

Kiss Me 1131

Chapter 1131 recovery of wallet and phone

“It was lost at the airport when I got off the plane yesterday afternoon.”

At that time, there were many people and the airport was big. He was so busy looking for the exit that he did not notice that his phone and wallet had been stolen.

Fortunately, Xiang Yi's address was still tightly held in his hand. Otherwise, there would be a sea of people. He really did not know what to do. It was very likely that he would end up on the streets and would not be able to return.

Xiang Yi frowned slightly when he heard Wen Sheng's words. Without documents, he would definitely not be able to board the plane, so naturally, he would not be able to return.

Shi Nuannuan, who was at the side, seemed to have seen through the difficulties between the two of them. She wanted to help out a little, so she opened her mouth and said, “In that case, why don't I ask brother to use his private jet to send uncle back! ?”

When she said this, Feng Shunqing was a little stunned.

Private Jet? What private jet?

He was still unclear about Shi Nuannuan's identity. He was afraid that young people would be too suspicious, so he never asked about it. Anyway, as long as his nephew liked it, it was fine. Moreover, he also liked girls with a personality like Nuannuan's, he believed that she wasn't a bad girl.

As he didn't know her identity, he didn't know what Shi Nuannuan meant by 'private jet'.

After all, he had only heard about such things on television. In reality, he had never even thought about it, let alone heard about it.

Hearing Nuannuan's words, Xiang Yi could not help but turn his head away and smiled lightly. “No need. Since it was lost at the airport, it should be able to be recovered.”

He did not want to alarm her family over such a small matter. That would make him feel weak.

Listening to his tactful rejection, Shi Nuannuan pursed her lips. She seemed to feel that she was making a mountain out of a molehill. However, she only wanted to help a little.

“Oh, Alright!”

She kept her mouth shut and did not speak anymore.

Perhaps it was because the words she blurted out last time had hurt him, causing her to be a little sensitive now. She was afraid that her unintentional words would hurt his self-esteem again.

He stroked her hair and looked at Feng Shunqing. “You rest here. I'll go to the airport.”

As long as he retrieved the surveillance cameras and went to the Public Security Bureau to file a case, he should be able to find his wallet and phone. However, it did not seem like there was much hope. After all, it had been so long.

“I’ll go too!” She held his hand and raised her delicate and fair face.

He looked at her sideways. “Okay.”

After leaving the apartment and going to the Public Security Bureau to report the case, the two of them went to the Z city international airport.

In the surveillance room, the staff retrieved the surveillance video. After half an hour of searching, they indeed saw the scene of Feng Shunqing’s phone and wallet being stolen at the exit.

However, the two police officers told the two of them that it would take a certain amount of time to recover the stolen wallet and phone.

There was a sea of people, and they might not be able to find it.

Helpless, the two could only leave the airport and go home to wait for news. Feng Shunqing could only stay here for the time being.

If they really couldn’t find it, they might have to rely on Mr. Shi’s connections to board the plane without a license.

The two held hands and left the airport, preparing to return to the apartment.

When they opened the car door and entered the driver’s seat and co-driver’s seat, not far away, a figure was standing there watching.

Shi Le, who had just seen Cheng off, stood in front of a Lincoln and looked at the disappearing black car in surprise.

Was he mistaken? was that... Nuan Nuan and Xiang Yi?

For a moment, he thought that he was old and his vision was blurry!

Chapter 1132: Strange atmosphere

Back at the apartment, Xiang Yi told Feng Shunqing what had happened. Feng Shunqing had no choice but to stay there and wait for her wallet and phone to be found.

When it was dark and Nuannuan returned to Shi Mansion, Xiang Yi returned to the apartment.

Shi Nuannuan and Nuannuan had just entered the living room when they saw Shi Le’s slightly sullen face.

For the entire afternoon, Shi Le’s face was sullen and he did not say a word. This made Shen Lanzhi and Zuo Weiyi, who did not know why, a little confused. They did not know what had happened to him.

It wasn’t until Nuannuan came back that he raised his head and looked at his favorite granddaughter.

Sensing this strange atmosphere, Nuannuan's expression froze. She looked at her grandfather, then at her mother and sister-in-law on the sofa.

What was with this strange silence?

Zuo Weiyi also looked at her, then at Shi Le. In fact, she didn't know what was wrong with her grandfather.

