

## Kiss Me 1031

Chapter 1031 was kicked out!

The assistant could not help but feel suspicious when she said that twice.

Mr. Xiang was indeed coming to the head office today. Could it be that this woman in front of him was really brought here by Mr. Xiang?

“How are you going to prove that you are Mr. Xiang’s friend?”

The assistant looked at her and crossed his arms as he asked.

In the face of her arrogant attitude, Shi Nuannuan only sat down and did not intend to get up.

Instead, she raised her head and smiled at the assistant. “Correction, it’s not a friend, it’s a girlfriend!”

She said those three words very clearly. She wanted to see if she would change her attitude after knowing her identity.

As expected, after hearing that she was Xiang Yi’s girlfriend, the assistant was clearly stunned for a few seconds. Then, with a face full of disbelief, she said, “You said that you’re Mr. Xiang’s girlfriend?”

Shi Nuannuan nodded. “En, is that not allowed?”

“Heh, you really dare to say such words.”

Her words made Shi Nuannuan a little curious.

Could it be that words like Xiang Yi’s girlfriend were taboo here?

“Why don’t you dare to say it?”

“Miss, you still don’t know, right? There was once a woman who admired Mr. Xiang. She was just like you. She came here and sat at your position, waiting for Mr. Xiang to come out. Guess what happened?”

“What happened?”

“When Mr. Xiang came out, he asked the security guards to throw her out. Do you want to try this kind of treatment?”

Hearing this, Shi Nuannuan could not help but be curious. So Xiang Yi had such a good relationship with women and had such a past.

She raised her head and looked at the assistant. “If it’s possible, I’d like to see if he will throw me out.”

Seeing her smiling eyes, the assistant paused.

This woman was really reckless!

“Go out and go out. Even if you want to wait, I don’t plan to suffer along with you!”

Last time, it was because of her negligence that she didn't notice the woman who sneaked into the lounge. It was said that when Mr. Xiang changed his clothes in the lounge, he was almost seen by that woman, even her monthly bonus had been deducted because of this incident!

This time, she did not want to be deducted again. Perhaps there would be a heavier punishment!

As she said that, the assistant directly rushed in front of Nuannuan and pulled her up from the sofa.

"Get out. This is not the place for you to seduce Mr. Xiang!"

Before Shi Nuannuan could react, she was pulled up by the assistant.

Damn it, no one had ever dared to be so rude to her in her entire life! Of course, other than an Zhihan and Qiao Zhimei from last time.

"Hey! Take your hand away!" Shi Nuannuan glared at the assistant as she looked at the hand that was grabbing her tightly.

The assistant did not seem to hear her at all and just dragged her all the way to the door of the lounge!

"Hey, I told you to let go, did you hear me! ?" Ever since she was young, she had been pampered and pampered. When had she ever been dragged away by someone? At this moment, she did not seem to want to endure any longer.

One had to know that Xiang Yi was the one who had asked her to stay here. On what basis could a mere assistant secretary pull her away?

This was not as simple as losing Xiang Yi's face. Instead, she wanted to fight for Xiang Yi's life!

If he really left like this, wouldn't Xiang Yi lose face?

Just like that, her girlfriend was kicked out of the house by a mere assistant!

"Bang!"

Just as she flung her hand forcefully, the next second, a loud 'bang' was heard!

Chapter 1032: An Expensive Vase

When the two of them came back to their senses, they saw a huge antique vase at the reception area collapse under the impact of the assistant. In an instant, it fell to the ground and broke into pieces..

The assistant was so shocked that her eyes widened as if she hadn't reacted yet. By the time she came back to her senses, she was already so scared that she didn't know what to do!

Oh My God, this is the 'face' of their head office!

In order to better reflect the majestic presence of the company, director an spent a large sum of money to bid for this pair of antique vases at an auction last year. The total value was 80 million! What should she do?

Usually, even a few directors would come to visit this pair of antique vases? They were actually smashed to pieces by her just like that! She definitely wouldn't be able to afford it even if she were to go bankrupt!

Thinking of this, the assistant suddenly came back to her senses and turned to look at Shi Nuannuan. "It was you. It was you who pushed me, causing me to bump into the vase!"

