

Kiss Me 1201

Chapter 1201 yes, he must be dreaming..

However, the moment he turned around, he suddenly caught a glimpse from the corner of his eye of the grass a few meters away from him. The grass suddenly began to shake violently.

His eyes turned cold and he frowned slightly.

Was it the wind?

No, it was not the wind!

He strode towards the direction where the grass was shaking. The glimmer of hope that was about to be extinguished in his heart was ignited once again.

When he walked in, the first thing he saw was that light yellow thin shirt and that familiar figure.

“Nuannuan!”

He rushed over impatiently and helped the person who had fallen into the mud up.

Her pale face was stained by the mud and her hair had become somewhat messy.

At this moment, Shi Nuannuan seemed to have held on until the last moment. She raised her eyes and looked at the familiar man in front of her. For a moment, she really thought that she was dreaming.

Because at this moment appeared in front of the man, is ignored her, how can she embrace her in the arms.

Yeah, it’s probably just a dream..

“Warm!” He heartache of a roar, only to see the arms of the people have lost the last consciousness.

— * * * —

At noon.

Snow-white ward, Shi Nuannuan Female Nuannuan still woke up.

Zhong Shenghao’s voice came from beside the bed. He stared at the person on the bed who had a high fever and his eyebrows were knitted together. It was not difficult to see the worry on his face.

“What exactly happened? Not only did she have a high fever, but she also had internal injuries. She must have been hit by something.”

Each of Zhong Shenghao’s words was like a steel knife, stabbing fiercely into Xiang Yi’s heart.

“I’m not sure either. When we found her, the building was already empty. We can only wait for her to wake up before we ask her.” Looking at his sister on the hospital bed, Shi Yuting’s eyes suddenly flashed with a cold light.

Who dared to lay a finger on Lord Taisui’s head and lay a finger on his family?

Beside the bed, Zuo Weiyi also had a worried look on her face.

“Hao Sheng, when will nuannuan wake up?” She turned around and asked Zhong Shenghao, who was standing there with a worried look.

Zhong shenghao sighed and his gaze fell on Nuannuan’s face on the bed, “I’m not sure yet. It depends on whether her high fever is suitable or not. I can’t believe that she suffered such serious injuries and was drenched in the rain for the whole night. If you had found her a little later, I think...”

He did not continue. Even a smart person could understand the meaning of his words.

If it had been a little later, she would have died!

Zhong Shenghao’s words made the three people in the ward gasp. Xiang Yi and Shi Yuting’s dark eyes were filled with murderous intent.

Who Was it that wanted her dead?

At this moment, the door of the ward was suddenly pushed open. When they heard the sound, they turned around and saw Shi Le and Shen Lanzhi walking in anxiously with Cheng Huan and his parents behind them!

“Nuannuan! My Nuannuan, what happened to you?” As soon as she walked in, Shen Lanzhi was already so anxious that tears were streaming down her face. She rushed to the bedside and looked at her daughter who was still unconscious.

Looking at her pale granddaughter, Shi Le was also stunned.

Why did this kind of thing happen all of a sudden?

“What on Earth is going on! ?”

Shi Le asked sternly. His gaze noticed Xiang Yi who was standing in the ward, and his face could not help but darken.

Cheng Huan walked to the bedside and looked at Shi Nuannuan, who was still unconscious. Her pale face made his heart clench, a heartache he had never felt before.

Shi Yuting did not reply to Shi Le’s words, and Zuo Weiyi was even less likely to speak.

Chapter 1202 miscellaneous people

Although he knew very well that his grandfather was doing it for Nuannuan’s good, wasn’t Xiang Yi’s current situation the same as when she had stayed by Shi Yuting’s side for no reason at all?

In his grandfather’s eyes, as long as one did not have any status or status, they might have a motive to approach nuannuan. Coupled with the incident of Xiang Yi’s mother’s car accident, his grandfather would definitely think that Xiang Yi and Nuannuan were together., perhaps it was for revenge.

As they shared the same fate, she naturally sympathized with Xiang Yi and would not side with her grandfather, Shi Le.

“Are you all mute? I’m asking what exactly is going on! ?” Looking at his unconscious granddaughter, Shi Le’s heart actually ached for her. It was just that he was too stubborn in certain matters.

“I was kidnapped by an unknown person and was only found this morning,” Shi Yuting gave a brief summary.

