

Chapter 26

In the villa area of Mount Yun Ding.

Luo City was the most luxurious villa area in Luo City.

It was a vast land with mountains and rivers. More than a decade ago, the local leaders of the real estate industry joined forces from all walks of life and spent billions of dollars to hire the most professional teams at home and abroad to design it.

Each villa was worth more than ten million yuan.

In the villa cluster, there were not only artificial lakes, artificial hills, even golf course, and so on.

The layout was so lavish that it could be said that it was extremely hard to find.

Dong Bohao's identity was a symbol that he could live in the villa area of Yunding Villa.

Ordinary people were not even qualified to enter this place.

At this moment, it was early autumn, and the cold autumn wind blew the willow branches on the side of the road. The willow branches were flying in the air, which was very beautiful.

"Your Highness, after the auction, Luo Cheng started their resources and transferred the ownership of the villa to our name. He also gave the whole set of furniture in the villa. The new furniture is on the way. We can officially live in the villa in the next two days."

Xiao Qi stepped forward and reported.

"Luo Cheng does know how to behave at the auction." Xiao Fei chuckled. He was not surprised at all.

Having reached his position, he had long been accustomed to being flattered by others. He was the only one who did not show his identity at home. Otherwise, Luo Cheng would not even have a chance to approach him at the auction.

"Luo Cheng's family is behind Luo Cheng's auction. This family is quite interesting," Xiao Qi said with a smile.

A few years ago, as the Seventh Childe of the Li family, he was familiar with several families in the country that could be compared with the Li family.

The Li family, as an old strong family in the east, was extremely powerful and could be called overlord.

An ordinary family could not be respected by him, the Seventh Childe of Li family. He had never heard of any so-called wealthy and powerful

families in Dongheng.

On the contrary, the Luo family was noticed by him, which showed that the Luo family was not weak.

Next, Xiao Qi was responsible for a lot of things, while Xiao Fei was making tea and reading books in the newly bought villa. After the night fell and having dinner, he went back to his room to sleep.

He had nothing to do the whole night. The next morning, Xiao Fei got up early and ran.

This was a habit that he had cultivated since he was a child. Over the years, whenever he got free time, he would insist on running in the morning.

In the rear, Xiao Qi followed him and accompanied him. Although he had been very puzzled about his Prince's habit of running in the morning, he had been used to it for a long time.

"Get in touch with Liu Yuxin and tell her that I'm very unhappy."

Xiao Fei stopped and looked at the vast artificial lake. On the lake surface, there were willow trees and fish jumping. The scene was still the same.

He vaguely remembered that when he was young, what he liked to do most was to sail on the lake with his sister.

Her sister was young. Every time she saw fish jumping on the surface of the water, she clapped her little hands excitedly and cheered.

However, eight years passed in a twinkling of an eye after the dream was shattered.

Now, the old scene was as old as it used to be, but his sister was nowhere to be found.

"Little sister..."

His eyes were slightly closed, and his heart was rolling. Even his whole body was transmitted out with a breath, which made Xiaoqi, who was contacting Liu Yuxin, tremble in his heart. With a horrified look on his face, he retreated.

Fortunately, Xiao Fei immediately opened his eyes and his eyes regained calm.

"Did you get in touch with him?"

Xiao Fei looked at Xiao Qi.

The latter hung up the phone and said helplessly, "It's not Liu Yuxin who answered the phone, but his father who asked us to find him by ourselves. The place is at his home."

"You do have some guts."

Xiao Fei chuckled.

"However, I checked the map. The place he was talking about was the headquarters of the Police Department of Luo City."

At the same time, a smile appeared on Xiao Qi's face. "Obviously, he thought that the headquarters of the Police Department was on the opposite side. He thought that we didn't dare to do anything."

"Very smart."

Xiao Fei praised and looked into the distance. It was the place where the Xiao family's villa was located. "I have nothing to do. Let's take a look at the scenery of Luo City first, and then go to Liu Yuxin's house."

Since he hadn't returned for eight years, the scenery of Luo City had already changed dramatically. He also wanted to see the changes in the East Cold.

"Okay."

Xiao Qi quickly ran not far away and drove the group of cars over.

From beginning to end, there was a smile on his face.

Prince Yi, it seemed that he had forgotten what he had said before that he wanted to fight alone, hehe...

"Find a time to go with another car."

However, after Xiao Fei got in the car, he said in a fortune-telling way.

"Ah..."

Hearing this, Xiao Qi's face suddenly turned bitter.

How could he not understand that Prince Yu wanted to drive a car for him? He wanted to get rid of the driver and drive out alone. However, if he did not help Prince Yu drive, what would he do?

He was a little absent, as if he had been abandoned.

"What are you waiting for? Drive."

Xiao Feihan shouted.

"Oh, yes."

Xiao Qi started the car feebly. Along the way, he sneaked a glance at Xiao Fei from time to time, and opened his mouth to speak several times, but did not dare to speak it out.