When she met her grandfather's gaze, Shi Nuannuan suddenly felt an inexplicable sense of guilt. Her footsteps slowed down, and she gradually walked to the sofa in the middle of the living room.

"This atmosphere... seems a little strange, huh?" Looking at the crowd, she smiled embarrassedly.

Zuo Weiyi did not speak, and his gaze fell on Shi Le's face again.

Shi Nuannuan also looked over.

At this moment, Shi Le's deep voice was heard. "Nuannuan."

"HMM?" She pursed her lips and looked at her grandfather with a pair of black eyes that were like the starry night.

"Where did you go today?"

Shi Nuannuan couldn't help but be stunned. Her bright black eyes rolled around. "I, I didn't go anywhere..."

Shi Le, however, furrowed his brows. "I didn't go anywhere. Won't you come in the afternoon?"

He had gone to the Cheng family home after breakfast. He didn't come back until the afternoon after he had sent Cheng Weiyi off. He wasn't sure if he had seen the wrong person, so he asked the only person when he got home, he found out that she had gone out after lunch.

In fact, Nuannuan had gone out early in the morning. In other words, she had been outside the whole day.

After being confronted by her grandfather, Shi Nuannuan's gaze couldn't help but fall on Zuo Weiyi's face. It was as if she was asking with her eyes, "Betray me?"

Zuo Weiyi also used her eyes to communicate with her, "I can't help it, grandfather is asking."

Shi Nuannuan's gaze returned to Shi Le's face once again. She said embarrassedly, "I, I just went out for a stroll with a friend."

"What friend?" Shi Le decided to break the ice and ask the whole thing!

"It's just, it's just a few old friends." As she said that, she walked to the sofa unnaturally and sat down. Then, she asked her dear sister-in-law in a low voice, "What happened to grandfather?"

Zuo Weiyi said in a low voice, "I don't know. He's like this since he came back. He doesn't look well."

Shi Nuannuan was stunned.

"Where did you get such an old friend?" Shi Le frowned, obviously not believing it.

Shi Nuannuan had no way of explaining herself. "Aiya, they're just old friends!"

"Then tell me, how... is it going with Cheng Huan?" Shi Le suddenly changed the topic.

Shi Nuannuan was stunned. "Cheng Huan? What do you mean, how are things?"

"Isn't that child chasing you?"

She was stunned again.

In the past, she had planned to chase her, but later, she made things clear. Now, they could be considered to be very ordinary friends!

"Uh, I don't like him!" She blurted out.

"Then who do you like?"

"I like—" she looked up and suddenly shut her mouth. She almost fell into her grandfather's trap.

However, hadn't she always planned to tell her grandfather about herself and Xiang Yi? But now, why did she feel a little lost?

Chapter 1133 was as outstanding as Cheng Huan..

If she said that she liked Xiang Yi now and even slept with him, Grandpa would definitely be scared to death, right?

Would he drag Xiang Yi out and chop him up in a fit of rage?

No, no, absolutely not!

Forget it, let's wait until Grandpa is in a good mood. The probability of convincing him by then seems to be higher.

Frowning at his granddaughter in front of him, Shi Le seemed to want to see something from her humble face, but in the end, she got nothing.

"Anyway, I have no feelings for Cheng Huan. Grandpa, don't try to set me up again!" She was a little annoyed that her grandpa always wanted to set her up with Cheng Huan, which made her feel a little awkward every time she faced Cheng Huan.

"Isn't that child Cheng Huan pretty good? Ah, family background, ability, and appearance, what's wrong with that?"

"Grandpa! Haven't you ever been in a relationship? !" Why did he always like to use these things to measure a person!

Shi Le couldn't help but be stunned when his granddaughter asked this.

"What?"

“When you like Grandma, don’t tell me you have to check her family background and identity in advance?”

“Humph, your grandma is a lady from a rich family. I don’t need to measure her.”

“... then do you like Grandma’s family background or her person?”

“Of course, it’s her person!”

In fact, he only noticed his wife when he saw that she looked somewhat similar to Shen Ruoxi. At that time, he was still thinking about Shen Ruoxi, but as time passed, he fell in love with her and slowly got together with his wife.

“Isn’t that enough? Why do you have to care about his family background and background if you like someone?” Shi Nuannuan said matter-of-factly!