Shi Nuannuan gave her a meaningless glance and said, "So what if it was?"

She was very honest about this. It was indeed her who pushed her, causing her to bump into the vase.

"However, if you didn't drag me, why would I push you?"

"You, let me tell you, this is the treasure of our group. Do you know how much it is worth? Even if you sell yourself, you won't be able to pay for it!"

Hearing this, Shi Nuannuan was unperturbed.

In this world, there was nothing that she couldn't pay for by selling herself.

Of course, with her family background, she didn't need to sell herself.

"I did push you, but I wasn't the one who broke the vase." Although she admitted that she pushed her, she didn't admit that she broke the vase.

Looking at the assistant's panicked expression, she wanted to see how she, who was so arrogant and domineering just now, was going to handle this matter properly.

A loud cracking sound was transmitted directly to the meeting room, causing the meeting to end halfway.

"What's that sound outside?" Chairman an couldn't help but ask.

When the Secretary heard this, she hurriedly bowed to director an. "I'll go out and take a look."

After saying this, the secretary turned around and walked out of the meeting room. The moment she came out, she saw the messy scene at the reception desk. Then, her eyes widened and her expression suddenly changed!

That antique vase was the most valuable thing in the company. It actually... broke?

The secretary's gaze naturally stopped on the assistant's face and asked, "What's going on?"

Faced with her question, the assistant naturally wanted to distance herself from the relationship. She hurriedly waved her hand at the secretary. "It's not me, it's, it's her. She suddenly pushed me and then bumped into the vase!"

She pointed at Shi Nuannuan, who was standing at the side.

Hearing this, the secretary glanced at Shi Nuannuan, who had a calm expression on her face. She quickly turned around and returned to the meeting room.

"Chairman, it's not good, it's not good. A young lady broke the pair of antique vases in our company!"

When the Secretary said this, not only chairman an, but even the other directors were so shocked that they jumped up from their seats after hearing her words, as if the Sky had fallen!

Everyone knew that the meaning of that vase was very important to the entire group. They had spent a lot of money to buy it, just to give the entire group face!

After being shocked for a long time, president an was the first to leave his seat and quickly rushed out of the meeting room.

Looking at the backs of the people leaving, a hint of confusion appeared on Xiang Yi's calm face.

By a woman?

Everyone knew that this was the top floor, and it was impossible for outsiders to come in.

Chapter 1033 She's my girlfriend

Could it be that the 'woman' the secretary mentioned was... Nuannuan?

An Zhihan, who was sitting next to him, seemed to have guessed that the woman outside was definitely Shi Nuannuan. Other than her, there was no other woman who could possibly exist.

The moment she thought about how she might have caused a huge disaster, the corners of an Zhihan's mouth curled up unconsciously. She stood up and followed the few directors out of the meeting room.

Xiang Yi also stood up and left the meeting room.

Everyone went to the reception desk and saw that the expensive antique vase had been smashed into pieces. It was beyond recognition!

"What, what is going on! ?"

Chairman an asked the secretary, assistant, and the strange woman beside him who were still in a daze. Although the an family's business was not small, he had spent a lot of money to buy this pair of vases. He asked people to carefully wipe them every day, there couldn't be a single scratch. It had only been less than a year, and they were already broken into pieces?

"Chairman, this, this has nothing to do with me. It's... It's this woman. She was the one who suddenly pushed me onto the vases..." at this moment., the secretary was not only worried about whether she could keep her job, she was also worried. If the person in charge had to pay 80 million, then she didn't even have 800,000. How could she afford to compensate?

At the thought of this, the assistant was flustered and did not know what to do.

Following the direction the assistant pointed, chairman an's gaze naturally turned towards Shi Nuannuan who was standing at the side.

"Who are you?" Chairman an walked over and asked in a deep voice.

Towards the middle-aged man in front of her, Shi Nuannuan was not afraid at all. Her face remained calm.

Who Was She?

Her gaze naturally turned to Xiang Yi, who was also here.

Xiang Yi had just walked out when he met her gaze. He naturally heard chairman an's question.

"Chairman, she's My Girlfriend."

