

Kiss Me 1121

Chapter 1121 doesn't mind if I Sit Down, right?

After changing into a set of clothes, the two of them left the hotel and came to the bustling streets of City A.

At night, the lights were dazzling, making the city look high-end and luxurious.

The two of them walked hand in hand and strolled along the bustling streets.

"Shall We Eat Barbecue?" Seeing a barbecue restaurant, Shi Nuannuan pointed to the front and said excitedly.

Xiang Yi's thin lips curled up as he looked in the direction she was pointing at. "Okay."

As long as it was something she liked, he would not say no.

Of course, other than her previous thoughts of trying to get him to fall for her, he would not say no.

When he walked into the restaurant, Xiang Yi wanted to choose a private room, but he was stopped by Shi Nuannuan.

It was barbecue, so of course he had to eat it in the hall. Only then would it have an atmosphere and taste good!

She found a seat by the window and sat down. Shi Nuannuan could not wait to order her food.

She had not eaten for a day and had used up the morning's 'energy', so she was really very hungry at this moment!

After the dishes were served, he was in charge of roasting and she was in charge of eating. Because she was very hungry, she could not wait to finish every time the dishes were roasted. Occasionally, she would stuff a piece of meat into his mouth. The two of them acted intimately as if no one was around, soon, it attracted the envious gazes of the people at the neighboring table.

Halfway through dinner, Xiang Yi's phone suddenly rang.

He stopped what he was doing and looked at the phone screen. He realized that it was his aunt, Su Xiuying.

Looking at the caller ID, he was stunned for a long time. In the end, he did not pick up. Instead, he pressed the mute button.

Every time his aunt looked for him, she had only one purpose, and that was to ask for money.

The first time she saw him not picking up the call, Shi Nuannuan was a little curious. After eating a piece of bacon, she looked up at him. "Who is it? Don't you understand?"

He slightly raised his long and narrow eyes and looked at her with a light smile. "It's fine, it's not important."

She pursed her lips and didn't care.

Anyway, as long as it wasn't Helian Manli's call, it was fine.

Just as she was thinking, a figure suddenly appeared in front of her and stood firmly in the aisle of their dining table.

Shi Nuannuan raised her head and saw her. The smile on her face could not help but falter, and it slowed down.

Why was it that she could see Helian Manli even after coming to have a meal? Wasn't she the heir of the royal family's nobility? Why would she come to this restaurant that was not considered high-class?

Seeing Helian Manli who suddenly appeared, Shi Nuannuan instantly felt that she had no appetite to eat anymore.

Seeing her face suddenly darken, Xiang Yi's expression could not help but falter, and his brows furrowed slightly.

Then, he turned his head and saw Helian Manli standing beside him. He was obviously a little surprised.

Helian Manli looked at the two of them. Perhaps she was thinking about last night, so at this moment, her expression also had a hint of awkwardness.

However, very quickly, she revealed a gentle and generous smile. Her gaze fell on Xiang Yi, and then returned to Shi Nuannuan's face.

"Do you mind if I Sit Down?"

Hearing this, Shi Nuannuan raised her head and shot Wen Sheng an annoyed glance.

"If I say that I mind, then you won't sit down, right?"

In the face of her cold and indifferent attitude, Helian Manli did not seem surprised. She knew that after last night's incident, Shi Nuannuan had completely regarded herself as an enemy.

However, a faint smile still hung on her face. "Then I'll just stand and say it."

"..."how could this Helian Manli be so shameless?

Her gaze turned to Xiang Yi. Regarding Last Night's incident, she had intended to listen to his explanation, but later... er, she went to do something shameful, so until now, she still hadn't thought about last night's incident.

Chapter 1122 explained that misunderstanding

At this moment, what kind of attitude did Xiang Yi have towards Helian Manli?

She raised her pair of Dark Phoenix eyes and looked at the man opposite her. She saw that his expression was indifferent, as if... he did not really like Helian Manli.

Could it be that the scene she saw last night was really just a misunderstanding?

Helian Manli looked at Xiang Yi's slightly sullen side profile, then at Shi Nuannuan, and said, "I'm here to explain the misunderstanding last night."

Hearing this, Shi Nuannuan's warm eyes looked at her with slight surprise.

To explain the misunderstanding last night?

