

## **Kiss Me 1111**

chapter 1111 were filled with regret.

Drowning her sorrows with alcohol and venting her anger with words seemed to be useless!

After she finished shouting, she did not seem to see him anymore. Hence, she stood up and staggered, wanting to change her position.

However, in the next second, she was pulled back by Xiang Yi.

“Come back with me!”

He forced her to leave. Even though her words were somewhat hurtful, he knew very well that it was because she was angry and only wanted to find a way to vent her anger. Moreover, no matter how hurtful she was, he had brought it upon himself!

“Didn’t you hear what I Said? !”She shook off his hand again and roared at him again. However, Xiang Yi did not let her shake off his hand easily this time. He continued to hold her tightly.

“Let go of me!”She struggled, afraid that she would be like what happened in the hotel, unable to break free from his control.

For a moment, she hated herself for not being a man. This way, she would not lose to his strength and would not be unable to break free!

“Come back with me. You can do whatever you want!”He looked at her and said with heartache.

“Why should I go back with you! ? I said, from now on, we are no longer related! Let Go, I told you to let go, did you hear me! ?”

He was indifferent, but he did not intend to let go of her.

Perhaps she was a little anxious. Looking at the hand that was holding her tightly, she suddenly blurted out, “You are just a small assistant, the son of a death row criminal. I am now ordering you to let go of me as the eldest miss! !”

As soon as she said this, the entire world seemed to have quieted down.

Although Shi Nuannuan was a little drunk, her brain was very clear.

She raised her eyes and looked at the man in front of her, only to see that his black eyes were suddenly stained with a touch of pain.

Looking at the woman in front of him, Xiang Yi’s hand that was holding her wrist gradually loosened.

He should have known that no matter what he did, no matter how much he transformed, he would never be able to change the reality of his current identity.

He looked at her in a daze. He had never thought that these words would come out of her mouth.

He let go of her hand. In an instant, he felt as if something was slowly flowing out from between his fingers.

Shi Nuannuan was also shocked. She lowered her eyes and recalled those extremely hurtful words just now.

How could this be..

Why would she say such words to hurt him? It wasn't like that..

She didn't want to hurt him. It wasn't like that..

When she raised her head again, she met his calm eyes.

She wanted to explain, but he turned around and left in the next second.

She panicked. She had never been so flustered before. For a moment, it was as if she was frozen. She couldn't move her feet, and her words seemed to be stuck in her throat, unable to come out.

Why was it like that? She didn't do it on purpose. She just... She just wanted him to let go of her. She really didn't want to hurt him with this.

But how could she take back what she had said? Even if she tried to explain now, it wouldn't be able to erase what she had said just now.

Tears fell uncontrollably. She raised her head and looked at him at a loss. She watched him walk step by step to the door of the bar.

Xiang Yi walked to the door and was about to step up the stairs, but he stopped in the end.

He closed his eyes as if he was feeling something.

In the end, he still couldn't let go of the people behind him.

No matter what they would become after leaving this place, at this moment, he still couldn't leave her alone.

He opened his eyes and was about to turn around.

Chapter 1112 is now in your hands!

“Hey!”

At this moment, a man's voice was heard.

Wen Sheng raised his head and saw that the path in front of him was blocked by someone. The person in the middle was the man he had just flung away.

His sharp eyes swept across the group of people in front of him. His gaze was cold and filled with killing intent.

“You want to leave just because you hit me?”

The man looked at Xiang Yi and spoke carelessly.

Xiang Yi did not say a word. The coldness emanating from his body made people not dare to go forward.

The few brothers that the male lead had called over could not help but be intimidated by his aura.

This man seemed to be not someone to be trifled with.

The man's gaze noticed Shi Nuannuan not far away. He suddenly smiled and said, "What, you don't want your girlfriend?"

Looking at the scene not far away, Shi Nuannuan, who had regained her senses, was about to walk over, but in the next second, she suddenly felt a wave of dizziness..

She shook her head, but the dizziness became even more intense.

What was going on? Was she drunk?

Could she not get drunk at this time.