Hearing this, everyone turned their gazes away in shock and looked at Xiang Yi's face.

Especially the little assistant just now. After hearing his words, his eyes could not help but widen.

This woman, is she really Mr. Xiang's girlfriend! ?

How could this be, didn't he not get close to women? ? How could a girlfriend suddenly appear! ?

What to do? What to do? She was going to die!

If this woman was really Mr. Xiang's girlfriend, then he would definitely protect her. Just based on Mr. Xiang's position in the group, the problem of compensation for this vase would most likely fall on her.

"Your girlfriend?" Chairman an was also very surprised by Xiang Yi's words.

He admired Xiang Yi very much and wanted to marry his daughter to him wholeheartedly. However, he had been out of town for many years, so he had not spoken about this matter. However, in private, he was very clear that he and his daughter were rather close.

"Mm." Looking at director an, Xiang Yi nodded.

"Xiang Yi, you should know the significance of this vase to the company, right?" One of the directors also spoke. He wanted to use this opportunity to embarrass Xiang Yi in front of everyone.

Just because he was the third largest investor, everyone in the company had to respect him. This made some of the directors feel envious.

Hearing the director's words, Xiang Yi did not answer. Instead, he turned his head and looked at Shi Nuannuan. There was no reproach in his eyes.

Instead, he asked very calmly, "Did you really push her and hit the vase?"

Chapter 1034 her matter is my matter

In the face of his question, Shi Nuannuan and Nuannuan still did not think much of it. Instead, she smiled and said, "En! Yes!"

Everyone was a little surprised by her calm and relaxed tone.

Perhaps she still did not know how expensive this vase was.

Hearing her answer, an Zhihan, who was at the side, secretly raised the corner of her mouth. She thought to herself, Shi Nuannuan must not know that this vase was expensive, so she was still so calm, right?

Xiang Yi was slightly startled. He knew clearly that with her family background and background, compensation was definitely not a problem for her.

However, as his girlfriend, he naturally had to bear the responsibility for this matter.

Since he had already confirmed that it was indeed Nuannuan's fault, he naturally had no need to continue asking. He turned his head to look at director an.

"Chairman, I'll take responsibility for this matter."

Once he said this, not only an Zhihan, but even Shi Nuannuan was a little surprised.

Wasn't it just a vase? She could afford to pay for it. Besides, if it wasn't for the assistant pulling her out of the lounge, she wouldn't have pushed her out just to break free from her restraints.

Just as she was about to speak, an Zhihan beat her to it.

She walked to Xiang Yi's side and looked at him as she said, "Xiang Yi, why do you have to take responsibility for this? That vase is worth a lot."

Although Xiang Yi received an objective amount of profit from the company every year, an Zhihan knew very well that during these years, he had either donated the vase to charity organizations or used it to help the poor. He had also helped the Welfare Institute., eighty million was not a small amount. How could he afford it?

Moreover, this vase was broken by Shi Nuannuan and Nuannuan. Naturally, she had to take responsibility for it!

Faced with an Zhihan's words, Xiang Yi's deep gaze fell on her face. "She's my girlfriend. Her matters are my matters."

An Zhihan was rendered speechless by his words. At the same time, it made Shi Nuannuan happy!

Her matters were Xiang Yi's matters. Hehe, it sounded so good!

"But..."

"There's no need to say it."

An Zhihan wanted to speak, but he interrupted her.

She turned to director an. "After the meeting is over, you can just tell me about the compensation issue. This matter ends here."

After saying that, he walked straight to the meeting room.

Looking at his back, director an didn't say anything else. To be able to sit in the position of director meant that he was a smart person.

Since he had agreed to resolve the compensation issue, there was indeed no need to continue talking about this matter, because the issue had already been resolved. As for whether Xiang Yi could afford it, that was another matter.

“Let’s go, continue the meeting,” director an said, then turned his head and said to his daughter, “Zhihan, you stay here and take care of this.”

“Okay, Father.” An Zhihan nodded.

Chairman an brought a group of people back to the meeting room.

However, one of the men did not turn around. Instead, he looked at Shi Nuannuan suspiciously. He felt that he had seen this woman somewhere before.