On the sofa, Shen Lanzhi and Zuo Weiyi just watched them argue.

“You don’t have to care, but what I want to say is that an outstanding and impeccable child like Cheng Huan, you have to be well –”

“Ah, I’m so tired. I’m going to take a shower first!”

As she said this, Shi Nuannuan walked straight towards the second floor as if she did not want to listen to her grandfather’s nagging.

Shi Le still wanted to say something, but when he saw his granddaughter’s disappearing figure, he did not say anything in the end. Instead, he lowered his head as if he was deep in thought about something.

...

After taking a shower, Shi Nuannuan quickly laid down on the bed and chatted with Xiang Yi on wechat.

The next day, after breakfast, she planned to go out.

Just as she reached the entrance, Shi Le’s voice sounded from behind her.

“Nuannuan.”

Hearing her grandfather’s voice, Shi Nuannuan stopped in her tracks and turned her head to look at him.

“Where are you going?” Looking Askance at her granddaughter who was about to go out, Shi Le asked.

Shi Nuannuan blinked her big black eyes twice and thought for a while. “En... I’m planning to go out... to go shopping!”

“Don’t you have anything to do?”

“Yes...” she nodded lightly.

“That’s great. I’ll go to a dinner party with Grandpa.”

“...” dinner party? “What Dinner Party?”

“You’ll know once you get there.”

As he spoke, Shi Le also walked to the entrance and changed his shoes before leaving.

He had originally planned to look for Xiang Yi, but now, didn't that mean..

"Let's Go!"

After changing his shoes, Shi Le was the first to walk out.

Looking at her grandfather's tall and straight back, Shi Nuannuan had no choice but to follow him out.

Not long after, the luxurious Lincoln stopped in front of an international hotel.

After getting out of the car, Shi Nuannuan wanted to find an opportunity to call Xiang Yi.

She had promised to look for him today, but in the end, she could not go.

However, before she could take out her phone, her grandfather came down.

"Go in!"

She pursed her lips and had to follow Grandpa into the restaurant again.

Chapter 1134, the grandfather who was not quite right

For some reason, the next day, Shi Nuannuan realized that..

No matter where her grandfather went, he would always bring her along!

In the morning, she wanted to go out, but her grandfather asked her to play chess with him!

Please! That was chess! She did not know anything about it!

In the end, her grandfather asked her to learn from him..

It wasn't easy for her to lose 12 games in the whole morning..

"I'm not playing anymore!" She could no longer learn this thing calmly!

In front of the chess table, Shi Nuannuan suddenly looked like she was saying, "I'm not playing anymore." Her smile was full of unhappiness!

"Then let's eat." Shi Le stood up and saw a servant coming over.

Phew... Finally, it's time to eat!

Shi Nuannuan and Nuannuan rushed into the dining room first!

They thought that they would be free in the afternoon, but who knew..

"Nuannuan, you'll accompany me to go fishing in the afternoon."

Shi Nuannuan was just about to go upstairs to hide and turn herself into air, but when she heard her grandfather's voice, she suddenly stopped walking up the stairs.

Fishing?

She turned around and looked at her grandfather, who was already preparing fishing gear.

She suddenly realized that her grandfather had been looking at her for the past two days, not letting her go anywhere.

What was he trying to do?

“Grandfather, do you want me to go fishing with you?”

“Yes, aren’t You Alright?”

“I’m Not Alright!”

“What’s wrong with you! ?”

“I...” Shi Nuannuan could not think of any excuses.

Because she did not have a job to begin with, she stayed at home almost all day long.

Eh?

Suddenly, her expression froze, as if she had thought of something new.

If she went to work at Supreme, wouldn’t she be able to be with Xiang Yi Anytime, anywhere! ?

“Tell me, what do you want?”

But at this moment, she still did not want to go fishing with her grandfather, because she had not seen Xiang Yi for two days, she would go crazy!

However, she could not think of a reason.

“Then I don’t know how to fish. Fishing is more like it!” She was not the kind of person who could calm her heart. Fishing was a matter of cultivating one’s body and character. She could not do it.

“It’s okay, I’ll teach you!”

“...”

Hence, Shi Nuannuan, who could not win against him, was eventually dragged away.

However, along the way, Shi Nuannuan discovered that her grandfather was fishing at a river in the park not far from Xiang Yi’s apartment.