Shi Le could not help but be stunned.

Kidnapped?

Why was he kidnapped out of nowhere? Who Dared to touch his Shi family members?

“What’s going on? Nuannuan was still at home yesterday, wasn’t she? Why was she suddenly kidnapped by an unknown person? What on Earth is going on! ?” Clearly, Shi Le wanted to get to the bottom of this matter.

Shi Yuting and Zuo Weiyi’s only gaze naturally fell on Xiang Yi’s face.

This matter might have started because of him, but the culprit was..

The husband and wife could not help but turn their gazes to Shi Le’s face that was filled with the vicissitudes of time.

However, Shi Le did not notice this. He only felt that this matter definitely had something to do with Xiang Yi.

His slightly cold gaze fell on Xiang Yi’s face. Then, he turned his eyes, and his expression was very cold.

“This is my granddaughter’s ward. Those who are not involved, please leave.”

“...”

As soon as he said this, everyone’s gazes couldn’t help but look at him, including Cheng Huan and his parents.

Miscellaneous people? Could it be that he was referring to them? But there was no reason. They had come here to visit Nuannuan together with old Mister Shi.

Only Shi Yuting and Zuo Weiyi, including Xiang Yi himself, understood who the ‘miscellaneous people’ that Shi Le was referring to was.

Facing Shi Le’s old face, Xiang Yi’s hands that hung by his side tightened slightly.

When would he be able to not fear the gazes of others and stand openly here, protecting the woman he loved.

“Cough!” Looking at the ward that had suddenly quieted down, Zhong Shenghao suddenly coughed lightly and looked at the crowd. “This, the patient needs a good resting environment. Try to keep it quiet.”

In fact, he couldn’t help much. He had experienced old master Shi’s stubborn temper before. It seemed that Xiang Weiyi and nuannuan were going to make the same mistake as Ting and nuannuan.

After saying that, he took the lead to leave the ward and went to prepare the medicine for Nuannuan.

“Why aren’t you leaving?” Shi Le’s emotionless voice sounded again. Obviously, he was talking to Xiang Yi, even though he didn’t look at him.

Xiang Yi’s gaze shifted from his face to the bed, and his hands gradually tightened.

Shi Yuting seemed to be unable to watch any longer and had no choice but to open his mouth.

“Grandfather, what happened to Nuannuan has nothing to do with Xiang Yi. If there’s really to blame... it’s all your fault.”

He spoke very straightforwardly. The cause of this incident had always been his grandfather.

He didn’t expect his grandson to speak so straightforwardly in front of so many people. Shi Le was definitely a little unhappy in his heart.

“You, how can you speak like that?”

The Cheng family was present, so he did not want Cheng Huan’s parents to know about Nuannuan and Xiang Yi. Hence, he spoke harshly and glared at his grandson.

However, Shi Yuting said two words expressionlessly, “The truth.”

Chapter 1203 when did you come back?

Shi Le was helpless, but he did not want Xiang Yi to continue staying here.

To him, Xiang Yi was just a small assistant by his grandson’s side, and the people standing in this ward were all noble masters!

“No matter who caused this incident, I don’t want to see an outsider in this ward!” Shi Le’s face was extremely dark.

Cheng Huan’s parents were even more confused by this scene.

“Old Fogey!”

At this moment, another voice suddenly sounded from the door of the ward.

Everyone looked over when they heard the voice. When they saw Wen Sheng, they could not help but be very surprised.

“Grandfather!”

Zuo Weiyi was the first to stand up and rush to Zuo Yi with a face full of joy. “When did you come back?”

Seeing his granddaughter, Zuo Yi couldn’t stop smiling. “I just got off the plane and went to your house to look for you. I wasn’t there. I heard from the maid that Nuannuan was hospitalized, so I couldn’t wait to come here!”

Firstly, he was also anxious to see his granddaughter. Secondly, he also liked Nuannuan very much. Knowing that she was hospitalized, there was no reason not to come and see her.

However, just as he walked to the door of the ward, he bumped into Zhong Shenghao. Then, he heard Shi Le's words from outside the ward. Although he didn't know what exactly happened, from his words., he could only hear that Shi Le's tone was still as stubborn as ever. He couldn't help but say something!

"You Old Man, who are you calling stubborn? You didn't travel around your world properly. Why did you come back?" Upon seeing Zuo Yi, Shi Le was a little surprised, but he couldn't help but argue with him.

