---

Ash told me everything About what happened last night, it kinda went like. He hit some drug dealer in the head causing him to pass out and die and the other one is Faye's boyfriend which he hit him in the nose.

"why didn't you tell me this at lunch" i said letting my arms go from a tight hug.

"i didn't want to ruin the moment" ash turned around so he was looking at me.

"your just so beautiful y/n" he tucked a piece of hair behind me ear. i couldn't help my self but to smile. *a*

then the bedroom door opened.

"um, like. i guess, fez is ordering pizza. do you guys like want something" Faye said slowly.

"just get pepperoni" i said looking at her while ash got pissed.

"yea okay" Faye walked out without shutting the door, so i got up and shut it. i threw the blankets on me while ash turned on the tv.

about 15 to 20 minutes later fez came in with a pizza box. "i got another one for Faye and I so uh, y'all just eat that in here" fez closed the door and walked out.

Once me and ash were eating the pizzak i'm i burst out to tears because of the movie.

"damn how you not crying" i wiped my face.

ash laughed and kissed my cheek. *a*

It wasn't a very long night, Me and ash finished the pizza and we got snuggled up and went to bed, forgetting to turn o the tv.
