

Kiss Me 1261

Chapter 1261 I'll stay here tonight

Old Master Cheng knew that she was a very active child. It would be very difficult for her to stay still, so he couldn't help but exhort her.

On the bed, Shi Nuannuan looked up at Old Master Cheng. She respected this old man in front of her.

But at this moment, she couldn't smile like before.

Sometimes, she even thought.

Why would she sacrifice her happiness for an old man who had nothing to do with her?

She also knew that grandfather Cheng treated her well, but if everyone treated her well, she would have to pay for it with the price of a lifetime. Wouldn't it be enough to tear her apart?

Grandfather Cheng also noticed that this child in front of him seemed to have something unhappy.

It was obviously his engagement party, but she hadn't smiled once from the beginning to the end, which made him very puzzled.

But he couldn't say anything.

At nine o'clock in the evening, after confirming that her injury had stabilized, although it was a VIP ward, so many people crowded here wasn't a good idea. The Cheng family also prepared to go back after expressing their condolences.

Now, they didn't know whether tonight's engagement was successful or not? Or Not?

Madam Cheng Sighed and turned to leave the ward.

"I'll stay here tonight!" Cheng Huan suddenly said.

Shi Nuannuan could not help but look up from the hospital bed. Zuo Weiyi, Shi Yuting and the others also turned their eyes to him.

"That's fine."

After a few seconds of silence, Shi Le suddenly spoke.

"I'm a woman. Even if I'm going to marry Cheng Huan in the future, we're not married yet. If he stays, I'm afraid it won't be very convenient," Shi Nuannuan said expressionlessly from the hospital bed.

Shi Le felt a wave of disappointment in his heart.

After that day, she indeed did not call him 'grandfather' anymore.

Her expression was very cold, but what she said was very true.

Even if they were already engaged, if Nuannuan did not want Cheng Huan to stay, it would bring her inconvenience.

“Grandfather, Nuannuan is right. Why don’t I stay and take care of her tonight? You guys can come and see her tomorrow,” Zuo Weiyi said.

She knew very well that the Cheng family and... Grandpa were the last people Nuannuan wanted to see right now.

Shi Le looked at Zuo Weiyi and sighed slightly. He had no choice but to agree.

“Okay, then we’ll come and visit her tomorrow.”

It was late at night. After saying that, Shi Le walked out of the ward with his walking stick.

Shen Lanzhi was worried about her daughter and didn’t plan to leave yet.

Zuo Weiyi could not help but look at her and said, “Mom, it’s good that I’m here. You should go back and rest. Also, help me check on Mo Mo and Lian Lian.”

Shen Lanzhi could only leave when she thought of her cute grandchildren at home.

She glanced at her daughter and said, “Nuannuan, you can’t move around. Remember to lie down obediently.”

Looking at her mother, Shi Nuannuan nodded. Shen Lanzhi then left with relief.

In an instant, only Zuo Weiyi and Shi Yuting were left in the ward.

Seeing that everyone had left, Zuo Weiyi walked over and closed the door of the ward. Then, she walked to the bedside and looked at Nuannuan.

She felt that what happened today was too much of a coincidence. She had not sprained her ankle earlier or later, yet she had sprained it during the exchange of rings. Wasn’t this too much of a coincidence?

“Nuannuan, you... What’s going on?”

Shi Nuannuan looked up at her brother and sister-in-law, and finally her gaze fell on her sister-in-law’s face.

“I did something to my shoes earlier.”

As expected!

However, Zuo Weiyi could not help but be very worried.

Chapter 1262 he would not come

“You deliberately broke the heel of your shoe to prevent the engagement today? Do you know that if the consequences are serious, your injury will be more than that!” It was very likely that the injury would be very serious, and it might even cost you your life.

“I have no other way.” Shi Nuannuan lowered her face. She was thinking about how to destroy the engagement, even if it meant getting herself injured.

Seeing her pale face, Zuo Weiyi felt sorry for her.

“Does your foot still hurt?”

Shi Nuannuan shook her head. All the pain was not even one-thousandth of the pain in her heart.

