Chapter 1231 missing, don't go

"Xiang Yi, is this marriage news that can replace all my feelings for you? If that's the case, then we..." tears fell silently. She was in so much pain that she could not speak. "We're really not suitable for each other at all."

After saying that, she looked at his calm side profile for a second. Finally, she turned around decisively and walked towards the door step by step.

Hearing the heavy footsteps, Xiang Yi turned his head and watched her walk towards the door.

Tears rushed out of her eyes. She cried like a child, but she refused to make a sound.

The moment she stepped out of the door, the strong hand behind her pulled her back and immediately fell into a strong chest.

"Don't go." His heart was so painful that his hoarse voice sounded in her ears, and his arms tightly hugged her in his arms.

He missed her so much these days. He wanted to hold her in his arms and feel her warmth.

Feeling his embrace, Shi nuannuan felt warm and wronged. Her tears flowed even more violently, like a child who had not done anything wrong but had been beaten up.

"Wu... I explained it that way, but you didn't believe me... Wu..."

She cried until his heart was broken, and his arms around her tightened.

"I'm sorry, it's My Fault."

After a while, her sobbing body gradually calmed down. She left her chest and looked at him with a pair of tearful eyes. "Then you... You Believe Me?"

Holding her face and staring at her tearful eyes filled with heartache, he answered softly, "Yes."

"Really?" She seemed to be afraid that he would suddenly go back on his word.

"Yes!" He nodded again.

She pouted and could not help but raise her hand and beat his chest fiercely. "Bastard, you made my heart hurt so much!"

"I was wrong."

But because of this, she became spirited and acted like a little adult. "In the future, if you dare to make me sad again, I will –"

She could not find an adjective. She paused and thought for a long time.

"Just what?"

She still frowned and wanted to find someone more ruthless, but it seemed that... she could not find him?

However, in the next second, she felt a familiar softness on her lips. When she came back to her senses, the man's handsome face was right in front of her.

Kissing her lips, from shallow to deep, she recalled the familiar taste that belonged to her and explained the longing she had for her these days..

He had been away from her for far too long, and he did not end the kiss quickly. Instead, the kiss became more and more intense.

However, just as Shi Nuannuan was about to go limp from the kiss, a feeling suddenly came from her chest.

She frowned and subconsciously raised her hand to push the man in front of her.

Feeling her resistance, he released her and looked at her with a puzzled look, his brows slightly furrowed.

In the past, even if he didn't kiss her, she would have kissed him. But now, she pushed him away?

This surprised him, and even surprised him.

"What's Wrong?" He looked down and saw a hint of pain between her tightly knitted brows.

Shi Nuannuan looked up and held her chest. She felt a little uncomfortable.

"I don't know either. It's just that I've been feeling tightness in my chest these past few days. It's as if my breath is stuck there. I Can't get out and I can't get down..." she described this feeling that she had encountered for the first time. It seemed like she had never experienced it before?

Uh, it didn't seem like she had never experienced it before. Sometimes, when she was drunk and didn't Burp, she would also feel stifled like this. She couldn't get up and she couldn't get down.

But now that she's not drunk, why does she feel that way?

Chapter 1232: Is it because the weather is getting hotter?

Listening to her description, Xiang Yi furrowed his brows slightly and a trace of concern flashed across his deep eyes. "Is it because the weather is getting hotter?"

When he just got off the plane, he also felt that the weather in city z was getting hotter and hotter. It seemed that there was still a heavy rain that was about to arrive. The whole day was dull and dreary.

Hearing his words, Shi Nuannuan also turned her head and looked at the gloomy sky. Maybe it was true.

"Maybe." She had a bitter look on her face, and she still looked very uncomfortable.

"Very uncomfortable?"

"A little."

“Come and rest for a while.” He took a breath. Could it be that when he kissed her just now, she couldn’t breathe, and that caused this feeling?

It didn’t seem like it. She said that it would happen in the next few days.

After pulling her to sit down on the sofa, he walked to the kitchen and poured her a cup of warm water.

After taking the cup of warm water, Shi Nuannuan drank half of it in one go. It was as if she wanted to suppress the stuffy feeling in her chest.

