

Kiss Me 1011

Chapter 1011 you are my first woman

Does she really not mind?

One day in the future, she will have a child of her own. When that day comes, she will definitely give all her love and pampering to her child. When that day comes, she will definitely not be able to take care of Renie, that would be too unfair to Renie, and it would make her feel wronged.

She thought so in her heart, but she still acted as if it didn't matter. Compared to Renie's background, it was indeed too pitiful.

She was only six years old, and she already didn't have parents. If she said that she minded, it would be too heartless!

"No, I think Renie is quite cute!"

He stared at her for a long while before he held his lips slightly and didn't say anything else.

...

In the afternoon, Shi Nuannuan was a little sleepy, so she took a nap.

When she woke up, it was already dusk.

According to the doctor, Xiang Yi brewed a cup of brown sugar ginger water for her after she woke up, saying that it was beneficial for dysmenorrhea.

Holding the Warm Cup, Shi Nuannuan took a sip. The warm liquid entered her throat and into her stomach, making her instantly feel warm all over and happy.

In the past, her mother would also brew brown sugar and ginger water for her, but she did not expect Xiang Yi to know this.

Wasn't this a woman's problem? How would he know?

"In the past, you also brewed this for other women?" Holding the white ceramic cup with both hands, Shi Nuannuan suddenly asked curiously as she had already drunk half of the brown sugar and ginger water.

Hearing her sudden words, Xiang Yi could not help but be startled.

He immediately answered bluntly, "No."

"Really?" Shi Nuannuan narrowed her eyes and looked at him suspiciously, half believing him.

"You're my first woman. Do you think I had the chance to do such a thing in the past?" He leaned closer to her and asked her back with his black eyes looking at her.

Shi Nuannuan was stunned as she looked at him.

First Woman?

Hehe, it sounds so good..

Just as Shi Nuannuan was completely immersed in her own emotions, her phone rang.

Wen Sheng came back to his senses and saw Xiang Yi take out his phone.

Looking at the name on the screen, Xiang Yi hesitated for a few seconds before picking up.

“Uncle.”

On the phone, Feng Shunqing smiled when she heard his voice. His tone was very humble.

“Ah Yi, your aunt made a table full of dishes. Will Nuannuan come back for dinner later?” Feng Shunqing could not help but blame herself even more when she knew that Nuannuan’s father had passed away and her daughter had said those words, she really wanted to do something to comfort Nuannuan.

However, there seemed to be no better way to make amends for the new year apart from asking them to come back for dinner.

Listening to his uncle’s humble tone on the phone, Xiang Yi could not help but glance at Nuannuan beside him.

If he refused this request, his uncle’s heart would probably feel even worse.

Hence, he agreed. “Okay.”

Hearing him say ‘okay’, Feng Shunqing was naturally overjoyed. “Then you guys will be back in a while. The dishes are already prepared.”

“Okay.”

After finishing the call with her uncle, he went to Nuannuan.

“Who is it?” Out of curiosity, she could not help but ask.

“Uncle, you should still be feeling guilty about what happened yesterday afternoon. I want to invite you home for a meal as an apology.”

Hearing this, Shi Nuannuan felt a little embarrassed.

“No need. It’s not your uncle who said those words. Why are you apologizing to me?”

“That’s because Feng Lulu is his daughter and he is a responsible person. If you don’t go, he might think that you are still angry.”

Chapter 1012, why should I be the one to get lost? ?

Listening to his words, Shi Nuannuan could not help but ponder.

Although she did not like that Feng Lulu very much, Xiang Yi’s uncle was very polite to her. If she did not go, it really would not make sense.

Moreover, she had warned herself that she must change this shortcoming of being willful and put the big picture first!

“Then let’s go back. I’m Hungry Too!” As she said that, she finished the last mouthful of ginger tea in her cup and stood up.

After an afternoon of rest, Xiang Yi found that she was much better than before, so he was naturally relieved.

It was already 6:23 pm when they returned to the Feng residence. Night fell outside the window, and the lights were dim.

As soon as they entered the living room, Feng Shunqing greeted Shi Nuannuan with a smile on his face.

