

Chapter 3191: Extreme East Old Man

No one present knew the person who yelled the bid, but when Gu Chunguang and the golden robed man turned to look at the source of the voice, their expressions changed drastically when they noticed the gray robed expert standing in the hall.

“When did this old freak appear?!” Gu Chunguang frowned.

The gray robed elder was an existence who was said to be at the creation level. He was born along with the universe, and it had been a long time since he last appeared. Despite his disappearance, no one could look down on his strength.

“Weren’t there rumors that said that this old freak left the Blazing Dragon World?! Why is he here?!” Di Yu frowned. “If this old freak grabs the dragon corpse, wouldn’t that mean...”

Gu Chunguang remained silent as light flashed through his eyes. No one knew what he was thinking of.

When the auctioneer heard the bid of one hundred trillion the moment the bidding phase started, he couldn’t help but balk in surprise. None of those present were any better, and even the third prince, Di Xiaolong, stared at him in shock.

On hundred trillion dao coins was something Di Xiaolong would never be able to obtain, even if he gathered all the money his subordinates had on them!

“This old b*stard... Is he here to cause a scene?!” Chen Yingxue’s voice rang out from behind You Wuyi.

How could a random old man they never met before call out such a surprising amount?! It was no wonder she was stumped by his bid.

However, Zeng Ying turned to greet the man all of a sudden. “I greet Senior Extreme East! I have long since heard of Senior Extreme East’s reputation, and it’s my honor to meet you here today!”

When they heard how the Sixth Princess of the Extreme Heaven Celestial Empire addressed the old man, those present in the plaza felt question marks popping up in their heads.

The only difference was You Wuyi and several others who were more well informed. Their expressions changed in an instant. Extreme East Old Man... Could it be?!

It was especially so for You Wuyi whose blood drained from his face.

The number of people who could threaten his father in the Blazing Dragon World could probably be counted on one hand. The Extreme East Old Man was definitely one of them.

When he recalled how Chen Yingxue insulted the old man previously...

When You Wuyi was still stuck in a state of shock, the old man replied to Zeng Ying. “This old man has long since heard of the Sixth Princess. Little lass, you’re pretty good.”

There were only a handful of people the Extreme East Old Man would praise in the later generation, and she was undoubtedly one of them.

Zeng Ying giggled lightly in response, “Many thanks to Senior Extreme East. However, this dragon corpse...”

“It doesn’t matter. If anyone dares to compete with me, I’ll fear his head off. The only exception is you. If you bid against this old man, I won’t take any offense.”

His tone was overbearing, but he had the qualifications to do so.

“Then I’ll have to thank Senior Extreme East.”

Even though those in the plaza might not know who the Extreme East Old Man was, they were confident that he was someone they couldn’t offend just from what Zeng Ying said.

“One hundred and one trillion.” Zeng Ying’s voice rang through the air.

“One hundred and two trillion.” The Extreme East Old Man continued.

“One hundred and three trillion...”

Soon after, the two of them started an intense bidding war and the price soon reached one hundred and twenty trillion dao coins.

No one else dared to interrupt, and they wisely chose to observe from the side.

Of course, it wasn’t because they didn’t wish to bid. Even Third Heaven wouldn’t be able to bring out one hundred trillion dao coins! After all, he wasn’t in sole control over the treasury of the celestial empire. The only person who had the capital to compete with the Extreme East Old Man was Zeng Ying, who managed to obtain the treasury of a supreme expert somewhere in the depths of the universe.

When the Extreme East Old Man yelled out a bid of one hundred and twenty trillion, Zeng Ying started to hesitate.

She might have obtained the treasure of the supreme expert, but she would be hard pressed to bring out any more money.

When the old man saw that Zeng Ying was slowing down, he couldn’t help but reveal a self satisfied smile.

“One hundred and thirty trillion.” Of course, Zeng Ying might have run out of money, but Huang Xiaolong’s wealth wasn’t something the Extreme East Old Man could match up to.

“What the f*ck?!” Someone in the crowd screamed.

The Extreme East Old Man’s smile froze on his face, and he narrowed his eyes to stare at Huang Xiaolong. “Brat, didn’t you hear me? I’ll kill whoever dares to bid against me! Seems like you’re not planning to take my words seriously!”

“You overestimate yourself.” Huang Xiaolong sneered.

Everyone stared at him as their jaws dropped in disbelief.

When Caretaker Pang heard what Huang Xiaolong said, he chuckled in Di Xiaolong’s ear, “Hehe, seems like that kid has no idea who the Extreme East Old Man is.”

“If he learns of the old man’s identity, he will probably be pissing his pants. He’s crazy if he thinks he can get away after insulting the old man.”

Even someone like him didn’t dare to disrespect the Extreme East Old Man, much less some nameless b*stard who popped out of nowhere!

Zeng Ying turned to look at Huang Xiaolong in disbelief. She didn’t know if Huang Xiaolong had no idea who the old man was, or if he was really fearless of the consequences.

Whatever the case, the Extreme East Old Man’s laughter roared through the skies.

“Interesting! As someone born during the creation of the universe, I’ve experienced life in more than thirty worlds! This is the first time someone in the later generation dares to speak up against me!” The Extreme East Old Man snorted in contempt, “Brat, I have no idea who you are, and I have no intention of finding out. If you stop right now, I’ll spare your life and pretend nothing happened. I’ll even give you the chance to follow me as my attendant!”

“Heh!” Yuan Tianyi couldn’t control his laughter and a chuckle left his lips.

That one sound resounded loud and clear through the hall, and everyone who was present turned to stare at Yuan Tianyi like they were looking at some sort of maniac.

The Extreme East Old Man was no exception, and a snort escaped from his lips. As the sound wave tore through the void, several weaker experts spat out mouthfuls of blood. A horrifying pressure struck down on Yuan Tianyi.

However, the pressure disappeared right before it could strike Yuan Tianyi.

When everyone standing around saw what happened, they couldn’t help but stare at Huang Xiaolong’s group in disbelief.

Even though that was a casual probe by the Extreme East Old Man, no one was confident of taking it head on. Not even world masters present could shatter the attack as easily as Yuan Tianyi.

They could see that Yuan Tianyi sent the old man’s attack into another layer in the void, and that itself meant that Yuan Tianyi’s ability to control space was at the major completion level or higher!

In the Origin Sea, Yuan Tianyi already attained perfection level in seven different elements. Moreover, three of the other elements he comprehended were at the peak of the major completion stage. After several years of following Huang Xiaolong, he managed to push himself further with the assistance of the Tree of Origin. He reached perfection level in eight elements, and the other two were one step away from reaching perfection level.

With Yuan Tianyi’s strength, even experts who reached perfection level in ten elements wouldn’t be able to stand against him!

The Extreme East Old Man might be strong, but defeating Yuan Tianyi wasn’t something he could do in a short amount of time.

“Humph. Your slave is pretty good.” The old man sneered. “If you can take on an attack from me without dying, I’ll spare your life.”

Right before the old man could make his move, a lofty voice descended from the void. "Old b*stard, this is my auction!"

The person who spoke was none other than Gu Chunguang, the president of the Radiance of Spring Chamber of Commerce.

"Aren't you going too far by making a move on someone's subordinate?"

The Extreme East Old Man chuckled lightly in response, "Gu Chunguang, others might be afraid of you, but I'm not!" After he spoke, his palm came crashing down on Yuan Tianyi.

That was his personality anyway. As long as he made up his mind to do something, no one would be able to stop him unless they were leagues ahead of him in strength!

Chapter 3192: Eight Elements at Perfection Level

Pointing his finger at Yuan Tianyi, a terrifying ray of gray light shot out.

When Di Xiaolong, Zeng Ying, and the others noticed his strength, their expressions changed. They could see that the ray of light contained the power of ten different elements!

Just as the ray of light could reach Yuan Tianyi, a golden dragon covered in flames appeared in the void above them. It charged at the ray of light, and the gray beam was shattered like it never existed in the first place.

Everyone stared at the sudden change in shock.

That...

"Old man, what if I'm here too?" Another majestic voice descended from the void.

"Di Yu?!" The Extreme East Old Man's expression finally changed.

As soon as the words left his lips, Di Xiaolong got to his feet. He cupped his fists at the void and greeted, "Xiaolong greets second uncle!"

Everyone present felt a bomb going off in their minds.

Second uncle?! Di Yu?!

That was the third strongest expert in the Blazing Dragon Celestial Empire!

Many people got to their knees in an instant as they greeted Di Yu respectfully.

"All of you can get up." Di Yu's voice rang through the air once again.

When they got his permission, they finally got to their feet.

As the Extreme East Old Man's expression started to sink, his mind started to move. He didn't expect Di Yu to be present as well. He wasn't afraid of anyone else in the Blazing Dragon Celestial Empire, but he had to admit that Gu Chunguang and Di Yu would really be able to threaten him.

