

### **Chapter 3121: Son of Creation?!**

The power of radiance and absolute wood might not be comparable to the power of nirvana, but they were extremely useful when it came to regenerating the body. Huang Xiaolong recovered almost instantly.

Of course, ordinary dao physiques wouldn't be able to accept the regenerative power so quickly. One could only mirror what Huang Xiaolong did if they had the Dao Body of Heaven and Earth at perfection level.

Huang Xiaolong's Dao Body of Heaven and Earth could devour any power in the world!

When the nine beast kings snapped back to reality, one of them screamed in haste, "Kill him now! We cannot allow him to regenerate!"

Eighteen palms surrounded Huang Xiaolong in an instant.

They poured everything they had into the hit, and it was several times stronger than whatever they threw at Huang Xiaolong previously.

A horrifying power shattered the space around him.

However, Huang Xiaolong released a heaven-shaking dragon roar as he sent two punches out towards the nine beast kings. The energy from three small words and eight elements of absolute power swept out like a tide.

Boom!

Huang Xiaolong's fists crashed into the eighteen palms flying towards him.

As the sea of stars started to tremble, sacred land after another shattered into pieces. Countless experts, along with the members of the Death Beast Army were vaporized into nothingness.

The battle between the ten of them was too chaotic. If they were to compare the battle between Xiao Tianqi and Huang Xiaolong to the battle happening now, that would be nothing more than a small skirmish.

Bang!

Huang Xiaolong smashed through yet another sacred land.

Even though Huang Xiaolong was strong, he was a little lacking when it came to fighting all nine beast kings at once. One had to know that four of the nine had reached perfection level in four elements. The others had mastered three different types, at the very least.

With all nine of them working together, Huang Xiaolong was hard-pressed to stop them. After all, he had only reached perfection level in four different types of elements.

The nine of them reappeared above Huang Xiaolong, and one of them screamed, "Huang Xiaolong, you have to die today!"

Since they had already sown the seeds of hatred, they could only kill Huang Xiaolong off. Otherwise, he would turn into a nightmare to deal with as soon as he matured.

“Death Beast Era!”

The nine of them screamed, and the soundwave caused the world to shake.

Everyone stopped whatever they were doing, and they stared at the battle.

As eighteen rivers of light filled the skies, death beasts swarmed out from them. It was like an endless tide that couldn't stop!

The eighteen rivers of light summoned death beast one after another, and the age of death beast arrived.

“This... is this an illusion?!” a patriarch muttered.

One had to know that one would only be able to create a world when one reached the God of Creation Realm. Only a God of Creation could create a new world!

“No, it isn't,” Xiao Tianqi sighed.

That isn't an illusion!

Many experts started to tremble.

Can this really be happening?

As the eighteen rivers started to gather, the light started to grow brighter and brighter. The rays of light eventually shone onto Huang Xiaolong.

The power of four elements at perfection level failed to shatter the light produced by the Death Beast Era, and Huang Xiaolong started to swell up like a balloon.

Everyone was shocked by the fact that the light itself could affect Huang Xiaolong's body. The nine beast kings might not be able to do a thing to him, but the Death Beast Era would cause Huang Xiaolong to explode in the blink of an eye!

“How can it be so terrifying?!” Xiao Yuncheng gasped.

“The Death Beast Era contained the power of an entire era. No matter who it was, they wouldn't be able to resist the power of an entire era coming at them! Huang Xiaolong wouldn't be able to either!” Xiao Tianqi yelled. “Even with three small words and eight elements' energies, he wouldn't be able to resist the power of the Death Beast Era! Unless...”

“Unless what?!” Xiao Yuncheng asked.

“Unless he has the power to control all thirteen elements!” Xiao Tianqi whispered. “If one manages to control all thirteen elements, they would receive an unimaginable power!”

However, it was virtually impossible for Huang Xiaolong to control all thirteen elements!

Xiao Tianqi shook his head slowly. He knew that in the entire Origin Holy World, no one could control all thirteen elements.

Seeing as Huang Xiaolong's body had already reached the size of a small mountain, everyone felt their hearts leaping into their throats.

They couldn't help but feel amazed at the strength of Huang Xiaolong's fleshy body. How strong would he need to be in order to prevent himself from exploding?

The nine beast kings chuckled sinisterly. They knew that Huang Xiaolong was at the brink of destruction. In ten breaths of time, his existence would be wiped off the face of the world!

Seeing as Huang Xiaolong's body was about to be blown apart, a majestic dragon roar rang through the air. Gold light descended from the heavens, and boundless pressure fell on the lands.

The power of the Huang Long World arrived, and it wasn't just the power of the Origin Holy World!

Under the shocking power of the Huang Long World, every single person felt their souls trembling, and breathing became difficult.

Even Xiao Tianqi felt the space around him constricting as the weight of the world pressing down on his heart.

When everyone opened their eyes again, a massive golden dragon appeared above Huang Xiaolong's head, and the dragon was indescribably large. No one could describe the aura or prestige it held.

"God of Creation, Huang Long!" the nine beast kings screamed in horror.

God of Creation, Huang Long!

Everyone felt their hearts trembling.

"Is... Is... Is he the Son of Creation?!" Xiao Yuncheng muttered under his breath.

Son of Creation!

Huang Xiaolong was the Son of Creation!

### **Chapter 3122: For Lord Creation**

"We greet Your Highness, the Son of Creation!" Xiao Tianqi, the World Master of the Origin Holy World, fell to his knees after a short moment of hesitation.

Xiao Yuncheng, Xuan Kong, and the others were shocked. However, they fell to their knees the next instant. After all, the World Master was who they served, and the Son of Creation was who the World Master served!

After some time, the only ones left standing were those from the Death Beast Army.

The nine beast kings stared at Huang Xiaolong, and complicated emotions filled their faces. They were shocked and terrified, and greed flashed through their eyes. Reluctance filled their hearts, and they couldn't decide what to do.

“As it turns out, Lord Huang Xiaolong is the Son of Creation.” one of the beast kings growled. “Since you’re the Son of Creation, we’ll let you off on behalf of your father. If you hand the ring over, we’ll leave immediately.”

When Huang Xiaolong heard that they would retreat because of his identity, he couldn’t help but sneer. “What if I refuse?”

A frown formed on the faces of the beast kings. “Your Highness’ power might shock the world, but all nine of us can still suppress you. Is it really worth it to make an enemy of our Death Beasts Peril Land because of a mere ring?!”

Huang Xiaolong roared with laughter. “I’m the one making an enemy of your Death Beasts Peril Land?!”

“Your Highness, please hand over the ring. Otherwise, you cannot blame us for being unreasonable.”

A frosty light flashed through Huang Xiaolong’s eyes. “Make your move.”

Looking at each other in silence, they decided to go all out again. Once again, they unleashed the Death Beast Era. This time, the light was even more powerful than before. The entire Origin Creed started to tremble under its power.

It was as though a terrifying death beast was about to crush the entire Origin Creed, and the death beasts that emerged from the river of light swarmed towards Huang Xiaolong. The power of the Death Beast Era was like a sun blazing in the skies as it threatened to incinerate everything in the Origin Creed.

A snort left Huang Xiaolong’s lips, and he fully activated his Huang Long Bloodline. As a golden light covered his body, he transformed into a giant golden dragon. Raising his head to release a heaven-shaking roar, rays of golden light shattered the light produced by the Death Beast Era. Huang Xiaolong’s tail that spanned god knows how many miles swept outwards, and he shattered the river of light.

As the river of light exploded into a million pieces, the nine beast kings coughed out mouthfuls of blood.

Huang Xiaolong’s tail didn’t stop there as it swept towards the nine of them. Before the tail could arrive, a horrifying wave of energy caused a massive explosion to ring through the air.

The nine beast kings were shocked, and they roared in unison. They pushed themselves to the limit as they unleashed whatever they could to stop Huang Xiaolong’s tail.

“Devouring Death Beast!”

A giant death beast appeared behind them, and it was even larger than the river of light created by the Death Beast Era. By opening its mouth, it seemed to be able to swallow the heavens and earth. A terrifying suction force struck Huang Xiaolong.

Despite its power, it was useless. The giant golden tail shattered everything in its path. The beast was smashed beyond belief, and the tail appeared before the nine beast kings in the next second.

