

“How is she going back?” “This. Ms. Frankie didn’t say anything.” Just as Keith finished speaking, Micah had already strode out. However, when Dayana heard that Galilea had left, she went straight to the hall on the first floor, waiting for Micah. As expected, when she saw him chase out of the lift, she gritted her teeth in anger. Holding the coffee cup, she took a few steps forward. Then, she closed her eyes and pretended to faint, falling onto the floor. “Miss Quincy!”

Micah had already caught up to the revolving door. Hearing the movement behind him, he had no choice but to stop.

After all, the child in Dayana’s belly was his child! He frowned and clenched his fists. “Go, send a car to chase her and send her back safely.” “Understood, Mr. Lorenzo.”

Keith immediately ran out.

He did not let the driver chase after Galilea, but he personally drove the car so that his boss might not be so angry with him. Fortunately, he soon caught up with Galilea who was walking on foot. “Ms. Frankie, please get on the car.” Keith gripped the steering wheel with an extremely serious expression. “It’s okay. I can go back myself.” Galilea waved her hand. She did not want to take Micah’s favor anymore. After all, she still had to ruthlessly step on the Lorenzo group under her feet. Keith did not intend to give up and continued, “Ms. Frankie, please get on the car first. Otherwise, I’m afraid that I will have to follow you at this speed all the way. It will very likely lead to traffic jams on this road.” Galilea was about to say that there was no car on this road, but when she turned around, she saw a truck driving over. She suddenly thought of the traffic accident. She subconsciously opened the door and got in. Keith had completed half of his task and he heaved a sigh of relief. “Ms. Frankie, shall I send you to the Frankie family’s old house?” Keith asked tentatively. “Micah is really well-informed” Galilea said with a frown. The court had just returned the Frankie family’s old house to her, and he had already received the news. In this world, what was there that the man did not know?

Keith held the steering wheel and did not say much.

One and a half hours later.

Keith saw Galilea enter the Frankie family’s old house with his own eyes. He secretly arranged some

bodyguards and only left after confirming that there was nothing wrong. At this time, Dayana was lying on the double bed of the hotel, crying and shouting. "I don't agree to break off the engagement! Micah, I'm pregnant with your child. You can't be so irresponsible. If you are really so heartless, then ...' Dayana complained. "Even if you don't hold a place in my heart, you still insist on marrying me?" Micah lifted his eyes to look at her. His voice was cold as his gaze slowly slid down and landed on her bulging belly. Dayana was frightened by that gaze and subconsciously retreated. The man got up and stared straight at her face with a pair of eagle-like deep eyes. "What exactly happened that night when you were pregnant with this child? I don't remember at all." Was he suspecting? Dayana's heart was in her throat, and she even forgot to pretend to cry. She had fantasized about how she could answer when Micah questioned her, but now that she was in front of him, it was hard for her to calm down. Because the coldness in his eyes made her breathless. "Don't force me anymore." Being responsible for this child's future was his last line. He suddenly turned around and walked out. Dayana's tense mood relaxed at that moment. She trembled and breathed a sigh of relief. Her phone rang. It was Wendy calling. "What's wrong?" Dayana pressed the answer button,

Chapter 251 Blackmail "Dayana, your father is sick because of the Lorenzo group's withdrawal. How did you talk to Micah? Don't make him angry. Give birth to the child safely!" Wendy warned carefully. Without the Lorenzo group's support, the loophole in the Quincy family's deficit was enough for the three of them to go to jail. "I don't care. It's good enough that I can stay by Micah's side now. Don't drag me down," Dayana said with a frown.

Wendy choked on her words.

As expected, she was much worse than Galilea. They were completely different

She looked at Lachlan who was still in a coma and gritted her teeth, "Anyway, I have already said everything that needs to be said. The money that Terry sent has almost been used up. You should think of a way soon."

Dayana was impossible. Wendy looked at Lachlan, and there was no trace of the usual tenderness and consideration on her face. "In order to protect myself, I have no choice. Don't blame me." Wendy carried the branded bag that Lachlan had bought for her, turned around, and walked out. The nurse saw her leave in a hurry and kindly reminded her, "It's time to pay for the hospitalization fees for ward 307." Unexpectedly, Wendy ignored her and directly entered the lift. Because of Lachlan's identity, the hospital had never thought that he would actually owe the medical fees.

That night, they called Micah. Because on the day that Lachlan was hospitalized, when Terry went to fill in the forms, he directly filled in Micah's contact information. "What did you say?" The man stood in

front of the floor-to-ceiling window, his eyes cold. "It's time to pay for your dad's hospitalization fees." Micah took a deep breath. Ordinary people would not know his number, so it should not be a fake phone call. "What's the name?" he asked in a heavy tone. "Lachlan. Hurry up and make up the payment. Otherwise, the medicine will be suspended." After the nurse finished speaking, she hung up. Micah held his phone and thought for a long time. Did the Quincy family really treat him as an ATM? The information leak had not been found out, and this accident... He already had a candidate for suspicion, but he had concerns. "Keith."

The man shouted at the door, but no one responded. Only then did he remember that he had sent Keith to see Galilea off. The man's cold face was reflected on the window, and his mind was in a mess. After he returned everything to Galilea, would there be a possibility of a new start between them? However, there were some things that he could not return to her anymore.

At the Frankie family's old residence. No matter how Galilea arranged it, the house was still empty.

The shadows of her beautiful memories were everywhere. The deeper the night went, the clearer her mind became. She could only rely on medicine to barely fall asleep. She also knew that the people outside were people sent by Micah to protect her. But if not for him, she wouldn't have been involved in these things. The person who deliberately ruined the cooperation between the Frankie Group and the Lorenzo group would really be Terry? Or someone else? If she could use the relationship between them that was about to fall apart, things might turn for the better!