“Grandfather, have you been fishing here all this time?” Shi Nuannuan was very surprised. Did this mean that she could secretly open a fishing net to find Xiang Yi in a while?

Just as she was planning, Shi Le had already prepared the fishing rod. “Yes, NUO, this is yours.”

He passed the fishing rod that had already been filled with fish food to her.

Holding the fishing rod, Shi Nuannuan suddenly had a trace of interest. Walking to the riverside, she realized that there were quite a number of old people fishing here.

“What should we do now?” She held the fishing rod and did not know what to do.

“Throw the hook down and wait for the fish to take the bait,” Shi Le said.

“Okay.” Shi Nuannuan listened as she threw the hook into the river.

“If a fish takes the bait later, the fish will float and you can pull as soon as it moves.”

“Okay.” It sounded like it was quite fun.

Following the steps that her grandfather had told her, Shi Nuannuan threw the hook down and began to wait quietly.

Only half an hour had passed. She was almost asleep sitting there, but she did not see a single fish take the bait!

And at this moment, not far from a figure also slowly walked over.

Chapter 1135's expression changed

Feng Shunqing had no choice but to wait patiently because her cell phone and wallet had yet to be found.

However, he, who had nothing to do, felt a little uncomfortable sitting at home watching TV every day.

Seeing that he was uncomfortable, Xiang Yi told him that there was a park not far from downstairs. He could go there and take a walk or something.

Feng Shunqing felt that it was pretty good after listening to it. Hence, he came out after lunch, intending to digest the food.

As he walked into the park, he saw people fishing there and walked over.

As he approached and looked at the people fishing, he was surprised to see Shi Nuannuan on the other side of the river!

He was delighted and wanted to go over from the bridge to greet Shi Nuannuan!

But in the next moment, he caught a glimpse of another face sitting beside Shi Nuannuan!

Seeing that long-lost face, the smile on Feng Shunqing's face suddenly froze, replaced by solemnity and shock!

“Girl!”

Shi Le turned his head and saw his granddaughter sitting on a stool with a fishing rod, dozing off. He could not help but call out to her!

Hearing the sudden shout, Shi Nuannuan was startled awake. She turned her face around and looked at her grandfather. “What's Wrong?”

“Can you fall into the fish like this?”

Shi Nuannuan paused and quickly turned to look at the floating fish in the water.

Feng Shunqing, who was opposite her, left in a hurry the moment she turned her head!

Looking at the motionless floating fish in the water, Shi Nuannuan frowned and said 'chuan'. She looked at the time and realized that more than forty minutes had passed!

She pulled up the fishing rod and realized that the fish food on the hook had long been gone!

"..."had it been stolen?

"F * ck!" She could not help but burst out in anger. She had gone head-to-head with the fish!

Let's see if I won't catch you guys who stole food and make soup tonight!

However, that was the goal. In the end... after an entire afternoon, Shi Nuannuan did not catch a single fish!

In the evening.

Xiang Yi prepared a few dishes and sat down at the dining table with his uncle, Feng Shunqing, to eat.

However, after returning in the afternoon, he realized that his uncle seemed to be a little off. At this moment, he looked even more absent-minded as he ate.

He felt that something was wrong with him.

"Uncle, is there anything else on your mind?"

He knew that his uncle would never speak to him unless he was forced to.

Feng Shunqing held the chopsticks in her hand, but she did not speak for a long time. When she heard his question, she could not help but look up at him with a serious expression.

However, he was afraid that he was thinking too much, so he turned around and smiled. "It's, it's nothing. I... I'm just afraid that I can't find my wallet and go back."

Hearing what he said, Xiang Yi did not think too much about it. He thought that he was really worried about this matter.

After all, if he couldn't go back, Su Xiuying's hand might really be gone.

Seeing his uncle's worry, he smiled. "Don't worry. Even if I can't find it, I'll think of a way to send you back."

Hearing his words, Feng Shunqing smiled and nodded. She didn't say anything else and lowered her head to start eating.

But when he thought of seeing Nuannuan and the old man sitting next to her in the park in the afternoon, he felt a little uneasy.

Looking at his nephew who was casually eating, he could not help but open his mouth in the end. However, there was a smile on his face. "That, Ah Yi."

Xiang Yi looked up at him when he heard Wen Sheng. "HMM?"