"I'm talking about you. Who else could it be but you?"

"Shh, grandfather, Nuannuan hasn't woken up yet. She needs to be quiet." Zuo Weiyi was worried that the two of them would quarrel again when they met.

For the sake of his granddaughter, Zuo Yi glanced at Shi Le in annoyance and did not say anything else.

Looking at the big family in front of him, Xiang Yi's gaze suddenly met Cheng Huan's. From that pair of dark eyes, he sensed hostility.

In the end, under Shi Le's fierce opposition, Xiang Yi still left the ward.

Zuo Weiyi was a little worried about him and could not help but chase after him.

"Xiang Yi."

Hearing Wen Sheng, Xiang Yi immediately turned his head and looked at her. "Young Madam."

Zuo Weiyi smiled and then walked around the hospital garden with him.

"If Nuannuan woke up, would you still ignore her?" On the small Pebble Road in the garden, Zuo Weiyi turned his head and asked Xiang Yi.

Nuannuan didn't have any friends. The only person she could confide in was her sister-in-law, Zuo Weiyi.

If she didn't say anything, who would pass on her worries to Xiang Yi?

Xiang Yi turned to look at her and his heart sank.

Zuo Weiyi also understood his difficulties.

Just like her mother, she would never forgive Qiu Yun and her daughter and her irresponsible father for the rest of her life.

"I know that you're in a lot of pain facing this matter, but..." she stopped and turned to look at him. "I hope you can calm down first and investigate the car accident that happened 21 years ago."

Xiang Yi frowned, feeling that there was a hidden meaning in her words.

"Investigate?"

"Yes." She pursed her lips and nodded, "Shi Yuting has been investigating that matter for the past few days. Although there are no results yet, I know one thing. Your mother suddenly bled to death after she was sent to the hospital after the car accident. He feels that there's something fishy about your mother's death. Perhaps you should also investigate this matter properly."

Chapter 1204 was a name he did not want to mention

Xiang Weiyi frowned slightly when he heard her words.

It had been too long. He was only six years old at that time, and many of his memories were already blurry. The only thing that was clear was the image of his mother lying in a pool of blood.

“By the way, I also saw the surveillance footage at that time. Do you still remember the scene at that time?”

Xiang Yi was slightly stunned by her question.

“I don’t remember it very clearly.”

Zuo Weiyi was a little disappointed, but it was understandable.

After all, Xiang Yi was still young at that time, and it had been 21 years, so it was inevitable that his memory would be blurred.

“Then, do you still remember why your mother took you to run across the road at that time? Didn’t she see that the light was red?”

With her question, Xiang Yi’s memory returned to the intersection where the car accident happened 21 years ago.

At that time, his mother was leading him out of a bus, but as they walked, his mother suddenly held his hand and ran wildly. It was as if... he frowned and closed his eyes, as if he wanted to make that memory clearer.

Why did they have to cross the road? He remembered his mother turning back from time to time, pulling him along as she said to him, “Xiao Yi, run, run!”

That situation should be... someone chasing them from behind?

“Can you remember?” Zuo Weiyi could not help but ask as he looked at him in deep thought.

If there was really something fishy about the car accident, and if Xiang Yi’s mother’s death was not caused by his grandfather, then Xiang Yi and Nuannuan’s previous obstruction would have been more than half removed!

Xiang Yi opened his eyes and frowned slightly. “At that time, it seemed like someone was chasing us...”

As expected, someone was chasing them!

Zuo Weiyi was overjoyed.

“Who was it?”

Xiang Yi’s gaze landed on her face. “I don’t remember, but if there was only one person who was chasing us at that time, it was him.”

She was stunned. “Who?”

“Xiang Zhidong.”When the name was mentioned, Zuo Weiyi could clearly feel that his voice had turned cold.

Xiang Zhidong? Who Was This?

Uh, Xiang?

Looking at Xiang Yi, Zuo Weiyi recalled that when he and his mother had escaped from home, it was to escape from his father’s demonic grasp.

So this Xiang Zhidong was his father?

“Your father?”She wanted to confirm.

Only by confirming could she better investigate.

Xiang Yi did not say anything because he did not want to admit that the man was his father.

Zuo Weiyi suddenly felt that the Xiang Yi in front of her was really very similar to her identity. The only difference was that he was not the illegitimate son that everyone despised, but she had an awesome grandfather.