Early the next morning

Galilea brought Lawyer Liu straight to the Lorenzo group. Ms. Frankie, are you sure you want to sue the Lorenzo group? It's not that I don't want to accept your case, but the result is obvious As far as I know, it's not easy for the Frankie Group to get to where it is today You should cherish it." "That's right So, I have to get what I deserve back" "I have all the evidence. Let's see who bids higher," Galilea said. 'Thio. Ms. Frankie, are you taking me to the Lorenzo group to blackmail them?"

Chapter 252 To Get What She Wanted

Lawyer Llu gnpped his black briefcase and shook his head vigorously "Me Frankie I really want to help you, but my career has just begun. I have no right to fight the Lorenzo group

This is a good opportunity to make a name for yourself. Are you sure you don't want to go in?" Lawyer Liu laughed dryly. loolong up at the lowering building in front of him, he still shook his head. "Ms. Frankie, this deal Before he finished speaking, his phone rang. Seeing that he was hesitating, Galilea did

not force him and walked alone to the Lorenzo group Unexpectedly, after just a few steps, Lawyer Liu caught up with her and her attitude changed 180 degrees "Have you figured it out? "Yes, yes, yes. I think you are right. I have to seize the opportunity!" Lawyer Liu said with a mysterious smile. The lift door closed and Lawyer Liu took a deep breath He did not expect rich people's games to be so amazing. Micah's assistant had asked him to accompany Galilea to sue the Lorenzo group and promised to give him a reward.

The most important thing was that he had to keep it a secret from Galilea. This was a cheap bargain, which only a fool would refuse! Im looking for Keith The staff at the front desk saw that it was Galilea and said with a smile, 'Okay. Ms. Frankie, I'll take you to Galilea lowered her voice and told Lawyer Liu. 'Don't be nervous. Just do what I tell you to do *Don't worry' Lawyer Liu nodded repeatedly When Keith received the news, he appeared at the door of Micah's office and pretended to be surprised. "Ms. Frankie? Why are you here? The company is still investigating the cause of the accident." "There's no need to investigate. I've already found it out. I want to see Micah. I have something to say Galilea's words were firm and decisive "This . no problem. I will arrange it for you. Who is this? Keith frowned slightly. Lawyer Liu secretly laughed Keith's acting was really good. "He is my lawyer Where is Micah? Galilea didn't want to waste time. This matter had to be resolved as soon as possible, and she had to attack by surprise 'In the conference room, please follow me. Keith turned around and led them inside On the other side, the employee who had brought them upstairs dialed a number. Tell Vice President Xiao that Galilea has come to the company with a lawyer The other side immediately said, "Keep an eye on them. Vice President Xiao will arrive at the company immediately! Don't let Galilea leave

In the conference room There were three contracts in front of Micah all signed privately by Terry and Director Qin, which involved the cooperation with the Quincy and Xu Groups 'Mr Lorenzo, I can really explain this. At that time, Vice President Xiao came to me and said that you knew about this case Otherwise, I would never have dared to do such a thing! Director Qin's old face drooped and he regretted it Beside him Director Bar braced himself and helped. "Mr Lorenzo, Vice President Xiao and Director Qin were also thinking about the future of the company. I believe that they had no ill intentions" "No ill intentions? Micah raised his eyebrows in contempt. He glanced outside the glass door and raised his hand, Keith immediately brought Galilea and Lawyer Liu inside. "Mr Lorenzo, Ms Frankie said she has something to discuss with you." Keith reported Micah looked over with cold eyes. His eyes were calm and unfathomable. They swept through the crowd and finally fell on Galilea. 'What is it?' The displeasure in his tone was much less than before. He had always had a different attitude to Galilea Keith frowned slightly His boss's acting was getting better and better it was clearly him who had arranged for Lawyer Liu to help Galilea avoid the lawsuit Now he had already predicted Galilea's intention and bribed Lawyer Liu with a commission higher than the market price

10 Cerw.of Che Pianted Evryateng was just a game of chess in his hands Now the person involved was right in front of him but he could be so calm Mend-d not know if he could indeed get it from Galilea, or what her reaction would be if Galilea knew the truth in the future

Unsuspecting that you are going to go back on your word Galilea met his gaze, neither servile nor overbearing. Wholly Galilea directly pulled out a chair and sat down. She wasn't afraid that the Lorenzo group's directors were still around. She directly slapped her phone on the table. 'I have sufficient evidence here. All the encounters that day were man-made. I almost lost my life in the swamp in the West City District. I have already hired Lawyer Liu. I will sue you and the entire Lorenzo group. Everyone was stunned by the first few words, but what Galilea said was true, it was indeed a conspiracy to kill her for money. But when they heard the latter half of the sentence, Director Qin and Director Bai looked at each other and burst into uncontrollable laughter at the same time. "Sorry, sorry, I really couldn't hold back..." For so many years only Galilea dared to openly challenge the Lorenzo group. Her bold move seemed somewhat ridiculous. However, before the smiles of the two directors faded, they felt a cold gaze with a bone-piercing sense of oppression. The two immediately lowered their heads and did not dare to make a sound. There was no anger on Micah's indifferent face.

*Keith, leave everything to the Ministry of Justice to handle. Everything must be done according to Mr. Frankie's wishes. The relevant people must cooperate fully. In addition, the project inspection work will be postponed. His arrangement was reasonable. He had given Galilea enough face. As soon as he finished speaking, Galilea frowned, feeling that something was wrong. Was it too smooth? 'I still have internal matters to deal with, so I will see you next time, Mr. Frankie. Since she had already achieved her goal, there was no point in staying any longer. As long as he agreed to investigate in a strict way, the fox behind the scene would definitely give himself away. Alinghe, then he will be leaving first. If the Lorenzo group goes back on its word, I will definitely not let this matter go. With the Lorenzo group's efficiency, two days should be enough, right?' Galilea smiled.

Unexpectedly, the man said coldly. "The Lorenzo group's efficiency is naturally the highest in the city. We will give you a satisfactory answer within 24 hours: 'Deal!'"

