

Chapter 3111: Nine Great Beast Kings

Xiao Yuncheng, Xuan Kong, Yang Yuyuan, and the other marshals quickly made their way over to the Wind Cloud Chamber of Commerce. They wanted to apologize to Huang Xiaolong, but by the time they arrived, the entire place was packed with people. Practically half the Origin Heavenly Cave showed up at the headquarters of the Wind Cloud Chamber of Commerce.

All of them had the same goal as Xiao Yuncheng, and all of them were there to show their respect to the man!

Beads of cold sweat formed on the foreheads of those from the World Master's Manor.

They discovered that even patriarchs of the strongest creeds had arrived! The Nine Dragon Dao Venerable, Ghost Sea Dao Venerable, and the Devil Shadow Dao Venerable were part of them.

The faces of those from the Nine Dragon Creed were filled with fear, and they couldn't sit still.

Several days after Xiao Yuncheng and the others arrived, the Purple Lightning Peak appeared. Xiao Yuncheng, Yang Yuyuan, the Nine Dragon Dao Venerable, and the others felt their hearts trembling as they rushed towards the purple mountain. They shocked themselves with the speed they displayed.

Xiao Yuncheng and the others caused Princess Feng Yuxuan to stare at them in shock.

That very night, Huang Xiaolong arranged for a banquet in the headquarters of the Wind Cloud Chamber of Commerce.

During the banquet, the various patriarchs voiced their support for Huang Xiaolong openly, and Huang Xiaolong chuckled softly under his breath. He didn't reject their alliances, and he accepted everyone who planned to stand on his side.

As for Xiao Yuncheng and the others, they apologized to Huang Xiaolong for offending him and Jiang Meng also personally fell to his knees in apology.

Huang Xiaolong didn't plan on bringing things too far, and he never intended to seek out Jiang Meng for revenge. As such, he quickly accepted the apology.

After the banquet ended, Xiao Yuncheng and the others bade their farewell to Huang Xiaolong before returning to the World Master's Manor.

Along the way, Xiao Yuncheng turned to Xuan Kong and the others and asked, "Did you see that old man with the massive build behind Huang Xiaolong? Who do you think he is?"

Xuan Kong, Yang Yuyuan, and the others stared at him in shock.

They had their guesses, and all of them stared at the old man standing behind Huang Xiaolong throughout the banquet. Now that Xiao Yuncheng brought it up, they became even more curious.

The old expert stood on Huang Xiaolong's left while San Song stood on Huang Xiaolong's right.

Moreover, the Wind Cloud Dao Venerable and the others stood behind them, and it wasn't hard to see the old expert's status among Huang Xiaolong's subordinates.

Jiang Meng spoke all of a sudden, "In the past, I met him when I came to the Wind Cloud Chamber of Commerce. Now that I think about it, his status might not be any lower than San Song!"

"I'm afraid the old expert is a monster in his own right... He might be the Line Master, or he might even be Senior Myriad Formation Devil!" Yang Yuyuan's expression turned serious and he muttered.

When they heard his evaluation, the faces of everyone changed.

The two monsters didn't appear in the outside world, and no one really knew what they looked like.

"Is that even possible?" Murong Xiang gasped in shock.

No one dared to say anything in response.

Even though that wasn't really possible, the only people who could stand side by side with San Song should be the Line Master or the Myriad Formation Devil. After all, the only others whose statuses were higher than San Song were the Main Pavilion Master of the Mystical Pavilion, the World Master, and the Destiny Patriarch.

The Line Master was ranked fifth on the Extermination List, and the Myriad Formation Devil was ranked fourth!

After the banquet ended, Huang Xiaolong planned for the Myriad Formation Devil to strengthen the defensive formations around the Wind Cloud Chamber of Commerce. As for San Song and the others, they could put their strength to use by helping He Zhen.

.

Even though he heard that the Main Pavilion Master had left the Origin Holy World for some time, Huang Xiaolong wasn't one who took chances. Especially after the incident in the past.

After the old devil strengthened the main formation around the Wind Cloud Chamber of Commerce, Huang Xiaolong entered one of the secret chambers in the depths of the manor to cultivate.

By situating himself in the heart of the Sun and Moon Grand Formation, Huang Xiaolong sat on a bed of Pure Soil as the Parasol Tree and Tree of Beginning towered beside him. He activated the Soaring Dragon Art, and a multitude of lights surrounded him.

The power of radiance, nirvana, absolute blaze, and strands of beginning qi swarmed around him.

At the same time, Huang Xiaolong retrieved a pool of genesis lightning water from the treasure of the Mystical Pavilion's Branch.

The genesis lightning water was like a tiny brook that surrounded Huang Xiaolong and traces of lightning qi emerged from the tiny river from time to time to enter Huang Xiaolong's body.

Lightning bolts surrounded Huang Xiaolong in an instant.

As items like the genesis lightning water and the Phoenix Fire Crystals were usually used to boost other people's strength, they weren't too useful if other people used them to comprehend the absolute energies. However, it was different for Huang Xiaolong as he had the Huang Long Bloodline!

Even if a genius with a supreme bloodline obtained a pool of genesis lightning water, their rate of success when it came to comprehending the power of absolute lightning was less than one in a million! Huang Xiaolong's chances were more than a hundred times that!

As such, Huang Xiaolong hoped that the amount of genesis lightning water he had would be enough for him to reach perfection level in the power of absolute lightning!

If anyone else wanted to copy what Huang Xiaolong did, they would need several thousand more times the amount of genesis lightning water!

That was also why Huang Xiaolong's talent was considered perverted.

In the blink of an eye, several dozen years passed.

Huang Xiaolong didn't leave the formation, and he immersed himself in cultivation.

Before entering seclusion, Huang Xiaolong had already instructed the Myriad Formation Devil and the others to deal with everything on their own unless the Main Pavilion Master of the Mystical Pavilion came.

As such, the Myriad Formation Devil and the others didn't disturb Huang Xiaolong even though the Wind Cloud Chamber of Commerce was embroiled in quite a lot of schemes.

All of a sudden, a piece of news broke the tranquility of Huang Xiaolong's seclusion. The news of the Myriad Formation Devil being hiding in the Origin Holy World started to spread, and his identity as He Zhen was revealed to the world!

The news shook the entire Origin Holy World.

Everyone was shocked that the old devil would be one of Huang Xiaolong's subordinates, but they were even more terrified as the old devil had stolen the inheritance treasure of the Death Beasts Peril Land in the past.

Countless experts swarmed towards the Origin Heavenly Cave, including the region masters of the various lands.

It didn't take long for another piece of news to be released. Nine Beast Kings of the Death Beasts Peril Land would be working together to invade the Origin Heavenly Cave with a quadrillion death beasts.

As soon as the news was released, the surrounding regions around the Origin Heavenly Cave trembled in their shoes. God knows how many creeds packed their things and started to relocate.

One had to know that the alliance of nine beast kings was something that could cause the Origin Holy World to shake!

According to the rumors, every single beast king had the power to rival the World Master of the Origin Holy World!

With nine of them joining hands, they were as strong as the top three experts on the Extermination List! Who in the world would be able to stop them?! Much less the quadrillion death beast army that they were leading!

With so many death beasts, they would be able to drown the Origin Heavenly Cave if they so wished to!

As the Death Beast Army had already invaded more than a third of the Origin Holy World, their numbers were more terrifying than anyone could imagine.

Chapter 3112: Turtle In an Urn

In the World Master's Manor...

Xiao Yuncheng, Xuan Kong, and the four marshals stood at the front of the hall while all the senior commanders and commanders lined the walls.

The atmosphere was extremely oppressive, and no one dared to breathe loudly.

The rumors of the death beast invasion placed everyone on edge, and many patriarchs led their disciples out of the Origin Heavenly Cave. The World Master's Manor wasn't panicking as much, but they were close.

All of them knew that the invasion wasn't a joke, and if they were even a little careless, the World Master's Manor might be completely destroyed!

"Have we recalled all our troops?" Xiao Yuncheng asked Yang Yuyuan and the other marshals.

"Every single one of them has been called back, but they will only be able to arrive after several days," Jiang Meng and the others replied respectfully.

Xuan Kong hesitated for a moment, and he muttered, "Only four hundred region lords brought their troops over to reinforce us."