Moreover, a terrifying possibility flashed through his mind when he noticed Di Yu's presence.

With this expression turning dark, he got back in his seat.

“One hundred and thirty-one trillion.” The Extreme East Old Man snorted.

“One hundred and forty trillion.”

With icy light flashing through his eyes, the old man snorted, “Brat, do you really think the two of them can protect you forever? When you leave the auction venue later, you’ll die a horrible death!”

“If you’re poor, just admit defeat.” Yuan Tianyi snorted. “Your threats won’t work.”

Zeng Ying felt her brain buzzing when she heard how Yuan Tianyi spoke to the Extreme East Old Man. He was just a subordinate, but he was even more arrogant than her! Even with her identity and status, she wouldn’t dare to slight the Extreme East Old Man. However, Yuan Tianyi didn’t just disrespect the man, he threw out a sleuth of insults!

With his expression turning darker by the second, the Extreme East Old Man snorted, “You’re just a dog of a slave. You will die a death several thousand times worse than your master!”

A sneer left Yuan Tianyi’s lips, and he didn’t bother replying.

Finally, the old man gave up on the bidding process.

With one hundred and forty trillion, Huang Xiaolong purchased the corpse of the creation level dragon.

After handing over the dao coins, Huang Xiaolong retrieved the corpse and placed it in the Sun Moon Furnace.

After obtaining the batch of herbs and the corpse of the dragon, Huang Xiaolong’s strength would take another leap forward. He might even be able to immediately bring his comprehension of the power of space to perfection level!

If that was the case, he could easily suppress experts who had reached perfection level in all thirteen elements without lifting a finger.

When everyone saw how Huang Xiaolong brought out the cash, a complicated expression appeared on their faces. There were some who were shocked, and some were jealous. There were some who were gloating in his misfortune, and there were others who shook their heads in pity.

“This young man caught my attention...” Gu Chunguang looked at Huang Xiaolong and continued, “If he dies in the hand of the Extreme East Old Man, that would be a pity.”

Di Yu chuckled. “Should we join hands and save the brat?”

“Alright.”

The two of them chuckled in amusement as they looked at each other.

A massive blade was the final item of the auction, and it was a creation level artifact.

Naturally, many experts started to bid for the treasure. With Huang Xiaolong sitting out of the bidding process, the fight was naturally extremely intense without some crazy bugger adding tens of trillions at a

time. Now that he had the entire Huang Long Armor Set, the Sun Moon Furnace, the Purple Lightning Peak, and the Blood Dragon Stele, Huang Xiaolong couldn't be bothered with some random blade.

When everyone realized that Huang Xiaolong really had no intentions to snipe the item at the end, they heaved a sigh of relief.

After all, everyone saw the terrifying financial power in Huang Xiaolong's pockets. No one would be able to outbid him if he chose to fight for the item.

Eventually, the blade fell into Di Xiaolong's hands.

With the final transaction complete, the auction ended.

As soon as it ended, everyone turned to look at Huang Xiaolong.

Everyone knew that as soon as Huang Xiaolong stepped out of the auction venue, the Extreme East Old Man would make his move. Even if the old man didn't do anything, the Nether Spirit Palace wouldn't let him off.

Of course, he had too many treasures on his body. With the herbs, along with his terrifying amount of dao coins, even the Golden Bamboo Old Man might make a move.

As everyone kept their gazes on him, Huang Xiaolong got to his feet.

With Yuan Tianyi, He Zhen, and Li Shuo, Huang Xiaolong left the venue.

As soon as he did, many auras locked on to him. Despite that, no one made a move as they turned to look at the Extreme East Old Man.

A sneer left his lips. "There's no need to look at me. You can do as you wish. As long as his slave lives, I won't do anything to you guys. All I want are the herbs and the corpse."

"All of you can take whatever you manage to obtain."

As soon as the words left his lips, the venue erupted. More than a hundred experts leaped towards Huang Xiaolong at once.

Even the weakest one of them would be able to rank on the Extermination List of the Huang Long World!

Chen Yingxue and the various disciples of the Nether Spirit Palace sprung into action instantly.

Just as they were about to arrive, a hundred black shadows appeared beside Huang Xiaolong. A horrifying amount of death qi and corpse qi filled the air and swallowed the entire region.

Miserable shrieks filled the skies, and golden blood formed clouds that rained down on the lands. Including Chen Yingxue, everyone who lunged at him was killed.

Everyone stared at the scene before them in shock. They saw how the hundred figures swallowed the souls of their victims, along with their physical bodies.

The scene where an expert at the level of Chen Yingxue was torn apart with a single move filled the minds of everyone present.

“Motherf*cker!” You Wuyi screamed in anger. His sword slashed forward, and an uncountable amount of sword qi slashed at the spirits.

With seven elements at perfection level, one could only imagine how strong You Wuyi was.

As sword qi rained down from the skies, the power of radiance, darkness, lightning, metal, frost, wind, and earth stabbed at the fierce souls. They were strong, but they were comparable to an expert with five elements at perfection level at best.

With a snort, Yuan Tianyi slapped at the incoming sword qi.

As a blast resounded through the skies, You Wuyi was sent flying. As he retreated, he smashed through god knew how many structures.

“What?!”

Lei Qinghai and the members of the other races balked in shock when they saw what happened to the young palace master of the Nether Spirit Palace.

Even Di Xiaolong, Zeng Ying, and the others had no idea what just happened.

With seven elements at perfection level, You Wuyi was one of the most talented cultivators in the younger generation! However, he couldn’t even take a single attack from Yuan Tianyi!

“Eight elements at perfection level!” The Extreme East Old Man was stunned for a moment, but he burst into laughter in the next second. “No wonder you’re so arrogant...”

Indeed, Yuan Tianyi used the power of eight elements at perfection level when he stopped You Wuyi previously.

Chapter 3193: Extreme East Old Man’s True Strength!

After the old man spoke, he slowly got to his feet. Terrifying waves of pressure started to emerge from his body, and every time it increased by one level, the entire city trembled as though it was about to crumble.

Many experts retreated in horror, and that included the world masters who were present! Even Di Xiaolong wasn’t able to stand against the old man’s strength!

The only person who managed to hold her ground was the Sixth Princess of the Extreme Heaven Celestial Empire, Zeng Ying!

When Gu Chunguang and Di Yu saw the princess’ reaction, a weird light flashed through their eyes. It seemed as though they had underestimated her strength.

As the aura of the Extreme East Old Man grew even stronger, experts who weren’t in the city could feel a sense of fear gripping their hearts.

With thirteen lights swirling around the old man’s body, a brilliant glow expanded to illuminate the entire region. When it reached the heart of the Blazing Dragon World, the Blazing Dragon Sacred Land, it was finally stopped by the restrictions surrounding the land.

“Thirteen elements!” The faces of Gu Chunguang, Di Yu, and the others changed instantly.

In the past, the Extreme East Old Man could only control twelve elements. No one would have thought that he would comprehend the power of time after disappearing for so long.

The experts of the various superpowers, like the Nether Spirit Palace, Lightning Yang Race, and the others, couldn't help but feel their hearts shaking in shock.

Thirteen elements!

There were countless geniuses in the Blazing Dragon World, and every generation would produce someone whose talent couldn't be measured by ordinary standards. Despite that, the number of people who comprehended all thirteen elements could probably be counted on one hand. In fact, that was very much true as there were less than five people in the Blazing Dragon Empire who managed to comprehend all thirteen elements.

Someone at that level would hardly appear every one hundred million years. There were tons of people present at the auction, but even they hadn't seen someone who wielded the power of all thirteen elements!

From what they could see, the Extreme East Old Man reached perfection level in eleven of the thirteen elements!

Even though the power of time was only at the minor completion stage and the power of space was at the major completion stage, the rest were at perfection level!

Some people who had no idea who the Extreme East Old Man was finally realized why the Sixth Princess of the Extreme Heaven Celestial Empire would be so respectful to the old man.

With a snort, the Extreme East Old Man grabbed at Huang Xiaolong's group of four. “All four of you, kneel!”

His 'attack' contained nine elements at perfection level, and the number of people in the universe who could stand against him were few.

Of course, two of them were standing right in front of him. With an expressionless face, Huang Xiaolong glanced at the old man as though he was a fool.

A heaven shaking roar escaped Yuan Tianyi's lips and the sound waves sent everyone standing around flying.

A mere roar from Yuan Tianyi was terrifying to the extreme!

Soon after, thirteen lights formed around Yuan Tianyi's body and like the Extreme East Old Man, they were only stopped by the restrictions around the Blazing Dragon Sacred Land. The aura Yuan Tianyi emitted wasn't any weaker than the Extreme East Old Man!

