

Chapter 171 Want to Take Revenge?

A single sentence caused Micah's heart to ache. There was something that Galilea could not understand in his deep eyes. However, she did not care at all. She directly leaned against the other side of the car door. She did not want to talk about forgiveness, unless Micah died in her hands. Therefore, everything he did now was useless. She also didn't care. "Okay, you are right. There was a faint trace of exhaustion in his voice. He turned his head and just happened to see Dayana chasing out from inside. He frowned and ordered the driver to drive. Then he got out of the car. Galilea did not move at all until the car was far away. Only then did she bury her head between her arms. Her originally good mood was stirred into a mess. 'Miss Frankie, can I send you to Mr. Lorenzo's villa?' Galilea did not say a word. Where could she go in her current state?

When Jasper received a call from Micah and came to Quincy family to pick him up, he could tell that Micah was in a bad mood at a

glance. 'You stayed so late at Quincy family? As far as he knew, this had never happened before.

"Lachlan suspected that I was the one who set him up for the accident in the Wu family. Micah rubbed the space between his eyebrows. What? Your future father-in-law is really interesting. Why would you do such a thing.. Jasper could not help but laugh. Micah was speechless. Only a greedy person like Lachlan could be fooled so easily. Galilea took advantage of Lachlan's greed and only used a few words to make Lachlan become her bullet. "Losing the Quincy group is nothing to the Lorenzo group. It is just that if it is spread, it will inevitably hurt the Lorenzo group's image. Then how do you redeem it? Do you want to hold a wedding ceremony?' Jasper asked in a low voice. 'NO Micah refused without thinking. Just now, at Quincy family, Wendy had also vaguely mentioned this matter, but Micah had changed the topic. "Because of Galilea?' Jasper made a bold guess. Micah slowly closed his eyes and did not say much. Jasper clicked his tongue, stepped on the accelerator, and went to the place where the evening entertainment was. Halfway through the dinner, Micah received a call from Sister Zhang. 'Sir, Miss Frankie is not back yet. Did something happen?' "Don't worry about her. Micah was a little upset. When did his thoughts start to be influenced by that woman? He was probably really crazy. Just as Galilea had said, her life and death had nothing to do with him! Mr. Lorenzo, let me toast you again. 'Someone stood up again. This was already more than a dozen glasses of wine that Micah had drunk tonight. The alcohol content was not high, but Micah would generally decline such a meaningless toast. But today, he did not refuse anyone. It was obvious that he was trying to drink away his sadness. "Angh, Micah. I'll drink it for you. Jasper said as he took the glass. He was very clear about Micah's alcohol tolerance. Micah was pressed back into the chair. He picked up the phone on the table and looked at it again and again. His eyes were fixed on the time and date on the phone screen. He suddenly thought of something and immediately got up and walked out. "Hey. Mi Lorenzo? Are you feeling uncomfortable?"

ni go take a look. You guys continue. Where are you going?" Jasper chased after him. 'Look for her:

Lightning flashed and thunder rumbled outside the Moor-to-ceiling window. Heavy rain poured down.

Chapter 171 Want to Take Revenge? Micah drank wine and could not drive. He urged the driver to hurry up. "Sir, we really can't drive fast. This road condition, if we drive fast, it will be dangerous." Micah pressed his temples. He thought that he had long forgotten about this day. The date of Onyx's death was also the day Frankie Group officially announced bankruptcy. It was also after that day that he proposed a divorce. The car stopped outside the cemetery. He held a black umbrella and walked up the steps.

Generally, no one would come to pay their respects in such weather. He looked around the slope in the distance and soon saw the cold back. Galileo stood in front of the tombstone, crying until her tears dried.

up. "Dad, I'm really useless. 'Dad, I'm sorry 'Dad, I miss you so much Galilea had never liked to tell others bad news. Looking at Onyx's tombstone, she was stunned for a long time, unable to say anything else.

After an unknown period of time, an umbrella appeared above her head. 'You don't deserve to come to this place. Scram.' Galilea turned around. Micah did not speak. He just stuffed the umbrella into her hand and turned to leave. Galilea did not bother to use his umbrella and directly threw it on the ground. Crack In the blink of an eye, lightning flashed across the night sky. The rain continued to fall, and two figures, one close and one far away. Only when Galilea's legs were numb from standing did she slowly move her feet back. Seeing that Micah was still standing there, she looked away 'There are no more cars at this time. Are you going to walk back? 'It's none of your business.' She swung her arm, and her injured wrist began to hurt again,

'The day after tomorrow is the day you will compete for Nore's team. Are you going to catch a cold and have a high fever? Can you break the record in this state? Micah continued to speak behind her. Galilea gritted her teeth. Stepping on the slippery stone steps, she roared, 'Can you not come and teach me a lesson? You are not qualified to care about me! If not for you, would I be like this?' "I know." He walked down the steps, his deep eyes empty and dark. "But no matter how much you hate me, you have to keep on living Otherwise, how can you take revenge? At that moment, Galilea's throat seemed to be tightly gripped by someone. The rain on her face and hair was wiped away by him with a tissue, "If you really want to take revenge, you should do your best to stand in the same position as me, instead of complaining and crying here. It's useless.

His voice was colder than usual. Accompanied by the sound of rain falling, it hit Galilea's heart, She was suddenly speechless. Micah dragged her down the stairs to the temporary lounge behind the cemetery and gave her a glass of hot water. 'No? You want to catch a cold?' He stuffed the water into her hand and turned to look at the rain outside At that moment, time seemed to have stopped here Galilea lowered her head and looked at the layers of heat coming out of the cup. She bit her lips. The clock struck twelve Micah took a clean blanket from the self-service shelf behind and placed it next to Galilea. 'No one will come here at night. These are oil free Go to sleep first and leave tomorrow morning.' Seeing Galilea's expression, the man added coldly, "Go back in the rain or leave tomorrow?" Galilea held the blanket reluctantly, But the cold blanket could not give her any warmth Micah walked to the other side, took a hot water bag, rummaged through the cupboard, and found a kettle to boil water. Galilea sat there and looked at him as if he was very familiar with this place.

**Chapter 172 It Won't Cause Any Deaths Her understanding of Micah was after Micah founded the Lorenzo group. How he was swift and decisive, and how he was all-powerful But before that she knew nothing about it even after asking around Even when her father promised Micah to marry her, he did not say anything to Galilea. Now that she thought about it, Micah was more mysterious than she had imagined. The lights flickered, and Galilea's lowered eyelashes blocked the emotions in her eyes. She didn't want to be seen through, especially by the man in front of her. The two just sat quietly, thinking about their own matters. The air was extremely quiet.**

**It was unknown when the heavy rain outside the window stopped, but after the rain stopped, the entire cemetery looked even more solemn and frightening. Galilea closed her eyes tightly. Otherwise, her line of sight could not help but be attracted to the empty space outside. She was a little afraid, and the strength of her heartbeat became heavier and heavier. \*Take it Suddenly, Micah's voice sounded in her ears, lonely and noble.**

**But at that moment, it drove away Galilea's fear She looked up and took the hot water bag from him.**

The man frowned and pulled over the blanket next to him. He put the hot water bag inside and wrapped it up loosely. He gave it to Galilea again, and the temperature was just right.

Then, he went to the other side of the room, keeping a safe distance from Galilea Galilea closed her eyes slowly again. Many things of the past appeared in her mind. She thought of her father, the Frankie family, and... Drip

Drip. When Galilea heard the sound beside her ear, she suddenly woke up. How did she fall asleep?