Xiao Yuncheng's expression changed. The Origin Holy World had countless regions, and there were tons of region lords. Yet, only four hundred of them came over with their army to reinforce the World Master's Manor! That was less than one ten-thousandth of the power the Origin Holy World had, and even though the number of experts they had weren't considered little, they were nothing more than a slightly larger grain of sand in the eyes of the Death Beast Army.

"Your Highness, should we just retreat?" Yang Yuyuan growled.

Shaking his head, a look of determination appeared on Xiao Yuncheng's face. "We will never retreat."

How could the World Master's Manor abandon their home ground?! Even if they had to die, they would die with their pride intact!

"Lord Father is rushing back as we speak. He should be back in half a month at most." Xiao Yuncheng sighed.

Everyone was taken aback by the news, but their hearts soon sank. Nine beast kings were working together, and even if the World Master returned, he wouldn't be able to change the outcome of the battle!

“Their goal is to take down the Myriad Formation Devil. As long as the old devil leaves the Origin Holy World, the Death Beast Army won't go all out and invade the Origin Heavenly Cave,” Jiang Meng said all of a sudden.

“That’s right! As long as the Myriad Formation Devil leaves, the crisis will be lifted!” Murong Xiang nodded.

Xiao Yuncheng shook his head slowly. Any idiot would know that that was the case, but who had the guts to chase the old devil out of the Origin Heavenly Cave?! No... It was more suitable to ask the question, ‘who had the power to chase the old devil away’?

Even if his father personally moved, he wouldn’t be able to chase the old devil away for sure! Not to mention the fact that Huang Xiaolong was standing behind the old devil! That was a madman who dared to antagonize the Mystical Pavilion, and he had the power to back himself up!

“I wonder what Lord Huang thinks about this matter...” Xuan Kong turned to look in the direction of the Wind Cloud Chamber of Commerce. Everyone’s heart would jump whenever they thought about the crazy man called Huang Xiaolong.

“I’ve already contacted the Wind Cloud Dao Venerable. However, he said that Lord Huang has been in seclusion this whole time. His instructions were to not disturb Lord Huang unless the Main Pavilion Master of the Mystical Pavilion arrives.”

Everyone felt their hearts trembling.

Wouldn’t that mean that Huang Xiaolong didn’t see anyone else as his opponent?! Was the Main Pavilion Master of the Mystical Pavilion the only one who had the ability to cause him to be serious?

“With the advent of the nine beast kings, the Wind Cloud Dao Venerable should make the report, right?” Yang Yuyuan asked.

“Even if Huang Xiaolong leaves seclusion, he wouldn’t be a match for all nine of them.” Jiang Meng sighed.

Everyone felt their hearts sinking once again.

“I’m afraid the Mystical Pavilion is the one behind the news of He Zhen’s identity leak.” Xuan Kong sighed.

The only ones who had the guts to leak He Zhen’s identity were the members of the Mystical Pavilion.

Moreover, they were the only ones with the ability to uncover his identity. Even Xiao Yuncheng and the others couldn’t be one hundred percent sure that was the old devil himself.

When everyone in the Origin Heavenly Cave were fearing for their lives, the last of the genesis lightning water around Huang Xiaolong disappeared in the Sun Moon Furnace. Flashes of purple light swept out from his body, and when they reached their peak, they started to dissipate. Bolts of lightning hovered around him as they emitted dense lightning qi.

The lightning qi were like flowers blooming in summer. It filled the entire furnace, and the space turned into a world of lightning. The lightning qi contained a huge amount of power, and it occasionally turned into raging hurricanes that had the ability to tear worlds apart.

After a long time, it turned into puddles of lightning water.

The puddles combined to form a small river, and every single drop of lightning water glistened like pearls.

The tiny river shone a jade-like purple, and it eventually turned into a large river. As it rolled about the space around the furnace, spatial cracks formed.

Every drop of lightning water contained the power to destroy a star, and it was strong enough to suppress an expert on the Extermination List.

They expanded slowly, and every drop turned into a genesis-level lightning beast.

As the beasts raised their heads to the skies, they unleashed a feral roar that caused the heavens to tremble. If any expert from the Extermination List were to see the scene right now, they wouldn't believe that the genesis-level lightning beasts were creatures with no sentience.

Several months passed once again.

The Death Beast Army gathered outside the Origin Heavenly Cave, and they were so closely packed that not even a single drop of water would be able to get past them.

No one knew how many death beasts there were, but they came from dozens of regions around the Origin Heavenly Cave. They completely demolished the surrounding regions around the Origin Heavenly Cave, and they were the only living beings left!

As death beasts continued to gather in the area, the number kept on increasing.

Even though they hadn't invaded the Origin Heavenly Cave, the experts trapped inside the region felt the weight of a mountain pressing down on their hearts. Based on the auras of the death beasts outside the region, the experts located inside felt the hopes in their hearts vanishing.

Goosebumps filled their bodies, and even the patriarchs of the top ten creeds felt fear in their hearts.

Countless experts on the Extermination List opened their dao eyes to look at the situation outside the Heavenly Cave, but their view was obstructed the moment it left the region.

The faces of everyone changed.

"This isn't good. The Death Beast Army has arranged a lot of formations outside the Origin Heavenly Cave. We're like turtles trapped in an urn right now!"

No one would have expected for the Death Beast Army to be so adamant about getting the Myriad Formation Devil. One had to know that a lot of resources needed to be wasted if they wanted to surround the entire Origin Heavenly Cave with formations!

The Death Beast Army was actually crazy enough to do it!

Fear and terror filled the hearts of everyone in the Origin Heavenly Cave when they realized the Death Beast Army's determination.

Chapter 3113: Hand Over the Myriad Formation Devil!

There were experts who tried to use high-grade flying ships to break through the blockade, but they were sent flying god knows how many thousand miles when they bumped into the barrier surrounding the region.

Many experts felt their blood running cold.

If even high-grade flying ships couldn't break through the encirclement, no one would be able to!

Perhaps, one needed to use a peak-grade, cosmos-artifact flying ship if one wanted a chance to escape!

Whatever the case, the number of peak-grade, cosmos-artifact flying ships numbered less than five, and there wasn't a need to mention a quasi-creation artifact flying ship. Even the World Master's Manor wouldn't be able to bring out a treasure of that level!

Everyone soon thought of Huang Xiaolong's purple mountain. There were rumors going around that the mountain was a quasi-creation artifact, but the thought of stealing it soon shattered. After all, anyone who tried would die a quicker death than if they faced the Death Beast Army.

As the Death Beast Army surrounded the Origin Heavenly Cave, they were in no rush to launch an attack. They continually strengthened the formations around the region, and more and more death beasts slowly arrived.

The more the Death Beast Army stalled, the more uneasy the experts became.

Another half a year passed.

Finally, a voice rang through the region.

"Hand over the Myriad Formation Devil and our Death Beast Army will return to where we came from!"

The voice boomed through every single creed in the Origin Heavenly Cave, and experts felt their minds shaking from the soundwave.

"It's a Death Beast King!"

The hearts of the various experts trembled in fear. The person who spoke was definitely one of the beast kings!

In an instant, the entire region broke out into chaos.

"Indeed. The Death Beast Army came for the Myriad Formation Devil! As long as we hand him over, we'll be safe!" The patriarchs finally saw the light at the end of the tunnel again.

"I'll give you a month to come to a decision. If you fail to hand him over in a month, our Death Beast Army will exterminate the Origin Heavenly Cave!" The beast king said after some time.

One month!

The superpowers could no longer sit still when they heard the voice.

In the main hall of the Black and White Creed sat various eminent elders, hall masters, and vice hall masters.

They weren't the only ones. The upper echelons of the other super creeds were also gathered in the hall.

A young man sat in the main seat of the hall, and he boasted a handsome appearance. The only thing strange about him was the fact that his hair was parted in the center with one side being ash grey and the other being jet black. He was the Black and White Dao Venerable, and he was ranked seventh on the Extermination List! No one knew the extent of his strength.

He had reached the grand completion stage in both the power of radiance and darkness, and he was the only one who had reached the grand completion stage in both powers in the Origin Holy World.

