items of equal value to trade for the pills. We will not be accepting dao coins for them.

Huang Xiaolong and Lei Yu looked at each other quietly.

“Alright.” He waved his hand and several dozen crystals appeared in his hand. Pure radiance energy filled the hall in an instant and everyone felt extremely refreshed when they looked at it.

“This... This... Pure Soil!” The experts standing behind the Ice Prince yelled in shock.

When they heard what Huang Xiaolong was holding in his hand, they couldn’t believe their eyes.

That was the pure soil that had only appeared once in the legends!

“That’s right,” Huang Xiaolong explained. “This was what I obtained in the Heavens Burial Lands in the past, and I believe all of you know how precious this is. I am willing to trade this for your Ice Orchid Pills, and I believe it’s worth a lot more than what you can give me in exchange.”

In the Sea of Skulls, Huang Xiaolong had managed to obtain an entire beach of it. The amount he brought out was a mere handful, but Huang Xiaolong knew that losing such a tiny amount wouldn’t affect his cultivation at all.

Several moments later, Huang Xiaolong emerged from the secret chamber of the Ice Orchid Chamber of Commerce.

The reverence on the Ice Prince’s face deepened by several times when he stood beside the man.

“If you have any more Liquid of Life, Ice Orchid Pills, Dazzling Gold Stone, Green Wind Wings, Profound Concentration Earth, or Genesis Lightning Water, you can contact me to trade for some pure soil,” Huang Xiaolong chuckled.

The Ice Prince’s heart shook and a wide smile formed on his face. “Lord Huang, you can rest assured that we will definitely do that!”

Huang Xiaolong nodded slightly.

“It’s a pity your director isn’t around.” Huang Xiaolong pointed at Lei Yu and continued, “My mount is an old acquaintance of your president. His intention was to meet her when we entered the city.”

Old acquaintance?!

“I wonder who lord mount is...” The Ice Prince stared at Lei Yu and asked.

“My name doesn’t matter...” Shaking his head, Lei Yu sighed.

When they finally left the inner hall, the Ice Prince persuaded Huang Xiaolong to join the banquet. Seeing as it wouldn’t affect him much even if he stayed behind, Huang Xiaolong decided to humor them. He decided to leave after the banquet ended.

### **Chapter 3088: Myriad Formation Devil**

When the banquet ended, and Huang Xiaolong finally left, the entire city erupted into chaos.

“A mysterious young master with the surname ‘Huang’ attended the banquet! His subordinates killed Hall Master Xie Li of the Tyrant Beast Creed and Doyen Zhu Jingchen of the Mysterious Sparrow Creed!”

“He has thirteen subordinates and all of them have the ability to use peak-level energies!”

“Princess Feng Yuxuan of the Wind Cloud Chamber of Commerce called the man ‘His Highness’, and she was extremely respectful!”

“He took out ten trillion dao coins in public, and sought to buy out all the Liquid of Life, Dazzling Gold Stone, and Icy Orchid Pills the Ice Orchid Chamber of Commerce had to offer! He even showed off his peak-grade cosmos artifact-level furnace!”

...

The news started to spread into the ears of various experts in the Origin Heavenly Cave.

It was nothing for someone to be protected by thirteen guards, but when all of them were peak late-Ninth Esteem Dao Venerables, who controlled peak-level energies, that was a whole other matter. The entire Origin Heavenly Cave shook when they heard the news, and Huang Xiaolong’s killing of Xie Li and Zhi Jingchen dulled in comparison. Of course, his actions managed to offend two superpowers in the Origin Heavenly Cave, but why would that bother him?

“I’ve heard that he even has Pure Soil in his possession! He used it to trade for the Ice Orchid Pills with the Icy Orchid Chamber of Commerce!” Another explosive news shook the entire region.

“Pure Soil?! Didn’t it only appear during the formation of the world?! How did he get his hands on it? Don’t tell me this is some rumor started by the Tyrant Beast Creed and the Mysterious Sparrow Creed... Are they hoping for some other expert to take revenge for them?” There were many people, who remained skeptical. After all, Pure Soil only existed during the formation of the world!”

“The news should be real... I’ve heard that he found the Pure Soil in the Heavens Burial Lands and according to the Icy Prince, they would be able to trade for more if they brought out more treasures.”

...

In a certain courtyard in the Ice Orchid Chamber of Commerce...