She raised her head and looked at the door of the ward, as if she was waiting for something.

Looking in the direction of her gaze, Shi Yuting, who was standing by the bedside, could not help but speak.

“He won’t come.”

Shi Nuannuan turned her head. “Why?”

He should have also seen himself fall. At that moment, his grandfather was no longer around. Why would Xiang Yi not come?

“Just now, I was worried that grandfather’s men would stop Xiang Yi, so I arranged for someone to be at the entrance of the hospital. But up until now, Xiang Yi has yet to appear. And now, he’s already on a plane to country A.”

Shi Nuannuan’s heart warmed up. She had never felt such a sense of loss before.

Why didn’t he come? Could it be that he was threatened by Grandpa again?

He had already left? Why did he have to leave so quickly?

At the same time, on a private plane heading to country A.

Xiang Yi sat by the window. His gaze was fixed on the clouds outside the window. From his face, one could not tell whether he was happy, angry, or sad.

Helian Manli walked over and handed him a glass of wine.

Looking at the high-grade red wine that was handed over, Xiang Yi only glanced at it and did not take it.

Helian Manli smiled gently. She did not seem to be angry because of this. Instead, she placed the glass of wine on the coffee table beside him.

Then, she sat down opposite him.

“Are you willing to leave just like that?”

Helian Manli was also very surprised at the matter of Shi Nuannuan and the engagement.

Why did the two people who used to be so in love suddenly split up?

Xiang Yi did not speak. He only looked at the clouds flowing outside the window.

The words Shi Le had said to him half an hour ago rang in his ears. [from now on, she is the young madam of the Cheng family. You have no reason or right to contact her again! Don’t forget what you promised me.]

* * * * *

The next day.

Shi Nuannuan was still awake. She did not know what had happened to Xiang Yi.

In the morning, Cheng Huan came to the hospital and brought flowers and fruits.

But after he left in the evening, Shi Nuannuan opened her mouth and said to her mother, "Mommy."

"Yes?"

"Help me throw away all the flowers and fruits."

Shen Lanzhi was stunned. She glanced at the fruits and flowers for no reason. Why would she throw them away when they were perfectly fine?

"Throw them away?"

"Yes, they're an eyesore."

With her daughter's insistence, Shen Lanzhi had no choice but to throw away all the flowers and fruits.

Due to the presence of the two babies, Shen Lanzhi and Zuo Weiyi came to the hospital day and night to take care of Shi Nuannuan. After more than a week, Shi Nuannuan was about to be discharged.

She only needed to go home and recuperate for a period of time.

In the month after she was discharged from the hospital, she did not have any news about Xiang Yi.

She wanted to go to country A to look for him, so as soon as her foot injury recovered, she could not wait to fly to Country A.

Chapter 1263, country A, search

However, when she came to country A, she didn't have any news about Xiang Yi. She didn't even know where he lived.

She found Helian Manli and asked her to meet her in a coffee shop.

Looking at the woman in front of her, Helian Manli picked up the coffee in front of her and took a sip. Then she smiled and said, "I think it's time to call you Mrs. Cheng Soon, right?"

"I asked you here not to study how to address me, but to ask you, where is Xiang Yi?"

After the engagement party, she had heard from her sister-in-law that Xiang Yi appeared with Helian Manli that night. Therefore, Helian Manli must know where Xiang Yi lived.

"I'm sorry, I don't know." Helian Manli smiled, but her answer was very straightforward.

"You didn't know? You clearly appeared with him at the Engagement Party!"

Seeing her anxious look, a hint of craftiness suddenly flashed through Helian Manli's black eyes.

Although she didn't know why the two people who used to be in love would leave each other now, perhaps to her, it was a chance given to her by God.

"Indeed, together. As his girlfriend, I will attend your engagement party with him."

Her sudden words startled Shi Nuannuan.

Girlfriend?

Ha! How laughable. How could she possibly be Xiang Yi's girlfriend!

"Helian Manli, do you think I Will Believe Your Words?"