An Zhihan turned around and saw her brother, an Chen, standing there. She could not help but ask, “Brother, father is already in the meeting room. Why aren’t you in?”

As the CEO of the company, he naturally couldn’t miss the meeting.

It wasn’t until his sister’s voice sounded that an Chen came back to her senses. She glanced at an zhihan and said, “Yes.”

Then, she turned around and walked towards the meeting room. She was still thinking about this question.

Chapter 1035 Should I tell your brother?

Where had he seen that woman before.

The reason why he was so confused was not that he thought she was beautiful, because there had never been such a natural beauty around him, but he had seen her somewhere, he was sure.

Could it be that this woman was a famous model or a celebrity? If that was the case, then he should have seen her in those magazines.

Looking at an Chen’s departing figure, an Zhihan turned her head.

Seeing that everyone had left, the assistant immediately tried to curry favor with an Zhihan.

“Miss an, this matter really has nothing to do with me. You must help me make a decision!”

Usually, this assistant was very good at fawning over an Zhihan, and an Zhihan was usually too lazy to bother with her. After all, she was just a small assistant secretary.

But today, she really stood up for her, because this matter involved Shi Nuannuan. In other words, she wasn’t standing up for the small assistant, but wanted to use this to punish Shi Nuannuan!

“Get someone to clean up this place. If you really didn’t break the vase, I’ll naturally stand up for you.”

Hearing this, the small assistant immediately cast a grateful look at an Zhihan, “Thank you, miss an! But, I was the one who knocked over the vase, but I definitely didn’t do it on purpose. It was this woman who pushed me onto the vase, and that’s why I bumped into her!”

Hearing the little assistant's words, an Zhihan couldn't help but turn her gaze to Shi Nuannuan, who was still standing there calmly, but her words were directed at the assistant. "In other words, if she didn't push you, the vase wouldn't have broken?"

The assistant nodded vigorously. "Yes!"

"I understand. You can go back to work."

"Okay."

Hearing an Zhihan's tone, the assistant seemed to have a feeling that her job was saved! She could not help but heave a sigh of relief. She turned around and returned to her seat. She then called for someone to clean up the debris.

Shi Nuannuan glanced at an Zhihan and did not intend to speak. Instead, she gave her a cold glance before turning around to return to Xiang Yi's private lounge.

An Zhihan followed after her.

When she returned to the lounge, she sat down on the sofa. She knew that the footsteps behind her were an Zhihan's, but she did not want to bother with this woman.

Instead, she took out her phone and continued to chat with her beloved sister-in-law.

Shi Nuannuan: Sister-in-law, I broke an expensive vase today. It belongs to someone else.

Very soon, she replied.

Zuo Weiyi: What Happened?

Shi Nuannuan: I broke it by accident. I heard it's very expensive.

Zuo Weiyi: How Expensive? Can you handle it? Should I tell your brother?

Shi Nuannuan: no need, I can handle it myself! However, Xiang Yi said that he would solve it for me.

In the living room of Shi Mansion, Zuo Weiyi could not help but frown when he saw the message that Nuannuan had replied.

Since it was a valuable vase, could xiang Yi solve it?

Hence, she returned to her previous state: could he do it?

Shi Nuannuan: I'm not sure either. He's in a meeting right now. I'll discuss it with him when he comes out later.

Zuo weiyi: "Okay, if you can't resolve it, tell your brother."

Shi nuannuan: "Okay."

An Zhihan walked into the lounge and saw that Shi Nuannuan was still leisurely playing with her phone on the sofa. She could not help but sit down on a single sofa beside her and look at her coldly.

"Shi Nuannuan, you're still in the mood to play with your phone?"

She had originally planned to ignore her, but since she had already spoken, there was no reason for her to remain silent!

Chapter 1036 was worth hundreds of millions?

Putting away her phone, she raised her head to look at an Zhihan. "Why aren't you in the Mood?"

"Do you know how expensive that vase is?"

Hearing her words, Shi Nuannuan was completely disapproving. "Is that important? Xiang Yi said that he would take care of it."

