

Kiss Me 1181

Chapter 1181 Love and Hate, how to choose (11)

“Sister-in-law, you said, I’ve already explained, I said...”the more she thought about it, the sadder Shi Nuannuan became. At this moment, she was already sobbing uncontrollably, “I said that I didn’t want to get engaged to Cheng Huan. Those were all grandfather’s nonsense, but... he ignored me and even said... that he wanted to end it with me. Wah... how could he do this, bastard!”! B * Stard! D * mn it — ah, it hurts!”

At the end of her sentence, she could not help but raise her hand to vent her anger. However, she touched her injury, causing her to furrow her brows in pain.

At this moment, Zuo Weiyi realized that her hand was wrapped in gauze. She could not help but be shocked. “What happened to Your Hand?”

Shi Nuannuan looked at her injured hand and cried like a baby. “I was caught by the door.”

Zuo Weiyi was stunned.

Caught by the door?

She carefully took her hand, which was wrapped in a thick layer of gauze, and asked, “Does it still hurt? How is your injury?”

Shi Nuannuan sobbed twice. “It’s much better now. Brother Sheng Hao said that three of his fingers were fractured. He needs to rest well.”

“! ! !”Three of his fingers were fractured! ?

Zuo Weiyi widened her eyes and saw the anxiety on her face. Shi nuannuan quickly explained, “Don’t worry. It’s a fracture, not a direct fracture.”

Although she did not understand, after her explanation, it seemed that there was nothing serious.

“During this period of time, it’s better for you not to disturb him. Let him be quiet.”

Shi Yuting suddenly spoke as he walked over. Shi Nuannuan looked up at him in confusion. “Why?”

Looking at his sister, Shi Yuting’s eyes were calm, but he was also worried about this matter.

“It’s very late, go to sleep.”

He did not directly answer her question. Instead, after saying these words, he directly pulled Zuo Weiyi’s hand from the sofa, then turned around and walked to the second floor.

“Brother, what did you mean just now?”She did not know if it was her imagination, but why did she feel that her brother had only said half of what he said? It seemed that he was hiding something from her.

On the stairs, Zuo Weiyi was still a little worried about her. Shi Yuting stopped in his tracks and turned around to look at Nuannuan who was still standing in the living room. "It's very late. We'll talk about it tomorrow."

After saying that, he pulled Zuo Weiyi upstairs.

Shi Nuannuan stood there in a daze, not understanding the meaning of his words.

Talk About It Tomorrow? In other words, they were indeed hiding something from her?

With this heavy and very confused mood, Shi Nuannuan went upstairs as well. She lay on the bed and tossed and turned.

She did not feel sleepy the entire night. She could not wait to get up when the Sun had just risen.

After going downstairs, other than the maids who had been busy the whole morning, even her mother, Shen Lanzhi, did not seem to have woken up.

Shi Nuannuan looked at the crystal clock on the wall. It was not even six o'clock yet.

She let out a long sigh and walked to the sofa to sit down.

Why did her brother tell her not to look for Xiang Yi these few days?

At half past six, Shen Lanzhi came down from upstairs. She was still clueless about what had happened yesterday. When she came downstairs early in the morning, she saw her daughter sitting on the sofa. She could not help but feel a little surprised.

"Nuannuan, why are you up so early today?"

She walked to the sofa and sat down beside her daughter. Just as she sat down, she caught a glimpse of her hand wrapped in gauze. Her expression suddenly changed!

"Nuannuan, what's wrong with your hand!?" She wanted to stretch out her hand, but she was afraid that it would hurt her daughter.

Shi Nuannuan raised her head. Because she did not sleep well last night, her face looked even more haggard.

This made Shen Lanzhi's heart ache even more. She asked anxiously, "W-what's wrong with you?"

Chapter 1182 love and hate, how to choose (12)

Shi Nuannuan looked a little listless and spoke weakly, "I'm fine, don't worry."

