

Kiss Me 1211

Chapter 1211 her apple was easy to chew

It was said that one could not have both the fish and the bear's paw, but could she get a favor from God and be bestowed with both?

Unfortunately, her grandfather was stubborn. Even if there was no car accident, he still had to stand between her and Xiang Yi. This was what she could not accept!

Since he loved her, why not give her what she wanted?

Hearing his granddaughter's cold tone, Shi Le could not help but feel a little stifled.

However, he just could not get over this hurdle. His future grandson-in-law had to be someone with status. Otherwise, he would not be good enough for his granddaughter.

Or perhaps, he only had a little selfish motive.

That was his good friend.

The two old men had always hoped to set up Cheng Huan and nuannuan. However, at this time, Old Man Cheng's illness was incurable. His lifelong wish was to see Cheng Huan marry nuannuan.

Therefore, all along, the best candidate for his grandson-in-law was Cheng Huan. Xiang Yi was a thousand miles away from him.

No matter how outstanding he was, his identity and background were not even half as good as Cheng Huan's.

It was also because Nuannuan was his most beloved granddaughter that he hoped to give her the best in the world. However, Xiang Yi was not the 'best'.

"Nuannuan, you're Awake?"

Zuo Yi, who had been standing behind Shi Le the whole time, also walked out and looked at Shi Nuannuan with an amiable expression.

Seeing him, Shi Nuannuan was very surprised, but there was also a hint of surprise in her surprise.

"Grandpa Zuo? Why Are You Back?"

"Hehe, it's not fun to play alone, so I came back!" Zuo Yi smiled. He also loved the only and Nuannuan, so he came to see her again today.

"When did you come back?"

"Yesterday, but I left without waiting for you to wake up. Will you blame me?"

"Of course not!" Shi Nuannuan said with a smile.

Seeing them talking and laughing, it seemed that this 'Grandpa Zuo' of his was even more intimate than this 'biological grandpa' of his, Shi Le could not help but feel a little sour in his heart.

"Go, go, go, sit aside!" He suddenly walked in front of Zuo Yi and interrupted the conversation between him and his granddaughter.

Seeing the sour look on his face, Zuo Yi gave him a sidelong glance and sat down on the sofa at the side, looking as if he could not be bothered with him.

The arrival of the few of them made the originally quiet ward suddenly become lively.

Shi Le and Zuo Yi were still exchanging pleasantries, while Zuo Weiyi was smiling at the side.

It was the first time Cheng Huan had visited her and stayed in the ward for so long. For a moment, he did not know how to get used to it so that he could appear more at ease. He walked to the table and took out a fruit from the fruit basket to Peel.

Looking at the fruit skin that had not broken from beginning to end, Shi Nuannuan was actually enjoying it as if she was waiting for the fruit skin to break.

But in the end, the apple skin did not break. It was not until Cheng Huan had completely peeled it that he raised his head to look at her. Then, he handed the peeled apple in his hand to her.

Apples were Shi Nuannuan's favorite. And he was kind enough to peel an apple for her. She did not seem to have any reason to refuse, so she took it and said, "Thank you."

Cheng Huan smiled but did not say anything.

Shi Nuannuan took the apple and began to eat it.

Compared to an apple that had been peeled, she seemed to like the apple with skin more. Not only did it taste solid, it was also nutritious!

And Xiang Yi was the apple with skin on it. It was especially smooth to chew!

"PFFT –"

Shi Nuannuan could not help but burst into laughter as she looked at herself.

Chapter 1212, I'll just stay here

Cheng Huan looked at her and did not know what she was laughing about. He could not help but ask, "What are you laughing about?"

Shi Nuannuan looked up at him and immediately said, "Nothing, nothing!"

After saying that, she continued chewing on the apple in her hand. Although it was not very tasty, it seemed like a good way to pass the time.

When it was lunchtime, Shi Le and Zuo Yi planned to leave.

Since there were so many people, it was not good to eat in the ward. Shi yuting happened to come over, so he brought them to a big restaurant not far from the hospital.

Shen Lanzhi chose to stay and take care of nuannuan.

At this moment, Cheng Huan spoke.

“Auntie Shi, you should go too. I’ll stay.”

As soon as he said this, everyone’s eyes couldn’t help but stop on his face.

Shi Nuannuan also looked at him in surprise.