The sky was bright outside, and she fell asleep in the blanket. Her legs were still covered with the windbreaker that Micah wore last night Galilea frowned and subconsciously looked for the man

Suddenly, the door was pushed open. 'Miss Frankie, I'm here to pick you up. This month, Cloud Town's morning is very cold. Let's go. We have made ginger soup at home. Home? Galilea's eyes flickered How could she still have a home? "No need, I can walk by myself

Sister Zhang's hand was empty. Seeing that she was stubbornly going to open the door, she sighed and quickly followed. 'Aren't you going to the training ground today? Go back and have a good rest."

Sister Zhang was more enthusiastic than ever. No matter how many times Galilea said no, she still insisted on bringing Galilea back to Micah's villa. "Take a bath first. Ill go downstairs to make breakfast, your favorite soup dumplings. Sister Zhang nagged and closed the bedroom door

Galilea stood rooted to the ground, not moving for a long time The room seemed to no longer have the smell of Micah Galilea looked at the time and walked into the bathroom

The wound on her wrist was almost healed, and Micah had arranged for a lomily doctor to come over. She did not need to go to the hospital again

'The car is ready You can leave whenever you want.' Ms Zhang cleaned up the dishes and handed over the fruit. "Thank you, Ms Zhang Galileo lowered her head, thinking about something Ms Zhang turned around and looked at her Finally, she sighed, "You children

It rained all night yesterday. The training ground was no longer filled with yellow sand, but mud.

Chapter 172 1! Wont Cause Any Deaths 'What should we do? Even the heavens are laughing at us,'Sonny said helplessly as he slapped his thigh. 'Let her decide. Nore said slowly as he looked at the venue He knew how stubborn Galilea was. Al this time, in the resting room of the training ground, Aman in a black uniform lowered his head and made a phone call. 'Everything is done. As long as she gets in the car, she will definitely not survive His voice was very low. After hearing the reply from the other side, he immediately hung up the phone. Unexpectedly, when he got up.. He was blocked by several bodyguards in black \*Chen Yu? "You are. Before he could finish his sentence, he was covered by several bodyguards and dragged out Before Gallea came to the training ground, she already knew that the rain yesterday was really heavy, and the impact on this open-air field was also within her expectations. "ill go, itll be fine. She smiled.

In the distance, another car came.

It was actually Jasper and Dayana. Young Master Jasper, why did you bring me here so early in the morning?' Dayana was wearing a branded scarf. Her tone and coquettish eyes pretended to be intimate.

This is Micah's intention,' Jasper said coldly as he shifted his gaze Otherwise, he wouldn't have let

Dayana sit in his car. When Dayana heard that it was Micah's idea, the smile on her face deepened. But soon, she realized that something was wrong. Could it be that Micah knew something? "I'm going to the bathroom.' She pursed her lips

Then, she hurried over. Seeing this, Galilea handed the helmet to Nore and chased after her, 'What are you doing?' Nore stopped her. "There won't be any deaths. She patted Nore's hand and quickened her pace. The bathroom door was locked Galilea was not in a hurry to knock on the door and waited outside Soon, there were footsteps. She pursed her lips and suddenly shouted, 'Galilea's car turned over! All of a sudden, the bathroom door was pulled open. Dayana rushed out of the bathroom. "Ahi She saw Galilea's face clearly and was so scared that she almost fell. 'It's you, right?' Galilea's eyes darkened. 'I didn't Dayana stared at her. 'Then why were you in such a hurry to run? Checking to see if I am dead? Galilea took half a step forward and reached out to grab Dayana's hair 'It's the same move, twice. Do you honestly think I'm a fool?" she said. Dayana was so scared that she almost lost her soul "You have no evidence Why do you say that? I I have to go to the bathroom. Canti come out after I'm done?' she asked, trembling "Oh really? Galilea suddenly let go and took her phone away when Dayana was not paying attention 'Give it back to me!" However, Galilea glanced over coldly. You called your lover to make sure that everything was ready, right? As long as I check the call history, it's very simple to confirm.' Dayana was shaking all over and her face was pale. "Give it back to me. Her eyes were red and she wanted to grab it Seeing her flustered and exasperated look, Galilea threw her phone into the sink. Dayana immediately cursed and went to pick up her phone Galilea stared at her back and warned her word by word, 'Dayana, you have gone too far At this ure, Dayana did not know what she meant 'Galilea, you have no evidence. If you continue 10 I frame me like this, I will find a lawyer to sue you'

Chapter 173 Rules

It was not that she did not dare to touch Dayana, but she was just a small character. It was not her turn yet.

But since Dayana was so impatient.

Then what could she do? Find a lawyer? Galilea walked toward the training ground step by step. She took the helmet and got into the car directly. Everything was ready. The car rushed out at the fastest speed. The moment it started, the soil flew. Everyone was staring at the track. Some were nervous and worried, and some were stunned speechless. "Galilea passed the curve too beautifully!" "She didn't slow down at all!"

"Soon, she will pass the line soon." Until the place where the slope was, which was also the place where Nore got into trouble. Nore furrowed his brows. His palms were covered in sweat as he prayed, "Galilea, you can do it...". "Nore, do you see Little Yu?". "No, what's wrong?". "Galilea told me that the car was tampered with the day before yesterday. She suspected that it was Little Yu who did it. I also checked Little Yu's account these two days. There is indeed something fishy,' said Sonny as he looked at the car in the distance. "Today, it was also Little Yu who checked the car!" Little Fei heard this from the side and rushed over, "It can't be..." Everyone became nervous. In the distant stands, Micah was wearing a cold black suit. He stood there with a cold gaze. He only looked at the car. "Mr. Lorenzo, that kid confessed," Keith reported. Micah raised his hand. He wanted to focus on watching Galilea finish the match. In the past, Galilea was a flower that grew up in a greenhouse. Now, she was a wild rose in the desert. She was beautiful and barbaric, making people unable to take their eyes off her. Keith immediately stood at the back, not daring to disturb him. The car sped on the track. At that moment, Galilea was the focus of the audience. The Racing Association also sent people to watch the game. After seeing Galilea's

performance, the racing manager directly said to Sonny. "You have to protect this beautiful racer. In my opinion, in a few days, several major racing teams will come to poach her." Over the years, fewer and fewer people still stayed in the industry. A beautiful and skilled female racer like Galilea was one in a million.

Her outstanding performance today had definitely surpassed 90 of the male racers, and her future was promising. When Sonny heard this, his eyebrows pricked up. "Manager Zhang, don't have any ideas about our Galilea. She is a member of Black Horse." "Really? Then let's wait and see. I don't think your team can keep a talent like her." Manager Zhang smiled deeply and walked away. Sonny gritted his teeth in anger, but he could only accept it. After all, the other party was right. There were too many teams that were stronger than Black Horse. Moreover, Nore also had the intention to retire. He would hold a press conference to announce it next week. At that time, Black Horse would become the past in the history of racing. Some of the drivers who came to train heard the noise of the engine and came to watch the show. They were all shocked by Galilea's first-rate operating skills. "It's so cool! Is it a seeded player from an international team?" "I heard she was a beauty!"

"Wow..." "Did she break the record?" Following the exclamations, President He, who was sitting in the office, could not sit still.

What's the situation now?' His hands kept shaking, and his eyelids also jumped. He always felt that something was wrong. \*President, Galilea has completed all the matches, She broke the record by twenty seconds." "Crop

President He slapped his forehead, stood up, and rushed outside. Halfway there, he thought of something. "Give that box of cigars to Vice President Xiao of the Lorenzo group, and then prepare a generous gift. Come with me to lubi family to apologize!