She remembered that Xiang Yi wanted her to explain last night, but she didn't want to open her mouth. Why was she so kind at this moment, to actually take the initiative to come and explain?

"Miss Shi, I'm very sorry. Because I had no choice last night, I was unable to open my mouth there, so I apologize to you today." Her gentle and generous manner was indeed something that no man could hate.

However, Shi Nuannuan just didn't like this kind of woman who appeared to be understanding on the surface, but actually had all sorts of schemes in her heart!

It wasn't as if all the women in the world were like her dear sister-in-law, not pretentious, straightforward and generous!

Shi Nuannuan did not say a word but only put on a face.

Helian Manli did not care and continued to say, "What you saw was just an illusion. Just as Xiang Yi said, he indeed did not touch me last night. I only asked him for a small favor, so from your point of view, we seem to be... kissing."

Hearing this, Shi Nuannuan finally turned her gaze and looked at her directly.

Xiang Yi? When did she call him so openly?

Didn't she always call Xiang Yi 'Special Assistant Xiang' or 'Mr. Xiang' in the past? When did she call him by his name again?

At this moment, Shi Nuannuan's mind did not seem to be on Helian Manli's explanation, but on the way she addressed him.

After the sweetness in the morning, the misunderstanding from last night seemed to be unimportant to her at this moment.

She glanced at her, but still did not speak.

She glanced at Shi Nuannuan, and finally, with a hint of adoration, she took a deep look at Xiang Yi's profile. From the beginning to the end, he did not even look at her. It was probably because of the misunderstanding from last night.., and it made him still have a grudge.

"When do you plan to go back? Do you want me to arrange it?"

Looking at the side of his face, Helian Manli suddenly asked.

After Xiang Yi heard Wen Sheng's words, he looked up at her with an indifferent expression. "There's no need. We'll leave first thing in the morning tomorrow. The plane tickets have already been booked."

His indifference made her feel a trace of obvious disappointment in her heart.

“In that case, have a safe trip.”

“Okay.” Xiang Yi nodded slightly with a calm expression.

Speaking frankly, Helian Manli also knew that if she continued to stay here, it would seem that she was too tactless.

She also opened her mouth and said, “You guys eat. I still have an appointment with a guest, so I’ll excuse myself first.”

She smiled gently, took a glance at Xiang Yi, and then left.

At the side, her entourage, after seeing her modest scene, was really somewhat puzzled.

She was a member of the royal family. Why did she have to be so humble to a mere person-in-charge and a rich young lady.

After the eyesore left, Shi Nuannuan’s appetite returned. She picked up her chopsticks and continued eating.

Xiang Yi’s face was also beaming with joy because of the blooming flower on her face.

After dinner, it was already 8:05 pm when they left the restaurant. However, Shi Nuannuan still did not want to return to the hotel. Hence, she dragged him around the busy night market for a while.

Chapter 1123 foreign country, the most realistic romance.

In the bustling crowd, she held his arm and shuttled back and forth, looking here and there from time to time.

It was said that men hated accompanying women to go shopping, but Xiang Yi did not seem to be bored at all by accompanying her. Instead, he seemed to enjoy it.

“Is this nice?” Shi Nuannuan walked to a shop and looked at the silk scarf. Then, she wrapped it around her neck and showed it to Xiang Yi.

Xiang Yi stared at her and looked around.

“Yes!”

“Then I’ll buy it!?”

He smiled. “Okay!”

Then, he turned to look at the shop owner. “How much is it?”

The shop owner chuckled. “Fifty yuan!”

Hearing that, Xiang Yi took out his leather armor and took out a hundred yuan note. He was about to pass it to the shop owner, but Shi Nuannuan stopped him!

He paused and turned to look at her, puzzled.

She said to the boss, "Twenty-five Yuan!"

Hearing this, the boss immediately cut the price in half. It seemed that she was an expert at haggling!

The boss looked troubled. "Miss, please increase the price. It's just a small business."

"Twenty-five yuan. It's fine if you don't want to sell it!" As she said this, she held Xiang Yi's arm and was about to turn around and leave.

"Hey!" The shop owner hurriedly called out to her, "Add a little more!"

"I don't want to add more. It's only 25. If you want to sell it, then I'll pay. If you don't want to sell it, then I'll go to another shop!" Shi Nuannuan pretended to walk away.

The shop owner had no choice but to compromise, "Alright, Alright. It's only 25. Take One."