Once grandfather and Mommy left, there would only be the two of them left in the room. How about... This?

Looking at Cheng Huan, Shen Lanzhi paused. Just as she was about to decline, Shi Le spoke first, “That’s fine too. Lanzhi, you should come with us. Go Eat First and come back after.”

Shen Lanzhi could not say anything else after Shi Le spoke.

Everyone knew that the old man wanted to bring Nuannuan and Cheng Huan together. Now that he had a chance to be alone with them, he naturally wanted to leave it to the two of them.

She turned around and smiled at her daughter. “Then, Mom will come back later.”

Shi Nuannuan could only nod. Her mother had taken care of her the entire night and came back after resting for less than three hours. She naturally did not want her to suffer so much just for a meal.

Just as she was about to speak, Zuo Weiyi looked at Shen Lanzhi with a smile. “Mom, you can go home and rest later. I’m fine as long as I’m here.”

“That’s right, that’s right. It’s fine as long as sister-in-law is here. You Didn’t sleep much last night. You can go home after eating!” Shi Nuannuan agreed. She did not want her mother to be too tired.

Furthermore, after a night of rest, she felt much better. She could even get out of bed and walk around. However, the area under her shoulder that was hit by the wooden stick still hurt a little.

Looking at her daughter-in-law and daughter-in-law, Shen Lanzhi felt very gratified. “We’ll see.”

As long as she could accompany her children, she did not feel tired.

Just like that, the group of people left the ward and came to the first floor.

At the corner, after seeing the group of people leave, Xiang Yi walked out and headed towards the elevator.

He knew very well that with the old master around, he would not be able to enter that ward. If he wanted to see Nuannuan, he could only wait for them to leave.

When he arrived at Nuannuan’s ward, he thought that she was alone. However, when he walked to the door, he heard the laughter from inside.

Cheng Huan was a very funny person. He seemed to have sensed that after the group left, she became silent, so he told her some jokes.

Shi Nuannuan was a straightforward person. When she heard the funny jokes, she naturally could not help but laugh out loud.

Through the glass window on the door, as Cheng Huan was near the headboard of the bed, his view was blocked by the bathroom, so he could not see Cheng Huan.

Seeing her happy laugh, Cheng Huan could not help but smile. He only smiled and did not make a sound.

The door of the ward was pushed open. Shi Nuannuan held her stomach and turned to look in the direction of the door. The moment she saw Xiang Yi walk in, the smile on her face also softened.

It was not until he walked in and approached the bed that Xiang Yi saw Cheng Huan. His face could not help but darken.

So, the reason why she was smiling so happily was because Cheng Huan was here?

Chapter 1213 confrontation

“Xiang Yi!” Shi Nuannuan was very happy to see him.

Xiang Yi’s gaze shifted from Cheng Huan’s face to hers. For a moment, he did not seem to have anything to say. He only looked at her.

Sensing that the expression on his face was not right, Shi Nuannuan only noticed that she had been very happy with Cheng Huan just now. Her expression also froze.

She looked at him and then at Cheng Huan. The atmosphere... seemed a little off.

“That...”

“Mr. Xiang,” Cheng Huan suddenly opened his mouth with a friendly smile on his face. He did not seem to have any hostility toward Xiang Yi.

Hearing this, Xiang Yi’s gaze naturally turned toward Wen Sheng.

“Sit down, don’t stand there.” He pointed to the sofa at the side. Listening to him, he sounded like the owner of this place, and Xiang Yi was a visitor who had come to visit him.

As soon as Cheng Huan spoke, the two men’s eyes met, filled with the smell of gunpowder!

Shi Nuannuan’s gaze also darted back and forth between the two of them, feeling that the atmosphere was eerily quiet.

In the end, Xiang Yi retracted his gaze, his expression very cold. “Mr. Cheng seems to be a visitor as well?”

Hearing this, Cheng Huan curled his lips into a smile. “Indeed, just like Mr. Xiang.”

“The same? I’m here to see my girlfriend. Where’s Mr. Cheng?” His slightly cold gaze met Cheng Huan’s calm gaze. In an instant, Cheng Huan was stunned.

But immediately after, he still smiled warmly.

“Girlfriend, isn’t it too early to say such things now?”

Xiang Yi understood the meaning of his words very clearly.

But that was the truth, even if he didn’t get her family’s approval.