Chapter 173 Rules If Galilea could not finish this game, or if something happened midway, this matter could be manipulated by the Racing Association at will.

But now, Galilea destroyed President He's plan singlehandedly. He hurriedly walked out but was stopped by the people from Black Horse. \*President He, as a person, you have to keep your word.

Galilea has fulfilled your request and has broken the record by twenty seconds, Now, you can tell the truth!" "Who did the dirty trick on Nore's car?" "You, what are you talking about? I don't understand."

President He stiffened. He laughed dryly and pulled the secretary in front of him. "Come, explain it to everyone. I'm in a hurry and need to go to the bathroom." President He said this and was about to run away. As soon as he turned around, Nore and Sonny pressed down on his shoulders. "President He, you haven't finished speaking. Where are you going to run?" President He wanted to cry but had no tears.

They pressed his head back to the office. Not only did he not dare to ban Black Horse from the competition, he also released a clarification statement. "Where are the two people? Where are they now?" Nore frowned. "I really don't know! They signed a contract with the association and left when the time came." At this time, in the racing stadium. Galilea's car was still parked on the track. She took off her helmet. Because it was too bumpy and there was a huge noise in the car, her mind was muddled.

Even people outside did not notice. "Drink water." When Galilea saw the water bottle in front of her, she was shocked. She looked out the window at Micah and turned her head away. She did not want to accept his good intentions at all. The man seemed to have expected her reaction. Without saying anything, he threw the water bottle in. "I've already called the police. Even if you want to protect Dayana, it's useless!" Galilea shouted at the man's back. "I know," Micah stopped in his tracks. Galilea was stunned for a second before her ears suddenly rang. Micah seemed to have said something again, but she did not hear it clearly. He walked out of the side door and got into Jasper's car. "Did you really

hand Dayana over to the police?" Jasper knew that he had always been ruthless. However, he did not expect that Dayana would not be an exception to him. Micah looked at the back of the woman with a cold gaze until she walked out of his field of vision. "Let's go," he said indifferently. Jasper turned the steering wheel and could not help but mutter, "Geez, what's the point of everything? If he had let go of that hatred and lived a good life with Galilea, there would not have been such a mess. After he finished speaking, he glanced at Micah, knowing that he was unwilling to listen to this, he immediately changed his words, "I won't say anymore, I'll send you back to the company?" However, Micah did not answer. "I also regret it! However, he could not do anything. He could only give Galilea a fair result. This time, he would not protect Dayana. But he would also leave her life and no longer disturb her. Jasper, help me do something." "What?" Jasper always felt that there was something wrong with his words today. "I want to return Cosmos to Galilea. The debt has been dealt with. As for the specific procedures, help me do it." She might be able to accept it if someone else showed up. Jasper's eyes widened. "Have you really thought it through?" This time, Micah did not make a sound and slowly closed his eyes. Even if he thought about it for a few more days and nights, it would still be the same result. When he saw Galilea just now and confirmed that her wrist had recovered, he heaved a sigh of relief in his heart.

#### Chapter 174 Soft-Heartedness Is a Disease

When Galilea went to President Armstrong's office, everyone was there. "Miss Frankie, I've said everything I can. You must believe me." President Armstrong covered his bruised eyes. "I really don't know where those two are now!" "He might really not know. You should talk to Nore. I don't know what happened to him today, but he has a particularly bad temper." Sonny whispered. If this continued, something might really happen. At that time, they would also become the unreasonable ones. "It's about time. He probably doesn't know anything else," Galilea said as she looked at what President Armstrong had written. With Dayana's strength, she would not be able to do it so flawlessly. There must be someone behind her who was helping her. As for who it was, it was not important. As long as Dayana got the end she deserved. "Miss Frankie, the police have arrived. In addition, Chen Yu, who tampered with the car, has been sent to the police station. Miss Quincy is in the next room and can cooperate with the investigation at any time." Keith knocked on the door. The matter was surprisingly smooth! Nore's face sank, and he took the initiative to pull Galilea. "Be careful." With the relationship between Micah and Dayana, how could he hand Dayana over? Galilea thought about it and felt that it made sense. Keith did things flawlessly and stood there quietly, not trying to explain. "You reported the case?" The police arrived and immediately began to ask. During this time, she could hear Dayana's shrill shouts from next door from time to time. However, after seeing the police and knowing that Chen Yu had been arrested, she immediately began to apologize and beg for mercy. She even shouted through the door, "Nore, Galilea, I really didn't do it on purpose. I was also deceived. Believe me!" "I am still pregnant. How can you treat me like this!" "You're pregnant and yet so cruel. How can you be a good mother?" People snorted. When Dayana was escorted to the police car, she was still crying with snot and tears. But none of the people present pitied her. "I want to say a few words to her." Galilea walked up and said in a low voice. Dayana's eyes lit up and she immediately grabbed Galilea's hand. It was the injured wrist. "I won't target you anymore. Talk to the police, okay?" Galilea only looked at Dayana for a long time before saying, "People only know fear when they arrive at the gates of hell."

"When you used my pendant to lie to Micah, you should have thought that there would be such a day. That man was heartless." All of a sudden, Dayana's face turned ashen. Galilea's words stabbed into her heart.

If Micah hadn't sent someone to send her over, she definitely wouldn't have been caught. But now, he actually joined forces with Galilea and the others to harm her. "I'm pregnant with his child. How could he do this to me?" Dayana muttered to himself. "Why not? He caused my family to be destroyed. What can he not do? Dayana, remember, today, it was Micah who sent you to prison." After Galilea finished speaking, she turned around and left. She did not forget to say something to Keith who was standing next to her, "What I just said, please tell them to Micah word by word." She could not afford this late goodwill. Galilea knew very well that if not for Micah's help, Chen Yu and Dayana would have already escaped. But why did he do this?

To apologize?

Or for atonement? Galilea sat in the car, still thinking about this matter. "Where are you going? I'll send you off!" said Nore as he fastened his seatbelt.

Just as Galilea was about to speak, her phone rang.

Chapter 174 Soft-Heartedness Is a Disease It was a call from Sister Zhang. She originally didn't want to answer, but after hesitating for a moment, she pressed the answer button. Soon, Sister Zhang's weak cry for help came from the other side. "I, I don't feel well..." Galilea immediately told Nore that she had something to do and got out of the car. She hailed a taxi by the roadside and rushed to Micah's villa. The grudge between her and Micah was one thing. Galilea could not ignore Sister Zhang's cry for help. When she arrived at the villa, the whole house was dark. "Sister Zhang?" Galilea shouted as soon as she entered the door, but there was no response. She was in a hurry to go inside and finally found the unconscious Sister Zhang at the corner of the stairs. She immediately called 120 and accompanied Sister Zhang to the hospital. "Fortunately, she was sent in time. The patient is suffering from gastroenteritis and needs to undergo a small operation. Are you a family member? Go and pay the fee." Galilea nodded and immediately went to the window on the first floor. As soon as she arrived at the elevator, she ran into Micah who was rushing over. She knitted her eyebrows and repeated the doctor's words. "Then I'll go first." However, just as she moved, she was stopped. "The first person Sister Zhang wants to see when she wakes up is you," Micah said in a low voice. "I still have something to do," Galilea said as she glanced at Micah quietly. Then, she entered the elevator without looking back. The elevator slowly went down. Galilea tried hard not to think about it. Anyway, Micah was already here, and he would not let anything happen to Sister Zhang. She was already at the entrance of the hospital, but she still turned around and went upstairs. But she was just waiting in the corridor for the results of Sister Zhang's surgery. She just wanted to make sure she would be ok. She waited for three hours. When the lights outside the operating room went out, Galilea was relieved. She stood behind the safe passage and Micah and the others could not see her. The doctor told Micah, "The patient needs to rest for a while. It's best if someone takes care of her at home at all times."