Sun Shanglong and Xu Shuang stared at each other with the experts of the Carefree Creed around them.

“Master, who would have thought that he would possess so many treasures!” A greedy light flashed through Xu Shuang’s eyes when he thought of all the treasures Huang Xiaolong revealed.

Sun Shanglong sighed with complicated emotions clouding his heart. “Yeah...”

His mind was in a mess since they had left the banquet.

The genesis-level treasure, along with the peak-grade cosmos artifact-level furnace, was enough to shock them to their core. However, that wasn’t all Huang Xiaolong had! He even took out ten trillion dao coins and Pure Soil! He even had thirteen experts who could use peak-level energies following him around!

“Patriarch, is he really from the Leiyu Creed?” someone asked.

Xu Shuang sneered in response, "All of us know what type of person Chen Ming is... The Leiyu Creed doesn't even have a single person who can use one absolute power! How can they be from the Leiyu Creed?"

Sun Shanglong's expression fell as he muttered under his breath, "Leiyu Creed?!" The image of the three headed beast Huang Xiaolong rode on flashed through his mind. The scene where the beast had called Chen Ming a little brat flashed past his eyes all of a sudden.

Impossible...

"Master, what's wrong?" Xu Shuang couldn't help but ask.

Shaking his head violently, Sun Shanglong ignored everything Xu Shuang said. "No! No! That's not possible! There's no way that's the beast!"

...

As everyone made their speculations, Huang Xiaolong and Lei Yu were riding on the Purple Lightning Peak as they made their way to the Wind Cloud Chamber of Commerce. Feng Yuxuan and her maidservants were also on the purple mountain and they looked at the pretty mountain they were standing on with wide eyes.

They couldn't decide if that was a peak-grade cosmos artifact-level flying ship or if it was something better!

Huang Xiaolong became even more mysterious in her eyes.

She couldn't imagine how the youngster her father showed so much respect to was so damn rich! He could even throw out ten trillion dao coins without blinking his eyes!

Her expression became even more complicated.

As Huang Xiaolong sat on top of the Purple Lightning Peak, he took out ten drops of the Liquid of Life and swallowed them whole. He tried to comprehend the power of life and power of absolute wood as soon as they entered his mouth.

The surroundings around him became clear all of a sudden, and when they noticed how he used the Liquid of Life, everyone standing around was shocked. Even experts on the Extermination List wouldn't dare to ingest ten drops of Liquid of Life!

After all, it wasn't an ordinary genesis-level herb!

"Relax. No harm will come to His Highness." Lei Yu appeared beside Feng Yuxuan before she knew it.

Staring at her with a deep gaze, Lei Yu continued, "Little lass, are you curious about His Highness' identity?"

Jumping like a cat whose tail had been stepped on, Feng Yuxuan yelped, "No... I'm not curious!"

All of a sudden, Lei Yu turned to the void before them, and he snapped, "Who's there?!" His voice was loud, and the space around them trembled.

Feng Yuxuan and the others were stunned as well. When they looked over, all they saw was a patch of empty space. No one was there and Feng Yuxuan couldn't notice anything off, no matter, how hard she tried.

However, a figure stepped out from the void just as she thought that Lei Yu was mistaken.

His body was blurry, and it was as though he didn't exist in the space before them.

"Hehe, you're pretty strong if you managed to detect my presence." His laughter sent waves of chill down the hearts of many.

Getting to his feet, a serious expression appeared on Lei Yu's face. The Old Flame Freak and the others glared at him silently.

"You're the Myriad Formation Devil!" Lei Yu frowned. The space around them started to tremble, but the sound waves stopped before they reached the man.

"What?! Myriad Formation Devil?!" Feng Yuxuan turned pale when she heard his name. She didn't dare to believe that the person, who had come, was the infamous Myriad Formation Devil. One had to know that he was a monster who stood in the fourth place on the Extermination List!

Any single one of the experts ranked in the top ten, possessed terrifying power. One couldn't even think of the strength possessed by someone in the top five ranks! For experts like the Myriad Formation Devil, he could walk through the Origin Holy World sideways and no harm would befall him! Even her father wouldn't dare to offend a monster of his level!

The Myriad Formation Devil wasn't just strong. He was extremely cruel, and the number of people, who had died at his hands was uncountable!