Feng Lulu, who was on the sofa, still did not have a good expression on her face. As for Feng Boyu, he was naturally still looking at her with interest towards Shi Nuannuan.

“You’re really thick-skinned. After being talked about like that, you still have the nerve to come to my house for a meal.”

Shi Nuannuan was about to sit down, but when she heard Feng Lulu’s words, her movements could not help but stop.

Before she could speak, Feng Shunqing, who was at the side, was furious.

“Lulu, if you continue to talk like that, then get the hell back to your room!”

Hearing this, Feng Lulu was also furious. She stood up from the sofa in a flash!

Looking at Feng Shunqing’s pained expression, she said, “Get the hell out of here? Dad, are you kidding me! ? We are your biological children, why should I get the hell out of Here! ? It’s Xiang Yi and this woman who should get the hell out of here, isn’t it! ?”

“For so many years, he has been living and eating in our house for free. He clearly has nothing to do with us, so why should he live in our house! ?”

“Living and eating for free?” Feng Shunqing was also angry, “Don’t forget, the reason why you and your brother could go to such a good university until graduation was because he paid for your education. Otherwise, do you think that with my meager salary, I can afford your expenses? I have long been squandered by your mother!”

Being yelled at by him like this, Feng Lulu was instantly speechless, but she was also unwilling to accept it.

This was her home, why should she scam?

“What are you arguing about! ?” At this time, Su Xiuying also walked out from the kitchen and saw the father and daughter arguing until their faces were red and their necks were thick.

Following her call, the father and daughter seemed to have calmed down temporarily, but their expressions were still very ugly.

Looking at her family members who were quarreling over her again, Shi Nuannuan suddenly stood up.

Looking at Feng Shunqing, she was about to speak.

“Uncle.”

Xiang Yi suddenly spoke, causing her to turn her gaze away.

Hearing this, Feng Shunqing also turned her head and looked at Xiang Yi.

“Let’s eat another day. We still have things to do, so we’ll be leaving first.”

As she spoke, she took Nuannuan’s hand and walked towards the main door.

Since they were here, it meant that they had forgotten about the past. As for whether they ate or not, it was meaningless.

As she watched the two of them leave, Feng Shunqing said, “Wait.”

Xiang Yi stopped and turned to look at Feng Shunqing when he heard Wen Sheng.

“Since you’re leaving, take all your things and never... ever return to this home again,” Feng Shunqing said the last sentence in pain.

Xiang Yi’s expression changed when he heard it.

Even Shi Nuannuan, who was standing beside him, was very surprised. She looked at Feng Shunqing in disbelief.

“Hubby, what are you doing?” His words made Su Xiuying unhappy.

Of course, it was not because she could not bear to part with Xiang Yi. It was because if he left, it would mean that she would lose hundreds of thousands of yuan per year. This was not a small amount.

Chapter 1013 Xiang Yi’s father was really on death row?

However, Feng Shunqing did not pay attention to his wife’s words. Instead, she looked at Xiang Yi and said, “Follow me. No one else is to follow.”

As she said that, she turned around and walked towards her room.

Looking at his back, Xiang Yi let go of Nuannuan’s hand and walked towards his bedroom.

Just like that, Shi Nuannuan quietly waited for him to come out of the living room.

At this moment, Feng Boyu walked over. He could not help but adjust his clothes and hair.

“Hey, you still don’t know about Xiang Yi’s family, right?” He looked at Shi Nuannuan with a pair of peach blossom eyes and asked.

Shi Nuannuan glanced at him. She did not like his unruly appearance, especially the way he looked at her. It made her feel a little disgusted.

She turned her gaze away and ignored Feng Boyu.

However, he was not tactful. He continued to pester her and said, "Let me tell you, Xiang Yi's father is a criminal on death row. Furthermore, he will be sentenced to death the day after Tomorrow!"

Hearing this, Shi Nuannuan's expression changed. She looked at Feng Boyu in shock.

Xiang Yi's father was really a criminal on death row?

"Looking at you, I really don't know. How is it? Do you regret being with him?" As he said this, Feng Boyu moved closer to her.

Shi Nuannuan, who was completely immersed in her own thoughts, did not notice his action. Instead, she had a shocked expression!