“Mr. Cheng, what are you trying to say?”

“Nothing. I just feel that a man who can’t even protect his own woman has no right to be called her boyfriend.” As he said this, the hostility in Cheng Huan’s eyes became clear, it was as if he was provoking him.

As soon as he said this, Xiang Yi’s hands in the pocket of his suit pants tightened.

It was his fatal pain to let her get hurt. Now, it was being pulled out by another man who wanted to pursue her.

“Cheng Huan, why did you say such things?” Shi Nuannuan, who had not spoken all this time, could not help but put down her expression and look at Cheng Huan.

She did not understand. Why did he say these things to Xiang Yi for no reason?

Previously, he did not have any animosity towards Xiang Yi. Why did he suddenly feel that he was full of hostility towards Xiang Yi?

Hearing her voice, Cheng Huan’s gaze moved away from Xiang Yi’s face and turned towards her.

“This is the truth. After being with him, you have been injured and hospitalized several times. This can only mean that as a man, he did not protect you properly.”

“That’s also our business. Why did you —”

“From now on, I want to compete fairly with him for you.”

After Shi Nuannuan finished speaking, Cheng Huan suddenly interrupted her with this sentence.

She paused, and Xiang Yi’s gaze followed.

Compete Fairly?

What does Shi Nuannuan mean by frowning

Didn’t she make it clear previously? What was the meaning of his fair competition now?

“That’s right, I don’t want to give you to him anymore. I want to compete with him on a fair basis and chase after you!” From the moment he saw her lying unconscious on the hospital bed, he changed his mind. He did not want to give up on her, even if she had not fallen in love with him yet.

However, if he gave up without working hard, one day in the future, if she did not live well, he would definitely regret it. He would regret giving her up to another man without working hard.

Chapter 1214 what the Hell are you doing! ?

She was clearly surprised by his sudden words.

“Cheng Huan, what the hell are you doing? Didn’t I tell you –”

Before she could finish her sentence, Xiang Yi suddenly turned around and left the ward.

Shi Nuannuan could not help but feel warm. She lifted the blanket and rushed out of bed. “Xiang Yi, don’t go!”

At this moment, there was still a needle inserted into the back of her hand. She was in the middle of an infusion.

Now that she was out of bed, the needle was pulled out of the infusion tube. It was a little painful.

“AH.” She frowned and felt a sharp pain on the back of her hand.

She looked down and saw that there was a lot of blood splattering on the back of her hand.

“It’s bleeding. How could you be so careless! ?” Seeing the blood on the back of her hand, Cheng Huan could not help but feel anxious. He grabbed her hand to look.

Hearing her scream, Xiang Yi stopped in his tracks. He turned around and looked at her worriedly, only to see Cheng Huan grabbing her hand. The concern on his face made him feel jealous.

In the next second, Shi Nuannuan flung Cheng Huan’s hand away. She could not help but feel angry at his sudden words. She asked anxiously, “Cheng Huan, what on Earth are you doing! ?”

Cheng Huan did not speak again. Instead, he looked at her hand worriedly.

Looking at the two of them, Xiang Yi felt a ball of unknown fire in his chest.

He knew that he had too many shortcomings, and these were the things that he did not dare to be honest with himself. He had always been afraid, afraid that he would lose her because of his shortcomings.

Now that he had been exposed so blatantly, the one that he could not face was not her, but himself.

His gaze fell on her fair face, and his tone was calm. “I still have things to deal with. Rest well.”

As he finished speaking, he turned around and left.

“Xiang Yi!”

She wanted to chase after him, but Cheng Huan pulled her back!

“Nuannuan, your hand is still bleeding!”

“Cheng Huan, I really didn’t expect you to be such a person!” She was furious and glared at him angrily!

“What kind of person? I just like you!”

“Then why did you say something like that! ?”

“What did you say? Fair competition? I like you. Is it wrong to say something like that?” He looked at her calmly, but his eyes were full of seriousness.

Shi Nuannuan could not help but feel warm. She actually could not find any words to refute him.

“You clearly know that I like Xiang Yi!”

“That’s why I said I want to compete with him on a level playing field and not snatch you away!”

Glaring at him, Shi Nuannuan couldn’t find any words to refute him. She simply ignored him and turned around to rush out of the ward.