The shadow started to roar with laughter when he saw their terrified faces. "Hahaha! Who would have thought that someone would still remember me after so many years of hiding!" He glared at Lei Yu as soon as he spoke. "You shouldn't be a nobody if you can recognize me. Are you an expert on the Extermination List?"

Lei Yu didn't answer the question. Instead, he asked one of his own. "Are you here for the Pure Soil?"

The only item that could draw out monsters at his level had to be treasures at the level of the Pure Soil..

It seemed as though the events that had transpired in the Ice Orchid Chamber of Commerce had already alerted the Myriad Formation Devil.

Roaring with laughter, the old devil continued, "I've been searching for the Pure Soil for such a long time! Who would have thought that I would run into someone with it the moment I left seclusion? The heavens didn't forsake me! With the Pure Soil, I will be able to increase my strength once again!"

"Brat, I don't care who you are, don't even think of resisting. Hand it over right now!" Staring at Huang Xiaolong and the Purple Lightning Peak, he continued, "I'll take this mountain while I'm at it!"

**Chapter 3089: Kill to My Heart's Content!**

As though he didn't hear the old devil, Huang Xiaolong closed his eyes and continued to comprehend the power of life within absolute wood.

After a thousand years of comprehension, Huang Xiaolong hadn't been able to understand the power of absolute wood. He was at the cusp of understanding it, and it was also the reason he had bought out all the Liquid of Life the Ice Orchid Chamber of Commerce possessed. With more than a thousand drops, he refused to believe that he couldn't understand the power of absolute wood!

When the Myriad Formation Devil saw how nonchalant Huang Xiaolong was acting, he couldn't help but sneer in response. Sinister laughter escaped his lips, and when Feng Yuxuan was affected by the soundwaves, she felt her head splitting in two. Even though she wasn't an expert on the Extermination List, she was ranked ninth on the Heaven Secret List! She was stronger than patriarchs of the top thirty creeds, but she was unable to stop the laughter from the Myriad Formation Devil from affecting her!

Her face drooped and fear set into her heart.

The maidservants behind her experienced the same fate.

This was the first time she had felt so hopeless, and one had to know that she was weaker than a bug before the Myriad Formation Devil! As for her maidservants, they felt completely hopeless. Feng Yuxuan might survive due to her father's reputation, but they wouldn't be able to live through the exchange! The Myriad Formation Devil was someone who showed no mercy!

"I was initially planning to leave after obtaining the Pure Soil. But, since you're so stubborn, I don't mind killing everyone here!" The Myriad Formation Devil snorted when he saw how Huang Xiaolong ignored him.

Feng Yuxuan was shocked. Wasn't the old devil referring to her too?

As soon as he spoke, the old devil pointed at Huang Xiaolong. A terrifying wave of power appeared before Huang Xiaolong, and even an expert at the level of Feng Yuxuan couldn't see how quickly he moved.

Before it could pierce through Huang Xiaolong's head, a bolt of purple lightning shot out from the core of the mountain and turned into a sea of lightning that enveloped the peak. It stopped the old devil's attack.

"Huh?" The old devil gasped in shock. He didn't expect his attack to be stopped so easily.

"This treasure is pretty good!" The more he looked at it, the more he desired to obtain the Purple Lightning Peak.

Once again, he used the same attack. This time, the power contained in the energy beam was even more concentrated. The space around his finger shattered but a beam of fiery light slammed into his attack before it could land.

?!

The Myriad Formation Devil was taken aback. He stared at the Old Monster Flame and frowned, "Major completion stage? Power of absolute blaze!"

It was clear the Old Monster Flame had made his move.

The ladies were once again shocked when they looked at the skinny old man. The power of absolute blaze at the major completion stage wasn't something they could play off. They didn't think that the skinny old man, who listened to Huang Xiaolong, was someone at that level!

If that was the case, he was definitely an expert capable of entering the top fifty ranks in the Extermination List!

After their shock receded a bit, Feng Yuxuan and her maidservants heaved a sigh of relief in their hearts. If the Old Monster Flame was really an expert at that level, their chances of survival had increased by quite a bit.

Calming himself down, the Myriad Formation Devil felt excitement boiling in him. "An existence comparable to experts ranked in the top fifty ranks of the Extermination List?! Nice! I love killing people at that level! I'll go all out today!" As soon as he spoke, his palm came crashing down on Huang Xiaolong and the others.