Galilea got up in satisfaction. Looking at Micah's face now, she felt that it was not so annoying. Instead, it was cold and handsome. She smiled brightly and pushed the door open to go to the legal department. Moreover, there was no need for Keith to lead the way. She was quite familiar with it. As soon as Galilea entered the list, Terry rushed over with his assistant. Unfortunately, he missed Galilea. As soon as he pushed open the door of the conference room, he knew that it was too late! Vice President Xiao, Mr. Lorenzo asked you to cooperate with the investigation. In addition, the cooperation with Williams Group has been suspended. You should be responsible for these contracts that you have signed privately yourself. Keith followed Micah's instructions and explained the matter clearly. Micah wanted to clear out the bad tendencies in the company, and coincidentally, he used Galilea.

Terry was filled with anger. He had already rushed over as soon as possible, but he was still a step too late. How did these contacts fall into Micah's hands? And those few foreigners were too slow. They didn't hurt Galilea, nor did they hurt Micah. There was also Director Chen, who couldn't handle the company's property.

and even splashed the dirty water on him Terry could no longer laugh Ai or you go out. I want to talk to Mr. Lorenzo alone

Chapter 253 Weighing the pros and cons Uncle Priestley sad that he had found a part of the bumed information and could give it to Galilea first

To you have an appointment tonight?' "Yes" Galilea replied naturally

Even if she didn't she wouldnt be like a fool and wait for him here all the time. She did not need more gossip

Her desire to clear the relationship was written all over her face.

Who are you meeting the man asked, frowning.

"It has nothing to do with you. Ill be leaving first. If you have anything to do, just look for my lawyer' Galilea was a little annoyed 'NO

Micah took a step forward and stared at her face. His voice was extremely magnetic 'Didn't you say that you wanted to thoroughly investigate this matter? Before that you had better stay with me What kind of fallacy was this?

"You can just send someone to investigate. Is it necessary that you stay with me? Don't let me remind you again that you already have a family

She said this without thinking She didnt pay attention for a moment and her voice was a little louder, attracting the attention of many employees. She thought he would quarrel with her, but she didn't expect that the man actually took the opportunity to smile. Thank you for reminding me, but both you and I ore people who can distinguish between public and private, night?" Galilea was stunned for two seconds "Let's go for the next 24 hours, you have to be responsible for my personal safety." What?

*Mr. Lorenzo just suspended Vice President Xiao from his position ond started on investigation in the entire company. It will definitely affect the interests of some people. There is indeed a hidden danger in your and Mr. Lorenzo's personal safety." Micah, you used me!' Galilea bit the comer of her lips. The man walked in front with a faint smile on his face. However, when Galilea caught up with him, he instantly suppressed his smile and pretended to be puzzled. 'I just followed your words, and did I do something

wrong again?

Galilea was angry and could not speak. But she had clearly been tricked by him. *You suspected Terry a long time ago, but you looked for a reason. And then you took advantage of the situation when I delivered myself to you! Galilea sat in the car angrily. No matter how she thought about it, she was very angry. Micah raised his hand and pressed between his eyebrows. She was really getting smarter and smarter. He adjusted the buttons of his suit slightly and ordered the driver, "Let's go." Galilea turned her head away, not wanting to look at him. However, as the scenery outside the window became more and more familiar, her heart skipped a beat. "Where are you taking me?" "The Frankie family for the sake of your personal safety with me, staying together is the best choice for us. If you don't want to go back to the Frankie family, what about going to my place?" he asked seriously. His seriousness made her even angrier. *Of course, I won't go to your house. His deep eyes reflected her pretty face. He stared at her and suddenly smiled. It made Galilea's heart shiver. He suddenly approached her and asked in a hoarse voice, "Who did you make an appointment with tonight?"

Chapter 254 Charity

"No appointment * you stay 10, I won't let you go out tonight" Micah laughed.

Micah you can't have the right to test my personal freedom. Wirah toned that swary and stopped talking.

The atmosphere sank. When they drove into the Frankie family's old house, Galilea found something even more incredible. "What are these people moving?" More than a dozen workers were moving the furniture inside.

There were also servants cleaning the windowsill, and more than half of the weeds in the courtyard had been cleaned up. Micah did not answer her directly. Instead, he said coldly, "Have you been living like this for the past few days?" Galilea didn't want to talk to him anymore. She pushed open the car door and walked in. "All of you stop. I don't need it." Before she could finish she was shocked by the furniture placed in front of her. The color of the curtains, the layout of the sofa and the carpet everything was the same as before.

Galilea stood there, as if a lifetime had passed. After a long time, she wiped the tears from the corners of her eyes and looked at Micah with a sneer. "There's no point in doing this now. Even if you buy all the furniture in the world. It won't be the same as Frankie family's." "These things do not just look the same." His words caused Galilea's pupils to tremble. She ran to the other side of the sofa, lifted the curtain, and looked at the scratches on it. It was a shocking sight. .

These were all the Frankie family's things! They were her father's possessions that had been sold to repay the debt after it fell. Tears rolled down her face and surged. Her hands trembled as she touched the texture of the furniture. She could no longer move. 'And... Follow me,' he said as he walked up 10 Galilea and extended his hand "I don't need them. Please move all of them away. Galilea said as she wiped away her tears She did not want his charity, and she did not want him to apologize like this She wanted to hate him. Only in this way could she forget the terrible marriage and the scelings that should not have existed in the past But he had been making up for it like this. She really did not know how to face him. Micah lowered his eyes and looked at her *Chanel is cleaning your room upstairs,' he said with unprecedented patience. Chanel? Galilea rulsed her head, her eyes filled with tears. She hurriedly ran upstairs, pushed open the door, and saw Chanel making the bed The moment they met, Chanel was also filled with emotions She was no longer the lady. Lorenzo from the past She was Ms Frankie now, When the Frankie family was in trouble, her house was not preserved and everything was returned to Micah The servants also left one after another Chanel was the last to leave She had stayed with the Frankie family for more than ten years and was also reluctant to part with it But at that time, Galilea was in prison, and she needed to make a bring

Originally. I was living with the relatives in the countryside. It was M. Loren who sent people to find me and told me to come back MISS, TR great to be able to serve you again Look at me, everything is getting better nori Why am I crying?' Chanel hurriedly wiped her tears

Galilea's hand slowly lightened.