“Thirteen... Thirteen elements!” Lei Qianhai felt his mind going numb when he realized how strong Yuan Tianyi was. Even the Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor couldn't believe it!

Di Xiaolong was equally stunned.

Gu Chunguang and Di Yu, who were about to reveal themselves, stared at Yuan Tianyi with their eyes wide open.

When You Wuyi, who was sent flying by Yuan Tianyi earlier, looked at the thirteen lights emerging from Yuan Tianyi's body, he felt a sense of dread appearing in his heart. The killing intent that once remained rooted in him dissipated without a trace.

Thirteen elements with eight of them at perfection level! Two of them were at the peak of major completion stage, and the power of space, time, and radiance were at the major completion stage!

Even the Extreme East Old Man was stunned.

He traveled through countless worlds, and he met several experts who had also comprehended all thirteen elements. However, all of them were terrifying experts who could cause the world to shake with a stomp of their foot!

Now, the person standing against him was the same, the only difference was, he was a subordinate of some nameless junior!

When Di Xiaolong, Zeng Ying, and the others were too shocked to speak, Yuan Tianyi sent a palm strike containing the power of ten elements towards the Extreme Eat Old Man!

Boom!

As their attacks slammed into each other, a heaven shaking explosion rang in the skies.

The entire Blazing Dragon World trembled under the might, and a terrifying shockwave swept through the lands. The experts standing in the plaza were strong, but they weren't strong enough to withstand the blast from the exchange of two peak-level monsters.

Miserable shrieks rang through the skies instantly.

After the exchange, Yuan Tianyi and the Extreme East Old Man took a step back unsteadily.

Surprisingly, they were equally matched!

Those still standing felt their jaws dropping in shock.

Even though the Extreme East Old Man didn't use everything he had, he realized that neither did Yuan Tianyi!

Earlier, he was confident of suppressing Yuan Tianyi the moment he struck. Of course, suppressing the man was the best outcome he could hope for. With Yuan Tianyi's strength, he would be unable to kill the man even if they fought for several days straight. If he wanted to kill Yuan Tianyi, he would need to reach perfection level in all thirteen elements.

With his strength, he refused to believe that he couldn't kill a mere subordinate of a youngster he had never heard of before!

Staring at the Extreme East Old Man, Huang Xiaolong muttered, "I told you. You're overestimating yourself if you think that you can do anything to me."

Di Xiaolong and the others no longer dared to feel that he was bluffing. Previously, Di Xiaolong even said that Huang Xiaolong would piss his pants if he knew how strong the Extreme East Old Man was. However, he wisely chose to remain silent now.

Roaring with laughter, the Extreme East Old Man felt a trace of excitement and killing intent rising in his heart. "Brat, do you really think that a mere subordinate will be able to protect you?! Regardless of your identity, I'll kill you right here and now! I, the Extreme East Old Man, have been in existence for so long and no one will be able to stand in my way!"

"I'm not someone you can insult and get away with, you little ant!"

As soon as he spoke, the Extreme East Old Man lunged at Huang Xiaolong.

This time, he used his full strength and he wanted to kill Huang Xiaolong regardless of the consequences.

"Brat, let's see if your slave can stop me now!" A malevolent laugh escaped his lips.

Roar!

All of a sudden, Yuan Tianyi's body shook and he returned to his true form. He turned into a giant beast that was god knew how many feet tall, and his body seemed to be a pillar that held up the heavens. His palm that covered the span of several sacred lands came crashing down on the Extreme East Old Man.

Boom!

Once again, the two of them were sent flying.

Chapter 3194: I Can Protect Myself

The two of them were flung out of the sacred land as they continued to do battle elsewhere.

From what everyone could see, Yuan Tianyi was sent flying a little further, and he seemed to be a little weaker than the Extreme East Old Man. Despite that, they were shocked that anyone could even stand up to the old man's strength.

The Extreme East Old Man used his full power in the previous strike. He used the power of all thirteen elements, but he was still stopped by Yuan Tianyi!

Even though the Extreme East Old Man was born during the formation of the universe and could draw on the power of the universe's origin, Yuan Tianyi received the nourishment of the Tree of Origin! His physique wasn't any weaker than the Extreme East Old Man, and it might even be stronger by a little bit!

As for Yuan Tianyi's bloodline, it was leagues ahead of the Extreme East Old Man!

After transforming back into his true form, Yuan Tianyi's aura reached a whole new level. When Di Xiaolong thought about the time when he didn't feel like angering the Nether Spirit Palace and refused to take Huang Xiaolong in as his subordinate.

“This... What type of universe beast is he?!” Several world masters asked when they stared at Yuan Tianyi.

No one was able to reply, as no one had ever seen anything like it!

Even Zeng Ying, Gu Chunguang, and Di Yu had no idea!

Boom!

In the heavens above, massive explosions rang out unceasingly as the two monsters clashed with each other.

The more they fought, the further they got. They disappeared from everyone’s sights, and the two of them eventually left the region.

Everyone finally snapped back to attention as they suppressed the shock in their hearts. They turned to look at Huang Xiaolong, and the unmistakable expression of jealousy, envy, and hatred flashed through the eyes of many.

If Yuan Tianyi was still present, they might control themselves. However, now that he was gone, it seemed as though there was no one else left to protect the kid!

Of course, there were still a hundred fierce souls around Huang Xiaolong they had to deal with if they wanted to make a move on him.

All one hundred of them were a force to be reckoned with, and even though everyone was thinking about it, no one dared to make the first move.

The world seemed to fall silent, and Huang Xiaolong couldn’t help but chuckle in amusement.

Finally, Lei Qinghai made the first move. “Purple Lightning Young Master, you impersonated me in the past but I don’t wish to blow this up. As long as you hand over the dao coins you have, I’ll let you leave.”

He knew that everyone pined for the herbs and dragon corpse in Huang Xiaolong’s possession, and he wisely chose to grab the dao coins the man had on him.

“You want my dao coins?” Huang Xiaolong revealed a smile as he looked at Lei Qinghai.

Even though he bought the herbs and the corpse of the dragon, he probably had more than nine hundred trillion dao coins on him.

“That’s right!” He swept his gaze across the spirits and the two other experts standing beside Huang Xiaolong and continued, “They might be strong, but killing you won’t be a tall task. You better think about your answer.”

You Wuyi stood out all of a sudden and sneered, “You killed several disciples of my Nether Spirit Palace. Now, your subordinates even killed my attendant. How do you plan to compensate me?”

Huang Xiaolong shook his head and he tried his best to control his laughter. “Lightning Yang Race? Nether Spirit Palace?

“Laughable! How laughable!”

He was finally unable to control himself and he laughed uncontrollably.

The look of mockery in his eyes caused the expressions on the faces of Lei Qinghai and You Wuyi to sink.

“Laughable?! Are you mocking the Lightning Yang Race and the Nether Spirit Palace?!” Lei Qinghai roared in anger. Killing intent filled his eyes and he snapped, “Let me show you who’s the joke here!”

After he spoke, he released his aura completely.

“Eight... Eight elements with seven at perfection level!” Someone screamed.

Everyone was shocked. Without a doubt, Lei Qinghai was even stronger than You Wuyi!

Even though it was only a single element more than the prince of the Nether Spirit Palace, it was an element at the major completion stage!

With pillars of light charging into the skies, Lei Qinghai roared, “Die!”

He appeared before Huang Xiaolong after taking a single step and he sent a punch towards his chest.

As for You Wuyi, he had long since hated Huang Xiaolong’s group. Especially after Yuan Tianyi injured him previously. When Lei Qinghai struck, he also appeared before Huang Xiaolong to send out a palm clad in black.

The two of them had the power to crush the heavens when they joined hands, and even Di Xiaolong’s expression turned sombre.

“Your Highness, should we...” Caretaker Pang whispered. “We cannot allow the two of them to snatch away the treasures!”

If the two of them grabbed the treasures, there would no longer be a reason for Di Xiaolong to make a move! If he attacked them after they succeeded, he would offend both the Lightning Yang Race and the Nether Spirit Palace!

If they moved now, things might be different!

Di Xiaolong nodded his head. But right before he could make his move, Huang Xiaolong returned their attacks with a slap of his own.

When they saw that Huang Xiaolong was treating them so nonchalantly, they couldn't help but roar in anger as they prepared themselves to end the battle once and for all.

After all, he was taking them both on at the same time, and he even dared to do it so casually!

When the Sixth Princess of the Extreme Heaven Celestial Empire saw what Huang Xiaolong was doing, she couldn’t help but shake her head in disappointment.

Even Gu Chunguang and Di Yu frowned.

“This brat is underestimating his enemy!” Gu Chunguang snapped.

“Let’s save him before we...” Before Di Yu could complete his sentence, his expression froze. A terrifying burst of light emerged from Huang Xiaolong’s palm, and it seemed to possess a strange beauty that captivated everyone who saw it.