"If you have anything to say, just say it."

Xiao Fei looked at him grumpily. This boy was old, but he looked like a child.

"Your Highness, don't you want me?"

Xiao Qi said with a bitter face.

Xiao Fei, "..."

He turned his head and looked at Xiao Qi carefully, only to find that he looked pitiful and a little scared.

"Hahaha..."

Then, he couldn't help laughing out loud.

"Did I say something wrong?" Xiao Qi muttered.

"You kid, you're really..."

Xiao Fei could not help but shake his head. "Next, you have something more important to do. You can't be my driver every day."

"What is more important than being your driver?"

Xiao Qi muttered.

"I'm looking for my little sister."

Xiao Fei looked out of the window and said in a low voice, "You are allowed to mobilize other people into the domain. No matter what, we must find her within a month..."

After a pause, there was a trace of firmness in his words. "Even if you want to dig three feet into the ground, you have to do it at all costs!"

Although his voice was not very loud, it carried an unparalleled domineering air.

Hearing this, Xiao Qi felt the blood boiling in his body. He quickly said, "Don't worry, Your Highness. We don't need to use our people for the time being. Xiao Qi will arrange for people to find the trace of my little sister. We must find clues in a short time."

"If it doesn't work, I'll ask my brothers and sisters to do it again."

Thump!

At the same time, a black Dragon Token was thrown to him. He grabbed it with one hand in a hurry and looked shocked. "Your Highness, this is the Supreme Dragon King Token. How can you give it to me?"

The token was palm-sized and appeared black. No one knew what material it was made of. When it was held in the hand, there was a warm aura circulating. On one side of the token, it was surrounded by nine dragons, while the other side was full of mountains and rivers.

Supreme Master, Supreme Master of the Nine-dragons Fall Mountain!

This was the Supreme Supreme Dragon King Token. In that place, it represented supreme majesty. The person holding the token was like a king himself!

Xiao Fei rubbed the space between his eyebrows and said, "For the sake of my little sister, let's do it in an easy way."

"Yes."

Feeling his master's determination, Xiao Qi carefully put the Dragon King's Token away and said, "Don't worry, Your Highness. I'll try my best."

Although it was not the time to fight in the past, he was burning with blood at this moment.

No one in the world could stop the Dragon

King's order.

This was a true supreme existence.

As soon as the Dragon King gave the order, the sky turned upside down and the earth turned upside down. Blood gushed out of the sky.

He did not dare to use this order unless it was absolutely necessary.

Chapter 27

The headquarters of the Police Department in Luo City was located in the maple forest, and it belonged to the central area of the eastern box.

The opposite residential area was called Junlin District, which could be said to be a gathering place for local tyrants.

At this moment, in the No. 108 villa in the community, Liu Yuxin, her brother and her father were all there.

This villa was not their home, but Liu Yuxin's own house. This time, if something happened to Liu Yuxin, she would be found by others all the time. Therefore, her father and brother came to accompany her.

"Dad, do you really dare to come with that thing?"

The one who spoke was Liu Yuxin's brother, Liu Yucheng.

He was wearing a white suit, dressed very appropriately, and looked like a playboy.

At this moment, Liu Yancheng was sitting on the sofa with his legs crossed, playing with a card in his hand in boredom, with a faint smile on his face. "If he doesn't dare to come, I will deal with

him in a few days. If he dares to come..."

After a pause, he said in a strange tone, "If you really dare to come, then let the dog lie down and hit my sister. Do you really think he is a big shot?"

At this moment, Liu Yuxin stood by the window with her arms crossed. She looked out of the window with hatred in her eyes. "Brother, if he dares to come, you must avenge me."

"Although our Liu's family can't compare with those real old families in Luo City, we can't be bullied by anyone."

She said in a cold voice, "I want him to kneel down in front of me and apologize."

That night, she would never forget the shame at the entrance of Jun Shang International Hotel, and she would become a laughing stock.

If she did not seek revenge for herself, it would be difficult for her to see anyone.

At this moment, Liu Kexin's father, who was sitting on the sofa smoking, said, "My Liu family can't be bullied by any nobodies. I, Liu Guanghong's daughter, can't be bullied by anyone at will."

As he said this, he picked up his mobile phone and made a phone call. "Secretary Chen, how does Boss Lyu reply?"

"Boss Liu, Boss Lyu said that he could

mobilize the elites of the Police Department at any time, but he had to make a name for himself."

A capable woman's voice came from the other end of the phone.

"Well, you continue to lead your men to guard outside the community. As soon as you see the other party appear, you should inform me immediately."

Liu Guanghong hung up the phone and looked at Liu Yuxin and Liu Yucheng. "I have already made arrangements. If the other party really dares to appear, then the opposite police department's door will be open for him. The prison waiting for him for ten or eight years is waiting for him."

"It's too easy on him, isn't it?"