"It's best to hire a nurse." Micah's eyes darkened slightly. He glanced in the direction of the safe passage and said nothing. He took his assistant behind him into the ward. "Send her back."

"Yes, Mr. Lorenzo." After all, Galilea came because of Sister Zhang. It was only a normal favor for him to send her back. On the bed, Sister Zhang slowly opened her eyes. "Sir, thank you. This is an old illness. Cough cough." "Have a good rest. I will find a nurse to take care of you." Micah moved a chair over and sat down. "You know, I don't have much time left. Let me serve you for a period of time, and I can feel relieved when I see Master and Madam in the future."

Micah frowned. After a long time, he choked and said, "Sister Zhang, I have money now. I will find the best doctor to treat you. You will definitely get better."

Sister Zhang smiled and said, "This trip in life, sooner or later, will have to end. We have to live in the

present. Don't always make up for the past. The most important thing is to catch the person in front of you." "God will not always give you another chance." Sister Zhang said and coughed again. Micah was busy helping her to massage her back. When he called the nurse again, Sister Zhang fell asleep again. "The heavens have never given me a chance." He stood by the bed and smiled bitterly.

#### Chapter 175 Cruel

The next morning, the news about Galilea breaking the record was published. Many reporters asked around for her address and wanted to interview her for first-hand information.

However, when they blocked the entrance of the apartment, they were told that Galilea did not live here at all.

"How can she disappear into thin air?"

"I heard that she used to work for MON. Maybe she lives around there?" Some people guessed, but they were quickly denied. "Impossible. Can Galilea afford the housing price in that district?" In their eyes, Galilea had already been in debt and it was already not easy for her to barely live. "Since there is no one here, then go to the police station. Dayana is still being detained." Galilea hid on the other side of the building with a cap. When she saw that the reporters had left, she slipped back home. Although it was small and there was no light. But for her, she felt more at ease here. She fell into the quilt and slept for a day. When she woke up again, countless missed calls came up on her phone. She ignored them all and went downstairs to eat. As soon as she opened the door, she saw Nore waiting outside. "I helped you deal with those reporters, but your place is too unsafe. Let's change to another place." He had always been a person of action. He handed her the key and had already helped her rent a house with better security. "No..." "Dayana has been released from detention. She will definitely come to you." Nore did not give her any room to refuse and stuffed the key over. "If you feel sorry, you can pay the rent." "Looks like Quincy family spent a lot of money." Galilea pouted and followed. "Chen Yu became the scapegoat' Nore opened the car door with a cold face. Why didn't he see that the kid was a traitor? "Can't you find anything from checking the account?" Galilea felt that something was wrong. "The bank refused to cooperate." There must be someone behind this. However, the other party was ahead of them in everything. Nore stepped on the accelerator and drove on the ring road. "Dayana is not a person who is good at scheming. She will definitely seek revenge on me. Just wait and see." Galilea said in a low voice.

"No." "Who knows what else that crazy woman can do?" Nore said directly, trying to dispel her thoughts. "Well, I can't wait." Galilea chuckled. If Quincy family found some connections, they would indeed be able to get her out of there and might even use all sorts of methods to delay the court indefinitely. But so what? She would also make them uneasy. Because in Quincy family, there was not only Dayana, but also that good-for-nothing Wendy. Nore brought Galilea to the newly rented apartment. The area was not big, with two rooms and one living room, Galilea looked at the bright and light decoration style in the room and felt that the haze in her heart had mostly disappeared. "How much is the monthly rent?" 'Let's talk about it later. I was hospitalized before and many things were put aside. There is something I want to find a chance to tell you alone Nore replied vaguely. "Tell me Galilea touched the texture of the coffee table and asked indifferently. "I think I will retire' Nore said, his eyes fixed on Galilea. He wanted to know her reaction and tell her the reason why he did this. However, it was different from what he imagined Galilea was only a little stunned and nodded, "I support you." "Are you angry?' Nore frowned "No.ftuink this must be your decision after careful consideration. As a friend, of course, I support you." Galilea raised her head, There was nothing wrong with her words. But Nore was like a soulless puppet, standing there, unable to speak for a long time

Chapter 175 Cruel Nore sighed slowly. She would lose her temper in front of Micah. But with him, she was always so calm. At that moment, Nore felt a strange sense of jealousy in his heart. Thanks to Nore, Galilea did not have to go back to deal with those reporters.

But soon, she also received a call from Lucy.

She repeatedly invited her to have dinner at the Lubi family and said that she wanted to introduce a few friends to her. Galilea directly said that she was not feeling well and could not participate. Lucy even asked Nore for the address and sent two chefs over to take care of Galilea. But as Galilea ate the food, she felt that her mouth was not tasting much. "Miss Frankie, eat more pumpkin soup and this snack." Sister Zhang's voice seemed to ring in her ears. Galilea was always worried. She changed her clothes and went to the hospital. As soon as she arrived on the first floor, she heard people discussing. "Have you heard? That celebrity, Dayana, was sued a few days ago. She also had a miscarriage." "Is that so? Who is her husband?"

"The Lorenzo group's president. He is so handsome. He has been watching over her every day in the ward C. Galilea pressed down on her hat and walked into the elevator.

After asking around, she found out that the ward that Sister Zhang lived in was just across from District C. She circled around the corridor and made sure that she would not meet Micah. Then, she entered Sister Zhang's ward as fast as she could.

There was a faint smell of disinfectant in the room. Sister Zhang was sitting on the bed reading a book. "Miss Frankie!" When she heard the voice, she looked up.

"I heard footsteps and guessed that it was you. I was right." Galilea looked at the medical equipment around her and frowned. "Do you still need these?" "No need. Sir was afraid that I would not listen to the nurse, so he insisted on using these. Every day, it would drip and drip. It made me unable to sleep well."

"You still need to listen to the doctors and nurses," Galilea said and sat down on the side of the bed. Sister Zhang stared at her for a long time. "I've seen the news. The car racing thing is quite dangerous, right?" As Sister Zhang spoke, she held Galilea's hand. She did not speak again, but used her actions to silently comfort Galilea.

When she met her concerned gaze, Galilea had water in her eyes. "It's not dangerous. I know what I'm doing." "Nonsense. The car has already been tampered with. How can it not be dangerous? You don't even know how anxious Sir became after he found out. Even when President Quincy knelt in front of him and begged him, he ignored him and insisted that the Quincy family pay the price." Would Micah do that? "I'm not lying. Keith and others were all there. You can ask him." Sister Zhang's honest look made Galilea laugh. "Then I will ask them next time." Galilea said this on the surface, but in her heart, she did not take this matter to heart. How Micah treated Quincy family was his business, but Galilea did not believe that he would sacrifice Dayana for her. No matter what, Dayana was pregnant with his child. He would not ignore her

Chapter 176 There Was No Free Lunch in the World Galilea stayed with Sister Zhang for a long time. When she fell asleep, she planned to leave. Unexpectedly, as soon as she got up, she heard a familiar voice outside. "Go and investigate immediately. Who is Micah coming here for?" Dayana ordered, holding her belly. She got off the bed and headed straight in this direction. Galilea's eyes darkened. She didn't want to disturb Sister Zhang's rest. Just as she was thinking about how to avoid suspicion, someone pushed open the door and entered.

Their eyes met, and Micah frowned slightly. The next second, he pulled her into the bathroom.