Faced with her calm and relaxed tone, an Zhihan felt that Xiang Yi was even more unworthy.

How could such a willful woman be worthy of him? Completely unaware of his difficulties, she would only leave the mess she had made to him to handle!

Thinking about it, an Zhihan was filled with jealousy!

"Truly a woman who doesn't know the ways of the world, only knowing how to leave the mess she made to a man to handle!"

Hearing the jealousy in her tone, Shi Nuannuan did not think much of it. She looked at her with a smile. "Are you jealous?"

An Zhihan was stunned when she heard this. She put down her arms that were crossed in front of her chest. She could not help but become angry out of embarrassment.

"Who are you calling jealous?"

"You. Without Xiang Yi, you will immediately reveal your true nature."

It was not that Shi Nuannuan could not tell. As long as Xiang Yi was around, this an Zhihan would always pretend to be reasonable, and she would find it particularly disgusting.

Without Xiang Yi around, she immediately revealed her true nature.

"What true nature did I reveal? !" An Zhihan questioned as she looked at her.

Shi nuannuan said leisurely, "Didn't I just say it? I'm Jealous!"

"You!" An Zhihan stood up from the sofa in anger! But for a moment, she couldn't find any words to brush her off.

After she calmed down, she was once again high and mighty. "Shi Nuannuan, you probably don't know yet, right? That antique vase is worth hundreds of millions. Do you think Xiang Yi can afford it?"

Hearing her sudden words, Shi Nuannuan could not help but be stunned.

Hundreds of millions? That broken vase?

Alright, even if it was hundreds of millions, it was not that she could not afford it.

However, he also suddenly realized a problem.

When Xiang Yi said that he would take on everything for her, she was so happy that she did not even think about whether Xiang Yi could afford it.

She had almost become willful again!

Her sudden silence made an Zhihan feel that she might have heard the price of the vase, and that was why she had been frightened.

An Zhihan's silence was more like a moment of helplessness for an Zhihan.

She could not help but smile. "Why, do you only feel that you were wrong after knowing the price?"

After a long while, Shi Nuannuan raised her head and looked at an Zhihan with her dark phoenix eyes, "What's wrong? I don't think I did anything wrong. On the other hand, you, miss an, blamed me for this just because you're jealous of me. Does your father know about this method of using public office to settle personal grudges?"

An Zhihan was stunned by her words. If her father knew that she used public office to settle personal grudges, his father would definitely scold her.

However..

She raised her eyes and looked at Shi Nuannuan righteously. "When did I use official business to settle a personal grudge?"

"That vase, it was indeed me who pushed that little assistant and caused her to bump into it. However, there's a reason for this. If you really think that your way of handling things is very fair, then do you want to hear this reason?"

An Zhihan was stunned. If she really had a reason to prove that she did not break the vase on purpose, then it meant that she would lose the only chance she had to teach Shi Nuannuan a lesson.

No!

"I'm not interested in your reason. I only know that you were the one who pushed her and broke the vase!"

Chapter 1037 I'll say whatever I want to say!

She spoke with conviction and conviction. Even Shi Nuannuan couldn't help but admire her for twisting the truth!

Fine, then she wouldn't mind it.

Wasn't it just to see her make a fool of herself and drive her away from Xiang Yi? Did she even think that she wasn't worthy of Xiang Yi?

Fine, then she would let her see clearly how she would compensate for this vase that was worth hundreds of millions!

“You said that vase was worth hundreds of millions?”

An Zhihan was stunned.

That vase was worth eighty million dollars. She had indeed said twenty million dollars just now in order to let Shi Nuannuan know how lowly her status was compared to her and that she was not worthy of Xiang Yi at all!

“Even if it wasn’t hundreds of millions, it would definitely be more than eighty million dollars.”

“Then what did you say?”

An Zhihan was a little stunned when she heard Shi Nuannuan say something dirty. She turned around and glared at Shi Nuannuan. “You actually said something dirty to me?”

“I’ll say whatever I like!” Shi Nuannuan glared at an Zhihan.

“You!”

Shi Nuannuan ignored her and sat back down. She started to play with her phone.

An Zhihan glared at her. She had nowhere to vent her anger!