Feng Shunqing lowered her eyes and looked up again. "What does Nuannuan's family do?"

Chapter 1136 who were the people in his family?

Xiang Yi could not help but be stunned when he said this.

In his impression, his uncle was a person who did not ask him about personal matters.

However, on second thought, if he were to marry Nuannuan as his wife in the future, his uncle would definitely be his family, so it was normal for him to ask about this.

"Business," he said.

"OH." Feng Shunqing nodded. Then, she reached out her chopsticks and pretended to accidentally pick up a dish. Then, she asked, "Then, her family's business is quite big, right?"

Looking at his uncle in front of him, Xiang Yi felt that he seemed to be different from usual today. However, he still nodded truthfully. "Yes."

"Then, who are the people in her family? Have you heard about them?"

Xiang Yi could not help but guess when he heard the last sentence. Could it be that his uncle was worried that Nuannuan was a bad girl?

"She has an elder brother and sister-in-law, as well as a mother and a grandfather."

When she heard the last sentence, Feng Shunqing's expression changed, and the hand holding the chopsticks suddenly stopped.

Xiang Yi, who had always been good at reading expressions, naturally noticed this slight change in his expression.

He just didn't understand why his uncle had such a change.

"What's wrong with you?"

After a while, Feng Shunqing came back to her senses. She looked a little unnatural. "No, I'm fine. Let's Eat!"

In spite of what he said, Xiang Yi could see that his mind was heavy.

But since he won't talk about it, he can't ask any more questions.

— * * * —

Three days later, Feng Shunqing's wallet and mobile phone were finally recovered, but there was little cash left in it, which had been used up by thieves. Fortunately, the documents and other things were still inside.

A wallet found, Xiang Yi is naturally ready to book a ticket to send him to the airport, but at this time, Feng Shunqing said to him to stay a few days.

This surprised Xiang Yi a little.

After all, in the beginning, his uncle was worried about when his wallet would be found almost every day, and he was anxious to go back.

Now that he finally found it, he said that he wanted to stay for a few days?

“Is it inconvenient? If it’s inconvenient, I, I will go back.”

Seeing that he suddenly fell silent, Feng Shunqing spoke again and was about to pack up her things and leave.

Seeing this, Xiang Yi hurriedly stopped him.

“There’s no need. You can just stay here and have fun for a few days.”

He smiled lightly. He did not know what his uncle was hiding in his heart and what was the reason for his sudden decision to stay.

“Are you sure I Won’t disturb you?”

“No. But, aren’t you in a hurry to go back?” Looking at his uncle, he could not help but ask.

Feng Shunqing smiled. “I’m not in a hurry. Didn’t you transfer the money to your card? Then, I called your Aunt Yesterday. She said that the matter has been resolved.”

Hearing this, Xiang Yi was relieved.

“Alright then. You can stay here for a few more days. I’ll go to work first.”

“Alright, Go Ahead!”

Taking a look at his uncle, Xiang Yi nodded, then changed his shoes and left the house.

...

These few days, Shi Nuannuan felt that she was going crazy!

She kept feeling that she had been ‘placed under house arrest’ by her grandfather unintentionally, and that she had been placed under house arrest for her freedom!

Although she could also leave the house, she was always within his line of sight. As a result, she had not seen Xiang Yi for a whole Sunday, a whole week!

She was really going crazy!

Saturday.

Today, Shi Nuannuan woke up especially early. She had to get up before her grandfather woke up, and then leave his sight!

Thus, at dawn, she got up to wash up, changed into a set of clothes, and drove out!

Chapter 1137 what is this?

When Shi Le woke up in the morning, he did not see his granddaughter. He thought that she was sleeping in!

The Sun had just risen, and Xiang Yi, who was lying on the bed, did not seem to be sleepy anymore. However, it was a weekend, and he did not seem to have anything to do. Hence, he lay on the bed and looked at the ceiling as if he was deep in thought.

Outside the door, Shi Nuannuan was about to knock on the door. However, when she raised her hand, she stopped.

It was still early. If she pressed the doorbell, would she wake up Xiang Yi's uncle?

With that thought, she suddenly changed her mind. She pressed the password lock on the door frame to unlock it.

In the bedroom, Xiang Yi only heard the sound of the door opening. He thought that his uncle had gotten up and gone to the trash.

However, looking at the sky outside the window, it was only dawn. It shouldn't be so early.