“Are you feeling better?” He asked.

She glanced at him. She didn’t want him to worry too much. It wasn’t a big deal anyway, so she smiled and said, “I’m a little better.”

When she said that, he smiled with relief.

A misunderstanding seemed to have been resolved just like that. However, Shi Nuannuan felt that sometimes a conflict seemed to promote their relationship even more, locking them tightly together.

On the sofa, she lay in his arms, resting her head on his lap and playing with the buttons on his shirt.

“Let’s watch TV!”

She suddenly stood up, picked up the remote control, and turned on the TV.

Unfortunately, the moment the TV was turned on, the news about her engagement to Cheng Huan came into her sight.

She couldn’t help but pause, turning her head to look at the man beside her, only to see his long and narrow eyes staring at the TV screen.

“Uh, there doesn’t seem to be anything interesting to watch...” as she said that, she reached out to turn off the television.

However, the next moment, Xiang Yi took the remote control from her hand and changed the channel unhurriedly.

Then, he turned his head and looked at her fair and clean face. “Don’t you like to watch Korean dramas?”

She was stunned and blinked her big eyes twice. Then, she looked at the Korean dramas that were playing on the television and could not help but laugh. “Hehe, that’s right!”

And so, she watched it with a serious expression.

“Are You Hungry?” She looked at the time. It was already past lunchtime.

She would not know if she was hungry if she did not say it. When she said it, Shi Nuannuan was really hungry.

So, she nodded. “MMM!”

He smiled. “What do you want to eat?”

She tilted her head and thought for a while before finally saying, "Steak!"

However, he paused. He had been away for so long. There should be no other ingredients in the fridge other than eggs and dry noodles.

"Can I have egg noodles?"

She thought for a moment. Actually, she was not picky about the food at all. It was only when he asked that she answered him.

"Sure, I like to eat whatever you cook!"

He smiled and patted her head. Then, he got up and walked towards the kitchen.

Shi Nuannuan sat on the sofa and was a little fascinated by the Korean drama.

Just when it was exciting, she suddenly smelled a fragrance.

She took a deep breath and felt the fragrance coming from the kitchen, so she got up and walked over.

"It looks so delicious!"

"Sit down." He brought two bowls of delicious egg and ham noodles to the table. Shi Nuannuan's appetite was completely aroused. She picked up her chopsticks and couldn't wait to taste it.

"Ah!"

The noodles that had just come out of the pot were still very hot. Shi Nuannuan ate too quickly and it burned her tongue.

"Why are you so anxious? Are You Hungry?" He asked in a gentle tone, his heart aching.

Shi Nuannuan nodded.

At first, she did not feel particularly hungry, but after smelling the fragrance, she felt her stomach flatten.

"En!" She nodded.

"Blow on it before eating."

"En!"

She nodded and blew on it before starting to eat again.

"It's So Delicious!" It might be just a normal bowl of noodles, but she was ten thousand times more delicious than any of the delicacies in the top restaurants!

Looking at her eating with relish and satisfaction, he smiled lightly.

“Oh Right.” Halfway through eating, Shi Nuannuan seemed to have suddenly remembered something and looked up at him.

He also looked up and met her eyes.

“Did you investigate that matter thoroughly after you went back?”

“Yes.” He nodded. It was a good thing that he went back to investigate. Otherwise, he might have missed her for the rest of her life because of this matter.

“What’s The Truth?” She could not wait to know.

Because she heard from her brother that the car accident 21 years ago might be another truth, she had always been looking forward to the results of his investigation.

“Let’s talk after we finish eating.” He smiled.

She smiled sweetly and said, “Okay!”

After lunch, it was already two o’clock in the afternoon.

Shi nuannuan, who had eaten her fill, lay in his arms again and looked at the stack of documents in her hands.

It turned out that the real cause of Xiang Yi’s mother’s death back then was not the car accident, but after she was sent to the hospital and was obviously resuscitated, but at the most critical moment when she passed through the critical period., xiang Yi’s father, Xiang Zhidong, suddenly found her mother!