"But your face looks terrible, and this hand, what's wrong with it?" She looked at her daughter with a worried expression. She did not know what had happened recently, why was she always injured?

However, Shi Nuannuan no longer cared about her hand. Instead, she looked up at the stairs from time to time. She did not know if her brother and sister-in-law had gotten up yet.

After a while, the sound of footsteps finally came from the stairs. She turned her head anxiously, and it was Shi Le who went downstairs.

When she saw her grandfather, Shi Nuannuan's pretty face immediately turned sullen!

"What's wrong with Your Hand?" Shi Le saw her hand wrapped in thick gauze the moment he walked over. How could he not feel sorry for his granddaughter.

In fact, compared to his grandson, he was completely doting on his granddaughter. Other than marriage, he was practically obedient to everything else.

Ever since he was young, which of the things she wanted had not been given to her?

At this moment, when he saw his granddaughter's injured hand, his heart ached even more.

However, Shi Nuannuan did not pay attention to him. Instead, her face remained sullen, and she could not even be bothered to look at him.

Shi Le sat down beside her helplessly. Who knew that the moment she sat down, Shi Nuannuan would immediately switch to a single sofa.

Looking at his granddaughter's angry face, Shi Le sighed.

"Are you angry with Grandpa?"

Shi Nuannuan raised her head. "Grandpa, why did you tell Xiang Yi that I'm getting engaged to someone else? Tell me, who am I getting engaged to?"

"Cheng Huan!" Shi Le said.

Shi Nuannuan could not help but be stunned, including Shen Lanzhi and Shi Yuting, who had just come downstairs, as well as Zuo Weiyi.

"Cheng Huan? When did I get engaged to Cheng Huan?"

"Your Grandpa Cheng and I have already decided in private."

Decided in private? She frowned. Why was her marriage decided in private?

"Grandpa, why are you always like this? You were like this when brother and sister-in-law were together! Is power important? Is identity and background important? I'm marrying someone, not those who have fame and fortune!"

Shi Nuannuan's eyes were filled with tears.

"In today's Society, you can't be happy without these things!" Shi Le was also angry. In the end, he only wanted to give his granddaughter the best in the world, but he did not know that in the desert, the best was not diamonds., it was that insignificant bottle of water.

Water was not as valuable as diamonds, but it was the most precious.

"Grandpa is doing this for your own good." Shi Le's face darkened. In this society, no love could survive, but without power and background, it was difficult to survive.

“Grandpa, are you really doing this for my own good?”

“Why not? Since Young, what do you want that Grandpa doesn’t obey you?” Shi Le frowned and asked.

Shi Nuannuan raised her eyes that were full of tears, “Yes, from a young age, you will give me whatever I want, do you know that?” “Precisely because those are what I want, but Cheng Huan is not. To me, what you are doing now is taking away what I loved when I was young and giving me something that I don’t like at all. Are you still treating me well?”

“How can we compare this?”

“How can we not compare! ? Cheng Huan indeed has a good background and a good family background. I also admit that he’s a good person and a good friend, but I don’t like him! Just like Xiang Yi to you, if you don’t like him, do you still think that he’s good! ?”

Chapter 1183 love and Hate, how to choose (13)

“You’re infatuated with Xiang Yi now, so of course you won’t like Cheng Huan. When you get along with him more in the future, you’ll naturally forget Xiang Yi and fall in love with Cheng Huan.”

“Never!” Shi Nuannuan turned around, her tone extremely determined.

In this life, other than Xiang Yi, she would probably never fall in love with anyone else.

However, in Shi Le’s eyes, her solemn vow was an ignorant infatuation of her youth. Time was the best witness. Just like how he liked Shen Ruoxi back then, he once felt that he would never fall in love with another woman in this lifetime, however, it was only when his grandmother crashed into his life that he realized that many things were not incurable.

Of course, Shen Ruoxi was once a woman that he deeply loved.