Liu Yucheng's face was full of dissatisfaction. "My little sister has been taken care of as a treasure by us since she was a child, but she was slapped in the face by that guy in public. If she just let that guy go in to eat, how can she relieve the hatred in her heart?"

With this, a cold look appeared on his face. "I'm a master of nine-Dan Black Belt Ninth-Dan Black Belt. Even the elites of the Department of Police are no match for me. Let's not let the police take action first. I'll do it myself and cripple him first."

"Yes, we can't let him live a good life."

Liu Yuxin also turned her head, with a cold look on her face. "Big brother, you must teach him a hard lesson for me."

"Don't worry. Whoever dares to offend our family will never come to a good end."

Liu Yucheng's face was full of pride.

At the same time, he swung his hand, and the card suddenly shot out. A piece of paper cut into the apple on the table.

"I've been practicing this unique skill for a long time. As long as I have a poker card, it's enough to cripple that bastard."

When Liu Ya saw it, she was surprised. "Big brother is so powerful that he can definitely destroy that dog. At that time, I will make him kneel down in front of me like a dead dog."

His voice was full of resentment and complacency, as if he had already seen the man kneeling in front of him and asking for his help.

o o o o o

The sun was setting, and they strolled around Luo City. After passing by Xiao Fei, who used to live in many places in the past, they arrived at Junlin District under Xiao Qi's car.

Looking at the police department on the opposite side of the community, Xiao Fei pinched his nose and smiled. "The Liu family is really well

prepared."

"I'm afraid they're ready."

Xiao Qi said with a faint smile.

The car drove to the community. Seeing this, Secretary Chen, who was waiting for Liu Guanghong at the gate of the community, hurriedly ran in with his men.

"Boss Liu, they're coming. I saw their car coming."

From a distance, Secretary Chen called out anxiously.

There were seven or eight strong security guards beside her. They were transferred from the security guards of Liu Guanghong's company.

"How many people are there?"

Liu Guanghong frowned and looked at Secretary Chen.

"There's only one business car. As for how many people there are in the car, we don't know yet. They're coming."

At the same time as Secretary Chen said, he saw a business car sticking out at the door of the villa.

The car door opened and Xiao Fei and Xiao Qi walked out.

"You bastard, how dare you come? I wanted you to live a happy life for a few more days. Now

that you're here, you're going to die."

In the villa, Liu Yucheng rushed out quickly, playing with a card in his hand and looking at Xiao Fei with a sneer.

Liu Yuxin and Liu Guanghong also followed him, and their eyes were fixed on Xiao Fei at the first time.

"There are really a lot of people."

Xiao Qi laughed and looked at the seven or eight security guards with a disdainful look. "Tut-tut, there are only a few security guards and they want to deal with us. They are really whimsical."

"There are not many people here. As long as they can work."

Liu Guanghong said in a deep voice, "I'm a big shot in Luo City. How dare you slap my daughter's face in public and ask me to kneel down and apologize. Do you think I'm easy to bully?"

After all, he was a boss of a big group, so his words were much calmer than his son's.

"Who are you? Why haven't I heard of you?"

Xiao Fei looked at him with a faint smile.

His eyes swept over Liu Guanghong and Liu Yancheng, and then fell on Liu Yuxin. He smiled and said, "Didn't you tell them who made the mistake?"

"Bastard, no matter what my sister does, she

is right. If you dare to hit my sister, you deserve to die."

Liu Yucheng shouted angrily.

"Oh, so, it's because Liu Yuxin is your sister. Whether she is killing or setting fire, is it right?" Xiao Fei looked at Liu Yancheng with a faint smile.

"Yes, that's right."

Liu Yucheng raised his head with an arrogant look on his face. "My Liu's bloodline is high and mighty. How can a bastard compare with me?"

"Good, very good."

Xiao Fei was extremely angry and laughed. "What a noble bloodline that you can do whatever you want."

With a sharp look in his eyes, he looked at Liu Guanghong who didn't say anything. "Do you think so too?"

Liu Guanghong gave Secretary Chen, who was standing outside the door, a look. The latter quickly retreated, and he said in a deep voice, "Although I am not talented, I can't tolerate my daughter being bullied by others. Young man, you may have an extraordinary background, but what you should understand is that this is Luo City. You should know how to advance or retreat."

As a boss of a big group, Liu Guanghong would naturally not be as impulsive as his son.

Although he was angry in his heart, he did not turn hostile immediately.

"Do you mean that I don't know how to advance or retreat?" Xiao Fei touched his nose.

"Damn, my father is so kind and angry to talk to a junior like you. You didn't listen to him respectfully, and you even dared to question my father. Are you looking for death?"

Liu Yucheng couldn't look at them, so he shouted angrily.

"Your son's education is not very good."

She turned her eyes and casually looked at Liu Yucheng, who was standing out. Her mouth showed a hint of coldness. "I don't like to be interrupted."