She shook hard again, trying to wake up a little, but she did not expect that she could not stand properly because of this, and her entire body fell to the ground.

A 'plop'sound came from behind. Xiang Yi turned around when he heard the sound and saw the person who had been standing there suddenly fall to the ground.

He frowned and was about to walk over.

"I'll leave this to you guys!"

Xiang Yi was about to go forward, but he realized that the man was one step ahead of him. He passed by her and rushed to her side.

It seemed that the drug had taken effect. He wanted to bring this beauty to have fun!

The man rushed to Shi Nuannuan's side and tried to help her up, walking into the private room inside.

"Get lost!" Although Shi Nuannuan was a little dizzy, she still retained some interest and did not completely faint.

When she saw the strange man who rushed to her side, she realized that the dizziness at this moment was not because she was drunk, but..

She turned her head and looked at the double green cocktail that she had drunk earlier. There was... something wrong with that cocktail!

Was she drugged?

Her vision became more and more blurry. Soon, her vision turned black and she lost consciousness.

Looking at the person who had fallen, the man took advantage of the situation and let her fall into his arms. Then, he helped her up and walked towards the private room at the back.

Xiang Yi, who was behind him, saw this scene. His black eyes turned bloodthirsty and he was about to rush over.

However, at this moment, his sensitive ears felt a movement coming from behind him.

He felt a powerful force sweeping over. He turned his head and saw a beer bottle smashing towards him.

With his quick reaction, he quickly raised his hand and used his arm to block the beer bottle!

With a 'bang', the beer bottle shattered. Pale yellow liquid splashed onto the sleeves of his black suit, but the broken glass could not hurt him at all. With his next agile move., he directly hit the man who attacked him to the ground with a backhand, causing him so much pain that he could not even stand up!

To Xiang Yi, these hooligans did not even need to lift a finger and were quickly dealt with!

However, when he turned around, in less than 60 seconds, Nuan Nuan and the man's figure had already disappeared.

When he thought of what might happen next, or what was happening now, Xiang Yi's heart was tightly twisted together!

He quickly walked towards the area of the private room!

He came to the dark corridor. Under the dim yellow light, the private rooms were one after another. Nuan Nuan's figure could not be seen at all.

Chapter 1113 was burning with anxiety, as if he was sitting on pins and needles!

He could only kick open the rooms one by one until three minutes had passed. He had searched the entire private room, but he still could not find the figure of the warm and warm man.

His heart could not help but become even more anxious!

A waiter walked over. He took advantage of the situation and caught the waiter, "Other than the private rooms here, where else is this bar! ?"

Being suddenly grabbed by his collar, the waiter was a little scared and looked at him in horror, "What?"

"I'm asking you where else is this bar involved! ?" He shouted anxiously again!

The waiter seemed to have finally understood. However, when he saw Xiang Yi's bloodshot eyes, he was a little afraid. However, he still raised a hand and pointed at the top of his head with his index finger, saying timidly, "And, and upstairs..."

Before the waiter finished his sentence, Xiang Yi had already pushed him away with all his might and rushed toward the second floor!

When he reached the second floor, Xiang Yi found that this was a hotel room that belonged to a bar. If he wanted to search through the rooms one by one, it would definitely not be as simple as a private room.

He walked to the door of the first room and tried to push it open. However, he found that the door was locked, and so was the second room.

Nuannuan, where are you..

His hands that hung by his sides were clenched into fists. His heart felt like it was being gnawed by ten thousand ants. He was anxious, as if he was sitting on pins and needles!

Looking at the dozens of rooms on both sides of the corridor, if he were to search for them one by one, he was afraid that Nuannuan would have been..

He did not dare to think further. The more he thought about it, the more uneasy and painful his heart felt!

At this moment, Shi Nuannuan was in the suite closest to him.

On the bed, the man's extremely lewd gaze was admiring her exquisite body, but Shi Nuannuan was completely unaware of it.

Because at this moment, she was already unconscious.

"What a top-notch beauty..."the man's lips curled into a faint smile. He was extremely interested in this perfect body in front of him.