However, with the passage of time and her grandmother’s passionate pursuit, that kind of deep-rooted love would also disappear.

Therefore, he felt that in this world, many things were not so absolute because you had not experienced it yet.

“In short, from now on, you are not allowed to look for Xiang Yi. He doesn’t really like you. There is a purpose to getting close to you!” Shi Le’s face could not help but sink.

Why did this granddaughter not listen to him no matter what he said?

Listening to her grandfather’s words, Shi Nuannuan felt a mouthful of blood rush up from her chest!

“Grandfather, why do you treat all people without status and status as if they have a motive? Back then, sister-in-law, you also said that she had a motive, but in the end? is that so? Can you always look at people with your eyes?”

As soon as she said this, the living room fell silent.

Shi Le was angry, but he had nothing to say.

Back then, he did indeed think that the only reason for getting close to Yu Ting was because of a purpose, but the two were completely different!

“Your sister-in-law is different from Xiang Yi!”

“How is it different! ?”

“Because Xiang Yi got close because –“he was about to tell them about Xiang Yi’s mother’s death, but after thinking about it, he swallowed his words.

“Because what! ?”

Shi Nuannuan wanted to ask.

Looking at his granddaughter, Shi Le didn’t say anything but sighed.

“In short, don’t keep in touch with Xiang Yi.”

“Grandpa.”

Shi Yuting, who had been silent the whole time, finally walked over and looked at Shi Le.

Shi Le raised his eyes and glanced at his grandson.

“Xiang Yi got close to Nuannuan without any purpose. I can guarantee that.”

“A man’s heart is separated from his stomach. Grandfather has experienced more things than all of you.”

“If he really is, he has countless chances to take revenge. He could have killed me, you, and even Nuannuan, but he didn’t, did he?”

Shi Le was momentarily speechless at his grandson’s words.

Perhaps that was the case, but he still couldn’t accept Xiang Yi.

“I heard that his father is a death row criminal. A son with no background and even a death row criminal, how could he be worthy of our Nuannuan!”

“Grandfather! It’s not his fault that he’s a death row criminal! Moreover, his father deserved to die. Back then, he and his mother got into a car accident because they escaped from his father’s demonic grasp. Other than providing sperm, that evil man had nothing to do with Xiang Yi at all!”

Listening to the conversation between her brother and grandfather, Shi Nuannuan could not help but feel sorry for Xiang Yi.

Although she was not very clear about what happened more than twenty years ago, she knew a little about it. It was probably because her father was so evil that he often abused Xiang Yi and her mother. Aunt Xiang, who could not bear the humiliation, took her beloved son away from home, however, she did not expect that a car accident would happen and her life would be lost.

Chapter 1184 Love and hate, how to choose (14)

“That doesn’t change the fact that he’s the son of a condemned man, just like his humble family background!”

“Grandpa, you’re Stubborn!” Shi Nuannuan couldn’t help but Roar!

“I’m stubborn, but that’s for your own good!”

“If you’re really good to me, can you change the way! ?”

“Change what? Whenever I think about how Xiang Yi has been hiding in our house for so many years now, my hair stands on end!” It didn’t matter if he had intentionally or unintentionally gotten close to the Shi family.., at that time, he didn’t know, but now that he knew, he absolutely couldn’t keep him by Yuting’s side.

Shi Nuannuan frowned. “What do you mean by hiding? What do you mean?”

“That’s right, son. What were you guys talking about just now? What Revenge? What ambush? Why did you say that we didn’t understand?” Shen Lanzhi, who was at the side, was also confused and confused.

At this moment, only Nuannuan and Shen Lanzhi did not know about Xiang Yi’s mother.

Shi Le looked at the mother and daughter, sighed, and did not speak.

At this moment, a servant walked over. “Master, it’s time to eat breakfast.”

“Let’s eat first,” Shi Yuting said as he looked at everyone. He then pulled Zuo Weiyi over and walked towards the dining room.

