Otherwise, I won? leave toányt The man sighed helplessly and just happened to see Zhang Min coming out of the bathroom. He walked fond and said, In the future, I dont want to see you again.' Didn't his words confirm that Zhang Min was destroying his family? "Mr. Liu, you. Okay, I understand. I won't disturb you in the future.' Thang Min choked with sobs and tears Ished in her broses cyes Everyone sighed. They actually saw such a melodramatic scene with their own eyes. See. I am the real wile A woman like you is worthy ? Mrs Liu sneered. Galdea frowned and did not speak Compared to the mocking smiles and expressions of others, she should be the only one who sympathized with Zhang Min. "Even if she really did something, it is not her responsibility alone. Why can a man escape unscathed? Why does she here to be the infamy of a third party? Galilea said coldly Many people around the hall looked over cunously. *This has nothing to do with you' Mr Liu was embarrassed. "I just said a few words, and it has nothing to do with you right? I didnt specify the name. Only those whose reputation has been ruined will be sustered." "You!"

You bitch How dare you interfere in my business!" Mr. Liu shouted angrily. *Thank you, Miss Frankie, but there is really no need.' Zhang Min wiped away her tears and pulled Gallea

I'm not just trying to stand up for you I just feel that these men have no sense of respons day it something happens, they will only clear up their responsibilities. When he was enjoying, he did not say that he was coorded Mr Liu's face turned green and white "You." However, a cold and extremely oppressive voice sounded, stopping him from saying anything else. What are you trying to do?" Micah's tone was full of disdain Helifted his eyes and looked over his gaze terrifyingly cold. "Mr. Lorenzo?" Mr Liu's expression was extremely awkward. He was flustered and exasperated just now and did not notice that Micah was stang there it was too late to regret now He could only immediately smile. "Mr Lorenzo, dont think too much I dont have any other intentions ljust feel that it is not good for Miss Frenkie to interfere in other people's family affairs.

Micahs face darkened and he raised his eyebrows

Mr Liu herved a sigh of reisel. However before he could swallow his anger, he got nervous again because of Mrs Liu's coreless words.

They have already divorced. What are you afraid of? This Galilea is also a third party Shameless.” Her words were too rushed Her voice was loud, and it was too late for Mr. Liu to stop her

You just said that all men are the same. They only know how to stark responsibility? Micah was furious Galilea did not say anything

She was just throwing a tantrum at Micah “Galileo!

Nore quickly walked over from behind the crowd and blocked her way. Ignore them Mrs. Liu looked Galilea up and down and snickered, “Shameless bitch you seduced one after snother Only you guys

Chapter 261 Slendar

The table in front of licoh was crenured

Hoptremely cold aura instantly oppressed everyono present, and his gate was fixed on the hand that Nore was holding Gallea Mi and Mrs. Liu were so scared that their laces tumed pole ‘Me Lorenzo, don’t be angry Me Liu turned around and shouted ot his wife, ‘Shut your moun you can do anything but run things! ‘L I didn’t mean it Mrs luwas panicked On such an occasion, there was no one in the city who could flip the table, except Micah ‘Get lost

Mr Lly nodded repeatedly and dragged Mrs Lyout. As he walked, he scolded, “Do you know who Micoh is in the future. If you see

them, walk around”

The others were originally watching the show, but now they all returned to their seats and did not dare to look anymore. When Zhang Min saw this, she could only pick up her handbag first and did not sit nertio Micah again ‘Miss Frankie, thank you so much for today. I have caused you troudle”

71’3 not your soult Galilea mulicred in her heart She was indeed meddling in other people’s business Otherwise, Micoh would not be so angry and flip the table There were already staff members coming over to dean up ‘Mr Lorenzo, the kitchen has already prepared a lable of delicacies Would you like a private room for the few of you?’ The manager also came over to apologize Micah only stared at Galilea

It seemed that she did not say anything, this matter would not end. Galilea was frightened by his gaze and frowned 'I don't let's go. I'll take you somewhere else to eat' Nore timely sad and pulled Galilea out Galilea took two steps forward and felt that Micah's gaze was still fixed on her She frowned and quickened her pace.

She didn't want to be called a third party.

She also didn't want to be entangled with Micah. When she got into the car. None found that her face was still not very good. 'Some people's lives are so boring They keep staring at other people's private lives You don't have to care about those words Sooner or later, I will let you completely get rid of those gossips Galilea lowered her eyes

71 can't be helped. That will only involve you' 'Oh right I'm going back to live in the Frankic family. Please send me there.' Galilea smiled bitterly

You don't want to cut? Seeing that she was unhappy. Nore also felt uncomfortable

*I don't have an appetite," Galilea shook her head. The words that Micah had said in her mind kept appearing in her mind making her feel uneasy

'That's good.

Nore stepped on the accelerator and the car drove out of the gate

in the distance, Micah stood on the steps and watched them leave with a complicated look in his leg

Zhong Min followed them out and said with a chuckle, 'Mi Lorenzo is really different from the past Since you can't let go of it, why let her go with another man?

Chapter 262 Unexpected Discovery

When he heard this, he placed at her coldly "What are you trying to do by deliberately getting close to her?" Zhang Min's expression softened and her smile was slightly helpless Mr Lorenz has always been aggressive, which hasn't changed.

This is it, my last warning. Don't touch her. Micah's voice became deeper and deeper. After he finished speaking, he walked down the steps. "You should know who I work for. The person you should warn is not me," Zhang Min said with a bitter smile. She was just a chess piece in that person's hand. "Don't talk nonsense in front of me! Micah turned around, his eyes like ice arrows. Zhang Min's beautiful face revealed a hint of helplessness. 'Mr. Lorenzo, do you think that with my situation, I would dare to go against you? Of course, I wouldn't dare to touch your woman.'" Her words were, of course, the truth.

It would depend on whether Micah believed it or not.