After knowing that she had escaped with her child, Xiang Zhidong was filled with anger. He put on his white coat and mask and pretended to be a doctor as he entered the intensive care unit.

Because Shi Le was handling the matter at that time, he let Xiang Yi’s mother stay in the VIP ward. That night, Xiang Zhidong took advantage of the time when no one was around to remove the oxygen mask on Qin Siyi’s face, he ruptured her wound, causing her to lose too much blood again. The next day, her mother passed away.

However, at that time, because there was no evidence, the hospital that was afraid of taking responsibility hid the truth, saying that his mother died because she had not read the critical period.

After reading the information, Shi Nuannuan finally understood the whole situation.

This Xiang Zhidong was simply devoid of conscience. He could actually kill his own wife with his own hands!

“But later, since the real culprit wasn’t found, then your father –” Shi Nuannuan looked up at the man in front of her. When she thought of his resentment towards his father, she couldn’t help but pause and immediately changed her words, “Then why did Xiang Zhidong end up in prison again?”

“He committed a crime.” As for the crime, he didn’t want to explain it one by one.

“OH.”

Shi Nuannuan nodded. It seemed that she also saw that he didn't want to be mentioned about his father's matter, so she didn't ask anymore.

But there was still one suspicious point.

Although the culprit in this matter was Xiang Zhidong, it didn't mean that grandfather could stay out of this matter.

Did he not hate her grandfather anymore?

"Then, you... Don't Hate My Grandfather Anymore?"

She asked carefully because she did not know if he did not hate her anymore or if he had temporarily put this matter aside.

He glanced at her deep eyes and looked at her. "Continue reading."

She paused. There was some surprise in her eyes, but in the end, she obediently turned her gaze away and continued reading.

Chapter 1234, that feeling came again

Translator: 549690339

The more she read, the more obvious the truth of the matter became!

Shi Nuannuan might as well read the documents in her hands.

"So, my grandfather wasn't in the car at that time!?" Looking at the information, her eyes widened in shock.

"Yes."

"The driver who hit your mother was grandfather's driver, but after the incident happened, as the owner of the car, grandfather had no choice but to come out and deal with this matter? Then, then why didn't grandfather say anything about it?" She turned her head, she looked at the man in front of her.

Xiang Yi lowered his eyebrows and was stunned for a few seconds.

Perhaps it was because it had been too long that he had forgotten about it, but there was another possibility.

That was, he wanted to use this matter to cut off his relationship with Nuannuan.

"I'm not sure. Perhaps after more than twenty years, he has forgotten about it."

Shi Nuannuan did not believe him. "How is that possible? A person's life is not a small matter. How can he forget about it completely?"

At most, he could not remember the details of the incident. But who was the one who bumped into him? How could he not remember?

Thinking of this, she suddenly narrowed her eyes, as if she had also guessed another possibility.

Roar! In order to cut off her relationship with Xiang Yi, grandfather could even easily bear the crime of murder?

“That’s not right. At that time, I heard that your uncle said that after your mother left, my grandfather used his power to suppress this matter. Then what happened?”

“Because the hospital said to my uncle that my mother died due to ineffective resuscitation, then the responsibility for this matter would naturally be placed on the old master. However, the old master did not know about it. Perhaps by accident, Uncle Misunderstood your grandfather.”

“Oh...”Shi Nuannuan nodded. She roughly understood the accident that year. “So that’s how it was.”

When he found out the truth of the matter, he originally thought that the biggest obstacle between him and Nuannuan had been removed because of this. He did not expect to hear the news of her engagement the moment he returned to the country.

“Nuannuan,”he suddenly opened his mouth, his gaze very serious.

“HMM?”She turned her head and looked at him in confusion.

“Can you tell me how the lie you told me actually happened and how it evolved to this point?”He had already loved her very humbly, so he had to know the truth. Otherwise., he did not even have the last bit of qualification to be with her.

If she was really someone else’s fiancée, what identity would he use to be with her?

“Okay.”She also wanted to tell him everything that happened. Only then could they be honest with each other without any secrets!

Once there was a secret between them, it would only bring pain to both parties. She did not want that to happen.

