

Kiss Me 1051

Chapter 1051: What kind of movie

“Did you... Do That Thing?”

“...”needless to say, it was definitely that thing too!

“No.”

When she heard that, she suddenly lifted her head that was resting on his arm. “Really?”

He glanced at her and stared at her as he said, “Without a doubt.”

She believed him!

But then he asked again.

“Then... do you know what it feels like to do that?”

“...”why did she have to say something so sensual every time?

“No... I know.”

She cast a questioning look at him. “You’re a man. You really don’t know?”

“...”he had indeed never experienced that, so saying that he didn’t know was a very reasonable answer, right?

“Why do men have to know?” He asked her back.

“Because all men watch those kinds of Movies!” Well, she found out about this through the internet, and also in novels!

Xiang Yi frowned. For a moment, he still didn’t understand what kind of movies she was referring to?

“What kind of movies?” He frowned and looked at the person in his arms.

“It’s that kind of... film.”

Oh My God, it can’t be that Xiang Yi doesn’t know about it, right?

But is that possible? All men would watch that kind of film, right?

He frowned and stared at her for a few seconds before he finally understood what kind of film she was referring to!

“Cough.” He suddenly cleared his throat. “I’ve never seen it before.”

“How is that possible? You’re lying!” She did not believe him and looked at him with a disdainful gaze.

“Why would I Lie?”

She paused. It did not seem right to say that it was to pretend to be pure. After all, he was already pregnant with a beauty. There was no need to pretend to be pure.

Then, he really had not seen it?

As she thought about it, she began to defile him again!

She had not seen it, and she had not done it. Then, she wondered if he would..

“What are you thinking about?”

Xiang Yi felt that the expression on her face had become abnormal. He seemed to have seen through her at a glance, and through his voice, he broke the fantasy in her mind.

“AH? Nothing, nothing!”

Shi Nuannuan, be reserved, be reserved, do you understand? ! ? How can I think about those things all day long? ! ?

“Then sleep.”

He hugged her and held her head in his arms, not letting her continue to let her imagination run wild.

It was already late at night, and Shi Nuannuan was actually a little sleepy. She fell asleep without realizing it.

However, compared to Xiang Yi, after this conversation, it was not so easy to fall asleep..

...

The next day.

Early in the morning, the warm sunlight shone through the glass window and shone on the large, slightly messy bed.

In a daze, an Zhihan opened her eyes and felt a splitting headache. Her body seemed to have experienced something, and her entire body was aching as if it had been torn apart before.

She furrowed her brows with great effort and took a deep breath. “Hiss...”

Then, she slowly turned her head and saw an unfamiliar yet familiar face.

Familiar because she had indeed seen this face twice, but unfamiliar because this face that should not have appeared here, why was it lying beside her at this moment! ?

Once she calmed down again, she suddenly lifted the blanket and saw that there was not a single layer of clothing on her body..

In an instant, she only felt an explosion in her mind. She simply could not accept the reality before her eyes!

However, the pain all over her body made her feel that the scene before her eyes was an indelible reality. The fragmented images in her mind also appeared in an instant.

Chapter 1052 Sorry, Sister

Last night, she was drunk, and then..

She turned her head and looked at the man's face who was still sleeping soundly beside her. An Zhihan's grip on the quilt tightened!

Her pure and innocent body was actually tarnished just like that..

Why, why was it like this! ?

Her entire body trembled, but she did not dare to cry out loud. She could only slowly get up, support her body that was in endless pain, and slowly get out of bed. After putting on her clothes in the lightest voice, she rushed out of the villa!

In her mind, the scenes from last night made her realize how shameless she was. She actually took the initiative to give her innocent body to this Guo Zihao. She was unwilling to accept it. She hated him so much!

She clearly saw Xiang Yi. Why, why did everything change when she woke up? The person who should have been Xiang Yi became Guo Zihao. Why did this happen, why..

Tears streamed down her face like a fountain. The hand holding the steering wheel also gradually tightened!

She still could not accept that her life's innocence was gone just like that..

Why did it turn out like this? Why!

Her body was trembling. After a long while, she finally calmed down. She endured the pain and started the car to drive away from Guo Zihao's villa.