However, when she came out again, Xiang Yi’s figure was long gone in the long corridor!

She stood rooted to the ground in a daze, blood still dripping from the back of her hand.

“Nuannuan? Aren’t you having an infusion? Why did you come out when you weren’t lying down in the ward?” Zhong Shenghao walked over and saw her standing there motionlessly.

Then, he caught a glimpse of the spot on the back of her hand where the infusion was happening.

He frowned. Although she wasn’t his biological sister, he had always regarded her as his sister. Now that he saw how she didn’t cherish her body, his face couldn’t help but darken.

“What are you doing? Go back and lie down!”

With that, he dragged her back to the ward!

When he returned to the ward, he saw Cheng Huan standing there in a daze. Then, he looked at Nuannuan. What happened?

But at the moment, Zhong Shenghao didn’t have the time to think about that. Instead, he pressed Nuannuan back onto the bed and treated her wound.

Chapter 1215: What’s the point of returning to G City?

He looked up at the drip and saw that there was still more than half of it left.

“What’s wrong with you? You took out the needle before the drip was finished?” Staring at her, Zhong Shenghao’s tone was full of reproach.

Shi Nuannuan raised her eyes and an unhappy look appeared on her face.

After taking care of her hand and putting the drip back on, Zhong Shenghao then left the ward.

In an instant, there were only her and Cheng Huan left in the ward.

Shi Nuannuan glanced at him and didn’t speak again. Instead, she lay back on the bed and ignored him.

The two of them just waited quietly and no one spoke.

But the more it went on like this, the more confused Shi Nuannuan's heart became.

After tossing and turning, she still took out her phone and dialed Xiang Yi's number.

She initially thought that he would not pick up, but after the third ring, he picked up.

"Xiang Yi!" Her tone sounded a little urgent.

"Yes."

"About that, what Cheng Huan said —"

"I understand."

"..." did he really understand?

"You rest well. I'm going back to G City."

Shi Nuannuan could not help but ask, "Why are you going back to G City?"

"There are some things that I want to investigate."

"When will you be back then?"

"I don't know yet. I'll hang up first."

She wanted to say something, but she did not know what to say. She could only nod. "Okay."

After hanging up, she glanced at Cheng Huan who was on the sofa. Not long after, she saw Zuo Weiyi push the door open and enter.

After sister-in-law came, Shi Nuannuan finally felt a little more at ease.

"Has Mommy Gone Back?"

"Yes, I told her to go back and rest. Grandpa also went to see Old Mister Cheng."

"OH."

Zuo Weiyi's gaze turned to Cheng Huan. "You haven't eaten yet, right?"

Cheng Huan pursed his lips. "I'm fine."

She smiled. "Go and eat. I'm fine as long as I'm here."

Cheng Huan glanced at Shi Nuannuan. He knew that there was no point in staying any longer, so he nodded at Zuo Weiyi and left the ward.

After he left, Zuo Weiyi turned around and looked at Shi Nuannuan on the bed. "What's wrong? This strange atmosphere."

Shi Nuannuan looked up at her dearest sister-in-law and sighed, because she did not know how to speak.

“Xiang Yi came just now, but for some reason, Cheng Huan said a bunch of strange things, and then Xiang Yi left.”

Hearing her words, Zuo Weiyi was a little stunned.

But it seemed that she did not need to ask, she could roughly guess what words Cheng Huan had said to cause Xiang Yi, who was so calm, to turn around and leave.

She smiled. “He probably has something on, don’t think too much. Rest well and get well!”

Shi Nuannuan nodded. Although she did not say it, she was still a little worried about Xiang Yi.

Could he still be angry?

And Cheng Huan, what does he want? She had made it clear before that there could be no second relationship between him and her except as a friend. Did he not understand?

Forget it. I don’t want to think about it.

— * * * —

Xiang Yi has been gone for a week.

It’s that Nuannuan has recovered and is now out of the hospital.

The first thing she did after leaving the hospital was to get rid of an Zhihan!

From the beginning, her brother had helped her find an Zhihan’s address. It was actually the hotel where Xiang Yi had stayed before, and the room was next to Xiang Yi’s!

PA

“B * Tch!”

At night, in the underground parking lot of the hotel, a crisp slap sounded and slapped an Zhihan’s face hard.