Feng Boyu looked at her and continued, "Actually, it's not too late for you to regret now. Why don't..." as he said that, a crafty look flashed across his peach blossom eyes. Suddenly, he raised his hand and wrapped it around her slender waist, his gaze even looked towards Shi Nuannuan's chest.

Only when she felt a hand on her waist did Shi Nuannuan recover from her shock. She lowered her eyes slightly and looked at the dirty hand on her waist. Immediately, her sharp gaze shot straight towards Feng Boyu.

"Get your dirty hand away from me."

Hearing her cold tone, it was as if her pitch-black eyes shot out a murderous intent, causing Feng Boyu to feel a chill in his heart.

However, he did not let go of her because of this. After all, could a woman be more ruthless than a man?

Moreover, in the entire ten miles and eight villages, there was not a single girl that Feng Boyu could not chase after.

He had seen many women who did not mean what they said.

They said that they did not want her, but in reality, they wanted her to be a second model!

"TSK!" At this moment, Feng Lulu's mocking voice was heard, followed by her tone that was filled with ridicule, "Brother, you are really not picky. You are actually interested in a second-hand woman who has been slept with!"

As soon as she said this, Shi Nuannuan's cold gaze shot over!

"Repeat what you just said."

She was only tolerating this Feng Lulu for Uncle Xiang Yi's sake, but she didn't expect that she would take an inch and take a mile instead!

If her patience had no meaning, then why should she endure anymore! ?

Looking at her self-proclaimed cold and noble appearance, Feng Lulu crossed her arms and looked coldly at Shi Nuannuan, "Isn't it? Don't tell me that you haven't been slept with with him before."

As soon as Feng Lulu finished her sentence, Shi Nuannuan walked towards her step by step. The coldness on her face made Feng Lulu and Feng Boyu feel a little scared.

“What? I was right. You got angry out of humiliation –”

“Slap! ! !”

Before Feng Lulu finished her sentence, she heard a clear slap on Feng Lulu’s left cheek.

Her swift movements caught Feng Lulu off guard, and she was slapped so hard that her cheek hurt!

Chapter 1014, I dare to make you have no children!

She widened her eyes. She did not expect that Shi Nuannuan would slap her face.

“You dare to slap me?” Feng Lulu covered her face that was slapped. She turned around and looked at Shi Nuannuan in disbelief.

Shi nuannuan said coldly, “Who told you to be so mean?”

“You!” Feng Lulu raised her hand and was about to slap her face.

Shi Nuannuan seemed to have expected that she would act like this. She was already on guard and easily grabbed her raised and lowered arm!

“Pa!”

Before Feng Lulu could regain her senses, she felt that her right cheek had also received a hard slap.

“Let me tell you, you have to pay a price for being mean. This slap is considered light.”

“You!” Feng Lulu was so angry that she raised her hand again, but both of them were grabbed by Shi Nuannuan!

“Brother, are you just going to watch me get beaten up! ?” Unable to beat Shi Nuannuan, Feng Lulu could not help but shift her gaze to her brother, Feng Boyu, who was at the side.

She had not expected the two of them to fight. Feng Boyu, who was at the side, seemed to be a little stunned as well. He only came back to his senses when her voice rang out.

However, just as he was about to reach out to help Feng Lulu, Shi Nuannuan shot him a sharp look.

“If you dare to take a step closer, I will make sure that you will never have any descendants. I will make sure that you will never be able to touch a Woman!”

Her extremely threatening words made Feng Boyu stop in his tracks and look at her with some fear.

What was the background of this woman? Why did he really not dare to approach her with just a look? It was as if that look could kill someone!

“You’re a man, don’t Tell Me You’re afraid of women? Coward!” Seeing him retreat, Feng Lulu, who wanted to teach Shi Nuannuan a lesson, immediately goaded him!

Being called a coward, Feng Boyu naturally couldn't accept it.

Moreover, Lulu was also right. He was a man, how could he be afraid of women?

Thinking of this, he ignored Shi Nuannuan's warning and rushed over, wanting to grab Shi Nuannuan's hand.

However, before his body could touch her, Shi Nuannuan suddenly turned around. Following that, an excruciating pain came from her crotch!