But they shared the same fate.

She could not help but want to help him, but it seemed that she could not give him anything.

Because the person in front of them was her grandfather. Even Shi Yuting could not do anything about it, so how could she help?

Back to the main topic.

If Xiang Zhidong was the one who chased after them, they would have to check if Xiang Zhidong had been in the hospital at that time.

Could it be that Xiang Yi’s father was involved in Xiang Yi’s mother’s death?

“Then he’s now...”it was said that he was on death row. He should still be in prison, right? As long as Shi Yuting sent someone to check, there might be some new developments.

Because he did not know what his father looked like, he did not know whether Xiang Zhidong had been to the hospital when he retrieved the surveillance footage.

“He’s already been executed,”Xiang Yi said coldly. He was not the least bit upset about Xiang Zhidong’s death. He even wished that Xiang Zhidong had died a few years ago!

Chapter 1205, what do you think?

In this way, his mother would not have a car accident in order to escape from his demonic grasp.

And she would not leave him alone in this world.

Hearing this, Zuo Weiyi could not help but be stunned and a little disappointed.

Was he already dead?

Then even if they found out about him, wouldn't there be no evidence to prove it?

Looking at Xiang Yi, Zuo Weiyi did not speak again.

He might die without any evidence, but this also meant that it was a clue.

"Young Madam, you can go back." After this detailed discussion with her, Xiang Yi also wanted to clarify what happened 21 years ago.

If this was a turning point, then he would never let go of her hand again!

"Okay." Zuo Weiyi smiled. "I'll go up first, but don't be too discouraged. After Grandpa leaves, you can still come to the hospital to visit Nuannuan."

"Okay. If she wakes up, please let me know."

"Okay." She nodded.

Then, she watched him leave.

What was the truth about the car accident 21 years ago?

In the afternoon.

The sky gradually darkened. Shi Nuannuan did not wake up, but her high fever gradually subsided.

"Sheng Hao, when will nuannuan wake up? Is she okay?" Shen Lanzhi could not help but worry when her daughter did not wake up.

Cheng Huan's parents had already left, but Cheng Huan himself did not.

"Her condition is still stable, and her high fever has subsided. She should be able to wake up when her fever has subsided. Auntie Shi, you don't have to worry too much," Zhong Shenghao said.

Shen Lanzhi was relieved after hearing his words. She turned to look at her daughter on the bed.

At night, Shi Nuannuan finally woke up in a daze.

Seeing her open her eyes, Shen Lanzhi was very excited. Her eyes were filled with tears of joy.

"Nuannuan?"

On the hospital bed, Shi Nuannuan slowly opened her eyes. What she saw was her worried face.

"Mommy..."

"How do you feel? Does your body still hurt?"

When they saw that she had woken up, everyone could not help but gather around the hospital bed and look at her.

Shi Nuannuan opened her heavy eyes and glanced at the people around the hospital bed one by one, but she did not see Xiang Yi.

Could it really be that she had a dream? It was not Xiang Yi who saved her..

“Nuannuan?”

She did not say a word, and Shen Lanzhi could not help but become even more worried. She thought that she had hurt her brain or something, so she could not help but call out again.

Shi Nuannuan turned around and looked at her mother’s face. “My whole body hurts.”

Indeed, she felt pain all over her body, and she didn’t have much strength.

This shout couldn’t help but scare everyone. Zuo Weiyi quickly turned around and ran to call Zhong Shenghao over.

“She was already hit by a heavy blow and suffered internal injuries. It’s normal for her body to hurt. Don’t worry too much,” Zhong Shenghao explained to everyone.

Hearing his words, everyone heaved a sigh of relief.

“But since she’s already awake, I suggest that there shouldn’t be so many people in this ward. It’ll affect her rest,” Zhong Shenghao added.

Under his suggestion, only Shen Lanzhi and Zuo Weiyi remained.

Cheng Huan glanced at her. Although he wanted to stay, he couldn’t seem to find a reason. He took a deep look at Shi Nuannuan and left the hospital as well.

Shi Nuannuan couldn’t help but speak up when everyone left and only her sister-in-law and mother were left in the room.

“Sister-in-law.”

“Yes?” Zuo Weiyi leaned over.

“It was... Brother who brought me back?”

Chapter 1206: I Want to solve it myself

Zuo Weiyi could not help but smile gently. “It’s Xiang Yi.”