Shi Nuannuan was not in the mood to eat at the dining table. Furthermore, her hand was injured, so she could not be bothered to eat.

“Brother, what were you guys talking about just now?”

“Let’s eat first. We’ll talk after we finish eating.” Shi Yuting’s tone was firm. He casually scooped up a bowl of porridge for Zuo Weiyi and placed it in front of her.

After that, he scooped up another bowl and started eating slowly.

How could Shi Nuannuan still eat? She did not even pick up her chopsticks.

“Brother, do you think I can still eat?”

“You can’t Eat?” Shi Yuting raised his eyebrows and looked at her.

She nodded. “Yes.”

“Then forget it.”

“...” Shi Nuannuan could not help but ask, “What do you mean forget it?”

“If you want to know, then eat.” He pointed at the white rice porridge in front of her with his eyes.

Shi Nuannuan could only force herself to take a few mouthfuls.

Since she could not move her hand, she could only use the back of her hand to hold the spoon. It looked a little forced.

“Mommy, can I help you?” Seeing that her daughter was unable to move, Shen Lanzhi was about to take the bowl and spoon to feed her porridge.

“Mommy, It’s okay. I can do it myself.” She rejected slightly. She used the back of her hand to hold the spoon and put the porridge into her mouth.

After breakfast, Shi Le went up to the second floor, leaving the two generations of them sitting on the sofa in the living room.

Shi Nuannuan could not wait any longer. “Brother, hurry up and say it. Revenge, hiding, what are you and grandfather talking about?”

Raising his eyebrows slightly, Shi Yuting glanced at Shi Nuannuan across from him. His tone was a little heavy.

“You seem to know that Xiang Yi’s mother died in a car accident?”

Hearing her brother’s words, she nodded in a daze. “Yes, I heard him talk about it the last time I went to his house.”

“Then do you know the person who caused the car accident?”

She paused again and shook her head in a daze. “I don’t know.”

Shi Yuting could not help but fall silent as well. After a while, he looked at her and opened his mouth.

“It’s grandpa.”

“...” the moment he said that, Shi Nuannuan’s entire body seemed to have been frozen in place. She looked at her brother in front of her and did not move at all.

After a long while, she finally opened her mouth in a daze. “You’re saying that the person who killed his mother back then was... was Grandpa?”

Shi Yuting nodded.

No, how could this be..

Then she, then wouldn’t she become Xiang Yi’s enemy?

No, how could this be? This was impossible..

Chapter 1185 love and hate, how to choose (15)

In an instant, Shi Nuannuan was completely in shock.

“This is also the reason why Xiang Yi doesn’t want to talk to you, Nuannuan.” On the sofa, Zuo Weiyi, who was sitting next to her, could not help but want to comfort her. However, after such a thing

happened, it seemed that any words of comfort would be useless, the most sad and unbearable thing was Nuannuan's heart.

"Maybe Xiang Yi is also suffering now, so you have to give him some time to calm down and sort out the whole matter. Only then can he make a decision."

Hearing her sister-in-law's words, Shi Nuannuan turned her head, tears flashing in her clear eyes. "What choice? Will he still talk to me? Grandfather is the murderer of his mother, how can he still talk to me!?"

Grief and despair engulfed her in an instant. She lowered her head helplessly and cried out loud..

Only then did she understand why Xiang Yi did not care about her even after she explained so much. It turned out that she was his enemy, his mortal enemy!

But why did this happen? Why did this kind of feud that only appeared in television and novels happen to her..

Looking at her heartbroken, Zuo Weiyi didn't know how to comfort her.

"Nuannuan..." Shen Lanzhi also reached out her hand. Looking at her daughter's sad and crying face, she didn't know how to comfort her, and her heart was full of bitterness.

...

There was a knock on the door of the study on the second floor.

"Come in."

Hearing his grandfather's voice inside, Shi Yuting walked in.

Shi Le glanced at him, then lowered his head and continued to read some documents in his hands.