...

At nine o'clock in the morning, Xiang Yi and Shi Nuannuan arrived at the Welfare Institute and saw the couple who wanted to adopt Nini.

Judging from their clothes and temperament, they should be from a wealthy family.

However, Xiang Yi, who had a deep relationship with Nini, still investigated their background. Only when he was sure that there was no mistake would he feel relieved to hand Nini over to them.

After the adoption procedures were completed, she would leave the orphanage with the couple the next morning.

"Daddy, Can I See You Again?" After knowing everything, Nini was reluctant to part with Xiang Yi.

"Of course you can. We will meet when you Miss Daddy."

Although the couple's request was that they did not want any of Renie's relatives to come out and take back Renie, after knowing that Xiang Yi and Renie were not related by blood, they agreed that they could visit Renie anytime from now on, Xiang Yi could visit Renie.

After going through a lot of trouble, he finally managed to convince Renie to live the life that should belong to her.

"Really?" Renie's naivety was hard to hate.

"Of course." Xiang Yi hung a square sign on Renie's neck with a black rope. "This is Daddy's phone number. You can call this number when you miss me."

Renie smiled with satisfaction when she saw the sign hanging on her neck.

However, the smile on her face immediately froze. She glanced at Shi Nuannuan beside him and finally said weakly, "Daddy, I have to admit a mistake to you."

Xiang Yi was still a little stunned by her sudden words.

"What mistake?"

Renie glanced at Shi Nuannuan and then looked at Xiang Yi. "Last time when this sister had a stomachache, I asked Renie to call you. But Renie didn't want Daddy to marry someone else, so she didn't call him Daddy."

Hearing this, not only Xiang Yi, but even Shi Nuannuan couldn't help but be a little stunned.

That day, she thought that Nini had said it, and Xiang Yi only found her unconscious under the big tree. So she didn't say it?

"I'm sorry, Sister." Looking at Shi Nuannuan, Nini lowered her head.

Her honesty and obedience made it impossible for others to be angry with her. Not only Xiang Yi, but even Shi Nuannuan was the same.

She smiled and patted Renie's head. "It's okay."

"You're not angry with Renie?"

Chapter 1053 the white car that was speeding towards them

"Of course not. I heard that you were the one who told dad that I was under the big tree that time, wasn't it?"

Hearing Shi Nuannuan's words, Renie smiled happily.

At noon, after having a simple lunch at the welfare institute, the couple left with Renie.

After watching the black Mercedes leave, Xiang Yi only turned around when he could no longer see its shadow.

"Can't bear to?"

Turning around, Nuannuan could not help but look at him and ask.

Xiang Yi glanced at her and said, "No. Perhaps going to another place would be a better start for her."

She smiled and did not say anything else.

"What about us? When are we going back?"

"Tomorrow. Let's go back to the hotel now."

"Okay!" After being away from home for so long, she was actually feeling a little homesick.

She missed her grandfather and Mommy, her brother and sister-in-law, as well as her two most adorable nieces and nieces. She missed them!

"Wait for me here for a moment. I'll go in and say goodbye to the principal."

After all, he might not come back here again in the future, so naturally, he had to say goodbye.

"Okay!" Nuannuan nodded and stood obediently at the door, waiting for him.

The weather gradually turned warm. Standing under the bright sunlight, Shi Nuannuan was a little bored as she stepped on the snow that was still left on the lawn.

Not far away, a white BMW sedan was speeding over!

Hearing the sound of the engine that was a little too rushed, Shi Nuannuan and Wen Sheng frowned and immediately looked up when they heard the sound. They saw that not far away, the white sedan was speeding towards them at lightning speed!

For a moment, she was still a little stunned. After all, no one would have thought that the two cars would rush straight towards where she was standing!

She thought that the car would at least stop when they reached the entrance. It was only when she realized that the car had no intention of stopping that Shi Nuannuan widened her eyes and quickly dodged towards the right side of the courtyard gate!

"F * ck!" She cursed. When she raised her head, she saw an Zhihan sitting in the driver's seat. She could not help but roar angrily, "An Zhihan, are you crazy! ?"