She knew that Nuannuan cared about this very much.

“Really?” She felt a sweetness in her heart.

Zuo Weiyi nodded. “Yes, he was the one who brought you back!”

Shen Lanzhi, who was standing at the side, felt her heart ache when she saw her daughter like this.

She did not know if she was thinking too much. It seemed that ever since she started dating Xiang Yi, she had been injured and hospitalized from time to time.

It hadn’t been long since she had recovered from her leg injury the last time, and now she was hospitalized again, and she was still seriously injured.

“Nuannuan, what happened to you? How did you suddenly get injured like this?” Shen Lanzhi frowned. How could her daughter not feel sorry for her.

After being reminded by her mother, Shi Nuannuan finally thought of the reason for her injury.

An Zhihan, let's see if she doesn't kill me!

Just then, the door was pushed open and Shi Yuting walked in.

“Are you done?” Seeing him, Zuo Weiyi turned around with a faint smile on her face and looked at him with deep affection in her eyes.

“Yes.” He walked over and habitually held her in his arms. He walked to the bedside and looked at his most beloved sister. “You're Awake?”

“Brother.”

“How is it? Do you still remember what happened before?” Shi Yuting asked.

Looking at the look on her face, she should be fine now. A worried heart finally settled down.

Shi Nuannuan nodded slightly. “Yes.”

“Who is it?”

“An Zhihan.”

Shi Yuting frowned. He had a slight impression of this name.

“It's the woman who injured my leg earlier.”

Hearing this, Shi Yuting finally remembered.

Zuo Weiyi was also a little surprised.

“It's her! ? It's her who kidnapped you and injured you like this again?”

“Yes.”

“As long as we investigate, we should be able to find her current address, but...” she raised her eyes. She was very clear that after she said an Zhihan's name, her brother, who doted on her, would definitely go to find an Zhihan without delay, however, she wanted to settle this matter herself.

“Brother, I want to settle this matter myself.” She must make her life a living hell!

“Alright,” Shi Yuting agreed. “I'll find out her address and settle it after you're discharged from the hospital.”

“En.”

Listening to the conversation between the brother and sister, Zuo Weiyi could not help but sweat profusely from the side.

This brother and sister pair were really the devil siblings that could not be offended!

“Nuannuan, don’t think about those things for now. Take good care of your body. Are You Hungry? What do you want to eat? Mommy will go back and make it for you.” Looking at her daughter’s pale face.., although she had already woken up, Shen Lanzhi’s heart still ached.

“I’m not very hungry.” With the concern of her family, Shi Nuannuan felt very warm in her heart.

“How can that be? You’ve been unconscious for a whole day and haven’t eaten anything. I’ll go back and make some food for you.”

As she spoke, Shen Lanzhi had already gotten up and was preparing to go back and make some food for her daughter.

Just as she walked out of the ward and arrived at the elevator, Xiang Yi’s figure walked out.

When he saw her, Xiang Yi nodded slightly. “Madam.”

Shen Lanzhi glanced at him and knew what was blocking him and Nuannuan.

She sighed and looked at Xiang Yi. “I know that you really like Nuannuan, but I hope that you won’t let her get hurt while you’re in love with her.”

Although she didn’t know how the incident happened last night, or maybe it was because the old man was blocking them, for Nuannuan to get hurt like this, it must have something to do with him. As someone who had been through this before.., how could she not see it.

Chapter 1207, what are you going to do now! ?

Last Night, Nuannuan went to his apartment to look for him, but today, something like this happened. Even if it had nothing to do with him, as a man, he really did not protect Nuannuan well.

Looking at Shen Lanzhi in front of him, Xiang Yi’s heart was extremely heavy.

After saying that, Shen Lanzhi did not insist on an answer, as long as he knew it.

She glanced at him and did not say anything else. Instead, she walked past him into the elevator and went straight downstairs.

After a long while, Xiang Yi raised his head and looked at the door of the ward not far away. Then, he walked over.

When he arrived at the door of the ward, he did not knock. Instead, he stood quietly at the door.

After an unknown period of time, the door of the ward was opened again. Shi Yuting raised his head and saw him standing there.

“You’re not going in?”

As soon as he spoke, Shi Nuannuan and Weiyi, who were in the ward, naturally heard him.

Zuo Weiyi turned around and saw Xiang Yi standing at the door of the ward.