Lei Qinghai and You Wuyi felt their hearts shaking, but it was too late to turn back now. A frightening power came crashing towards them.

Boom!

Drawing two beautiful arcs through the skies, they were sent flying.

They were blown out of the sacred land as the armor around their bodies shattered into nothingness. Scary tears could be seen around their bodies, and it seemed as though their fleshy bodies would crumble at the slightest touch.

“Nine... Nine... Nine elements at perfection level!” Zeng Shifeng, the second strongest expert from the Purple Vision Holy World, screamed.

Even the world master of the Purple Vision World was only an expert who comprehended six elements with five of them at perfection level!

“...”

Gu Chunguang turned to Di Yu and chuckled lightly, “Seems like our old eyes can’t keep up with the current times...”

Di Yu laughed softly, “Looks like we overreacted.” The two of them were ready to save Huang Xiaolong previously and they were about to make their move.

Nodding slightly Gu Chunguang continued, “Even if the little one, Di Xiaolong, moves against him later, he will definitely be able to protect himself.”

As the third prince of the Blazing Dragon Celestial Empire, Di Xiaolong was extremely talented! His strength wasn’t any weaker than the Extreme East Old Man, and he comprehended twelve elements with ten of them at perfection level!

Chapter 3195: I’ll Give You A Fair Deal

When the experts present saw how strong Huang Xiaolong was, they couldn’t help but jump in fright. Even the patriarchs of various ancient races couldn’t hide their shock.

Zeng Ying was equally as shocked.

As for Di Xiaolong, his expression turned extremely complicated.

If he knew that Huang Xiaolong already attained perfection level in nine elements, and had a subordinate who comprehended all thirteen elements, he would be more than willing to offend the Nether Spirit Palace to take him in!

When Huang Xiaolong sent You Wuyi and Lei Qinghai flying with a single slap, he turned to look at the various experts of the two factions. He saw them trembling in their shoes as fear threatened to overwhelm them.

Not one who would allow favors to go unpaid, Huang Xiaolong gave the order. "Kill them all."

In an instant, a hundred fierce souls lunged at the members of the two factions.

As miserable shrieks filled the skies, disciples of the Nether Spirit palace and the Lightning Yang Race were devoured by the spirits. When everyone else saw what happened, those who were still planning on killing Huang Xiaolong for his treasures felt the blood draining from their faces. A chill crept down their spines.

"Killing so many disciples of the two races... He's definitely going to offend them this time. He might have nine elements at perfection level, but he's no match for the palace master of the Nether Spirit Palace or the patriarch of the Lightning Yang Race! If he ever runs into them, he'll definitely have to give up his life!"

"You're right! The kid is too arrogant. After all, the Nether Spirit Palace Master and the Lightning Yang Patriarch are experts who comprehended twelve elements with eleven of them at perfection level!"

Discussions rang about, but all of a sudden, the Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor appeared before Huang Xiaolong.

Their actions drew the attention of everyone present, and the discussions immediately changed direction.

"Are the two of them planning to join hands to deal with the Purple Lightning Young Master?" Someone in the crowd gasped in shock.

Everyone felt a trace of excitement bubbling in their hearts.

Even if the two of them were not as strong as the Nether Spirit Palace Master or the Lightning Yang Patriarch, they were still pretty terrifying existences.

If they joined hands, wouldn't that mean...

Even Gu Chunguang and Di Yu frowned.

Zeng Ying raised a single eyebrow in interest at the sudden change in situation.

The Mysterious Pool Black Devil smiled, and he revealed his stained teeth to the man. "Purple Lightning Young Master, I didn't expect that you have attained perfection level in nine elements. However, it's too bad I'm working with the Golden Bamboo Old Ancestor today. We want the corpse of the dragon. As long as you leave it behind, we'll allow you to leave."

The Golden Bamboo Old Ancestor didn't say a word, but it was clear he agreed to what the old devil said.

It seemed as though they had already reached a conclusion before they moved.

"Sorry. I'll be bringing it with me. Like what I said. If you're strong enough, come at me." Huang Xiaolong muttered softly.

The two of them were stunned as they didn't expect that Huang Xiaolong would reject them outright.

A chuckle left their lips, and it rang in the ears of everyone present.

“Are you sure?!” The Golden Bamboo Old Ancestor sneered. “Blood will spill the moment we make our move. With us working together, you won’t be able to escape!”

“You better think twice.”

If it was anyone else, the two of them would have already killed the man. There was no need to waste their breath with anyone else. However, Huang Xiaolong reached perfection level in nine elements, and his identity remained unknown. They had no idea who was backing him up, and they felt that being a little more careful wouldn’t hurt.

“Your Highness, this is a good chance!” Caretaker Pang spoke to Di Xiaolong all of a sudden. “Why don’t we work with the two of them?!”

A flash of light lit up Di Xiaolong’s eyes.

Ordinarily, he wouldn’t want to offend a mysterious power at the level of the Purple Lightning Young Master. However, the herbs were too tempting for him to pass up.

“Your Highness, the brat is only an expert with nine elements at perfection level! No matter how mysterious his background, we have no need to be worried about it!” Caretaker Pang continued, “With the Flower of Time and Void Reincarnation Thistle, Your Highness might just reach perfection level in the eleventh element! You might even comprehend the final element and reach a whole new level!”

“If Your Highness manages to comprehend the thirteenth element, Lord Creation might change his mind and decide to groom Your Highness as the Son of Creation!”

Caretaker Pang’s evaluation rang through his mind.

Making up his mind instantly, Di Xiaolong appeared before Huang Xiaolong.

When everyone saw Di Xiaolong’s appearance, they couldn’t help but stare at Third Heaven in shock.

“Is His Highness planning to work with the two old monsters?”

The Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor were equally as shocked.

“Your Highness, this...” The old devil couldn’t help but ask. Even though he was curious, he still remained respectful.

Di Xiaolong raised his hand and stopped the two of them from asking any more. “I’m only here for the Flower of Time and the Void Reincarnation Thistles. Your desires have nothing to do with me.”

They heaved a sigh of relief in their hearts when they heard what he said. After all, if Di Xiaolong was adamant about obtaining the corpse of the creation level dragon, things might get ugly.

Di Xiaolong turned to stare at Huang Xiaolong. “The starting price of the herbs was set at fifteen trillion. I’ll cut you a fair deal now. I’ll give you fifteen trillion, and you give me the herbs.”

Huang Xiaolong nearly burst out laughing instantly. He bought them for fifty trillion, and Di Xiaolong was planning to obtain them for fifteen trillion. He even called it a fair deal! That was the joke of the century if Huang Xiaolong ever heard one!

In fact, there was basically no difference between his deal and an actual robbery.

Di Xiaolong's expression fell and he growled, "What are you laughing at?"

"I'm laughing at your stupid face." Huang Xiaolong smirked before replying.

Everyone watching the scene play out in front of them felt their eyes widening in shock.

Even Zeng Ying couldn't believe what she was hearing.

A piercing light emerged from Di Xiaolong's eyes and he snapped, "Since you don't know what's good for you, you won't be leaving alive today!" After he spoke, he released the power of all twelve elements from his body.

With ten of them at perfection level, his strength was something that rivaled some of the very strongest present. He might not be comparable to the Extreme East Old Man, but his bloodline gave him a very significant boost. With the power of the Blazing Dragon Bloodline coursing through his veins, the aura he emitted was only slightly weaker than the Extreme East Old Man.

The Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor realized that it was time to make their move too and they circulated their energies.

The two of them comprehended eleven elements, and ten of them were at perfection level!

In the Blazing Dragon World, the number of experts who had ten elements at perfection level were rarely seen.

However, with Di Xiaolong, the Mysterious Pool Black Devil, and the Golden Bamboo Old Ancestor showing off their might, they planned to kill a nameless youngster who was nothing more than an ant compared to them! Or so they thought.

Excitement bubbled in the hearts of everyone present when they realized that the fight was about to begin!

Chapter 3196: Eleven Elements at Perfection Level

Di Xiaolong frowned when he saw that the two of them wanted to act along with him. However, he chose to remain silent about it.

He knew what they were concerned about anyway.

In the void above, Di Yu shook his head silently. "Looks like he's unable to resist the urge..."

Gu Chunguang sighed, "Aren't you his second uncle? Perfect timing. You have a legit excuse to stop him, and if the other brat encounters any trouble, I'll deal with it."

Di Yu could only nod helplessly.

When their discussion concluded, the three of them unleashed their attacks in unison.

As Di Xiaolong's fists shot out, the power of twelve elements turned into two golden dragons that charged at Huang Xiaolong. A terrifying flame filled the air, and the Hidden Sacred Land and the area around it felt as though the fire of a thousand suns was threatening to burn them into a crisp.