"What are you doing?" "If someone sees you here, I can't explain it." His voice was cold and indifferent,

without any extra emotions. Galilea tried to maintain the distance between them as much as possible and said discontentedly, "You can go out." Micah glanced at her and did not answer. Soon, the door of the ward was pushed open. Dayana brought a group of people in, but when she saw that there was only Sister Zhang on the bed, she looked around. "Just her?" "Miss Quincy?" Sister Zhang was also awakened by the noise. They had seen each other in Micah's villa. Of course, Dayana knew that she was only a servant in Micah's house. She had spent so much effort, but she had not gained anything. "Next time, use your brain! What can happen between Micah and her?" Dayana bit her lips. After she finished speaking, she dragged her lower abdomen out. In the bathroom, Galilea was in Micah's arms. The space was narrow, and they had to stick close to each other to avoid the light coming in from outside. Galilea could clearly smell the man's perfume on his body. She frowned in dissatisfaction, and just as her hand reached his chest. "Don't move," she heard a repressed warning coming from above her head. Galilea heard her voice and was just about to retort. When she raised her head, she met his eyes. There were too many things hidden in them that she could not understand. However, she could clearly feel the man's heavy breathing. It was already too late for her to dodge. The next second, he leaned over and pressed his lips against her neck uncontrollably. His voice was sultry and low. "I've already tried very hard to control myself. Why do you still come to me?"

What does this mean?

"Get lost." Galilea was so sensitive that her entire body was trembling. She had come to see Sister Zhang, and it had nothing to do with him. The man's Adam's apple bobbed, but in the end, he did not continue to move. He released his hand and walked out. Galilea was still standing in the same place, allowing the darkness to cover her. She took several deep breaths before opening the door, Sister Zhang was talking to Micah about something. When she saw Galilea coming out of the bathroom, she was a little surprised "Miss Frankie hasn't left yet?" "We're leaving now. Sister Zhang, have a good rest. The door closed again. The corridor was full of the smell of disinfectant. Galilea put on her hat and went downstairs from the elevator. Not far away. Elisa took a picture of this scene. Then, she immediately showed it to Dayana, She wanted to prove that there was nothing wrong with her premonition, Micah had a private meeting with a certain woman, and this woman was the woman that Dayana hated the most. It was just that the photo could not be sent to Dayana, and just as Elisa turned around, she was stopped by Keith and several bodyguards

"Mr. Lorenzo hopes that Miss Quincy can stay in peace and take care of her fetus. In the near future, do not arrange any event for her, and do not let her participate in any social activities, understand?" "That was arranged by the company, and I have no choice – Elisa pulled the corners of her mouth in embarrassment and hid her mobile phone behind her

Chapter 176 There Was No Free Lunch in the World "Is that so? Then Mr. Lorenzo might ask your company to change Miss Quincy's agent." Keith gave her a look, and the bodyguard immediately stepped forward, snatched the phone, and then deleted the photo. Elisa was anxious and angry, but she could not say anything. "Once Miss Quincy's whereabouts are discovered by someone, can she still stay in the hospital and rest in peace? A murderer has to go to jail. Let her take care of herself," Keith said coldly.

This was what Micah had said, and he was just repeating it.

After hearing this, Elisa looked at Keith's eyes again. She did not dare to quibble and hurried to Dayana's ward. In order to keep her job, she naturally had to take good care of Dayana. As for those social engagements, she no longer dared to arrange them for Dayana. However, Dayana was not afraid.

"My dad has already found the best lawyer to defend me. The police station has been informed as well.

What can happen? I said that my stomach was not feeling well just to make Micah feel sorry for me. Why are you fooled as well?" Dayana chuckled.

"Let's go. I still have to talk to Director Forrest about the new role in the afternoon." Dayana changed into her usual socialite outfit and looked at herself in the mirror with satisfaction. "But... Dayana, you'd better not go. Don't make Mr. Lorenzo unhappy." "What do you know? Men all have the desire to control. I just want Micah to be unable to control me. I thought of so many ways before, but he didn't care about me at all. But now? He found out that I went to those dinners and got jealous. Not bad, not bad at all" "Men are all the same, and Micah is no exception." Dayana smiled.

What Dayana did not know was that the moment she left the hospital...

Galilea took a taxi to catch up with her.

When she saw her destination, Galilea immediately called Jasper, who had contacted her yesterday.

"Young Master Jasper, I'll send you the address. Let's talk." After saying that, Galilea put the phone into her pocket. On the other side, Jasper looked at the address sent by Galilea and was stunned for two seconds. "My goodness, why did you choose such an expensive place?" However, he did not hesitate and immediately rushed over with the transfer information. When Galilea saw that Jasper was brought over by the waiter, she waved her hand. The table opposite her was Dayana and the two male directors. However, there was a curtain between them, and Dayana's attention was on the two directors. She had no idea who was sitting here. "Young Master Jasper, what's the matter?" Galilea stirred the drink in the glass. "This is the transfer information of Cosmos Corporation. Take a look. If there is no problem, you can sign it directly. Next week, this company will be transferred under your name." Cosmos Corporation?

Galilea had thought of countless possibilities for him to find her.

However, she did not expect it to be this.

"What tricks does Micah want to play again? Because I want to sue Dayana. He can't stand it? This is a trap, right?" Galilea glanced at the transfer book and smiled faintly. "Miss Frankie, Micah doesn't mean that." "If he really wanted to marry Dayana, he wouldn't have delayed until now." Jasper sighed.

Galilea lowered her eyes.

That was indeed the case, but those things had nothing to do with her. She was not in the mood to care about what Micah was worried about. Galilea's fingers slowly tightened. It had to be said that she was indeed tempted.

If she took back this company, it was equivalent to taking the first step to revive the Frankie family.

But why would Micah be so kind?

"What are the conditions?"

There was no free lunch in the world,

## Chapter 177 Too Late

Jasper hesitated for a moment. Galilea's reaction was within Micah's expectations. Therefore, according to Micah's instructions, he replied, "Within a year, Cosmos Corporation can not change its name and can not have a conflict with the Lorenzo group in terms of business." Galilea sneered. "What about after a year?" "It's up to Miss Frankie to handle." Galilea glanced at the transfer contract, "The market of the Frankie family has already been robbed by the Lorenzo group. He won't let me change the name of the company, and he won't let me take back what belongs to me. Then what's the use of me having such an empty shell company?" Micah was clearly playing with her. Or, was it to distract her so that she wouldn't find trouble with Dayana for a year so that Dayana could give birth to their child safely? This wishful thinking was really well-planned. Unfortunately, she was not as easy to deceive as before, and

she would not trust Micah so much like her father. “Miss Frankie, don’t think that way. In fact, this is also a good thing for you. Otherwise, this company might...” “Young Master Jasper, the grudge between me and Micah is not something that can be solved by giving this company to me. What I want is for him to lose his reputation and disappear from Cloud Town forever.” Galilea interrupted him. “Do we have to get to that point?” Jasper sighed helplessly. “Or, he could also turn back time and let my father come back to life.” She stood up and said indifferently. She did not accept such a compromise. People who did something wrong had to be punished. “Why?” Jasper wanted to go up and stop Galilea. However, because Galilea went around the aisle of the next table, he rushed over and saw Dayana and Director Forrest sitting together. Director Forrest’s hand was very naturally on Dayana’s shoulder. This action was extremely intimate. “Galilea? Young Master Jasper... Young Master, please don’t misunderstand. We are just discussing business.” “You, sigh.” Jasper really didn’t know what to say. He looked again and saw that Galilea had already gone far away. He turned around and walked out. Dayana immediately put on her coat and followed him. “Young Master Jasper, don’t tell Micah, okay? I really just came to talk about the role.” Dayana was so anxious that she was about to cry. She kept promising Jasper that she would never agree to this kind of meeting in the future. Jasper glanced at Dayana and looked away helplessly. “It’s useless for you to say this to me. Honestly, you have no chance against her.”