"What's the matter?"

"Yes." Shi Yuting answered and sat down on the sofa at the side.

Shi Le put down the documents in his hands. He had intended to find out what other methods could be used to control old master Cheng's illness.

He raised his eyes and looked at his grandson. "What's the matter?"

"It's about the car accident that happened more than twenty years ago."

Shi Le pondered for a few seconds. "You mean Xiang Yi's mother?"

"Yes." Shi Yuting nodded. In his impression, although his grandfather was harsh and strict, he felt a little guilty about what Feng Shunqing said.

He wanted to know how the car accident that happened twenty-one years ago happened.

"You said it yourself. It's been more than 20 years. How can I still remember it clearly?"

He only remembered that he had indeed handled a car accident back then. The deceased seemed to be called Qin Weiyi.

The reason why he still remembered it was because it was the only car accident in his life. As for what happened, after more than 20 years, he couldn't remember it clearly.

Moreover, he wouldn't remember those trivial things. If Feng Shunqing hadn't mentioned it, he wouldn't have remembered it at all.

"Then, is there a case for this matter?"

Hearing this, Shi Le's gaze drifted away. He recalled the time when he dealt with the accident in 20 years, "At that time, the police did file a case, but perhaps because of my identity, the police officer didn't dare to really deal with it. He just did some superficial work. It has been too long, so I can't remember what exactly happened."

"In short, that woman was sent to the hospital. Later, I heard that she still died."

Shi Le suddenly raised his eyes. He came to inquire about the incident more than twenty years ago. Could it be that he wanted to investigate this matter thoroughly so that Nuannuan and Xiang Yi could be together?

Thinking of this, Shi Le was even more unwilling to talk about that incident.

"Was she sent to the hospital before she died?"

Chapter 1186 investigation (1)

"Aiya, didn't I say that I can't remember clearly? Don't ask anymore!"

Since the matter had already passed, he couldn't be bothered to bring it up again. He also knew that this grandson wanted to help Nuannuan and Xiang Yi reconcile. If that was really the case, he might as well use this matter to completely cut off the relationship between Nuannuan and Xiang Yi!

Regardless of whether Xiang Yi had gotten close to Nuannuan because of his mother's death in the beginning, now that he knew, he couldn't let Nuannuan be with him anymore.

Even if he did not know in the beginning that the relationship between Nuannuan and him was pure, now that he knew about his mother's death, who could guarantee that he would not get close to Nuannuan with hatred?

Therefore, he could not allow such a thing to happen. No matter what, he could not let him get close to Nuannuan and everyone in the Shi family.

Looking at his stubborn grandfather, Shi Yuting had no choice but to give up.

He stood up. "Alright then, I'll go out first."

As long as the police had a case, it meant that they had left behind information that could lead them to the car accident 20 years ago.

However, it was a long time ago, so it was a little difficult to investigate again.

These days, Shi Yuting had people investigate the car accident, but there was no progress.

“Do you think there’s really such a coincidence in this world? Two people who love each other were completely unrelated 20 years ago, but 20 years later, they’re enemies. This is too close to reality.”

On the bed, Zuo Weiyi sighed when she thought of how Nuan Nuan had been getting thinner and thinner these days.

It had already been a week, and Nuan Nuan had lost a lot of weight.

“It’s too unrealistic.” Shi yuting lifted the blanket and got on the bed. He frowned slightly and took the information from the side.

Zuo Weiyi, who was curious, could not help but poke her head over. “What are you looking at?”

“The information about the car accident.”

She looked up, and a light flashed in her black eyes. “You mean the one about Xiang Yi’s mother?”

“Yes. Because it’s been too long, it’s a little difficult to investigate. This is only a part of the information.”

“What does it say?” Seeing the pile of words, Zuo Weiyi felt a headache coming on, but the more eye-catching ones were the photos of the car accident scene.

She couldn’t help but move her head closer, pointing at one of the photos and asking, “This, is this Xiang Yi’s mother?”