"Master, we can't sit here and wait for death to arrive! If we fail to hand over the Myriad Formation Devil in a month, the Death Beast Army will come crashing down on us! The Origin Heavenly Cave will never be strong enough to hold them back!" Zhuge Piao of the Mysterious Sparrow Creed was the first to speak.

He was like half a student to the Black and White Dao Venerable, and he always addressed the man as such.

"Which one of us has the power to capture the Myriad Formation Devil?" someone else asked. "The Myriad Formation Devil has reached the grand completion stage in both the powers of darkness and wind! He's unparalleled in the art of formations, and he's not working alone either!"

The hearts of everyone present in the hall sank.

A light eventually flashed in the eyes of the Black and White Dao Venerable, and he sighed, "We might not be able to capture the old devil, but one person can!"

"Do you mean..."

.

"Xiao Tianqi!"

"Lord World Master!" Everyone yelled in unison, and they revealed shocked expressions.

"However, Lord World Master might not make a move." An eminent elder muttered. "Even if he did, he might not be able to take down the Myriad Formation Devil..."

After all, He Zhen wasn't a lone wolf any longer.

"Xiao Tianqi will definitely make his move," The Black and White Dao Venerable muttered as a mysterious light flashed through his eyes. "Use my transmission symbol and contact all the patriarchs. We'll plead together for Xiao Tianqi to make his move!"

Everyone in the hall gasped in shock.

They finally realized what the Black and White Dao Venerable meant.

He planned to gather all the power in the Origin Heavenly Cave and pressure the World Master's Manor to take action!

"The World Master's Manor enjoyed endless luxuries and power. They're obliged to protect us. He has to deal with the Myriad Formation Devil whether he likes it or not!"

One of the eminent elders of the Black and White Creed muttered, "I wonder what the Myriad Formation Devil stole... Why would nine beast kings form an alliance against him?"

Even though they had no idea what he stole, they were sure that it was an absolute treasure.

Very quickly, the experts of the various superpowers in the Origin Heavenly Cave received a message from the Black and White Dao Venerable. They banded together and started to plead with the World Master's Manor.

While that went down, discussions flew about the Origin Heavenly Cave.

...

In the midst of the massive Death Beast Army...

A solid palace was erected, and there were nine massive figures sitting at the front of the hall. They were none other than the nine beast kings who were leading the army to hunt down He Zhen!

"Tian Ming sent out a report to us. He formed an alliance of more than a hundred creeds to head into the World Master's Manor!" One of the beast kings roared with laughter.

"Even so, Xiao Tianqi might not make his move!"

"Hehe, if Xiao Tianqi doesn't make his move, we'll exterminate a creed a day when the time limit of a month is up. Let's see if that motivates him to deal with Huang Xiaolong!"

"As long as he attacks, both of them will suffer from serious injuries. When that happens, we'll invade the Origin Heavenly Cave anyway!"

"We need to obtain the ring, but the Pure Soil in Huang Xiaolong's possession also has to fall into our hands!"

That was the main reason the nine beast kings had formed an alliance to launch a crusade against the Origin Heavenly Cave. Huang Xiaolong's Pure Soil was too tempting for any of them to pass up!

Of course, handing over the Myriad Formation Devil was secondary. They wanted the Origin Heavenly Cave to suffer from chaos, making it easier for their invasion to take place!

The outside world knew that there were ten beast kings in control of the Death Beasts Peril Lands, but there were a total of eleven beast kings! The Black and White Dao Venerable, Tian Ming, was the hidden eleventh beast king!

He had always been hiding among the humans in the Origin Holy World to act as a spy for the Death Beast Lands!

Of course, his true strength was far greater than what it seemed.

A month passed in the blink of an eye.

Even though the Black and White Dao Venerable brought over more than a hundred patriarchs to place pressure on the World Master's Manor, Xiao Tianqi managed to hold out against them.

In the inner palace of the Death Beast Army, one of the beast kings harrumphed coldly, "Pass down my order. Destroy the closest creed you can find! Destroy one of them a day! I refuse to believe that Xiao Tianqi will be able to sit still!"

In an instant, the Death Beast Army marched into the nearest creed and smashed it into pieces. Blood rained from the skies, and in half a day, they took over the first creed without the slightest bit of resistance.

Chapter 3114: I Wish To Challenge Huang Xiaolong

The Death Beast Army was like an army of locusts that swallowed everything in their wake. They destroyed everything they saw, and they plundered every resource they could find! They devoured every single human, spiritual animal, or living creature!

The entire area was turned into nothing more than a piece of barren land.

When the other creeds saw what had happened, they felt even more terrified.

"Lord World Master, are you really planning to leave all of us to die?! There are so many creeds, clans, and races relying on your strength!" The Black and White Dao Venerable yelled at Xiao Tianqi in front of the others.

In the Origin Heavenly Cave, only Tian Ming, the Black and White Dao Venerable, had the guts to yell at Xiao Tianqi in front of everyone present.

As the ranked-seventh expert on the Extermination List, he had the qualifications to do so.

As soon as the words left his lips, the Soaring Sky Dao Venerable barked, "Lord World Master, in order to protect all the creeds in the Origin Heavenly Cave, you have to get the Wind Cloud Chamber of Commerce to hand over the Myriad Formation Devil!"

The Soaring Sky Dao Venerable was the patriarch of the second-ranked creed in the Origin Heavenly Cave.

Soon after, voices rang through the hall. Everyone who dared to speak up were patriarchs ranked in the top twenty creeds in the Origin Heavenly Cave.

Xiao Tianqi's expression sank.

He didn't think that their act would be so convincing that they would manage to bring all the creeds together.

This was also the first time he felt utterly helpless.

After all, they were challenging his authority as the World Master!

Whatever the case, he knew that they were forced into a corner by the Death Beast Army, but forcing him to make a move against He Zhen wasn't the best course of action anyway.

Glaring at the Black and White Dao Venerable, Xiao Tianqi nodded slowly. "Alright. I will challenge Huang Xiaolong to a battle tomorrow!"

Huang Xiaolong!

Everyone fell silent once they heard his name.

No one had seen Huang Xiaolong's true strength before, but rumors had been going around. It was said that Huang Xiaolong wasn't any weaker than the Destiny Race Patriarch, and he was comparable to the Main Pavilion Master of the Mystical Pavilion!

When the patriarchs of the various creeds left, Xiao Yuncheng turned to his father with a face full of worry. "Father, are you really planning to challenge Huang Xiaolong?!"

"Of course." Staring into the distance, Xiao Tianqi clasped his hands behind him.

Even without the threat of the Death Beast Army, and without the urging of the Black and White Dao Venerable, he would soon bump heads with Huang Xiaolong. After all, experts of the same level were hard to find, and worthy opponents were even harder to come by. The desire to challenge Huang Xiaolong came from the bottom of his heart!

"I've sworn never to leak the events that happened in the Golden Flame Sandy Land. As such, I cannot inform Lord World Master of Huang Xiaolong's strength." Xuan Kong explained, "Lord World Master, all we can say is that you have to be careful!"

As he slowly, a serious expression appeared on Xiao Tianqi's face. "I will."

He became even more curious about Huang Xiaolong's strength. He wanted to know how the young man had managed to subdue the Myriad Formation Devil, and he was even more curious about how Huang Xiaolong had made the members of the Mystical Pavilion submit to him!

"What if the Death Beast Army fails to keep their promise?" Yang Yuyuan asked all of a sudden.

A light flickered in Xiao Tianqi's eyes. That was also what he was worried about.

Right now, the Death Beast Army was clearly waiting for him to cross paths with Huang Xiaolong and the others. Once they were injured, the Death Beast Army would most definitely...

"Relax," Xiao Tianqi reassured them. "They are most likely here for Huang Xiaolong anyway. Whatever the case, our World Master's Manor will not be affected."

Even though they only received support from several hundred armies, the foundations of the World Master's Manor weren't something the Death Beast Army could shake as they pleased.

They would need to pay an extremely high price if they really wished to destroy the World Master's Manor. The Death Beast Army couldn't be more clear on that point, and they wouldn't be getting anything out of it anyway.

...

In the palace of the Death Beast Army.

“Nice! Xiao Tianqi is planning to challenge Huang Xiaolong to a battle!”