She leaned against his leg again and repeated the cause of the lie to him from beginning to end.

Outside the window, night fell. Shi Nuannuan was talking when she suddenly fell asleep.

Looking at her sleeping face, his gaze was as gentle as water. Then, he got up and carefully carried her in his arms as he walked towards the bedroom.

When he reached the bedroom, he gently put her down and covered her with the thin blanket. Only then did he turn around and walk out of the bedroom, gently closing the door.

...

Shi Nuannuan did not remember how long she had slept for. When she woke up again, it was already dark outside the window.

She sat up, looked at the empty room, then lifted the blanket and got out of bed.

Her feet had just landed on the ground when she suddenly stopped. She felt the stuffy feeling in her chest again, causing her brows to tighten.

Sitting on the edge of the bed, Shi Nuannuan could not figure out what was going on with the stuffy feeling in her chest. Just as she was thinking about it, a sudden flash of lightning and thunder came from outside the window, scaring her so much that she suddenly trembled, she turned her head in horror and looked at the flash of lightning outside the window!

Following this 'boom', the bedroom door was pushed open.

Knowing that she was sleeping, Xiang Yi, who was still dealing with things in the living room, could not help but get up and rush to the bedroom. He was afraid that this thunder would wake her up from her sleep.

As soon as he pushed the door open, he saw her sitting on the edge of the bed.

"Scared?" He walked over. His gaze was gentle and his voice was very soft.

Looking at the handsome man in front of her, Shi Nuannuan shook her head. "No."

It was just that she was caught off guard, so she was not shocked.

"What time is it now?" She asked.

Xiang Yi looked down and glanced at his watch. "8:10."

Uh, it was already so late.

Seeing her get up and get out of bed, he could not help but ask, "Are you hungry? Let's go out to eat. I'll send you home after we finish eating."

Shi Nuannuan could not help but pause when she heard what he said. She turned to look at him.

He also stood up. When he saw that she had stopped walking, he could not help but be stunned.

"What's Wrong?"

Shi Nuannuan stared at his dark eyes for a long while before she spoke, "Xiang Yi..."

"Huh?"

She walked over and suddenly reached out to grab the white shirt on his chest. Her forehead pressed against his chest and she rubbed it gently. "I... Can I not go back today..."

He was stunned. He felt a rush of heat pass through his body and spread throughout his body.

During the time they were apart, he also wished that he could hug her to sleep, but there were still too many obstacles between them that had not been resolved.

"Eat first." He wanted to push her away.

"Mm..." she pressed tightly against his sturdy chest, unwilling to leave. There was even a hint of coquettishness.

“Let’s talk after dinner.” There were still many things that he had to deal with. One day, he would use his own abilities to openly marry her and carry her to sleep every day!

“Ah... no...” she continued to act coquettishly.

He was helpless, but he actually enjoyed the way she acted when she acted coquettishly.

“Aren’t you afraid that master will speak?”

“Just for one night!” She raised her head and raised an index finger as she promised.

As for him, how could he not want to share a bed with her and dote on her. It was just that... the current him was not enough to give her happiness. When he was alone, he would definitely give her the biggest wedding in the entire Z Nation!

Lowering his eyebrows, he cupped her face and met her eyes that were like the stars and the Moon. He coaxed her gently, “Nuan Nuan, wait for me for a few more days. I will definitely... marry you and provide for you.”

She looked up, and her black eyes were somewhat misty and affectionate. “You, Don’t you miss me?”

“...” he was stunned, and his Adam’s apple moved slightly.

God knows how much he missed her!

However, just as he was in a daze, Shi Nuannuan had already quickly stood on her tiptoes and kissed that sexy thin lips..

This kiss undoubtedly deepened the fire that was burning in his body. “Nuannuan...”

He wanted to open his mouth because he only wanted to dote on the real woman in front of him for the rest of his life. He did not want her to suffer any punishment because of him. He was very clear about the old man’s character.

Shi Nuannuan knew very well that the current him was just trying his best to endure it. As long as he deepened this kiss, he would be unable to endure it anymore!

Chapter 1236, get up and eat!