"You don't need to pretend to be a wolf. This is the Liu family's place. What else can you do?"

Liu Yancheng sneered and pointed at Xiao Fei. "Don't think that you can do whatever you want. I tell you, when you come to Luo City, you have to be a dragon. Not to mention, you are just a little bug."

"Don't move, or I'll crush you to death."

He gently rubbed the cards in his hand, as if he wanted to crush Xiao Fei to death.

"You are talking too much."

Xiao Fei raised his hand, and Xiao Qi came

forward with a sneer. "Kid, you talk too much, and you will die."

"What are you doing? Do you want to die?"

The seven or eight security guards of the Liu family were very conscientious. They rushed over and stood in front of Liu Yucheng.

"Bump!"

Xiao Qi directly stepped forward and appeared in front of the security guards in an instant. He reached out his hand very simple and slapped them directly.

A slap flashed like a chain of palms. In an instant, the eight security guards were all sent flying.

"What!"

Both Liu Guanghong and Liu Yancheng's expressions changed drastically.

However, before Liu Yucheng could show his unique skill that he had practiced for many years, Xiao Qi stepped forward and came in front of him. He grinned and showed his snow-white teeth.

"Your bloodline is noble?"

Snapped! Snapped! Snapped!

Liu Yucheng, who had nine pieces of Taekwondo Black Belt, was stunned by the slap.

"I'll make you talk too much."

Snapped! Snapped! Snapped!
Clap! Clap! Clap!

After a few slaps in succession, Liu Jingcheng spun a few times on the spot and then fell to the ground.

"Pitter-patter..."

It was not until this moment that the cards in his hand fell to the ground with the wind.

Xiao Qi had more than a thousand people. He stepped on Liu Yucheng's chest and sighed. "You talk so much. I thought you were so good at fighting. It turned out that you were so vulnerable."

VAMP20 WORK

Chapter 28

"You, you turned the table, didn't you?"

Seeing that his son was slapped several times, fell to the ground, and stepped on his chest, Liu Guanghong was so angry that his whole body was shaking.

"My son just said a few more words, and you stepped him on the ground, you, you..."

Liu Guanghong was not Chu. In Dong Han, there were still some people that he couldn't offend.

Usually, he often educated his children. If he could, he had better be kind to them.

If he offended someone, he would kill him.

This time, when he learned that the other party had hit his daughter, he was furious and kept his motto in mind. He wanted to kill the other party.

He didn't expect that his son would be beaten first as soon as he invited him over.

It was even more uncomfortable than hitting herself.

"What did you say?"

Xiao Qi raised his ears and looked at Liu Guanghong with a smile. At the same time, he

exerted a little strength under his feet.

"Poof..."

Liu Yucheng spat out a mouthful of blood.

Liu Guanghong didn't know what to say.

His son spat out blood when he heard his son's words. He was trembling with anger, but he didn't dare to say a word.

"Brother..."

Liu Yuxin screamed and looked at Xiao Fei with resentment, "Are you really lawless?"

"What do you think?"

Xiao Fei looked at Liu Yuxin with a faint smile.

Liu Yuxin took a deep breath and said angrily, "The police department of Luo City is across from us. How dare you act recklessly?"

Xiao Fei, "..."

Xiao Qi had a faint smile on his face and did not speak.

Their silence made Liu Yuxin and Liu Guanghong's eyes light up at the same time. Although the two were lawless, they were just outsiders. It was impossible for them to be arrogant enough to ignore the law. Therefore, when they heard that the police was right in front of them, they were certainly afraid.

Before Liu Yuxin could continue, Liu Guanghong said in a deep voice, "It's normal for young people to make mistakes because they don't know how to behave properly. However, you should know that no matter how powerful a person's strength is, it can't be compared with the law of the empire."

"Your behavior has already violated the law of the empire. If you let go of my son now and compensate for medical loss, and apologize, you can still do it privately. Otherwise, the gate of the police department will be open to you."

After saying that, Liu Guanghong's face showed a trace of coldness.

He had beaten his children. So what if the other side admitted their mistakes?

If he didn't pay enough compensation, he would try his best to make them die in silence, even if they were put in prison.

"How much compensation do you think is suitable?"

Xiao Fei smiled, and the Supreme Black Card appeared in his hand. "Do you think that this piece of black card jointly released by the international bank association can be enough to overdraw 10 billion yuan from any bank in any country?"

"What?"

Liu Guanghong's face changed.

He knew that the international bank would indeed release some popular bank cards. In the process of cooperating with its international friends, he had heard that there was a Supreme Black Card.

However, he had never seen it with his own eyes.

At this moment, when he saw the Supreme Black Card in Xiao Fei's hand, his expression suddenly changed.

"What a joke. You said it's an international Supreme Black Card, isn't it?"

At this moment, Liu Yuxin burst into laughter. "You said that it can overdraft 10 billion yuan, but can it overdraft 10 billion yuan?"