“Hahaha! I am extremely interested in the battle. When I came to blows with the Destiny Race Patriarch in the past, I wasn’t fully satisfied. Let’s see how strong Huang Xiaolong really is!”

“I’ve heard that Xiao Tianqi’s power of earth, wind, water, and blaze has already merged into one. They reached the absolute pinnacle of power!”

The nine beast kings roared with laughter.

The news of Xiao Tianqi challenging Huang Xiaolong spread through the entire Origin heavenly cave like wildfire.

When Chen Ming and the others in the Lei Yu creed received the news, they were shocked.

“His Highness is finally going to challenge the World Master! I wonder how he will fare...” Zhou Hong sighed. He might have guessed that Huang Xiaolong’s strength was beyond his wildest imaginations, no one knew how strong the man really was.

.

“As the World Master, he is able to use the grand dao energy and origin energy contained in the Origin Holy World!” Chen Ming gasped in shock. “Based on this alone, there is no way for Xiao Tianqi to lose! Even the Main Pavilion Master of the Mystical Pavilion will find it hard to defeat Xiao Tianqi!”

Tan Hua and the others felt a chill running down their hearts.

Even though they had no idea how terrifying the World Master actually was, they knew that he would be supremely powerful with the assistance of the grand dao energy and origin spiritual energy contained in the entire Origin Holy World!

Xiao Tianqi might be ranked third on the Extermination List, but that was only when he used the power of the four elements! If he had to use everything in his arsenal, he might not lose to anyone!

In the Wind Cloud Chamber of Commerce...

The Myriad Formation Devil and the others received the challenge, and they quickly gathered in a hall to discuss the steps they were going to take.

One day passed in the blink of an eye, and the first rays of dawn soon fell on the lands.

Xiao Tianqi soared into the skies, and he charged towards the Wind Cloud Chamber of Commerce.

Without anyone around him, he went alone to take on the battle!

His speed was extremely quick, and by the time he took several steps, he had already arrived in another creed. Time and space seemed absent in his presence, and every step he took fused him into the world. He could go anywhere with a single thought!

Chapter 3115: Sure

As he crossed creed after creed, an endless amount of eyes turned to stare at him.

In the inner palace of the Death Beast Army, the nine beast kings were equally as focused on the upcoming battle.

The Origin Heavenly Cave fell silent as the World Master made his way over to the Wind Cloud Chamber of Commerce.

Xiao Yuncheng, Xuan Kong, and the various marshals stared in the direction of the Wind Cloud Chamber of Commerce without blinking.

Everyone held their breaths, and a suppressive atmosphere descended on the lands.

After five whole seconds, countless figures charged out of the main palace of the Wind Cloud Chamber of Commerce. The Myriad Formation Devil, He Zhen, San Song, Wangu Xu, Lei Yu, and the Wind Cloud Dao Venerable stood side by side as they looked at the incoming threat.

With the five of them standing as one, the aura they emitted was no weaker than Xiao Tianqi himself.

With his gaze landing on He Zhen, Xiao Tianqi sighed, "In the past, no one knew what Dao Friend He Zhen looked like. It's fortunate for us to meet here today."

He Zhen stared at Xiao Tianqi and chuckled, "Dao Friend Xiao looks too highly upon me!" However, his tone changed the next instant. "His Highness is still in seclusion, and he ordered for no one to disturb him unless the Main Pavilion Master of the Mystical Pavilion arrived."

His words were implying that someone at Xiao Tianqi's level wasn't qualified to force Huang Xiaolong out of seclusion.

When the experts watching the exchange heard what he said, their expressions changed. It was especially so for the members of the World Master's Manor. Rage filled their hearts.

"Who the hell does he think he is?! The World Master personally appeared to challenge him to a battle and he's cocky enough to shut him out at the door?!" A senior commander of the World Master's Manor raged.

"He should be honored that Lord World Master is challenging him to a battle!"

"He's definitely scared of Lord World Master. Hahaha, Huang Xiaolong is nothing but a wimp!"

The experts in the World Master's Manor roared in anger.

Even the patriarchs of some creeds sneered at Huang Xiaolong's actions.

He Zhen interrupted all of them, "If Dao Friend Xiao really wishes to do battle, I will take you on." He released his aura completely the moment he spoke.

The world turned dark, and several formations formed in the skies above him. The formations created separate spaces all around them.

Everyone was shocked that the Myriad Formation Devil would make his move without any warning. They fell silent, and they had to admit that He Zhen had the capabilities of addressing Xiao Tianqi as such.

Even Xiao Tianqi gasped in shock when he realized that the Myriad Formation Devil was willing to take him on.

Maintaining his calm look, Xiao Tianqi looked at the Myriad Formation Devil. "Dao Friend He Zhen, your art of formations can be considered the best in the world. However, you have reached perfection level in only two types of absolute powers. You are not my opponent."

A confident and majestic aura started to spread from Xiao Tianqi's body.

With a frown forming on his face, He Zhen didn't deny the fact that he wasn't a match for the World Master. "Fellow Cultivator Xiao has reached perfection level in the powers of absolute wind, earth, blaze, and water, and you might be able to use the grand dao energy and origin energy contained in the Origin Holy World. Even so, you're not His Highness' opponent!"

Everyone stared at He Zhen in shock.

"He Zhen is out of his mind! He hasn't fought Lord World Master, and he wouldn't know Lord World Master's true strength! How would he know that Huang Xiaolong is stronger?!" Murong Xiang growled.

Yang Yuyuan explained, "He's Huang Xiaolong's subordinate, and he has to say that Huang Xiaolong is stronger than Lord World Master..."

Other than the experts of the World Master's Manor, everyone else felt that He Zhen was exaggerating.

After all, no one knew how strong Xiao Tianqi was if he used the full extent of the powers of the Origin Holy World to support himself!

Even the Mystical Pavilion who reigned supreme didn't dare to disrespect Xiao Tianqi!

A clear laughter rang through the skies when Xiao Tianqi heard what He Zhen said. "Since fellow cultivator says so, I shall challenge you to a battle! If you lose, I will challenge Huang Xiaolong!"

Xiao Tianqi no longer hid his aura and a horrifying pressure descended on the lands.

San Song and the others felt a sense of oppression like they had never felt before. Not even He Zhen could force them to feel so helpless!

Before Xiao Tianqi could make his move, pillars of purple light shot into the skies from the depths of the Wind Cloud Chamber of Commerce. In an instant, lightning dragons filled the skies and even the death beasts standing outside the Origin Heavenly Cave managed to feel the shocking amount of power contained in the lightning bolts.

Xiao Tianqi gasped in shock. "Power of absolute lightning at perfection level!"

Everyone who heard him revealed an uneasy expression. It was especially so for Xiao Yuncheng and Xuan Kong.

When they had seen Huang Xiaolong in the past, they had discovered that he had reached perfection level in the power of poison and absolute frost! Now that he had reached the perfection level in the power of absolute lightning, he would have mastered three elements!

The fact that Huang Xiaolong's Dao Bodu of Heaven and Earth was at perfection level stage was also no secret from them!

From what they knew, his power of nirvana was also at the major completion stage!

Their knowledge was a little outdated, as they had no idea that Huang Xiaolong's strength had reached a whole new level.

Xiao Yuncheng's expression changed.

If they knew how strong Huang Xiaolong actually was, their reactions would be even more exaggerated!

When everyone stared in the direction of the lightning dragons, they started to transform into pools of purple lightning water. The puddles soon transformed into a massive raging river!

Lightning bolts containing horrifying power flashed through the skies, and Xiao Tianqi's expression turned solemn. Evidently, Huang Xiaolong had managed to comprehend the power of absolute lightning to perfection level during his time in seclusion. Looking at the lightning qi surrounding them, he didn't expect that Huang Xiaolong's proficiency in the power of lightning would reach such a high level!

No one spoke as they watched the scene play out before them.

Not even Xiao Tianqi spoke.

After half a day had passed, the lightning qi in the air started to dissipate, and it seemed as though it didn't exist in the first place.

Xiao Tianqi was shocked as he had no idea when Huang Xiaolong retrieved the lightning qi in the air.

"All of you can step down now." A voice came from deep inside the hall.

.