However, since when did city a have such a beautiful woman? As one of the four young masters of city a, he actually didn't notice her?

If he missed her just like that, it would be a great regret.

When his gaze landed on the sexy cleavage in front of her chest, the man's lower body immediately reacted!

No, he couldn't wait any longer!

In the next moment, he had already started to take off his jacket and take off his clothes!

Just as he took off his shirt and was about to continue unbuttoning his pants pocket —

"Bang!"

They were knocked open at this moment!

He was so frightened that he raised his eyes and stared at the door.

Then, he saw a figure rushing over like a gust of wind!

Damn it, those few people were actually taken care of by him so quickly? ? Who exactly was this man! ?

Looking at the man who was charging towards him with a murderous look, the man knew that things were not looking good and wanted to escape. However, in the next moment, he was directly picked up by Xiang Yi and ruthlessly smashed into the wall!

“Wu!”

The man let out a muffled groan. His expression was that of extreme pain. After crashing into the wall, he fiercely fell to the ground. Following that, he spat out a mouthful of fresh blood.

He was seriously injured!

However, before he could catch his breath, he felt his body being pressed onto the ground. The next second, his collar was yanked up.

“What did you feed her! ?” Xiang Yi’s scarlet eyes were bloodshot. He looked at the man in front of him and wished that he could cut him into a thousand pieces!

When he came into contact with his furious face, especially those eyes that were bursting with killing intent, the man finally began to Panic!

Chapter 1114 what did you give her! ?

He swallowed his saliva and trembled in fear. He said timidly, “I... I didn’t...”

He didn’t dare to admit it. He was afraid that if he did, the man in front of him would snap his neck.

However, his answer would only make Xiang Yi’s anger reach a peak!

He raised his right fist and swung it at the man’s left cheek. Blood splattered from his mouth. It was a shocking sight!

The man was in so much pain that he wailed.

“Don’t, don’t hit my face...”

“I’ll ask again, what did you give her! ?” He had to know what happened to Nuannuan before he could give her the right medicine!

The man was scared. He raised his hand to protect his face and cowered. “I, I said, I just... I just gave her a little knockout drug... No, nothing else...”

Seeing his fear, Xiang Yi did not dare to lie, so he believed him.

But!

He would not let him off just like that!

Next, the man only felt his fists falling down like a rain of bullets, landing on his left and right cheeks continuously. The pain was so painful that he was completely numb!

After beating him for a minute, Xiang Yi seemed to have vented his anger. He stood up and could not help but kick the man twice. Then, he walked to the bedside, took off his coat and wrapped it around her. Then, he carried her out of the room.

On the floor, in a corner of the wall, the man was beaten until his face was badly bruised and swollen. He probably wouldn't even recognize his mother when he went back!

...

The next morning.

A Ray of morning sunlight shone in through the glass window.

On the european-style soft double bed, Shi Nuannuan's eyes were blurry, and her head was a little dizzy.

Holding her heavy head, she sat up from the bed. What greeted her eyes was an unfamiliar room, but the windows were clear. It could be seen that this was a very high-end, gorgeous hotel room. It didn't seem like a bedroom that she often stayed in.

Very quickly, a series of fragmented images flashed through her mind!

Last night, she saw Xiang Yi and Helian Manli kissing, then ran out of the hotel. When she came back to her senses, she entered a bar with the intention of getting drunk. Later on, Xiang Yi went there, and then..

She said something that hurt him.

After that..

She frowned. Why couldn't she remember what happened after that?

She tried to shake her head. Perhaps she had drunk too much last night, so she was still unable to adapt to the feeling of being light-headed. It was too uncomfortable!

She remembered that last night seemed to be the first time in her history that she had been completely drunk!

However..

She turned her head and looked at the speck of sunlight outside the window.

It was daybreak. What was this place exactly?

Suddenly, a memory flashed through her mind!

Last night, she remembered that she seemed to have been..

She looked up and her expression suddenly changed. She suddenly lifted her blanket. Her clothes were intact and nothing had happened!

Then what was this place?