Translator: 549690339

Shi Nuannuan knew very well that the current him was only trying his best to hold back. As long as she deepened the kiss, he would not be able to hold back anymore!

In order to deepen the kiss, she raised her hand to wrap it around his neck and hung herself on his body. She did not believe that he would still be able to hold back anymore!

As a man, a normal and vigorous man, after enduring the longing for her for the past few days and being teased by her desire, very soon, he could not bear it anymore and did not want to hold back anymore, instead, he grabbed the back of her head and extended the kiss to the most intense!

One kiss, and it was out of control, slowly extending to her sexy collarbone..

His eyes were burning, as if they were tainted with a layer of fire!

This time, Shi Nuannuan clearly realized that the feeling was even stronger than the previous two times. What was going on? Was it because they had been separated for too long?

“Xiang Yi,” she said with some discomfort. Her brows were tightly furrowed, and she did not know what she wanted.

In the end, Shi Nuannuan was a little exhausted, but her body was never satisfied. In her fatigue, she closed her eyes once again and fell asleep.

(the following plot can not be described. Everyone, feel free to imagine!)

..

When she woke up again, it was already 10:50 pm.

Shi Nuannuan, who was lying on the bed, was completely woken up by hunger!

She slowly opened her eyes, and what greeted her eyes was an exquisite face with a perfect outline, as if it had been cast by a knife.

She raised her head, and her slender fingers lightly touched the tip of his stiff nose. She was entranced by this small action, but in the next second, she was suddenly caught by a hand.

She was shocked, and before she could recover, she heard that sexy and magnetic voice.

“Are you trying to seduce me?”

Seeing that he had suddenly woken up, Shi Nuannuan was first stunned, then she smiled sweetly.

She asked in a low voice, “You’re Awake?”

His affectionate eyes stared at her, and his voice was very gentle. “Yes, are you hungry?”

She nodded honestly. She was indeed a little hungry. “Yes, are you hungry too?”

“No, I’m very ‘full’!”

She was stunned and blinked her big eyes. She had not recovered yet.

Very full?

Uh, could it be that he had secretly eaten something while she was sleeping?

Then why didn’t he call for her!

Thinking of this, she could not help but frown. She pouted her little mouth and looked unhappy. “He didn’t call for me when he got up to eat!”

He could not help but chuckle. “I didn’t.”

“Then didn’t you say you were full?” How could she be full if she did not eat?

“Yes.” He continued to look at her.

She was stunned. Suddenly, she seemed to understand something and buried her face into his arms.
“Ah... So Annoying!”

Hugging the shy person in his arms, he laughed happily.

“Get up and eat.”

“Okay!” She got up from his arms and sat up.

Just as she sat up, she felt a chill in her chest.

She lowered her head and looked at her naked body. She was shocked and quickly pulled back into the blanket!

He could not help but laugh.

He leaned over and a deep and deep voice rang in her ear, “I’ve already eaten everything. Isn’t it too late to cover it up?”

She turned her head and pursed her lips to look at his slightly evil smile.

Uh, that seems to be the case?

Thinking of this, Shi Nuannuan suddenly turned her eyes away and looked at the man in front of her with a hint of slyness. A thought suddenly rose in her heart.

“If that’s the case, then help me change my clothes!”

She suddenly opened her hands and acted like a wife, asking him to help her change her clothes.

Looking at her sudden action, Xiang Yi was stunned for a moment. Half a second later, he came back to his senses and could not help but smile.

However, in the next moment, he was willing to take the clothes at the side and put them on for her.

Shi Nuannuan’s smile was extremely bright, and he also liked this kind of joy that was brewed out of the calmness.

Just looking at her smiling face, it was as if as long as she was around, his entire world had become colorful.

It was eleven o’clock in the evening. Shi Nuannuan did not want to go out either, so Xiang Yi made her another bowl of noodles.

At the same time.

Shi mansion.

Shi Le was still not asleep on the sofa in the living room.

He glanced at the clock on the wall. It was already eleven o’clock in the evening.

And his precious granddaughter had not returned for a long time.

Could it be that she was at Xiang Yi's residence at the moment?

