

Ill Love You Forever

I woke up and i saw lexi at her vanity, she was putting on little bits of make up.

"oh y/n, your up" lexi said getting up to walk over to me.
"you have to leave right away" lexi said.
"but i have to start my car" i said freaking out.
"don't worry about that" lexi said.

lexi got me out of bed and walked me outside. I went to walk into my car i turned my head and ash was right there.
"ash?" a tear fell.
"we should probably park somewhere else before you get trouble"
ash said looking at me.

we pulled in the into the nearest parking lot.
"y/n" ash put his hands on my face.
"i'm really sorry what happened last night i love you"
"no, no. don't be sorry" i said wiping my tears.
"i know we're young but" ash pulled out a ring.