The nine of them screamed in shock, and they wanted to dodge. However, it was too late. As they were struck, they turned into nine streams of light that were sent flying into the distance.

Crashing through countless sacred lands, the nine of them vomited mouthfuls of golden blood.

In the distance, Xiao Tianqi and the Black and White Dao Venerable gasped in shock.

The nine beast kings could be said to be unbeatable existences! However, from the looks of things, they were defeated by Huang Xiaolong with a single attack!

Anyone present could feel the terrifying power contained in the tail strike. Even if the nine beast kings weren't dead, they were getting pretty close.

When they finally stabilized themselves, someone grabbed his chest in pain and yelled, "Retreat, now!"

Two words were all it took.

As the nine of them soared through the skies, they disappeared from the sights of everyone present. It was clear that the power of the God of Creation had exceeded their expectation. They probably wanted to retreat before thinking of another way to retrieve their treasure.

However, a layer of darkness stopped them from leaving the Origin Creed.

"The Myriad Formation Devil had long since laid down the formation. If you wish to leave, you will have to defeat him!" Huang Xiaolong sneered.

The reason he didn't take them all out the instant they attacked was because he wanted to drag on the battle. Once they were confident that they could retrieve their treasure, they wouldn't care if the Myriad Formation Devil tried anything else.

The Darkness Formation might not be able to stop them for long, but it was long enough to stall them for a minute or two! That was more than enough time for Huang Xiaolong!

"He Zhen, you're asking for death!" one of the beast kings roared. First, the old devil had stolen their treasure. Now, he messed up their plans once again!

"Die!" As their figures flashed, they charged towards the old devil.

They might have been fast, but Huang Xiaolong was even faster. With a shake of his body, he appeared before He Zhen. His tail swept out once again, but this time, his claws shot out towards the nine beast kings.

They were sent flying in an instant!

Fear filled their hearts as they shot through the skies. Huang Xiaolong's strength had long since surpassed whatever they thought was possible. When Huang Xiaolong made his move, they felt as though the entire Huang Long World was turning against them. They couldn't defend themselves in the slightest, and no matter how strong they were, they knew that they weren't stronger than the entire Huang Long World!

The only way they could stop Huang Xiaolong's attack was if they had reached the God of Creation Realm!

"Huang Xiaolong, what do you want?!" an injured beast king roared in anger.

A sneer left Huang Xiaolong's lips as he appeared before the beast king who spoke. With his claws slamming downwards, he sent the beast king crashing deep into one of the sacred lands.

He could see that the beast king he had just struck was the strongest among the nine. As long as he took down the beast king, the rest were sure to follow.

Several hours later...

The nine beast kings, along with the Black and White Dao Venerable, kneeled before Huang Xiaolong.

He was able to learn of the Black and White Dao Venerable's identity after he branded the souls of the nine beast kings.

When Xiao Tianqi and the others saw how the ten of them submitted to Huang Xiaolong, fear filled their hearts.

With his legs trembling, Xiao Tianqi brought Huang Xiaolong back to the World Master's Manor. There, he gestured for Huang Xiaolong to take the main seat in the hall. Huang Xiaolong didn't refuse either as he sat on the throne in the World Master's Manor.

Soon after, Xiao Yuncheng, and the other experts of the World Master's Manor kneeled before Huang Xiaolong and pledged their alliance.

As for the Death Beast Army, they received the order from the nine beast kings and they left the Origin Creed.

### **Chapter 3123: Origin Sea**

Originally, Xiao Tianqi wanted to hold a banquet for Huang Xiaolong, but he was rejected.

That night, as silvery moonlight descended on the lands...

Huang Xiaolong played around with the ring in his hands.

He didn't expect that even the nine beast kings would have no idea what the ring was used for. From their memories, Huang Xiaolong learned that only the leader of the ten beast kings of the Death Beasts Peril Land had any idea what the ring could do.

As for the leader of the beast kings, he headed to the Origin Lands and hadn't been back in a long time.

The name of the leader was Di Shuang, and he wielded six elements of absolute power. Four of them were at perfection level, and his power of darkness was at the peak of major completion stage. It was as close to perfection level as he could get, and the reason he went to Origin Lands was to break through the bottleneck and reach perfection level in five different elements.

Retrieving the mysterious ring in his hand, Huang Xiaolong no longer dwelled on the matter.

For the next few days, Huang Xiaolong remained in the World Master's Manor, and he spoke to Xiao Tianqi about the matters of the Origin Holy World. There were secrets the Wind Cloud Dao Venerable, He Zhen, San Song, and the others might not know, but Xiao Tianqi was the World Master of the Origin Holy World. He knew a lot of information hidden from the rest!

Huang Xiaolong couldn't help but ask about the Tree of Origin.

"I can guess that the Tree of Origin is hidden in the depths of the Origin Sea..." Xiao Tianqi muttered.

“Origin Sea?!” Huang Xiaolong was shocked. From what Xiao Tianqi said, the Tree of Origin might really be present in the Origin Sea!

“That’s right. The origin qi obtained by the Mystical Pavilion mostly came from the Origin Sea!”

Even the upper echelon of the Mystical Pavilion, like San Song and Wangu Xu, had no idea that was the case! The reason Xiao Tianqi could learn of the secret was because he had used a ton of resources and effort to dig up everything he could about the Mystical Pavilion.

“Origin Sea...” Huang Xiaolong muttered under his breath.

The Origin Sea was located at the very edge of the Origin Lands, and there were some who said that the Origin Sea was the edge of the Huang Long World.

No one could ever prove the fact as no one had the ability to cross the Origin Sea!

“Is it possible that one would need to control all thirteen elements before crossing the Origin Sea?” Huang Xiaolong asked.

Xiao Tianqi shook his head. “I have no idea. I am only able to enter the outer perimeter of the Origin Sea. With Your Highness’ bloodline, you might be able to cross the entire sea if you master ten elements and activate your Huang Long Bloodline! However, that’s just my speculation!”

Ten different elements!

Huang Xiaolong couldn’t help but feel a sense of apprehension appearing in his heart.

Soon after, he asked about the matters regarding the Mystical Pavilion and the Main Pavilion Master of the Mystical Pavilion.

Despite his identity as the World Master, Xiao Tianqi had no idea where the headquarters of the Mystical Pavilion was. As for the Main Pavilion Master, Xiao Tianqi’s expression turned serious when he spoke about the individual. “In the past, I fought with someone from the headquarters of the Mystical Pavilion. His strength was unfathomable but other than the power of nirvana, radiance, darkness, and poison, he didn’t reveal anything else. Moreover, all four powers were at perfection level!”

Huang Xiaolong was shocked.

The power of nirvana, radiance, darkness, and poison at perfection level!

Other than the power of space and time, those were the four strongest elements! Who would have thought that the other party would reach perfection level in all four of them?

Moreover, the most terrifying thing was that Xiao Tianqi couldn’t ascertain the other party’s identity!

From the power Xiao Tianqi’s opponent exposed, he was sure to possess other types of elements at his disposal!

“Are you unable to confirm the identity of the other person?” Huang Xiaolong asked again.

Nodding his head slowly, Xiao Tianqi sighed, “That’s right. I have never seen the Main Pavilion Master of the Mystical Pavilion, and the only person who might know the face of the Main Pavilion Master would

be the Son of Mystic. When I fought with the other party previously, darkness shielded their facial features.” A light flashed through Xiao Tianqi’s eyes as he continued, “If he’s not the Main Pavilion Master, the Mystical Pavilion is more terrifying than we thought!”

If that was the case, the Mystical Pavilion would possess more than a single monster among their roster!

Huang Xiaolong changed his direction of questioning and asked about Huang Shuai.

Shaking his head apologetically, Xiao Tianqi hadn’t even heard of the name.

With a mysterious light flashing through his eyes, Huang Xiaolong thought about how secretive the Mystical Pavilion was acting. It seemed as though they were pretty serious about hiding Huang Shuai. After all, even Xiao Tianqi couldn’t obtain any news of the man.

Several days later, Huang Xiaolong left Origin Heavenly Cave, and he headed straight for the Heavens Burial Lands.

Since his father was injured in the past at the exact same place, he had to figure out what was going on.

However, he failed to discover anything even after several years of searching.

By the time he returned, he asked Xiao Tianqi to continue the search for Huang Shuai before entering seclusion. Since Xiao Tianqi said that the Tree of Origin might be located in the depths of the Origin Sea, he would have to be strong enough to venture into the area!