"It doesn't matter if you believe it or not. As a girlfriend, how could I possibly tell another woman the address of my man?" Helian Manli took another sip of coffee and put it down. Her entire action was extremely elegant, she raised her eyes and stared at Shi Nuannuan in front of her. "Besides, you're already engaged to someone else. How can you be so sure that I won't become his woman?"

"He knows why I'm engaged!" She had personally explained it, so he would definitely know the real reason why she and Cheng Huan were engaged.

Hearing this, Helian Manli was slightly startled.

Although she didn't know why she was engaged to that Cheng family's crown prince, since she was engaged to another man, and Xiang Yi left her to come to country A, it also meant that their relationship had ended, right?

If that was really the case, then from now on, she had to properly pursue her love.

In the past, she still had some reservations, but now that he was single, she was completely qualified to pursue him, right?

"I'm not sure about this, but I won't tell you where he lives."

"Do you think that if you don't tell me, I won't be able to find out?"

"If you can find out, why did you come looking for me now?"

Shi Nuannuan was stunned.

This Helian Manli seemed gentle and generous, but in reality, she was too shrewd and unpredictable.

"That's because this is your place and not our Shi family's. But since you don't want to tell me, then I naturally have to find out myself."

After saying that, Shi Nuannuan took her bag. "Waiter, the Bill!"

She threw a few hundred yuan bills to the waiter and left without looking back.

In the bustling city a, she had no idea where Xiang Yi was.

At this moment, her phone rang.

"Hello?"

“How is it?” Shi Yuting’s voice came through the phone.

“I can’t find him. It’s as if he disappeared from the world. Brother, even you can’t find out where he is?”

On the phone, Shi Yuting was silent for two seconds. “Yes.”

Xiang Yi had followed him for many years and knew how he found people. If he really wanted to hide himself, then it would be really difficult for him to find him.

Chapter 1264: How Long Has It been since she last came..

“Come back first.”

“I won’t go back if I can’t find him.”

“Even if you don’t want to come, Grandpa’s side —”

“So, brother, can you help me! ?”

Shi Yuting was stunned. He still didn’t understand what she was saying. “What?”

“Help me and hide me. Do what Xiang Yi did. Don’t let anyone find me!” Just pretend that Shi Nuannuan had disappeared from Country Z.

“Grandpa will find you in less than half an hour when you go to country A. Do you think it’s useful to hide you?” She was a living person. With Grandpa’s power, how could he not find her.

Hearing this, Shi Nuannuan could not help but feel disappointed.

Could it be that she could only live in Grandpa’s control for the rest of her life?

“Moreover,” Shi Yuting spoke again, his deep face seemed to be worried about something.

“What’s more, Shi Nuannuan raised her eyes?”

“If you left just like that, then what was your original intention to endure everything?”

His words were like a blow to her head, hitting her hard.

That’s right, everything that she endured, she obeyed her grandfather’s orders. What was it for?

Wasn’t it because her grandfather used Xiang Yi’s life to threaten her?

If she were to disappear just like that, what would Xiang Yi Do?

Thinking of this, Shi Nuannuan closed her eyes and uttered a few simple words. It was indeed so pale and powerless. “I understand.”

After hanging up the phone, Shi Nuannuan returned to the hotel. As soon as she closed her eyes, Xiang Yi’s shadow filled her mind.

In order to make herself feel a little better, she turned on the television in the room.

Inside, her favorite Korean drama was playing.

“Aiya, did you get your period this month?”

“Uh, I don’t think so...”

“You Damned Girl, are you pregnant! ?”

Looking at the mother-daughter conversation on the television, Shi Nuannuan was suddenly startled.

Period?

Thinking about it carefully, it seemed that she had not gotten her period for a long time..

She remembered that the last time was... a few months ago?

These days, she seemed to feel that something was wrong with her. She clearly did not have the heart to sleep, but she did not seem to want to get up in the morning. Moreover, the feeling of chest tightness and nausea had become more and more frequent recently.

At first, she thought that it was just because she had not eaten properly recently, perhaps it was because her stomach had been damaged. But now that she thought about it... she actually had not had her period for nearly three months! ?

“How could it not be! ? Recently... have you been feeling nauseous?”