"Oh!" In an instant, Feng Boyu's face turned ashen and tears were about to come out. "Ah!"

In the next second, he was seen lying on the ground with both hands covering the area below his abdomen. He was in so much pain that he was screaming and rolling on the ground.

Feng Lulu, who was standing beside him, seemed to be scared out of her wits. From the looks of it, it couldn't be that his penis was really broken, right?

He was the only descendant of the Feng family!

"Brother! ?" Feng Lulu squatted down and quickly checked her brother who was rolling on the ground in pain. "Brother, how are you! ? Ah?"

"AH —"

Looking at Feng Boyu who was howling in pain on the ground, Shi Nuannuan let out a cold snort.

She had already given him a warning, who asked him not to listen? This was called asking for it!

"Shi Nuannuan, do you want to murder my brother! ? I'm going to Sue You!" Feng Lulu raised her head and shouted.

Shi Nuannuan did not think much of it.

"So what if I am? You want to murder your brother, not your own husband. If you want to sue me, go ahead and do it. I'll be there anytime!"

"You!"

"AH — my penis..." on the ground, Feng Boyu was still screaming.

Feng Lulu was indeed scared out of her wits. She quickly turned around to look for her mother who was standing there, only to find that she had disappeared.

"This money is a part of what I deduct every month. Together with some year-end bonuses, it's 70,000 yuan. Take it."

Chapter 1015 this was left behind by your mother

In the room, Feng Shunqing took out an object wrapped in red cloth from the back of a photo frame on the wall. Inside was 70,000 yuan in cash, which he had secretly saved up over the years without Su Xiuying's knowledge.

It was for Xiang Yi to marry and have children someday in the future.

His mother died early. As for his father, there was no need to mention it. Back then, if his father was not addicted to alcohol and would go crazy from drinking, his poor sister would not have been subjected to repeated domestic violence by him, in the end, he had no choice but to escape from that house with Xiang Yi.

Because if he continued to stay here, not only would his sister be beaten to death by her, even Xiang Yi might lose his life in his hands!

However, just as she was escaping with Xiang Yi, she was discovered by that bastard Xiang Zhidong. He chased after the mother and son furiously, causing his sister to be knocked away by a private car before she could see the red light that suddenly lit up.

He could have saved her, but who knew that his bastard father would suddenly rush to the hospital and cause a ruckus, causing his sister, who was already on the brink of death, to finally stop her heartbeat and die.

He only found out about all this later.

Because he did not know about this at the time, he thought that the mother and son had already escaped.

Looking at the cash stuffed into his palm, Xiang Yi was stunned for a few seconds.

“Although I know that you may not think that you need this money, and I also know that you are doing well in the outside world, this is also a small token of my appreciation. If you still treat me as your uncle, please accept it.”

Feng Shunqing knew that his annual income was very good, but he never asked what exactly his job was.

In addition, they were quite a distance away. As villagers, they had never used his place, so they didn't know what his job was.

“Also,” as she spoke, Feng Shunqing took out an exquisite box from an antique perfume bag and handed it to him, “Your mother gave this to me back then. It was a dowry gift from your grandparents. Back then, your father was addicted to drinking and gambling. Your mother was afraid that your father would gamble with it, so she secretly gave it to me for safekeeping. Now that you have a girlfriend, it's only right that I give it to you. “...”

Feng Shunqing handed the exquisite box to Xiang Yi.

Although he was a little confused about what Feng Shunqing said, Xiang Yi couldn't help but open the box to take a look. After all, this was the only thing his mother left for him.

After opening the exquisite box, Xiang Yi discovered that there was a ring inside. Moreover, the style was a little strange. It was made of pure gold, and there was an emerald embedded in the middle of the ring.

However, from the style, it seemed a little old. It didn't seem like something that should exist in today's society.

However, on second thought, if this thing was passed down by his grandmother, it meant that the era was very old.

“Well, Feng Shunqing, how dare you hide money from me!”

While the two were talking, Su Xiuying suddenly rushed in and snatched the 70,000 yuan in cash from Xiang Yi’s hand. Then, she planned to snatch the ring from him.

However, Xiang Yi was quick-witted. He raised his hand and dodged her snatch.