You better be smart. Otherwise, you will bear the consequences. Zhang Min stood in the same place and smiled bitterly. She watched Micah drive away with her eyes. The dust that rose was like her broken life. The chess pieces that are targeted will never end well." She took out her phone from her branded bag and sent a message. Then she put on her sunglasses and drove away. Micah did not care where Galilea went. Anyway, there would only be one place she would return to in the end, and that was the Franklo family. When he drove over, Galilea had just sent Nore away. "Chanel, close the door. Galilea's eyes darkened. "Isn't this not 100 good?" Chanel always felt that as long as the two of them solved the misunderstanding, there might be a chance to continue their relationship. Moreover, Micah was in charge of all of the Frankie family's expenses. If Galilea drove him out like this, in the future... "Miss, maybe Mr. Lorenzo has something to talk to you about? *No matter what his purpose is, I don't want to see his face and close the door immediately. If he comes in, you don't have to come tomorrow. Galilea said and turned to go upstairs. Chanel had no choice but to do as Galilea said. "I'm sorry, Mr. Lorenzo." As the door of the Frankie family slowly closed, the man in the car revealed an unruly smile. He glanced at a window on the second floor. Good, very good. It had been a long time since he had been shut out. Galilea hid behind the curtains of the study until she watched Micah drive away. Then she looked away.

She turned around and looked at the familiar bookshelf and table. She couldn't help but miss her father again. Before she married Micah, she often sat on the coffee table by the window and read. Her father was reading documents there, and she was not allowed to touch the things on the bookshelf. Also, in the secret compartment Galilea suddenly ran to the left side of the bookshelf. This bookshelf had been specially made for her father. Although there was nothing valuable hidden inside, some important letters and documents would be placed in this secret compartment.

If no one found out! She opened the cabinet outside and slowly reached out to press the switch.

Boda The hidden compartment was lifted, and there was indeed something inside. Galilea was surprised and happy. She quickly reached out to take it. It was already covered in dust. She didn't know how long it had been kept inside. There were two envelopes, one thin and one thick. Galilea casually opened one. It was her father's handwritten letter. 'Galilea, I don't know if you have a chance to see this letter. Perhaps

at that time, our family had already changed greatly. Dad hopes that you can be strong and mature to face all of this. Life is always like this, and the world is unpredictable. Dad also didn't expect to take such a wrong step, such a critical step!" "Galilea, do you still remember the puzzle game that Dad often played with you?"

the hope of making a comeback Don't let it go

7 You know the one that is behind, maybe the Frank your best Dad is that doesn't want to see the current du Cal teases we are instantly covered with a layer of tears

She held the letter her tears flowing uncontrollably Her father had already known that it was Micah who had harmed the Frankie terribly to this extent! Galilea's heart clenched and she trembled as she opened another envelope. There was only the word "Galilea" on it "Dad, what do you want to tell me Because she found these two letters, Galilea could not sleep all night when she was a child, her father often played some guessing games with her in order to let her rest quietly Sometimes she could guess Sometimes she could not guess What secrets could be named "Miss dinner is ready" Chanel knocked on the door Galilea quickly hid the envelopes under the pillow She felt uneasy and locked them in the drawer She could no longer trust anyone. Just as Galilea went downstairs, two uninvited guests arrived. Dayana and Wendy unexpectedly appeared at her door "Miss, isn't that Chanel exclaimed She didn't expect to meet Wendy in such a situation "Yes, that is Wendy my father's girlfriend "Chanel said Don't worry about them Galilea looked away expressionlessly Outside the door Dayana bit the corner of her lips and complained told you that bitch Gaweia won't let me in It's all your fault that I had to act out this scene "Dayana, be quiet Wendy pulled her to the other side and continued to persuade her parently, 'Have you forgotten what your father told you before you came out? Your tummy is getting bigger and bigger You have to use your brain and think of a way

Is it useful? She won't let men at all "Moreover Micah deeply has feelings for her For her, he is willing to give up the child in my belly Even if I kneel down and beg Galilea non-ahots the use? Will she return Micah to me "Of course it's possible He thought about it all is like her father. She yields to soft approaches but rejects force, so you have to work hard to show your weakness to her Impossible, I will never bow to that bitch Are you willing to be abandoned by Lucah with a big belly? Wendy said bitterly, If that's the case, you can go back now. I can't help you either Of course, Dayana was unwilling back then with Mrs. Lorenzo's reputation she had gained many benefits Those advertisements and film contracts had been sent to her. Those directors and producers were all laughing over her with smiles on their faces However everance Galilea and Micah got closer and closer those people were waiting to see her make a fool of herself

It was as if Micah would abandon her at any time and throw himself into Galilea's arms. In that day really came her life would be finished Dayana did not dare to think about it anyone Previously, she still had

Teny as a way out Recently Terry had also been suspended What if Micah suspected the relationship between her and Terty...

Aunbe Wendy help me!" Dayana steel her heart and agged at Wendy Wendy was quite satisfied with her words "Anght, lets think of a way to get infinit Alter that you can take your cue from me "Okay Dayara nodded repeatedly "Galilea, we will have something to talk to you bout Open the door tort Otharing its not a good thing for us to be standing here all the time Wendy once again want to knock on the door and asset softly Galle listened to the sound coming from the doorbell and continued eating What could Wendy te to her about? It would be nothing inore than those so called theories

Just when she wanted Chanel to determinay, Wendy's words toatet into Galeators "I came here today to express my biocent to you. I nige everything that botrom the Frankie tamy back you" "Chanel open the door