Before Dayana could react, he had already driven away. “Why did Jasper meet Galilea? Could it be... As Dayana was thinking, her phone rang. It was Terry. Dayana glanced at it and hung up the phone in frustration. In the distance, when Galilea saw this scene, the corners of her mouth curled up. “Mr. Lorenzo, your house is restless.” Galilea returned and swaggered back to the hotel. She sat at the opposite table of Dayana and ordered a table of delicious food to reward herself. The price of this restaurant was not cheap Dayana had just explained to Director Forrest that she had only met a friend, and Galilea had returned! “Miss, is this your friend?” Director Forrest stared at Galilea’s beautiful face and was immediately attracted by it. He became interested. Dayana looked at his eyes and a plan appeared in her mind, “Yes, she’s my friend, a particularly good friend. Does Director Forrest want to know her? Then I’ll go over and tell her.” Dayana directly came to Galilea. Looking at her eating face, she sneered, “You can’t seduce Jasper, so you resigned yourself to eating?” Galilea looked up at her and then looked at Director Forrest over there. “What about you? Cheating on Micah, aren’t you afraid of being seen? “What nonsense are you talking about!? I am talking about business. You don’t know who he is, do you? He is the most popular director in the entertainment industry this year. He thinks that you look decent and wants to meet you.” Dayana’s proud look was as if she had already become popular all over the world. Her tone was also as if she was giving charity to Galilea.

Chapter 177 Too Late “Hurry up and greet him. I only introduced him to you because of Micah. Ordinary people do not have this opportunity “What opportunity? To get screwed by a pig?” Galilea said it very clearly, and her voice was not soft.

The surrounding tables could hear it. All of a sudden, the director’s face turned green.

“You...”

Dayana bit her teeth angrily and stared at Galilea’s face. “Who do you think you are? It is your good fortune that the big director likes you. It is also good that you can pay back the debt of your father’s company. You don’t want the money sent to you. No wonder the Frankie family is gone.”

Galilea glanced over, and the coldness in her eyes made Dayana’s face change.

“What I said is the truth!” “Well, I will go and take a look.” Galilea put down her chopsticks, got up and walked over. The moment she brushed past her, she kindly reminded her, “Don’t regret it.” Dayana panicked. Although she didn’t know what Galilea was going to do, she subconsciously wanted to pull

Galilea back.

Unfortunately, it was too late. Galilea came in front of Director Forrest and greeted him with a smile. Her cool temperament and elegant way of talking were not something that Dayana could compare to. Coupled with her beautiful appearance, it quickly made Director Forrest praise her. "If Miss Frankie is willing, we still have a third supporting role in this film. Miss Frankie can consider it.

Dayana's eyes were wide open.

"Director Forrest, didn't you say there was only a fourth role left?" She spent half a day and accompanied these directors for several days to get the role of the fourth female supporting role. Galilea, an outsider in the industry, actually got better resources than her! Galilea chuckled. Dayana was really overwhelmed by fame. How could she believe the words of this kind of person? Director Forrest coughed unhappily, "That role is more suitable for you. We only choose the best candidate for each role."

The implication was that Dayana looked ordinary. "Director Forrest, since you have a third, just give it to me," Dayana said stubbornly. "Thank you for your kindness, Director Forrest, but I don't know how to act. I'm not like Miss Quincy, who is born to act well." These words sounded very uncomfortable. Dayana glared at Galilea angrily.

"Then I won't disturb the two of you. I'll go first." Galilea got up and swiped her hand across the table, taking away the recording pen. When she met Jasper, she had clearly recorded the gentle whispers between Dayana and Director Forrest. Galilea had already gone far away, and Director Forrest's gaze was still fixed in that direction. Dayana understood the man's reaction very well.

"Galilea asked me to go to the hotel to play mahjong tonight. I almost forgot." "Go to the hotel?" Director Forrest's ears pricked up. "Yes, we have a few friends. Director Forrest is also interested?"

#### Chapter 178 Traps

Of course, he was interested. Moreover, he was not interested in playing mahjong. He was interested in Galilea. Dayana quickly left him an address. As soon as she went out, she called Terry. "Help me with something tonight."

After Galilea left, she went straight to the Internet cafe. After editing the recording file just now, she sent it to the paparazzi of a certain media company.

The other party saw that it was related to Dayana and was not interested. "She doesn't have much popularity in the entertainment industry. It's not a big deal for her to have such news." It was too ordinary for an actress to eat with a director. "What if they have other businesses?" Galilea raised her eyebrows and quickly replied, "At the latest, tomorrow night, I will give you big news."

Next, Galilea wandered around the neighborhood for the whole afternoon. She was waiting, waiting for Dayana to make a move. When a black business car stopped in front of her, Galilea became alert and came. The door opened and a tall and thin man walked out. He wore sunglasses, and this face was somewhat familiar. Galilea looked carefully and did not speak. "Miss Frankie, I am the Lorenzo group's Terry. We met at the wedding before." At the wedding between Galilea and Micah.

Galilea raised her eyebrows. It was him?

The man behind Dayana was actually Micah's partner! Galilea suppressed the thoughts in her heart and shook Terry's hand back. "Are you working nearby?" Galilea asked despite knowing the answer. Terry narrowed his eyes and said bluntly, "I'm here for Miss Frankie. I have a business deal and want to talk to Miss Frankie."

"With my current identity, I don't have any business to discuss with President Xiao. President Xiao has found the wrong person."

- Galilea said, pretending to leave.

“What if it is a business that will bankrupt the Lorenzo group?” Terry stopped her first. She turned around and looked at Terry. He was the Lorenzo group’s partner and had a lot of shares in the company. He wouldn’t do such a thing for Dayana. Did he say this just to arouse her interest? Galilea did not show any reaction on her face. Her mind was running fast. No matter how she looked at it, Terry was not the kind of person who would give up his career for a woman, let alone a woman with a child of Micah. Unless Terry was a fool in love. \*If Miss Frankie is interested, let’s find a quiet place and talk slowly Terry walked to the side of the car and opened the door like a gentleman. No matter what the other party’s intention was, he did give Galilea an offer that she could not refuse. If she could really find someone to cooperate with, then it would only be a matter of time before the Lorenzo group disappeared. Galilea grabbed her bag and walked over step by step. Even though she knew it was not a friendly invitation, she could only choose to go. “Is there any conflict between President Xiao and Micah?” Galilea looked out the window and pretended to ask unintentionally, “Miss Frankie is a smart person, so there is no need to beat around the bush. Mr. Lorenzo and I will part ways sooner or later,” Terry said with a smile. Galilea narrowed her eyes Thus person was even more difficult to deal with than she had imagined “We are here, please.” Terry brought Galilea to a high-end hotel. He showed a gold card and was familiar with the way when he walked in Galilea put her hands into her pockets, “Miss Frankie, you don’t trust me, I’m already standing in front of you, so you don’t have to record me, right?” Terry looked back at her.

Chapter 178 Traps “Your hand.’ Terry’s voice turned cold as he took half a step forward. “You want to record it, right?” Galilea flipped her pocket over and found that it was empty. This time, it was Terry’s turn to be stunned. “President Xiao, if you doubt me, then there is no need to talk.’ Galilea pretended to walk out. “It was my fault. Please, Miss Frankie.’ Terry apologized hurriedly. He took the initiative to show his goodwill and paid attention to Galilea’s actions. Galilea dodged his hand and said seriously, ‘If President Xiao is not sincere in cooperating with me, then I won’t go up. I don’t want rumors to spread and affect President Xiao’s reputation in the Lorenzo group. “Miss Frankie, don’t be so angry. Our goal is the same, and I want to introduce a few friends who can help you.’ Galilea looked at him suspiciously and decided to go up and take a look.