Chanel. you clean up 615L I have something to deal with Olar, I will clean it up! Galilea moved her lect and watched downstairs to the man standing in the living room His indifferent look scared to be the same as the first time he came to the Frankie family, Galilea also looked at him from afar. She still remembered the throbbing feeling in her heart of that time. Time passed and lungs changed

Chapter 29 Chord Mica atare you planning The man has his back to her When he heard the voice, he turned around. His eyes were dark and bottomless 7 want to make up for you

It turned out that he wanted to return everything to what they used to look like. No matter how clear it was, he had to do it *Then let my dad come back to life, and I will write of everything in the past with you." Acha suddenly frowned "Galilea tutis impossible'

You also know that?" Galilea sneaked and pointed at the things in the room. 'My father is gone, and the Frankie family is gone What's the use of these things?"

“Everything you have done is not to make up for it, but to hurt me again! I am not happy to see them. Instead, I feel that I am a chess piece that you play with in your hands. When you are happy, you can return the Frankie family to me. When you are unhappy, you can wave your hand and take everything away.”

Micah you are the devil in my life. I hate you!” Galilea did not want to see him again and ran out directly

Just as she reached the door, she was stopped by the bodyguards “let her go. The man’s cold voice came from inside. Only then did the bodyguards let her pass. “Lock, now the Frankie family’s old house has become yours again. Galilea burst into tears. Why could he manipulate her life so unscrupulously? For her, the hatred that had been hard to suppress in her heart once again swept through her body. Galilea walked down the road. She did not know that not far behind her a figure was following her all the way until she got into Zhao Jing’s car. The phone rang, and Micah pressed the call button. “Micah you moved all of the Frankie family’s furniture back? When Jasper received the call from the warehouse, he was completely shocked: “You plan to tell Galilea about what happened that year? I already said it. Hurry up and tell her. There must be some hope between the two of you.” “That’s impossible. “She might really become your sister-in-law,” Micah frowned. “She’s not happy that you moved the Frankie family’s furniture back?” Jasper was stunned on the other side of the line. “She even scolded me. Micah turned around and walked back. All these years, he had kept those things. Even he himself could not tell the reason. Perhaps in the depths of his heart, he had always been looking forward to an impossible ending. “Then, if she really is with Jing Priestley, you won’t be angry, right? The man stopped in his tracks. Jasper did not hear him speak on the other side of the line. He was so nervous that he could not speak. “Micah, “She has already divorced me. I have the freedom to be with anyone. Back then he had indeed personally destroyed all the possibilities between them. What he had done now was just a one-sided compensation. Just like Galilea said, he couldn’t bring Onyx back to life. He couldn’t blame Galileo. After hanging up the phone, Jasper put down his phone and thought about it. He felt that something was wrong. Hearing the sound of the car downstairs, he rushed to the window and took out his phone to take a picture of Jing and Galilea entering the Frankie family’s door together. Then he sent it directly to Micah. “You have already missed a chance. If you miss it again, I am afraid there is no way to redeem it. As a brother, he could only help this much. At the door, Zongung went downstairs to welcome Galilea. He saw Jasper standing there with a heavy heart and asked, “What are you doing? Jasper was shocked and almost dropped his phone. “No, nothing!”

There is a guest at home. Young people always have a lot of topics to talk about. Go join them.”

Chapter 254 Charity Jasper laughed dryly. How dare he go! He was on Micah’s side, but if he didn’t go, he wouldn’t know how far Jing and Galilea had developed. “Okay, uncle, I’ll go to the kitchen to get some drinks. Jasper took out some fruit and saw Jing circle sound Galilea. The two of them seemed to be chatting happily. He silently thought in his heart, “Micah, if you don’t come, don’t blame me for having her as my sister-in-law.”

"Micah Jasper immediately greeted him and lowered his voice "You finally come My cousin wants to take Galileo to study abroad Micalis eyebrows tank He looked at Galileo in the air, and Galilea only glanced at him before looking away "That's a good thing. The man slowly tightened his grip and muttered to himself

Micah lied expressionlessly He was becoming more and more like a scoundrel now Soring that she was not speaking, Micah knocked on the door of the car. 'Let ene get out of the car and go in for a meal he said "Up to you Galilea anonted. She turned around and was about to step up the stairs, but because of the snow her feet slipped and she almost fell on the stairs. Fortunately, Micah reached out and pulled her. She fell into his arms "Be careful He lowered us eyes and looked at her. The moonlight was shining behind him "There's no need for you to pretend to be kind," Galilea said impatiently as she pushed his hand away When Micah's hand way empty, she had already walked in quickly He smiled helplessly and was about lo step up From another car, a beautiful figure walked out. It turns out that even on outstanding man like Mi Lorenzo would have a time when he would be distracted by a womon