She got up from the bed and wanted to find out what was going on.

She walked to the door and gently opened the door handle. The moment she stepped out, she saw a figure standing on the windowsill.

When she saw that familiar figure, Shi Nuannuan was stunned. All of a sudden, the words that she had said to him last night rang in her mind!

Those words must have hurt him deeply.

Looking at his tall back, Shi Nuannuan felt her throat tighten. Something was stuck there, making her unable to get up or down. She felt very uncomfortable.

Hearing the sound of the door opening, Xiang Yi, who was standing in front of the windowsill, turned his head and saw that she had woken up safe and sound. His heart had finally settled down.

Chapter 1115 she wanted to take a shower

The two of them stared at each other without saying a word.

At this moment, there was a knock on the door, interrupting their silent stare.

Xiang Yi turned around and walked to the door of the room. When he opened the door, he saw the waiter delivering breakfast.

“Send it in.” His voice was cold and indifferent.

After the waiter heard that, he pushed the dining cart into the room.

Shi Nuannuan looked at the food cart that was pushed in. When she raised her head again, Xiang Yi had disappeared at the door.

A trace of panic flashed across her pitch-black eyes, but it was only for a moment before she understood.

Saying such words to hurt him, he definitely did not want to see her again.

But..

Her heart hurt too.

After the waiter placed the breakfast, he also left. In an instant, she was the only one left in the entire suite.

Looking at the sumptuous breakfast on the table, she had no appetite at all.

This was Xiang Yi’s room?

Walking to the window and looking at the exquisiteness outside, Shi Nuannuan realized that she was probably on the tenth floor of a hotel. Looking down, she realized that the scenery in front of the hotel was.., it should be the Royal International Hotel that she and her brother had arrived at yesterday. Xiang Yi did mention that he was staying here.

Right, where’s my brother?

She came back to her senses and wanted to look for her handbag.

She turned around and saw the red handbag that she wore after she finished making it on the coffee table.

From inside, she took out her phone and found that it was turned off. It should be out of battery.

She sighed. All the luggage that she brought before was left with her brother. After she got off the plane, she followed her brother to the styling company and then directly arrived at the hotel to attend the gala, at this moment, she had no idea where her brother was.

At the thought of this, she could not help but feel a little melancholy and sighed.

About twenty minutes had passed. Shi Nuannuan just sat on the sofa and turned to look at the full table of breakfast.

He had not returned for such a long time. Did he order breakfast for her?

Or did he run out to eat when he saw her and did not even have the appetite to eat breakfast?

She stood up and was about to walk to the dining table, but when she passed by a glass wall that projected her figure and saw her messy hair, she was so shocked that she stopped in her tracks!

When she turned her head and saw her messy self, Shi Nuannuan could not help but be a little stunned.

She had never used such a look before.

She sniffed her own body, and there seemed to be an unpleasant smell of alcohol..

At this moment, she felt a little uncomfortable all over her body.

She wanted to take a shower, but she realized that she did not have any clothes to change into.

However, she was still wearing the clothes from yesterday, and she smelled alcohol. At this moment, it was very painful for her. She could not even stay for a minute.

Should she go out and buy a set before coming back?

As she spoke, Shi Nuannuan picked up her handbag. Fortunately, her card and cash were inside, so she did not have to be so embarrassed now.

However, just as she rushed to the door and was about to open the door of the hotel room, she suddenly realized that she was still wearing the hotel's spare slippers.

She turned around and looked at the shoe rack at the entrance. There were no shoes that she had worn last night.

Could it be in the bedroom?

Thinking of this, she walked to the bedroom and looked around, but she did not see her high heels.

Last night, when she was almost raped, it was Xiang Yi who carried her back here. At that time, he only cared about carrying her away and did not think about the shoes at all.

So now she must have no shoes to wear.

Chapter 1116 the man who suddenly came back

Without shoes, she couldn't leave here. She couldn't just walk down the street wearing a tuxedo and slippers, could she?

Well, it seemed that she was putting the cart before the horse by walking down the street in a tuxedo in the middle of the day?

Forget it, let's not go out.