At this moment, the sound of footsteps could be heard from the stairs.

Shi Le turned his head when he heard the sound and saw his grandson, Shi Yuting, walking down from the second floor.

Shi Yuting had just finished dealing with his matters and was about to return to his room when he caught a glimpse of the light coming from the living room. Curious, he walked downstairs and saw his grandfather, Shi Le, still sitting on the sofa.

He frowned slightly and walked over.

"Why aren't you sleeping?"

Shi Le raised his eyes and glanced at his grandson, his expression somewhat gloomy.

"How much do you know about Xiang Yi and Nuannuan?"

He knew very well that Nuannuan might not tell him or even his mother many things, but she would definitely tell this brother who had always doted on her.

Perhaps his grandson would know a little about the two of them.

Hearing this, Shi Yuting was silent for two seconds before he finally said three words calmly, "I'm not sure."

Shi Le frowned and glanced at him.

How could he not know?

Seriously, the brother and sister had both grown up and grown up. They did not take him as their grandfather at all and kept everything from him.

"Is that Xiang Yi really that good!?" He frowned and looked at his grandson in front of him and asked.

Because he really did not understand why nuannuan only loved Xiang Yi when Cheng Huan was so outstanding!

Shi Yuting's expression was still calm, but his evaluation of Xiang Yi was very high. "Of course, to me, he is my subordinate, including Grandpa's Most Outstanding One."

Hearing his grandson's evaluation, Shi Le was first stunned, then he looked away with a hint of contempt in his tone, "Humph, no matter how outstanding he is, he is just a deacon by your side, and the son of a death row criminal. How can such a man be worthy of My Shi Le's granddaughter?"

"Grandfather." Shi Yuting suddenly glanced at him.

"What?"

"Your grandfather's grandfather's grandfather... What does he do?"

Shi Le straightened up and raised his head to look at his grandson in confusion. "Why are you asking this?"

"Nothing. I just want to know if our Shi family has been very rich since the beginning and has always been a noble family."

Shi Le frowned. In the next moment, he understood the meaning of his grandson's words and was speechless for a moment.

He sighed and turned his head, "I know. Both you and your sister are blaming me for valuing a well-matched family. "But she's your biological sister. Do you have the heart to see her suffer in the future, to the point where she might not even be able to afford to buy a designer bag that she likes

"With Nuannuan's spending power, she would have to spend at least a few hundred thousand a year, right? How much is Xiang Yi's annual salary? Can he afford to support nuannuan?"

In the end, Shi Le was indeed reluctant to let his beloved granddaughter suffer. He was very afraid that one day, she might even have a problem eating a full meal.

Chapter 1238: pharyngitis worsened?

Translator: 549690339

"Grandpa, you're really thinking too much. With Xiang Yi's current ability, it's true that he can't give her a rich life, but people change. Moreover, Nuannuan doesn't care about these superficial things."

"Humph, if you don't care, then don't open your emperor's door. You'll be closing the door and waiting for the only one to suffer."

"Grandpa, this is two different things!"

"How is it two different things? Besides, you said that people change. People do change. It depends on whether they become good or bad, right?" Shi Le said righteously, in his opinion, if there was even the slightest chance to make Weiyi suffer, he would disagree.

"As you said, people may become bad. But when that time comes, even if Xiang Yi doesn't meet the standards of that grandson-in-law in your heart, it's still Weiyi's own choice. But if one day in the future, Cheng Huan becomes bad, Weiyi will only hate you."

Shi Yuting's words made Shi Le slightly startled.

But he didn't believe that Cheng Huan would turn bad. After all, he had been through a lot for decades, and his judgment of people was never wrong.

"Grandpa's judgment can't be wrong."

"My judgment isn't bad either, and it's even Nuannuan who likes it."

"You guys!" Shi Le was speechless, and in the end, he simply stood up. "In short, I can't agree to Xiang Yi! The engagement with Cheng Huan will also be held as scheduled next month!"

After saying that, he strode towards the second floor!

Shi yuting stood rooted to the ground. It seemed that if Xiang Yi wanted to get past his grandfather, the first thing he had to change was his identity.