After all, the Tree of Origin was extremely important to him! With the tree, he would be able to successfully comprehend all thirteen elements! He would increase his cultivation speed to a whole new level!

As such, he planned to comprehend ten different elements before emerging from seclusion! When that happened, he would then enter the Origin Lands!

Even though he had the Huang Long Bloodline, comprehending ten out of thirteen elements was easier said than done. Once he did, the Huang Long Armor and Huang Long Twin Blades would come in really handy when he planned to explore the Origin Sea in the future as the power they could unleash was proportional with Huang Xiaolong’s own strength!

When he entered seclusion, he managed to bring the power of absolute blaze to the edge of the major completion stage. With the Phoenix Fire Crystals he had, he hoped that he could push it up to perfection level in one go! When he achieved perfection level in five different elements, his strength would take a huge leap forward.

In the Sun Moon Furnace, Huang Xiaolong sat on a bed of Pure Soil, and he refined one peak-grade Phoenix Fire Crystal after another. Scarlet light surrounded his body, and they formed a sea of red around him.

In the past, he had obtained the treasure of the Mystical Pavilion’s Branch in the Origin Heavenly Cave. There were several dozen Phoenix Fire Crystals there, and after the heaven-shaking battle with the nine beast kings, Huang Xiaolong used Xiao Tianqi’s authority to obtain even more of them! Right now, he had a little more than a hundred of them, and it was more than enough for him to refine for a period of time.

Other than the Phoenix Fire Crystal, Huang Xiaolong had a lot of Dazzling Gold Stone, Profound Concentrated Earth, and Liquid of Life. It was especially so for the Dazzling Gold Stone and the Liquid of Life. He had a ton of them.

As such, Huang Xiaolong was pretty confident he could comprehend two more elements during his seclusion. Others might find comprehending two different types of elements daunting, but Huang Xiaolong had the Huang Long Bloodline, and he felt that it wasn't going to be too difficult.

In the blink of an eye, four hundred years passed.

Since the news of the nine beast kings and the Black and White Dao Venerable submitting to Huang Xiaolong spread through the Origin Holy World, there had been countless factions entering the World Master's Manor to pledge their allegiance.

However, Huang Xiaolong's cultivation wasn't to be interrupted, and the World Master stopped all of them from meeting the Son of Creation.

Even though they were unable to meet Huang Xiaolong, the patriarchs of the various factions remained in the Origin Heavenly Cave. They wanted to wait for Huang Xiaolong to leave seclusion.

Two hundred more years passed, and a pillar of light finally emerged from the depths of the World Master's Manor. A dragon's roar shook the skies, and a terrifying pressure descended on the lands.

Xiao Tianqi and the various region masters who were present gasped in shock.

#### **Chapter 3124: Journey to the Origin Lands**

When they were still reeling from shock, a figure appeared in the void above the World Master's Manor. The figure wasn't extremely tall, but everyone who looked at him felt as though the figure's presence was as large as the Huang Long World itself.

"We greet Your Highness, the Son of Creation!" Xiao Tianqi was the first to react as he bowed.

The various region masters hadn't seen Huang Xiaolong in their lives, but when they saw Xiao Tianqi's actions, they hastily got to their knees. "We greet Your Highness!" Their voices boomed through the entire Origin Heavenly Cave.

Huang Xiaolong stood in the air as he looked at those present. After six hundred years of cultivation, the aura he exuded was completely different from before.

"Rise." Huang Xiaolong's voice rang through the air.

Xiao Tianqi and the others expressed their thanks before getting to their feet.

As Huang Xiaolong clasped his hands behind his back, he looked towards the Origin Lands. In the past six hundred years, he managed to push the power of absolute blaze to perfection level, and he also managed to comprehend the power of absolute wind and earth!

Now, he had control over ten different types of elements, which were the power of nirvana, radiance, darkness, poison, lightning, blaze, frost, wood, wind, and earth!

Out of the ten, the power of nirvana, poison, lightning, blaze, and frost were at perfection level!

As for the other elements he wielded, they experienced all sorts of improvement during his time in seclusion. For example, the power of wood reached the minor completion stage, and the power of radiance reached the peak of the minor completion stage and it would enter the major completion stage at any moment!

However, the power of darkness was still a little bit off from the minor completion stage.

“Only the power of time, space, and metal is left.” Huang Xiaolong thought to himself.

He still had a lot of Dazzling Gold Stone in his hands, and it wouldn’t be hard for him to comprehend the power of metal. The only problems were the power of time and space! Even after so many years, he failed to grasp either!

With a single step, Huang Xiaolong appeared before the grand hall of the World Master’s Manor. He stepped into the hall and took his seat.

He asked Xiao Tianqi about the events that happened in the past six hundred years.

While he was stuck in seclusion, there wasn’t anything important that happened in the Origin Holy World. With his identity as the Son of Creation, along with his battle accomplishments, no one dared to cause any trouble in the Origin Holy World.

As for the Mystical Pavilion, they didn’t cause too much trouble. The only thing they did was to merge the various branches in the Origin Holy World. More than several dozen thousand branches merged into a mere thousand, and after they gathered, the power they possessed caused several region masters headaches.

And there still wasn’t any news on Huang Shuai.

The only thing Huang Xiaolong managed to gain was that several experts saw the leader of the Death Beasts Peril Land in the Origin Lands.

Di Shuang was last seen in the Black Frost Abyss, a forbidden ground in the Origin Lands.

The other person whose whereabouts was unknown was the Main Pavilion Master of the Mystical Pavilion. Even with his power, Xiao Tianqi failed to locate the mysterious powerhouse.

Several hours later, Xiao Tianqi and the various region masters left the hall and Huang Xiaolong contacted the Hailan Envoy of the Mystical Pavilion, the Devil Essence Holy Dragon Ancestor, the Purple Giant, and Three Blades Yang.

Their replies shocked him.

“Oh? The Son of Mystic went over to the Origin Lands?” Huang Xiaolong looked at the reports and his heart shook.

That was indeed good news.

The Devil Essence Holy Dragon Ancestor might not know where Huang Shuai was, but the Son of Mystic might!

As long as Huang Xiaolong took the prince down, he would be able to learn the true appearance of the Pavilion Master!

However, the only problem was that no one knew the true appearance of the person! One had to know that even if he stood before Huang Xiaolong, he wouldn't recognize the man! Moreover, it was nearly impossible to locate a single person in the boundless Origin Lands!

Light flashed through Huang Xiaolong's eyes and he decided to make a trip down to the Origin Lands the very next day.

In the past, he made Xiao Tianqi and the others look for the Black Shadow Devil, and they managed to do it. They had credible sources telling them that the Black Shadow Devil was in the Purple Sun Heavenly Cave! When Huang Xiaolong went to the Origin Lands, he could conveniently stop by the Purple Sun Heavenly Cave to look for the Black Shadow Devil!

As soon as dawn broke the next day, Huang Xiaolong left the Origin Heavenly Cave.

When he left, Huang Xiaolong didn't bring too many people with him. He only brought Lei Yu, He Zhen, and the nine beast kings. Including Huang Xiaolong, there were twelve people heading towards the Origin Lands.

As for Xiao Tianqi, San Song, and the others, they remained in the Origin Heavenly Cave in case anything happened.

The Purple Lightning Peak disappeared into the horizon, and Huang Xiaolong didn't tell them that he was headed to the Origin Lands. After all, he didn't want the information to leak.

Along the way, Huang Xiaolong exchanged pointers with all eleven of them while trying to comprehend the power of metal from the Dazzling Gold Stones.

At the same time, Huang Xiaolong used the Myriad Formation Devil's memories to increase his knowledge on the art of formations.

As someone who fought the Myriad Formation Devil in the past, Huang Xiaolong knew exactly how strong the art of formations was. If he could reach the same level as He Zhen, or even better, reach a higher level than He Zhen in the art of formations, he would be able to wield a terrifying amount of power!

With He Zhen's actual strength, he managed to enter the top ten ranks on the Extermination List. However, he managed to reach the fourth rank with the assistance of his formations! One could see how useful the art of formations was.

Using He Zhen's memories and Huang Xiaolong's talent, his knowledge in the art of formations took a huge leap forward.

"Your Highness, we have arrived in the Purple Sun Heavenly Cave." A month later, Lei Yu reported to Huang Xiaolong.