“No, I haven’t. It’s just... I feel nauseous occasionally.”

“You wretched girl, who is the father of the child! ?”

Listening to the conversation between the mother and daughter on the television again, Shi Nuannuan was completely shocked. She lowered her head and couldn’t help but place her hand on her lower abdomen.

The next moment, she suddenly stood up, grabbed her bag and rushed out of the hotel room.

Because she was not sure, she first went to the pharmacy to buy a pregnancy test paper. She wanted to test it herself as mentioned on the Android website.

After returning to the hotel, she followed the design and steps in the manual. She followed the model and entered the bathroom to do the test.

After doing all the work, she began to quietly stare at the test paper. She heard that as long as there were two red bars on it, it meant that she was pregnant!

One minute passed, two minutes passed, three minutes passed, and fifteen minutes passed. However, there were no expected two red bars on the pregnancy test stick..

She could not help but be startled. No, then she was not pregnant?

Chapter 1265: Which doctor should she find for chapter 1265?

But she had carefully calculated that it had been three months since she had her period.

Looking at the test paper that had nothing on it, Shi Nuannuan felt that it might be broken? So she tested it again.

Fortunately, she had bought an extra one just now.

However, the results of the second test were still the same..

What was going on?

Although her period would be delayed occasionally in the past, it had never been delayed for so long.

After leaving the bathroom, Shi Nuannuan took out her phone.

Could there be another reason for the postponement of her period?

She opened the browser on her phone and typed a few words: what was the reason for the postponement of her period by three months?

After clicking on the search button, a lot of answers quickly popped up.

Some said that it could be due to psychological stress, lack of sleep, or mental factors that caused the postponement of her period, such as excessive nervousness, grief, sadness, and so on..

Uh, could it be that she didn't have enough sleep for such a long time? Grief, sadness, uh, she did have these three emotions recently. Could it be because of this?

Looking at the answers on the screen, she didn't know which point to believe as she had never experienced such a thing before.

Why not go to the hospital and have a look?

Thinking of this, Shi Nuannuan went to a central hospital in City A.

Here, she was like an ordinary person.

In the past, she would go directly to Zhong Shenghao for treatment. So this time, she went to the hospital alone and planned to go directly to the doctor according to the signs made by the hospital.

However, looking at the blind signboard, she actually..

What doctor should she look for? The internal medicine department? Or the surgery department? Uh, she remembered that when her sister-in-law gave birth, it was the obstetrics and gynecology department?

The obstetrics and gynecology department... But she wasn't giving birth now, so she shouldn't be looking for the obstetrics and gynecology department, Right?

Standing in the center of the hospital, Shi Nuannuan actually didn't know which doctor to look for.

Seeing a nurse pass by, Shi Nuannuan couldn't help but pull her back. "Excuse me..."

She wanted to say something but hesitated. She looked at the men and women walking around her. It seemed quite embarrassing for a man to hear such a thing.

So she raised her hand and lowered her voice a little. She asked the nurse in a low voice, "Excuse me, your period hasn't come yet. which doctor should I look for?"

She really had never been to a hospital before. Any minor illness was a family doctor. Even when she had to go to the hospital, she would directly look for a specialist doctor. Therefore, regarding this matter.., she really had never experienced it before.

Moreover, it was this kind of 'illness'that did not require her period, so she did not know where to go.

Hearing her question, the nurse was stunned for a moment. Then, she looked at Shi Nuannuan in front of her. She looked like she came from a wealthy family, but didn't wealthy families usually have a specialist doctor? Could it be that she was just wearing a glamorous outfit on the surface?

Even though she was confused now, the nurse still smiled and pointed the way for Shi Nuannuan. "I'm looking for a gynecologist."

Gynecologist?

"Oh, thank you!"

"You're welcome."

After saying that, the nurse left.

Shi Nuannuan's gaze returned to the signboard. The gynecologist was on the third floor.

There were many people in the hospital. Shi Nuannuan wanted to take the elevator, but she realized that the door was filled with people waiting for the elevator.

Even if an elevator came down, it would probably not be able to fit all of them at once, right?