Chapter 263 Destined

People were like this. If you dont force them, you would never know where their bottom line was When Wendy saw the door open, she immediately pulled Dayana inside. Hurry up before she changes her mind." Dayana slghed silently and put away her usual arrogant temper "Give them to me Galilea looked at them with cold eyes. Wendy quickly took out a jewelry box from her bag "That's all? There wont be a second chance. Galilea chuckled "Galilea, dont go too far. What exactly is the relationship between you and Micah? There are so many rumors outside Dont you feel sorry for me?" Dayana couldn't help but got her teeth. *If it were someone else who said this, I would explain a few more things. But, are you worthy?' Galilea now remembered the time when Dayana pretended to be sick in the hospital. A vicious women like her should learn a lesson "Galilea, Dayana, stop talking. Let's sit down and settle this matter today. It will be good for both of you, won't it?" Galilea sald, Wendy smiled and walked forward, holding one of them in each hand. Galilea looked at the jewelry box Chanel immediately went over and took the box in front of her "Galilea open it and take a look Wendy had a smile on her face os if she was trying to curry favor with her Since it had already been delivered to her, Galilea did not reject it. In any case, it belonged to the Frankie family, so it was her right to lake it back But when the thing appeared in front of her eyes, Galilea was stunned. These pieces of jewelry had all been used by her mother and they were very similar to the photos and jewelry she had soon in Jimmy's shop She was stunned and immersed in her thoughts, unable to speak for a long umo. Seeing this, Wendy immediately explained, 'I left in a hurry, so I really only took these owity All these years, I have never touched anything, and everything has been well preserved! "I dont osk for your forgiveness. I only hope that we can ease the relationship between us. This way, your father will have a peaceful spint in heaven, and also 'You still have the face 10 mention my father?' Galilea closed the Jewelry box and handed it to Chanel. She took o deep breath and sneered, "Tell me something practical. What do you want to do?" Galilea was too lazy to waste time with them. Wendy immediately gove Dayana a look. Unfortunately, Dayana did not react and pretended to be wronged. 'Galilea, Dayana wants to case the relationship with you. Can you teach her how to get along with licah?' 'Teach what? Galilea almost suspected that there was something wrong with her cars! "You have been married to Micah for two years. You must know his preferences very well. Also, the way

you get along with him. Galilea couldn't help but laugh. She had no comment on what they wanted to ask "You are wrong I don't understand Micah at all. If I had really known what kind of person he was, would our Frankie family have ended up like this today?"

Since you have nothing else to do, please leave. Galilea generously accepted the jewelry box and gave the order to leave Wendy's expression suddenly became very awkward. Dayana was not willing to submit She had put down her pride and dignity and stepped into this door. She could not return without Success "Everything in this house was prepared for you by Micah, right? He still has you in his heart. This matter has already affected me." Dayana suddenly said and looked straight at Galilea The tip of Galilea's fingers slowly lightened. "No one asked him to do this Moreover, these were originally my things" "Then I have to trouble you to make things clear to him. My prenatal period is almost due I beg you to be generous and let us go." Dayana threw out her face and even knelt in front of Galilea.

She did not hide the hatred in her eyes Even if she lowered her head, she could feel her unwillingness Seeing that she finally got enlightened, Wendy immediately walked over with tears in her eyes She pulled, but in fact, she did not use any strength at all "Dayana, why are you doing this? You are pregnant. Get up first

Chapter 263 Destined Dayana pushed her hand away

"As long as you can leave Micah and stop pestering him. I can do anything you want me to do."

At some point in time, a figure had appeared at the door.

M. Lorenzo Chanel accidentally glanced outside, his entire body trembling.

His figure froze there his expression dark as his gaze fell on them. "Mr Lorenzo your fiancée came to me and begged me." The corners of Galilea's mouth rose, and she smiled coldly. "But what should I do? It's impossible for there to be no entanglement between you and me. I even wish I could bankrupt the Lorenzo group in my dreams. Alicia frowned. Dayana also did not expect him to come, and she was happy in her heart. This was really a heaven-sent opportunity There was no need for her 10 scheme, but there was such a good opportunity. Of course, she had to grasp it well! She wiped her tears, "I know that many things have happened to you in the past, but please, for the sake of me and my child, let's end this here. No matter what compensation you want I can return it to you on behalf of Micah It was best to take this opportunity to completely cut off the connection between Galilea and Micah! Dayana calculated in her heart, and the tears on her face were obvious. She cried and took two steps forward, 'Galilea, consider it as me begging you" Originally, Galilea did not intend to do anything. But looking at

Dayana's appearance, she really could not empathize "He owes me a life. Are you going to repay it for him? He forced my father to walk on a dead end and die. How are you going to sewe this debt?" Galilea clasped her hands together, Her voice was clear and cold, even more bone-piercing than the wind at night.

Dayana's crying pupils suddenly froze.

She knew how ruthless Galileo was. For a moment, she averted her gaze and did not dare to speak

Micah stood there his figure suddenly moving, but his footsteps abruptly stopped. "Micah, if you are still a man, take your fiancée away. From now on, do not interfere in my life. As for my hatred for you. I will wait until Dayana gives birth to the child. Galilea no longer looked at them and turned to go upstairs. *Chanel, send away all the inclevant people in case they dirty my house's land When the sound of the door slamming came from upstairs, Dayana slowly stood up and moved to Micahs side Micah did I causo you trouble again? I didn't do it on purpose. I really want to ask for her forgiveness. This way, I can prepare for giving birth at ease." The man frowned and glanced at her Dayana was so scared that she took half a step back. But he did not say anything in the end. He turned and left the Frankie family's door

'Did I win? Dayana beamed and pulled Wendy

Chapter 264 Trap Him Not only did che force Galilea to take the initiative to say those words that drew a clear tine, but she also let Mocah see it with its own

I want us if even the heavens were helping her. Dayana got into the car hoppily, but she felt very uncomfortable as soon as she sat down 'Auntie Wendy, go to the hospital, quick!" "Are you going to give birth soon? If you give birth on the road, it will be troublesome" Wendy was also extremely nervous The driver immediately rushed to the hospital Micalls cor was right behind them. The man's eyebrows were lightly locked, ond his mind was surrounded by Galilea's determined eyes,

Yes, he owed her life.