She turned around and planned to find a charger to turn on her phone first.

However, after looking around the entire room, she did not find a charger. Instead, she saw Xiang Yi's suitcase..

Looking at the black suitcase, Shi Nuannuan could not help but be stunned for a few seconds.

Perhaps she could take a shower first, then borrow Xiang Yi's clothes to put on. After that, she could ask the waiter to help her wash the clothes.

Thinking of this, she could not help but put her handbag on the bed. Any suitcase that Xiang Yi opened was fortunately opened as soon as it was opened and did not use a password lock.

He found a white shirt from inside and could not help but think about what to wear underneath.

After taking a shower, she did not like to wear clothes that she had worn before, but she could not possibly not wear anything, right?

Should she wrap a towel directly? At the very least, it could directly cover the position of her knees.

However, the towel was still not safe. What if it suddenly fell off?

After thinking about it for a while, Shi Nuannuan's gaze finally fell on the white shirt in her hand.

It seemed that this shirt could directly cover her thighs?

After making several decisions, Shi Nuannuan still took the white shirt and walked into the bathroom.

Perhaps she was a little tired, Shi Nuannuan, who was lying in the bathtub, fell asleep unknowingly. When she woke up again, it was already half an hour later.

Because the water was cold!

She got up and walked out of the bathtub. She stood under the shower to wash off all the foam on her body. Then, she took a dry towel from the side and dried her body.

Fifty minutes later, Xiang Yi returned to the hotel.

He opened the door and entered the room. His long and narrow eyes swept over the untouched breakfast. He was stunned. Then, he turned his head and looked at the empty living room. There was no sign of her.

His gaze swept over the red handbag that had been placed on the coffee table. It was gone. His dark eyes darkened and he quickly walked over. For a moment, when he thought of the person who might leave, his heart panicked.

But after a moment, he quieted down again.

Her leaving or staying might no longer have anything to do with him.

Thinking of this, his gaze lowered and landed on the paper bags of various sizes that he was holding in his hands. Then, he threw them into the sofa and was about to turn around and leave

Kacha

The bedroom door was suddenly opened at this moment.

Shi Nuannuan finished showering and walked out wearing his white shirt. Because it was her first time wearing a man's clothes, she could not help but feel a little bashful as she lowered her head and tugged from left to right.

One had to know that the current her... uh, she wasn't wearing anything underneath. Could it be that she was having sex?

Just as she was thinking about it, she raised her head and saw Xiang Yi suddenly appear in the living room. She couldn't help but be stunned, and her entire being was dumbstruck.

Xiang Yi was also very surprised by her sudden appearance, and in an instant, he seemed to be frozen in place.

The two people who were already familiar with each other had become somewhat unfamiliar after last night.

Looking at the man in front of her, Shi Nuannuan was the first to regain her senses. She stammered as if she wanted to explain.

"UM, i... I took a shower. Because I didn't have any clothes to change into, I took your clothes..."

His long and narrow eyes glanced at her, but he did not speak.

His silence made her feel that perhaps he was still angry about last night, so he wasn't even willing to lend her clothes?

Chapter 1117 anxious, same here.

At the thought of this, she could not help but be even more anxious to explain.

"My phone is out of battery. When I turn it on, Ask Big Brother to bring me some clothes, and I'll return the clothes to you!"

“As you wish.”

His voice was a little cold, but it made her inexplicably sink.

It turned out that his indifference was so piercing to the bone, and it was so painful when it pierced into the heart.

She pursed her lips and did not speak anymore. Instead, she fixed her gaze on him, who was not far away.

As for him, he only glanced at her before turning around to leave.

Just as he turned around, he suddenly stopped in his tracks.

A slightly cold voice slowly sounded, “Mr. Shi has already returned to the country. There are clothes for you to wear on the sofa.”

After saying that, he walked towards the direction of the door.

Hearing his extremely cold voice, Shi Nuannuan’s heart felt like it was being sliced into pieces by a knife.

It turned out that she was already used to his pampering, which was why it was so painful at this moment.

