

A date

I didn't know how to respond. i always talked to ash about getting married. but we're also so young, very young.

If i say yes i'm worried that things will mess up in the future, if i say no i'm worried things will mess up now.

"so" ash's arm started to shake.

i stared into his eyes i thought about this deeply.

"yes" i said quietly.

"yes!?" ash perked up.

We both smiled and ash slid the ring on my finger.

"i'll never hurt you" He said tucking a piece of my hair behind my ear.

i couldn't help myself but to kiss him.

ash shut his eyes tight but also so ly made out with me, ash pulled back and his lips parted.

me and ash always kissed, but this kiss was di erent. i felt more at home. ash licked his lips.

"yum, what chapstick are you wearing?" ash kept licking his lips.

"only one way to find out" i went back for another kiss.

"oh i know! that's definitely mint! or at least i think so" ash lowered his voice.

i sat back in my seat smiling, also noticing how my mood changes so fast with ashtray.

"ash" i sad looking at him.

ash looked at me continuing to lick his lips.

"i'm really in love with you"

"i am too" ash said putting his hand on my thigh.

A couple minutes later, me and ash decided to go out to eat. we went to the nearest diner and walked in.

"how many" the waiter said running towards us.

"uh just two" ash said deeply.

"right this way." the waiter lead us to our booth in the back corner, it was lit up with art work all around.

"anything to drink" the waiter said putting straws on the table.

"i'll just have a water" i said grabbing a straw.

"Pepsi" ash said

"i'm sorry we don't have Pepsi products" the waiter said connecting her hands.

"okay then get me a Coke, it's literally the same thing" ash looked grumpily at me.

"i'll be right back then" waiter le .

Ash gets more quiet when i'm with friends or me and him are out in public together. So i pulled out my phone. ash turned o my phone and put it on the table.

"what are you gonna talk to me" i smirked.

ash just stared in my eyes, it's like he didn't blink.

"here's your drinks" the waitress put the drinks on the table.

"here's your menus i'll come back soon" she walked away.

"what are you getting" ash said flipping through the menu.

"hmm, not sure. i think i'm just gonna get fries." i said looking through as well.

"imma get wa les" ash said licks his lips.

i laughed.

the waitress came over "are you guys ready to order" she pulled a pen and pad out.

me and ash shook our heads.

"okay, lady's first"

"um can i just get some french fries"

"sure things, what about you handsome"

i immediately looked up at her.

"uh can i get chocolate chip wa les."

"sure thing that will be right out" she winked.

"the fuck" i looked at ash.

ash shrugged.

"hey y/n"

"hey ash" i copied

"i love you"

"i love you more ash" we both stared into each others eyes and sooner than we knew our food was out.

"here have the first bite" ash cut his wa le up and fed a piece to me.

i smiled covering my mouth, "that's really good"

i fed ash one of my fries.

"there not how i like my fries cooked" ash said chewing on the fry. i rolled my eyes.

Time went by fast, i paid for the food and we hopped into the car.

"that was the best date i've ever been on" i looked at ash.

ash smiled while driving home.

once we walked in there was a girl by fez.

"who's that" me and ash said at the same time.