Dark shadows filled the air when the Mysterious Pool Black Shadow made his move!

Scary figures completely black in color covered the skies as they leaped towards Huang Xiaolong.

As for the Golden Bamboo Old Ancestor, he summoned an uncountable number of golden bamboos that were massive pillars in the empty skies.

The alliance of the three strongest experts present caused the heavens to tremble and the earth to shake.

A crushing pressure filled the Blazing Dragon World as everyone around felt the frightening amount of power contained in their moves.

Experts who weren't in the Blazing Dragon World hastily opened their heavenly eye in order to watch the battle that caused such a huge commotion.

When they saw the third prince of the Blazing Dragon Celestial Empire acting alongside the Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor in order to deal with a nameless brat, they were shocked.

"Who is that kid?! How is he able to incur the wrath of the three of them at once?! He's definitely going to die there today. The only person who can possibly stop them would be the Extreme East Old Man, right?!"

Everyone stared at Huang Xiaolong as they wanted to see how he would react.

Just as their attacks were about to arrive, a smirk formed on Huang Xiaolong's face. His right fist slowly rose into the skies, but the power he used was no longer the same as before.

Previously, he used the power of nine elements at perfection level. Now...

The power of nirvana, radiance, darkness, poison, lightning, metal, blaze, frost, wood, wind, and earth could be seen swirling around his fist!

As eleven rays of light emerged from his fist, it was as though he held in his hands a mini sun.

The heavens and earth lost their color instantly.

Regardless of how strong the power contained in their combined attack, it was eclipsed by Huang Xiaolong's punch.

As the rays of light blinded those standing around, a massive blast rang through the air.

The two golden dragons from Di Xiaolong were magnificent, but in front of Huang Xiaolong, they were like worms who had been struck by a massive sledgehammer. Releasing a pitiful cry, the dragons were sent flying away.

Next, the dark figures summoned by the Mysterious Pool Black Devil started to disappear.

They were devoured by the light coming from Huang Xiaolong's punch, and there was nothing they could do to stop it.

At almost the same time, Huang Xiaolong's punch landed on the golden bamboo that filled the skies.

Instead of flying towards Huang Xiaolong, the bamboos were sent flying everywhere as they burst into tiny little fragments. They were like pretty little golden fireworks that were set off in the skies.

The explosion lit up the surroundings, and even those outside the region managed to catch a burst of light.

Di Xiaolong, the Mysterious Pool Black Devil, and the Golden Bamboo Old Ancestor were sent retreating from the impact. Out of the three, Di Xiaolong fared the best as he stopped himself after stepping out of the city gates. As for the two old monsters, they basted through several mountain ranges before ending up on a random rock somewhere.

As silence descended on the lands, the only sound that could be heard was the sound of rocks shattering when the two old monsters landed in the distance.

The experts from the various worlds, ancient races, and even the other celestial empires stared at Huang Xiaolong with their mouths agape. Even the experts who were watching the battle from outside the region felt their minds going blank.

"Eleven... Eleven elements at perfection level!" Zhen Shifeng from the Purple Vision World gasped in shock.

As for the young master of the Purple Vision World Master's Manor, Zi Juedao, he felt his legs going numb. In the past, he wanted to challenge Huang Xiaolong to a battle after hearing the rumors about the man. Luckily for him, he managed to resist the urge!

Otherwise, the battle wouldn't really be called a battle. It would probably end in one move!

No!

In fact, Huang Xiaolong wouldn't even need to make a move! He would be able to end Zi Juedao's life by just taking a deep breath!

Zeng Ying finally turned to look at Huang Xiaolong seriously.

A pretty light flashed through her eyes, and her expression fluctuated slightly. "Eleven elements at perfection level..."

Someone at that level was definitely able to cause her heart to tremble.

"What a pity..."

Huang Xiaolong might have reached perfection level in eleven elements, but he didn't seem to have comprehended all thirteen elements! Even though eleven elements were a lot, it meant nothing if he couldn't comprehend all thirteen elements! The only way one could ever become someone important in the universe was if they reached perfection level in all thirteen elements!

Huang Xiaolong was merely a slightly more interesting person in her opinion.

As for Gu Chunguang and Di Yu, their minds were trembling in shock.

Eleven elements at perfection level... Existences at that level would be considered hegemony in the universe no matter which world they resided in!

The expression on Gu Chunguang's face turned a little unnatural.

"Have you ever heard of this kid before?!" Di Yu asked with a complex expression on his face.

"Nope."

Sweeping his gaze across those present, Huang Xiaolong sighed, "Anyone else wishes to obtain the Flower of Time, Void Reincarnation Thistle, or the corpse of the dragon?"

Huang Xiaolong's gaze lingered a little longer on Lei Qinghai and You Wuyi who were sent flying out of the sacred land previously.

When they felt his eyes on them, they wanted to vomit another mouthful of blood. They thought that the alliance of Di Xiaolong, the Mysterious Pool Black Devil, and the Golden Bamboo Old Ancestor would be able to kill Huang Xiaolong once and for all, but they were wrong! The smiles that decorated their faces froze, and they hastily shook their hands in fear as they took several steps backwards in haste.

If they knew that Huang Xiaolong reached perfection level in eleven elements, they wouldn't have tried anything even if the leaders of their factions were present!

In front of everyone, Huang Xiaolong casually left the area with Li Shuo, He Zhen, and the fierce souls.

The expressions on the faces of the three who finally managed to crawl to their feet might be one of extreme reluctance, but none of them dared to make another move.

It was especially so for Di Xiaolong. There were traces of humiliation and rage that flashed through his heart, but a feeling of disappointment and regret soon followed.

Chapter 3197: Surpassing the God of Formations

Eventually, Huang Xiaolong's group left the plaza. As He Zhen tapped on a point in the void, rays of light lit up the skies and the entire group disappeared in front of everyone.

In the next moment, Huang Xiaolong and the others arrived back in the Purple Lightning Manor.

Gasps were heard in the crowd.

"God of Formations!" An expert adept in the art of formations yelled.

"No! He has already surpassed that level!" Someone else muttered in a serious voice.

Surpassing the God of Formations...

Everyone stared at the skies in shock.

That could only mean that the person had reached the peak of the art of formations!

In the Huang Long World, someone hailed as the God of Formation had reached the highest level in the art of formations. However, there was still a level higher than that in the Blazing Dragon World! Like the

different level of comprehension of each element, the art of formations was also classified into different tiers. When someone reached the peak of the art of formations, they would have surpassed the level of a Formation God!

In the Huang Long World, He Zhen was the strongest when it came to laying down formations. If he claimed to be the second best, no one would ever be able to surpass his level to take the throne! His talent in the art of formations was second to none, and that was also how he gained his title as the Myriad Formations Devil! He had been following Huang Xiaolong for quite some time now, and with the constant discussions with the man himself, he managed to reach the level only recorded in the legends of the Blazing Dragon World!

“I wonder if he managed to comprehend the power of space... If he did, that would be extremely terrifying...” One of the world masters whispered.

Even the Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor felt their expressions changing. A supreme expert who had surpassed the level of a God of Formations comprehending the power of space... That was something they didn't even dare to imagine! They knew exactly how powerful an expert well-versed in the art of formations would be after he comprehended the power of space as they had crossed paths with one, but the person who disappeared in front of their eyes was someone who had comprehended the art of formations to the highest level!

They might not be afraid to run into an expert at that level, but they knew that even with their strength, they would run into a lot of inconvenience!

Gu Chunguang looked towards the Purple Lightning manor and a weird light flashed in his eyes. “Is the Purple Lightning Young Master someone from another world?”

He knew the identities of everyone in the Blazing Dragon World who comprehended ten or more elements to perfection level. As such, he was sure Huang Xiaolong was someone who came from another world. Of course, as the oldest world in the universe, experts from all around would stream into the Blazing Dragon World from time to time and it wasn't a surprise if Huang Xiaolong was actually from another world.

A deep look could be seen on Di Yu's face, but he chose to remain silent. When Huang Xiaolong sent Di Xiaolong and the others flying instantly, his bloodline showed visible signs of reaction.

The feeling was extremely complex. He felt a sense of familiarity that he had never felt before...

Could it be?!

Di Yu shook his head as he felt that something like that wasn't possible.

Seeing as Huang Xiaolong had already left with all the treasures, the experts standing around felt that there was no point in staying around. The events that happened in the Radiance of Spring Chamber of Commerce was one that would cause the Blazing Dragon World to tremble.

The Sixth Princess of the Extreme Heaven Celestial Empire, Zeng Ying, left before anyone could figure out what was going on. Like how she appeared, no one saw her leave.

When Huang Xiaolong returned to the Purple Lightning Manor, he opened the grand formation immediately in order to get rid of the prying eyes of those outside the region. When he was sure that no one else would be able to spy on him, he sent a punch flying through the void.