Shi Nuannuan was lying down, so she did not see him. However, in her heart, she felt that the person standing at the door was Xiang Yi.

Xiang Yi looked at Shi Yuting but did not speak for a long time.

Shi Yuting did not say anything else. Instead, he walked past him and left.

After a long while, Xiang Yi raised his head and walked into the ward.

Even though his heart was tormented, he really wanted to see her at this moment.

When he walked into the ward and saw the person who had woken up on the bed, his heart finally settled down.

"Xiang Yi..." on the bed, Shi Nuannuan was still very weak. Because she had suffered internal injuries, she would not recover so quickly.

Looking at the two of them, Zuo Weiyi smiled and suddenly said, "Ah, I forgot to tell your brother something."

As she said that, she got up and left the ward, leaving the space for the two of them.

In the blink of an eye, only the two of them were left in the ward. Their eyes met, and everything was empty.

After a long while, he said, "Who did it?"

She looked at him and lowered her eyes. After a long while, she answered, "An Zhihan."

He furrowed his brows.

"An Zhihan?"

"Yes, she seems to have arrived here a long time ago."

Xiang Yi glanced at her and did not speak again. Instead, he seemed to be deep in thought.

Shi Nuannuan suddenly moved. She seemed to want to sit up, but she woke him up from his deep thoughts. She looked up and asked, "What do you want to Do?"

His tone was clearly filled with anxiety and worry.

She paused and stopped moving.

"I, I want to drink water."

Actually, she had always wanted to drink water since she woke up. She had been busy answering questions, so she had not had the chance to speak.

"I'll do it. Don't move."

He turned his head and saw the water dispenser at the side. Then, he got up and walked over. He took out a cup and poured her a glass of water before returning to the bed.

Looking at the water in his hand, she wanted to get up. After all, she could not drink water lying down like this.

“What are you going to do now! ?” In his anxiety, his tone became heavier, revealing his concern for her.

Shi Nuannuan paused again and looked at him with her black eyes. “I, I want to get up and drink water.”

Otherwise, how could she drink water lying down?

He was also stunned. Only then did he realize that he was in a bit of a mess.

He put down the cup in his hand, stood up, and helped her up, leaning against the headboard.

Just as he was about to turn around and get the cup after helping her up, the next second, Shi Nuannuan hugged him tightly..

He was stunned. He lowered his head and looked at the person who was hugging him tightly. His voice was very low. “What’s Wrong?”

Shi Nuannuan did not speak. She just quietly hugged his waist and pressed her face against his. She did not seem to want to let go.

Chapter 1208: Gentle Care

He glanced at her and did not intend to push her away. Instead, he asked softly, “Aren’t you going to drink some water?”

Wen Sheng finally let go of him reluctantly.

He took the cup of water and brought it in front of her.

She reached out to take it. By accident, Xiang Yi caught a glimpse of two distinct purplish-red marks on her wrists. They were probably caused by her being tied up earlier.

When he found her, her hands were tied behind her back and she could not move.

He suddenly did not pass the cup to her, but instead, he went straight to her mouth.

She paused and was a little stunned, but she still went to her mouth and drank the water that he fed her.

“Oh –”

She had just taken a sip when she was scalded to the point that she vomited all over, tears even coming out.

“What’s Wrong?” He thought that something was wrong with her, and his eyes were filled with anxiety.

Shi Nuannuan raised her hand to wipe her mouth. Because she was a little distracted just now, she took a big gulp when she drank it. Only then did she realize that the water was very hot, and she could not even spit it out in time.

“Hot...”she frowned, and her beautiful eyes were full of tears.

Xiang Yi could not help but be startled, and he lowered his head to look at the water in the glass.

Perhaps the quilt was separated from the air, so when he took it, it was only warm, not very hot.

He glanced at her, then brought the water to his mouth and blew it gently.

The way he blew the water gently stunned her for a moment, and she fell into a daze.

“It’s done.”After blowing until it was slightly hot, he raised his eyes and brought the water to her mouth again.

Shi Nuannuan bit her lower lip and then looked at the glass of water. She closed her mouth and drank it all in one gulp, as if it was still not enough.

Xiang Yi was also very clear that after her high fever, her body was the most dehydrated. Moreover, she must have been thirsty for the whole night.

Hence, he poured a glass of water in front of the water dispenser in the morning, blew it cool, and fed it to her.