He finally stopped whatever he was doing, and he spoke to He Zhen, "Lay down the formation."

He wasn't going to let the Black Shadow Devil escape this time!

With his figure disappearing from sight, He Zhen started to lay down a formation that covered the entire region.

At the same time, Huang Xiaolong released all three dao souls as he searched for the familiar aura! After one whole hour, he finally found who he was searching for!

The aura might be extremely mysterious, and it managed to fuse with the space around him, but Huang Xiaolong managed to sniff him out. Even if Xiao Tianqi arrived, he might not be able to detect the presence of the Black Shadow Devil, but the Black Shadow Devil was unlucky. Huang Xiaolong came over personally this time. With the power of three dao souls, nothing could hide from him!

With Huang Xiaolong's current strength, the number of people who could hide from him could probably be counted on one hand!

After locking on to the Black Shadow Devil, Huang Xiaolong didn't dare to be careless as he retrieved the Purple Lightning Peak. He made everyone else hide their auras before heading straight for the Black Shadow Devil.

The twelve of them were extremely quick, but they didn't cause so much as a ripple in the space around them as they charged towards the Black Shadow Devil.

As they flew closer and closer, the formation laid down by the Myriad Formations Devil started to shrink. It went without saying that the smaller it became, the stronger the formation was.

However, Huang Xiaolong and the others eventually alerted the Black Shadow Devil, and he started to make his escape. He drilled into the space around him as he tried to leave the area!

### **Chapter 3125: Capturing the Black Shadow Devil**

By the time the Black Shadow Devil discovered the abnormality and tried to escape, he was blocked off by a shocking wave of power.

"This... Genesis level formation!"

It was a genesis level formation that could separate the space they were in!

The Black Shadow Devil's expression sank. Anyone who could lay down such a formation would be an expert in the art of formations. There weren't that many people in the Origin Holy World that reached such a high level in the art of formations...

"Black Shadow Devil, we meet again." A voice rang in his ears.

Turning around abruptly, the Black Shadow Devil's face changed. "Huang Xiaolong, it's you!"

Looking at the twelve people rushing towards him, his expression turned a little unsightly. "What do you want? Do you really think you can trap me with this piece of sh\*t formation?"

In the past hundreds of years, he had been hiding in the region to enter secluded cultivation. He didn't roam about at all, and he had no idea what went down in the outside world. He didn't even know about the battle where Huang Xiaolong suppressed the nine beast kings and defeated Xiao Tianqi! If he knew, he wouldn't dare to speak to Huang Xiaolong this way.

“You’ll see if this formation can trap you here...”

The Black Shadow Devil’s body started to flicker, and he turned into spots of light. The light spots shot towards the void as he tried to make a break for it.

Boom!

The space exploded instantly, and the shockwaves caused the entire space around them to shake. Despite that, the space around them remained completely solid and the light specks started to gather once again. When they disappeared, the Black Shadow Devil reappeared and he looked at the formation surrounding him in shock.

“This is the Space Suppressing Grand Formation. One of the ten strongest formations in the Origin Holy World.” Huang Xiaolong muttered.

Space Suppressing Grand Formation!

The Black Shadow Devil felt his heart sinking.

There was no way he hadn’t heard of such a famous formation.

However, he knew that only one person in the entire Origin Holy World could lay down such a terrifying formation.

He looked at Lei Yu, He Zhen, and the nine beast kings before turning to look at He Zhen once more.

“You... Myriad Formation Devil?!”

“That’s right. I am the Myriad Formation Devil.”

The Black Shadow Devil felt as though someone smashed him in the chest with a sledge hammer and he retreated repeatedly.

“There’s no point trying to escape.” Huang Xiaolong muttered. “Submit to me and this will be over.” Before he could say anymore, the Black Shadow Devil reached forward and twisted the space before him. “Space Shatterer!”

A ray of light twisted the space around them, and a spatial tear ripped apart the space they were standing in.

The speed at which the spatial tear started to spread was extremely quick, and it soon arrived before Huang Xiaolong.

Reaching his hand out, the power of absolute frost poured out from his hands and froze the entire space they were in. A world of ice and frost was born, but no matter how hard he tried to stop the spatial tear, he failed to do so.

The Black Shadow Devil roared with laughter, “Huang Xiaolong, this is the power of space I comprehended! Even if you reached perfection level in the power of absolute frost, you can’t stop the space from tearing! Go to hell!”

As soon as the words left his lips, the nirvana flame appeared in Huang Xiaolong's hand. He reached out and slapped the spatial tear approaching him, and it burned the space before him into nothingness. A massive black hole appeared, and the Black Shadow Devil's strike was stopped.

The Black Shadow Devil was shocked, and he looked at Huang Xiaolong in disbelief. "Power of nirvana at perfection level!"

In the Blue Lotus Pond, Huang Xiaolong hadn't comprehended the power of nirvana!

However, it had only been several hundred years and he reached perfection level in the power of nirvana!

Staring at the Black Shadow Devil, Huang Xiaolong snorted, "Your Space Shatterer might be powerful, but your ability to control space hasn't reached perfection level yet. I can burn space with my nirvana flame, you can't shatter space if there's nothing left for you to shatter."

Huang Xiaolong could see that the Black Shadow Devil had barely reached the major completion stage in the power of space.

However, that was shocking enough. Even experts ranked in the top twenty ranks on the Extermination List would find it hard to stop the Black Shadow Devil. They could only dodge his attack with everything they could.

Uncertain light flashed through the Black Shadow Devil's eyes, and an idea formed on his head. "Huang Xiaolong, I know you're here for Huang Shuai! If you let me leave, I'll tell you his true identity!"

"Oh?" Huang Xiaolong gasped in shock. Why would the Black Shadow Devil know about Huang Shuai's true identity?

"That's right! What do you say to that?" The Black Shadow Devil asked.

At that instant, the Black Shadow Devil stared at Huang Xiaolong with his beady black eyes. Dark light surrounded his figure, and no one could see his true features.

Huang Xiaolong chuckled. "I might be interested, but after I take you down, I'll learn about his identity all the same."

The Black Shadow Devil's expression changed and he growled, "Huang Xiaolong, you might have reached perfection level in the power of nirvana, and you might command the Myriad Formation Devil! However, I can travel anywhere within the sacred land. If you push me too far, I'll just bring you along with me to hell!"

Huang Xiaolong didn't bother correcting the man and he addressed He Zhen and the nine beast kings behind him. "Do it."

As the ten figures moved, they appeared beside the Black Shadow Devil in an instant. They were so quick that the Black Shadow Devil couldn't even see them coming. Without any time to react, he started to fuse with the space around him.

It was too bad they punched out at the exact same time, shattering the space all around them.

“You... You...” The Black Shadow Devil looked at the nine beast kings and fear filled his eyes.

He could feel that every single one of them was stronger than the Myriad Formation Devil, and that in itself was an unbelievable fact.

When he was still stuck in a state of shock, the nine beast kings moved again. With He Zhen beside them, they attacked from ten directions. They sealed off the space around them, and the Black Shadow Devil was unable to leave! In the blink of an eye, the Black Shadow Devil was sent flying.

The Black Shadow Devil shattered the sacred land below him, and he spat out copious amounts of blood.

“Who the hell are you?!” The Black Shadow Devil wiped the blood from his lips and he stared at the nine of them in shock. He didn’t expect that nine monsters would appear in the Origin Holy World! All of them were stronger than the Myriad Formation Devil, but he hadn’t heard of them before! Wasn’t the Myriad Formation Devil ranked fourth on the Extermination List?! How could there be nine people stronger than him?!

A thought flashed through his mind and he felt the world turning dark around him.

“You’re the Death Beast Kings!”

The Extermination List in the Origin Holy World didn’t include experts in two big regions. One of them was the Death Beasts Peril Lands, and the other was the Origin Lands!

From the legends, the ten beast kings of the Death Beasts Peril Lands and the ten overlords of the Origin Lands were existences who could rival the top three experts on the Extermination List. Since the experts of the two regions weren’t controlled by the World Master’s Manor, they wouldn’t be ranked in the Extermination List!

The nine beast kings remained silent and they punched out once again. The world trembled and the space around them shattered. Several minutes later, the nine beast kings and the Myriad Formation Devil brought the Black Shadow Devil before Huang Xiaolong.