How to repay? After the doctor's diagnosis, Dayana was just too excited. There was still a period of time before the delivery 'I suggest that you stay in the hospital and wait for delivery. It is convenient to observe the condition of the pregnant woman. The family should also accompany the pregnant women as much as possible. Remember, don't make her so excited again Micah took the report and turned to look at the person on the bed 'Micah is the child okay? Dayanoa face was pale She struggled to reach her lower abdomen She was nervous and scared, Sho cried directly, 'I wont due to look for Galilea

anymore. I want my child!' Micah could only take a step forward "It's fine The child is fine "Micah, I'm so scared Stay with me, okay?' Dayana could not stop her tears from flowing This was not an act, it was a real feeling On the way to the hospital just now, Dayana felt that the child was moving She was in so much pain that her hands and feet trembled. She even felt that she was going to die soon At this time, she really hoped that Micah could be by her side. Her beautiful eyes were like water as she looked at the man in front of her. "Okay Micah struggled for a few minutes, but he still spat out this word. He lifted his eyes and looked at Dayana. "Tokeo fest. I'm not leaving.' The icara in Dayana's eyes gradually appeared. She closed her eyes and held Micah's hand During this period, Wendy came to the Ward Seeing Micah guarding Dayana, she put down the lunch box and quickly left.

This is good. In the future, you don't have to worry about Galilea' Wendy muttered to heracll, "Men are all the same. What they care about are their own children When Dayana gives birth to this child surnamed Lorenzo, it doesn't matter whether she has a status or not" This child would be the guarantee of Dayana's wealth and glory And she would also become Micalis mother-in-law The more Wendy thought about it, the more proud she became. She twisted her waist and walked out of the hospital. But just as she stepped down the stairs, she was caught by several men. "Who are you? Let me go "Be quiet' A cold voice sounded "Terry?' Wendy trembled Terry leaned back in the business car and raised his hand The subordinates immediately let go of Wendy, closed the door and left "Why is it you? If you are looking for me, just make a phone call Why are you scaring me like this? Wendy laughed dryly and rubbed her swollen prin

Will you answer my call? Now all of you, the Quincy family, want to ride Micalia coattails and escape from me 'it's not what you think.' Just as Wendy was about to explain, Terry Wicked her The pain swept through her entire body 'Doni put on an act with me That old fox Lachlan has already taken his little lover to hide abroad He still owes me a million of money Tell Dayana to gather all the money within a week Otherwise, will go to Micah and tell him the truth about the child' Wendy was immediately stunned and pretended to be completely unaware

Could it be that the child in Dayana's belly is really Terry's? 'Stop pretending Do you not know? Micah's never touched Dayana from the beginning to the end The person who slept with her every night is me

Chapter 64 Trap Him Wendy lowered the head, not daring to look at Terry's gloomy face She pretended not to know anything, way of the day when the matter was exposed, she could still protect herself Plus Terry was too ruthless and insisted on dragging her into it "You followed Onyx before and took a lot of things from the Frankie family right? Terry sneered and grabbed Wendy's hair 'In the future, you have to be my pawn in the Quincy family and immediately trick Lachlan back from abroad. Otherwise, I will go to Galilea and have a good chat Wendy was hurt and scared, so she could only nod her head

7 know, I know

Terry snorted, opened the car door, and kicked her out of the car

“A few days ago, the collaboration project between the Frankie Group and the Lorenzo group has officially ended. Both companies have benefited from it especially the Frankie Group_

The news broadcast over and over again the picture of Galilea being interviewed by reporters. The new assistant Su Yuan, was a beautiful and lively little girl. She had just graduated and her eyes were very bright. She had just put down the phone and immediately rushed to find Galilea, “Ms. Frankie, the reporter from the TV station in the afternoon wants to interview you.” “Another interview?” Galilea put down the mountainous pile of information in front of her. She really did not have time to deal with those people. ‘Help me reject it’ *Isn’t this too much of a pity? You don’t know how good the Internet is now. Many people say that you are very good-looking in the mirror even more beautiful than a female star.’ For some reason, when Galilea heard this, she thought of Zhang Min.

So what if she was a female celebrity? She was still criticized and lived in the eyes of those despicable and vulgar people. “Ms Frankie?” Su Yuan was afraid that she would say something wrong and quickly lowered her head. Galilea closed the document and was a little tired. ‘Reject it. I am not good at doing these public relations work. There are still too many things to deal with in the company’ “Okay, I understand. Su Yun nodded. Galilea lowered her head and continued to read the document. When she heard the knock on the door, her eyebrows wrinkled again.

What’s wrong? Jing, who was outside the door, pushed the door open and entered. He held two cups of coffee in his hand and said with a smile, *Don’t worry. I am not Su Yuan, that little middle-headed girl. Drink a cup of coffee and refresh yourself. He took away two stacks of information, and only then did Galilea’s desk look less congested. Smelling the aroma of the coffee, Galilea was indeed a little tired. She thanked him and closed the notebook on the table. ‘My father often says that business management requires talent and time to gain experience. Don’t be too eager to achieve success’

Jing smiled. Galilea held the coffee cup. Of course, she knew that she was like a madwoman who was eager to achieve quick success. However, she was already standing on the edge of the cliff. If she did not risk her life, she would end up with her reputation ruined, and she would no longer be able to turn things around.

The Frankie Group has just ended its collaboration with the Lorenzo group. We must seize this opportunity. Last time at the bidding, we got nothing. If we can’t find any more projects, the company’s

accounts will only last a few months of expenses. Galilea was still clear-headed. Taking advantage of the situation would only make the Frankie Group become the laughing stock of outsiders again. Jing nodded, "What you said is indeed the actual situation, but you forgot one thing What? "You forgot that you have an outstanding manager" "Do you have a way out?" Galilea's eyes lit up.

Chapter 265 Deal

Jing did not answer her directly He raised lys watch '1:13 sm0 to get off work. There is a tea restaurant nearby. Let's talk while eating Before Galilea could agree he had already got up and walked out. *nl drive. See you downstairs. His indisguised goodwill made it impossible for her to refuse. Galilea closed the office door and walked into the lift. Not long after they left the employees also got oill work one after another but someone took advantage of this gap to enter Galuca's office. Jing drove her to a small local restaurant The place was not big, but it was very lively The customers were all neighbors, and they were all chatting casually 'Lady boss, another side dish' Jing didnt act like a young master at all As soon as he turned around, he took two more drinks 'Didnt you just return to China? How do you know this place?" Galilea took o slp 'Eat brst we still have work to talk about after eaung Jing smiled. Outside the window a camera was aimed of them Jing look good care of Galilea Not only did the taste of the dishes suil her taste, but he ws0 picked the right icpic when chating 'No wonder you have such a good relationship with your classmates – Galica sighed from the corrom ol her heart When she looked at Jing, it was as if she was looking at her past sell that was filled with the pura of youth What I want is not that kind of good relationship. I just hope those who care about will notice mne. As he spoke, he glanced at Galilea Galilea suddenly felt that something behind her was very dazzling. She turned her head to look, not nobcing his gam.