"Yes, Your Highness!" He Zhen, San Song, Wangu Xu, Lei Yu, and the Wind Cloud Dao Venerable replied in unison. They didn't dare to disobey Huang Xiaolong as they quickly retreated.

When they disappeared, a figure started to walk towards Xiao Tianqi. With a single step, he appeared before the World Master.

A handsome young man without any traces of power appeared in front of Xiao Tianqi, and he didn't appear nervous in the slightest.

"Huang Xiaolong!" Light flashed through Xiao Tianqi's eyes when he saw the figure standing before him.

The person who appeared was precisely Huang Xiaolong who had been stuck in seclusion all this time!

"Yes." Huang Xiaolong looked at Xiao Tianqi placidly.

Roaring with laughter, Xiao Tianqi addressed the man, "Daoist Friend Huang Xiaolong, you are finally here to battle with me!"

"Sure, I'll fight you," Huang Xiaolong replied. "However, you're not my opponent."

Before he had reached perfection level in the power of lightning he could already beat three to four Xiao Tianqis if they were to appear before him. Now that he reached a whole new level in strength, Xiao Tianqi wouldn't even be able to withstand a few hits from him!

"We'll see!" As soon as the words left his lips, Xiao Tianqi charged at Huang Xiaolong with everything he had.

Chapter 3116: Using Sacred Lands as Weapons

"We'll fight out there!" Huang Xiaolong left the Wind Cloud Chamber of Commerce once the World Master moved. He appeared in the skies above an abandoned sacred land.

"Alright!" Turning around, Xiao Tianqi followed behind Huang Xiaolong. As the two of them rose higher into the skies, the power of absolute earth, blaze, water, and wind around Xiao Tianqi grew stronger.

During the formation of the world, the four basic elements had formed before the creatures had come into being. It was said that all creatures in the world were born from the four basic elements, but rumors were hard to believe. As Xiao Tianqi's power gave birth to a myriad of creatures around him, everyone stared at him in awe.

Even Huang Xiaolong was taken by surprise.

He might have three small worlds and the ability to create some creatures, but all of them were mere phantoms that would disappear after he retracted his power! However, he could feel that the creatures created by Xiao Tianqi were real!

Even if he retracted all his power, the creatures would still remain in the world of the living!

Xiao Tianqi didn't intend to stop, and he created an astonishing amount of creatures in the blink of an eye. The creatures swallowed the two of them, standing high in the skies.

Everyone saw how Huang Xiaolong was swallowed by an endless wave of creatures created by the World Master, Xiao Tianqi!

"This?!" One of the patriarchs of the creed gasped in shock.

"It's the power of assimilation!" the Black and White Dao Venerable explained.

Assimilation?

Everyone stared at him in shock.

The Black and White Dao Venerable continued, "This isn't any ordinary ability. The creatures were created from the four basic elements, and all of them would start to transform Huang Xiaolong from the inside. He will turn into a creature no different from them!"

The patriarchs standing around sucked in a deep breath.

“Wouldn’t that mean...” Murong Guang asked.

The Black and White Dao Venerable nodded slowly. “That’s right. Once he turns into one of them, he will cease to exist from the world!”

Gasps could be heard everywhere.

“Huang Xiaolong is too careless! If he had made his move earlier, the creatures wouldn’t be able to get close to him! As long as they don’t enter his body, they won’t be able to do anything to him! From what we can see, the power of absolute flame has already begun spreading across his body. He can’t escape now!” The Black and White Dao Venerable snorted. “Weren’t everyone saying how strong he is? From what I’m seeing, he can’t even stand up to a single attack from the World Master.”

One of the senior commanders of the World Master’s Manor sneered, “Huang Xiaolong went down too easily! Didn’t he say that Lord World Master wasn’t his opponent? What a slap in the face! Hahaha! He couldn’t even withstand a single attack from Lord World Master!”

Many senior commanders of the World Master’s Manor roared with laughter.

Initially, all of them were afraid that Huang Xiaolong was going to be an unbeatable existence. A suppressive atmosphere could be felt around those from the World Master’s Manor before. Now, laughter filled the air.

Even Xiao Yuncheng and Xuan Kong couldn’t believe their eyes. They stared at each other and wondered if Huang Xiaolong had gone down so easily.

Could they have overestimated Huang Xiaolong’s strength?

The nine beast kings were stuck in a state of disbelief.

New novels chapters are published on !

“Don’t tell me Huang Xiaolong really lost...” someone muttered.

“The power of absolute earth, wind, blaze, and water is really terrifying when unleashed at the same time! No matter how strong Huang Xiaolong is, he won’t be able to turn things around now!”

“It’s not surprising that Xiao Tianqi has the qualifications to be the World Master! However, we need to prepare to make our move. We cannot allow him to obtain the Pure Soil!”

Everyone was praising the strength of the World Master, and they watched as the creatures filled the air around them. However, a dark green flame started to emerge from Huang Xiaolong’s body all of a sudden.

The dark green flames incinerated every single creature that approached him, and no matter how strong the combined powers of the four basic elements were, they failed to withstand the power of the dark green flame.

In the blink of an eye, the dark green flames expanded and swallowed every single creature in its path.

Everyone stared at him in shock.

“This... This... Nirvana flame!” someone screamed in shock.

“Power of nirvana at perfection level!” Xiao Yuncheng was terrified. The only way Huang Xiaolong could stop all the creatures created by the World Master was if he had reached perfection level in the power of nirvana. However, Huang Xiaolong’s ability to control the power of nirvana was only at the major completion stage when Xiao Yuncheng had last seen him! It hadn’t even been three hundred years!

Xuan Kong couldn’t believe his eyes either.

The Black and White Dao Venerable’s face sank. He hadn’t expected Huang Xiaolong to reach such a high level! The power of nirvana was only weaker than the power of space and time! Moreover, the power of nirvana at perfection level would allow Huang Xiaolong to remain indestructible! He could revive endlessly, and he could wield a shocking amount of power!

Xiao Tianqi’s pupils shrank.

Previously, Huang Xiaolong had comprehended the power of lightning at the perfection level. Now, he revealed that his power of nirvana was also at perfection level! Wouldn’t that mean that he had reached perfection level in two different types of absolute power?!

“Dao Friend Huang Xiaolong is truly talented.” Xiao Tianqi sighed. “Who would have thought that you would reach such a high level in the power of nirvana...”

“However, if that’s all you have, you’re not my opponent!” Xiao Tianqi’s palms shot out towards the sacred land below.

As the four basic energies swirled around his arms, they drilled deep into the depths of the sacred land to turn it into part of Xiao Tianqi’s power.

“Rise!” A yell escaped Xiao Tianqi’s lips, and his voice resounded through countless creeds.

The sacred land that was transformed started to rise into the air, and he hovered steadily above Xiao Tianqi’s head.

A sacred land was massive, and it weighed countless tons, and no one knew how terrifying it would be if a sacred land came crashing down on them. However, they knew one thing. It wouldn’t be something they could laugh off as a casual attack. No one had ever heard of anyone using an entire sacred land as a weapon!

Waving the sacred land in the air, Xiao Tianqi charged at Huang Xiaolong.

With the power of the four elements, the sacred land was like a massive club that came crashing down on Huang Xiaolong’s head.

No one could believe what they were seeing.

That was really the first time they had seen anyone using a sacred land as a weapon!

Huang Xiaolong raised his arms into the air and slapped outwards. As soon as his arms came into contact with the mass of land, the entire structure collapsed into a rain of dust and pebbles.

When it crumbled, Xiao Tianqi's arms appeared from nowhere and slammed into Huang Xiaolong's chest.

Chapter 3117: Maybe Not

Boom!

Huang Xiaolong was sent flying with a palm strike from Xiao Tianqi, and he shot across the skies like a shooting star. He slammed heavily into one of the distant sacred lands.

There were countless sacred lands located in the Origin Holy World, and losing several wasn't an issue. Huang Xiaolong smashed through the first sacred land he landed on, and he crashed into another.

After breaking several dozen sacred lands apart, Huang Xiaolong finally stopped. The final one he landed on cracked into pieces, and the world fell silent.

Those of the World Master's Manor couldn't help but break into cheer. The senior commanders, commanders, and generals started to roar with joy, "Nice!"

Smiles appeared on the faces of many patriarchs.