Her actions were clearly meant to kill her!

Looking at Shi Nuannuan who had dodged a disaster, an Zhihan in the car did not seem to have any intention of letting it go. Instead, she started the car again, stepped on the accelerator, and turned the steering wheel to rush towards Shi Nuannuan again!

What the F * ck!

Shi Nuannuan's eyes widened as she saw that the car was about to crash into her. After all, her two legs could not match the speed of those four wheels!

"D * MN! An Zhihan, are you crazy! ?"

She looked at the car that was rushing towards her in horror as she cursed at an Zhihan. If this continued, she would definitely be crushed into a meat patty by that wheel!

However, an Zhihan in the car did not seem to hear her roar at all. Her eyes were filled with hatred as she stared at Shi Nuannuan with all her might. She only wanted to ram the car and crush her!

Oh My God!

Shi Nuannuan hurriedly ran away!

However, no matter how fast she ran, she could not outrun the four wheels. Helpless, she saw a pile of sand not far away, so she rushed forward.

She thought that an Zhihan would give up just like that, but she did not!

She stepped on the accelerator to the bottom and rushed toward the pile of sand!

Standing on top of the pile of sand, Shi Nuannuan looked at the speeding car and was completely shocked. Did this an Zhihan really want to die? ?

In a flash, the car had already sprinted over. Shi Nuannuan had no choice but to run again. However, this time, she was not as lucky as the previous two times.

Chapter 1054: Intense Pain!

Just as she turned around, she felt a huge force crashing into her hamstring.

“Wu!”

The intense pain caused her to furrow her brows in an instant, followed by cold sweat. She lost all her strength in an instant and rolled down from the pile of sand.

The tires sank into the sand and could no longer move forward. Seeing that Shi Nuannuan had fallen in front of her eyes, the corners of her lips curled up. She backed up the car and quickly drove away from the scene!

In the house, they could vaguely hear the sound of the engine. Xiang Yi and the principal rushed out in a hurry. As the courtyard wall was very high and was in a blind spot, they did not see what happened outside the courtyard when they rushed out of the house.

When they rushed out of the door, they saw a figure fall beside the sand pile, and then a white car quickly drove away from the scene!

Xiang Yi looked away from the back of the car and turned his head. When he saw the familiar figure beside the pile of sand, his heart felt as if it was torn apart. His heart tightened and he rushed over.

“Nuannuan!” He picked up the person on the ground and saw her pale face. For the first time, Xiang Yi’s heart became extremely panicked and helpless.

His eyes were filled with pain as he stared at the person in his arms. He did not know what had happened to her.

“It hurts...”

“Where does it hurt?” His voice was trembling.

“My leg...” after saying the last word, Shi Nuannuan had no strength to close her eyes. She lost consciousness and fell into his arms.

The moment she closed her eyes, her heart felt empty. A terrifying thought flashed through his mind!

“Quick, drive to the hospital!” The director at the side urged.

Fortunately, the Welfare Institute had a spare van, which was used to deal with emergencies.

Xiang Yi drove all the way to the Downtown Hospital!

At the entrance of the emergency room, Xiang Yi closed his eyes weakly. The minute inside felt like a century to him.

The hospital director was also waiting anxiously, not understanding what had happened all of a sudden.

“What’s going on? who was in that white car just now...”

Xiang Yi clenched his fists and pressed them against the wall. His mind also recalled the white car just now. Because it was too far away, he couldn’t see the license plate clearly.

What was going on? The Welfare Institute was very quiet. Normally, no car would pass by here. Moreover, from the traces of the wheels at the scene, it didn’t seem like it was unintentional. It seemed more like it was intentional.

Who would want to kill Nuannuan?

An Zhihan’s face flashed across his mind. But could it be her?

Although she hated Nuannuan a little and had an unpleasant experience in the hotel restaurant last time, was it really necessary to do such a thing to her?

In his memory, an Zhihan was not such a snake-hearted woman.

At this moment, a muffled sound was heard.

Wen Sheng turned his head when he heard the sound and saw the door of the emergency room being pushed open.

Xiang Yi looked at the doctor anxiously, but he did not know how to ask. It seemed that he was more afraid of the result than the answer.