A few minutes later Jing brought Galilea lo sit with his clossmates "This is Han Jia, my classmate who studied design. Jing smiled wormly while serving her food. He was very enthusiastic throughout the whole process. Han Jia was a beautiful girl Al first glance, she looked very young She had her long black hair combed straight. She smiled and sind, 'Jing usually doesn't ask for help. When he called me, I was a little surprised. I didn't know that the person he was going to introduce was you' Galileo seemed to find this interesting. 'Wh dont misunderstand. I read your design drafts from the school website. The teacher also explained your work to us. You were the designer Luna, night? Jing took the opportunity to look at Galilea 'You are Luna?" Then, the others also seemed to be very surprised. Galilea nodded. "Is there a problem?" Jing raised his eyebrows. "You don't know how famous you are, do you? Hon Jio, tell her how much your classmates admire her design Han Jua's smile deepened She looked at Jing who was taking care of Galilea and changed the topic. 'You guys arent studying design I'd better communicate with Galilea privately 'Alright leave me your contact details Her words mode Galilea suspicious. Previously, when she used Luna's name in Jimmy's shop, Jimmy seemed to be quite surprised too However, at that time, Galilea did not think about it

onghow did you two know each other?' Someone asked nosily. 'You are the famous single young master in our circle. Now that you have a girlfriend, many girls will secretly cry *Don't misunderstand, I don't have that kind of relationship with Galdea At least, not at the moment' Jing said, his gentle tono making people feel at ease But one could also hear tus leelings for Galilea Hon Jia picked up the food and her eyes dimmed a lot "Excuse me Galilea felt a little awkward and got up to go to the ballroom Unexpectedly, she met Han Ja just as she came out She was tall and thin, with a sarcastic smile on her face, Jing is such a simple person, and how could he pursue a divorced woman like your Her expression was like a completely different person from before "You like Jing? Galilea was not a person who wid her feelings, and the directly exposed Hon Jia's thoughts Han va bit the comer of her lips and started at Galileo's face 'Jing has always prioritized his studies and career He never dealt with girls After he returned to the country a few days ago, he called me because of you, and you sull dare to say that you didnt seduce

'If you say one more word. I will sue you for slander' 'As expected of the ex wife of a big shot in the business cycle you like mentioning laws The law is not to protect people like you You

Otherwise, I will definitely remove you from the school application list Dont you want to make up for the regret of not being able to study Overseas 11 1 say a few words to the leacher, I will see which school will want a person with a bad reputation 'I have known Jing for many years. Other than me, no one is worthy to stay by his side "What's more, you are a whore who has been shaken off by someone'

Galileo raised her hand and slapped Han Jia in the face, She turned pale and stared at Galilea, 'You dare to hit me?' "Yes, I do I will admit what I have done. Go and shout now and say I hit you Go. Galilea turned on the tap again and washed her hands calmly

The minor reflected Han Jia's shocked and angry appearance

"A person like you is not worthy to enter our school!"

7 don't bother! Galilea turned off the tap and her eyes darkened. *Olal Academy, right? You might not know, but Professor Irene is my senior Before she went abroad, we often met I still have her contact information. Do you need me to talk to her about your character?"

'What?'

'To be able to study abroad is indeed a dream that I have not fulfilled. I will definitely not allow this dream to be trampled on So, get out of here Galilea said and walked out of the bathroom She walked quickly and did not notice the figure standing at the door of the men's bathroom on the other side. On the way back to the room, Galilea was stopped by the manager of the restaurant. 'Miss Frankic, your

friend asked me to take you to another private room. This way please' Jing?

"Please come in.

As the door opened, there was a table full of dishes that she liked. The drinks had already been poured, but the man sitting on the other side of the table was someone that Galilea did not want to see

'Micah, what are you doing? Her patience had reached its limit.

It was too far-fetched to say that it was a coincidence. This man was clearly following her and peeping at her life. This feeling of being stared at was very uncomfortable. Micah did not quarrel with her and only said, 'Ribs with sweet dates of this restaurant are special. There is also the pear chicken. It has just been stewed. It is more delicious than the sweet and steak of their table. The dishes he ordered were indeed very much to Galilea's liking. However, she would not lower her head to him. "Don't think that I will retract my accusation against the Lorenzo group just because you do this. Business and private matter Galilea frowned "Are two different things. I know that Ms. Frankie is the same as me. We are both people who distinguish between public and private." He said in a light voice and put a bowl of soup in front of Galilea. Smelling the fragrance, Galilea indeed hesitated. She had to worry about Jing's classmates and could not eat to her heart's content, but Micah understood her appetite very well. 'If you want to study abroad. I can invest to send you there' He lifted his deep eyes and stared at her

Chapter 257 The Extra Compensation

Poo's words stabbed in! Gaiden's heart. She felt nothing had been seen through. Unable to hide her thoughts at all, Don't be in a hurry to refuse. You have to consider your own life as well. Jing and the other students can only provide you with some suggestions, and I am the one who can satisfy all your dreams. Pica's words struck straight into Galea's heart. 'This table of dishes, you can eat as you like. I will go out and not disturb you. He knew that she would be unhappy to see him, so he simply gave up the space to give her some privacy. The guard in Galilea's heart melted with the sound of the door closing. "How good it would be if you could have done this two years ago!" Outside the door

Jing circled the corridor twice but failed to find Galilea. Instead, he saw Micah standing at the door of the private room. 'Mr. Lorenzo?' Jing subconsciously pushed the door open and entered the private room behind him. "Galilea is inside, right? The wrist wearing the branded watch stopped him at the right time. "There is my guest inside. You are not qualified to compete with me. Micah's position in the business world was enough to be on equal footing with Zongungo's generation. Even Zongxing and the others had to worry about Micah's thoughts and opinions.

Jing had just let school not long ago. If they were to compare, even ten of him would not be a match for Micah. However, he was young and impetuous, so he insisted on barging in.

You have no right to interfere with her freedom. "Really? You chased after her and used your father's relationship with her family to be aggressive. How much respect do you have for her? What's more, do you know that she gave up studying abroad for me?" Micah glanced over coldly.

Jing was stunned on the spot, unable to speak at all. "If there must be someone to help her make up for this regret, that person can only be me, understand?" He had enough strength to send Galilea to any high school she wanted to go to within a month, not like Jing, who had to go through all the so-called processes. There was even less of a need for her to be judged. Micah's way of doing things had always been the most direct. He would use all means to achieve his goal.

Endure? Tolerance? These words would never exist in his dictionary. Since he had already made his mind clear, he would not give up the opportunity to take care of Galilea to anyone. Moreover, the other party was a fledgling who did not know anything. "Also, tell that female classmate of yours that if she dares to criticize Galilea behind her back, she should be ready to be expelled." Jing's face darkened, and his heart was filled with anger. Micah did not mind at all. He slowly rubbed the buttons on his sleeves. You clearly heard everything outside the bathroom just now, but you did not come forward to stop it. Just based on this, you are not worthy. Some choices were destined to end in the beginning. The anger in Jing's eyes slowly dissipated. He opened his mouth and wanted to explain. However, Micah only smiled contemptuously and turned to leave.