Even the Black and White Dao Venerable revealed a smile on his face.

As for Jiang Meng, he guffawed, "Lord World Master is unbeatable! Huang Xiaolong couldn't even take a single strike from him!"

He felt extremely refreshed when he saw how Huang Xiaolong was sent flying.

In the past, he had offended Huang Xiaolong, and he was even forced to apologize to the man! He felt extremely stifled, and he finally managed to release all the pent-up anger in him.

Xiao Yuncheng heaved a sigh of relief.

He hoped that his father would win the battle, and force Huang Xiaolong to become part of the World Master's Manor. When that happened, his father would be able to gain the servitude of the Myriad Formation Devil. He could hand the old devil over and resolve the crisis faced by the Origin Heavenly Cave! If Xiao Tianqi managed to take down Huang Xiaolong, who in the world would dare to question his authority?!

As the cheers resounded through the air, Huang Xiaolong's figure rose into the skies. The palm print on his body was merely a red mark on his skin, and even though the ordinary armor he was wearing was shattered, not a drop of blood could be seen!

Everyone turned to look at him in shock.

In the next instant, the crowd went wild.

Huang Xiaolong didn't even suffer any internal injuries after the strike from the World Master! It only managed to slightly redden his skin!

Huang Xiaolong took on the strike from Xiao Tianqi without defending himself, but he only suffered some superficial injuries!

Xiao Tianqi's eyes widened in shock as his pupils shrank to the size of a needle's point. "You... Dao Body of Heaven and Earth!" That wasn't all. He didn't mention the fact that Huang Xiaolong's physique had also reached the perfection level. No... In fact, it might be even stronger than perfection-level!

"Dao Body of Heaven and Earth!" The name sounded like a clap of thunder in the ears of those watching the battle.

Wasn't that the strongest dao physique in the world?!

The only two people who weren't shocked were Xiao Yuncheng and Xuan Kong. They had already learned about Huang Xiaolong's dao physique in the past. The only thing that surprised them was the fact that Huang Xiaolong had managed to increase his strength by such a huge amount in such a short amount of time! One had to know that a full-powered strike from the World Master was enough to shatter several dozen sacred lands! Yet, he couldn't even destroy the defenses of Huang Xiaolong's skin!

How hard was the man's chest?!

No... a better question would be to ask how strong Huang Xiaolong's dao physique was!

As the power of nirvana poured out from his body, the red mark disappeared. Other than the shattered armor, he looked completely fine.

"The combined power of the four basic elements is really shocking." Huang Xiaolong patted the dust off himself and he muttered, "Fellow Cultivator Xiao should still be holding back, right?"

If Xiao Tianqi used his full strength, he would definitely be able to shatter Huang Xiaolong's ribs.

After all, he didn't use any energy to defend himself.

Xiao Tianqi could only praise Huang Xiaolong in response. "Fellow Cultivator Huang Xiaolong is really unparalleled when it comes to his dao physique. I've seen someone who possessed the Dao Body of Heaven and Earth in the past, but he's a far cry from you."

In the past, Xiao Tianqi had come to blows with someone who had the Dao Body of Heaven and Earth. However, the other party had only reached the major completion stage, and he wasn't anywhere close to Huang Xiaolong's level!

"I will no longer hold back. Please be careful not to die." The light around Xiao Tianqi's body reached a whole new level as his aura started to expand.

Punching out before anyone could react, massive fists formed in the skies.

The fist was indescribably big, and it could probably cover a sacred land! The stars in the skies dimmed when he made his move.

As the fist was formed by all four basic elements, it contained all of Xiao Tianqi's power. The fist was made up of layers that consisted of the four elements and they reinforced each other endlessly. There wasn't any weakness at all, and the fist could be said to form a world of its own.

The power of wind tore through the space it passed through, and the fist soon arrived in front of Huang Xiaolong.

He was like a speck of dust before the giant fist, and the fist seemed to contain the power to rip the tiny Huang Xiaolong into shreds. Returning a punch of his own, a massive blast rang through the skies.

Boom!

When Huang Xiaolong's right fist came into contact with the fist formed by Xiao Tianqi, everyone saw a scary amount of light emerging from Huang Xiaolong's arm.

First came the purple light that signified the power of lightning, then came the dark green light that represented the power of nirvana. Traces of blue light started to emerge, and the giant fist was stopped dead in its tracks.

"He blocked it!" someone muttered under his breath.

Everyone could see that Xiao Tianqi's current attack was several times stronger than his palm strike previously. However, it failed to do anything to Huang Xiaolong.

"Three... Three types of power at perfection level!" Xiao Tianqi looked at the three different lights emerging from his body.

Other than the power of nirvana and lightning, he controlled the power of absolute frost!

With the strength he revealed, Huang Xiaolong managed to stop his full-powered strike!

The Black and White Dao Venerable, Yang Yuyuan, and the others were shocked. The only ones who had expected something like that to happen were Xiao Yuncheng and Xuan Kong, and they could only smile bitterly. They were the only ones from the World Master's Manor who knew that Huang Xiaolong had also reached perfection-level in the power of poison.

"I've said this before. You're not my opponent." Huang Xiaolong sighed.

"Maybe not!" Xiao Tianqi roared as he rose into the skies again. A mysterious energy descended from the air as it charged into his body.

After receiving the boost from the mysterious energy, Xiao Tianqi's body started to expand, and he turned into a massive giant that stood tall among the stars.

His body turned so large that everyone could no longer see his head. They only managed to look at the lower half of his body as he turned into a being whose size had gone past their ability to comprehend.

A frightening pressure surrounded the Origin Heavenly Cave, and the energy started to sweep across other regions.

Everyone was stunned by the sudden revelation. Was that what would happen when Xiao Tianqi used the power of grand dao and origin energy contained in the Origin Holy World?! He was a monster whose strength no one could estimate!

Chapter 3118: Defeating Xiao Tianqi

Even the nine beast kings felt their expressions changing when they felt the aura rolling off Xiao Tianqi's body.

Xiao Tianqi was strong when he wielded the power of absolute earth, wind, water, and blaze, but they were still confident that they could take him on. However, things were different after he absorbed the power of the Origin Holy World. He gave off an extremely dangerous aura, and none of the nine beast kings were confident they could even keep their lives if they fought him!

That was the power of the World Master! As long as the power of grand dao and origin energy remained in the Origin Holy World, Xiao Tianqi's strength would never wane! That was how terrifying Xiao Tianqi actually was!

Xiao Tianqi's voice boomed through the air. "Huang Xiaolong, as long as you hand the Myriad Formation Devil Over, I won't make things difficult for you!" His voice contained endless majesty as it boomed across the land.

His ordinary voice caused the heads of various experts to buzz as the soundwaves shocked their brains.

Huang Xiaolong remained impassive as he muttered, "Make your move. I wish to see how strong you really are." Even though his voice wasn't as loud as the World Master, everyone heard it ringing clearly in their ears.

With his current size, his fists were larger than sacred lands, and Huang Xiaolong was smaller than a speck of dust to him.

"Alright!" Xiao Tianqi no longer held back as his palm came crashing downwards.

Everyone saw a formless giant palm falling from the skies. As it fell, everyone felt as though the skies were falling down on them. It was as large as a galaxy, and every single finger was the size of a sacred land. As the river of stars trembled in the skies high above, the palm appeared before Huang Xiaolong.

When it descended, everyone in the Origin Heavenly Cave felt the world-shaking around them.

They felt as though their bodies were getting smaller and smaller, and they couldn't put up any sense of resistance.

"What's going on?!" The patriarchs of the various creeds yelled in shock.

The Black and White Dao Venerable muttered, "He's controlling the power of heaven and earth! The World Master has sealed the entire space around Huang Xiaolong, and he's turning it smaller and smaller. At one point, Huang Xiaolong will explode and die!"

"No matter who it is, they wouldn't be able to withstand the suppressive energy of the Origin Holy World!"

"Even Huang Xiaolong's dao physique won't allow him to do so!"

The Black and White Dao Venerable's voice resounded through the World Master's Manor.

"Right now, Huang Xiaolong's cosmos energy should be sealed in his body. He wouldn't be able to circulate energy through his body to protect himself."