### **Chapter 3126: Lei Qianqian**

Huang Xiaolong wasn’t surprised to see the Black Shadow Devil in such a sorry state. The Black Shadow Devil’s strength might place him in the top twenty on the Extermination List, but the Myriad Formation Devil and the nine beast kings were too damn strong! If they went all out, the Black Shadow Devil would have died instantly.

Huang Xiaolong summoned the giant golden dragon and branded the Black Shadow Devil’s dao soul when he was on the brink of death.

After controlling the Black Shadow Devil, Huang Xiaolong handed him several drops of Blue Lotus Nectar. He also used his power of nirvana to heal him up. He was right as rain in no time. After all, the Black Shadow Devil wasn’t too seriously injured.

Of course, the Myriad Formation Devil and the others held back a lot. Otherwise, the Black Shadow Devil wouldn’t be able to recover so quickly even with his help.

Soon after, Huang Xiaolong refined all of the Black Shadow Devil's memories.

From them, he learned everything about Huang Shuai.

"He's not from the Huang Long World?!" Huang Xiaolong was shocked at his discovery.

From what the Black Shadow Devil knew, Huang Shuai wasn't from the Huang Long World. Moreover, his relationship with the Main Pavilion Master of the Mystical Pavilion was something special. Of course, that was something the Black Shadow Devil couldn't find out with his abilities. He didn't know much about Huang Shuai other than some basic facts.

A frown formed on Huang Xiaolong's face.

He thought that the Black Shadow Devil would know more than that, but it seemed as though that wasn't the case.

All Huang Xiaolong knew was that the Main Pavilion Master of the Mystical Pavilion was the key to uncovering Huang Shuai's identity.

Soon after, they continued on their journey with the Black Shadow Devil following behind Huang Xiaolong.

Along the way, Huang Xiaolong trained himself by sparring with the Myriad Formation Devil and the nine beast kings. He tried to comprehend the power of gold, and he digested the art of formations from He Zhen's memories.

It also went without saying that Huang Xiaolong tried to comprehend the power of space from the Black Shadow Devil's memories.

The power of space was basically impossible for him to comprehend without any special treasures with the spatial attribute, and Huang Xiaolong decided to give up on it. Even with the Huang Long Bloodline, some things took skills.

Nothing happened along the way, and they traveled for several months without any obstructions.

The Purple Lightning Peak eventually stopped above a frozen waterfall.

The frozen waterfall stood tall in space, and it was god knew how many miles tall! Huang Xiaolong couldn't see the source of the waterfall, and neither could he see the end! As ice fell from above, a thunderous roar resounded through the air of countless regions!

Huang Xiaolong couldn't help but gasp in shock when he looked at the frozen waterfall before his eyes.

If he wasn't looking at it personally, he wouldn't believe that something like a frozen waterfall would exist!

The frozen waterfall was the top ranked marvel of the Origin Holy World. Ordinarily, ice wouldn't be able to flow like water. However, the river defied all logic. The ice flowed as smoothly as water, and no one knew where the source of the waterfall was. Similarly, there was no one who managed to measure the depths of the river.

It was because of the frozen river that the army of the Origin Lands failed to attack the Origin Holy World.

That was because they would have to cross the frozen waterfall if they wanted to proceed with their invasion.

The icy qi produced by the river was something Ninth Esteem Dao Venerables wouldn't be able to endure.

Luckily, for the inhabitants of the Origin Holy World, the frozen waterfall was there to protect them. After all, the army of the Origin Lands was much stronger than the Death Beast Army!

"Let's go." After stopping to admire the sights for a moment, Huang Xiaolong ordered. He entered the waterfall with Lei Yu and the others by his side.

As soon as they entered, a horrifying amount of icy qi slammed into them.

They felt as though the weight of several mountains were pressing down on their physical bodies, and if they were ordinary Ninth Esteem Dao Venerables, their dao souls would have long frozen through.

However, the thirteen of them seemed to be completely unaffected as they continued onwards. Even if the pressure increased by a hundred times, they wouldn't falter in the slightest.

The further they went, the stronger the icy qi became. A cloud of frosty mist emerged from their bodies.

Without slowing down, they charged straight through. After half an hour of traveling, they crossed the waterfall.

With their speed, they managed to complete such a feat in a mere half an hour. If any random expert on the Extermination List tried, they would need several days to do so!

As for peak late-Ninth Esteem Dao Venerables, they would need several months if they wished to enter the Origin Lands from the Origin Holy World.

After crossing the waterfall, Huang Xiaolong and the others were greeted by a primitive forest that spanned on forever. There was also a mountain range located inside the forest, and Huang Xiaolong could feel a mysterious energy emanating from the space around him.

It was something that was created by the fusion of origin qi and several ancient types of spiritual energies. The amount of origin qi in the air was little to none.

"Your Highness, this should be the Red Rock Mountain Range! After crossing it, we would enter the territory of the Origin Races..." He Zhen mentioned.

Nodding slightly, Huang Xiaolong looked at the region before him. There was a slight tinge of red covering the lands, and the rocks strewn all about glowed a little red. All of them were genesis level treasures, but they were completely useless as they were just rocks.

Flying above the forest, Huang Xiaolong and the others noticed a ton of disciples of the Origin Lands killing ferocious beasts.

As precious spiritual herbs and medicine would grow around the forest, terrifying beasts lurked everywhere. The disciples of the Origin Races would train themselves while gathering treasures by making an expedition through the forest.

“These disciples all possess peak-level bloodlines...” Huang Xiaolong sighed in astonishment.

The beasts in the forest would normally be stronger than humans in all aspects. However, the disciples of the Origin Races could fight toe to toe with them!

Lei Yu explained, “The Origin Races are the first inhabitants of the world. Their bloodline isn’t something humans can compare to. They have tons of geniuses that can rival the strongest cultivators in the Origin Holy World.”

He Zhen continued, “There are two absolute geniuses among them, and their talents are comparable to the ten overlords of the Origin Races. One of them is called Lei Qianqian, and she’s the princess of the Lightning Phoenix Race. The other is the Young Patriarch of the Nine Eyed Black Tiger Race, Hao Zhen. The only person in the Origin World who can be compared to them is the Son of Mystic. Even the Destiny Race Prince would be lacking when compared to them.”

The nine beast kings looked at each other and sighed, “The two of them are indeed terrifying. If they are given enough time to mature, the two of them will definitely reach the level of the ten chiefs! In fact, they have the ability to rank in the top three! It’s especially so for Lei Qianqian. According to the rumors, she has already comprehended five out of the thirteen elements!”

“Moreover, her beauty surpasses even Wangu Qinger and Feng Yuxuan of the Origin Holy World. The only people in the Origin Lands with more authority than her would be the ten overlords!”

### **Chapter 3127: Heaven Piercer**

Huang Xiaolong chuckled when he heard their description. Appearances were merely superficial aspects when it came to how he judged ladies. Shi Xiaofei and Li Lu were the prettiest beauties in his eyes.

“Xiaofei...” Huang Xiaolong’s mind started to wander.

A sudden yearning towards Shi Xiaofei and the other members of the Huang Family appeared in Huang Xiaolong’s mind all of a sudden.

As he thought of them, he decided to ask He Zhen and the others if it was possible to return to the lower worlds.

“Lower world?!” Lei Yu and the others stared at each other in shock.

“Since the start of time, no one has ever heard of anyone descending to the lower worlds.” Di Fan, one of the beast kings, shook his head. “However, if one reaches perfection level in all thirteen elements, there might be a chance. According to the legends, anyone who possesses the power of thirteen elements at perfection level would possess unimaginable power! They would be invincible under the God of Creation Realm!”

“However, it won’t be easy to reach such a level.” Another beast king piped up. “In the Huang Long World, no one had ever managed to comprehend all thirteen elements, much less reach perfection level in all of them!”

“Other people might not be able to do it, but His Highness will definitely be able to.” He Zhen growled.

Huang Xiaolong felt a headache coming. He barely managed to reach perfection level in five different elements, and he didn't know how long it would take for him to reach perfection level in all thirteen of them! One had to know that the power of space was nearly impossible to comprehend, and he hadn't even started on the power of time! Wouldn't it take several hundred thousand years if he kept up the current pace?!

Several days later, Huang Xiaolong and the others crossed the Red Rock Mountain Range and arrived at one of the cities populated by members of the origin lands.