The Doctor took off his mask. His expression was indeed a little heavy.

“Excuse me, are you the family of the injured person?”

“I’m her boyfriend,” he said as he looked at the doctor. His heart was still tensed up.

“The injured person’s life is not in danger. It’s just that...”

“Just what?” When he heard that his life was not in danger, his heart was just about to calm down. However, when he heard the Doctor Say ‘just’ after that, his heart that was about to relax instantly tensed up again.

Chapter 1055 what happened to her leg?

The doctor looked at him and said earnestly, “The danger to her life is gone, but her leg...”

Before the doctor could finish his sentence, Xiang Yi felt a loud bang in his head!

Could it be..

He looked at the Doctor in disbelief and his voice trembled. “What happened to her leg?”

“Her leg was hit by gravity. I’m afraid she won’t be able to walk for a short period of time...”

Xiang Yi heard the gap in his words.

If she couldn’t walk for a short period of time, would she still be able to stand up later?

“You mean she’ll be able to walk after she recovers for a short period of time?”

“This... I’m not sure yet. It’s also possible that she’ll never be able to stand up.”

Boom!

A bolt of lightning struck down from the clear sky. Xiang Yi’s eyes were stern and filled with killing intent. His voice was so cold that it was like a wisp of ice in an iceberg. “What do you mean you’ll never be able to stand up again?”

Upon coming into contact with his cold eyes, the doctor could not help but be startled. He was somewhat intimidated by the terrifying aura in his eyes.

“That’s right, that’s right...”

“I don’t want to hear that again. If you can’t cure her, I will definitely make you disappear from the medical world!”

What did disappear mean? When a person disappeared from this world, the medical world naturally did not have his name. To him, dealing with a person was as easy as flipping his hand.

When the Doctor heard that, he could not help but be shocked. He did not know the man in front of him, but the words that he said and the aura that he emitted were not something that people dared to ignore.

“I’ll study the treatment method again. Or, you can transfer your girlfriend to a big city. The medical equipment and technology there are much better than in a small city like ours.”

The reason why he did not dare to guarantee was that they lacked the technical medical equipment here. If he transferred her to a big hospital and received the best treatment, she might still be able to be saved.

Hearing the Doctor's words, Xiang Yi finally held a glimmer of hope in his heart.

His line of sight had already turned, and he saw Nuannuan being pushed out of the emergency room.

"I don't want to hear that again." After saying that, Xiang Yi followed a few medical staff and sent Nuannuan to the VIP ward.

Looking at the unconscious person on the bed, Xiang Yi took out his phone and dialed a number.

He had to find out the cause and effect of the matter as soon as possible, but as long as Nuannuan did not wake up, he would not be able to leave this place. As for the investigation, he could only leave it to an old friend to help him handle it.

Time passed by minute by minute. In the evening, he looked at the gradually darkening sky outside the window, but the person on the bed had no intention of opening her eyes.

He could not help but feel a little anxious and directly pulled the attending doctor over.

"Didn't you say that her life is not in danger? Why hasn't she woken up yet! ?"

Faced with his bloodthirsty red eyes and the anger that was emanating from his entire body, the doctor could not help but feel a little flustered. He explained, "Sir, don't be anxious. She might wake up in a moment."

As soon as he finished speaking, the doctor saw that the person on the bed had suddenly moved. He said in surprise, "Look, she's moving!"

Xiang Yi could not help but quickly turn his gaze away when he heard that. As expected, he saw that the person on the bed's eyes moved.

He loosened the doctor's collar and quickly rushed to the side of the bed. He saw that Shi Nuannuan had opened her eyes in a daze.

When she opened her eyes, the first thing she saw was the white ceiling, followed by the pungent smell of disinfectant.

Uh, why was it the hospital again?

"Nuan Nuan." There was a hint of trembling and surprise in his anxious voice.

Chapter 1056: Damned an Zhihan.

Wen Sheng turned her head when she heard the sound and met his pained and worried gaze.

When she was fully conscious, she also felt the pain in her leg and couldn't help but frown. "HMM..."

"What's Wrong?"

Seeing her pained expression, he couldn't help but feel anxious.