She glanced at the position of the sofa. As expected, there were a few large and small paper bags, but her heart felt even more painful!

Seeing that he was about to open the door and leave, she suddenly spoke.

“Xiang Yi.”

Wen Sheng’s footsteps stopped, and the hand that was holding the doorknob also stopped.

However, he did not turn around.

“Are You... angry?”

He felt a pain in his heart.

Angry?

He did not have the right to be angry, right?

“No.”

His voice was still as cold as the ice in winter, piercing her heart like ice.

“Is there anything else?”

“Xiang Yi...”her voice was a little soft, and there was even a hint of choking in it. It made his heart move subconsciously, but in the end, he still faced her with his cold back.

“You’re angry, aren’t you?”

She knew that the words she blurted out last night must have hurt him badly!

She wanted to explain that she didn't do it on purpose, but if it was her, perhaps she wouldn't even listen to this explanation.

Indeed, how could she take back what she had said.

He finally turned around, and a hint of pain flashed across his dark eyes.

"What are you angry about? You're a high and mighty young lady, and I'm just a small special assistant, the executioner's —"

"I'm Sorry!"

She knew that her words had hurt him, but she really didn't do it on purpose. She was just too impatient, which was why she was in a hurry to break free from his restraints, and blurting out those words, she really didn't do it on purpose.., she did not care about his identity at all. He had always known this.

She did not know why she had said those words out of obsession, but she regretted it right after she said it. She really regretted it. It was too late to regret it!

Hearing her apology, Xiang Yi's heart choked up, but his face remained so cold that there was no warmth in it.

"You don't have to apologize to me." His voice was very calm. After saying that, he turned around, and his hand was about to turn the doorknob to open the door.

Shi Nuannuan was a little anxious. She rushed over and grabbed the clothes on his back tightly. She pressed her face against his back and sobbed, "I'm sorry, I'm sorry! I didn't mean to say that. I really, really didn't mean it..."

Feeling her behind him, Xiang Yi's heart tightened. He closed his eyes as if he was trying hard to hold back something.

"I... I really didn't do it on purpose..." tears blurred his vision. They followed her eyes and fell on his back, making it wet.

Listening to her choking voice, his heart was no different.

However, after she said those words, he didn't know what identity he should continue to face her with.

"I said, you don't have to apologize to me."

Chapter 1118, how could I not cry! ?

"No, no, no, I was really wrong. Xiang Yi... I know, I shouldn't have said that. You... Don't be angry with me, okay..." she cried out bitterly, like a child who was afraid of doing something wrong, it was so panicked and helpless, and it also hurt his heart deeply.

He turned around and pried away her hand that was tightly holding onto his clothes, but she refused to let go. She only raised her crying, miserable face.

Seeing her tears, he was stunned. It was inevitable for his heart to ache.

“Perhaps we really aren’t suitable for each other...”

One sentence pricked Shi Nuannuan.

Was he breaking up with her with those words?

No, that wasn’t right. She was the one who said she wanted to break up with him last night, but... she was just too angry. Was it already to the point of no return?

Tears were like beads with broken strings, desperately trying to fall out.

She did say some angry words, but when she saw him kissing another woman, that scene, she would also be angry and sad. Why, he could do it, but her words, was it to the point of no return?

“Where is it inappropriate?” She cried as she opened her mouth. She only felt that the position in her heart was even more painful than last night when she saw him kissing Helian Manli!

“Tell me, where is it inappropriate between us? I know, I can be willful sometimes, but... but I’ve always been like this since I was young. I’m changing, but...” she was already sobbing uncontrollably, her tears blurred her vision, and she couldn’t see his appearance clearly. “But you have to give me time. I can’t change so quickly...”

The way she cried made him momentarily at a loss.

“Don’t cry anymore.” She cried until he was flustered.

“You’re breaking up with me, how can I not cry! ?” She shouted!

Actually, Shi Nuannuan was just a little more straightforward and outspoken.

She liked Xiang Yi, so how could she care about his identity?

From the beginning, from the moment she liked him, he was this identity, wasn’t he? How could he really care about his identity?