As he said that, he wrapped up the silk scarf.

After leaving the shop, Xiang Yi couldn't help but be impressed by her ability to bargain, but he was even more surprised.

Because in his impression, she should rarely come to this kind of place. Not to mention her, it was also his first time coming to this kind of busy market to buy things.

Firstly, it was because he had little time and rarely went shopping. Secondly, it was also because he liked to be simple. Every time he wanted to buy something, he would go to a designated place. For things like daily necessities, he would choose a large supermarket, for things like clothes, he would buy them at a boutique street not far from the apartment, or at a mall.

And she was a daughter of a socialite. How did she learn to bargain like this? She directly cut down the price by half!

"You used to come to places like this?" He couldn't help but ask curiously as he carried the small paper bag with the scarf.

Shi Nuannuan was warm and bright, innocent and carefree. "No, I only came to a busy street like this with sister-in-law once."

Hearing her words, Xiang Yi could not help but recall.

Young Madam's previous life was indeed like this.

"Sister-in-law told me about this method of bargaining. She said that in places like this, the price would be very high. If you kill half of it and the boss doesn't sell it, you can turn around and leave. In the end, he will definitely sell it!"

He did not expect it to be like this!

Actually, this was also her first time haggling. She did not expect this feeling to be quite satisfying. She instantly felt a sense of accomplishment!

He smiled and patted her head. His eyes were filled with affection for her.

The bustling streets seemed to become livelier the more night fell.

It was not until ten o'clock in the evening that Shi Nuannuan felt a little hungry. Hence, she went to the food stall to eat a bowl of beef noodles. It seemed that she was more interested in these things than the things in high-end restaurants.

After eating the noodles, Shi Nuannuan made a satisfied gesture. Then, she looked up at Xiang Yi and said, "Let's go back!"

He smiled. After paying, he took her all the way back to the hotel.

Perhaps she was a little tired after shopping for the whole night. When Xiang Yi noticed her droopy head while walking, he could not help but ask, "What's Wrong?"

Chapter 1124: I'll Carry You

She shook her feet and her fair and pretty face scrunched up into a ball. "My feet are sore."

Because they were not too far from the hotel, the two of them did not take a taxi. Instead, they walked back.

However, after walking for five minutes, Shi Nuannuan realized that she was already very tired. The main reason was... uh, the incident in the morning. Her waist was already sore and her back was aching. Coupled with the fact that she had strolled for the entire night, she really could not walk anymore at this moment.

Staring at her tired appearance, he smiled gently and walked in front of her. He bent his body slightly.

"Come up, I'll carry you."

Looking at his bent back, Shi Nuannuan was first stunned. Then, with a smile as beautiful as a flower, she immediately lay down on his back.

It was not until she was on his back that she finally relaxed. She laid her face on his shoulder and muttered, "Xiang Yi, I'm so tired..."

"Then you should sleep for a while." With her on his back, his tone was low, but very soft and gentle.

Shi Nuannuan was really tired. Not long after she was on his back, her eyelids started to fight, and she soon fell asleep on his back.

After returning to the hotel, he gently placed her on the bed, removed her clothes, and covered her with the blanket.

Standing at the headboard of the bed, he gazed at her sleeping face. His eyes were filled with endless tenderness, affection, and love. He could not help but bend down and kiss her on the lips. Like a dragonfly skimming the water, he immediately let go of her.

He turned around and left the bedroom.

He took out his phone and changed the flight ticket for the next morning from 70 to 40 to 10 o'clock in the morning. Then, he took out Shi Yuting's number and prepared to call him.

Looking at the time, it was already past 10 o'clock in the night. It should be past 8 o'clock in the evening in Z nation. If he called him now, he did not know if he would..

After thinking for a while, he decided to send Shi Yuting a message instead.

...

The next day.

Shi Nuannuan was really tired. She slept until 9:10 the next day.

When she woke up, the man on the bed was long gone.

Looking out the window, the Sun had shifted its position. It should be morning!

She could not help but be startled. It seemed that he had said that he was going back today! ?

Thinking of this, she hurriedly got out of bed and shuffled her slippers to the outer hall. She saw Xiang Yi standing by the bed, making a phone call.

She pursed her lips and stood where she was, not bothering him. She waited for him to finish the phone call before she spoke.