“This is Red Rock City!” He Zhen explained. “It's one of the largest and most important cities in the Origin Lands! It's also one of the cities belonging to the Red Lion Patriarch.”

Huang Xiaolong nodded slightly.

The Red Lion Race, Lightning Phoenix Race, Nine Eyed Black Tiger Race, and several others made up the ten strongest races in the Origin Lands. The Red Lion Patriarch was one of the ten overlords who ruled supreme in the Origin Lands.

Like the Origin Holy World, there were countless races that populated the Origin Lands. All of them were known as the Origin Races.

“Let's rest for a little bit in the city. We shall search for some information before continuing on our way.” Huang Xiaolong muttered.

Lei Yu and the others nodded in acknowledgement, and it didn't take long for them to enter the city.

As the Red Rock City was one of the most important cities in the Origin Lands, it was exceptionally busy. Huang Xiaolong discovered that there were quite a lot of experts from the Origin Holy World walking along the streets.

All of them were descendants of experts who managed to cross the frozen waterfall. After all, the experts who came over had the same goal as Huang Xiaolong and it was to look for treasures.

The Origin Races were never prejudiced against the humans, and they were able to coexist in peace.

Soon after, Huang Xiaolong and the others managed to rent a courtyard. Huang Xiaolong hastily sent all of them out to search for information on Di Shuang and the Son of Mystic. It didn't take long for them to return to report their findings.

Di Fan started first. “Your Highness, the leader should be in the Black Frost Abyss...”

The nine of them called Di Shuang their leader, and even though it was hard to find news on him, there were still several organizations in the Origin Lands capable enough to do so. Of course, everything required a corresponding price. The money the nine beast kings spent was an astronomical amount when compared with the wealth owned by several creeds.

The reports stated that Di Shuang was still in the Black Frost Abyss, but none of them could be one hundred percent sure.

Of course, no one could determine where Di Shuang was in the Black Frost Abyss. As the Black Frost Abyss was boundless, it was hard to pinpoint the location of a single person.

Whatever the case, Huang Xiaolong was confident he could find the man as long as they knew his general location.

As for the Son of Mystic, no one managed to secure any news on him. After all, no one knew what he looked like.

“Your Highness, we also heard that the Heaven Piercer would be headed straight for the Boundless City.” He Zhen reported.

The Boundless City was one of the cities located at the edge of the Origin Lands. It was also the city closest to the Origin Sea. If Huang Xiaolong and the others wanted to travel to the Origin Sea, they would have to pass through countless regions. They would definitely run into a lot of trouble, and if they managed to get on the flying ship of one of the strongest chambers of commerce in the Origin Lands, they would be able to save themselves a ton of time.

After all, the Heaven Piercer belonged to an organization that had ties in many regions. No one would obstruct them for fun.

“Heaven Transportation Organization” Huang Xiaolong asked.

“Yes. The Heaven Piercer belongs to the Treasure Lake Chamber of Commerce. It’s one of their best flying ships, and it’s extremely quick. Even though it cannot compare to a quasi creation artifact, it’s definitely faster than peak-grade cosmos artifacts.” He Zhen explained.

Huang Xiaolong nodded his head. The Treasure Lake Chamber of Commerce was one of the largest chambers of commerce in the Origin Lands, and it was said that they had some relationship with the Lightning Phoenix Race and the Nine Eyed Black Tiger Race. Of course, everything revolved around benefits. They were able to provide the two super races with enough benefits, ensuring their prosperity.

“Will the Heaven Piercer be traveling through the Black Frost Abyss?”

The reason Huang Xiaolong went all the way to the Origin Lands wasn’t just for the Tree of Origin. Di Shuang and the Son of Mystic were also part of the reason.

“Yes, the Heaven Piercer will be stopping in the Black Frost Abyss for three days.” He Zhen continued, “Even though they will only be stopping for a short period of time, we can always use dao coins to make them remain there for several more days.”

Huang Xiaolong smiled. “Three days is more than enough.”

As long as Di Shuang was in the Black Frost Abyss, Huang Xiaolong was more than confident of locating him and forcing him to submit in three mere days.

Huang Xiaolong asked about the other regions where the Heaven Piercer would be stopping.

“Ancient Era City?” Huang Xiaolong’s heart shook a little when he heard that they would be stopping for three days in the Ancient Era City.

The branch of the Mystical Pavilion in the Origin Lands was located in the Ancient Era City!

Perhaps, the Son of Mystic would head there the moment he came to the Origin Lands!

Plans started to pop up in Huang Xiaolong's head.

Soon after, Huang Xiaolong sent He Zhen out to purchase tickets on board the Heaven Piercer.

Before they could celebrate, He Zhen returned to inform Huang Xiaolong that all the first-class tickets on board were booked. There were only tickets in the second-class cabins, and Huang Xiaolong was shocked. The first-class cabins were extremely expensive, and a single ticket would cost more than several hundred thousand dao coins. Who in the world had the ability to buy them out?

"Second-class it is..." Huang Xiaolong sighed. Even though the first-class cabins were comfortable and full of spiritual energy, Huang Xiaolong didn't care about that.

He Zhen went out to get thirteen second-class tickets, and all of them headed straight for the Heaven Piercer.

One day before the Heaven Piercer left the port, the Red Rock City received a heaven-shaking piece of news.

"Princess Lei Qianqian is coming for a visit!"

"Princess Lei is planning to go on a journey to the Boundless City and she's here to get on board the Heaven Piercer!"

### **Chapter 3128: What's Going On?**

"Princess Lei Qianqian isn't the only one coming! His Highness, Hao Zhen, will be coming too!"

"What's new? His Highness, Hao Zhen, will definitely appear beside Princess Lei! Hasn't he already been rejected more than ten times?! I wonder what type of man Princess Lei will choose as her husband..."

"Whoever it is, it won't be us! With His Highness, Hao Zhen, around, who will dare to approach the princess?"

The Red Rock City exploded when they heard the news.

Huang Xiaolong was taken aback by the sudden change.

"Your Highness, should we change a ship?" He Zhen asked.

However, a mischievous smile formed on Huang Xiaolong's face. "Why would we do that? Don't tell me it's because of Lei Qianqian... We're getting on board the Heaven Piercer no matter what." Huang Xiaolong knew of He Zhen's concerns, but he didn't think they were a problem.

After all, the number of ships headed to the Boundless City from the Red Rock City could probably be counted on one hand. If they decided no to get on the Heaven Piercer, god knew when they would be able to find another ship!

Ignoring the commotion going on outside, Huang Xiaolong continued to comprehend the power of metal in his courtyard. With his efforts, he had already reached the entrance of the gates stopping him

from comprehending the power of metal. He was confident that he would comprehend the power of metal in a year.

Of course, it was because Huang Xiaolong absorbed the memories of the Golden Fox Region Lord in the past. He used that, along with his Dazzling Gold Stone in order to hasten his understanding of the power of metal.

A night passed in the blink of an eye, and the first rays of dawn shone on the lands.

Riding on Lei Yu, Huang Xiaolong and the others headed straight for the Heaven Piercer.

As the ship was humongous, it stopped in one of the northernmost plazas. Of course, the plaza belonged to the Treasure Lake Chamber of Commerce.

By the time Huang Xiaolong arrived, he saw a sea of people waiting around the ship.

The Heaven Piercer spanned several dozen thousand miles long, and there were a million cabins on it. Ordinarily, it would be good if they sold more than three hundred thousand tickets to the Boundless City. However, every single ticket was sold out because of Lei Qianqian's appearance!

As disciples of the Origin Races piled onto the Heaven Piercer, disciples of the Human Race followed.

Huang Xiaolong even saw several experts from the Death Beasts Peril Lands.

Even with the ten beast kings' authority, they only ruled over ninety percent of the Death Beast Lands. There were some parts not under their control, and the number of experts who populated the place couldn't be counted.

"Let's board the ship." Huang Xiaolong ignored everyone as he brought out thirteen jade tablets.

However, he was stopped by someone as soon as he boarded.

"Our young master would like to buy all the tickets you have." Someone asked.

Huang Xiaolong looked at the silver horn on the other party's head and he sneered, "Where am I supposed to go if you buy my tickets?"

As the first-class tickets were bought by Lei Qianqian and the others, the superpowers could only set their sights on the second-class cabins. They wanted to get as close as they could to Lei Qianqian, and that was the only way for them to do so.