“Yes.”

“From the looks of it, she seems to be seriously injured.”

“Yes, she didn’t die at that time, and she was conscious. She was sent to the hospital.”

Zuo Weiyi couldn’t help but look up at Shi Yuting. “Didn’t Xiang Yi’s mother die in the car accident?”

“No.”

“Then what is it?”

“It’s this.” Shi Yuting raised his eyes and stared at the person in front of him, “Xiang Yi’s mother was sent to the hospital at that time and was temporarily saved from life-threatening danger by the doctors. Later on, her heart suddenly stopped beating. This is the point, and it’s still under investigation.”

“In other words, after his mother was sent to the hospital, she was resuscitated and then suddenly died?”

“Yes.” Shi yuting frowned. He had a feeling that something else had happened during this period of time, and that was very likely the real cause of Xiang Yi’s mother’s death.

“What is this?”

Seeing that he had inserted something into his laptop, Zuo Weiyi could not help but ask.

“The video that was copied at that time, one was the scene of the car accident, and the other was from the hospital.” Shi Yuting turned on the video.

What entered her eyes was a soul-stirring scene, which made Zuo Weiyi’s heart rise to her throat.

Chapter 1188 investigation (3)

Did he not close the door when he came in? Why was it half-closed?

As he was lying on Weiyi’s body, he lifted his upper body. Following the line of sight of the door, he suddenly noticed a ‘little thing’ by the bed!

After taking a closer look, he realized that the ‘Little Thing’ was... His little lover!

Eight-month-old Lian Lian was lying on the Persian carpet by the bed. Her big watery eyes were looking at her daddy and Mommy on the bed. She had a pacifier in her mouth as she stared at the two people on the bed in a daze.

Seeing that he was staring in one direction, Zuo Weiyi, who was lying there, could not help but raise her body and look at him.

When she saw this, she could not help but be shocked. “Lian Lian!”

After hearing her soft call, Lian Lian, who was lying on the ground, sat on the ground instead. Then, she spread her arms towards the two people on the bed and made a gesture of wanting to hug them.

Seeing this adorable gesture, Zuo Weiyi, who was lying on the bed, immediately pushed the man on her away. She lifted the blanket and was about to get out of the bed.

When she lifted the thin blanket, she felt a chill. She stopped moving and lowered her head. Only then did she realize that she was completely naked. How could she get out of the bed! ?

She quickly shrank back and got out of bed to pick up her daughter after putting on her clothes.

“Lian Lian, how did you get here?” Zuo Weiyi’s face was filled with love as she hugged her daughter. She could not help but kiss her tender face.

On the other hand, Shi Yuting’s face was dark. It was not easy for him to get through a week and he was about to get back with interest. He did not expect his daughter to come out of nowhere and steal his moment of love!

Faced with Zuo Weiyi’s words, the silent Lianlian only made a few sounds and did not answer.

“Do You Miss Daddy and Mommy?” Looking at the little baby, Zuo Weiyi completely ignored the man beside her and treated him like air!

The Lianlian on her body suddenly struggled non-stop, as if she wanted to get off her.

Zuo Weiyi paused. She did not know what she wanted to do, but she felt that she wanted to break free from him. So she placed her on the soft bed and let go of her hand.

The cute little fellow crawled to the head of the bed, then lay down in the middle and immediately fell asleep..

Looking at her cute little appearance, Zuo Weiyi couldn't help but laugh.

Beside her, Shi Yuting couldn't help but curl up the corners of his lips.

Why not wait until his daughter fell asleep before doing it? After all, the night was still long, and he still had plenty of time to have sex with her!

Just like that, with the appearance of Xiao Lian, Zuo Weiyi was tortured until what time in the morning before she could finally sleep peacefully.

— —

These past few days, Shi Nuannuan had been depressed. It had been a long time since Shen Lanzhi had seen her daughter smile. When she walked into the bedroom and saw her haggard appearance, her heart ached, but she could not do anything to help.