Turning around, he saw that she had woken up. He smiled and said, "You're awake."

"Why didn't you call me? Didn't you say that you would go back early this morning?" She asked as she was carried to the sofa by him.

"The flight is at ten o'clock. There's no rush," he said softly and handed her a cup of warm water.

She drank it and felt much better.

The flight was at ten o'clock? Could it be that she had heard wrongly yesterday? Didn't he say that he was going back early this morning?

Uh, maybe she had really heard wrongly! Otherwise, he should have woken her up, right?

"Are you hungry? I saved breakfast for you," he pointed at the food on the dining table and said with a smile.

Shi Nuannuan looked over when she heard the sound. Indeed, she saw the delicious breakfast on the table.

But was there enough time? It should be very late now, right?

"What time is it?" She looked at him and asked.

Xiang Yi glanced at the timetable on his wrist. "9:15."

"The Ten o'clock Flight?"

"Yes, you have enough time to enjoy the delicious breakfast."

She smiled. "Then I'll go brush my teeth first!"

With that, she got up and ran to the bathroom. After washing up, she started eating.

Ten o'clock.

It was already past three o'clock in the afternoon when he arrived at Country Z.

After sending her to the entrance of Shi Mansion, Xiang Yi did not get off the car. Instead, he said goodbye to her and drove away.

Because he had delayed his return time by more than two hours, the Overlord still had many things to deal with.

Chapter 1125 Shi Le's sudden return

Shi Nuannuan carried her luggage and walked towards the main door.

Just as she entered the living room, the maid came forward to take the luggage from her.

"Miss, you're back."

Upon hearing this, Zuo Weiyi and Shen Lanzhi, who were on the sofa, also turned their heads and saw her walking in happily.

"Nuannuan, you're back."

Shi Nuannuan raised her head. Her originally smiling face froze the moment she saw another figure.

"Grandpa, Why Are You Back?"

Walking over, Shi Nuannuan was surprised to see Shi Le sitting on the sofa.

Didn't he travel around the world with Grandpa Zuo? Why did he come back so soon?

"I'm not in the mood, so I came back," Shi Le said calmly as he leaned on his crutch.

Not in the mood? Why was he not in the mood?

Didn't he post photos on his wechat moments? From the looks of it, he should be having a good time.

Could it be that there was some conflict between him and Grandpa Zuo?

Shi Nuannuan narrowed her eyes and stared at him. "Then you're back. Where's Grandpa Zuo?"

"He's still traveling."

As expected!

He must have gotten into a conflict, so he came back alone!

Looking at his granddaughter's suspicious gaze, Shi Le seemed to see through her thoughts and could not help but say, "Don't make wild guesses. I didn't come back because of him."

“Then what is it?”

“Your Grandpa Cheng is sick. I came back to see him.”

“...”Shi Nuannuan could not help but feel warm.

Cheng Huan’s Grandpa was sick?

Shi Le’s gaze landed on his granddaughter’s face with a hint of surprise.

“As for you, I heard that you went to country A with your brother. Why didn’t the two of you come back together?”

Shi Nuannuan was startled by her grandfather’s question, and her gaze flickered.

Her grandfather’s return meant that the matter between her and Xiang Yi had to be made public. Otherwise, she might not see Xiang Yi once a week.

She had decided to be honest with her grandfather!

“I –”

Di Di di Di

Shi Nuannuan was about to speak when her phone suddenly rang and interrupted her.

Shi Le took out her phone and walked to the side. “Hello?”

Her words were stuck in her throat.

Forget it, her grandfather was already back anyway, there was no hurry.

Seeing her grandfather walking to the side to answer the phone, Zuo Weiyi walked over to hold her hand and asked softly, “You came back with Xiang Yi?”

Facing her sister-in-law, Shi Nuannuan smiled sweetly and nodded. “Yes!”

Looking at her happy and sweet appearance, Zuo Weiyi seemed to be able to tell that she and Xiang Yi must have had a wonderful time in country A.

At night.

After dinner, Shi Nuannuan went straight to her room. After taking a shower, she remembered that she had brought back a gift from country A for her sister-in-law, so she walked over to open her suitcase and took out a set of skin care products.

Holding the beautifully wrapped gift, she walked to the door of her brother and sister-in-law’s room.

Because her brother did not come back during dinner, she thought that sister-in-law was the only one in the room. Without thinking, she pushed the door open and entered.