With a face full of disdain, she walked to the table next to her, picked up her bag, took out a black gold card from the bag, and said proudly, "This is also a black gold card, which was jointly issued by an international bank. I said it could overdraft 100 billion yuan."

Xiao Fei was speechless. This woman really knew how to stir up trouble. However, he really didn't want to prove the authenticity of this black card to her.

He put away the black card and looked at Liu Yuxin. "It seems that you didn't take my words seriously."

"What?"

Liu Yuxin's expression changed. Just now, she was complacent. After scolding Xiao Fei once, she almost thought that the Liu family had already suppressed the other party.

At this moment, he remembered that Xiao Fei's men were still so rampant that they stepped on his brother.

"Bang..."

However, at this time, Xiao Qi let go of Liu Yucheng and stepped forward. He slapped Liu Yuxin to the ground and said with disdain, "I didn't want to hit a woman at first, but you made me so uncomfortable."

Bang!

Liu Yuxin was kicked out and flew out of the door.

At this moment, a group of people rushed over quickly. They were wearing uniforms of the police department and armed with weapons. They were all fully armed and looked serious.

"Miss Liu!"

Liu Yuxin bumped into one of the policewoman, and the policewoman's face suddenly changed.

"How dare you commit murder in public!"

Liu Tingting yelled, her eyes cold as she

pointed her weapon at Xiao Qi and Xiao Fei in front of her.

She was the captain of the police department who led the team to Liu's family after receiving the report this time. Originally, she happened to have a period in the past few days, accompanied by the pain in her lower abdomen, which made her very uncomfortable.

At this moment, Su Mo was so arrogant that he dared to hit her openly. She was instantly enraged.

"Raise your hands and squat down with your head in your hands, or you'll be killed on the spot."

Her eyes were cold and she glanced at Xiao Fei and Xiao Qi one by one. She pulled the pistol and closed it directly, looking at the two coldly.

"Er..."

Xiao Fei and Xiao Qi were a little surprised at the same time. In the police office, he actually sent a little girl here, and she was a little hot and interesting.

As for Liu Yiting, as the policewoman, she was well-known in Luo City. She had a delicate face, a oval face, Liu Yuetong, and a tall nose. Her right mouth was pink and tender, without any make-up, but she was better than countless beautiful women who were well-dressed.

She was tall, with straight and slender legs.

She was wearing a pencil pants and a leather jacket, which made her look capable of being a strong woman. At the same time, she also had the temperament of a super beauty.

She could be said to be the perfect candidate for the goddess.

She was the only one who didn't wear uniform among the people from the Department of Police.

Originally, even if she was the captain, she had to wear a uniform.

However, when she just found her period and was about to ask for leave to go back to rest, she didn't expect that she was called over by her superior because of this accident.

Liu Yiting found that the two guys in front of her were staring at her with strange eyes after she shouted, and she became even angrier. "Why don't you crouch down with your head in your arms? Do you really want me to shoot you?"

This shout was like a thunder, which made many men feel ashamed.

"Your Highness, this girl is a little tough."

Xiao Qi looked at Xiao Fei with a smile. "It's a little similar to Third Sister. Presumably, Third Sister will like her very much."

"It's a little like that."

Xiao Fei nodded. Xiao Qi didn't say anything,

but he didn't find out. At this moment, after Xiao Qi spoke, he found that Xiao Qi's temperament and character were a little similar to his subordinates.

"How dare you laugh?"

Liu Tingting saw this scene and instantly became angry. She stepped forward and pointed the pistol at Xiao Fei's head. She shouted angrily, "I'll smash you, believe it or not?"

"Dong..."

However, before she could get close to him, she suddenly slipped, and her whole person actually slipped toward Xiao Fei.

"Ah..."

She was dumbfounded.

He was going to deal with this bastard, but he fell down before he came to him...

If it was in normal times, with her fighting level, it was naturally impossible for her to fall.

However, today was just a special day every month. Her stomach was in pain and her body was a little weak. She couldn't react. She could only watch herself fall down to the ground.

She saw that the smooth ground was getting closer and closer. If she touched it, it was estimated that her face would swell even if it did not disfigure her face. She could only helplessly close her eyes.

However, the next moment, just as she was about to touch the ground, she suddenly felt a tight grip on her waist. A pair of powerful bracelets crossed her waist and hugged her.

She looked up and saw a handsome face facing her. At this moment, she suddenly felt a little confused...

VAMP20 WORKS

Chapter 29

"Captain, this is..."

"Is this a trick of beauty?"

"....."

Behind them, a group of police officers followed. All of them had strange looks on their faces. When their boss rushed over, he suddenly fell down and then was hugged by the other party.

No one knew better than them what kind of skills their captain had.

This was the violent girl who had won the championship of the fighting in the police department three years ago. She was called the Walking Girl mob.

How could she fall down like this on the road for no reason?