She could take the money, but it was something left behind by her mother. No one could keep it for themselves.

“I told you not to come in!” Feng Shunqing was angry when she saw his wife’s face.

If he had not saved up all these years, this family would have been squandered by her. There would be no money left for Xiang Yi to marry and have children!

Chapter 1016 was left behind by her mother

Holding the stack of money tightly, su xiuying immediately scowled, “I’m not coming in? If I don’t come in, you’ll have to give all this money to someone else!”

“What do you mean by someone else? He’s My Nephew!”

“Heh, isn’t my nephew someone else? If you give this money to him to get married and have children, then what about our boyu? ! is he not going to get married and have children? !” Su Xiuying was naturally thinking of her son.

Besides, how could she give away so much money to someone else? !

“Before he gave this money to our family all these years, wasn’t it just this? Weren’t you the one controlling everything? Where’s the money? Isn’t that money enough for Boyu to get married and have children? !” All these years.., although he didn’t ask about it, he was very clear about the money Xiang Yi gave to his family.

After a few years, he had saved up some of his expenses. He had at least 500,000 yuan. In a rural area like theirs, 500,000 yuan was enough to get a daughter-in-law!

Su Xiuying suddenly became speechless when she heard his question. “I –”

Although Xiang Yi had given her family quite a lot of money over the years, she had either bought gold and silver jewelry or given them to her son. After all, ever since her son graduated, he had never had anything serious to do. Every time he reached out his hand to ask her for money.., she had only one son, so it was impossible for her not to give it to him. In addition to her usual love of playing cards, she had already run out of money!

“Don’t tell me you’ve lost all that money!” From her expression, Feng Shunqing could see it and could not help but be furious!

Not wanting the matter to be exposed, su xiuying quickly retorted, “Did I, did I say I’ve lost all that money? I... I’ve saved all that money!”

“You’d better save it!”Feng Shunqing yelled at her and then snatched the 70,000 yuan from her hands. “Give this money to Xiang Yi!”

Seeing that the money was taken away, Su Xiuying tried her best to protect it. “Why? You earned this money with your hard work. Why should I give it to him? !”

She held it tightly, unwilling to give it to Feng Shunqing and Xiang Yi.

“He gave us more than this. Let Go of me!”Feng Shunqing only had one arm, so she couldn’t take it away from her wife.

“It’s only natural for him to give us that. After all, we’ve provided for his food, drinks, and clothes all these years. We even provided for his schooling. That money should have been given in the first place!”

“You!”Feng Shunqing’s face was livid with anger when faced with her wife’s words. She could not find any words to refute. “Money is money!”

“So What? Who would close their eyes when they see money! ?”70,000 yuan, how could she give it to someone else!

Su Xiuying glared at him, speaking with confidence!

“You!”Feng Shunqing was so angry that he was completely speechless!

Su Xiuying looked at the ring in Xiang Yi’s hand again. “And that ring, since it was left by Mom, it naturally belongs to us.”

Hearing his wife’s shameless words, Feng Shunqing’s face was full of unconfidence. “What did you say?”

“That ring, you are the male member of the Feng family. Since it was left behind by mother, it naturally belongs to you. How can you marry Off Your Daughter? This doesn’t make sense!”She could tell that it was probably an antique, it was very valuable. If she could snatch it and sell it at the market, she might be able to sell it for a good price.

Feng Shunqing was so angry that she wanted to slap her in the face.

However, when he thought about how he had lost an arm all these years and how she had never left him, he could not do it.

“Su Xiuying, Su Xiuying, can you be any more shameless! ?”

: Chapter 1017 she broke her brother’s penis!

“How can I Be Shameless! ? This belongs to the Feng Family!”She hugged the wad of money tightly, her gaze still fixed on the ancient ring.

“Take the money. I’ll take this.”

Xiang Yi, who had been silent all this time, finally spoke. His expression was indifferent, and his gaze towards Su Xiuying was filled with a chill.

“No, this is our Feng family –” Su Xiuying still wanted to fight for the ring, but before she could finish her words, she met his sharp eyes and could not help but shut her mouth in fear.

Alright, as long as the money was not taken away, forget about that broken ring. It might just be a piece of scrap metal and could not be sold for much.