An Zhihan covered her slapped face, raised her head, and glared at the woman who had slapped her. Finally, her gaze fell on Guo Zihao’s face.

Chapter 1216 lesson

He just watched his fiancée hit her and refused to help her.

Sure enough, men only knew how to say one thing and do another.

“What, do you still want to fly to the top and become the mistress of the Guo Family?”

An Zhihan was not a person who was willing to be bullied. After being slapped, she glared fiercely at the woman in front of her, then walked over and raised her hand to slap her back.

The woman clearly did not expect that she would hit her back. For a moment, she could not help but be stunned by the slap.

“You dare to hit me?”

An Zhihan did not speak and only stared at her fiercely.

The woman walked over and raised her hand to slap her again. However, this time, an Zhihan seemed to be on guard and raised her hand to catch the wrist that she raised.

“You!”

The woman was a little anxious, but she could not withdraw her hand. She turned her gaze to the two bodyguards at the side. “What are you still standing there for? Catch this B * Tch for me!”

Soon, the two bodyguards walked up after hearing her words, one on each side holding an Zhihan.

At this moment, the corners of the woman’s mouth curled up proudly as she walked up to her.

This time, she felt great when she fought, and she did not show any mercy at all.

Slap

A slap was accurate and ruthless, and blood immediately flowed out from the corner of an Zhihan’s mouth.

She glared at the woman, and her heartbroken gaze fell on Guo Zihao’s face once again.

He would say anything sweet in bed, but in front of his fiancée, he would only watch her get beaten up.

“B * Tch, how dare you hit me!”

As soon as she finished speaking, another slap landed on her face!

The woman seemed to be addicted to the slap and did not say anything more. Instead, she continued to raise her hand.

Guo Zihao, who was at the side, finally stopped being silent. He grabbed the woman’s hand and said, “Alright!”

The woman immediately turned around. “Why? Do you feel sorry for her?”

“Are you going to the banquet or not? No, I’m leaving!” As he said this, Guo Zihao had already turned around and left.

Seeing that he was about to leave, the woman seemed to be helpless. She turned around and glared at an Zhihan before immediately following Guo Zihao’s footsteps.

The two bodyguards also let go of her.

An Zhihan fell to the ground, only to feel a burning pain on her cheek.

She stood up and was about to walk towards the entrance of the parking lot when she raised her head and saw Shi Nuannuan who had suddenly appeared in front of her.

An Zhihan covered her slapped cheek, her heart filled with fear.

“TSK, TSK, tsk. Being someone else’s mistress must not feel good, right?” Under the dim light, Shi Nuannuan walked out step by step. The corners of her mouth curled into a faint smile, but her eyes were extremely cold, without the slightest hint of a smile.

An Zhihan was startled. “What do you want to Do?”

Shi Nuannuan let out a sneer. “Do what? Miss an is really a noble person who forgets things. Could it be that she has forgotten that she kidnapped me a few days ago?”

Thinking of not only not being able to teach her a lesson a few days ago, but also losing her own child, an Zhihan could not help but clench her fists.

At the hospital back then, when he heard that he had a child, Guo Zihao’s face clearly flashed with a hint of happiness. If this child was still around, she would definitely become Mrs. Guo. Today.., she wouldn’t have been slapped several times by that B * Tch!

“If you forget, it’s okay. I’ll help you recover your memory later.”

As soon as Shi Nuannuan finished speaking, four men in black walked out from behind her.

She stretched out her hand, and one of the men stepped forward and handed a wooden stick to her.

“Do you still remember this?” She raised her eyes, smiled at an Zhihan, and asked.

An Zhihan was startled. wasn’t that the stick she used to hit her with a few days ago? What did she want to do?

Chapter 1217. If you don’t seek death, you won’t die

“You, what do you want to Do?” Although she tried her best to calm herself down, seeing the wooden stick and the coldness in Shi Nuannuan’s eyes still made an Zhihan feel afraid.

Shi Nuannuan couldn’t help but feel warm.

“It seems that miss an really doesn’t remember. Now, let me help you recover your memory, okay?”

As she spoke, she took the club that had once mercilessly struck her body and walked towards an Zhihan step by step.

“You, you don’t come over!” Seeing Shi Nuannuan walking towards her step by step, an Zhihan retreated in fear, her pitch-black eyes filled with terror.

However, Shi Nuannuan ignored her and walked towards her step by step.