Forget it, let's take the stairs instead.

Fortunately, they only reached the third floor. When they arrived at the gynecology clinic, Shi Nuannuan did not feel very tired.

chapter 1266 an illusion?

She walked into a consultation room and saw a male doctor sitting inside.

Eh, a gynecologist? It was actually a male doctor?

So, was she going to tell this male doctor that she did not have her period?

When she thought of this, Shi Nuannuan stopped in her tracks.

She really could not tell such a thing to a man. Not to mention a stranger, even her own brother, she could not say it out loud.

“Next.”

The male doctor raised his head and saw Shi Nuannuan standing at the door, thinking that she was the next patient.

“What’s your condition? What do you want to see?”

Meeting the male doctor’s gaze, Shi Nuannuan paused. She would not say such a thing to a man even if she was beaten to death!

So, she turned around and ran out, preparing to change to another clinic.

As expected, the second clinic was a female doctor.

She walked straight in, and the patient in front of her had already stood up and left.

“Where are the things?” Seeing Shi Nuannuan sitting across from her, the doctor asked naturally.

Shi Nuannuan was stunned. “What Things?”

“The registration form and the queue number.”

“...” what was the registration form? Why was there a queue?

“I don’t have one.”

As they were speaking, another woman walked in from the door.

The doctor looked at her and then at the woman who walked in. The woman in front of him did not have anything on her hands. Could she have walked in directly?

“Miss, don’t you know that you have to register first and then wait in line to see a Doctor?” The Doctor looked at Shi Nuannuan as if she was looking at a new creature.

Shi Nuannuan was stunned.

Indeed, she had never known that she had to register first and then wait in line to see a doctor.

“Go to the door to register first, then come over. Next.”

Just like that, Shi Nuannuan was ‘kicked’ out.

After leaving the gynecology department, Shi Nuannuan had a helpless look on her face.

It turned out that she was so useless when she left home. She didn’t even know how to see a Doctor..

After leaving the outpatient building, she walked at the entrance of the hospital. She thought for a moment, why not go back and let her mother and sister-in-law accompany her to the hospital?

With this thought, she returned to the hotel.

And just as she stood by the side of the road and was about to call for a car to return to the hotel, not far away, a black car suddenly stepped on the brakes!

The lathe slowly fell, but at this moment, Shi Nuannuan had already gotten into the taxi.

In the carriage, following his line of sight, Helian Manli did not know what he was looking at.

I turned my head and couldn't help asking, "What's wrong?"

Until the taxi disappeared in his line of sight, Xiang Yi only then retracted his gaze, perhaps... just his own illusion.

How could she be here..

— * * * —

October's weather, gradually turned to a hint of cool, not so hot before.

The engagement with Cheng family, although terminated halfway, but in the eyes of outsiders, Shi Nuannuan seems to have been Cheng Huan's fiancée.

However, after months of engagement, the two of them have never been to any event together.

In a high-class apartment in the city center, Shi Nuannuan was watching TV when someone knocked on the door.

She got up and walked over to open the door. She saw her mother, sister-in-law, and two cute little guys coming over.

This was the apartment that she had asked her brother to buy for her more than a month ago.

She had already moved out of Shi Mansion.

"Nuannuan." Every weekend, Shen Lanzhi and Zuo Weiyi would come to visit her because they were worried that she would live here alone.

"Mommy, sister-in-law."

"How have you been recently?" Zuo Weiyi looked at her and asked with concern.

Chapter 1267, the Netherworld, once more!

Shi Nuannuan nodded. "Yes."

As time passed, even though she was still very sad in her heart, at least on the surface, she would no longer be as passive as before.

The three of them sat down on the sofa, while Shen Lanzhi and Zuo Weiyi's faces revealed a look of difficulty.

"What's wrong? Did something happen?" From their faces, Shi Nuannuan could feel that something had happened.

Their gazes fell on Nuannuan's face again. After a long while, Shen Lanzhi spoke softly.

"Yes, your marriage to the Cheng family."

Shi Nuannuan seemed to have long been immune to this marriage.