The person asking Huang Xiaolong for the tickets were from the Silver Horn Barbarian Locust Race, and they were only weaker than the top ten races in the Origin Lands.

The expert from the Silver Horn Race sneered, "We have tickets for the fourth-class cabins. Go sit there instead. We'll pay you full price for your second-class tickets."

Huang Xiaolong shook his head. "I don't intend to trade it with you. You can get out of my sight now."

The silver horned expert was slightly taken aback. He didn't expect a mere human to reject his suggestion.

After all, everyone would bow down to him the moment they realized he was from the Silver Horn Barbarian Locust Race.

The fourth-class cabins might be a lot worse than the second-class cabins, but no one would offend the Silver Horn Barbarian Locust Race for several tickets. They even planned to pay Huang Xiaolong in full for the tickets!

A snort left the lips of the expert from the Silver Horn Barbarian Locust Race. "Are you sure?"

Huang Xiaolong ignored the man completely as they made their way towards the second-class cabins.

With his expression sinking, the expert from the Silver Horn Barbarian Locust Race moved to block Huang Xiaolong's way. Just before he could speak, Lei Yu sent him packing with a single kick.

Everyone in the surroundings fell silent as they watched the scene playing out before them.

Huang Xiaolong ignored the man as he continued to make his way forward.

When he finally reached the location of the second-class cabins, he used the jade tablets to enter.

As soon as he stepped into the area, he was stunned. Every single cabin there had a tiny palace, and they were fully stocked with pill furnaces, spiritual tea, and endless libraries of books.

It was a completely different scene in the fourth-class cabin area. Those there would only obtain a simple room, and the furnishing was several tiers worse.

Of course, the first-class cabins were leagues ahead of whatever Huang Xiaolong was experiencing.

When Huang Xiaolong entered his cabin, a group of experts from the Lightning Phoenix Race and the Nine Eyed Black Tiger Race sat in one of the halls in the first-class cabins.

A young man and a young lady sat on the thrones in the main hall, and they emitted a horrifying aura. The lady was extremely elegant, and her facial features were beyond perfect. If anyone laid eyes on her, they would lose themselves in her beauty.

The two of them were naturally Lei Qianqian and Hao Zhen.

"What's going on out there?" Lei Qianqian asked. When Lei Yu sent the expert from the Silver Horn Barbarian Locust Race flying, it caused quite the commotion.

The experts of the Lightning Phoenix Race quickly reported back to the two of them.

When they heard what happened, Lei Qianqian and Hao Zhen were slightly taken aback.

However, a cold snort left Hao Zhen's lips. "The humans are acting too arrogantly! How dare they make a move on an eminent elder of the Silver Horn Barbarian Locust Race?!"

A light flashed in Lei Qianqian's eyes. "If they dare to ignore the Silver Horn Barbarian Locust Race, they should be someone of some importance among the human race. Moreover, his mount doesn't seem weak."

Hao Zhen's gaze landed on one of the experts from the Nine Eyed Black Tiger Race. "Look into the human's background. Get someone from the Treasure Lake Chamber of Commerce to warn the kid. If he dares to cause any trouble, kick him off the ship."

Even though the Nine Eyed Black Tiger Race didn't control the Treasure Lake Chamber of Commerce, they had to pay some attention to the words of the young patriarch of the Nine Eyed Black Tiger Race.

It didn't take long for the experts of the Treasure Lake Chamber of Commerce to come knocking on Huang Xiaolong's palace.

### **Chapter 3129: Ancient Era City**

The gates of his cabin soon opened up.

Countless experts from the Treasure Lake Chamber of Commerce streamed into the main hall. When they saw Huang Xiaolong and thirteen other experts sitting in the hall, they were stunned.

They couldn't understand what those fourteen people in front of them were talking about. From what it seemed, the fourteen of them were comparing notes and looking into something.

"What do you want?" Huang Xiaolong asked.

One of the experts from the Treasure Lake Chamber of Commerce sneered and tilted his head upwards when he spoke to Huang Xiaolong, "Your actions disturbed His Highness, Hao Zhen, of the Nine Eyed Black Tiger Race. His Highness ordered us to inform you that if you try anything like it again, we'll kick all of you off the ship!"

The person who spoke was one of the custodians of the Treasure Lake Chamber of Commerce.

"Is that so?" Huang Xiaolong asked.

When everyone saw that Huang Xiaolong was completely fearless, they couldn't help but feel a tinge of rage rising in their hearts.

However, Lei Yu released his aura all of a sudden and a horrifying pressure descended on the experts of the Treasure Lake Chamber of Commerce. Under the suppression, all of them fell back and they retreated to the entrance of the cabin. They found it hard to breathe and they felt as though their lives were no longer under their control.

A trace of fear appeared in the eyes of those from the Treasure Lake Chamber of Commerce.

"This?!" They stared at Lei Yu. They immediately realized that he was someone who was ranked on the Extermination List of the Origin Holy World. Moreover, he was definitely ranked in the top thirty! The custodians of the Treasure Lake Chamber of Commerce met their vice director in the past, and they knew that he was strong enough to rank in the top fifties of the Extermination List! However, the aura they felt was even stronger than that of their vice director!

They didn't expect that the person they were threatening would be someone who ranked that high up on the Extermination List!

"Repeat whatever you said, but slowly." Lei Yu glared at them and growled.

All of them felt the words getting stuck in their throats, and none of them dared to make a peep.

Raising his hand, Huang Xiaolong stopped Lei Yu from going any further. Only then did he retrieve his aura.

“Leave.” Huang Xiaolong sighed. “Don’t speak of the matter.” After speaking, a ray of light shot out from his fingertips and drilled into their bodies.

“This is a restriction that will ensure that you will never speak of what just happened. As long as you remain silent, no harm will befall you.”

Of course, that was an ordinary restriction laid down by Huang Xiaolong. It couldn’t come close to the mark Huang Xiaolong left on the dao souls of others, but it was enough. Only existences at the level of the World Master of the Origin Holy World would be able to undo a restriction laid down by Huang Xiaolong, and if the experts of the Treasure Lake Chamber of Commerce would need one of the chiefs of the Origin Lands to make a move if they wanted it removed.

None of them dared to continue with the threats and they quickly made their escape.

After they left, they didn’t speak of the matter and they merely reported that they spoke to Huang Xiaolong and the others.

“Let’s continue.” Huang Xiaolong ignored them, and he continued to exchange pointers with He Zhen and the others.

In the past, the nine beast kings worked together to unleash the Death Beast Era and Huang Xiaolong was greatly inspired by the power of their ultimate move.

When the nine beast kings joined hands, their collective strength would rise by a considerable amount. An idea popped into Huang Xiaolong’s mind and he felt that if all thirteen of them displayed their powers and fused them altogether, he might be able to gain even more understanding of the powers he lacked.

The principle behind it was similar to the dual cultivation practiced by couples.

Of course, that was merely an example.

When Huang Xiaolong fused his power with theirs, he felt the difference between their understanding over the different elements.

When Huang Xiaolong was learning from the others, the experts from the Nine Eyed Black Tiger Race reported back to Hao Zhen, “The Treasure Lake Chamber of Commerce completed their warning.”

“However, we are unable to obtain any information on their background.”

Even though the Nine Eyed Black Tiger Race was one of the ten strongest races in the Origin Lands, they weren’t knowledgeable on the matters in the Origin Holy World.

Moreover, Huang Xiaolong and the others even transformed their appearances a little when they entered the Origin Lands.

The reason they did it was because Huang Xiaolong didn’t want to scare Son of Mystic away.

“There’s no need to pay attention to their identities.” Lei Qianqian snorted all of a sudden. “It’s not like they dare to foil our plans.”

The reason they were heading towards the Boundless City was because of the Origin Sea.

Both races received news that the Flower of Time and the Void Reincarnation Thistle would appear in the Origin Sea soon.

One hour later...

The Heaven Piercer finally departed, and it turned into a streak of light that tore through the void.

Huang Xiaolong ignored the departure of the Heaven Piercer, and he continued to deepen his understanding in the various elements.

The Heaven Piercer might be fast, but they had to pass through practically the entire Origin Lands if they wanted to reach the Boundless City. They would need at least half a year in order to arrive.

If they were on an ordinary cosmos artifact, the journey would take them several dozen years...