Obviously, his boss had either taken a fancy to the handsome man and was reluctant to take action at first sight, or deliberately played the trick of a beauty and planned to subdue him without any effort.

"He lives up to his title as the captain. Everything is under her control."

At this moment, these police officers sighed in their hearts.

In particular, a few young people who had just joined the team had a look of admiration on their faces. "I have long heard of the skills of the boss. Now it seems that he is really extraordinary. Even the beauty trap has been calculated by her."

"Shit..."

Listening to her men muttering in a low voice, Liu Tingting wanted to die.

"Bullshit. I just came because of my menstruation. My stomach hurts and I'm weak, so I accidentally fell down."

I, I really fell down ah ah ah ah.

"Is it a beauty trick?"

What was even more hateful was that at this moment, this guy, who was holding her in his arms, was thinking with a frown. It seemed that the other party also thought that he was playing a beauty trick.

"However, there might be some misunderstanding between you and the beauty trap."

Xiao Fei spoke again.

"What?"

Liu Yiting was puzzled and asked habitually, "What do you mean?"

"There's only one condition for the scheme of a beauty is that it must be executed by a beauty,

and you..."

Xiao Fei shook his head, but there was a trace of anger on his face.

"You, what do you mean?"

Liu Yuting was stunned at first, and then she became furious. "Bastard, how dare you say that I'm ugly? I'm going to kill you."

"It's too bullying."

"I, ahem, ahem, I've been living in different places since I was a child. Who doesn't say that I'm extremely handsome?"

"How dare you say that I'm not qualified to play the beauty trick?"

"Do you mean that I'm ugly?"

At this moment, Liu Yiting was so angry that her whole person was about to explode.

"Ah, ah, ah..."

Enduring the pain in his stomach, he stood up and kicked Xiao Fei's head with his right foot.

This guy's head must have been kicked by a donkey. Otherwise, what kind of look was that?

She kicked him to death.

"Bump!"

However, she naturally couldn't get what she wanted. Xiao Fei's right hand gently pressed to stop her feet.

"Ah, ah, ah..."

Liu Tingting was furious. She used all her skills and all her fighting skills to attack Xiao Fei crazily.

At this moment, Xiao Fei was no longer holding her in his arms. Instead, he moved unhurriedly and blocked all her attacks.

Everyone was dumbfounded by what they saw.

"This..."

"What's going on?"

Liu Guanghong had forgotten to look at his daughter who had been kicked out by Xiao Qi. He gawked at Xiao Fei and Liu Yiting, feeling that his head was a little useless.

"Is this the well-known captain of Luo City's police department?"

Liu Yucheng was also dumbfounded. He knew Liu Yiting. As the captain of the Department of Police, this woman was hard to deal with. When she had nothing to do, she especially wanted to get hold of the rich and rich second generation of them. She wanted to get them in.

It was really hard to deal with.

But now, he suddenly went mad...

"As I said, captain, you deserve to be the captain. You play this beauty trick beautifully."

"Yes, with the team leader's help, it's so easy for us to complete missions every time."

"....."

Liu Tingting's men all sighed with emotion.

At the same time, they even put away their guns and felt that it was time to finish their work.

If their boss took action, there would be nothing that couldn't be done. They only needed to be responsible for arresting people later.

"Bump..."

However, when these small police officers took back their guns, suddenly, there was a "bang" sound. Their captain did not know why, but fell down again.

"Oh, my god. Captain, your plan is too tricky. Let's play a beauty trick again."

"I don't know how to learn. I can't afford to mess with them."

"Captain, you live up to your name as the captain..."

Liu Tingting's men all sighed with emotion. Only their captain had the natural advantage that he could use the beauty trap several times.

They widened their eyes and looked over. Sure enough, the other party attacked again and hugged Liu Jianting, who was about to fall down.

Moreover, this time, the movement seemed to be a little loud. The other hand was just holding the captain's butt with one hand, and the other hand was holding the captain's back to the front. Uh, it was a pity that he couldn't see it...

Liu Tingting's men all widened their eyes and wanted to see where the hand was. They couldn't help but feel itchy, but when they didn't dare to say anything, Xiao Fei and Liu Yiting stared at each other.

"You..."

Liu Tingting gawked at Xiao Fei. This bastard dared to attack her two places at the same time. Didn't he want to live?

At this moment, the strangeness on Liu Yianting's body came over, which made Liu Yianting, who had never had this kind of experience before, lose her mind and her face turned red.

Xiao Fei looked at this woman, who was a little hot because of intense exercise, and shook his head gently. "The smell of blood is so strong, and you are still fighting. You are really awesome."

He patted her lightly and got her back. Then, he reached out and rubbed her belly, and then he took two steps back and stood still.

"You, you..."

Liu Yiting was dumbfounded. This bastard, if

he accidentally ran into her restricted area when he hugged her, then forget about it.

However, what did he mean by patting and rubbing in public?

Provocation in public and obscenity in public?

"Sh*t!"