“Remember what I Said? If you can’t kill me, I’ll Make Your Life a living hell.”

She had never thought of being soft-hearted when dealing with a green tea whore!

As soon as she finished speaking, Shi Nuannuan raised the wooden stick in her hand and smashed it fiercely at an Zhihan’s body!

“Don’t — Ah!”

With one swing of the stick, an Zhihan fell to the ground, crying from the pain!

Looking at an Zhihan on the ground, Shi Nuannuan did not raise her hand again. In fact, she even felt a little sympathy for her.

However, when she thought of how she had hit herself with her car and even tried to kill her over and over again, the last trace of pity in Shi Nuannuan's heart instantly vanished. She raised her hand and swung the stick again!

"Ah!"

"Does it hurt?" She asked coldly. That stick had mercilessly struck her body, and she had to stay in the hospital for more than a week before she could recover.

"Don't... Don't hit me anymore... Let Me Go..."

An Zhihan, who had never bowed her head easily, could not help but start begging for mercy at this moment.

Because she was in so much pain that she could not bear it.

She could not imagine if her arm would be crippled just like that if she continued to swing the stick?

Shi Nuannuan's heart softened when she heard her pleas.

However, she had brought this upon herself!

"Who couldn't you fight with? Why did you have to fight with me?" It could only be said that an Zhihan really did not have a brain. Why did she have to provoke someone like her who would take revenge on anyone.

"I, I really know my mistake... Please... Let Me Go..." an Zhihan cried. Her face was so pale that there was not a trace of blood on it.

At this moment, she seemed to be starting to regret it.

She clearly knew Shi Nuannuan's identity and background, but she still could not ignore her heart that was filled with jealousy. She only wanted to destroy Shi Nuannuan, but she did not know that once this action failed, what awaited her was eternal damnation!

Looking at an Zhihan who begged bitterly, Shi Nuannuan did not move the wooden stick in her hand.

Although she had done many evil deeds, her background was somewhat pitiful.

She had not been the eldest daughter of the An family, yet she had insisted on being left with nothing.

Now, not only was she someone else's mistress, but she was also being bullied by her official wife. Speaking of which, her background was really pitiful.

"Miss Shi, please... Let Her Go. I really... I really won't do anything to you anymore..."

"Ha! Can I Believe Your Words?"

An Zhihan was stunned as she looked at the ice-cold Shi Nuannuan. Could it be that she really couldn't escape death today?

"I swear!" She endured the pain as she knelt on the ground and raised her hand to swear.

Swear? was swearing effective?

If the heavens really had eyes, all the evildoers in this world would have died long ago.

"I'll give you a way out. However, your every move will be monitored. If you have any evil thoughts, I'll make your life worse than death!"

Staring at an Zhihan on the ground, Shi Nuannuan suddenly said.

Chapter 1218: her condition worsened

An Zhihan raised her head. Although she was a little puzzled, she should have escaped this calamity, right?

"Send her to G City and work hard for the care and Welfare Institute for the rest of her life. Never allow her to take a single step out of G City!" Shi Nuannuan put down the stick coldly and threw it away, she turned around and walked towards the entrance of the parking lot!

Of course, she wouldn't really get someone to spy on her for the rest of her life, but she didn't have the time. At most, it would be two to three months. If she wanted to escape, she would definitely let her taste the pain before she was sent back!

At that time, an Zhihan knew that she was being watched, so she didn't dare to act recklessly.

This was probably the best ending for her!

After teaching an Zhihan a lesson, Shi Nuannuan was a little bored for the rest of her life.

Xiang Yi seemed to still be in his hometown in G City. She didn't know how the investigation was going.

In the past few days, she also noticed that Cheng Huan had been coming to her house more and more frequently.

On this day, she sat on the sofa with nothing to do and flipped through her phone. To her surprise, the wallpaper on her phone was changed. Today was actually July 7th, Valentine's Day.

She looked up and Xiang Yi's handsome face flashed across her mind.

She did not know how he was doing now.

Thinking of this, she could not help but flip through Xiang Yi's contact list and was about to press the dial button.

At this moment, the sound of hurried footsteps came from the stairs.

When she looked up, she saw her grandfather who was slightly flustered.

This was the first time Shi Nuannuan had seen such a flustered expression on his face.

What's wrong?