Very quickly, a month passed.

The Heaven Piercer finally slowed down, and an announcement played out across the cabins. “Everyone, we have arrived in the Ancient Era City. We shall remain here for three days, and there are plenty of organizations here with lots of treasures for sale. Feel free to disembark and we shall continue our journey in three days!”

“Oh? We’re here...” Huang Xiaolong was brought back to reality by the sudden announcement.

Getting to his feet, Huang Xiaolong left his cabin. As soon as he did, he saw countless experts emerging from their cabins. Lei Qianqian and Hao Zhen also walked out with various experts surrounding them.

When everyone saw the two of them, they bowed respectfully. There were even some who got to their knees.

As they passed by Huang Xiaolong’s party, they noticed that none of them bowed. A frown formed on Lei Qianqian’s face, but she didn’t say anything. Instead, Hao Zhen glared at Huang Xiaolong and the others and from his gaze, it felt as though he was looking down on ants from the mortal world.

That wasn’t intentional as he was used to looking at others with the exact same gaze in his eyes.

When the two of them disembarked, Huang Xiaolong and the others left the ship and entered the Ancient Era City.

### **Chapter 3130: All Your Slaves Need To Die**

“The Ancient Era City is even more prosperous than the Red Rock City!” Lei Yu looked at the bustling street and exclaimed.

Even in the Origin Holy World, there wouldn’t be many cities more happening than the Ancient Era City.

In the past, Lei Yu entered the Origin Holy World to establish his Lei Yu Creed. However, this was the first time he entered the Origin Lands to visit the Ancient Era City.

The Myriad Formation Devil muttered, "With the Mystical Pavilion setting up a branch in the Ancient Era City, many chambers of commerce followed suit. It's no wonder the city is bustling with so many activities."

As Huang Xiaolong and the others strolled through the streets, they were stopped by a group of people.

They were from the Silver Horn Barbarian Locust Race, and there were nearly a hundred of them!

The person in the lead was a young man, and the eminent elder who was sent flying by Lei Yu previously reported to him respectfully, "Young Master, that's them!" He pointed at Huang Xiaolong.

"You have to be careful of his mount!" A look of fear flashed through his eyes when he looked at Lei Yu.

The young man had red eyes, and he was the young patriarch of the Silver Horn Barbarian Locust Race, Man Long.

Man Long glared at Huang Xiaolong and sneered, "How dare you lowly human harm an Eminent Elder of my Silver Horn Barbarian Locust Race?"

As the Origin Lands was populated by the Origin Races, they outnumbered the humans by a huge amount! Moreover, the Silver Horn Barbarian Locust Race was one of the strongest races and they looked down on the humans. With a human injuring their eminent Elder, anger filled their hearts.

Huang Xiaolong swept his gaze across those present and a trace of amusement formed in his heart.

"What do you want?"

A sinister smile formed on Man Long's face. "What do I want? I wish to kill your mount, and you shall kneel before me to lick my toes a hundred times. Apologize and hand over your spot in the second-class cabin. When that's done, I'll let you off."

"What if I refuse?" Huang Xiaolong chuckled.

"If you refuse, you and all your slaves will die along with your mount. You'll die a horrible death!" Man Long sneered. "When you die, you will regret ever crossing me, Man Long!"

Huang Xiaolong was unable to control his laughter any longer, and neither could the rest.

The nine beast kings glared at Man Long and the members of the Silver Horn Barbarian Locust Race with a cold gaze.

"I was planning to ignore the fact that you tried to force me to hand over my cabin." Huang Xiaolong continued, "Too bad you don't know when to quit." A frosty light flashed through Huang Xiaolong's eyes. "You're tired of living!"

The experts from the Silver Horn Barbarian Locust Race were stunned for a second, but Man Long burst into laughter all of a sudden. "Are you crazy? Hahaha! Do you really wish to harp on the matter that happened in the Red Rock City?"

"Young Master, there's no need to waste your breath with them. Just exterminate them once and for all." An Eminent Elder of the Silver Horn Barbarian Locust Race approached Man Long and sighed.

The eminent elder was the strongest expert they brought with them, and he was at the peak of the late-Ninth Esteem Dao Venerable Realm. He reached the minor completion stage in the power of absolute blaze and he was extremely confident in his abilities.

Nodding, Man Long growled, "Attack!"

"There's no need. I shall take care of all of them myself!" The eminent elder sneered. After he spoke, his figure flashed and he sent a punch flying towards Huang Xiaolong and the others. As his fist shook, thirteen phantom punches appeared in the air and the experts standing around hastily retreated in case they got caught up in the crossfire.

The thirteen fists were formed from the eminent elder's understanding of the power of absolute blaze, and the fire reached a terrifying degree. The fists might look small, but they were more than capable of punching a hole through a cosmos artifact!

Before Lei Yu could make his move, the Black Shadow Devil pointed at the eminent elder.

The thirteen fists started to compress, and they flew back at the members of the Silver Horn Barbarian Locust Race.

Miserable cries rang through the air instantly.

Almost all the experts from the Silver Horn Barbarian Locust Race were sent flying, and several weaker ones were incinerated and they turned into ash instantly.

As for the eminent elder who sent out the attack, a hole appeared in his chest. The power of absolute blaze started to consume his body, and his cries filled the air.

Man Long stared at Huang Xiaolong's group before him and he was at a loss of what to do.

When the members of the Silver Horn Barbarian Locust Race were still stuck in a daze, the Black Shadow Devil slapped at the space before him. A giant palm covered the experts of the Silver Horn Barbarian Locust Race, and they started to shrink.

When they shrunk to an unimaginably small size, their bodies popped and they turned into dust. Even Man Long wasn't exempt from the Black Shadow Devil's attack.

Everyone who watched the scene felt their limbs going cold. They ran away as quickly as they could.

A single palm eliminated nearly a hundred experts of the Silver Horn Barbarian Locust Race! There were several dozen eminent elders among them, but they were killed just the same!

The eminent elders of various Origin Races stared at the scene as their jaws dropped in shock.

Ignoring those around him, he left with Lei Yu and the others. They made their way towards the Mystical Pavilion's branch.

"Who is that human? He dared to kill the experts of the Silver Horn Barbarian Locust Race, and he even killed the young patriarch of the race!"

"His subordinate is too damn strong! He even managed to cause them to shrink!"

“That’s the power of space!” Someone cried out.

When they heard that it was the power of space, the experts in the surroundings erupted.

“Is he from the Destiny Race?! Don’t tell me that’s the Son of Destiny?!”

“He might actually be the Son of Destiny... Otherwise, why would he dare to kill the experts of the Silver Horn Barbarian Locust Race? Since he killed Man Long, the Silver Horn Barbarian Locust Race will definitely not allow the matter to rest.”

The news reached the ears of Lei Qianqian and Hao Zhen. They were shocked when they heard the news.

As Man Long was the young patriarch of the Silver Horn Barbarian Locust Race, he was someone important in the younger generation of the Origin Lands. Even though he wasn’t comparable to the two of them, he wasn’t that weak compared to the young patriarchs in the Origin Lands.

“The brat from the Heaven Piercer killed Man Long?!” Hao Zhen looked at the person who made the report and growled. His expression was extremely ugly.

He sent the members of the Treasure Lake Chamber of Commerce to knock Huang Xiaolong down a peg previously. Who would have thought that the man would go ahead and exterminate the entire group from the Silver Horn Barbarian Locust Race as soon as they disembarked?

Even though Huang Xiaolong didn’t make his move on the Heaven Piercer, he was still insulting Hao Zhen’s authority.

“Yes, Your Highness, the black robed man beside the kid made the move. From what we heard, the black robed man controls the power of space. His palm caused the space around the members of the Silver Horn Barbarian Locust Race to shrink and they eventually exploded!” The expert continued his report. “Someone said that the young man might be the Son of Destiny!”

“Son of Destiny?!” Hao Zhen and Lei Qianqian were shocked.

When they finally reacted, Hao Zhen’s expression turned serious. “Could he really be the Son of Destiny? I’ve heard that many experts from the Destiny Race entered our Origin Lands recently.”

Lei Qianqian shook her head. “He shouldn’t be the Son of Destiny. The experts of the Destiny Race entered the Green Snow Mountain after they arrived.”

The Green Snow Mountain was one of the forbidden lands in the Origin Lands.