As his fist tore through multiple layers of the void, it flew towards the Extreme East Old Man who was fighting with Yuan Tianyi somewhere outside the Blazing Dragon World.

Even though Yuan Tianyi had returned to his true form, he couldn't deny that he had only reached perfection level in eight different elements. Compared to the eleven that the Extreme East Old Man had comprehended, he was very much lacking. He only managed to hold out due to the power of his fleshy body, and as multiple palm prints slammed into his body, streaks of blood formed as he suffered serious wounds. If not for his body being extraordinarily large, the strikes would have long since blown a hole through him.

The Extreme East Old Man sneered when he looked at Yuan Tianyi in his sorry state, "Hehe, I'll deal with you before taking care of your master."

"When I'm done, I'll put the two of your corpses in the same grave and allow you to reincarnate as one!"

His laughter rang through the skies, but before he could say anymore, a terrifying blast appeared from the void behind him. Unable to think too much, the Extreme East Old Man sent a palm strike backwards with all the power he could muster. Even so, he was sent flying.

A look of shock formed on his face when he realized the power contained in the punch that hit him. Eleven elements at perfection level?!

"Who!" Roaring in rage, his voice echoed through the starry skies. However, he couldn't detect the presence of anyone other than Yuan Tianyi who was standing opposite him.

Releasing his dao soul, he failed to notice any anomaly.

"Motherf*cker. Are you messing with me?!" He sent a palm strike towards the void where the punch seemed to come from, but other than several spatial tears, nothing happened.

Of course, Yuan Tianyi wasn't standing there for fun. When the Extreme East Old Man was rampaging about, his attack arrived.

Without any choice, the Extreme East Old Man could only turn around to face Yuan Tianyi.

In the instant that he turned around, another terrifying wave of power appeared behind him. Like before, it contained the power of eleven elements at perfection level. However, he could feel that the sneak attack was several times stronger than the last!

As he was sent flying again, he vomited a mouthful of golden blood.

"This..." Fear finally gripped his heart.

He was someone who had comprehended all thirteen elements, with eleven of them at perfection level! His power of space was at the major completion stage, and the power of time was at the minor completion stage! Even if the other party had comprehended eleven elements to perfection level, how could he be so helpless?!

No... How could the other party be so damn strong?!

Of course, there was a reason behind the difference between the first and second attacks. Huang Xiaolong used the cosmos energy contained in three small worlds to unleash his first strike, but in his second punch, Huang Xiaolong also used the power of his Dao Physiaue of Heaven and Earth!

The two attacks were something Huang Xiaolong did without even utilizing his Huang Long Bloodline, or any parts of the Huang Long Armor Set! Despite that, a simple punch was more than enough to make the Extreme East Old Man suffer grievous wounds.

Even so, the Extreme East Old Man had no intentions to continue the battle. After pushing Yuan Tianyi away, he tore through the void and ran away in haste.

Seeing the Extreme East Old Man making his escape, Huang Xiaolong snorted in contempt. With the old man's strength, Huang Xiaolong would need to transform, but that would alarm the True Dragon Huang Clan. As such, he could only allow the old man to escape for the time being. When they ran into each other in the future, Huang Xiaolong made a mental note to beat the guy up before ending it once and for all.

When he reached perfection level in all thirteen elements, he would no longer have to worry about the True Dragon Huang Clan.

When he saw that his opponent had escaped, Yuan Tianyi tore through the void and returned to the manor. After Huang Xiaolong tossed over some Blue Lotus Liquid, he used that, along with his power of nirvana, to recover.

Several days later, his injuries had almost fully healed.

"Your Highness, I..." A look of shame could be seen on Yuan Tianyi's face when he spoke to Huang Xiaolong.

Waving his arm to dismiss Yuan Tianyi's concerns, Huang Xiaolong chuckled, "There's nothing to be ashamed of. You only reached perfection level in eight different elements. It's normal for you to lose to the Extreme East Old Man. Just enter seclusion in the Sun Moon Furnace. When you reach perfection level in ten elements, you'll be able to defeat the old man with ease."

Now that Yuan Tianyi had already reached the peak of the major completion stage in two other elements, reaching perfection level was only a matter of time.

Soon after, Huang Xiaolong completely opened the formations around the manor before entering seclusion with Yuan Tianyi, Li Shuo, and He Zhen.

All one hundred fierce souls were left in the manor to prevent anything from disturbing them.

When he entered seclusion, Huang Xiaolong knew that he wouldn't emerge until he completely refined all the herbs and the corpse of the Universe Tyrant Dragon.

Chapter 3198: 12 Elements!

First, Huang Xiaolong wanted to refine all eighty stalks of the Void Reincarnation Thistle!

Now that his power of space was at the peak of the major completion stage, it was extremely likely that he could push it to the perfection level with the help of the herbs. As soon as that happened, his strength would experience a huge leap forward!

Sitting under the Tree of Origin, he swallowed a stalk of Void Reincarnation Thistle and started to comprehend the power contained within.

As strands of qi started to emerge from the Tree of Origin, they surrounded Huang Xiaolong's party of four.

The power of radiance emerged from the bed of Pure Soil beneath them as crimson light emerged from the Blood Moon.

The Tree of Beginning didn't remain idle, and neither did the Parasol Tree.

With the Huang Long Bloodline, Huang Xiaolong could be said to possess the strongest bloodline in the entire universe! Refining the Void Reincarnation Thistle and comprehending the power of space was much easier for him compared to geniuses with other bloodlines, and with the assistance of so many peak-level treasures, the effects of the herb would only increase.

Just as Huang Xiaolong started to refine the herb, the events of the auction started to spread through the Blazing Dragon World. The reputation of the Purple Lightning Young Master shook the world to its core.

"One hundred and forty trillion to purchase the corpse of the Universe Tyrant Dragon?!"

"Eleven elements at the perfection level?! He managed to defeat the alliance of Di Xiaolong, the Mysterious Pool Black Devil, and the Golden Bamboo Old Ancestor?!"

"His subordinate comprehended all thirteen elements with eight of them at the perfection level! He even has another subordinate who surpassed the level of a Formation God!"

No matter which piece of news it was, it shocked every single power present in the Blazing Dragon World.

While the various powers were in an uproar, You Wuyi was kneeling in the main hall of the Nether Spirit Palace.

The Palace Master who was fully clad in black and only had red dots for eyes glared at him in anger. "You useless thing! Not only did you fail to obtain the Flower of Time and Void Reincarnation Thistle, you even humiliated yourself in front of everyone! You're a disgrace to my Nether Spirit Palace!"

As the palace master had already reached the perfection level in eleven elements, the Void Reincarnation Thistle was extremely important to him!

With beads of cold sweat dripping down his forehead, You Wuyi stammered, "Father, I didn't know that he had reached the perfection level in eleven elements! Even Third Heaven wasn't his match after working with the Mysterious Pool Black Devil and the Golden Bamboo Old Ancestor! Not to mention the fact that he had an endless supply of dao coins on him!"

You Ming, the Palace Master of the Nether Spirit Palace, sighed, and his expression started to let up. "Eleven elements at the perfection level?! Whatever the case, I'll be able to reach the perfection level in the power of space in the next million years. When that happens, I'll turn the so-called Purple Lightning Young Master into a dead man!"

You Wuyi rejoiced when he heard what his father said. "Father will be unbeatable when the time comes! When the brat meets you in the future, he will definitely wet his pants while begging you for forgiveness!"

You Ming nodded in satisfaction. "You can leave. Comprehending the power of space to the perfection level is the most important thing I have to do. Don't bother whatever his name is for now. When I emerge from seclusion, I'll deal with him personally!"

"Yes, Lord Father!"

The Nether Spirit Palace remained quiet after the incident, and so did the Lightning Yang Race.

Since the revelation of Huang Xiaolong's strength, the entire Blazing Dragon World couldn't sit still. Every single power that had their eyes on his treasures were forced into a deadlock immediately. As such, no one bothered Huang Xiaolong and his gang when they entered seclusion.

In the blink of an eye, three hundred thousand years passed.

In the three hundred thousand years, Huang Xiaolong not only managed to refine all eighty stalks of the Void Reincarnation Thistle. He even managed to refine all sixty eight Flowers of Time!

Sitting on the head of the Universe Tyrant Dragon, Huang Xiaolong pushed his Huang Long bloodline to the limit as several drops of essence blood started to emerge from the body of the massive dragon under him. After they appeared, some of the blood seeped through Huang Xiaolong's skin to enter his body.

The Universe Tyrant Dragon might have been dead for an extremely long time now, but its essence blood was preserved perfectly. At least eighty percent of it remained.

From the size of the dragon, eighty percent of its essence blood was an absolutely shocking amount. Not to mention the power it contained as the dragon had comprehended twelve elements to the perfection level...