“Sister-in-law, I’m going in!”

She did not intend to knock on the door, she just casually said that she was coming in!

After entering the room, an awkward scene appeared.

Before she could regain her senses, a down pillow was thrown at her, accompanied by Shi Yuting's angry roar.

"Get Out!"

Before she could see what was going on inside, she was blocked by the flying pillow, and then she heard her brother's furious roar.

After the previous time, she did not need to raise her head to know what her brother and sister-in-law were doing at the moment. She was so scared that she hurriedly swallowed her saliva and silently closed the door.

Chapter 1126: The figure at the door

Seriously, didn't her brother not come back?

Moreover, she only took a shower, at most half an hour?

At that time, her brother had not come back, so wouldn't he directly come back with his sister-in-law..

Cough, cough..

She interrupted her wild imagination in the bottom of her heart, took the gift and returned to her room.

Since her brother was back, then Xiang Yi should be done with his work, right?

Thinking of this, she quickly took out her phone and dialed Xiang Yi's number.

At this moment, Xiang Yi had just arrived at the apartment building. After parking his car, he walked to the building where he lived.

His phone suddenly rang. He stopped and took out his phone.

When he saw the familiar name, he could not help but smile.

"Have you eaten?" He asked softly as he walked.

"Yes, you've just finished your work, right?"

"Yes."

"Are you home yet?"

"I'm downstairs. I'm going up."

"Tomorrow, are you busy?" Tomorrow was the weekend. If she was not busy, she would go to the apartment to look for him!

Xiang Yi smiled when he heard that.

This weekend, he was indeed not busy.

“No.”

“Really?”

“Yes.”

“Then let’s go on a date!”

He thought for a few seconds and said, “Okay.”

“I’m entering the elevator. There might be no signal.” Standing at the elevator, he pressed the button to open it.

“Okay, then I’ll hang up First!”

“Okay, I’ll call you later.”

“Okay, okay!”

After hanging up, Shi Nuannuan began to look forward to her date the next day.

Meanwhile, Xiang Yi entered the elevator and went straight to the floor where he lived.

Ding

The elevator door opened and he walked out with steady steps.

Just as he reached the door, he found a figure squatting in front of his apartment.

He frowned slightly and stopped opening the door. He turned around and looked at the slightly familiar figure.

Hearing the footsteps, the figure squatting in the corner slowly raised his head. His aged face looked somewhat haggard.

When Xiang Yi saw the person’s face clearly, he could not help but be startled. He quickly walked over and helped the figure up.

“Uncle, why are you here?”

Feng Shunqing raised her head and looked at her nephew in front of her.

“I, I saw the address you left for me before you left, so... I found it.”

Previously, Xiang Yi had been filial to him and planned to let him go on a trip abroad during his lifetime, so he had already gotten his passport and everything. Luckily, he had gotten it, otherwise, he wouldn’t have been able to come here.

“Let’s talk inside,” he said.

Although it was already spring, the weather in March was still somewhat cold.

After bringing his uncle into the house, Xiang Yi poured him a cup of warm tea.

Holding the cup of tea, Feng Shunqing felt her heart warm. She stood up and looked around the apartment that was somewhat luxurious to him.

"This apartment must be quite expensive, right?"

Xiang Yi looked at him and pursed his lips lightly. He did not answer, but instead asked, "Why are you looking for me?"

He had been out for more than ten years. Other than calling him occasionally to console him, his uncle had never used his place, be it c nation or here. This was the first time.

Thinking of the call Su Xiuying gave him yesterday, he seemed to have a premonition that something must have happened to the Feng family.

Hearing his inquiry, Feng Shunqing's face could not help but turn gloomy again. She even looked at Xiang Yi with a somewhat unnatural gaze.

"I..." He wanted to say something but hesitated. He could not say a word.

chapter 1127 and me, you don't have to be a stranger

Xiang Yi seemed to be able to tell that there was something he was hiding.

"Uncle, between us, you don't have to be a stranger. If you have something to say, just say it."

Feng Shunqing raised her eyes and glanced at him. She hesitated for a long while before finally speaking, "That, Xiang Yi, I know you don't like your aunt, but... for the sake of my uncle, you, help our family!"

Xiang Yi did not seem surprised.

He seemed to have guessed it when Su Xiuying called him last night.