Especially when she saw her leisurely playing with her phone. It was 80 million yuan, and she was still in the mood to play with her phone?

“Hey, Shi Nuannuan, did you listen to what I said?”

“What did I say?” Shi Nuannuan turned on the amuse device and asked without raising her head.

An Zhihan was about to vomit blood!

Looking at her, she could not help but laugh. “Shi Nuannuan, did you not wake up? That’s 80 million yuan. Can you afford it? To think that you still have the mood to play with your phone.”

Hearing this, Shi Nuannuan finally looked up from the phone screen. However, she did not look directly at an Zhihan. Instead, she paused for a moment before looking up. “Isn’t it just 80 million yuan?”

An Zhihan could not help but be startled.

Isn’t it?

Could it be that 80 million yuan was just a drop in the ocean for her?

“Shi Nuannuan, did you not wake up?”

“En, it’s all Xiang Yi’s fault for making me sleep very late last night. Then, I woke up early in the morning, resulting in a little lack of sleep now.” As she said this, she put down her phone and raised her hand to rub her temples.

Her words had obviously provoked an Zhihan. Her mind was filled with the scenes of them having sex last night, and her jealousy towards Shi Nuannuan was even deeper!

She glared fiercely at Shi Nuannuan. Gritting her teeth, she turned around and walked out of the lounge.

She was so arrogant. She wanted to see how she was going to compensate the 80 million yuan!

Looking at her back view as she left, Shi Nuannuan pouted. Did she want to fight with her? Tsk, you're overestimating yourself!

After a few rounds of entertainment, two hours had already passed, but the door to the meeting room was still closed.

She really wanted to send Xiang Yi a message to ask. After sitting here for so long, she was a little thirsty. But there was no tea here, and no one would pour her a cup of tea..

Forget it, when she came up, there seemed to be a milk tea shop next to the company. She went to buy two cups to drink when Xiang Yi came out!

As she spoke, she stood up and walked out of the lounge, happily buying milk tea.

...

"Xiang Yi, this is not a small sum. Why do you have to make things difficult for yourself?"

Shi Nuannuan and Nuannuan had just finished their meeting.

Walking out side by side with him, an Zhihan could not help but follow Xiang Yi to his lounge, only to find that Shi Nuannuan was no longer there.

chapter 1038 had nothing to do with you

"Haven't I already answered your question before?" Looking at an Zhihan, Xiang Yi wasn't worried about compensation.

Perhaps 80 million wasn't a small amount to him, but Nuannuan was his girlfriend. If he couldn't even settle this for her, then what right did he have to be her man!

"But..."

An Zhihan wanted to speak, but Xiang Yi interrupted her again.

"There's no need to say it. After all, this matter has nothing to do with you."

As he spoke, he had already taken out his phone because he did not see Nuannuan's figure the moment he entered.

His cold attitude made an Zhihan's heart throb in an instant.

Did he really want to cut ties with her so badly?

"Alright, let's not talk about this anymore."

The call went through and a warm voice quickly sounded, "Hello?"

"Where are you?" His voice was gentle, making people a little jealous.

Such gentleness, why did it have to belong to Shi Nuannuan?

“I’m buying drinks, they’ll be ready soon!”

Hearing that she was safe and sound, Xiang Yi was relieved. He thought that she would be unhappy because of the vase.

He curved his lips slightly. “Yes, I’m going down now. Wait for me downstairs. There’s no need to come up.”

Shi Nuannuan was holding two cups of milk tea that she had bought. When she heard Xiang Yi’s words, she could not help but pause. “You’re done. Do you want to go back?”

“No, I have a contract tonight. I want to discuss it personally. I might not be able to go back until tomorrow. Let’s book a hotel first.”

Since they were going back tomorrow, they naturally needed a place to stay.

Hearing his gentle and deep voice on the phone, Shi Nuannuan said happily, “Alright, I’ll wait for you at the door!”

Xiang Yi hung up the phone and glanced at an Zhihan. “I’ll be leaving first.”

As if he didn’t need her answer, he turned around and left.

Seeing that he was about to leave, an Zhihan immediately called out, “Xiang Yi!”