She took a deep breath to ease the pain in her leg and said, "My leg..."

She lifted the blanket and saw that her leg was in a cast. She could not help but be stunned.

Her leg was broken?

“My leg!” She pretended to get up and was about to check her thigh, but he pressed her down.

He comforted her softly, “Don’t worry. It’s already in a cast. You will recover after receiving proper treatment in the future.”

Shi Nuannuan firmly believed his words. She looked up at him. “Really?”

“Yes.”

“Damn that an Zhihan...”

Shi Nuannuan gritted her teeth in anger when she thought of how she had almost lost a leg. However, her anger made her feel unwell. After all, she had suffered such serious injuries. Although she was awake, her Yuan Qi would not recover so quickly.

Xiang Yi could not help but be startled when he heard the name that came out of her mouth. He asked, “You mean an Zhihan?”

“Isn’t that her? She’s like crazy! I kept dodging, and she kept stepping on the gas pedal and charging at me! She’s clearly trying to kill me!”

However, what puzzled her was that she knew that an Zhihan was hostile towards her, but after a few encounters, she could also feel that no matter how hostile an Zhihan was towards her, she had never thought of killing her, what exactly happened this time?

And she did not think that the intentional collision was unintentional.

Her words also shocked Xiang Yi.

It was really Zhihan, but what he did not understand was why she did this?

“Ouch, it hurts...”

After her anger subsided, Shi Nuannuan’s pretty face was filled with tears because her left leg was really in pain.

“Don’t move.” He comforted her and let her lean against the headboard, obediently not moving. “Other than your leg, do you feel any discomfort?”

Shi Nuannuan felt carefully. Other than her leg, there didn’t seem to be any other injuries.

She shook her head and her gaze fell on her left leg, which was covered in plaster.

His deep gaze stared at her fair face. “How did it happen? Do you still remember?”

He was still puzzled that the culprit was an Zhihan.

Why did she want to hurt Nuannuan all of a sudden?

Nuannuan raised her head and glanced at him, immediately recalling what had happened.

"I was standing at the door waiting for you, and then I heard the sound of a car engine. When I turned around, I saw an Zhihan rushing towards me in a white BMW!" At the thought of an Zhihan's madness.., shi Nuannuan herself found it hard to believe.

She was well aware that she hated herself, but she did not feel that she wanted to kill her previously. Or was it because she had disguised herself too well? Was that possible?

Hearing this, Xiang Yi could not help but frown. He then asked, "She ran straight into You?"

She nodded, "Yes. At first, I also thought that she would stop at the door, so I did not plan to escape. It was only when I realized that she had no intention of stopping that I quickly dodged. "However, before I could regain my senses, she drove towards me again. I couldn't outrun her, so I hid in the sand. Who knew that she would still chase after me."

Chapter 1057 Are You Hungry?

As she spoke, she was still a little worried that her leg would break just like that, right?

The more Xiang Yi listened, the more he found it hard to believe.

Listening to her description of what happened, an Zhihan was practically bent on killing Nuannuan. What had caused her to suddenly turn into this?

Xiang Yi did not think about the series of questions in his heart for the time being. Since he already knew that an Zhihan was the one who had injured nuannuan, this matter would be much easier to handle.

He walked out of the ward and dialed a number. Then, he returned to the ward and looked at the person on the bed. He asked softly, "Are You Hungry?"

Shi Nuannuan nodded and looked at the night sky outside the window. It should be very late, right?

"I'm hungry."

"I'm going to buy some food, you..." he paused halfway through his sentence.

If an Zhihan wanted to hurt Nuannuan on purpose, then he would not dare to leave this place.

A nurse walked in and hung up the drip for her.

Looking at the nurse, Xiang Yi had no choice but to say, "Nurse."

Just as the nurse was about to leave after inserting the drip for Shi Nuannuan and Nuannuan, she suddenly heard an extremely magnetic voice. She couldn't help but turn her head and look at Xiang Yi with a smile.

"What is it?"

Xiang Yi hesitated for half a second before finally saying, "Can I ask you to do me a Favor?"

"Please."

"I can't leave. If you can, can you buy two sets of dinner for me?"