There seems to be someone over there..Galilea frowned As soon as she left the restaunt, she felt as if someone was following them. Just now, something ceemed to have dazzled her eyes Jing's cyes darkened a little, and his lips fwitched Youve worked for a day Are you tired and oversensitive?" 'Is that 30%

Galilea had a lingering fear in her heart She stood there ond looked over for a long time. She rubbed the bridge ol her nose. Let's go back to the company first Jing walked as sho turned around and glanced at the começhis tyes full of fierceness The bushes in the corner swayed and soon calmed down.

That night, Nore came to find Galilea with a contract. Cooperate with Lub! Group.' Hia gaze was calm, and he was a completely different person from before Galilea also wanted to agree readily. No matter how she looked at this contract, it was a good opportunity, but

The Frankie Group does not have a team that can support the situation nght now I am afrald that it will drag you down. Although have recruited some people, they still need to fit in Nore smiled and comforted her, 'There will always be a first time for everything. You have to give them a chance. This

project is the focus of our company's investment next year Think about it carefully. "Okay, thank you Gelles smiled brightly She knew very well that Nore had handed this project over to her to help her Otherwise, with the status of Lubi Group, as long as he waves his hand, there would be a lot of people fighting over it You want to thank me? Is there a need to be polite between us?" Nore frowned. In the future, we will be partners. Of course, I have to be polite" Galilea's stern tone made Nore unable to get angry. Before leaving, he thought of something and insisted for a long time before asking, "Do you like this in the company 'Of course, I need you to come to some other day,' Galilea said, not understanding what he meant Nore smiled without saying anything He waved his hand and got into the car

He sat in the car, frowning even more He pressed the call button on his Bluetooth headset When the call connected, he spoke in a low voice. The contract has been handed to you. and she promised to consider it But why do you want me to do this?"

Nore gripped the steering wheel with his eyes closed

Chapter 265 Deal Those words made Nore once again realize that he had completely lost in certain aspects. In order to allow the Frankie Group to get a good project and an opportunity. Micah did not hesitate to give the Lubi Group benefits in order to let Galilea accept it he even let Nore be a good person. Nore turned the steering wheel and said coldly. 'Jing is already the manager of her company. Maybe he will find out about this matter After all, I have Jing's backing. It was not difficult to find out the cause and effect of these things, "He won't investigate. Even if he does, he won't tell Galilea.' Micah said confidently.

Are you so sure?"

Even if Micah was wrong, he might not be so accurate, right? Nore thought about how he would explain this to Galilea if this matter was exposed one day. However, Micah had already guessed his thoughts. "You can push all the blame onto me. In addition, Jing is more thoughtful than you think it is best to keep a distance from him The latter half of the sentence was what he wanted Nore to pass on to Galilea. There were some words that would have a negative effect if he said them When Micah finished speaking, he hung up the call. At this time, Jasper was sitting opposite him, frowning. No matter what, Jing is my relative Can you avoid me when you say these words?

'There's no need for that.' He, Micah never cared about those things. He would definitely go all out to those worthy of his kindness and respect, but there were many people in this world who were not worthy

If Jasper was someone who would fall out with him because of this matter, they would not have interacted with each other for so many years

Jasper understood his character too well. He sighed helplessly. However, don't you regret giving such a good opportunity to Nore? If the project is successful, it can also ease the relationship between you and Galilea." When Jasper first heard about his plan, he almost fainted from anger. Wasn't this clearly giving a good opportunity to his love rival? 'Nore originally had that intention towards Galilea, and the Lubi family has also changed its opinion of Galilea. What if they fall in love because of this, can you really accept it?' He personally sent his ex-wife, who he wanted to chase back into the arms of another man. Micah's eyes dimmed a little, and his slender fingers holding the coffee cup slowly tightened. The current me is no longer qualified to

treat her well. Jasper realized that he was talking about Dayana and the Quincy family, so he could only sigh helplessly. 'She's about to give birth?'

The doctor said that it would take at most a month.' Micah said with a complicated expression on his face. "Then congratulations on being a father in advance, Jasper said as he leaned back. Micah narrowed his eyes and smiled saintly. Everything was not set in stone, and the rest could only be left to be verified by time. Just as the two of them were about to leave, their phones rang at the same time. 'Hello? Micah glanced at the annotations. "Mr. Lorenzo, Ms. Frankie' photos have been posted online by the paparazzi.'

Chapter 266 The Black Hand

On the other side, Jasper also received the same news, but the main character was changed. Putting down the phone, he looked at Micah's face hesitantly. Jing and Galilea were caught by the paparazzi, and before he finished speaking, Micah had already rushed out the door. "It's over, something is going to happen this time." Jasper immediately followed. In fact, it was just the two of them who had a meal together, but because of Jing's family background, it was explosive enough for him to be a small manager for the Frankie Group. For a moment, a storm broke out. "The ex-wife of a rich family hooked up with three birds with one stone! The news spread like wildfire. Many companies that were interested in working with the Frankie Group all stopped. It was their wives who immediately banned their husbands from discussing business with Galilea, worried that these scandals would affect their husbands.

Galilea originally did not want to pay attention to it, but as the matter continued to ferment when Nore went in and out of her house that night, he was also photographed. Moreover, there was only a man's back in the photo, which had been interpreted as Jing staying at the Frankie family all night. 'These

reporters are too much! Ms Frankie, should we send a lawyer letter?" Galilea did not make a sound.

If she did not suppress the matter now, the one who would be affected the most would be the Frankie Group. Previously, because of her cooperation with the Lorenzo group, she was already in a lot of controversies. If this scandal were to spread again, who would dare cooperate with her in the future? In front of Galilea was the contract that Nore had brought over.