She just felt aggrieved. Her words had hurt him, and he had even done something like kissing someone else to hurt her. How could he say that it was inappropriate with such confidence?

She already wanted to marry him, so what was inappropriate for him to say now!

“Who wants to break up?” His eyes were filled with pain as he stared fixedly at her in front of him.

Shi Nuannuan was stunned. She was indeed the one who wanted to break up last night, but she was also angry. After seeing that scene, who could remain calm!

“I, I take back those words. Those were angry words...”

“What I said is what I said.” He glanced at her.

“But I... I don’t want to break up!”

“Didn’t you say that you won’t like me anymore?”

“Take it back!”

“Then what about the kiss? You Don’t care anymore?”

She paused.

When she thought of the scene of him kissing Helian Manli, how could she not care.

However, she still didn’t want to break up.

“Then didn’t you say yesterday that you didn’t touch her...”

Perhaps, some things really couldn’t be looked at only on the surface. Maybe there was another result?

Just like those 3D effects that she occasionally saw on the internet. It looked like that, but when she changed the direction, the result was not the same.

“Then tell me, what happened between you and her yesterday?” Her sobs gradually subsided, and she raised her black eyes to look at him and asked.

“It’s not that you don’t want to hear it, so forget it.”

After saying that, he turned around to leave.

“Then I want to hear it now, CAN’T I! ?”

Chapter 1119 what are you going to do?

Seeing that he was about to leave, she moved quickly and suddenly climbed onto his back. Then, she hugged his neck tightly, not allowing him to leave!

He stopped in his tracks.

“What are you doing?”

“You’re not allowed to leave!” There was a hint of coquettishness in her domineering tone.

“Come down first.”

“No!” She shook her head desperately and hugged him even tighter!

“Come down.”

“No!”

He calmed down for a while and unconsciously smiled.

“I’m not leaving. You come down first.”

“Really?” She tilted her head and looked at his handsome side profile. At this time, Xiang Yi stopped smiling.

“Yes.”

She hesitated for a while before she slowly let go of the leg that was around his waist and the hand that was around his neck and slid down from his back.

He turned around and stared at her.

She also looked at him.

“What are you doing?” He looked at her and asked. However, his tone was no longer as cold and indifferent as before.

She glanced at him and could not explain herself. She simply hugged his neck again and planted a domineering kiss on his sexy lips!

Xiang Yi was stunned when he felt this sudden kiss. Then, a warm current spread through his body and filled every cell in his body.

He pushed her away, and his voice soon became hoarse. “Do you know what you’re doing?”

Dressed like this, he even took the initiative to kiss her. He felt that he could not control himself tonight!

She smiled and met his dark eyes. “I... AM lighting a fire...”

She had wanted to pounce on him for a long time. Today was the perfect opportunity. If she missed it, there might not be a next time!

He frowned slightly. He did not understand where she had learned these words!

Shi Nuannuan: Of course, it was in a romance novel!

“And...” she suddenly moved her mouth to his ear and said softly, “I’m not wearing that now...”

“...” Xiang Yi’s body stiffened. In an instant, he felt like his entire body was burning, and his throat was dry and needed to quench his thirst!

She just looked at him like that, not believing that he could still hold it in!

He really could not hold it in anymore. At this moment, she was like a delicious breakfast placed in front of him. If he did not eat it... it would be a waste!

He turned around and pressed her against the door. His Adam’s apple moved twice as he stared at her pitch-black pupils with a burning gaze. In the next second, he impatiently sealed her pink lips, overbearing and impatient!

Although Shi Nuannuan was bent on throwing herself at Xiang Yi, she was extremely nervous when they really had to face each other. She panted heavily.

Didn’t they say that the first time was a little painful?

How painful would it be? would it hurt so much that she would cry out in pain?

Uh, but now, her body was so hot!

She couldn’t stand properly. Her entire body had gone soft from his frantic kisses.

In order to stabilize herself, Shi Nuannuan had no choice but to raise her hand and hug his neck..