Although he was asking the nurse, Xiang Yi's face remained indifferent and calm. He did not look like he was asking for help at all.

Perhaps it was because he was handsome enough, but the nurse was not angry. Instead, she said with a smile., "Sir, is this your first time coming to our hospital? At 6:30 in a while, someone will call for dinner. At that time, you just have to say the word, and the food seller will come to this ward."

Hearing the nurse's words, Xiang Yi and Shi Nuannuan could not help but be stunned.

There was such a thing?

Although he was a little surprised, when he came back to his senses, Xiang Yi still nodded slightly to the nurse. "Thank you."

The nurse smiled and turned around to leave.

Not long after, they indeed heard voices coming from outside the ward. 'dinner, dinner, is there anyone who wants dinner...'

"..."

"..."

In the ward, Xiang Yi and Nuan Nuan looked at each other. Why did it sound like they were on a train?

After coming back to his senses, Xiang Yi walked to the door and saw a middle-aged aunt pushing a dining cart. Inside was a packed lunch box.

Through the plastic wrap, they could see the food inside. Although the appearance was not very appetizing, they could only make do with this meal.

"Please, give me two." Looking at the middle-aged Auntie, Xiang Yi's tone was gentle with a touch of respect.

"Okay!"

The Auntie looked at him and smiled. She took out two lunch boxes from the basket on the cart.

"How much?" Xiang Yi took out his wallet.

"30 Yuan!"

He looked at the leather armor. There were only 20 yuan in change, and the rest were all hundred yuan bills.

Finally, he took out the red one hundred Yuan and handed it to the rice seller.

Looking at the one hundred Yuan, the aunt was stunned.

Although she had brought change, the three sets that were sold just now were all one hundred yuan. She had already changed all her change and was only left with ten yuan!

"Um, do you have change?" The middle-aged aunt looked at him and asked with a smile.

Xiang Yi paused for a moment. Indeed, he had only taken out 100 yuan because he did not have change.

Seeing the hesitation on the aunt's face, he seemed to have guessed that she probably did not have change to look for him. He took the box lunch and handed the money to her, saying, "You don't need to change. You can take the rest yourself."

Chapter 1058 has a question for you

Xiang Yi did not know if the food was her own or if she was selling it for her boss, so he said that last sentence.

The Auntie was stunned. She wanted to say something, but when she looked up, Xiang Yi had already entered the ward with the box of food.

Looking at the closed wooden door, the Auntie smiled gratefully. Then, she pushed the dining cart and continued to peddle along the corridor, "Dinner, who wants dinner..."

When she was buying dinner, the door was open, and the ward was not big. Shi Nuannuan, who was lying on the bed, could clearly see the scene at the door.

Looking at the man who was walking over with a box of lunch, she could not help but ask out of curiosity, "Do you know that person?"

He looked up, still in a daze.

Then, he reacted. "You mean the one who sells food?"

She nodded. "Yes."

If they didn't know each other, why did he ask her not to give him change?

Perhaps those tens of dollars were insignificant to him, but Xiang Yi was not someone who would waste money so easily.

"I don't know him. Why?" He did not seem to realize that his words and actions were a little strange.

Shi Nuannuan was startled. She shook her head and smiled. "It's nothing."

She suddenly realized that Xiang Yi had a unique respect and sympathy for middle-aged women.

That's right, his mother seemed to have died in an accident when he was very young. Could it be because of this?

"Let's eat."

She opened the lunchbox and placed it in front of her.

Shi Nuannuan was never picky when it came to eating. She did not mind that these did not come from high-end restaurants.

She ate with relish, but when she was in the middle of eating, she would always raise her head and steal a glance at Xiang Yi.

At this moment, Xiang Yi was completely immersed in this incident, and even when he was eating, he seemed to be a little absent-minded.

However, he still felt that she would steal glances at him from time to time.

Shi Nuannuan stole another glance, but it just happened to meet his dark eyes, and she could not help but be startled.

“What’s Wrong?” He could see that there was something on her face that she wanted to say to him, so he could not help but ask.

Shi Nuannuan chewed on the food in her mouth until she swallowed it down. Then, she said hesitantly, “I, have a question to ask you...”