The next day.

Early in the morning, in the bedroom with the air-conditioning switched on, Shi Nuannuan got out of bed and walked to the washroom.

Looking at the toiletries that Xiang Yi had used in the cup, the corners of her lips curled up slightly, revealing a blissful and sweet smile. Then, she picked up the toothbrush in the cup, squeezed some toothpaste on it, and began to wash up.

However, just as she was happily holding Xiang Yi's toothbrush and brushing her teeth, a wave of sourness suddenly surged out of her chest, rolling out and rushing straight to her throat!

"Urgh—"

She felt nauseous and frowned in discomfort. Then, she spat out the white foam in her mouth.

It was strange. In the past, when she brushed her teeth, although she would occasionally feel her throat dry and nauseous, she would not really spit it out. Could it be that her pharyngitis had worsened?

Just as she was thinking about it, another nauseating feeling came over her.

She hurriedly put down her rinse glass and vomited into the sink. She felt that the acid in her stomach had been vomited out.

However, after she vomited, she felt that the stuffy feeling in her chest had disappeared. It was very comfortable.

After washing up and tidying up her makeup, Shi Nuannuan walked out of the bathroom in satisfaction. Xiang Yi had just returned from buying breakfast.

She had woken up in the morning, and her face was very rosy. He smiled and led her into the dining room with breakfast.

"After breakfast, can you take me home?"

While eating breakfast, she suddenly spoke.

"Yes."

She smiled and continued eating breakfast.

At 8:20 am, the Black Mercedes arrived at the entrance of Shi Mansion.

There was another Black Bentley with it.

The Bentley drove into the courtyard. Soon, Shi Nuannuan and Nuan Nuan saw Cheng Huan and his parents getting out of the car.

Xiang Yi did not drive the car in. Instead, he parked it at the entrance from afar.

When she saw Cheng Huan's family and thought of her grandfather's presumptuous decision, Shi Nuannuan felt extremely wronged. "You go in with me!"

As she spoke, she unbuckled her seatbelt and was about to open the car door.

However, Xiang Yi pulled her back at this moment.

She turned her head and looked at him in confusion.

"I won't go down. You can go in."

She frowned. "Why?"

Looking at her black eyes, he pursed his thin lips and said softly, "If that was a white lie, the current me naturally can not appear in front of the Cheng family."

Shi Nuannuan could not help but feel warm.

In fact, as long as he went out with her now, the Cheng family and grandfather would definitely understand everything. She would also take the opportunity to clarify things with Cheng Huan. The marriage was just a lie, it was not true.

But he could not continue?

"Why? Let's go down and explain everything clearly."

He smiled gently and raised his hand to caress the smooth hair on her head lovingly, "It's not the time yet. The current you must wrap this lie tightly. Otherwise, not only will old master Cheng's life be in danger, but even you and the Shi family's reputation will be affected."

She frowned. "I don't understand."

He pursed his lips and looked at her silently for a few seconds before speaking again.

"This is a lie, but only the Shi family knows about it. The Cheng family, as well as the entire Z city and the media, don't know anything about this at all. If I get out of the car with you right now and explain it clearly, do you know what you will be burdened with?"

"What?" She was stunned. She didn't think so far ahead.

He was silent for half a second. "You will bear the reputation of breaking up the marriage, or even be blamed by the public."

She was stunned and looked at him.

She just told the lie, how could she bear all these things?

"How could this be? This is a lie. Do you mean I have to live forever because of this lie?" She might as well die, but as long as it was a passionate love!

“It’s not that. It’s just that the timing isn’t right. “The lie comes first, the matter between you and me comes later. If you explain everything at this time, no matter what the real truth is, when it reaches the mouth of the media, there will definitely only be one truth.”

“What truth?”

“That is...”he glanced at her. “You moved on and betrayed this engagement just to elope with a third party like me.”

“You are not a third party. You are the first and last man that I like!”She pouted. It was a very ordinary sentence, but it made his calm heart waver.

He chuckled and pinched her fair face. “But you should know how powerful the media is. They have the ability to reverse the truth.”