Thinking of this, Su Xiuying did not say anything else.

“Give the money to Ah Yi as well!” As she said this, Feng Shunqing still wanted to give the 70,000 yuan to Xiang Yi.

“Why should I? Let me tell you, Feng Shunqing, this money belongs to our Feng family. Don’t even think about giving it to outsiders!”

“You –”

“What me? ! If you insist on giving this money to him, I will take Boyu and Lulu and run away from home. I will never come again. I will let you and your nephew live a Life!” Su Xiuying threatened.

For a moment, Feng Shunqing was also speechless.

Finally, Xiang Yi opened his mouth, “Uncle, I really don’t need this money. It’s just that...”

“You can go.” Feng Shunqing suddenly opened his mouth and looked elsewhere as if he was looking at Xiang Yi. He would not be able to say what he was about to say, “From now on, this family has nothing to do with you. You Don’t have to come back every year and festival. The further the better.”

Xiang Yi paused for a few seconds and stared at Feng Shunqing.

He knew that his uncle didn’t want him to be bullied in this family anymore. That was why he was so decisive.

“Feng Shunqing, what are you doing? If Xiang Yi doesn’t come, then the money –”

“Shut up!” Su Xiuying was interrupted by his roar before she could finish. She looked at Xiang Yi and said, “Let’s go. Clean up your things. I want to turn your room into a study.”

Feng Shunqing turned around and walked towards the door.

Just as she reached the door and was about to open it, she heard a tragic scream from outside.

Su Xiuying’s face changed in shock when she heard the scream.

Wasn’t that her precious son who screamed!

“Bo Yu!” Su Xiuying rushed out with the money in her arms!

As soon as she came out, she saw her son lying on the floor in pain and wailing in pain. Her daughter was also beside her, seemingly terrified.

“Bo Yu! What, what happened to you?” Seeing her son’s pale face, Su Xiuying was so scared that she lost her soul.

She only had one precious son. If something happened to him, she wouldn’t want to live anymore!

Seeing her parents rushing out of the room, Feng Lulu, who was kneeling on the ground in pain, immediately cried out, “Mom! It’s this Shi Nuannuan! She broke my brother’s penis! Hurry up and call the police and arrest her!”

Hearing her daughter’s words, Su Xiuying’s face seemed to freeze. She looked at her daughter without moving, “What did you say?”

“It’s Shi Nuannuan. She kicked my brother’s penis just now!”

Feng Shunqing froze in shock when she saw her son lying on the ground in pain. She looked at the scene in front of her in shock!

Su Xiuying finally snapped back to her senses when she turned around and saw the spot her son was covering with his hand!

Chapter 1018: Return to Z Country?

She rushed to her son’s side. “Bo Yu, son, what do you think? Don’t scare me. You’re My Only Lifeline...”

“Dad, why are you still standing there? Hurry up and call the police!”

Looking at her father who had forgotten to make a move, Feng Lulu also cried out!

Feng Shunqing came back to his senses and looked at the mother and son who were crying together.

“Why did you call the police? Hurry up and send him to the hospital!”

As he spoke, he walked over and helped his son up from the ground. With his wife, Su Xiuying, helping him up, he carried his son, Feng Boyu, on his shoulders and quickly walked towards the main entrance!

“Lulu, hurry up and get the car. Let’s go to the hospital!”

Feng Lulu came back to her senses. If she sent her brother to the hospital now, wouldn’t it be letting Shi Nuannuan off and giving her a chance to escape?

“What are you still standing there for! ? Hurry up and Go!” Feng Shunqing shouted at the entrance!

Hearing her father’s roar, Feng Lulu could only pick up the keys on the coffee table and rush out to drive the Shanghai Volkswagen out.

Looking at the family of four leaving the courtyard, Xiang Yi could not help but turn his face and look at the person beside him. “Did you really kick off his life?”

When Shi Nuannuan heard that, she raised her head and looked at him with her clear eyes. The corners of her mouth curled up into a smug smile, “That might be so easy. If I could really break off his manhood, then wouldn’t the few bodyguards by Grandpa’s side lose their ‘second’?”

In the past, when she was mischievous, she would always vent her anger on the bodyguards by Grandpa's side. Even Black Dragon had been kicked by her once!