Killing ordinary peak late-Ninth Esteem Dao Venerables was something that bored him. Only existences at their level could allow him to feel a sense of excitement.

An azure palm appeared above the mountain all of a sudden and it was formed by the power of absolute wind at the grand completion stage. It covered the skies, and it was god knew how many millions of miles large. Before it even fell, the terrifying howling of wind deafened those present.

The howling of the wind signified death to anyone who dared to stand in his way!

Right before it could come crashing down, a purple pillar tore through the skies and sundered the palm.

As the palm made from the power of wind crumbled, the purple light started to scatter.

Feng Yuxuan was stunned, and she looked at the three headed-beast before her, who unleashed the counterattack to stop the giant palm from descending.

The three-headed beast stood tall as its aura expanded like a sea. It covered the entire mountain and lightning qi started to emerge from his body.

It was a power she only felt when her father unleashed his true strength, but at the same time, she could tell that the beast's aura was still increasing!

The maidservants felt their jaws dropping when they looked at the beast. Wasn't it the three-headed beast Huang Xiaolong was riding on previously?

The Myriad Formation Devil Stared at Lei Yu, and he swallowed a mouthful of saliva in shock. "Power of absolute lightning at perfection stage!" His expression finally started to turn serious.

No longer hiding their auras, the Old Monster Flame and the others released everything they had. Their power enveloped the entire mountain peak.

Feeling the power coming from all thirteen experts and one beast, Feng Yuxuan felt her world going dark. Some of them were strong enough to rank in the Extermination List!

The Myriad Formation Devil was equally as shocked.

He wasn't shocked by their strength. Instead, he couldn't understand how they would follow behind a nameless brat!

Lei Yu's other two heads finally roared back to life as he unleashed his powers completely.

"Ranked fifteenth on the Extermination List!" The Myriad Formation Devil yelled when he looked at Lei Yu. Turning to Huang Xiaolong once again, he finally felt that something was off. Why would the ranked-fifteenth Lei Yu allow a mere youngster to be his master?

His expression turned extremely colorful in that instant.

He looked at Huang Xiaolong who remained impassive this whole while.

However, his gaze solidified when he thought about the Pure Soil.

Even if Huang Xiaolong was an important figure, he didn't give a shit! He wouldn't be afraid of going up against the entire army of Death Beasts, much less a brat he didn't know the name of!

When he looked at Lei Yu again, he finally recalled his name. "You're Lei Yu!"

"That's right." Lei Yu's voice boomed through the skies.

Laughing in amusement, the Myriad Formation Devil growled, "Alright! I'll kill to my heart's content today!" He no longer hid his aura, and he unleashed his power of darkness and wind to their full extent. The power of two energies at perfection level wasn't something to scoff at as he added the power of absolute earth at the major completion stage into the mix.

When he was finally ready, he appeared on the peak of the mountain with a single step.

### **Chapter 3090: It's Mine**

"Myriad Devil Black Prison!"

As soon as he arrived, his palm came crashing down. Like a world of its own, the power of absolute darkness covered the skies as it threatened to swallow the Purple Lightning Peak and everything around it.

It was the true advent of darkness as the world around them turned black.

Boundless despair filled the world as darkness devoured those present.

Raising his head and roaring into the skies, Lei Yu leaped into the air. The power of absolute lightning formed massive bolts in the skies that turned into stars. They formed lightning formations one after another, and they started to shatter the world of darkness.

However, darkness filled the space Lei Yu opened up, and no matter how hard he tried, it wasn't possible to stop the Myriad Formation Devil.

As darkness descended, the thirteen experts unleashed everything they had. Streams of flames and other types of energies smashed into the power of darkness.

Eventually, they managed to stop the advance of the darkness above them.

The Myriad Formation Devil didn't stop there. He summoned a terrifying gale that turned into blades in mid air. The blades started to fuse to form massive balls of destructive energy!

With the size of a sacred land, the balls formed from wind energy weren't something they could withstand!

As they started to rain down on the Purple Lightning Peak, the space around it shattered as chaos streams sprayed all around.

The look on Feng Yuxuan's face slowly turned into despair as she knew the power contained in the Myriad Formation Devil's attack. After all, she was someone who comprehended the power of absolute wind.

Every ball of wind energy falling on them had the ability to shatter a sacred land into a billion pieces!

With so many of them, it was possible to destroy a creed in an instant!

That was the true power of the Myriad Formation Devil! That was the strength wielded by someone in the top five ranks of the Extermination List!