In the eyes of outsiders, she was already the young madam-to-be of the Cheng family.

Of course, all of this was an indisputable fact to outsiders. Only her brother, sister-in-law, and mother would think that she had rejected this marriage from the start.

“Your grandfather and Mr. Cheng have unanimously decided to let you and Cheng Huan hold a wedding at the end of this year.”

After the engagement, Mr. Cheng’s illness didn’t continue to worsen. Instead, it was under control.

But even so, he was still worried that he wouldn’t live for long, so he hoped that his grandson and Nuannuan could finish the wedding at the end of the year.

Hearing this, Shi Nuannuan looked up at her mother.

The wedding was going to be held at the end of the year?

Hehe..

Why did she feel that no one treated her as a good person now? Instead, it was the Cheng family who started to take advantage of Old Master Cheng’s illness and push their luck?

Only Zuo Weiyi was more worried about Nuannuan’s condition than Shen Lanzhi after she found out about this.

“I won’t hold a wedding.”

This time, even if her grandfather tried to blackmail her, she would not save an outsider who treated her well but was not related to her by blood.

Yes, no matter how good grandfather Cheng was, he was still an outsider to her. Why must she sacrifice her happiness to save him so that he could live a few more days in this world?

Hearing her answer, Zuo Weiyi said worriedly, “But if you don’t want to, then Xiang Yi...”

“It’s nothing more than death. It’s better than living a life worse than death.”

Right now, she was living a life worse than death every day. If it weren’t for..

She lowered her face and her gaze fell on her flat stomach.

“Nuannuan, don’t say silly things!” Her daughter had a fierce temper. Shen Lanzhi was worried that she would really ignore everything in a fit of anger!

“Mommy.” Shi Nuannuan raised her head, “I don’t know why I did this. Why should I sacrifice the happiness of my life for a person who isn’t related to me? “I even lost Xiang Yi and helped the Cheng family. Why should I do this? “I still don’t know what I got for everything I did! “In exchange, I got to suffer my whole life and in exchange, I got to lose Xiang Yi forever and ever! “Mommy... I don’t want to do this anymore...”

At the end of her sentence, tears blurred her vision. However, she held them back and stubbornly refused to let them fall.

“Nuannuan...”Shen Lanzhi was also very clear about the pain in her daughter’s heart.

Yes, she sacrificed her own happiness just to save an irrelevant person. This price was too great.

Shi Nuannuan had made up her mind. She would never listen to her grandfather obediently again!

What kind of White Lies, life and death of others, or fatal threats? Get lost! It had nothing to do with her!

Even if Xiang Yi died, at most, she would go to Hell and chase after him again!

Chapter 1268 misdiagnosis

The next day.

Early in the morning, after Shi Nuannuan had breakfast, she drove to the hospital, wanting to give herself a thorough check-up.

In addition.

She decided to go to the Cheng family after the check-up and tell them everything!

Now that she thought about it, what was she doing these days? It was clearly her decision to make, but she had made herself suffer for so long.

When she arrived at the hospital, it was already 10:20 am when she came out after the check-up last night.

Looking at the results of the check-up, the corners of her mouth curled up slightly. Only every time she saw the results of the check-up would she reveal such a smile.

Just as she was about to take the elevator to leave the hospital, she inadvertently caught a glimpse of two familiar figures standing at the end of the hospital’s long corridor.

She stopped and looked at the two familiar figures. Then, her face was full of confusion and surprise.

She had not seen Grandpa Cheng for two months. She only heard that his condition had not worsened, but had he recovered to this extent?

She remembered that after the engagement party, he was still in a wheelchair. Now, he could walk on his own with crutches?

At the end of the corridor, Old Master Cheng and his grandson Cheng Huan, who had just finished their examination, were standing there.

Old Master Cheng was holding a report in his hand. It was the result of his reexamination.

“Really, actually...”looking at the results of the examination, Old Master Cheng was surprised.

It had been so long. He had always thought that he had a terminal illness, but it turned out that it was not..

“Grandpa, what’s Going On?” Cheng Huan was very surprised when he saw the results of the examination.