His lips curled into a smile, and he could not help but raise his hand to touch the top of her head, as if he was already used to this action.

Shi Nuannuan seemed to enjoy this action of his towards her, as if she was pampered by him.

"By the way, why is your uncle looking for you?"

"Nothing much, follow me." As he spoke, he took her hand and walked towards the second floor.

Shi Nuannuan did not know what he was going to do, so she was pulled by him all the way to the room that belonged to him.

As soon as she entered, she saw him take out a black suitcase from the closet and simply pack some clothes.

"Are you really going to leave?"

"Yes."

"Go back to Z Country?" She asked.

"I'll go back after I'm done with some things."

Looking at the situation, he could go back on the sixth day of the Lunar New Year. As for this place..

After packing up his simple luggage, he stood up and inspected the room he had been staying in for several years.

Perhaps he really wouldn't come back here again.

But before he left, he was still a little worried about Feng Shunqing.

Although Feng Shunqing didn't know about some of the things that Su Xiuying had done, he was very clear about it.

He walked to his desk and took out a pen from his pocket. He scribbled a few lines of beautiful words on a piece of white paper, folded them randomly, and placed them under an ashtray.

Then, he turned around and looked at Shi Nuannuan, who was waiting at the side. He smiled. "Let's go."

She nodded and left the Feng residence with him.

...

It was already 8:40 pm when they returned to the hotel.

After going back and forth, Shi Nuannuan was so hungry that her chest was pressed against her back.

Fortunately, the hotel still provided dinner. They went to the restaurant together and ordered two steaks.

Shi Nuannuan couldn't wait to cut a piece and stuff it into her mouth. Although it couldn't be compared to a high-class restaurant, she still enjoyed it.

After dinner, it was already nine o'clock.

After sending them back to 609, Xiang Yi took the suitcase and seemed like he was about to leave.

Shi Nuannuan saw it and was stunned for a second, then quickly opened her mouth.

Chapter 1019 I'm a normal man

"What are you doing!?"

Xiang Yi raised his head and looked at her calmly. "I've been kicked out. Of course, I have to book a room."

She was silent for half a second before saying hesitantly, "W-why do I have to book a room? Can't I Stay Here..."

After saying that, she looked away unnaturally.

Her words instantly stirred up a ripple in his heart.

He released the suitcase in his hand and walked to her. His voice was deep and extremely sexy, as if it was the voice of nature in this world.

"Are you inviting me to share a room and a bed with you?"

She looked up. Her pitch-black eyes rolled around and finally landed on his clear black eyes. She asked, "Can't we? Yesterday, didn't we also share a bed..."

She just didn't do anything!

After saying that, she lowered her head, causing Xiang Yi's throat to dry up and his Adam's apple to move slightly.

He lowered his eyebrows, and his sexy voice sounded hoarse. "Nuan Nuan, I'm a normal man."

"I know." She lowered her eyes and bit her lower lip.

It was precisely because she wanted to prove whether he was normal or not that she wanted him to stay.

Cough, cough, stay and seduce him!

Of course, she could not say this in front of him!

"Share a bed?" He leaned in close to her face and looked into her eyes with a pair of dark eyes.

Shi Nuannuan nodded. "Anyway, just sleeping together doesn't mean that I have to do anything..."

"I just said that I'm a man."

“If you really can’t help it, you can do it too, because I’ve already prepared myself mentally...”halfway through her words, she suddenly shut her mouth and could not help but reveal her little desires!

Halfway through her words, Xiang Yi had already seen through her little thoughts.

However, he did not understand. Shouldn’t women always be wary of men? Why did she challenge his self-control over and over again?

Was she trying to test him? Or was she impatient to become her woman?

He raised his hand and touched her head again. He turned around and left her room with his suitcase.

If he really stayed, he would not be able to control himself under her teasing. He would really not be able to resist and want her.

Seeing that he was about to leave with his luggage, Shi Nuannuan panicked. A thought flashed through her mind.

“Ah!”

The sudden scream made him turn around abruptly, just as he was about to leave. He saw her clutching her stomach and lowering her head. Her entire body seemed to be unable to support itself as she slid down.