It was not until she drank two full glasses of water that Shi Nuannuan felt that her throat was much more comfortable.

“Do you want more?”

She shook her head. “There’s no need.”

Only then did he put down the glass of water.

The ward became quiet once again. The two of them looked into each other’s eyes, containing the longing they had for each other for the past few days. However, Xiang Yi could not say it out loud.

After a long silence, he suddenly stood up. “Rest well.”

After saying that, as though he did not need her reply, he turned around and left.

It was not easy for him to be willing to pay attention to her and talk to her. Of course, Shi Nuannuan was not willing to leave just like that!

“Xiang Yi!”

She panicked and did not bother about the injuries on her body. Although she had woken up, her Yuan Qi had not recovered and her body was still weak.

With a plop, Xiang Yi turned around and saw her fall to the ground. He could not help but feel his heart tighten as he turned around and carried her up.

“What are you doing again! ?”

Why was she always like this? She did not know how to cherish herself. She could not get out of bed, so why did she still want to get out of bed! ?

“Don’t go.” She reached out and grabbed a corner of his sleeve like a child.

That aggrieved look broke his heart and melted in an instant.

“Don’t go. You can ask, but why do you have to get out of bed?” He could not help but feel a little angry when he thought of the possibility that her injuries might worsen after she fell.

Shi Nuannuan lowered her eyebrows because most of the time it was subconscious. She would never have thought that she did not have any strength at all.

“I was afraid that you would leave, so I wanted to hold you back.”

“Don’t do this again next time.” His tone softened.

However, she seemed to have grabbed onto something. She raised her eyes and looked at him. “Then next time, as long as I ask, will you stay and not leave?”

He was startled, looking at her black pupil.

Chapter 1209 was definitely his biological mother!

If it was possible, he would not have left without her asking.

But in the end, Xiang Yi did not answer her question. Instead, he changed the topic.

“Are you hungry? I’ll go get some food.”

“There’s no need. My Mommy has gone back to make food.” At this moment, she only hoped that he could stay here with her.

He glanced at her and did not say anything else. The room fell into silence once again.

She was afraid, afraid that he would turn around decisively and ignore her again.

Although she did not understand why he suddenly paid attention to her now, one thing was clear.

He had found her and carried her here. This meant that in his heart, even if there was hatred, the one he loved was still himself.

Outside the window, night fell. At 7:20 pm, Shen Lanzhi walked into the ward with corn porridge and soup.

Her arrival broke the silence in the ward.

“Mommy,” Shi Nuannuan called out when she saw her mother.

Xiang Yi also stood up from the single-seater chair and nodded respectfully at Shen Lanzhi.

After glancing at the two of them, Shen Lanzhi walked to a round table beside the bed and opened the porridge and soup that she had brought.

“Where’s Weiyi?” Shen Lanzhi suddenly asked when she did not see Zuo Weiyi.

Shi Nuannuan paused. Her sister-in-law didn't come back, which meant that she was with her brother. "She should be with brother."

Shen Lanzhi nodded and took out a spoon. She scooped up a bowl of corn porridge but didn't pick it up. Instead, she looked at her daughter and Xiang Yi.

"Your body is weak. You must eat more. It's a little hot. Let it cool down first."

"Mommy, but I'm not hungry at all..."

"How can you do that!" Shen Lanzhi glared at her.

Then, her gaze fell on Xiang Yi's face, which had been lowered the whole time.

"Oh right, I forgot about the change of clothes that you asked Mommy to bring for you. I only remembered it when I walked to the hospital. Are you going to change later? I'll go back and get it for you." As she said that, Shen Lanzhi picked up the clothes and left the ward without looking back.

Shi Nuannuan was stunned as she watched her mother leave.

Uh, she really wanted to change into another set of clothes, but... did she ask mommy to get them for her before?

Frowning, Shi Nuannuan tried hard to recall. It seemed like she didn't ask her mommy to get the change of clothes for her.

Suddenly, an idea flashed through her mind. She looked up in the direction her mother had left.

Could it be that mommy wanted to... leave the space for her and Xiang Yi?

In an instant, Shi Nuannuan felt her nose turn sour. As expected of her biological mother!

And sister-in-law, it turned out that they were all helping her and Xiang Yi. SOB, sob, so touched..

Once Shen Lanzhi left, the room fell into silence once again.

