We got home and i still didn't know where i was at. Ash picked me up and placed me on the couch.

" I told her no monkey business! fez yelled at ashtray.  
"How the fuck should've known that she was gonna get high and drunk!" ash yelled back

i still felt like i was on the best planet on earth or something  
"boys,boys. calm down" i said slowly .  
"who asked you to talk!" fez screamed at me.  
"watch your god damn mouth!" ash screamed at fez.  
they kept fighting but then, i passed out.

\*slam\* i hit the floor.

"shit!" ashtray yelled

"aye man this isn't my problem" fez said backing up.  
ash picked me up and put me in the bathtub. he turned on the cold water.

" damn it" he said punching the wall and leaving the house.

" he le " fez said smoking.

"le where" i said looking at the hole ash made in the wall.

"yo stop asking so many questions y/n" fez said standing up.

"he le bc of me didn't he" i questioned myself.

"come on now y/n your pissing me o "

i drained the water still having my wet dress in and went to ash's side of the bed and stayed there.

it's been a week i haven't ate or moved the only thing i've done is cried.

the front door opened and ash came in grabbing water.

"yo where the hell were you" fez said going to the kitchen.

ash dropped his water and went to me.

my back was against the door and i felt a hug from behind me. it smelt like weed a little too much weed "rue" i questioned

"i love you y/n i'm so sorry" a deep voice said.

"ash?" i turned around.

"why the fuck do you smell like weed" i said madly.
