I got home and it was around 11pm, it wasn't to late. I walked inside put my shoes by the door and threw away the wendy's garbage, i couldn't stop thinking about tonight.  
"where have you been" a voice got louder, i turned around "mom?"  
"no calls no nothing! where were you dressed like that!"  
"mom i was at a party"  
"what doing drugs!?"  
"mom! i don't do that!" i yelled lying to her face.  
"stop lying to me y/n! Cassie told me everything!"  
now i could only think about how cassie found out. "the party" i said in my head.  
"i don't want you in my fucking house if your gonna be doing drugs and being a slut!" my mom yelled in my face.  
"that's literally what cassie is!" i yelled back.  
"stop talking about cassie! you should be ashamed grab your stu and leave my house!"  
"mom this isn't even that serious!"  
"i said pack your bags!" she screamed.  
I walked away to go upstairs and my younger sister lexi was on the stairs listening to us. i froze and looked at her and went up stairs to pack my stu .  
"i don't know where i'm going" i sobbed to myself. so i grabbed a tiny bag and just put my charger and about 1k in the bag. i looked in my mirror and lexi was in my room.  
"lexi next time knock don't be a creep"  
"I don't want you to go" lexi sobbed knowing she would only have cassie.  
i hugged her tightly "we'll hang out some day."  
i said that walking out of my room. "i love you lexi" lexi stood on top of the stairs and cried i grabbed my keys and my crocs and i drove away.  
it's around 12am at this point, i didn't want to text ash cause what if he's sleeping.