Although her relationship with her grandfather had become a little cold these days, she still took it to heart when she saw his anxious expression.

After all, he was her own grandfather who had doted on her since she was young.

"Grandfather, What's Wrong?" She stood up from the sofa and looked at Shi Le who was panicking as he went downstairs.

Shi Le's footsteps were very fast, and his expression was heavy as if something had happened.

When he reached the last step, he almost missed the step and almost scared Shi Nuannuan to death. She quickly rushed over!

"Grandpa, what are you doing? Did Something Happen?"

"Your Grandpa Cheng was sent to the hospital. His condition has worsened!" As he said that, Shi Le had already strode towards the door!

Shi Nuannuan was stunned for a second. When she came back to her senses, she couldn't help but follow her grandpa's footsteps!

When they arrived at the hospital and arrived at Old Cheng's ward, the Cheng family members' faces were very heavy, while Old Cheng was still in a coma.

"How is he?"

With Shi Nuannuan's help, Shi Le walked in and asked.

Cheng Huan did not speak, and his parents were also immersed in grief. Mrs. Cheng was even more dejected and sobbing.

It was the doctor beside him who answered his question.

"I've temporarily controlled it, but..." the doctor paused with a solemn expression. He was very clear about old master Cheng's condition. "I'm afraid that there's not much time left."

"..."

As soon as the Doctor said this, Shi Le and Shi Nuannuan couldn't help but be stunned. Mrs. Cheng's sobbing became more obvious as a result.

"This..."

Although he had long known of Old Master Cheng's illness, at this moment, Shi Le still found it difficult to accept it.

It was not until noon that old master Cheng slowly woke up.

When he opened his eyes and saw his family members' faces, Old Master Cheng's face was filled with reluctance.

He had nothing else in his life, and his only wish was to be able to see his grandson form a family and have Nuannuan personally call him 'grandfather' instead of 'Grandpa Cheng'.

Chapter 1219 the sudden marriage!

"Cheng Huan..." he called out his grandson's name.

Cheng Huan leaned over when he heard Wen Sheng's voice. His eyes were filled with heartache and reluctance. "Grandpa."

"Can you call Nuannuan over for me..."

"Dad, Nuannuan is here. She's Here!" Madam Cheng quickly moved aside to let Nuannuan, who was standing behind her, approach the bedside.

Looking at Old Master Cheng's pale face, Shi Nuannuan felt a little choked and uncomfortable.

"Grandpa Cheng."

Seeing Nuannuan, Old Master Cheng's lips suddenly curved into a smile. "Nuannuan, you're here."

He reached out his hand as if he wanted to hold Nuannuan.

Seeing this, Nuannuan hurriedly raised her hand to hold his. "Yes!"

"Good, good!"

Looking at the happy smile on his grandfather's face, Cheng Huan could not help but look at Shi Nuannuan's face.

"Old Cheng, you have to get well. Next time, let's go fishing and see who catches the most!" For the first time, Shi Le put on a sad face.

However, old Cheng laughed, "Hehe... I know my illness. I hope that I can live for a few more years. This way... not only can I see my grandson get married, I might even be able to hold a great-grandson..."

Everyone could naturally understand the meaning behind his words.

Right now, his only wish was to see Cheng Huan get married.

Looking at his best friend for decades, Shi Le could not help but open his mouth. "Old Cheng, if you have any wish, just say it. If I can do it, I will never let you leave this world with regret."

Everyone's gaze turned to Shi Le, including Shi Nuannuan.

What did Grandpa Mean by this?

"Are you serious?" Cheng looked at him. His wish was probably not something he could decide.

"Of course, when have I ever lied to You?"

Listening to his golden words, Cheng's gaze suddenly fell on Shi Nuannuan's face.

Meeting his gaze, Shi Nuannuan was suddenly startled, and a sense of unease suddenly rose in her heart.

Even though Old Cheng was looking at Shi Nuannuan, his words were directed at Shi Le. "Then, can you marry this obedient and sensible granddaughter of yours to my grandson, Cheng Huan? Let her call me grandfather..."

Everyone was shocked when he said that!

Especially Shi Nuannuan. She seemed to be frozen in place.

Marry Cheng Huan? How was that possible!

"Grandpa Cheng, I can't –"

"Nuannuan!" She was about to speak, but Shi Le interrupted her!