Very quickly, the droplets formed a massive golden sea in the skies above him. They were like golden crystals, and one couldn't even see the end of the giant ocean.

The blood essence contained the dragon's comprehension of all twelve elements, and they also contained the energy from the source of the universe. Of course, as the king of all dragons, the essence blood of the Universe Tyrant Dragon contained an endless amount of dragon's might!

With Huang Xiaolong's Huang Long Bloodline, the blood essence of the Universe Tyrant Dragon couldn't be more useful to him. Even though a drop of blood from the ocean might not be as effective as a Void Reincarnation Thistle, there were billions of drops! If Huang Xiaolong managed to refine the entire golden ocean formed by the blood essence of the Universe Tyrant Dragon, the effects would far surpass the herbs he refined previously!

As Huang Xiaolong continuously refined the corpse of the dragon, it withered at a speed visible to the naked eye.

The phantom of the God of Creation, Huang Long, appeared behind Huang Xiaolong as rays of golden light filled the skies around him.

With the refinement of the blood essence, Huang Xiaolong's dao souls experienced a heaven shaking change.

His senses started to expand, and eventually, it managed to envelop the entire Blazing Dragon World.

It didn't stop there, and his senses continued to expand outwards.

Another hundred thousand years passed, and the corpse of the Universe Tyrant Dragon had completely dried up. It turned into a streak of golden light before disappearing completely, and the aura Huang Xiaolong emitted started to shrink. When it was finally contained by him, everything returned to normal.

Opening his eyes slowly, Huang Xiaolong knew that the Sun Moon Furnace was still the old Sun Moon Furnace he knew. The Tree of Origin hasn't changed since its birth, and it wouldn't change now. Everything around him remained the same, but Huang Xiaolong was no longer the same old person he once was. His vision could tear through any amount of space, and nothing seemed to be able to evade his sight.

Ordinary experts would only manage to observe the happenings in the region around them with the assistance of their heavenly eye. However, Huang Xiaolong could see even further, with his eyes alone!

The space around him could shrink to fit his will, and with a single step, Huang Xiaolong could cross several sacred lands.

Now that he emerged from seclusion, Huang Xiaolong had reached the perfection level in the power of space!

Twelve elements at the perfection level!

Of course, with four hundred thousand years of cultivation, the power of space wasn't the only thing he progressed in. His fleshy body, dao souls, and even the three small worlds inside him had been through thorough tempering by the blood essence of the Universe Tyrant Dragon! They reached a whole new level of strength!

Huang Xiaolong realized that the road to being a God of Creation was no longer as elusive as it seemed, and if he were to make a comparison, he would be separated from the God of Creation Realm by an entire creed before he entered seclusion. Now, it seemed as though there was only a tiny sacred land standing between him and the God of Creation Realm.

The only thing that Huang Xiaolong could complain about was the power of time. Even though it progressed a little, it still remained quite a fair distance off the peak of the major completion stage.

A perfectly timed announcement arrived as soon as Huang Xiaolong was done reviewing his gains. A yell came from outside the manor as the voice rang loud and clear through the ears of everyone present. "I am the subordinate of the Sixth Princess of the Extreme Heaven Celestial Empire! The Princess has invited the Purple Lightning Young Master over to the celestial empire for a discussion!"

Chapter 3199: Investigate Thoroughly!

“Oh.” Huang Xiaolong replied with a single word as a weird feeling formed in his heart.

Why would the Sixth Princess of the Extreme Heaven Celestial Empire invite him over for a discussion?

There was no way it was a small matter if she personally sent someone over to invite him over.

As his figure flickered, he emerged from the Sun Moon Furnace. When he reappeared, he arrived at the entrance of the manor and he saw two silver haired old men sent by Zeng Ying. From the aura the old men gave off, they wasn't any weaker than You Wuyi of the Nether Spirit Palace.

Caught by surprise, the two of them jumped in fright. One of them quickly cupped his fists in response, “May I ask if you're the Purple Lightning Young Master we have been tasked to find?”

“Yes.” Huang Xiaolong nodded slowly.

The two of them bowed respectfully when they received his confirmation. “Young Master, we are here on the Sixth Princess' orders, and we sincerely invite you over to the Extreme Heaven Celestial Empire. The princess has something important she wishes to discuss with you.” After they spoke, they handed over a letter.

Breaking the restrictions on the letter, Huang Xiaolong noticed that it was really a letter from the princess herself. It was an invitation to the Extreme Heaven Celestial Empire, but the reason for the invitation wasn't stated.

After thinking about it for a second, Huang Xiaolong muttered, “Alright, I'll follow you back to the Extreme Heaven Celestial Empire.”

“Many thanks!” Looks of joy could be seen on their faces as they bowed in haste.

“You're welcome.”

Soon after, Huang Xiaolong and the others cleaned up the manor before leaving the Exiled Dragon City.

The news of his departure reached the ears of many in an instant. Di Xiaolong, the Nether Spirit Palace, and the Lightning Yang Race were notified by their spies almost instantly.

Huang Xiaolong had been in seclusion for so many years, but not a single power removed their spies from around his manor.

As such, the news of his departure quickly swept through the powers.

“Oh? Princess Zeng Ying has something she wishes to discuss with him?” A weird light flashed in Di Xiaolong's eyes.

“Your Highness, do you think it has something to do with the Dao Emperor World?” Caretaker Pang felt his brain tingling and he quickly spoke up.

“It's possible. I've heard that the Dao Emperor's Sword has reappeared in the Dao Emperor World. I wonder if it's true...” He continued with a sneer on his face, “Even if it has, all of them are stupid if they

think they can obtain it. My oldest brother has been there for several hundred thousand years, and he has yet to locate the sword!”

The Dao Emperor’s Sword was the treasured weapon of the Dao Emperor himself, and it was a weapon at the creation level! It was said to contain the inheritance of the Dao Emperor, and anyone would be tempted to obtain a treasure at that level!

“That might not be the only reason the Sixth Princess is looking for the Purple Lightning Young Master.” Elder Fang spoke all of a sudden.

As everyone turned to look at him with a stunned expression on their face, Di Xiaolong asked, “Elder Fang, what do you mean by that?”

“I’m not completely sure, but I have a sneaking suspicion in my mind. I have to look into it a little bit more in order to be sure.”

Lights flashed in Di Xiaolong’s eyes as he thought about the implications of Elder Fang’s words.

...

Along the way to the Extreme Heaven Celestial Empire, the two silver-haired elders gasped in shock as they noticed the speed of the Purple Lightning Peak. “Young Master, is your flying ship a pseudo creation artifact?”

Nodding slightly, Huang Xiaolong smirked. “That’s right.”

In the past, he had to conceal the fact that the Purple Lightning Peak was a pseudo-creation artifact. However, he was no longer afraid of anyone after he reached perfection level in twelve elements.

One of the elders exclaimed, “There are only so many pseudo-creation level flying ships in the Blazing Dragon World! Even the princes of our celestial empire don’t have flying ships of this level... Who would have thought that the Purple Lightning Young Master would own one!” A trace of envy could be seen on his face as he sighed in resignation.

It was the dream of many peak-level experts to own a pseudo-creation level flying ship.

After all, it was an extremely valuable treasure one could use to travel and defend themselves.

The other elder was equally as envious of Huang Xiaolong.

A chuckle left his lips. “I only managed to obtain this treasure through sheer luck. I used a lot of effort to refine the flying ship to its current level.”

Along the way, Huang Xiaolong spoke to the two of them about matters regarding the Blazing Dragon World and other worlds.

Huang Xiaolong managed to learn a lot from the two of them, and with the speed of the Purple Lightning Peak, they reached the capital region of the Extreme Heaven Celestial Empire in several short months.

Even though it wasn't as crowded as the Blazing Dragon Region, there were tons of flying ships and divine beasts flying through the air. Experts of the ancient races, world masters, and those from various superpowers could be seen everywhere!

The Purple Lightning Peak caused a massive commotion when it appeared.

"Is that a pseudo-creation level flying ship?!"

"Who in the world is that guy?!"

"I have no idea, but the two silver-haired elders seem to be the experts protecting the Sixth Princess!"

"What?! The Silver-Haired Old Men!"

The faces of everyone changed when they heard the reputation of the two old men.

"Legends has it that the two of them are experts who reached perfection level in seven elements!"

"It's been so long since they last fought... They have to be stronger than that!"

Huang Xiaolong chuckled softly when he heard the praises everyone had for the two elders. "You seem to be very famous here..."

"The Purple Lightning Young Master must be killing! We're nothing but weaklings compared to you..."

Laughing in response, the Purple Lightning Peak soared through the skies and headed straight for the Extreme Heaven Sacred Land.