Jing stood in place, hesitating and struggling for a long time. In the end, he did not have the courage to push open the door. He had indeed heard the unpleasant words that Han Jip had said, but he did not stop her. He took into account his friendship with his friends and chose to let Galileo face those criticisms alone. Now that he was exposed in front of Micah, he felt ashamed.

Just based on this point, he could not compare to Micah's courage. At the time, Galilea was sitting in the private room, looking at the table full of delicious food. Her mind was filled with the words that Micah had said.

Send me to study abroad? "Ha

She was not moved, only helpless. After drinking new mouthfuls of soup, Galilea got up and walked out. The laughter coming from the private room made her feel as if she had been through a lifetime. In the past, she could also have such a bright and beautiful social circle. But now, she could no longer go back.

His voice sounded and tired. MrLorenzo, should we send you directly to the airport? the driver asked. He

needed to rush to the plane in the early morning if not for this, he would not have been in a hurry to say those words. The man closed his eyes and let out an indifferent snort. There had never been anything that would store to the state of mind and make him act so irrationally. He had done everything one by one, the woman did not appreciate it. The elegant and stubborn face circled in his mind. He pressed his finger against the space between his eyebrows and sighed deeply.

Calea originally did not have much expectation for this prosecution, especially when she knew that Wil of Ms was in Micah's plan, she let that she was being used by him as a chess piece, and her heart became even more trapped. However, Lower Liu was very efficient in addition, the Lorenzo group had more or less received clear hints. Then, the matter went exceptionally smoothly. According to the contract, the Lorenzo group will fulfill its duty and pay you one-third of the penalty fee. This money will be transferred to the Frankie Group's account within a week. "The Frankie Group's account?" Galilea was stunned for two seconds. She didn't know that there was such an account. Lewy Luvat was stunned. He pointed to the last two paragraphs of the contract, which is written on the supplementary treaty. Galilea took the contract and flipped it to the back. She did not remember there was such a contract. But looking at it, it was clear that she had signed and the date. "Ugh! You beggar! This contract was given to her by text of that time. Head that it was her personal contract with Micah. At that time, she was so angry and had signed it without even looking at it. How could she know that there was another word?"

As early as that, the Los planned to return the Frenke Group to me.

Chapter 258 False Kindness

Galilea called about Lowry's torture and called Muat directly. However, the phone could not get them to the fund.

"Ugh! I'm on the line. Hefona temporary business to"

When they then please tell him that I have a very important thing to ask in Galilea, she hung up the phone angrily. In the corner, she looked at them from the side and could not figure out what was going on. Ms. Franse went to the Lorenzo group and said, "You're going to get the compensation you deserve. But why are you not happy at all?" "Yes, I should be happy." Galilea laughed dryly. Taking the money that Micah compensated her in various ways, Galilea blamed the table and became angry. The more she thought about it, Lawyer Tu immediately found a reason to slip away.

This! Afternoon, Galilea got the money. She immediately made a decision to turn a blind eye. Since Micah gave her a chance to fight back, he could not blame her for beating his face in the future. The cooperation between the Lorenzo group and the Frankie Group was also reported by the major media. There were many different opinions about the accident that happened that day with the intervention of

the police, the investigation of the case progressed quickly *Chen XX was one of Lorenzo groups business managers He personally admitted that he once told the Lorenzo group's Internal Information to the competition company of a high price und designed a gathering cor occident." "The other illegal immigrants who did not have citizenship were also arrested at the port in the early morning last night" In the whole conspiracy, the Lorenzo group also fired several employees who were related to this matter of the same time. Galilea wrote down their names one by one, and then according to the information she had found before, she found it hurt that people that Micah had fined were all people who had a deep relationship with Terry He had used this matter to kill two birds with one stone and severely injured Terry, *As compensation, the Lorenzo group is willing to apologize to the Frankie Group and provide the corresponding compensation Galilea became the biggest winner of this accident

She sat in front of the TV and took a deep breath. That man was really scary Chanel came over with some fruit and said with emotion, "Miss, have you and Mr. Lorenzo reconciled?" 'No.' Galilea picked up the apple with a fork and bit down on it as if it were Micah. "It's understandable It is hard to let go of what happened back then. Chanel sighed. After all, she was just a servant She could not empathize with Galilea's situation "Miss, if Mr. Lorenzo sincerely apologizes to you, will you forgive him?" 'Absolutely not Holding the fruit plate, Galilea turned and went upstairs Chanel sighed secretly Thinking of Micah's previous instructions, she entered the kitchen That night, it was a violent blizzard Bad weather warnings kept appearing on the news. 'Many airports have stopped due to the weather control, and thousands of passengers are staying in the airport lobby "Please be careful citizens." Galilea had asked Chanel and the others to get off work in advance. She sat alone on the sofa, surrounded by blankets. There were a lot of personnel resumes piled up in front of her she wanted to choose the most outstanding people to join in France Group However, Galilea looked at them for a long time and still had no clue As a manager, she really had no experience Dong Galilea subconsciously looked at the clock on the wall and frowned At this time, who could it be? It was still snowing outside Galileo took the opportunity to pick up the gloos kettle on the table and walked towards the door She pressed the monitor screen and a perfect side profile appeared in front of her The knocking continued

Gabica clenched the handle of the kettle and shouted at the door 'Can't open the door for you Micah stood at the door and was not surprised by her answer Heraced his hand and put the warm lunch box in front of the cuneu

Ten seconds later, the door opened Micah towered his eyes and smiled faintly as he walked inside

Chapter 250 rose Kather Homever just as she reached the door, he son Galilea gloring at him fiercely. "What are you doing here?"

im here to define food to you. As he spoke, he took off his jacket that was covered in snow and changed his shoes. He placed the food on the table and even placed two pairs of chopsticks on the way.