He raised his eyes and looked at her on the hospital bed. Coincidentally, she turned her gaze and met his gaze.

Afraid that he would turn around and leave again, Shi Nuannuan decided to get up and get off the bed again.

She knew that he would definitely stop her from doing this.

As expected, Xiang Yi's expression darkened when he saw that she had lifted the blanket. "What are you doing?"

Shi Nuannuan raised her eyes and pursed her lips that still had some interference. "I, I'm suddenly a little hungry. I want to eat corn porridge..."

His gaze shifted from her face to the bowl of porridge on the table. Thinking of the wound on her wrist, he subconsciously walked to the table and picked up the bowl of corn porridge.

His wife went back to get her clothes. It would take her at least fifty minutes to return. By the time she arrived, the porridge was already cold.

Chapter 1210 'will you come tomorrow?'

He sat down beside the bed with the porridge in his hand. He scooped up a spoonful of porridge and blew it slightly cool before bringing it to her mouth.

Shi Nuannuan, who originally did not have much of an appetite, did not know why, but she began to eat with Relish.

In less than twenty minutes, she finished a bowl of corn porridge and chicken soup!

Xiang Yi placed the empty bowl to the side and took out a tissue to wipe off the remaining stains on the corner of her mouth.

"I still have some matters to attend to. I'll be leaving first." He knew that Shen Lanzhi would arrive here very soon.

Seeing that he was about to leave again, Shi Nuannuan realized that although he had spoken to her, there was still a grudge in his heart.

No matter what happened, it would not change the fact that her mother had died under the wheels of her grandfather, so he would still leave in the end.

"Then, will you still come tomorrow?" She looked at him with a hint of anticipation in her eyes.

He was stunned for a while. "We'll see."

With the old master here, even if he wanted to come tomorrow, he probably wouldn't be able to enter this ward.

As soon as he finished speaking, he had already turned around and left.

Shi Nuannuan, who was sitting on the bed, just watched him leave. She knew that even if she called out to him again, she wouldn't be able to stop him.

As soon as Xiang Yi left, Shen Lanzhi arrived.

After entering the ward, she was a little surprised that she didn't see Xiang Yi.

She turned her head and glanced at the empty bowl on the table. She knew that her daughter had finished eating, which could be considered a relief.

"Xiang Yi left?"

"Yes." She nodded. "He just left."

Shen Lanzhi pursed her lips and smiled gently. She did not say anything else.

...

After Xiang Yi left the hospital, he asked Shi Yuting for all the information about the car accident 21 years ago. He spent the whole night looking through it.

He raised his head and looked at the glimmer of light shining through the window. Another morning had arrived.

After a whole night of rest, Shi Nuannuan felt much more comfortable than yesterday. Her head was not as heavy as before, and her body was as light as a swallow.

After breakfast, Zuo Weiyi noticed that she kept looking in the direction of the Ward's door from time to time, as if she was waiting for someone.

The ward's door was pushed open, and Shi Nuannuan was drinking water. When she heard the sound of the door opening, she could not help but quickly raise her head and look at the door.

However, when she saw Cheng Huan enter, a sense of disappointment flashed across her face.

However, she was a little surprised by Cheng Huan's arrival.

When he entered and saw that she was refreshed, the corners of Cheng Huan's mouth curled up into a faint smile.

"How are you?"

Shi Nuannuan nodded with a smile as well. "En! Why... Are You Here?"

Cheng Huan placed the fresh flowers and fruits in his hands on the table at the side and turned to look at her. "Naturally, I'm here to see you."

Shi Nuannuan's eyes darted around. "Oh..."

"Why? You Don't wish to see me?" The moment he entered, the disappointment that flashed across her face was naturally captured by him.

Hearing this, Shi Nuannuan was stunned at first, then she smiled and said, "Hehe, that's not it."

After saying that, she lowered her head and continued drinking the water in the cup.

Throughout the entire morning, Shi Nuannuan did not wait for Xiang Yi to come. Instead, she waited for Shi Le and Zuo Yi.

"Are you better?"

Looking at his granddaughter who was obviously getting better on the hospital bed, Shi Le's worried heart was finally relieved.

"Okay." She only responded softly because she didn't know how to face her grandfather.

He was her family, and he was her grandfather who had pampered her since she was young. She had endless respect and respect for him, but because of her grandfather, what she was about to face was likely to be losing Xiang Yi.