The Black and White Dao Venerable was right. When the palm came crashing down, the grand dao energy contained in the world stopped moving. Huang Xiaolong's cosmos energy did feel a sense of suppression.

As the giant palm locked down the entire area around him, sacred land started to crumble and they shattered into a million pieces. They returned to their origin and they turned into cosmic dust.

Everyone who saw the scene playing out before them felt their mouths going dry.

Many people in the World Master's Manor could shatter a sacred land with all their might. However, turning it back into cosmic dust wasn't something possible!

One was destruction, while the other was deconstruction. They were two different concepts!

The sacred land that was god knew how many trillion miles in diameter turned into a pile of cosmic dust in an instant. One could only imagine how much pressure was put on it.

The mountain ranges and rivers that once existed on the sacred lands turned into nothingness in an instant!

Before the palm landed, Huang Xiaolong's body was already deformed.

It was just as the Black and White Dao Venerable had said. Even Huang Xiaolong's dao physique couldn't withstand the power stemming from the Origin Holy World.

As Huang Xiaolong's body started to bend, it seemed ready to snap at any moment.

The giant palm continued to descend, Huang Xiaolong finally used his cosmos energy. It swarmed out of his body and formed a stream of stars around him, but everything was useless.

No matter how he tried, he failed to resist the power crashing down on him.

The giant palm reached the top of his head and the Black and White Dao Venerable harrumphed, "Huang Xiaolong is dead for sure."

Xiao Yuncheng, Xuan Kong, and the others from the World Master's Manor turned to look at the dao mirror showing the fight.

All of a sudden, Huang Xiaolong raised his head to the skies and roared. The cosmos energy around him started to expand and the world trembled under his feet.

The giant palm started to slow down, and everyone widened their eyes in shock.

"This... the power of two small worlds?!" Xiao Yuncheng lost his voice as he screamed too loudly.

How can someone possess two small worlds?!

The nine beast kings couldn't believe what they were seeing either.

Roar!

Huang Xiaolong punched the giant palm that was above him, and four pillars of light emerged from his body.

Boom!

The four pillars of light started to fuse, and the power of nirvana and poison turned into a single beam of deep green light while the power of lightning and absolute frost combined to form a turquoise ray. With the cosmos energy of two small worlds backing them up, they pierced through the palm.

As the palm started to fade from existence, Huang Xiaolong's figure started to tremble, and he sent out countless palm strikes onto Xiao Tianqi's body. In the blink of an eye, Xiao Tianqi's giant body was filled with palm prints.

By the time Huang Xiaolong stopped, the palm prints on Xiao Tianqi's body turned solid all of a sudden and they pierced through the giant figure.

Flying backwards, the giant that was Xiao Tianqi crashed into several sacred lands before smashing them apart.

"Father!"

"Lord World Master!"

The faces of Xiao Yuncheng and the others changed.

Xiao Tianqi's body started to shrink, and he turned back into his original form. Blood flowed from his lips uncontrollably.

All of a sudden, a boundless amount of energy started to descend from the void to heal Xiao Tianqi.

Instead of making his move when the man was down, Huang Xiaolong patiently waited for him to recover.

When Xiao Tianqi returned to his peak state, he looked at Huang Xiaolong with a complicated expression on his face. "I lost!"

Huang Xiaolong's strength was something even he couldn't comprehend! The power of nirvana, poison, absolute lightning, and frost at perfection level wasn't something he could fight against! What was even more unbelievable was that he had two small worlds in him!

Xiao Tianqi might be able to continue the battle with the help of the inexhaustible grand dao energy and origin energy, but he knew that he wasn't Huang Xiaolong's opponent even if he had the assistance of the endless powers.

That was because he realized that Huang Xiaolong was completely able to suppress him even in his strongest form!

Upon hearing how Xiao Tianqi surrendered, the members of the World Master's Manor fell into silence.

Not a single cultivator uttered a peep.

Turning around, Huang Xiaolong looked at the Death Beast Army surrounding the Origin Heavenly Cave, and he stared straight at the nine beast kings sitting silently in their palace.

Chapter 3119: Fighting Nine Beast Kings

No matter how many death beasts they had in the army, the nine beast kings felt a sense of threat like never before when Huang Xiaolong looked at them.

They didn't expect Huang Xiaolong to defeat Xiao Tianqi so easily! Everything felt completely out of their expectations!

Moreover, Huang Xiaolong didn't even break a sweat!

It was as though he hadn't used his full strength.

Everyone in the Origin Heavenly Cave also turned to look in the direction of the Death Beast Army.

"Dao Friend Huang Xiaolong is really amazing! I'm in awe at your strength!" One of the beast kings broke the silence. "I wonder if Dao Friend Huang Xiaolong is aware of our intentions? As long as you hand over the treasure the Myriad Formation Devil stole, we'll leave immediately."

Everyone was shocked.

Since when did the Death Beast Kings back down so easily?

One had to know that the Death Beasts Peril Land contained many ferocious beings, and they were known for being extremely domineering. Now, they were willing to back down as long as Huang Xiaolong returned their treasure to them!

Wouldn't that mean that they were willing to let the Myriad Formation Devil off?

"Treasure?" Huang Xiaolong looked at them, and a ring appeared in his hand. "Are you talking about this?"

When everyone saw the item appear in Huang Xiaolong's hands, they were shocked. It was hard to believe that all nine beast kings formed an alliance just to retrieve an ordinary-looking mysterious ring.

It was different for the nine beast kings. As soon as the ring appeared in Huang Xiaolong's hand, their breathing sped up as flashes of light crossed their eyes.

"That's right!" Suppressing the excitement in their hearts, the beast kings continued, "That's something that belongs to us! We would be thankful if Dao Friend Huang Xiaolong hands it over to us!"

"Alright. I'll return it if all of you can defeat me." Huang Xiaolong scoffed.

"I'm sure you're not just here for the ring. Don't you want my Pure Soil too?"

The patriarchs of the various creeds gasped in shock.

They didn't expect Huang Xiaolong to continue to provoke the beast kings after they took a step back.

Hearing the way he spoke, he was planning to fight all nine beast kings at once, was he not?!

That... That was something none of them could comprehend! It was absurd!

A terrifying ray of light emerged from the eyes of the Black and White Dao Venerable when he heard Huang Xiaolong's rejection.

The nine beast kings were equally as shocked. They didn't think that Huang Xiaolong would reject their request.

The beast king who suggested the idea initially roared with laughter, and his voice boomed through the entire Origin Heavenly Cave. "Dao Friend Huang Xiaolong, you might be strong, and you might be able to defeat any one of us easily. However, do you believe that we can kill you easily as long as we join hands? Are you sure you wish to challenge us?"

"You're right. We wanted the Pure Soil when we announced the invasion, but right now, we're content with just getting our treasure back."

Huang Xiaolong snorted coldly. What kind of bullsh*t were they sprouting? Did they think they could get whatever they wanted just because they formed an alliance?

"Hehe, the nine of you are wimps." Huang Xiaolong mocked. "You don't even dare to show your face before me, and you hide behind your army like a scared little tortoise. The ring is right here. If you're capable, come take it from me. If you're too scared to come down, you can just bring your army and get out of my face."

The faces of all nine beast kings sank.

Getting to their feet, a snort left their lips, and a loud blast resounded in the ears of those in the Origin Heavenly Cave. The faces of the patriarchs and the rest changed instantly.

"Huang Xiaolong, since you don't know what's good for you, we'll kill you right here and now! We'll bury the Origin Heavenly Cave along with your dead body!"

Waving his arm, the beast king laid down his order. "Advance!"

In an instant, an endless amount of death beasts poured into the Origin Heavenly Cave.

The skies changed as the Death Beast Army marched into the region. They were like an endless tide, and they swallowed one sacred land after another.

From the outside world, the Death Beast Army was unstoppable!

The experts from the various creeds started to panic.

As for the Mysterious Sparrow Dao Venerable, he roared in anger, "Huang Xiaolong, you doomed our Origin Heavenly Cave! You're a sinner, you motherf*cker!"

As soon as the words left his lips, a slap landed on his face. Huang Xiaolong waved his arm, and his palm pierced directly through the defensive formations of the World Master's Manor and landed accurately on the Mysterious Sparrow Dao Venerable's face. When everyone looked over, the once respected patriarch had turned into a pile of flesh.