Wen Sheng turned around, but he didn’t say anything. Instead, he quietly waited for her next words.

“The contract for tonight...”

“I’ll be there on time.”

“Since you’re going to book a hotel, then don’t bring your girlfriend with you tonight.”

Xiang Yi was stunned.

Afraid that he would misunderstand, an Zhihan was in a hurry to explain, “I don’t have any other intentions. After all, this is related to the company’s confidential information. Moreover, it’s only for two hours at most. You Don’t have to be reluctant to part with her in such a short period of time, right?”

“Moreover, if you two get married in the future, you can’t always bring her with you every time you negotiate a contract, right?”

Her words, which were righteous and strict, indeed made Xiang Yi unable to refute them.

“I understand.”

An Zhihan couldn’t help but smile when she saw him nod. “See you tonight then.”

He nodded and turned to leave.

He took the elevator to the first floor and walked out of the reception hall. As soon as he stepped out of the door, he saw that lovely figure’s back.

He heard footsteps behind him as if they had a telepathic connection. Just as Xiang Yi stepped out of the door, Shi Nuannuan also turned her head and saw his handsome and gentle face.

“Here you go!” She handed a cup of plain milk tea to him.

Looking at the ordinary milk tea, the price should be around six to seven yuan per cup. Not many socialite daughters like her would drink such a thing.

He reached out and took it without any disdain. Then, he took her hand and walked to the side of the road.

Just as he was about to hail a cab, the phone in his pocket rang.

Xiang Yi let go of her hand and took out his cell phone. It was the director of the Welfare Institute.

Chapter 1039 Love Me, Love My Dog

Xiang Yi frowned as the image of Renie’s pretty face flashed across his mind.

Calling at this time, could it be that something had happened to Renie again?

He had originally planned to bring Renie to Country Z for a check-up after settling the matters here, but he must not be too late.

“Hello?” He picked up the phone and his gentle voice sounded.

“Xiang Yi.” The director’s gentle voice came from the phone.

From her tone, Xiang Yi could tell that it wasn’t something that happened to Renie. Otherwise, the director wouldn’t be so calm.

“Yes.”

“There’s something I think I need to tell you.”

Xiang Yi frowned. “What is it?”

“It’s about Renie. There are two couples who came from afar today, and they want to adopt Renie. Renie was sent to the Welfare Institute by you, and they have a deep relationship with you, so I want to get your approval before giving them an answer.”

Hearing this, a ripple flashed across Xiang Yi’s calm face.

Someone wants to adopt Renie?

After being stunned for a moment, he said, “Do they know about Renie’s illness?”

“Yes, and they’re willing to pay for Renie’s treatment. I found out that the couple didn’t raise any children until they were middle-aged, so they really wanted to have a child. They took a fancy to Renie the moment they arrived. At first, they didn’t know that Renie was sick, but after they found out, they hesitated. But they seemed to like you, so they agreed to treat him. The only condition is that they don’t

want any family members to find her in the future. I can tell that they're sincere about wanting to have a child, which is why they came from so far away."

The principal had met such a person before. The reason why they had come all the way here was that they were afraid that the child that they had painstakingly raised would be found by her relatives in the end. If that happened, their losses would outweigh their gains.

"When do we go through the adoption procedures?"

"If you agree, tomorrow."

"Is she reliable?"

"She's quite reliable. Moreover, her family background is very good. After Renie goes over, she will definitely have a better life than she has now."

Hearing the director's words, Xiang Yi was silent for a few seconds before he said, "Alright, I'll Go There Tomorrow."

Renie indeed had a deep relationship with him, so he had to personally get to know that couple and make sure that he could give Renie the best life before he agreed to be adopted.

If it was in the past, he might not agree to anyone adopting Renie, but now that he had warmth, he had more considerations.

One day in the future, he would have his own child. No matter how much he liked Renie, when it came to his own flesh and blood, he could not guarantee that he would be able to achieve a level playing field.

Therefore, letting someone else adopt Renie was perhaps the best life for her.

"Okay, I'll talk to that couple."

"Okay."

"What's the matter?" Shi Nuannuan could not help but ask out of curiosity after finishing a cup of milk tea.