He turned his head and looked at the time. It was 06:18 in the morning!

As soon as the door opened, Shi Nuannuan, who was afraid of waking Feng Shunqing, tiptoed in. As soon as she entered the living room, Feng Shunqing, who was on the sofa, moved.

He, who was not asleep, opened his eyes when he heard the sound of the door opening. He turned his head and saw Shi Nuannuan coming in.

Although the light was very dim, Shi Nuannuan still saw that Feng Shunqing, who was lying on the sofa, had woken up. She couldn't help but smile awkwardly, but she didn't dare to make a sound because it was too early and it was too quiet.

It seemed that the moment she made a sound, it would break the silence.

Seeing that Nuannuan had come in, although Feng Shunqing was a little surprised, he still nodded and smiled at her in the end out of his love for her.

Shi Nuannuan also smiled and walked towards Xiang Yi's bedroom naturally.

Looking at that beautiful figure, Feng Shunqing, who was lying on the sofa, looked as if he had a lot on his mind.

In the end, he couldn't fall asleep, so he got up and planned to go downstairs to the trash.

Pushing open the bedroom door, Shi Nuannuan, who thought Xiang Yi was still asleep, walked quietly to the bed.

She had planned to peek at his sleeping face, but she didn't expect to see him wake up as soon as she walked to the bed.

She was stunned for a moment, pursed her lips, and whispered, "Why are you awake?"

Seeing her, he was pleasantly surprised. As he spoke, he pulled her into his arms. "I wasn't asleep to begin with. What about you? Why are you here so early?"

It had been a week since they last met. He had indeed missed her.

Shi Nuannuan pursed her lips and revealed a mischievous expression. "Hehe... if I hadn't come out earlier, grandfather would have dragged me here and there again!"

As she thought about it, she could not help but tell him the confusion in her heart. "I keep feeling that grandfather is a little strange these few days."

"What's Wrong?" He raised his eyebrows.

"I keep feeling that he is intentionally or unintentionally looking at me, not allowing me to go anywhere." Although she did not understand why he was doing this, it seemed to be the case!

Xiang Yi heard this and could not help but ponder for a moment.

Then, he heard the sound of the door opening and closing. He knew that his uncle had gone downstairs to take out the trash.

"Nuannuan." He suddenly looked at her with a very serious expression.

She turned her head and stared at him. "HMM?"

He looked at her and suddenly turned around. He took out a box from the bedside cabinet.

The box was opened and inside was an exquisite and unique emerald ring.

Looking at the ring, Shi Nuannuan felt that it was somewhat exquisite, but it did not seem new, but it was very special.

"What is this?" Looking at the ring, she asked curiously.

His deep black eyes stared at the ring, and then his gaze fell on her fair face. "Be its owner?"

Chapter 1138 are you proposing to me?

Shi Nuannuan raised her eyes and was slightly startled.

Master? What does that mean?

Looking at those clear black eyes, Shi Nuannuan was slightly stunned.

Could it be that he was going to give this ring to her?

Hu..

Shi Nuannuan's heart suddenly beat faster!

This, this, this, this couldn't be the legendary proposal, right! ?

Uh, was Xiang Yi proposing to her now?

Looking at that handsome face, Shi Nuannuan swallowed her saliva. For some reason, she felt that the atmosphere had become tense, and her heart was beating rapidly, as if there was a deer rampaging about!

She raised her hand and touched her burning cheeks, asking shyly, "Hehe... are, are you proposing to me?"

Looking at her shy and cute appearance, Xiang Yi couldn't help but be startled.

Proposing?

He had not thought of this yet.

The current him did not have the qualifications to propose to her. He only wanted to wear this ring on her ring finger in advance. It was as if he wanted to carve his mark on her body and announce to everyone that she.., was his!

Looking at her shy appearance, he could not help but smile. "Not yet. I just want you to be its owner in advance."

Shi Nuannuan looked up and instantly understood what he meant.

In other words, he wanted to book her?

"You don't want it?" He looked at her.

Shi nuannuan suddenly said, "Who said that! I want it!"

She snatched the ring from his hand as if she had obtained a rare treasure and looked at it.

He took it back again and in the next second, he put it on her ring finger.

"It suits you."

"Of course!" Shi Nuannuan looked very proud. Then, she admired the ring on her ring finger. The more she looked at it, the more she liked it.