This matter had to be suppressed as soon as possible.

"Ms Frankie, are we just going to endure it like this?" Su Yuan really could not swallow this insult. "Earlier, you said that there were reporters who wanted to interview me. Go contact them now and tell them that I have information that they are interested in Galilea." She said calmly. Su Yuan opened her mouth and wanted to say something, but Galilea obviously did not want to talk anymore, so she had to leave first. Just as she opened the door, she saw Jing standing there.

"Manager Prestley! Why did you come to the company at this time? What if the reporters take photos again. After Su Yuan finished speaking, she subconsciously looked down the company building. 'I have already sent someone to deal with it on the way here, but I don't know if someone is deliberately targeting this matter. The news fermented very quickly. Jing seemed a little tired. He walked in front of Galilea and wanted to say something but hesitated. "Sorry, I have caused trouble for you.' Galilea forced out a smile. "You are not to blame."

Jing sighed and was about to say something. When he saw the contract on the table, he recognized the logo of the Lubi group immediately. "Are you going to cooperate with the Lubi Group?" "I'm still considering it." Galilea pushed the contract to the side and raised her hand to signal for Jing to sit down first. "Since you're here, I thought of a way to resolve this matter. Why don't we accept an interview together and clarify our relationship? That way, we can shut up those people."

This was the best method that Galilea could think of so far. However, after she finished speaking, Jing reacted very slowly. "Feel that even if we can't do it with the reporters, they won't believe it. Instead, they will follow you even more." Jing frowned and said seriously. "They will do anything to achieve their goals."

Do you mean that someone deliberately spread such rumors?

Jing nodded 'Yes, and their purpose is very obvious. They want to drive a wedge between you and molest the Frankie Group will develop better and better in the future with my father's help Galilea hesitated it was not impossible, but she could not think of who would do such a boring thing Even if her reputation was trampled on, what could they get? 'Ms Frankie, wtry don't you let me handle this matter?"

"But

Jing smiled deeply. Don't worry, I know what Im doing, I will deal with tys matter silently I won't let the news continue to ferment, and I wont let these things allect the cooperation between us and Lubi group

Since he had thought it through so thoroughly, Galilea didn't bother to worry about it anymore "Alright, Ill leave this matter to you

The Bisch Hand Jing nodded, then looked at the document on the table. "Ill go get busy first

He walked out of the office, and the smule on his handsome face completely disappeared 71 serns that she hasnt completely trusted me, and she actually believes in the project given by the lubi family? Jing thook lus head ond pushed open the door to his office He look out his phone. The first thing he did was to call the familiar reporter, "There's no need for the news to esplode anymore. It has already achieved the effect I want The reporter laughed, Young Master Jing. this move of yours is too extreme Do you know that from this moming unul now the phone in our office has been nnging non-stop? There are already two people who are going to pay a high price to buy the photos in my hands

Obviously, the other party was sinking into it and didnt want to stop. Jing raised his hand to pinch the

green leaves in the flower pot and chuckled scornfully, 'I'll say it again, the cooperation ends here. All the plans had been designed by him behind the scene. Including blurring the back view of Nore, he had deliberately made people misunderstand. Originally, he thought that the Lubi family would distance themselves from Galilea because of this matter. Unexpectedly, it made them get closer and closer. How could this work? Galilea could only rely on him alone!

It wasn't easy to get rid of Micah, but there was Nore now. "I don't want to see any news or photos related to this matter. Do you understand?" he said in a frightening tone. The reporter on the other side was shocked by his sudden change in tone. 'Yes, yes, yes. Young Master Jing, don't get angry. I'll get someone to remove the headline right now. They had taken Jing's money, so they had to listen to his orders. The reporter looked at the photos and smiled sinisterly. He locked the rest of the photos into the droner.

Three hours after the matter continued to ferment

After Jing's appearance was blurred, the video of the interview was posted online, but his clarification was vague, making it hard to tell whether he wanted to explain for Galilea or had another purpose. 'Ms. Frankie, Manager Priestley's interview video did not have the purpose of clarifying. On the contrary, it made people feel that there is some ambiguous relationship between you two. Su Yuan took out today's call record. The three companies that previously had the intention to cooperate have changed their minds. The smaller the company, the more they cherished their own feathers. It was understandable that they did not want to talk business with someone like Galilea who was deeply stuck in the mud. *Got it' Galilea frowned. She felt that she had overlooked something. She sighed when she saw the contract on the table. She called Nore and asked him out to meet her. The best way at the moment was to reject this cooperation first. "Okay. I'll pick you up." Nore answered very quickly. 'No need. Let's meet at a place. There are a few paparazzi waiting downstairs. It's not convenient. I really didn't expect that I would have the same treatment as a female star one day.' Galilea smiled bitterly and shook her head.

Chapter 267 The True Face of a Hypocrite

She wrapped her face with a scarf and then quickly walked over: "Hurry up and go in. Song Hecovios look Nore's smile deepened. "This is not your atyo," he said. However, he was still centered on her. He walked in with Galilea and ordered a lot of food, all of which were Galilean favorites. However, Galilea really had no appetite today.

That bad news will be forgotten in a few days. You don't have to worry about it. Nore gave her a bowl of soup. "Don't say that you don't want to cooperate with Lubi Group. I don't agree."

Galilea pused her lips. 'Do you know why I'm looking for you?' 'Noncenre. Im not siup d'Nore suddenly thought of something and his capreselon revealed a sense of lose. When can you not tes! me like this?

Micah said, and then walked out of the word Before the door was closed, Dayana's surprised I sughter came from inside Keith locked of Micah's face from the side, slowly closed the door and reported, 'Mr. Lorenzo, all the news about Ms. Frankie has been removed, but the person who broke the news is very cautious, and no evidence is left 'looks like money worked' As Micah sold this, his eyes narrowed and he quickly walked into the lift Keith followed behind him, waiting for the follow-up orders and arrangements.