The faces of everyone changed once again. That was when they finally realized how terrifying Huang Xiaolong was. Even the grand formation around the World Master's Manor couldn't stop him!

Those who were like the Mysterious Sparrow Dao Venerable swallowed their words, and a look of fear formed on their faces.

Whatever the case, they knew that they couldn't offend the monster that was Huang Xiaolong!

After dealing with the Mysterious Sparrow Dao Venerable, Huang Xiaolong took a step out and appeared before the Death Beast Army. The Blood Dragon Stele and the Purple Lightning Peak appeared beside him.

"Kill." Huang Xiaolong's voice rang through the air.

Just the soundwave alone killed god knew how many death beasts, and as soon as the sound wave died down, a massive tear appeared in the space around the Death Beast Army. The tear was several hundred millions of miles long, and an uncountable number of beasts died in an instant.

With the Blood Dragon Stele in his left hand and the Purple Lightning Peak in his right hand, Huang Xiaolong started his one-sided massacre.

The Myriad Formation Devil, San Song, Wangu Xu, Lei Yu, and the others didn't remain idle. As soon as Huang Xiaolong started his assault, all of them shot into the skies, and they flew into the pack of death beasts like wolves into a flock of sheep.

Xiao Tianqi snapped back to attention when he saw Death Beast Army invading their lands, and he roared in rage, "Origin Army, arrange the formations and kill all the intruders!"

Formations started to light up along the World Master's Manor, and it slowly started to spread around the surrounding space. The Origin Army that appeared from the World Master's Manor clashed with the Death Beast Army, and blood filled the skies in an instant.

The experts of the Origin Heavenly Cave had no time to play the blame game any longer as every single one of them launched themselves at the enemy.

"Huang Xiaolong, we are your opponent!" Nine figures appeared in the skies all of a sudden and nine giant palms came crashing down on Huang Xiaolong.

In a flash, the power of nirvana, poison, absolute lightning, and absolute frost surrounded Huang Xiaolong as he returned a punch.

Boom!

The skies trembled and the earth shook.

Even with four powers at perfection level, Huang Xiaolong was sent flying by the combined strikes of the nine beast kings. He shattered countless sacred lands in his wake.

Everyone stared at him in shock, including Xiao Tianqi.

Huang Xiaolong's power was something Xiao Tianqi looked up to, but that wasn't enough for him to block the combined might of nine beast kings!

As Huang Xiaolong smashed through a sacred land after another, the nine figures flashed as they appeared above him once again.

It was clear they didn't want to give Huang Xiaolong time to compose himself. They wanted to cripple him as quickly as possible!

Chapter 3120: Are You Dead?

Boom!

Eighteen fists landed on Huang Xiaolong at the same time, and he was sent flying even further than before.

And again, the nine beast kings appeared above Huang Xiaolong as they punched a third time.

Everyone gasped in shock as they looked at Huang Xiaolong, who was piercing through sacred land after another like a shooting star.

The experts of the various dao venerables felt their hearts trembling in fear. That was the might of nine beast kings working together! Every single one of them had the ability to challenge the third-ranked expert on the Extermination List, and their strength was more than enough to smash a mere Huang Xiaolong into bits!

Every single combined strike they made seemed to possess the ability to smash through a Creed!

What was a mere body to them?

Xiao Tianqi was stunned. He didn't expect the nine of them to be so strong, either. Out of the nine of them, three were slightly weaker than him. Three of the six left were comparable to him in strength, and the final three were stronger than him if he didn't use the power of the Origin Holy World! When they worked together, they were able to seal off the grand dao and shatter the river of reincarnation!

Their strength reached the peak, and they seemed to possess the ability to change the laws of the world!

If he had to use a single word to describe them, it would have to be the word, 'strong'! They were too damn strong!

Even with his full strength, he was afraid he would be defeated if all of them worked hand in hand!

In the blink of an eye, the nine beast kings made more than a hundred strikes!

Every single attack sent Huang Xiaolong flying even faster, and by the time they were done, Huang Xiaolong had reached the edge of the Origin Heavenly Cave.

The nine beast kings finally stopped for a moment.

Huang Xiaolong remained motionless as he lay in a random crater in the final sacred land he crashed into.

'Is... Is he dead?' someone asked.

"He has to be! No matter how strong his physical body is, he won't be able to take on the strikes from all nine beast kings!" Xuan Kong sighed.

His expression was ugly as he spoke. A hint of panic could be seen in his eyes. If Huang Xiaolong was defeated, who in the world would be able to stop the nine beast kings?!

The Origin Heavenly Cave was doomed!

Xiao Yuncheng and the others seemed to have thought of the same problem and panic started to set into their hearts.

As the nine beast kings looked at the man buried in the ground, a sigh of relief escaped their lips. They looked at each other quietly, and they knew that even someone like the Myriad Formation Devil would be killed by the time they were done. No matter how Huang Xiaolong was, he couldn't be fine after all the beating he endured.

Even if Huang Xiaolong was beaten to death, he was close to the gates of hell!

Just as they were about to celebrate, their eyebrows started to twitch. As they stared at the hole in the ground, a figure rose from the dust.

A figure appeared before them, and they could see that the armor around his body was shattered beyond belief. Even his chest was punched inwards! He was like a piece of metal that was hammered beyond belief, but his entire body was still in one piece!

No one could believe what they were seeing.

.

Xiao Yuncheng, Xuan Kong, Yang Yuyuan, and the others were shocked, but so was Xiao Tianqi!

The nine beast kings widened their eyes when they looked at him.

"Looks like there's some sort of secret contained in your body..." One of the beast kings gasped in shock.

He could see that Huang Xiaolong's body was hiding another terrifying secret. After all, even if his Dao Body of Heaven and Earth was at perfection level, he wouldn't be able to survive their previous onslaught.

"That's right." Huang Xiaolong wiped off the bloodstained around his lips.

If he said that he wasn't injured after the beating, he would be lying.

However, the power of nirvana poured out from his body all of a sudden, and his body started to reform!

"We cannot allow him to recover!" a beast king growled.

If an ordinary expert at the level of He Zhen took the previous beating, they would be injured beyond the point of restoration. They might only be able to recover after several million years, but Huang Xiaolong was different! His recovery speed was something unimaginable.

The nine beast kings looked at each other in shock.

Kill!

Once again, they appeared above Huang Xiaolong.

Before their fists could come crashing down, a horrifying amount of cosmos energy charged into the skies. The power of three small worlds emerged, and the space around him trembled.

“Three... Three small worlds?!” Xiao Yuncheng screamed in disbelief. Every single person present felt their brain buzzing in shock.

Previously, they were amazed at the fact that Huang Xiaolong could control the power of two small worlds! Now, they discovered that there was another one! That wasn't something they could describe in words!

The nine beast kings jumped in fright when they saw the power leaking out of Huang Xiaolong, and their hands paused.

The power of nirvana, poison, absolute lightning, and absolute frost emerged from Huang Xiaolong's body along with the other powers he controlled. The power of radiance, darkness, absolute blaze, and wood emerged.

With eight elements of absolute power swirling around him, they formed an indestructible mini world that surrounded Huang Xiaolong. The power of nirvana brought everything back to life, and the power of poison corroded everything around it. The power of lightning exterminated everything in its way, and the power of absolute frost froze the space around him. The power of radiance and darkness complemented each other, and the power of absolute blaze burned bright. The power of wood contained endless vitality.

The eight elements intertwined, and a horrifying pressure descended on the creeds around.

Even the nine beast kings felt their hearts skipping a beat when they were struck by the sudden surge in energy. The Death Beast Army was sent flying.

When their fists reached Huang Xiaolong, the cosmos energy of three small worlds and power of eight absolute powers stopped them dead in their tracks.

“Eight elements of absolute power!” Jiang Meng screamed.

Many patriarchs were too shocked to speak.

Those who were there to kill Huang Xiaolong no longer moved as the killing intent in their hearts died down nearly instantly.

Xiao Tianqi felt his jaws dropping, and his mind went blank.

When Huang Xiaolong stopped them, he retreated several dozen thousand miles. The power of nirvana, radiance, and absolute wood filled Huang Xiaolong, and he recovered instantly.