Hearing his words, Shi Nuannuan seemed to have understood something instantly. She looked at him in a daze.

So, men are so thoughtful to think about one thing? In that instant just now, he had thought of so many things?

She seemed to have gotten to know him again. “Do you always think so far ahead of the problem?”

He lowered his eyebrows and then raised them again. “Yes, including our future.”

He had already planned everything out.

She smiled sweetly. She liked him who was so thoughtful.

“Then are you really not going to go down?”She could not help but wonder if he would feel wronged like this?

He shook his head. “You can go in yourself.”

“Xiang Yi, do you... feel wronged?”

He was stunned and frowned. “Why would I feel wronged?”

It was because he did not have the ability to persuade her grandfather to hand her over to him, but he believed that that day would come soon.

He would make her grandfather willingly hand her over to him.

“It’s-it’s nothing!”She smiled, opened the car door, and got out of the car.

Facing the lowered car window, she waved at him, turned around, and ran into the courtyard.

The Black Bentley in the courtyard. After the car door opened, Cheng Huan’s parents walked out. Cheng Huan had noticed the black Mercedes behind him from the start, so once he got out of the car, his gaze stopped at the main entrance not far away.

At this moment, when he saw Shi Nuannuan rushing over, he couldn't help but be a little stunned.

Because of the distance, he couldn't see clearly who was in the car.

But in his heart, he had a few guesses.

However, if his guess was right, then why would the soon-to-be-engaged Shi Nuannuan be with him?

Thinking of this, Cheng Huan's eyes couldn't help but darken.

"Ah, isn't that Nuannuan?" Looking at Shi Nuannuan who ran over from the courtyard, Mrs. Cheng said with a smile.

She was also full of joy towards this daughter-in-law.

In addition to being able to marry into Qin Jin with a prestigious family like the Shi family, the Cheng family was naturally overjoyed.

Following Mrs. Cheng's soft call, Shi Le also turned his gaze and saw that his granddaughter, who had not returned all night, had returned!

"Nuannuan, you –" out of instinct, Shen Lanzhi almost blurted out and asked where she had gone this early in the morning.

But in the next moment, she seemed to have thought of something.

She was afraid that she had not gone out early in the morning, but had not returned since last night. The flowers that were about to come out of her mouth also stopped.

Cheng Huan's gaze fell on her face that was full of smiles.

It was only past eight o'clock. Although it was not very early, she had already left the house and returned. If she was really with Xiang Yi, then they... were together early in the morning?

Shi Nuannuan was not stupid. With outsiders around, she would definitely not be stupid enough to say where she was last night.

"Nuannuan, you're so early in the morning. Where did you go?" Mrs. Cheng did not think too much about it. She was completely curious.

Shi nuannuan smiled and said, "I'm tired of eating breakfast at home, so I went out to eat!"

Mrs. Cheng nodded, as if she understood.

It was already the end of the month, and the 8th of next month was the engagement party of the Shi and Cheng families. Today, Cheng Huan's parents came to ask for her opinion on how to handle the engagement, only then would it appear more grand!

On the sofa, listening to the two families discussing the engagement, Shi Nuannuan's gaze fell on Cheng Huan's face.

"Cheng Huan, I have something to say to you." Her calm tone surprised Cheng Huan, and even surprised him.

Even Shi Le's gaze shifted to her face the moment she opened her mouth.

What did she want to say to Cheng Huan?

"Wait a moment."

Just as the two of them stood up and were about to leave, Shi Le's deep voice suddenly sounded.

Nuan Nuan and Cheng Huan were both stunned. They stopped in their tracks and turned around to look at Shi Le who was on the sofa.

Shi Le's gaze moved away from the wedding album and landed on their faces.

Then, he said, "Come here. Choose your wedding gown before you leave."

Looking at the wedding album on the coffee table, Shi Nuannuan's expression froze for a few seconds before she smiled. "No Rush. We'll come back to choose later. You guys can discuss first. I have a few things I want to show Cheng Huan."

As she said that, she turned around with a smile and walked towards the stairs on the second floor.

Although Cheng Huan was a little confused, he still followed her after a moment of shock.