On the bed, Shi Nuannuan leaned against the head of the bed and sat with her knees crossed. She held her phone in her hand and kept looking at the screen.

It had been ten days, and Xiang Yi had not even given her a phone call or a text message. Was he really ignoring her?

"Nuannuan, mommy made you some corn porridge. Can you eat some?" Shen Lanzhi walked over and handed the corn porridge to her. However, Nuannuan only glanced at it for a moment before she averted her gaze.

She said, "I'm not hungry."

"You haven't eaten in the morning or in the afternoon. How Can You Not Be Hungry?" Shen Lanzhi was so anxious that she didn't know what to do. No matter how hard she tried to persuade her, she refused to eat.

Chapter 1189 investigation (4)

These few days, she had hardly had a proper meal, and she looked much more haggard than before.

The door was pushed open, and Zuo Weiyi walked in.

"Mom, give it to me."

She looked up at her, and the helpless Shen Lanzhi handed the corn porridge to her, then stood up to give the seat to her daughter-in-law.

She glanced at Nuannuan on the bed, and Zuo Weiyi, who was carrying the corn porridge, sat down.

"Nuannuan."

Hearing this, Shi Nuannuan still raised her head. After glancing at Wen Sheng, she continued to stare at the phone screen.

“Why don’t we go and look for Xiang Yi later?” Zuo Weiyi suddenly said.

Not only Shi Nuannuan, even Shen Lanzhi, who was standing at the side, felt very surprised and looked at her.

Shi Nuannuan also turned her face and said in a daze, “Look for Xiang Yi?”

Zuo Weiyi nodded. “En, didn’t you want to see him?”

For a moment, Shi Nuannuan was pleasantly surprised. However, when she thought of the reason why Xiang Yi did not bother with her, her heart sank to the bottom once again.

“But he doesn’t want to see me.”

“What does it matter if he wants to see you or not? If you want to see him, go and see him.”

Shi Nuannuan was stunned again.

She wanted to see him?

“Don’t you have a lot of things you want to say to him?” Zuo Weiyi asked again.

Looking at her sister-in-law in front of her, Shi Nuannuan’s heart was tightly twisted together.

Yes, she had a lot of things she wanted to say to him, but he didn’t pick up her calls at all. He didn’t even reply to her wechat messages.

Yes, she wanted to find him. She had a lot of things she wanted to say to him!

“Eat this, or else you won’t even have the energy to walk. After eating, let’s go to Xiang Yi’s apartment together.”

Looking at the bowl of corn porridge in front of her, Shi Nuannuan hesitated for a second before finally taking it over. She ate it one mouthful after another!

Although it was not much, seeing that her daughter was finally eating well, Shen Lanzhi felt much more at ease.

At four o’clock in the afternoon, Zuo Weiyi went to Xiang Yi’s apartment with her because Nuannuan’s hand had not recovered yet and she could not drive.

When they arrived at the apartment, they pressed the doorbell for a long time, but there was no response.

“Are you not at home?” Zuo Weiyi turned around and asked Nuannuan.

Xiang Yi had not gone to the supreme emperor for the past few days.

Looking at the tightly shut white wooden door, Shi Nuannuan thought about it. Finally, her gaze fell on the password lock at the side.

She walked over and pressed the password she was familiar with: 6073.

The door opened with a click. Zuo Weiyi did not seem surprised that she knew the password.

The two of them walked in together, but they found that the living room was empty. There was no one there.

“There doesn’t seem to be anyone.”

After searching around, Zuo Weiyi was sure that there was no one there.

Shi Nuannuan did not know where Xiang Yi had gone, and she would not pick up his call at all. At this moment, facing her sister-in-law’s question, she did not know how to answer it either.

Time slowly passed, and the sky outside the window gradually darkened until the lights dimmed.