Feng Yuxuan felt a sense of hopelessness creeping into her heart.

She might have comprehended the power of absolute wind, but she had barely stepped through the gates of knowledge! Compared to the Myriad Formation Devil, she was like a newborn child, who couldn't put up the slightest bit of resistance!

She finally understood what it meant to be helpless.

The only thing left to do was to pray that Lei Yu and the others were able to fend the old devil off.

As the destructive energy fell on them, seas were formed with radiance energy as it started to destroy the world of darkness above them. The power of absolute blaze also emerged from Lei Yu's third head as it went up to welcome the power of absolute wind.

Boom!

The heavens trembled and the earth shook under the impact.

Terrifying waves of energy swept through the mountain peak, and even the regions around them were affected.

Feng Yuxuan and her maidservants retreated in a hurry, and they soon discovered that the mountain wasn't affected by the streams of leftover energy! The mountain didn't even tremble when it was struck!

The lightning qi surrounding the mountain stopped even the most terrifying attacks.

The Myriad Formation Devil looked at the Purple Lightning Peak and yelled, "Quasi-creation artifact!"

Feng Yuxuan was shocked. The number of quasi-creation artifacts in the Origin Holy World could be counted on one hand! One of them was in the World Master's Manor, and the other was in the hands of

the Destiny Race Patriarch! The Mystical Pavilion Master had the third known quasi-creation artifact in the Origin Holy World!

Was the Purple Lightning Peak the fourth quasi-creation artifact that had appeared in the Origin Holy World?

The Myriad Formation Devil roared in joy. "The heavens didn't forsake me! This is really a quasi-creation artifact! With this mountain peak, I'll be able to enter any forbidden region I want to!" His attacks increased in intensity once again as though he took a shot of performance-enhancing drugs. Waves after waves of attacks slammed into the Purple Lightning Peak.

Lei Yu and the others struggled to hold on, and it didn't take long for them to start suffering injuries.

After several dozen breaths, the only ones left were Lei Yu and the Old Monster Flame. The others were no longer able to hold out against the old devil as their injuries were getting worse.

The hope in Feng Yuxuan's heart started to extinguish when she saw the overwhelming difference between the two sides.

Even with fourteen of them, they failed to stop the Myriad Formation Devil!

The power the old devil possessed wasn't something she could imagine!

In fact, the old devil himself wouldn't be a match for the fourteen of them if he fought them based on his cultivation level and his control over the elements.

The reason he was called the Myriad Formation Devil was because of his ability to lay down formations! That was also the reason he had managed to climb into the fourth rank of the Examination List!

He was able to lay down a formation with a single thought, and it greatly enhanced his control over the power of darkness, wind, and earth!

Without the Purple Lightning Peak, Lei Yu and the others would have long since been defeated! Lei Yu might have been ranked fifteenth on the Extermination List, but the difference between him and the fourth-ranked expert was like the difference between the heaven and earth!

Every single expert in the top ten ranks had the ability to shake the heavens! The difference between the eleventh placed expert and the tenth was an uncrossable gap! There was no need to mention Lei Yu and the Myriad Formation Devil.

"Senior Lei Yu, let's run!" Feng Yuxuan yelled when she saw how they were being beaten back.

The speed of the Purple Lightning Peak was something she had experienced personally. If they moved at full speed, there was a chance of them running away!

The Myriad Formation Devil couldn't help but snort, "I've already laid down countless formations in the space around you. Do you really think you'll be able to leave?"

Feng Yuxuan's expression fell. It was no wonder no one else came to assist them even though the battle created such a huge commotion.

After several dozen breaths of time, Lei Yu and the Old Monster Flame were finally defeated. They were sent flying as they slammed into a massive cliff face.

Feng Yuxuan felt utter despair when they fell.

If Lei Yu, the fifteenth-ranked expert on the Extermination List could be eliminated, there was no one left to save them!

Roaring with laughter, the Myriad Formation Devil appeared before Huang Xiaolong. The only thing left separating them was a layer of lightning qi.

His laughter became even more obnoxious when he stood before Huang Xiaolong. "Pure Soil, quasi-creation artifact, everything you have, is mine!" He reached out to grab Huang Xiaolong and his hand pierced through the veil of lightning qi before the man.

When his hand landed on Huang Xiaolong, the smile on his face froze.