However, he did not expect that the situation would be so serious that his uncle would come to look for him personally.

At first, Feng Shunqing was unwilling to look for him because she felt that he had done too much for the family over the years.

That was why he was so determined to ask him to leave and never go back. He wanted him to live a good life outside and not be implicated by their family anymore.

"Tell me, what is it?"

Feng Shunqing carefully placed the cup of tea on the coffee table. Everything here seemed very expensive to him, so he was very careful not to accidentally break that Beautiful Cup.

Then, he looked up at Xiang Yi.

"Your aunt, I believe she should have called you already."

"Yes, I didn't pick up." He looked at his uncle and said calmly.

“Your aunt... she is addicted to gambling. Not only did she lose the savings you have given to our family over the years, she also, she also owed a huge debt!” Feng Shunqing was furious at the thought of his wife’s actions today.

If it weren’t for the fact that he was middle-aged and didn’t have many years left to live, and for the sake of this complete family, he might have already divorced this marriage!

Xiang Yi’s expression was calm as he listened to what he said, as if he wasn’t surprised.

Although he had been out all these years, every time he returned home, he would more or less hear some gossip from his neighbors. It was Su Xiuying’s gambling addiction.

“At first, I thought that she had saved all the money you gave her, but I didn’t expect that not only did she not save a single cent, she lost all of it! “I didn’t know that she actually gambled more and more, and even went to borrow money from loan sharks. Now that the money is gone, she came to us and wanted to chop off her hand!” At the thought of those people who came to ask for money a few days ago.., Feng Shunqing still had some lingering fear!

“How much do you owe?”

Feng Shunqing looked up and raised three fingers. “Three, three hundred thousand!”

300,000 was not a small amount for a rural family and a disabled person like him.

He could have paid back the money Xiang Yi had given to his family over the years, but he did not expect that his wife had already lost all the money!

After the compensation for the antique vase, Xiang Yi’s account was almost empty.

He took out his phone and looked through his bank information. There was only 130,000 left.

130,000 was enough for him to spend this year.

Because most of his expenses were incurred by the supreme emperor, the expenses were not huge.

However, 130,000 was obviously not enough to help his uncle.

“Please wait for me.”

He said to his uncle and walked into the bathroom with his phone.

Looking at his back as he walked in, Feng Shunqing’s face was filled with worry.

After entering the washroom, Xiang Yi hesitated for a few seconds before finally giving Shi yuting a call.

In the bedroom, Zuo Weiye could finally rest after a round of indulgence. Just as she was about to close her eyes and rest for a while, she felt the man’s unruly hand reaching out once again!

Chapter 1128 — advance of half a year’s salary

Having reacted, she grabbed his hand and glared at him with starry eyes. “I’m tired!”

“Just lie down.” He smiled suggestively.

“I don’t want it!” She wanted to dodge, but the man came up to her!

Just as she was about to make a move, the phone on the bedside table suddenly rang.

Hearing the timely ringtone, Zuo Weiyi rejoiced in her heart. “Your phone is ringing!”

Shi Yuting paused and raised his eyes to glance at the phone on the bedside table.

His line of sight was very good, and with one glance, he saw that the caller ID was ‘Xiang Yi’.

He frowned slightly. Because this weekend, he had specially not given him any tasks, so there was no reason for him to call at this time.

After thinking for a moment, he got up, picked up the phone, and walked to the windowsill to answer it.

“Hello?” His deep voice was very intimidating, and no one dared to ignore it.

However, Xiang Yi had already gotten used to it.

“Mr. Shi.”

Shi Yuting didn’t say anything, waiting for him to continue.

After a few seconds of silence, Xiang Yi finally had no choice but to speak.

“I... Can I advance half a year’s salary?”

After following him for so many years, he had never used an advance of half a year’s salary. This was the first time.

When Shi Yuting heard this, he could not help but feel a little surprised, and his brows furrowed.

The salary that he had given him should not be to the extent of lacking money. Could it be that because of Nuannuan, he had recklessly squandered all of his savings?

Shi Yuting narrowed his eyes. Although Nuannuan’s spending power was great, it did not seem to have reached the point where he had squandered money like dirt. What was that?

However, Xiang Yi never had to ask him. He was afraid that something had really happened this time.

He had also tried to understand his family background. However, he did not know what had happened in the past few years.