“Nuannuan, why don’t we go back first today?” Zuo Weiyi looked at the time. It was already seven o’clock in the evening.

Shi Nuannuan, who was sitting on the sofa, turned around and glanced at her. “Sister-in-law, you should go back first. I... I want to wait for him here.”

“But what if he doesn’t come back at all?” If Xiang Yi wanted to avoid her on purpose, he might really not come back here.

It was not useless for her to stay here?

“He only has one place in City Z. if he doesn’t come back, where will he go?” The only place that he could go was the hotel.

Chapter 1190 investigation (5)

But she felt that he would come back here.

However, why was Xiang Yi’s uncle not here? Did he go back?

She looked around the house, but she did not see Feng Shunqing. Shi Nuannuan did not have the mood to think about it anymore.

“Then I’ll stay with you!” She was worried about her being alone.

Just then, the phone rang again.

Zuo Weiyi took out her phone and looked at the caller ID. It was from home. She couldn’t help but frown.

“Hello?” She picked up the phone.

Soon, Shen Lanzhi’s slightly anxious voice sounded from the other end. “Weiyi, I don’t know what’s going on with Mo Mo. he’s been crying so much. I just touched his forehead and face. He seems to be burning up.”

After the two babies were born, they had almost never been sick before. Zuo Weiyi, who had heard the news for the first time, was instantly flustered.

“How could this be! ? wasn’t he fine when I came out! ?”

“I, I’m not too sure either.”

“I’ll be back right away!”

After hanging up the phone and looking at Shi Nuannuan in front of him, Zuo Weiyi could not put her mind at ease.

“What’s Wrong?” Seeing the anxiety on her face, Shi Nuannuan could not help but ask.

“Mo Mo seems to have a fever. I have to go back, you...”

“I’m fine, sister-in-law, you should go back quickly!”

“I’m worried about you. You should go back with me!” As she spoke, Zuo Weiyi was about to hold her hand.

However, she rejected her. “No, I have to wait for him to come back here.”

“But what if he doesn’t come back?”

“This is his home. Even if he doesn’t come back, it’s fine. At worst, I’ll stay here.”

She was already used to everything here. The sweet image of her and Xiang Yi together flashed in her mind again.

In the end, Zuo Weiyi, who could not persuade her, could only leave first, worried about the baby at home.

...

Two hours passed, and it was nine o’clock at night. Shi Nuannuan was still waiting for Xiang Yi’s return.

She, who was sitting on the sofa, did not know tiredness and continued to wait.

The night was gradually getting darker, and a breeze blew in through the window.

She had been weak and haggard for the past few days, and she could not sleep at night. At this moment, she had unknowingly fallen asleep on the sofa.

At midnight, the door of the apartment was opened.

The moment he entered, he realized that the lights were bright. He could not help but be startled.

On the sofa, Shi Nuannuan had slept for an unknown period of time. However, she gradually became restless, as if she was experiencing the pain of her life.

On the sofa, she had a pained expression on her face, and her hands were trembling slightly.

She saw Xiang Yi. He had been knocked down by a speeding car and was lying in a pool of blood.

“Xiang Yi!” She was covered in cold sweat and jumped up from the sofa. Her face was so pale that there was no trace of blood. Beads of sweat dripped from her forehead as she panted heavily.

After a long while, she finally calmed down and looked at the familiar room in front of her. She realized that everything was just a dream.

Fortunately, it was just a dream.

She raised her hand and covered her eyes as if she wanted to wipe away the tears that came out of her eyes. Then, she pushed the hair that fell on her forehead to the back of her head.

She was so shocked that she wanted to get up and pour a glass of water to calm herself down.

However, as soon as she stood up and turned around, she saw the man who was standing there at some unknown time.

She paused as if she was also a little frightened by the sudden appearance of him. Her whole body obviously trembled.

However, it had only been ten days since she last saw him, so how could she be so Haggard?

Looking at the person in front of him, Xiang Yi’s heart was suffering.