"Bastard!"

The blushing face instantly turned into shame and anger. The whole person rushed out like a furious Junior Leopard.

"Come on."

Xiao Fei frowned and looked at this crazy girl. "People's tolerance to you is not the capital that you can do whatever you want."

"If you come again, don't blame me for being rude."

Lin Mengya was a little crazy about Lin Mengya.

"Tut-tut, it's interesting."

Xiao Qi held his arms and looked at this scene with a smile.

In the past few years, the prince had been used to being superior and less popular in the kingdom. Although he had a deity-like temperament, it belonged to them.

But now, after returning to the East Cold, there were more and more people in the human world.

This was a good thing.

If the news was spread back and it was known by the brothers and sisters, they would be very happy.

When Xiao Qi was watching with a smile, Liu Yiting still rushed toward Xiao Fei and began her new round of attack. This time, she was even more aggressive. She displayed all kinds of fighting skills, and her power was really extraordinary.

However, Xiao Fei easily blocked all her attacks with one hand.

In the end, he was really impatient. He grabbed her directly and held her with both hands, making her unable to move. He shouted in a low voice, "Don't make trouble."

His voice was low, and there was an extraordinary aura spreading out from his body. Liu Yiting, who had been struggling, could not help but step back.

She stared at Xiao Fei. "You..."

But after that, she couldn't say anything.

"Holy crap... Why do I feel that our boss seems to have been defeated by the other party?"

"Could it be that it's not a trap of beauty, but a

deliberate approach to the other party..."

"Could it be that Big Boss is tempted?"

"..."

Liu Tingting's men were all stunned.

From their point of view, their posture was too easy to make people's imagination run wild.

The two of them surrounded each other. Xiao Fei's hands were holding Liu Yiting's, and the latter's whole body was stuck in his arms, as if she were trying to rub her body into the other's body.

No matter how he looked at it, there must be something wrong with this movement.

"I can't afford to offend him..."

"Boss is the boss. He is pursuing love. He is too fierce."

"Look, the oldest's pretty face is red. It's so beautiful. They may fall in love at first sight."

Her subordinates were still whispering. Looking at this scene one by one, they felt too excited. It was more wonderful than seeing their boss show his great power to destroy the other party.

Xiao Fei, "..."

Liu Yiting was speechless. "..."

The rest of the people were speechless.

Chapter 30

"Bastard, do you know what you are doing? Entering the room to hit people, and even kill people. This is a try to kill, and you dare to tease the police. You have committed a big crime."

Hearing her subordinate's words, Liu Jianting was about to cry, but she also knew how wrong her actions were now. She was unhappy in her heart, but she didn't dare to annoy Xiao Fei, instead, she shouted in a low voice.

Xiao Fei was surprised. "Didn't you fall in love with me at first sight and play the trick of beauty at first sight?"

Liu Yiting was speechless. "..."

"Does this guy always feel so good about himself?"

Although... although he was not a man of high spirit and looked very familiar, the stances of the two sides were different. One was a bastard who was waiting to be caught, and he was caught. Would he like him?

"I think you are daydreaming."

Liu Qiating gritted her teeth and said that. She raised her head to look at the other party angrily.

However, in other people's eyes, this action

was more like the feeling of raising their heads and asking for a kiss between a couple.

"My God, hot eyes, hot eyes..."

"Big Boss, you'd better take it easy."

"It's a big deal. It's not good."

Liu Tingting's men were all stunned. Their words made Liu Tingting stunned. She wanted to attack them, but at this moment, it was not a good idea to do so.

She was afraid of her subordinates. She just wanted to see clearly where the other side's eyes were, and then came straight to fight with two dragons.

This could also be said by his subordinates to be not serious.

"Bastard, I'll teach you a good lesson next time."

When Liu Yiting was extremely angry, she suddenly felt a light on her body. The other party actually let her go.

She shook her hands and feet and couldn't believe that the other party really let her go.

"Oh, no, my tummy doesn't hurt anymore."

Suddenly, she realized that she didn't know when she began to feel the pain in her lower abdomen which could torture her to death every month and a few days.

Thinking carefully, it seemed that the other side's hand rubbed his lower abdomen a few times and it didn't hurt anymore.

"This...this can't be?"

She didn't believe it. Was it really because the other side just rubbed a few times that the fatal pain in her lower abdomen was cured?

This...

Just as Liu Yiting was surprised, Liu Guanghong was furious. His son and daughter were still lying on the ground. But Liu Yiting, the leader of the police department, had been flirting with her enemy?

"Captain Liu, what are you doing here?"

Liu Guanghong endured the anger in his heart and asked angrily.

"Aren't you the one who reported the case? What do you think I'm doing here?"

Liu Yiting replied grumpily.

"I only saw you flirt with him." Liu Guanghong was trembling with anger. "Is this the so-called famous Flower of the Police Department of the East?"

Why did she look like an anthomaniac?