Looking at her happy face, his heart seemed to melt in an instant.

He suddenly looked up. "Nuannuan."

"Huh?" She was still admiring the ring.

In the next second, she felt that the man's balanced breathing was suddenly close to her. The warm breath hit her face, and she instantly felt an intense heat spreading in her body. Then, she looked up at him.

"Do you know how dangerous it is to break into a man's bedroom?"

"..." she turned her lively black eyes and pursed her lips into a smile. "How Dangerous?"

His throat was dry, and a burning look flashed across his eyes.

He had tasted it once, and he had been restraining himself since he hugged her, but it seemed to be useless..

Especially at this moment, the redness on her face was even more enticing to the heat in his body.

He raised his hand and pressed her head over, impatiently covering her with a kiss.

After experiencing it once, Shi Nuannuan could not take it anymore under his 'careful tasting', and she quickly muttered.

"Xiang Yi..."

Her muttering undoubtedly gave him a signal. He raised his head to look at her blushing face. He knew that she could no longer wait and would directly enter in the next second..

After a round of indulgence, the entire room became brightly lit.

In the east, a ray of red light slowly shone in and fell on the spacious double bed.

Shi Nuannuan, who had experienced the rain and cloud, seemed to be tired. Perhaps it was because she had woken up too early and did not get enough sleep, so she fell asleep unknowingly.

Looking at her exhausted appearance until she fell asleep, he smiled gently and kissed her on the lips before getting off the bed.

The beautiful morning sun rose slowly. Feng Shunqing, who had gone downstairs to take out the trash, did not return immediately. Instead, she walked around the neighborhood with a thoughtful look on her face.

At 7:40 am, after Xiang Yi got up, he returned to the apartment. The time seemed to have been calculated.

Chapter 1139 where did you go?

After Xiang Yi washed up and changed into a set of home clothes, he took off his suit jacket. This weekend, he was still handsome and steady.

There were no more ingredients in the fridge. He planned to go downstairs to buy breakfast.

Just as he was about to go out, he saw his uncle who had returned.

Seeing his nephew in front of her, Feng Shunqing smiled and glanced at the living room behind him.

"Where's Nuannuan?"

"She's sleeping."

Feng Shunqing had been through this before. He naturally knew the extent of the relationship between the two of them.

However, at this moment, a hint of worry flashed across his face. It was as if there was something difficult in his heart that he did not want to reveal.

He nodded and walked past Xiang Yi into the living room. "You must be hungry. I'll go make breakfast."

"No need. I'll go out and buy some."

Feng Shunqing turned around and glanced at Xiang Yi. She didn't say anything but nodded. "Okay." Wen Sheng nodded

Although he could see that the expression on his face was different from usual, Xiang Yi didn't ask since he didn't say anything.

He believed that when his uncle wanted to say something, he would naturally say it.

Shi Nuannuan and Nuannuan had only been there for less than ten minutes when a phone rang.

She furrowed her brows in pain as she fumbled for her phone. When she looked at the caller ID, it was her grandfather!

After hesitating for a while, she sat up and picked up the phone.

"Hello?"

"Nuannuan, where have you been?" Shi Le sounded a little unhappy.

She thought that her granddaughter was still sleeping, but when it was time for breakfast, she realized that the little girl had disappeared early in the morning!

Hearing her grandfather's voice over the phone, Shi Nuannuan paused for a moment before returning. "I... Went out for a morning jog."

Shi Le frowned. "Morning jog? You ran for so long?"

Uh.

"I'll be back soon. Why are you looking for me?" She had to quickly get her brother to arrange a job for her!

Otherwise, she wouldn't be able to find a reason to go out without any friends!

"To the Cheng family."

"..."to the Cheng family again?

"To do what?"

"To visit your grandfather Cheng."

"Why don't you just go!" Why did he have to drag her along every time?

"Your brother and sister-in-law are going, and the whole family is going. Don't you want to go?"

"... eh?"

Shi Nuannuan couldn't help but be stunned. The whole family is going? To do what?

"Hurry up and come back. I'm waiting for You Now!" Shi Le ordered.

Shi Nuannuan sighed helplessly and had no choice but to compromise.

“I know, I’ll go back now!”

If even her brother and sister-in-law were to go, she would have nothing to say. She quickly got out of bed.