Putting away his phone, he turned his head and smiled at her. "The director called. Someone wants to adopt Nini."

Hearing this, Shi Nuannuan was stunned for a few seconds before nodding. "Oh..."

For Nini, perhaps it was because of Xiang Yi, she felt that the little girl was very cute. Therefore, her impression of her was not good, but it was not bad either. Perhaps this 'not bad' was because of Xiang Yi. After all, there was a saying, 'love the house and the Crow'!

However, for a character like his cousin, Feng Lulu, she had no way to love the house and the Crow!

The two of them hailed a taxi and went straight to a four-star hotel.

At the front desk, Xiang Yi took out his documents to go through the accommodation procedures.

Chapter 1040: A Presidential Suite!

“A Presidential Suite!” Just as Xiang Yi was about to speak, Shi Nuannuan interrupted him.

He paused and turned his head to glance at her. His long and narrow eyes narrowed. The expression on her face had long betrayed the thoughts in her heart.

The staff looked at her and then at Xiang Yi. “A Presidential Suite?”

“Yes!” Shi Nuannuan interrupted him again, and Xiang Yi did not even have the chance to speak.

If he were to correct her by asking for two rooms, it would only make things worse for her.

One room, then. It would only be for one night anyway.

After taking the room card, the two of them went to the presidential suite they were in. It was located on the 17th floor and had a very good view. Moreover, it was Shi Nuannuan’s favorite floor-to-ceiling window!

“Wow, I didn’t expect the scenery here to be so beautiful!”

Standing in front of the floor-to-ceiling window, Shi Nuannuan exclaimed in surprise.

Looking at her childlike happiness, Xiang Yi could not help but smile as well. He walked over and stood beside her, admiring the river scenery outside the window.

“Are You Hungry?” After a while, he asked. It was already 12:33 pm.

Hearing his words, Shi Nuannuan also realized that she was hungry. She turned around and nodded at him. “Mm, let’s go out and eat. What’s good to eat here?”

He would answer every question she asked with all his heart.

After thinking for a few seconds, he looked down at her. “Local dishes.”

He knew that she had already eaten those internationally famous delicacies. The only thing that she had not eaten before was the local specialty dishes.

As expected, Shi Nuannuan’s appetite was greatly stimulated when she heard that. “Okay!”

After leaving the hotel, the two of them went to a local restaurant and ordered a few local specialty dishes. Shi Nuannuan ate with relish.

Halfway through the meal, she recalled the compensation for the vase.

“About the vase.”

“I’ve already taken care of it, don’t worry.”

Hearing this, Shi Nuannuan couldn’t help but be startled.

Already taken care of? But that vase was said to be worth 80 million yuan. How did he take care of it? Or could it be that an Zhihan was lying and that the vase wasn’t worth this price at all?

“That vase is worth eighty million?”

“Yes.” He looked up at her, then lowered his head and continued eating.

“Eighty million is not a small amount. How did you handle it?” After the ‘understanding’ she had with him last time, she clearly knew that although Xiang Yi’s income was considerable, he did not have much savings at all, how could he compensate eighty million.

“Is it good? Do you want to order another serving?” He knew that she loved to eat snacks.

But this time, he wanted to change the topic, but was discovered by Nuannuan.

“No need. Tell me, how did you compensate eighty million?”

Looking at her, he smiled gently and could not help but raise his hand to pinch her delicate nose. “Don’t forget that I am also a shareholder of the Phoenix Group. If you really want to compensate, you don’t need so much money.”

“Then how much is it?” She asked.

“In short, it’s within my affordability. You Don’t have to worry.”

After saying that, he lowered his head and continued eating.

Shi Nuannuan looked at him for a while. After swallowing all the food in her mouth, she took out a card from her bag. “This was given to me by my brother. There should be enough money in there to compensate me.”

Xiang Yi raised his head and looked at the golden card that was handed over to him. Then, he raised his eyes and looked at her face.

“There’s no need.”

“Why?”

He looked at her and curled his lips slightly. “Because I don’t want to be a man who eats women.”

Shi Nuannuan could not help but feel warm.

Eat Women?