“What question?”

She was still a little hesitant. Could she ask?

Looking at his handsome face again, she did not ask for a long time.

“HMM?” Seeing her hesitation, he frowned slightly.

“No, it’s nothing!” After hesitating for a while, she decided not to ask.

Although she was curious about his childhood, his mother had passed away. If she asked again, wouldn’t it be exposing his scars?

Thinking that he would feel uncomfortable because of her question, she did not have the heart to ask.

Anyway, it was only because of her curiosity. It was not a big deal.

“What is it? Why aren’t you asking anymore?” He could see that she wanted to say something but hesitated. It was not really nothing.

“Uh, I suddenly forgot what I wanted to ask, Hehe...” she laughed like a child, as if she had really suddenly forgotten.

He glanced at her. He had no doubt about her innocent personality. He thought that she had really suddenly forgotten, so he did not say anything more.

After dinner, after she fell asleep, he called for the Doctor. Because he did not dare to leave the ward, he could only stand at the door and ask the doctor about Nuan Nuan’s treatment.

After his warning in the afternoon, the attending doctor had no choice but to invite the director.

The director put forward a plan. As long as they followed this plan, there was a ninety percent chance that the warm legs would recover.

Chapter 1059 an Zhihan did not admit it

Hearing this answer, Xiang Yi’s heart was finally relieved.

If it really did not work out, he planned to bring Nuannuan back to country Z. However, this way, it meant that her family would also know about this matter. Once the old man found out about her injury, it meant that the gap between him and her would become even bigger, it would be very difficult to cross.

When he returned to the ward, he looked at her injured appearance and pondered for a few seconds. He wondered if he should tell Mr. Shi about her injury.

She was the precious pearl of the Shi family. She had been cared for by the entire family since she was young. It did not seem good to hide such an injury.

When she heard the sound of the door opening, Shi Nuannuan looked up and saw him walking in. She immediately smiled brightly.

“You’re back.”

He pursed his thin lips and walked over with a faint smile. His gaze landed on her injured leg.

Fortunately, he had found a way to treat it. Otherwise, he really did not know how he would explain it to her family.

“I was thinking if I should give Mr. Shi a call.”

Hearing this, Shi Nuannuan frowned and thought for half a second. “There’s no need. We’re going back tomorrow anyway.”

“With your injuries like this, you definitely won’t be able to go back tomorrow.”

Although her spirit had recovered quite well, the injury on her leg could not be underestimated, so she definitely would not be able to go back tomorrow.

Moreover, he had not resolved this matter yet. Even if she did not fully recover from her leg, he would still find an Zhihan and ask her about this matter before he could return to Z nation.

Shi Nuannuan female a listen, is indeed so.

For one thing, her leg was injured and she definitely couldn’t go back in a short time. For another thing, she hadn’t settled the score with an Zhihan yet. How could she just leave like this?

Think of an Zhihan, Shi Nuannuan suddenly hook up a smile.

What’s that saying on the internet? If you don’t die, you don’t Die!

— * * * —

After receiving treatment in the hospital for a week, Shi Nuannuan’s legs had recovered very smoothly. However, it would still take at least one to two months for her to get out of bed and move around.

This answer gave Shi Nuannuan quite a scare.

One to two months? She thought that she would be able to get out of bed and move around in half a month at most, but it actually took one to two months?

Did this mean that she would have to stay in bed or sit for the next two months?

Wouldn't that mean that she wouldn't be able to leave the room?

When she thought about how she would be cooped up at home for two months, her face was filled with melancholy!

During this week, Xiang Yi had also sent someone to investigate an Zhihan, but the results were somewhat unexpected.

On this day, there was a knock on the ward's door.

Not long after, a young man walked in.

The moment he entered and saw Xiang Yi, he called out respectfully, "Brother Xiang!"

"How was it?"

"An Zhihan refused to admit it, and she couldn't find the white BMW you mentioned. I asked the police to investigate, but..." the man wanted to say something, but he hesitated and looked at Xiang Yi with a troubled expression.

Xiang Yi's expression did not change. "Speak."

"I think the An family may have used their power to bribe their connections to completely suppress this matter."