At 6 o’clock in the evening. Director Forrest had already arrived at the hotel that they had agreed on, but Dayana had not come over. He was getting impatient from waiting. \*Director Forrest this is the room card you asked for.’ Elisa took the room card from the front desk of the hotel and handed it to Director Forrest She lowered her voice and said, “She’s waiting for you inside. Only now did Director Forrest’s expression ease up a little. “At least you know how to handle things. Tell Dayana that she can enter the crew next week. The third female role is hers.” \*Alright, alright. I wish Director Forrest a good time,” Elisa said with a smile. Director Forrest entered the elevator with a big belly. Room 1807. Director Forrest had a smile on his face and was humming a song as he swiped the card to open the door. “Miss Frankie?L: Before he could finish the second half of his sentence, he saw that it was dark inside and no lights were turned on. When he was a little more familiar, he saw a figure on the bed. Director Forrest impatiently took off his jacket and pounced on. However, he realized that the person on the bed was not Galilea, but a man! “Ah! Pervert!” The man shouted, his entire body covered in muscles. ‘You, who are you?’ Director Forrest was also stunned at this moment.

Thump. All the lights in the room turned on in an instant. Galilea walked in from outside with a camera in hand. We meet again. Director Forrest.’ She waved at Director Forrest. Director Forrest immediately understood. “You guys joined forces to frame me!” “No, no, no. How can you say that? All of this was

Dayana's plan. You have to remember this debt clearly." Galilea said with a smile. Director Forrest's face turned pale and he stared at her angrily.

Tsk tsk. I didn't expect such a big artist like you to have such a special hobby. If all the media reporters know about it, I'm afraid you'll be even more famous soon. Director Forrest immediately stood up and was about to snatch the camera from Galilea. However, just as he moved, he was subdued by the male bodyguard who had put on his clothes. His entire arm was twisted behind his back, and it hurt so much that he shouted like he was a pig getting killed.

You want the video? Sure, I can give it to you. But the condition is that you let Dayana be the female lead of your film." Sure enough, it was that slut. Dayana, who set him up! "You don't agree? Then I will send it out now." "Nollagreet Director Forrest had no choice but to agree "Happy cooperation, Director Forrest Galilea smiled and threw the camera over. Then she walked out of the room but did not leave directly. Instead, she went to the next room. Inside, there lay! unconscious Terry. Should be there soon Galilea sad as she glanced at the time

#### Chapter 179 They All Had to Die

Galilea opened the door and saw Jasper's anxious face, "What's going on! Galilea turned sideways and let him in first. When Terry warned her not to record in the elevator, Galilea pressed the call button. The last person to talk to her today was Jasper. Jasper immediately recognized Terry's voice and rushed over. Seeing the unconscious person in the room. Jasper frowned, "What did you do to him?" "He drank the drink he poured for me. Maybe he wanted to knock me out and send me to the next room." Galilea said lightly. It was as if she was just talking about something casual. Jasper looked at her reaction and frowned even more. What kind of life did Galilea live in prison? It had turned her, such a pure and noble young lady, into what she was now. At that moment, Jasper seemed to understand why Micah wanted to return the Cosmos Corporation to Galilea. "What do you want me to do?" Jasper looked at the unconscious Terry. This noble and respected big shot somehow ended up like this. Moreover, he had fallen into the hands of Micah's ex-wife. A proud person like Terry should be very ashamed after waking up. "I hope you won't do anything." Galilea said with a smile. "What do you mean?" "I want to exchange Terry for the Cosmos Corporation," Galilea said. Micah, who came with Jasper, stood at the door. A hint of appreciation and smile flashed through the man's deep eyebrows.

Galilea was a natural businesswoman.

She knew what her advantages were and what her disadvantages were. She could not fight with the Lorenzo group head-on, so she could only rely on some tricks to win. Although it was some dirty tricks, they were very effective, Micah did not hesitate and walked straight in "Alright, I'll sign the contract now "Then your previous conditions will not be valid." When Galilea saw his face, she was not surprised at all. "Sure"

The two of them met their match. Jasper was stunned as he watched Galilea sign and then walk away. Presumably, she would go to the Cosmos Corporation tomorrow to change its name and then immediately revive the company and compete with the Lorenzo group for the market. Jasper took a deep breath "I really can't figure it out. How did the two of you get divorced?" You clearly knew each other so well... Micah looked at the delicate signature on the transfer contract, his thoughts swirling. Half an hour later. Dayana, who was originally waiting for good news at home, unexpectedly saw Micah. "What are you doing here? Didn't I already send someone to inform you? We have to reconsider the marriage between you and Dayana." Lachlan frowned Ever since Galilea came here, Lachlan had asked around about the details of the Frankie family's bankruptcy. Although it was not perfect, nine out of ten people said that the Frankie family had fallen into Micah's hands. Moreover, no one knew why Micah

would do that to the Frankie family Onyx was not a profiteer. Even if there were enemies in business, there was no need to use such ruthless means.

Unless there was some deep hatred between them.

After thinking about it, Lachlan felt that he had to be careful about Dayana marrying into Lorenzo family. If Micah was ambitious and made him the second Onyx, it would be over "Dad! Micah must be thinking about me and my child, so he came here. Come, let's talk in my room." Dayana came down from upstairs and ran to Micah delicately "Hmph, how did I give birth to a traitor like you?" Lachlan cursed and turned to enter the study. Micah let Dayana pull him. His expression was still cold Wendy watched them go upstairs No matter how she thought about it, she felt something was wrong

Chapter 179 They All Had to Die Sure enough, the sound of crying soon came from Dayana's room upstairs.

"Micah, don't listen to their nonsense. I really did it for the role..." "I promise you, I will quit the entertainment industry, okay?" "Why do you have to compare me with Galilea? I have also done a lot for you." Dayana kept crying, almost grabbing Micah's clothes and kneeling down. However, Micah's eyes were extremely cold. "I have made it very clear. You can give birth to this child at home. I will take responsibility for everything, but marriage is impossible." He pushed Dayana's hand away and walked out of the room without looking back. Dayana looked at Micah's back and sat on the ground in a daze. "You have already divorced. Why do you still care so much about her? Even with the child, I still can't compare to Galilea?"

She shouted at Micah's back as if she was crazy.

Dayana had always known that Micah was not interested in her, but she firmly believed that as long as she worked hard, Micah would accept her.

Now, it seemed that everything had been ruined by Galilea. "Micah, if you leave today, you will definitely regret it!" The man slowed down his steps, but then pushed open the door and left. Dayana cried even harder. "Dayana, what happened? Micah wouldn't have been so cruel in the past." Wendy watched from the side and frowned. "I will let him know what kind of person Galilea is now!"

Dayana took out her phone and immediately called Director Forrest. At this time, they should already have done it. However, just as the call connected, there was a burst of cursing.

"Dayana, you bitch, you still want to act in my show? Dream on! Mess with me? I will make you disappear from the entertainment industry!" Dayana was directly scolded silly. Although Director Forrest did not like her acting before, because of the strength of Quincy family and Lorenzo family, he could only be nice to her.

Did something go wrong there?

"Director Forrest, is there a misunderstanding? Did Galilea not go?" Dayana gritted her teeth and apologized.