“Nuannuan!”He panicked. He threw away his luggage and rushed to her side. There was a hint of anxiety in his eyes. “What’s wrong with you?”

“My... My stomach, it hurts...”she pressed her hand tightly on her abdomen and buried her head in it. He could not see her face clearly. He could only hear her painful moans.

Xiang Yi pretended to be about to pick her up, but he suddenly frowned. He remembered the last time she played a trick on him.

The hand that touched her suddenly stopped. There was no movement.

Shi Nuannuan, who was still pretending, saw that he did not move at all. She could not help but quietly raise her head, wanting to see what he was doing.

When she raised her head, she saw that he was staring straight at her. The anxiety on his face instantly disappeared and was replaced by calmness.

Uh, she was discovered?

The hand that was holding her stomach slowly loosened. She stood up and gave him a forced and awkward smile. “Hehe... I was discovered.”

Chapter 1020’s face was as pale as a piece of paper

He looked at her for a long time before he spoke.

“Rest early, good night.”Looking at the time, it was already 9:30 pm.

He patted her head again and turned to leave.

But Shi Nuannuan just didn't want him to leave!

Even if he didn't want to do something shameful with her, he didn't have to leave!

Such a big bed was not enough for two people to sleep on? Why Waste Money?

As she was thinking, she suddenly felt a pain in her lower abdomen. She slowly furrowed her brows and could clearly feel that the pain was getting more and more obvious.

She raised her hand and covered her abdomen. This time, it was really painful..

She looked up and saw that Xiang Yi was about to open the door. She wanted to speak, but the pain in her abdomen was getting worse.

If she stopped him now, would he think that she was still faking it?

"Xiang Yi..."in the end, she could not help but speak. At this moment, her face was as pale as a sheet of white paper..

Xiang Yi's hand had just reached the door handle when he heard her voice from behind him.

Only this time, he clearly sensed that something was wrong with her voice, and his action of opening the door suddenly stopped.

When he turned around, he saw that her body was gradually sliding down just like before..

However, the difference this time was that her face was raised, so when he turned around, he noticed her pale little face. He could not help but feel his heart tighten. He threw away the suitcase in his hand and rushed to her side in quick steps.

There was a heartache and urgency in his tone. "Nuannuan!"

With his help, Shi Nuannuan did not fall down because of this. Her face was as pale as snow, and her delicate little face seemed to be twisted into a ball because of pain.

"What's wrong with you?" Looking at her pale face, Xiang Yi felt as if a sharp knife had cut through his heart.

Then, he bent over and carried her horizontally, walking towards the bedroom!

After putting her down, he quickly took out his phone and was about to call the emergency number 120.

But in the next second, he was stopped by an outstretched hand.

He looked away and looked at her in confusion. She said weakly, "No, you... you go and make me some... Ginger Tea."

It was menstrual cramps again!

The moment she opened her mouth, Xiang Yi seemed to understand why she had such a reaction. He looked at her worriedly and quickly got up to leave the bed!

Not long after, he brought the brown sugar and ginger water to the bedside. After helping her up, he personally fed it to her mouth.

Shi Nuannuan first took a sip, then drank a few more mouthfuls in one go.

“Are you better?” His voice was very soft.

Shi Nuannuan did not speak. Instead, she closed her eyes and leaned against the bedside. She took a deep breath and finally felt that the pain in her lower abdomen had lessened a little.

Following that, she nodded her head, and her tightly knitted brows gradually relaxed.

“Okay.”

He pursed his thin lips and looked at her with a deep gaze. After thinking for a while, he stood up and left.

When he returned, there was a wet towel in his hand.

“Lie down.”

After helping her lie down, he glanced at her. After a few skin-to-skin contact, he gradually did not have any scruples anymore. He lifted his hand and lifted her clothes.

Her fair and round belly was exposed, like a piece of crystal clear jade.

He covered the warm towel in his hand with it and stuck it under her navel, covering her navel.

The warm feeling made Shi Nuannuan feel comfortable in an instant. When she closed her eyes, she felt that the pain from before seemed to be gradually dissipating.

“En...”

He raised his eyes and looked at her relaxed expression. The corners of his mouth also curved up.
