

The Beginning Of The Story

I woke up around 12:30 ash was still sound asleep, my eyes where really heavy so i went to grab water. Once i was in the kitchen i grabbed water and sat down on the couch. i looked to my right and Custer was sitting on the couch too. I spat out my water. "oh hell nah" i looked at him up and down. "good morning to you too" he said hitting a joint "what the hell are you doing here" i looked over and Faye was staring at us from the kitchen corner, I looked at her and i looked back at Custer

"just some morning visits" he said Also looking at Faye.

I didn't take my eyes o of Custer till i saw Ash walking out. His le hand was closed and it looked like there was something in it and he sat down looking at Custer without saying a word.

"sup champ" Custer said to ash.

Ash looked at me then looked at Custer.

Fez walked out in a tux with roses in his hand.

"yo, i'm leaving" fez said looking at his phone.

"wait your leaving?" Custer said turning around to look at Fez.

"uh yea? i gotta, uh. i gotta date?" fez was really confused.

Faye was looking at Custer so was Ash and I.

"everything good?" Fez was really confused.

"dude the fucking cops found mouses body" Custer looked at fez resting his arms but throwing up his hands.

then glass shattered everywhere, it startled Ash and I. I guess Faye dropped her water. once she bent down to clean it up she looked up at fez and put her finger on her mouth to signal him to not talk.

"I thought you said Louise killed mouse" Faye said standing up.

"what?" Custer looked at Faye.

"Louise.. the drug dealer?"

me and ash looked at each other confused and looked at Faye.

"i know who the fuck your talking about, but i never said that" Custer faked laugh.

"then why would you tell me that?"

"i never fucking said that!" Custer looked at everyone in the room.

"why the fuck would you say that! you know those people scare me!"

Faye crossed her arms.

"are you high" Custer kept looking at Faye.

"No!" Fez yelled, while ash stabbed the side of Custers neck.

Fez ran over and put his hand over Custers mouth so you wouldn't hear a noise, fez looked at me and ash while he put his finger on his lip to tell us to be quiet.

i looked over at ash scared.

once Custer slowly passed out fez picked up Custers phone and dropped it in a bottle of Mountain Dew. Fez walked over to ash and slapped him.

"no!" i yelled running over to ash when Fez pushed me causing me to trip over the co ee table.

"the fuck is wrong with you ash" fez said while ash was getting up.

"listen the cops found the body, Custer i killed him okay?"

"what?" ash looked at him in disbelief.

"i killed the motherfucker! okay!" fez yelled in ash's face.

"no" ash had a tear rolling down his face.

"i killed the motherfucker!" Fez kept repeating.

"bro, no" ash kept shaking his head.

"you and y/n, take the money i was saving and go far away okay" fez said putting his head to ash's.

"no" ash started crying.

"listen to me!" fez yelled

Ash walked away as i followed him.

Ash was grabbing all the guns he owned.

"ash?" i got scared.

"ash what are you doing babe" i was really getting nervous.

he grabbed me and took me to the bathroom.

"ash man" fez came to the bathroom.

"come on bro" fez was looking at him with tears bubbling in his eyes.

ash hit him on the head with the gun so he could back up and ash locked the door.

"ash your scaring me" i was in the corner.

"get in the tub" he said quietly.

"ash!" fez was yelling and banging on the door.

"listen to me! ash!" ash had a tear rolling down his face.

Faye heard a bunch of radios and and the door getting hit.