Why did the early diagnosis become terminal? Did this mean that Grandpa’s illness could be cured with surgery?

Holding the report, Old Mr. Cheng was also confused.

He looked up as if he had thought of something. He quickly took out the results of the examination that he had received overseas.

Because he had always thought that he had terminal cancer, he did not look carefully at the results of the treatment abroad. Instead, he scanned it and put it away.

He took out the list of the previous two treatments abroad and looked at it. Indeed, there was cancer x on it, but the word ‘early’ was marked on it. However, he had never noticed it.

If a person had already confirmed that he had a terminal illness, he might not read the list of results carefully. It was because of this that old Mr. Cheng had always thought that he had a terminal illness.

“Grandpa, even if you didn’t read this, didn’t you ask the Doctor when you were receiving treatment overseas?”

“I did. The Doctor said that I should receive treatment properly. He also confirmed that I had cancer X. “Uh, but he didn’t say whether it was early or late stage...” at that time, he already knew that he had a terminal disease, moreover, there wasn’t much time left. Who would ask again? Wouldn’t that make him suffer even more?

“Grandpa, such a serious matter, you actually...” although Cheng Huan was a little speechless, he also heaved a sigh of relief.

After all, this was a good thing for them. It could be said to be a surprise that fell from the sky!

“Sigh, this doctor Zhang is really something. Although his medical skills are good, he still diagnosed me with terminal stage...”

“Forget it, Grandpa. You just need to take good care of your body and accept the surgery,” Cheng Huan could not help but say.

Old Mister Cheng nodded. “You have to tell Grandpa Shi, Nuannuan, and the others about this, so that their family won’t worry about me.”

Chapter 1269: Don’t tell them yet

Cheng Huan was stunned when he heard Old Master Cheng’s words.

“It just so happens that I haven’t seen Nuannuan in a long time. Come, follow me to the Shi family home.”

With that, Old Master Cheng turned around and was about to leave with his walking stick.

Cheng Huan stopped him at that moment. "Grandfather, wait."

Old Master Cheng looked up and looked at his grandson in confusion. "What's Wrong?"

Cheng Huan was silent for a few seconds before he said, "Don't tell them about this first."

"Why?" Old Master Cheng couldn't help but wonder.

He was stunned, but he didn't know what reason to use to persuade his grandfather.

Nuannuan was willing to marry him because of his illness. If he told her about this at this time, with Nuannuan's character, even if she was already engaged, she would definitely break off the engagement.

"You don't want Nuannuan to marry into our family as soon as possible?"

"Nonsense, of course I want to! But... What does this have to do with talking about this?" He frowned in confusion and looked at him.

"Think about it. The wedding will be held at the end of the year because your illness can't wait. Otherwise, with an average person's engagement, it would take at least one to two years for the wedding to be held. This means that if you tell her about this now, Nuannuan will not enter our Cheng family for a long time."

Hearing his grandson's words, old Mr. Cheng could not help but be stunned.

He naturally hoped that Nuannuan could marry over as soon as possible. After all, at their age, who would not want to carry their great-grandson over as soon as possible?

However, he was a little worried. "But if we keep it a secret, it doesn't seem good, right?"

Cheng Huan smiled. "What's wrong with that? If we didn't come for a check-up today, we wouldn't have known that you were misdiagnosed, would we?"

"Then what do you mean?" Elder Cheng looked at Cheng Huan.

Cheng Huan was silent for a few seconds before he said, "When Nuannuan marries over, it won't be too late for us to say that you were misdiagnosed. Furthermore, we might even give them a surprise."

When he heard his grandson say that, elder Cheng seemed to think that it was true as well.

Wait until Nuannuan marries over. This should be a double wedding, right?

Just as the two of them were deep in thought about this decision, a crisp sound of footsteps could be heard not far away.

Cheng Huan turned his gaze and saw Shi Nuannuan, who had suddenly appeared here, walking towards them.

Seeing him, Cheng Huan's heart suddenly froze.

Why would she suddenly appear in the hospital?

"Grandfather, please go back first. I have something to do."

“Okay.”