His Adam's apple tightened, and he looked up at her rosy cheeks. Then, he bent over, reached out, and carried her horizontally, walking towards the bedroom!

(the following plot can not be described!)

It was her first time experiencing human affairs, and Shi Nuannuan was both nervous and a little expectant.

And when that moment really came, the pain... It was as if it was going to tear her apart!

Although he was already very gentle... it still hurt!

However, in the next moment, Shi Nuannuan felt that the pain was no longer painful. Instead, it was the pleasure that gradually became clearer after the pain disappeared..

Chapter 1120 kiss

When she woke up again, it was almost dusk. A ray of sunset shone through the glass window.

On the soft and comfortable bed, Shi Nuannuan woke up a little tired after being tossed around for a few hours.

She rolled over and crossed her legs. She closed her eyes and revealed a smile, as if she was going to feel something.

However, in the next moment, she felt that her raised legs were only pressed against the soft blanket. She could not help but pause. When she opened her eyes, she realized that the man beside her was no longer there.

She was stunned for a moment. Then, she immediately sat up, put on the white shirt, got out of bed, and shuffled her slippers to the living room.

The living room was empty. Xiang Yi's figure was nowhere to be seen.

She turned her head and looked out the window. The setting sun was gradually fading into a pale yellow. It was evening. Where was Xiang Yi at this hour?

She turned her head and wanted to look for her phone. She recalled that her phone seemed to be in the bedroom.

When she entered the guest room, she saw that the phone on the bedside table was charging.

She walked over and pressed the turn-on button.

After a while, the phone vibrated, accompanied by a continuous beeping sound.

After a while, the beeping stopped. Shi Nuannuan checked for a while and realized that her brother and Xiang Yi had called her during the period when her phone was turned off.

It turned out that during the period when her phone was switched off, Xiang Yi and his brother had called her so many times.

Just as she was thinking, the sound of the door opening came from outside.

She stood up and walked out, only to see Xiang Yi walking in with a red suitcase in his hand.

Shi Nuannuan recognized at a glance that the suitcase was hers.

Looking at her who was wearing his white shirt, Xiang Yi curled his lips and walked over with the suitcase in his hand.

The night of lovey-dovey had brought their hearts one step closer, making them even closer.

“You’re awake. Are You Hungry?” He raised his hand and played with a strand of hair on her cheek. The Love in his eyes was incomparable.

She looked up at his beautiful face and met his deep black eyes. She smiled sweetly and said, “Yes!”

He curled his lips into a smile and sat down on the sofa with her in his arms. “Are we going out to eat, or are we going to eat at a hotel?”

Shi Nuannuan thought for a while. It was rare for her to come to country A, so of course, she had to go for a stroll!

“Let’s go out to eat!”

Dusk had fallen, and night had fallen. It was the best time to have dinner. How could she miss this romantic date in country A.

“Then change your clothes.” He touched her head and nodded, his voice very soft and gentle.

Shi Nuannuan suddenly had some thoughts. She raised her head to look at his handsome face and suddenly pouted.

He was stunned for a moment. Then, with a smile that could topple cities, he kissed her pink lips.

Only then did Shi Nuannuan stand up in satisfaction. She planned to go into the bedroom to change her clothes.

Suddenly, she noticed that he had brought her luggage over. She could not help but be stunned again. She turned to look at him and asked in puzzlement, “How did you get my luggage?”

Xiang Yi raised his eyes. The corner of his calm lips curled up into a smile that belonged exclusively to her. “Mr. Shi has already returned to the country ahead of schedule. Because your phone was switched off, he could not contact you, so he left your luggage in the hotel room.”

He had only received a message from Mr. Shi in the afternoon, so he went over to pick up her luggage.

“OH.” After hearing that, she let out an ‘Oh’ and raised her eyebrows slightly. She had thought that he had specially brought her luggage and wanted to spend their honeymoon in country a with her!

Uh, it seemed that only newlyweds could have a honeymoon?

But... she felt that they seemed to be newlyweds last night. Hehe... Shi Nuannuan lowered her head, and her silly smile was as sweet as honey as she walked in the direction of the bedroom.