"Mr. Liu, please be careful."

Liu Tingting glanced at him faintly and

suppressed her curiosity. She looked at Xiao Fei and said, "What's your name? What are you doing here? Also, what's the matter with these two people? Tell me the truth."

"Captain Liu, I want to report to the police that these two guys entered the human realm to kill people and beat my children like this. You should first collect evidence and then take them back for interrogation, right?"

Liu Guanghong stood up again and said with a look of disapproval on his face.

Liu Tingting nodded and said, "Then take them back."

As she said this, her subordinate came up and was ready to take photos and collect evidence.

Liu Guanghong breathed a sigh of relief. As long as he was taken back, there would be no problem. With his connections, it was too easy for him to kill two people in the police office.

"You're dead. I want you to get in, but you can't get out."

Liu Yuxin came in with the help of a police officer. Her face was swollen and her eyes were full of endless resentment.

"Ya Xin, are you alright?" Liu Guanghong hurried over to support his daughter.

"Dad, it hurts so much..."

Liu Yuxin burst into tears as soon as she saw Liu Guanghong. She looked at Xiao Fei and Xiao Qi with resentment and said, "I want them to die..."

"Don't worry, they must be dead."

Liu Guanghong was full of anger and said with cold eyes.

"Mr. Liu, please pay attention to your words." Liu Jianting was dissatisfied. This guy said that he wanted to kill them in front of her. Did he think that the police department was run by his family?

"Humph..."

Liu Guanghong was dissatisfied with Liu Yiting. He snorted and said, "Do your job well. I will tell your boss what happened today."

"Whatever."

Liu Tingting rolled her eyes and looked at Xiao Fei and Xiao Qi. "Come with me."

"Why should I go with you?"

Xiao Fei asked back.

"You're suspected of entering the house to kill someone, so you must go back and assist in the investigation. If you're proved innocent, you can leave after the investigation is clear."

Liu Tingting said coldly.

At the same time, she looked at Xiao Fei and

felt a little curious. Was it because of Xiao Fei's pain in her lower abdomen?

Was he a miracle-working doctor?

After making up his mind, he would find a time to ask about it. However, since he was working now, it would be better to bring this guy back first.

"In Luo City, it won't be difficult for me to kill a person. Just wait and see."

At this moment, Liu Guanghong endured the anger in his heart and looked at Xiao Fei with cold eyes.

"Oh, do you mean that you can deal with me at will?" Xiao Fei said with a faint smile.

"That's right. My Liu family wants you to die at midnight. You can't live until midnight." Liu Yucheng also stood up and shouted angrily.

"Interesting."

Xiao Fei smiled softly and walked toward the three of the Liu family with Xiao Qi.

"What are you doing? Stop."

Liu Tingting and other police officers all changed their faces.

However, when they were ready to move, Xiao Qi stood behind Xiao Fei and said coldly, "Just stand there if you don't want to die."

As soon as he finished speaking, the two sides did not take any action, accompanied by a series of complicated footsteps. A group of people quickly followed up, and the leader was precisely Li Gang.

Behind Li Gang was a group of men, followed by a middle-aged man with sweat on his forehead.

"Chief!"

Seeing the middle-aged man, Liu Tingting and others suddenly changed their faces.

The other party was the Chief Captain of the Department of Police.

"This is the end of your mission. You can go back to your work." The middle-aged man quickly stepped forward and shouted at Liu Tingting and others.

"What?"

At this moment, Liu Tingting and the others were shocked, and even the three members of Liu Guanghong's family were also dumbfounded.

"Is the mission over?"

"They haven't taken them back yet?"

This...

Liu Guanghong had a bad feeling in his heart, but he quickly said to the middle-aged man, "Captain Ma, what's going on?"

However, the middle-aged police officer, who usually had a good relationship with the two of them, at this moment, did not even look at Liu Guanghong, but turned his head to look at Li Gang. "Old Li, what do you think of the next?"

"It's fine as long as your people don't participate." While Li Gang responded, he walked up to Xiao Fei and Xiao Qi, gave them a "Pa" and gave them a salute.

"....."

At this moment, everyone was stunned.

Li Gang was wearing a formal military uniform. Looking at the sign on it, didn't it belong to Captain Wan?

This was the highest position below the general's status. In the military camp of Luo City, it could be said that there were more than 10,000 people under the command of tens of thousands of soldiers.

The other party's actions all proved that Xiao Fei and Xiao Qi in front of him were absolutely extraordinary.

"You, you..."

Liu Guanghong's eyes were wide open, and his face was full of disbelief.

Liu Yuxin and Liu Yucheng were stunned for a moment.

Liu Tingting also widened her eyes and looked at this scene. Then, she came to the side of Captain Sima and whispered, "Boss, what's going on? Who is he?"

Captain Ma looked at Xiao Fei with a complicated look and whispered, "I don't know who it is, but it's definitely not something we can afford to mess with."

"Hiss..."