Without seeing Nuannuan, old Mr. Cheng walked into an elevator with his walking stick and his bodyguard.

He was about to tell her everything, but he caught a glimpse of old Cheng leaving. Shi Nuannuan wanted to walk over quickly, but the elevator door was already closed.

“Nuannuan, why are you in the hospital?”

Looking at the person walking over, Cheng Huan’s face was still full of a bright smile.

But to nuannuan, she and Cheng Huan couldn’t even be friends anymore.

“Let’s talk.” Her expression was a little indifferent.

Cheng Huan knew from the beginning that the marriage between them was just a white lie.

But as long as the lie wasn’t exposed, she would still marry him obediently.

“Okay.”

The two of them left the hospital and came to a coffee shop.

Shi Nuannuan warmed up a cup of fruit juice while Cheng Huan ordered a cup of coffee.

“I won’t marry you.”

Without beating around the bush, Shi Nuannuan spoke directly.

Cheng Huan did not seem surprised by her words. From the time she said she wanted to talk to him, she should have known about the wedding at the end of the year.

Chapter 1270 Cheng Huan’s thoughts

“From the beginning, I told you that this was just a lie. But now, I don’t want to continue this lie.”

Looking at the man opposite her, Shi Nuannuan’s face was cold.

She didn’t want to live for others anymore!

“Then what do you want to Do?” He asked softly and took a sip of coffee.

“Tell your parents and Mr. Cheng Everything.”

“No,” he refused.

Shi Nuannuan’s cold eyes glanced at him, “I don’t need you to agree to my decision. I came here just to inform you in advance. I saw Mr. Cheng here just now, so I came here to clarify this matter. Your ‘no’ won’t be of any use to me.”

Hearing this, Cheng Huan’s deep black eyes met hers, and he only spoke after a long while.

“You just don’t want to have a wedding with me. There’s no need to be so cruel.”

“What do you mean?”

“It’s only three months before the end of the year. There’s no need for you to tell me about this now.”

Shi Nuannuan smiled coldly. “Heh! Are you trying to say that old master Cheng might not be here on the wedding day?”

Cheng Huan looked up at her but did not speak.

“I saw your grandfather just now. His body seems to be better than before. If I wait until the wedding day, wouldn’t I have to put on a wedding dress and marry into your Cheng Family?”

“Do you hate me so much?” He could not help but ask.

Shi Nuannuan did not hate Cheng Huan.

It was because of this matter that she began to tire of the Cheng family. Not only him, but even her own grandfather, she did not want to see him again.

“This has nothing to do with whether I hate you or not. If I don’t hate you and marry you, won’t I have to marry many people?”

Her words left Cheng Huan speechless.

In the end, he seemed to have made a decision. He looked at Shi Nuannuan in front of him and said, “If you really don’t want to continue this lie, then let’s make a deal.”

She looked up at him and asked, “What Deal?”

“Don’t tell me about this first. If it really goes to the day of the wedding, I’ll cancel the wedding.”

Cheng Huan’s words surprised her.

“You’ll cancel it?”

“Yes.”

“Isn’t that different?”

“It is, but at least...” he suddenly paused and looked at her with deep affection, “You don’t have to be responsible for this evil person. Even if my grandfather is doing well because of this, you don’t have to bear any blame.”

Shi Nuannuan could not help but feel a little surprised by his words.

He would rather bear the blame of being unfilial than let her become the target of public criticism and be blamed by a thousand people?

“I don’t Need You –” Shi Nuannuan wanted to say something, but she was interrupted by Cheng Huan.

“I’m not helping you, but it’s because of my grandfather. “You just don’t want to hold a wedding. As long as you agree to this, I guarantee that no media will know about the wedding and that it will not be exposed. “Moreover, don’t you also wish for Xiang Yi to live well?”

Shi Nuannuan fell silent and looked at Cheng Huan in a daze.

Her goal was not to hold the wedding. If she could achieve it without hurting anyone, she naturally would not have any objections.

“Remember what you promised me. If you don’t plan to cancel the wedding on the day of the wedding, then I will tell everyone in front of the media. From the beginning, it was just a lie between us.”