“Sure.” He said softly into the phone.

“Thank you, Mr. Shi.”

“No need. You have contributed a lot to the cooperation project with the Royal Family of country at this time. Take this half-year’s salary as a reward for you,” Shi Yuting suddenly said.

Xiang Yi could not help but be startled.

Although Mr. Shi would sometimes reward the employees of the company, he would never reward them so much for a half-year's salary of hundreds of thousands.

After a moment of silence, Xiang Yi guessed that he might have done this on account of his relationship with Nuannuan, so he could not help but say, "There's no need. It's my job to begin with. You Don't have to..."

"You know, I never involve my personal matters in my work. This reward has nothing to do with you and nuannuan. I'll transfer it directly to your account in a while, that's all."

Shi Yuting was very decisive. As soon as he finished speaking, he immediately cut off the call.

Looking at the phone, Xiang Yi couldn't help but be a little dazed.

Since it was a weekend and it was night, Shi Yuting could only transfer 500,000 yuan from his personal account to Xiang Yi's account.

Half an hour later, Xiang Yi received the amount of money.

Looking at the information that had already been transferred, he looked up at his uncle who was sitting on the sofa. "Are you in a hurry?"

Feng Shunqing hurriedly looked up when she heard Wen Sheng's voice. Although he was very anxious, he naturally felt a little guilty when he thought about asking his nephew to help him again, so he said, "I'm not in a hurry. You just have to finish it when you're done."

He knew that even though Xiang Yi's income from his work was considerable, three hundred thousand was not a small amount that could be easily obtained. From the moment he made the call, he could tell that he probably did not have the three hundred thousand.

Chapter 1129 I'll just sleep on the sofa

Feng Shunqing felt very uncomfortable when she thought about how shameless she was to ask him for money again.

However, he didn't have any siblings, nor did he have any relatives or friends who were well-off. The only person he could find was his nephew. He couldn't just watch as his child's mother's hands were chopped off.

In the beginning, when he saw the people who came to collect debts, he wished that they could chop off his wife's hands so that she could get rid of her drug addiction. However, he still could not make up his mind.

After all, he had been disabled for so many years. Although his wife gambled, she was still loyal to him. If even her hands were crippled, then this family would no longer be like a family.

Thinking of this, he had no choice but to come to Xiang Yi with a thick face.

Hearing his uncle's words, Xiang Yi pursed his thin lips. Looking at the time, it was already 8:14 pm.

“When did you come?”

“I arrived in the afternoon. I saw that you were not at home, so I could only wait for you here. I also forgot to bring my phone.” Actually, when he got off the plane today, his phone and wallet had been stolen. He just did not want to lick his nephew’s mafa again, so he did not say anything.

However, he was also worried about this matter. The ID was in his wallet. Without the id, even if he could book a plane ticket with the ID number, he wouldn’t be able to board the plane. How would he get back tomorrow?

“I’ll go and make you something to eat. You watch TV and wait here for a while,” he said softly, showing great respect to his uncle.

Because this hand of his was broken because he wanted to save him.

How could he forget this kindness.

Feng Shunqing was indeed hungry. She had not eaten lunch or dinner. She was so hungry that her chest was pressed against her back.

However, she only smiled. “I’m fine.”

Xiang Yi glanced at him and did not say anything. Instead, he turned around and went into the kitchen.

Because it was very late and there were no ingredients, he only cooked a big bowl of noodles for his uncle.

Feng Shunqing was very full and satisfied.

Looking at the time, it was already past nine o’clock.

Xiang Yi entered the bedroom and found a set of home clothes for him to wear.

“There’s the bathroom over there. You can sleep in the room after you wash up.”

Looking at the clothes handed over, Feng Shunqing looked up. “What About You?”

He noticed that there was only one bedroom in this room. If he took up the room and bed, where would he sleep?

Xiang Yi chuckled. “I’ll sleep on the sofa.”

Feng Shunqing was stunned for a moment before he suddenly thought of Shi Nuannuan.

Although he was his uncle, he was from the countryside. Looking at his dirty body, he could not dirty his nephew’s bed.

Feng Shunqing was a very dutiful person. He knew that there was a gap between them and the young man. He definitely could not dirty his bed. What if Nuannuan Minded? He was a man. It didn’t matter where he slept. He just didn’t want to cause trouble for the young man.