She walked to the bathroom and tidied up her hair and makeup. When Shi Nuannuan walked out of the bedroom, she saw Feng Shunqing sitting on the sofa watching television.

She smiled sweetly and very amiably. “Good morning, uncle.”

Her innocent and carefree appearance was indeed hard to dislike, especially her straightforward personality. Feng Shunqing actually liked this niece-in-law very much.

But..

Looking at the lovely person walking over, Feng Shunqing smiled.

Shi Nuannuan’s gaze left his face and turned to look at the living room. “Where’s Xiang Yi?”

“He went out to buy breakfast. He’s not back yet.”

“Oh!” She could only call him and tell him. She had thought that she could spend the weekend with him.

As she spoke, Shi Nuannuan took it out and looked up at Feng Shunqing with a smile. “Uncle, I’m leaving!”

Just as she was about to turn around and leave, Feng Shunqing opened his mouth and called out to her as if he had thought of something.

Chapter 1140 What’s Your Grandfather’s name?

“Nuannuan!”

Hearing this, Shi Nuannuan could not help but stop in her tracks. She turned around and looked at Wen Sheng. “HMM?”

“I... I have a few questions I want to ask you.”

Although Shi Nuannuan was a little surprised by Wen Sheng’s sudden words and was in a hurry to go back, it did not seem like she needed more than a few minutes? At most, she could just drive faster while driving.

Thinking of this, she turned back and sat down on the sofa. “What’s the matter?”

Looking at the girl in front of her, Feng Shunqing’s face was full of worry.

But in the end, she still smiled and asked, “I heard from Xiang Yi that your family’s conditions are quite good?”

Shi Nuannuan was stunned for a moment. Perhaps as Xiang Yi's uncle, it was normal for him to ask about her family's situation?

Thinking of this, she nodded with a smile. "Yes, my family is in business. It's just... Well, it's on a larger scale."

She was not a person who liked to show off, so she said it in a very reserved manner.

"Is that so? You... should be the daughter of a wealthy family, right?"

Shi Nuannuan had originally planned to mention the matter of her daughter from a wealthy family. She only wanted to get along better with Feng Shunqing. Who knew that he would take the initiative to ask.

She could not help but be stunned and looked at him in surprise.

Could it be that Xiang Yi had mentioned her identity to him?

"Did you hear it from Xiang Yi?"

Feng Shunqing was stunned and looked at her gently. "No, it was yesterday afternoon. I passed by that Park and saw you fishing there."

Shi Nuannuan was very surprised to hear his words.

"Yesterday afternoon? Uncle, you were in that park too?"

She saw her fishing? Then why didn't she go up and greet her?

Uh, wasn't it good not to greet her? After all, her grandfather was by her side at that time. If he knew, he would definitely be suspicious.

After all, in her circle of friends, it was impossible for her to know people like Uncle Xiang Yi who lived on the same level of life.

Feng Shunqing nodded as if she could see her confusion. "Yes, I didn't go up to greet you because I saw you with your family. You know how I look like..."

Feng Shunqing looked at herself. With his clothes like this, many people would know that he was from the countryside.

However, there was a hint of probing in his words, and his eyes carefully observed the changes on Shi Nuannuan's face.

Listening to his explanation, Shi Nuannuan seemed to instantly understand.

"Oh, so that's how it is."

Feng Shunqing smiled and continued to ask.

"Nuannuan, the person sitting next to you, is he yours... ?"

Shi Nuannuan's clear eyes did not have a trace of doubt towards Feng Shunqing. If he asked, she would naturally answer.

“That, he’s my grandfather!”

Hearing her answer, Feng Shunqing was shocked and his face darkened instantly.

They were indeed her family.

“Your grandfather’s name?”

Although Shi Nuannuan was a little surprised by his inquisitiveness, as Xiang Yi’s uncle, he seemed to have the right to ask. Hence, she did not ask much. After hesitating for two seconds, she said, “My grandfather’s name is Shi Le.”

Shi Le..

“The richest man in C Nation?”

Shi Nuannuan did not expect Yi’s uncle to know her grandfather.

However, since her grandfather was the richest man in C Nation, as his uncle who was also a citizen of C Nation, it was not surprising for him to know?

Thinking of this, the doubts in Shi Nuannuan’s heart were easily solved.

She smiled and nodded. “Okay.”