Cara frowned

Im not interested in eating with you.”

“Yes I know Micah nodded

Honnie his hands did not stop moving, and he even went to the kitchen to find two goblets. “Vicat I was afraid that you would freeze to death at my door and affect my reputation, so I let you come in. I don’t care what you want to do, let your driver pick you up immediately. I don’t want to see you.” Micah looked down at the resumes on the table Galilea immediately ran over and picked them up. “Don’t look “The snow is too heavy its dangerous for the driver to come over. I leave after eating, okay? ‘The snow is so heavy, how did you get here from the airport?’ Galilea stared at him fiercely.

2 The food is cold Let’s eat first,” Micah quickly sat down and opened the warming lunch boxes. They were all Sister Zhang’s specialty dishes Sniffing the familiar smell. Galilea could not help but swallow her saliva. She was indeed a little hungry and could not be bothered to argue with him. Just as she sat down, she saw the man hand her chopsticks over. Galilea had a cold expression the entire time. She could not tell what Micah was doing. He had braved such heavy snow just to have a meal at her house? Her guard and alienation were written on her face. After a few bites, she wanted to look at Micah. He ore very slowly and even went to the kitchen to pour a cup of hot water Galilea took a few quick bites and stared at him. ‘n leave after: 1 finish eating. I won’t stay any longer,” Micah said. However. Galilea still stared at him warily.

You don’t have to look at those personnel profiles as important information. One’s character is more important. The company has just started, so you have to be cautious when it comes to using people. Also_ 7 don’t need you to teach me! Galilea interrupted him angrily. if not for the things he had done, would she have needed to work so hard? Micah was stunned for a moment, but he still ate as he said. “The current account funds of the Frankie Group must be placed on important projects. It is close to the end of the project with the Lorenzo group, and there will be a guarantee at the end of the year. The first step to take now is to find a partner to cooperate with for a long time. For example, Haofeng International is a good choice. He was indeed seriously giving advice to Galilea. Even if she clearly wanted to resist Micah still spoke. Galilea furrowed her brows, not wanting to continue listening “You”

* you still want to seek revenge on me, just listen carefully. How are you going to fight with the Lorenzo group now?’ Micah raised his eyebrows and suddenly loomed over. His voice was clear and distinct, ‘Galilea, don’t waste your life Especially when it was wasted on him. Galilea by the corner of her lips and had nothing to say Every word he said eroded her self-esteem and pride, but in the face of absolute strength, she could only chew this bitterness and swallow it back into her stomach Micah can you not

look down on people like this? Even if I don't rely on your false kindness, I can "Yes, you can His deep and cold eyes suddenly lifted The dark light inside was like an abyss storing of Galileas face "But do you know what kind of price you have to pay for these?

Chapter 259 Overdone He Pound once singoled in the mire of hatred for so many years. Now he was deeply moved by all the thugs that Galleaned experenced His comptation for her was only out of sympathy and regret There was also a feeling that even he did not want to admit if he really wanted to describe this feeling it was probably that he could not bear to tether suffer. He could not bear to see her sulter the same toment ogain However, he would probably never say these words in his life. Even if he said ther, she would not believe him.

Galilea gritted her tecth She did not want to be teased and used by him again

It doesn't matter. You will understand Micah immediately stood up Before he left, he left behind a business card "There will be bidding next week Contact this person and he will arrange it for you Anter the door closed the wind and snow outside the window seemed to be even stronger. I was like Galea's heart at this time, which was being blown away bit by bit She lowered her head and hugged her head tightly. 'Micah. The rest of the voice was taken away by the wind and snow outside the window The man sut in the car. The glass was slowly covered with a layer of fog, and he just looked in the direction of the Frankie family's Ining room and remained silent On the phone, it was a message from Jasper. "How do you plan to celebrate your birthday this year?" Micah glanced at it and replied, "it's already over He rushed back in the wind and snow before midnight just to have a meal with her Even he himself could not tell if it were worth it to do so. That night Galilea did not sleep much When she opened her eyes, she remembered what Micah said. She hod to odmit that what he said was indeed reasonable. In the next few days. Galilea moved very quickly. After Zongxing received the news, he was also happy for Galilea. "This child is really getting smarter and smarter. M Old Frankie knows about it he can rest in peace "When you have time, you can talk to Galilea more. In terms of business management she has a lot of foresight." 'Dod, do you think that these methods were thought of by Galilea? Jag said hesitantly. You saw it that day. Micah still has feelings for her "What do you mean?' Zongning frowned "Do you not want to go after Gallea anymore?" he asked *Of course, I think Galilea is very good. I won't look at her like those people outside. I just think that the relationship between Galilea and Micah is not as simple as we think Besides, there is indeed a gap between Micah and me." "But I won't give up. Jing lowered his head Zonguing looked at him with satisfaction. That's right. I know that Galilea is short on manpower. I plan to send a few helpers to her Who do you think is sutable? "Ill go." Jing suddenly had this suggestion 1 have to seize the opportunity "Aren't you afraid that your friends and classmates will talk about you?" Zongring felt that after Jing book Galilea out that night, he seemed 10 have changed Dod don't make fun of me ill go find Galilea now Jing smiled bitterly At the Frankie Group When Jing walked to the door the front desk employee took the initiative to ask, "Who are you looking for?' Tin looking for Ms Frankie Is she there?" he asked gently "Please wat a moment. The employee immediately went into ask, and then corne out to bring Jing in In order to participate in the bidding, Gallea was very busy What's the matter? Jing changed his previous hesitation and directly stated his purpose You want to work in the Frankie Group Galilea did not expect him to say this at all. "But, with your qualifications, you are more than enough to apply for the executives of those multinational companies Or you can go to the company to

take over Uncle Priestley's work. I think it's an overkill to put you in this position

15 Ms Franke dissatisfied with my ability? Galilea put down the bidding book in her hand, "Not

Chapter 259 Overdone Jing looked at it and directly took it away from Galilea's hand Alter going through it, from beginning to end, all the places that should be modiled we marked out He wanted to pass it to Galdea, but in the air, he took it back "Ms Frankic, can I come to work here now?