Just deal with it, no need to However, halfway through his words, he saw Jing walk into the office of the gynecologist with a woman.

look into hin 'Yes, Mr. Lorenzo Because this hospital had Micah's shares, it was very easy to check something. In ten minutes, all the information of that woman was sent to Micah

*That woman is called Han Jia, a college classmate of Jing. She has been secretly in love with Jing. They should have had a relationshup Moreover, Han Jia is pregnant Micah sat in the car, his face slightly grim 'Mr Lorenzo, do you want to remind Ms. Frankie?' Keith always felt that this exposure had something to do with Jing With the power and status of the Priestley Family, no one should be so unoraidd of death and had token the initiative to provoke Moreover, after the incident, they should not have allowed things to develop like this. If Micah had not sent someone to deal with it, the articles written by the reporters would probably be unbearable to look at. In order to gain publicity, they dared to write all kinds of messy stories "I have no right to interfere with her matter.' Micah was a little tired. He leaned back in his chair and slowly closed his eyes. "The person sent to work for the Frankie Group, continue to keep an eye on them."

Understood, Mr Lorenzo

For the next two days. Galilea stayed at home to avoid being harassed by the paparazzi. The matters at the company were handled through long-range meetings. It was just that Jing had taken two days off and said that he had something to do at home. Galilea thought about it and decided that she should pay a visit to Zongxing and explain to him about the messy news. Unexpectedly, just as she arrived at the gate of the Armstrong family, she saw two people standing at the corner who seemed intimate with each other. Galilea stopped and looked for a while before recognizing Jing and a girl. But she had her back to Galilea and Galilea couldn't see her face. The two of them seemed to be arguing about something and the girl left unhappily in the end.

"Galilea!"

When Jing saw her, his face flushed with nervousness. 'You, when did you come?' 'I just came is that your classmate?' Galilea just asked casually Unexpectedly, Jing was even more nervous. "No, no." "I'm here to visit Uncle Prestiey Is he home?' Galilea was still carrying something in her hand 'Yes, ni take you in' Jing's forehead was covered in sweat He quickly took the things in her hand and led her into the steps. The girl who had just left did not go far,

I was Han Jia She hid in the corner and looked at Jing who was being attentive to Galilea Her eyes were filled with hatred 'Why? Why is it that a whore that no one else wants can be better than me?' She took out her phone and immediately searched for Galilea's name Then the word "Micah' came into view *Its him, your ex-husband, right?

Just then, after someone entered the hotel, she helped Galilea into the hotel and stammered, "Can anyone come to help? My friend drank too much The man who had just finished the formalities at the front desk, inadvertently glanced at them and then frowned. He walked over and looked at Galilea. Then he asked coldly, 'What happened to be

Fortunately, the smell of alcohol on her body was not heavy. "No, I can't give her to your Parent you already divorced? You are not her guardian Micah stopped and directly pressed the floor button

There was not even a cold explanation He Yuying, who was looking outside the lift, snorted disdainfully. "You Lorenzo family are really exactly the same. You are also cold blooded and heartless."

Galilea fell asleep and smiled a very faint smile, very good one. It was the sandalwood fragrance of moist trees, but also like a hot come. She suddenly murmured a name, "Micah The man had just placed her

on the bed and was about to get up to leave when she heard her call and stopped. He turned around and so that she was still asleep with her eyes slightly furrowed.

The dim yellow light shone on her face. Her lips were tender and her eyelashes were gently

Why don't you accept mine's offer? Galea murmured something, but he could not hear clearly, so he could only bend down for a moment. Suddenly, Coreia pulled us

Chapter 269 She Was Drunk He turned his head to listen, but the woman suddenly raised her head and spat all over him. Micah propped his arms on the bed, his eyes filled with coldness. At that moment, Galilea also woke up a lot from vomiting. She opened her eyes and was also stunned. Then she waved her hand and said, "Why do I always dream of you? Bad luck

Micah clutched the bedsheet and wanted to lose his temper. But she didn't care and fell asleep. The man got up, tore off the buttons on his shirt, took a shower in the bathroom, took a clean towel, and wiped Galilea's face and collar clean.

His hand inadvertently covered her body, making the man's eyes full of desire, and his Adam's apple rolled. "Galilea, next time, I won't let you go so easily.

The next morning Galilea was still sleeping in the room when she heard a noisy sound. She woke up and her head was so dizzy. She tried hard to remember and only thought that she seemed to be drinking with He Yuqing yesterday. She could not remember what happened next. "Why did you drink so much? She hammered her head a few times and frowned when she heard the noise in the corridor. When she changed her clothes and opened the door, she saw countless cameras aimed at her face. The reporters even wanted to take photos of her in the room. Why are you alone? "Miss Frankie, I heard that there was a mysterious man who spent the night with you last night. Is he Mr. Jing Priestley?" If you continue to do this, I will call the police! Galilea gritted her teeth. She was not a celebrity, so why were these paparazzi staring at her? The mysterious man from last night? She was the only one in this room. The person who drank with her last night was not a man. She slammed the door shut. She suddenly thought of the dream she had last night. She seemed to have vomited all over Micah, but when she looked at the bed, it was clean. "How could it be him?" Galilea laughed self-deprecatingly. He should be waiting by

Dayana's delivery bed, waiting to be a father Unexpectedly, she felt a little bitter in her heart. It was suppressed by Galilea. She called the hotel reception and asked them to find someone to deal with the paparazzi At this time, Micah, who had just avoided the reporters, was already sitting in the cor "What happened to those reporters?' Keith had no choice but to answer 'They said that they received an anonymous report, saying that Galilea and Jing were..." He did not continue, because Micah's expression was already very ugly. "Sorry, Mr Lorenzo, I will send someone to deal with it immediately "No need." Micah said in a deep voice. It was too far-fetched to say that it was a coincidence "Look into the woman who brought Galilea to the hotel last night' Dayana was really bored in the hospital. Micah only occasionally accompanied her during the day and spent most of his time on business Moreover, he never spent the night in the hospital ward He always went to the hotel opposite Dayana was bold and dared to directly make a video call with Terry in the ward *My dad will be back in a few days. When he comes back, I will return the money to you immediately. Is that okay?" Because she was pregnant, her face was swollen But her seducing voice did not change at all On the other side of the video, Terry sneered, "Where is Micah? Aren't you afraid that you will be discovered if you call me without him knowing? "I miss you When i om discharged. I will take the chid to see you." The door was pushed open 'Are you owake?' l.icah asked with a frown when he saw Dayana hiding under the blanket