Even if it was just a lie, even if she was unwilling, at least she didn't say it in front of Old Master Cheng.

Being yelled at by him, Shi Nuannuan paused and turned to look at her grandfather.

He shook his head gently, indicating that she shouldn't say what was in her heart.

Father Cheng's gaze also fell on her face, his eyes carrying a trace of urgent pleading.

In the face of everyone's pleading gazes, Shi Nuannuan finally swallowed her words.

"You want Nuannuan to become your granddaughter-in-law?" Shi Le turned his face and continued to look at Old Master Cheng on the hospital bed.

Old Master Cheng nodded, as if he didn't have the extra strength to speak.

"That's Good!"

Shi Le agreed immediately, but Shi Nuannuan, who was at the side, was flustered!

She couldn't help but speak, "Grandpa!"

"When you get better, we'll hold a wedding for them!"

"..."hold a wedding?

Shi Nuannuan was completely flustered!

"Grandpa, why are you –" she was about to speak, but Father Cheng pulled her away.

Chapter 1220 was decided for now

"Miss Shi, I know that this matter is indeed a little sudden for you, but... Please consider that my father still loves you very much. Can this matter be decided for now? Just treat it as a temporary consolation for him."

At the door of the ward, Father Cheng pleaded, his eyes filled with eagerness!

But how could Shi Nuannuan agree?

This was a marriage, her lifelong god. It was not a small request!

She looked at Father Cheng apologetically. "Uncle Cheng, I'm very sorry. I Can't agree to this request."

Father Cheng was stunned. "Why?"

"Because I have someone I like. It's impossible for me to be with Cheng Huan." Her tone was resolute. How could she help him with this favor.

Father Cheng was stunned again.

She had someone she liked?

During this period of time, when he saw that Cheng Huan and she were getting along well, he had always thought that these two children had feelings for each other. Could it be that it was just his imagination?

Nuannuan had someone she liked?

Then, then what was Cheng Huan?

Father Cheng was completely shocked. He originally thought that the reason why she did not agree was because she felt that this matter had come too suddenly and that she was not mentally prepared.

"But..."

Father Cheng wanted to speak, but he was interrupted by a sudden voice.

"Nuannuan!"

In the ward, Shi Le walked out and immediately pulled her out of the ward door.

"This matter, let's settle it first!" After pulling his granddaughter to a corner, Shi Le's voice that could not be rejected rang out.

Shi Nuannuan was stunned and immediately rejected, "No!"

"Why not!?" Shi Le's face darkened.

"Grandfather, you know that I like Xiang Yi, how could I be engaged to Cheng Huan!?"

"Can't you just treat it as fulfilling your grandfather Cheng's last wish!?" Shi Le was a little heartbroken. He did not even like Cheng Huan, but he did not want his good friend to leave this world with regrets.

Shi Nuannuan couldn't help but say, "Grandfather, this is my marriage! How can it be justified just because I'm satisfied? ! I don't like Cheng Huan, how can I marry him? !"

"Nuannuan!" Shi Le suddenly calmed down, and there was even a hint of pleading in his eyes. "Let's settle this matter first, okay? It's just a lie in front of your grandfather Cheng."

"What do you mean?" Shi Nuannuan was stunned.

Shi Le continued to speak with a heavy tone, "Your grandfather Cheng doesn't have much time left. If you're really unwilling, then this marriage doesn't count. But in front of your grandfather Cheng, you can take it as a promise. At least you can comfort him."

Shi Nuannuan was stunned. You Want Me to Lie

"If I don't lie, what can I do? You're not willing to agree to this." Shi Le raised his eyes and glanced at her.

Shi Nuannuan lowered her eyes. "I definitely can't agree because I don't have any feelings for Cheng Huan. How can I Get Married? I only want Xiang Yi. I'll only be his bride for the rest of my life!"

Suddenly, Xiang Yi was mentioned. Shi Le's face couldn't help but sink.

"You, why do you have to like that Xiang Yi? Ah, how is he better than Cheng Huan?"

"Other than his identity and background, he is better than Cheng Huan in every aspect. Of course, I don't care about those two," Shi Nuannuan said in a bad mood!

"You!" Shi Le was speechless!

Perhaps, he could use this incident to spread the news and make Xiang Yi back down?

But if so, wouldn't Nuannuan fall out with him if she knew?