"Okay, then I have to trouble you, Manager Priestley Galilea laughed

I gusrantee that I will complete the missions

Three days later

The bidding was held on the top floor of the Great Sea Building. The people present were all business celebrities and big shots of groups Galilea wore a black business dress and stood in the lift, her heart beating fast

A group of people came from afar and pushed her to the back

"Mr. Lorenzo is here!

'Their company has come up with a top plan this time. We have no chance to fight him.'" *If only the Lorenzo group needed another partner to draw lots."

"Come on, do you want to take advantage of it for free? You don't have the Frankie Group's luck. It was going to go bankrupt for a second time, but because of this project, it came back to life. It seems that it has recruited a group of people." But soon, all of them shut up Because the man they were talking about had already walked into the lift. When the other lift door opened, everyone immediately rushed in No one dored to look at Micah

The man did not move. His eyes glanced at the figure that came out of the list door. When the door closed, he glanced over. Secing that Galilea came alone, his foice was not so ugly Galilea ignored him, but

she did not hide. She also entered the lift in broad daylight. "Why did Jing go to work in the Frankie Group?" "He has the ability and qualifications I hired him I don't need Mr Lorenzo to agree, right?" Galilea did not understand why he always made things difficult for Jing.

The man snorted 'What ability does he have? He's just a kid who just graduated'

'Isn't it inappropriate for Mr Lorenzo to insult my employees like this? I didn't even say that the managers in your company are all good-for-nothings. They can't even arrange a simple inspection Job Mr Lorenzo really doesn't have a good eye for people Keith stood beside Micah and frowned slightly Why did he feel that he had been innocently shot? 'Alright, you said it' Micah said through gritted teeth

The lift door opened and Galilea walked out

She had only taken a few steps when she saw Nore walking out

"Galilea, I just heard that you would come I was going to find you. How have you been? Our company has a project. Are you interested? Nore asked with concern in her eyes.

"Of course I am Let's talk over there' Galilea wanted to seize every opportunity. As long as it was beneficial to the future development of the Frankie Group, she did not want to give up. Micah slowly stopped. She was so ruthless that she chased him away in the snowstorm, but she accepted the kindness of others so cordily? The man's face was gloomy and terrifying Keith stood at the side, not daring to make a sound 'Say, is there something wrong with her brain?'

Chapter 260 The Hint Keith took a deep breath This was a suicide question, and he could not answer it. "Mr Lorenzo, the bidding is about to begin Only then did Micah step inside. However, his expression had always been very ugly. Those partners who wanted to go forward and greet him all stopped when they saw his expression Nore stated his plan in one go

I can get them to prepare the contract right now. As long as you agree, we can start working together next month' In order to leave this opportunity to Galilea, Nore rejected the other companies "Nore, thank you so much but I can't answer you now I have to go back and have a meeting. After all the company has just started and its ability is limited I can't drag you down.' Galilea answered very seriously Nore's eyes dimmed slightly "Alright, then I'll wait for your reply Galilea nodded and looked at the time 'Let's go in first The entire bidding was very tense. The atmosphere was oppressive to the point of freezing If some small companies wanted to make a name for themselves, they would have to get good projects However, opportunities were left for those with strength After a round of bidding, some people won in the midst of danger, but more people gained nothing

Galilea was the latter

Even though she had already put in a lot of effort, she still had not received the blessing of the Luck Goddess. On the other hand, the men sitting in the front row did not even need to open their mouths before someone rushed up to deliver the money.

*Mr Lorenzo, thank you very much for coming today. These few projects are the most popular. Take a look first, if you need anything, the Lorenzo group can get priority unconditionally." This was the rule of this world. Absolute power was to be unrestrained. Galilea was furious and kept staring at the movement over there. Nore followed her line of sight and looked over, frowning and not saying a word.

The bidding ended. "Everyone, please move to the restaurant downstairs. We will share the dinner and wish the cooperation a smooth success." Galilea was a little tired. She yawned and walked out. Just as she stepped out of the door, she heard a commotion downstairs. "Go and take a look?" Nore lowered his voice and asked her. Galilea wanted to refuse, but she saw a familiar figure. She nodded. "Yes, Micah was not far behind and followed her. At this time, in the restaurant downstairs, a fat woman with many rings on her hand stopped the woman in front of her. "How dare you seduce my husband? Bah, shameless vixen!" "Isn't that Mrs. Lu? The woman she hit seems to be Zhang Min, the female star. The slap she gave was firmly hit on Zhang Min's face. Zhang Min frowned and her delicate white skin soon revealed finger marks. Mrs. Lu, don't be like this. Just treat it as giving me face, the restaurant manager stepped forward to stop her. "Geilost! Why should I give you face?" Mrs. Lu became even more arrogant. "You're just an idiot, yet you dare to steal my man. Let me tell you, get as far away as you can from now on. Don't let me see you again. Otherwise, I'll throw you into the river to feed the fish." Zhang Min stroked her cheeks and smiled sarcastically. "Only a woman with no confidence will hold a woman and not let go. If you have time to teach me a lesson, why don't you go home and take control of your husband?"

"You!"

The fat woman became even angrier and raised her hand to hit her. "Stop!" Galilea shouted and rushed out. Previously, Zhang Min had helped her, she did not want to be such an ungrateful person. Nore did not stop her and followed her behind the crowd. Micah's gaze was a little complicated. "Mr Lorenzo, do we need to interfere?" Keith asked in a low voice. The man's cold eyes darkened, and he said lightly, "wait a while." The moment Galilea spoke, it attracted the attention of many people, and the discussion in the crowd became even louder. "Micalis