Hearing this, Xiang Yi and Shi Nuannuan were both stunned.

Although the An family's power could not be considered as overwhelming, they did have quite a number of connections in G City. Could it be that director An also knew about this matter, so he suppressed the entire matter?

"Is it impossible to continue investigating?"

"Yes." The man nodded and then looked at him with some difficulty as he spoke, "Brother Xiang, you should know that although we used to punish evil together and have a little reputation in Huai County, the An family is after all wealthy and influential. If we really want to suppress this matter and even the police deliberately want to hide it, then this matter might really be impossible to verify."

Chapter 1060 then I am your sister-in-law!

Hearing the man's words, Xiang Yi fell into deep thought.

An Zhihan, has she really become a human with a beast's heart?

Looking up at the man in front of him, Xiang Yi said, "Thank you, Little Lin."

"What are you talking about? You've helped me so much in the past. Without You, brother Xiang, would I be where I am today?"

Xiang Yi smiled and patted Xiao Lin's arm. "Since that's the case, can I trouble you to stay here and take care of her?"

Hearing this, Xiao Lin's gaze naturally fell on Shi Nuannuan's face on the bed.

To be honest, this was the first time he had seen such a great beauty.

In the past, he had already thought that an Zhihan was already very beautiful. But now that he compared her to him, he could not help but feel that he was like a frog at the bottom of a well. He really had not seen much of the world.

Although he was very happy to stay here, Xiao Lin still could not help but ask, "Where are you going?"

Even nuannuan, who was lying on the hospital bed, could not help but look at Xiang Yi.

He had asked his friend to stay. was he going to leave? Where to?

"I'm going to investigate."

Xiao Lin was stunned for a moment. He looked at him and then looked at Shi Nuannuan, who was lying on the hospital bed.

Brother Xiang was going to personally investigate? How was he going to do that? Could it be that he was going to infiltrate the An family or the bureau chief's house like before?

"Brother, isn't it too dangerous?"

Xiang Yi curled his lips and patted Xiao Lin's shoulder. "No."

After saying that, he turned around and stared at the person who was looking at him with her phoenix-like eyes. "I'm going out for a while. I'll be back before 8:30."

It was 6:50 in the evening. They had just had dinner.

"Xiang Yi, actually, you don't have to investigate this matter anymore," she suddenly said as she looked at him.

Xiang Yi was startled. "What's Wrong?"

With her personality of always seeking revenge, she shouldn't have let an Zhihan off so easily. Why would she say such a thing?

Shi Nuannuan's pitch-black eyes suddenly flashed with a sharp and cold light. She then looked at Xiang Yi, but the coldness in her eyes disappeared and was replaced by calmness, "Since they want to suppress this matter without anyone knowing, there will definitely be no conclusion even if you investigate again."

It was not that he had not considered her explanation. It was just that tonight, he wanted an explanation.

"There is no conclusion, but I want a result." He pursed his lips and smiled lightly. "Be good and wait for me to come back."

After he finished speaking, he turned around and asked Xiao Lin for the car keys. Then, he left the ward without looking back.

Looking at his disappearing figure, Shi Nuannuan retracted her gaze.

She had rushed over to resolve this matter on her own. She did not believe that an Zhihan would still be able to cover up this lie by confronting her face-to-face.

If she dared to, she would definitely return the favor a thousand times over!

However..

Her gaze landed on her miserable left leg. With her current state, she would not even be able to leave this ward, let alone settle the score with an Zhihan!

Xiang Yi was going. What could he change in the face of the An family's influence in G City?

"Hey!"

Looking at Shi Nuannuan's dazed look, Xiao Lin suddenly called out to her.

Shi Nuannuan raised her eyes to look at him.

"What?"

"You, who are you to Brother?"?

Shi Nuannuan seemed to be very interested in this question.

A bright smile immediately appeared on her fair face. "You call him brother?"

"Yes." Xiao Lin nodded.

"Then I'm your sister-in-law!" She said it so that her face was neither red nor breathless, and she was even less shy.

Xiao Lin paused for a moment, then his eyes widened. "You, you're XIANG-GE's girlfriend?"