Dayana suddenly came out of the quill Her eyes were shaking, and her expression was absent-minded "Why did you come to see me so early?' Dayana lorted a smile and ber heart wan beating strongly she did not know if Micah had heard what she had just said. For a moment her face Dunhed red and her voice trembled. Micah was still holding breakfast in his hand Seeing her reaction, le frowned and sold, "I came to see you before going to the

Company No matter what Dayana was pregnant with his flesh and blood. Although he could not feel the responsibility and love that a father should have, he would still do what he should do. Dayana held the sheet in her hand and secretly hung up the phone. After adjusting her expression, she hid her phone and got off the bed Her am slowly stretched out and wrapped around the man's orm. *I knew that I have a place in your heart 'Eot slowly I have a meeting to attend. Micah looked at the food, "Micah if you have time, why don't you give our child a name? I think our baby will definitely like the name you give him.' Dayana smuled gently and innocently The coldness in Micah's eyes showed signs of loosening. 'Okay The door then closed. 'That was close.' Dayana said as she slumped into her chair and heaved a heavy sigh of relief, She was certain that no one would come in again Just as she was about to lock the door, Wendy smiled and pushed it open. 'Dayana, do you know what Micah told me just now?' she osked. "What? Look at how happy you are. He was here to deliver breakfast to me,"Dayana scoffed. "No, no, no, you're too short-sighted! Micah told me to get his assistant to come over in the afternoon to give you a house. He wants to give you a house!" 'A house?' Dayana's eyes lit up, Wasn't this what she dreamed of?

After becoming Mrs. Lorenzo and marrying into a wealthy family, no one would ever talk about her as a fake daughter behind her back "I knew it. As long as I keep this child, I will definitely succeed. In a few years, I will give Micah another child. I will see how Gallea will compete with me.' Dayana raised her

white neck “Yes, so you should restrain yourself a little and keep a distance from Terry’ Recently, Wendy’s eyelids kept twitching. She always felt that Terry was not someone to be trifled with Dayana lowered her eyes and muttered, “He is him and I am me. Everyone just takes what they need.’ The love and concern she received from Terry was indeed something that Micah had never given her At least it had not been exposed yet. As long as she was more careful Micah would not know Dayana lowered her head and stroked her stomach ‘I will get whatever I want When Micah walked out of the hospital, the driver had already driven over and stopped in front of him Keith immediately got out of the car and went around the car door ‘Mr. Lorenzo, I’ve checked everything. This is He Yuqing’s personal information Micah pulled it with a hand and stepped into the car.

Personal experiences, assets, social circles

When he saw the name ‘Onyx”, Micah’s eyebrows suddenly tightened Keith sat in the front, ready to listen to Micah’s instructions. However, Micah never spoke again Seeing that the car had already arrived downstairs of the company and saw a group of reporters waiting in the distance, Keith immediately let the driver take a detour. *There’s no need to go around Let’s go through the main entrance.” Micah said coldly as he buttoned up his suit “Alright, Mr Lorenzo Just as the car stopped, reporters swarmed over ‘Mr. Lorenzo, I heard that your ex-wife has a new lover. The two of them entered the hotel and spent the night together. Do you have anything to say about this?’

? Lorenzo, ad your company have a financial problem with the intelligent project that you are ready to invest in? Why did you turpand Terry

par Lorenzo, 143s Quincy is almost in the production period Do you want to have a boy or a girl?” Micah glanced over, and the hands of the reporters holding the microphone stopped at the same time, and they took half a step back One must know that with Micah’s temper, it was very likely that he would drive them out immediately *M! Lorenzo, when will Vice President Xiao be reinstated? After all, he was the one in charge of this project. Micah pressed his brows together and slowly raised his hand.

The reporters immediately shut their mouths. ‘There is no need to ask for instructions from anyone regarding the Lorenzo group’s way of handling things. There is no need to reveal it to the public His voice was extremely cold His gaze swept past the microphones in the reporters’ hands and the cameras behind them. The corners of his lips suddenly curled up ‘Also, if you surround the Lorenzo group again, I will call the police to deal with it The reporters’ hearts skipped a beat. Someone even whispered, ‘It really is Micah’s style In the end, Micah said coldly. ‘If I find out that someone ordered you to release false news behind my back, you will bear the consequences Before this, no one had dared to be bold enough

to block him of the Lorenzo group's door, These reporters had been in the industry for a long time, and they were not rookies. It was easy to imagine what was going on Micah took Keith into the company. A few minutes later, the reporters disappeared without a trace 'Me Lorenzo, I caught two reporters and asked. There is indeed someone selling the company's news. And 80% of the information is accurate 'In other words, there are still people working for Terry, Micah's eyes became colder. At this time, there was a knock on the office door *Micah, have a chat with me. Huairen Lorenzo stood at the door with a heavy face

Second Uncle, what's the matter?' Micah stood up and walked over Huairen coughed a few times and walked in. "Originally, I went to the resort in the suburbs to recuperate. I didn't expect so many things to happen in the company. The project has stopped and there are some problems with the capital chain: Micah frowned and did not say a word. "Forget it Let's not talk about those things. But what are you going to do about Terry?' Husien looked outside the door 'At the moment, we can't tell how many loyal people there are in the company. If we keep stopping his job, it will cause internal resistance. After all, Terry was also a person who had followed Micah and had worked together with him since he had nothing In addition, he had a lot of shares in the company Even if he was dismissed from his position, he could continue to receive dividends as a member of the board of directors. "He is young and vigorous. If you push him too hard, something will happen' Husien's voice was a little deeper, "I know that you have a sense of propriety when you do things, but I am really worried, so I came over to nng with you."