"You still dare to mention it? Get lost!" Not only did Director Forrest fail to get the beauty, but he also got into trouble. Dayana was so angry that she trembled and immediately drove to the hotel room. She and Terry often came to this hotel. As soon as she pushed the door open, she shouted, "What's going on?" On the double bed, Terry, who had just woken up, was lying down. He pressed his temples, feeling a headache coming on. "Say something, where's Galilea? Why didn't she go to Director Forrest's room? Why..." "Shut up." As soon as Terry woke up, he heard Dayana's noisy voice. However, Dayana was also scolded by Director Forrest. She was in a very bad mood. "Why are you still scolding me? Why can't you do such a small thing? Do you know that Director Forrest is going to ban me? I don't care. Go find someone now. Go tie Galilea up or trick her here, I don't care!" Terry shouted directly "I was also

fooled by that bitch.”

Dayana was about to continue speaking when she heard Terry’s next sentence. She was directly stunned.

“She might have already guessed your relationship with me, and you are still stupid enough to come to me. If Micah finds out, you and I will both die.’

All of a sudden, Dayana panicked, and her face turned pale. “Then, then I will leave now!” “It’s too late.” Terry looked at her beautiful dress and gnashed his teeth.

Chapter 180 She knew More About Him

Ten minutes later.

Galilea sat on a bench opposite the hotel, holding a phone, recording. She saw Dayana’s agent call several actors and models over with her own eyes. “You want to find someone to take the blame?” she clicked her tongue. What a pity. She had already installed a camera in the corridor of the hotel. Even a fool would know what was going on when Dayana entered Terry’s room so naturally. However, this trump card was too fun. Galilea did not want to throw it out so quickly. Not only did she take back Cosmos Corporation today, but she also played with these people ruthlessly. She was in a great mood and took out her mobile phone, wanting to invite someone to dinner. However, who should she call? She walked down the street. She had only taken a few steps when she saw the bulletin board hanging in the middle of the pedestrian street.

She deliberately hooked around Micah’s neck, and he also leaned over to her. The distance between the two was very close, but they did not really kiss. Galilea looked at it for a long time and even thought of something strange. She immediately bit her lips and reminded herself to wake up.

A week later, the Cosmos Corporation was renamed as the Frankie Group, Although there was no real office area and she was the only one in the company, at least she had a direction. There were also some former partners of the Frankie family who took the initiative to contact Galilea. If there was a chance to cooperate, they were willing to give the Frankie family a chance. This was already the best news for Galilea. She looked at the name “Frankie Group” and sat on the street, laughing foolishly. In the distance, the bodyguard who had been protecting Galilea in the dark immediately reported the news to someone. “Just like that?” The man raised his eyebrows. Galilea’s reaction was completely within his expectations, but it was a little too calm. “Yes.” Keith handed over a few more cooperation cases, “These are the cooperation cases that you asked me to filter out before, suitable for the Frankie Group.” “This one is too complicated. This one is not suitable.” Micah simply glanced at it. “Look for more.” His hand patted the table. “Yes, Mr. Lorenzo.”

Just as Keith was about to leave the office, he thought of something and turned around, wanting to say something. “Speak

“Vice President Xiao wants to take a long vacation and have a good rest. Do you approve?” Micah frowned. Before he could say anything, a figure appeared outside the door. Huairen was holding a bag of snacks in his hand. He smiled and said, “Did I disturb you?” “Second Uncle.” Micah immediately gestured to Keith. Then, he got up and welcomed Huairen in. “I saw that you were busy. I didn’t want to come over and disturb you, but your mother liked this snack very much when she was alive. It was not easy for me to find it, so I wanted to give it to you to taste.”

Huairen pushed the pastry in his hand forward with an emotional expression. “How great would it be if they were still here?” His deep sigh brought Micah back to his memories from many years ago. Micah furrowed his brows. “Second Uncle...” “No matter how many things you have to do in the company, you have to take care of your health. Alright, I won’t disturb you, I’ll be leaving first.” Huairen said as he

slowly got up. After taking two steps forward, he turned around and said, "I seem to have seen someone who looks very much like Sister Zhang that day. I wonder if I were mistaken?" "No, it was Sister Zhang." Micah told him about how he had returned to the countryside to find Sister Zhang and how he had invited Sister Zhang to the city.

Chapter 180 She Knew More About Him

Huaien was stunned for a moment, then nodded in relief, "Not bad, you are very thoughtful. As a person, you have to remember other people's kindness, and you can't forget the favor you should return. As he said this, he walked out. On the other side, secretary Fei was already waiting for him. The elevator door slowly closed, and Huaien sighed deeply, "Tell Vice President Xiao that he doesn't need to take leave for now." Fei was a bit surprised, "Are you so sure that Mr. Lorenzo will forgive President Xiao?" "It was just for a woman. No matter what, they are all partners who have worked together until now. There is no need to hurt the relationship for such a small matter." Huaien narrowed his eyes. "A man who achieves great things must have some tolerance."

Fei immediately nodded, "You are right." "Oh, help me send a gift and flowers to the hospital. An old friend is sick." Huaien said and walked out of the elevator. It was drizzling outside.

"Why is there so much rain this year?" he muttered.

The rain continued to fall.

Galilea sat alone on the carpet, watching the news. "The Immensity Sea Real Estate project in the western city of the Lorenzo group has officially started. Many companies in the industry feel invisible pressure. After all, in recent years, the Lorenzo group has developed rapidly... "If Micah doesn't let others live, he will be hated sooner or later."

The man had offended too many people. She chewed the noodles and took a bite of cold vegetables. Then, there was a knock on the door. Galilea's mood to eat was interrupted. She got up and walked over. "Who..." Before she finished speaking, a cold face appeared in front of her. The TV in the room was still broadcasting news about him. "Is there any use just looking at the news?" Micah asked as he glanced over. "How did you know I lived here?" Galilea immediately used her body to block the door and stared at Micah with hostility "Is it hard to investigate?" He was not surprised to smell the instant noodles drifting out of the room. Then, he frowned and said, "Change your clothes and I'll take you to dinner."

"No need."

Galilea refused without thinking. It was raining outside and it was cold. She didn't want to go out. But just as she finished speaking, before the door closed, the man said lightly, "Today, Ms. Zhang is discharged from the hospital. We hired a chef."

Galilea instantly felt that the instant noodles in the pot were not fragrant anymore. Micah glanced at her and said, "The car is at the door."

Then, he left. Looking at his back, which was like a gust of wind, Galilea muttered in a low voice, "It must be Sister Zhang who asked him to come. He probably doesn't want to eat with me either."

Then she would go.

She also had to find a way to anger him. She would let him know that she would soon think of a way to make Frankie Group rise again. Yes, let's do it this way. Therefore, Galilea quickly got dressed and went downstairs, but she did not see the driver and Keith. It was actually Micah who drove here. "It's raining. Can you do it?" The man glanced at her and did not say anything. His eyes were full of deterrence.

Galileo had no choice but to get in the car. As soon as she closed the door, she fastened her seat belt. That strange illness of Micah would not only happen on the plane, but it might also cause himn

discomfort in a car that was sealed off on a rainy day. Since he did not care, Galilea did not say much. The car gently drove onto the overpass, but soon, the rain became fiercer.

Chapter 180 She knew More About Him Galilea looked at Micah's reaction from time to time. At first, he was fine, calm and indifferent.

But gradually, he started sweating. 'Turn on the air conditioner?' Galilea whispered. The man did not respond, so she reached out to open it. Micah frowned and pulled off his tie. The feeling of headache was getting more and more obvious..