"Purple Lightning Young Master?!" Someone in the crowd heard how the two elders addressed Huang Xiaolong and they gasped in shock. "Is he the expert who defeated Di Xiaolong, the Mysterious Pool Black Devil, and the Golden Bamboo Old Ancestor?!"

"It's probably him... It's no wonder the Silver-Haired Old Men are so respectful!"

Several experts started to discuss among themselves.

Huang Xiaolong's arrival quickly traveled through the Extreme Heaven Celestial Empire. The battle that took place in the Radiance of Spring Chamber of Commerce had spread through the entire Blazing Dragon World, and many experts knew of his name. Even after several hundred thousand years, no one would forget about him!

Experts who reached the grand completion level in ten elements were considered great experts in the Blazing Dragon World, and Huang Xiaolong showed off the power of someone who had comprehended eleven elements to the grand completion level!

As they traveled towards the Extreme Heaven Sacred Land, a group of soldiers stopped them dead in their tracks.

The faces of the two elders changed slightly when they saw their commander, and they whispered softly in Huang Xiaolong's ears, "It's the eldest prince's men! He's Marshal Xue Jian from our Extreme Heaven Celestial Empire!"

"Oh." Huang Xiaolong narrowed his eyes slightly.

The Blazing Dragon World was dominated by the three celestial empires, and the marshals of their respective empires were existences who had absolute authority. Even the princes of the celestial empires had to show respect to the marshals.

Xue Jian was coincidentally the strongest marshal in the Extreme Heaven Celestial Empire, and his strength was something no one could deny.

As he worked for the oldest prince in the celestial empire, he was naturally standing against the Sixth Princess.

Cupping their fists, the two elders greeted the marshal. "Greetings to Marshal Xue Jian! The Purple Lightning Young Master has been invited over by Her Highness! Please do not make things difficult for us!"

As core disciples and the upper echelons of the Blazing Dragon Celestial Empire were able to enter the Blazing Dragon Sacred Land, the Extreme Heaven Sacred Land was no different.

Any outsider would have to be thoroughly searched before they could enter the sacred land.

A mocking smile formed on Xue Jian's lips. "I'm doing my job. Even if he's someone invited by the Sixth Princess, we have to check him thoroughly!" After he spoke, he glared at Huang Xiaolong and snapped, "Is there anyone who will take responsibility if he's up to no good?"

Chapter 3200: Hand Them Over

The two elders felt their expressions changing after hearing what Xue Jian said.

Before they could speak, Xue Jian had passed down his order. "Search!"

The army behind him poured into the Purple Lightning Peak instantly.

It seemed as though he was intentionally stopping Huang Xiaolong, and he had long since made his preparations. There were a million elite soldiers behind him, and their commanders were experts in their own right.

Huang Xiaolong didn't bother stopping them at all. Neither did he activate the restrictions around the ship to stop them. In fact, he allowed them to stream onto the Purple Lightning Peak.

As soon as they entered, they formed ten thousand groups of a hundred men as they charged towards every corner of the flying ship.

Along the way, they swept up every single herb they could find.

Yuan Tianyi and the others felt their expressions sinking when they saw what the army was doing. However, Huang Xiaolong stopped them from making any moves.

Staring at their actions with a cold gaze, Huang Xiaolong chose to remain silent.

All of a sudden, Xue Jian and two other experts took a step to appear before Huang Xiaolong.

“Are you the Purple Lightning Prince? I know you have a hundred fierce souls as your subordinates. All of them are extremely dangerous creatures and they feed on the flesh of living experts. In order to keep the disciples of the celestial empire safe, you cannot bring them into the sacred land!”

“What do you intend to do about it then?” Huang Xiaolong asked.

“Hand them over to us. We’ll be keeping them for you.”

The expressions of the two silver haired elders changed.

It was clear Xue Jian was making things difficult for Huang Xiaolong.

“Hand them over to you?” Huang Xiaolong looked at Xue Jian as though he was looking at someone whose brain was filled with water.

“Of course! We’ll return them to you when you leave the Extreme Heaven Sacred Land.” Xue Jian laughed.

Huang Xiaolong snorted slightly in response. He wasn’t a baby who was born the day before. As long as he handed them over, there was no way he would get them back. After all, the other party would just refuse to meet with him when he left.

Even if the princess personally appeared to retrieve them, she might not be able to get them back. Xue Jian was a marshal of the celestial empire, and he was the strongest one at that! His status was indeed as high as the clouds.

“What if I refuse?” Huang Xiaolong sneered.

A frosty light flashed through Xue Jian’s eyes and he snorted, “According to the rules of the celestial empire, we’ll kill anyone who refuses to comply with my order!” He released his aura all of a sudden, and he continued, “You might be someone who reached perfection level in eleven elements, and your subordinate might be someone who comprehended all thirteen elements with eight of them at perfection level. However, you’re better off not resisting!”

He released his power completely, and everyone could see that he had comprehended twelve elements with eleven of them at perfection level!

As the strongest marshal in the Extreme Heaven Celestial Empire, his strength was as respectable as could be. He was even stronger than Di Xiaolong of the Blazing Dragon Celestial Empire!

The two great generals behind him released their auras too, and they had comprehended nine elements with eight of them at perfection level!

The two of them might be great generals, but their strength ranked in the top few in the empire. They might be even stronger than marshals of the three celestial empires, but they chose to remain as great generals even though their strength had reached the requirement for promotion!

It was clear that they were Xue Jian’s strongest generals.

Huang Xiaolong couldn’t help but chuckle in amusement when he noticed Xue Jian’s strength. He might be a little stronger than Huang Xiaolong expected, but he was a long way to go compared to the

Extreme East Old Man! The old man made a wise decision to escape when faced with the old Huang Xiaolong. Even without showing himself, Huang Xiaolong managed to beat the Extreme East Old Man half to death with the power of eleven elements at perfection level! Xue Jian was nothing but a fly in front of Huang Xiaolong who had comprehended his twelfth element!

With the power of time nearing the major completion stage, Huang Xiaolong knew that even if experts who had reached perfection level in all thirteen elements appeared before him now, he would beat them down without much difficulty! There wasn't a need to mention the clown that was Xue Jian.

Seeing as Huang Xiaolong chose to remain silent after he released his aura, Xue Jian continued, "Right now, I suspect that you have other dangerous artifacts on you. Hand over every single treasure on you right now!"

He didn't release his lock onto Huang Xiaolong.

As long as Huang Xiaolong said no, he would attack immediately.

One of the silver haired elders stepped forward and frowned, "Marshal Xue Jian, Her Highness is rushing over right now. Please refrain from doing anything you will regret."

"Even if she comes, I have nothing to be afraid of. I'm doing my job, and she can't butt in for no reason." Xue Jian sneered.

Turning around, he glared at Huang Xiaolong, "Purple Lightning Young Master, hand them over along with all your treasures! I'll give you ten breaths of time to make your decision!"

The faces of the two elders became extremely ugly. They might have notified the Sixth Princess a moment ago, but she might not be able to arrive in ten breaths of time!

It seemed as though she wasn't going to make it in time.

As for Huang Xiaolong, he remained impassive as he looked at the clown that was Xue Jian. As long as Xue Jian made a move, he would most definitely...

Three breaths of time passed in an instant, and the space around them froze on the fourth breath.

A dense killing intent started to fill the skies, and everyone in the surrounding regions turned to stare at the scene.

Many people gasped in shock when they noticed Xue Jian.

"Is that the young man invited by the Sixth Princess? Things are going to get interesting..."

Xue Jian's allegiance to the oldest prince was something known to all. His conflict with the Sixth Princess was an open secret.

Very quickly, eight breaths of time passed.

Circulating the cosmos energy in his body to the limit, Xue Jian got ready to attack.

Ninth breath!

The hearts of the two elders sank, and they realized that there was no time for the princess to arrive.

Tenth breath!

As soon as the tenth breath of time passed, Xue Jian unleashed everything he had. However, a crisp voice rang through the air to interrupt him. "Hold it right there!"

The silver haired elders revealed an excited expression when they noticed that she had arrived.

Instead of stopping, Xue Jian hastened his attack. He used everything he had as his palms shot towards Huang Xiaolong.

Twelve rays of light shot towards Huang Xiaolong, and just as it was about to smash into his chest, another ray of light pierced through the void to slam into his palms!

Bang!

When Xue Jian's palms slammed into the ray of light, an explosion rang through the air.

As the blast engulfed him, Xue Jian took several steps back. After he finally steadied himself, a figure appeared from the void above, and Zeng Ying made her appearance. The ray of light shot back into her hands, and on closer inspection, it was something like a disk!

Without a doubt, the disk was a pseudo-creation artifact. It was nearing the peak level of a pseudo creation artifact, but Huang Xiaolong was able to observe Zeng Ying's strength nonetheless. He could see that she was a little stronger than Xue Jian, and that was saying something.