Besides, the sofa looked very soft. It should be as comfortable as the bed.

“Don’t. I think the sofa is quite soft. I’ll sleep here tonight.”

Hearing his uncle's words, Xiang Yi pursed his thin lips. "The sofa is not easy to sleep on. You Don't have to be polite with me."

"No, no, no. I haven't slept on such a good sofa before. Let Me Sleep for one night. Ah, it's settled then."

As she spoke, Feng Shunqing was afraid that he would reject her again. She hurriedly took her clothes and walked into the bathroom.

Looking at his back, Xiang Yi was stunned for a moment. Then, he walked into the bedroom. He took a set of thin quilts and pillows from the cupboard and returned to the living room. He laid them on the sofa as if he wanted his uncle to sleep more comfortably.

Chapter 1130 I Miss You!

Perhaps as a junior, he should insist on letting his uncle sleep on the bed, but he knew Feng Shunqing's character very well. If he continued to insist, he might seem too humble.

The night gradually deepened.

Feng Shunqing slept very comfortably on the sofa. She felt even more comfortable than her own bed.

The next day.

Early in the morning, Xiang Yi went downstairs to buy some breakfast. After eating, he was ready to transfer the money to Feng Shunqing.

At that moment, the doorbell rang.

"I'll get it."

Although it was his nephew's house, Feng Shunqing seemed to treat him as a servant and was about to open the door.

Seeing him get up to open the door, Xiang Yi stood up and stopped him.

"Uncle, please sit down."

Xiang Yi respected his uncle very much.

He helped him to the sofa and sat down. Xiang Yi was about to open the door.

Just as he reached the door, it was opened!

Then, a fresh and refined figure walked in.

"Xiang Yi!"

Shi Nuannuan did not seem to notice Feng Shunqing who was sitting on the sofa. She did not expect anyone else to appear in this room. As soon as she entered, she hung it around Xiang Yi's neck.

"I miss you so much!"

He smiled gently as he hugged her slender figure. He let go of her and caressed her hair. "Why are you here so early?"

"I miss you!" She pouted, looking very cute.

Looking at the cute couple at the door, Feng Shunqing, who was sitting on the sofa, also smiled very happily.

It would be even better if she could have a baby soon!

Uh, it seemed like they had to get married first!

"Have you eaten?" He asked softly as he hugged her, his eyes filled with affection.

"Yes!"

At this moment, Feng Shunqing, who was sitting on the sofa, stood up naturally and looked at the couple at the door.

When she saw Feng Shunqing in the living room, Shi Nuannuan was instantly stunned.

She released Xiang Yi and looked at Feng Shunqing. "Uncle, why are you... Here?"

Looking at Shi Nuannuan, Feng Shunqing smiled. "Nuannuan, you're here."

Shi Nuannuan's gaze shifted from his face to Xiang Yi's, as if she was questioning him with her gaze.

He pursed his lips slightly and revealed a faint smile. "Uncle is looking for me for something."

"OH." She nodded and smiled. She did not dislike Feng Shunqing.

Xiang Yi turned his gaze and landed on Feng Shunqing's face. "Uncle, if you're not in a hurry to go back, you can stay here for a few more days."

Knowing that this was his first time in such a big city, Xiang Yi hoped that he could stay here for a few more days before going back.

However, when that happened at home, Feng Shunqing was not in the mood to play here. Naturally, she was in a hurry to go back.

"No, I still have things to do at home. I'll go back today." As he spoke, he looked down with a troubled expression. He had lost his phone and wallet. How was he going to go back?

"Then I'll book a plane ticket for you this afternoon."

As he spoke, Xiang Yi took out his phone and booked a plane ticket for him online.

Feng Shunqing was at a loss for words because she really did not want to cause him any more trouble.

But it seemed that if he did not say it, he would not be able to go home.

In the end, after hesitating for a while, Feng Shunqing could not help but open her mouth. She looked at her nephew who was booking a plane ticket. "Xiang Yi."

Xiang Yi lifted his head and looked at Wen Sheng.

Shi Nuannuan could not help but look at his slightly troubled face.

Looking at his nephew in front of her, Feng Shunqing said embarrassedly, "I, I lost my phone and wallet. My ID is also inside..."

Hearing this, Xiang Yi could not help but be stunned.

After a moment, he asked, "When? Where did you lose it?"
