"it's just a building with so many people that's it but you have so many rivals be careful"

"rivals???? Who and why?"

"All my wives will be your rivals they will hate you"

"why?"

Manik took deep breath "for first time in my history I married you out of love and you are only one whom I want to stay all time most of the people I didn't touch till now and the one I slept is only for few times mostly for one or two times I always reject their proposal of sleeping with them some even doubt me as impotent you know"

Nandini closed her mouth "you????? Are the all things you just said are true??? I mean..... You and with out..... It's impossible..... I mean..... You didn't leave me for single day till now then how come ??? I mean?????" She bit her lip

Manik laughed seeing her "Yes till I met you and had sex with you I never felt it is so amazing I always felt as stress but with you it's always stress release"

She listened "you have so many wives so how will you manage??? I mean which day who like wise"

"no I never sleep in anyones room not even a er sex I sleep in my own room"

She felt sad as she has to sleep without him all night having him around it made her sad

"No need at all only one thing is we pray daily together that's it and food should and must be taken in dinning room"

"ok"

"I have certain rules for you which you have to follow all time"

"what are they?"

"You should and must do all my works as you do here my food has to be cooked by only you, never you will say no to me, and about our make out sessions you will never try to keep me away for any reason unless it's your health and most important never fight with anyone verbally I hate it and never give up your self respect"

"all knows about our marriage?"

"No only parents know it but when we reach they will know it, I forgot if anyone asks you about our marriage say that we did it in your custom"

"she is bhramin " Hema again

"so??? She is upper class then ours so it's no point in objection"

"as a first wife I have objection till now all marriages were alliances between two countries but this one is pure lust which I can't approve"

"Frankly speaking you are also one among them.so you to do have the right to speak and moreover he le you long back from seven years he didn't touch you according to that you lost all rights on him it's his big heart you are still here. And I am personally warning you all who ever mess with Manik this time I will punish them personally" he warned
