

## **Kiss Me 1301**

Chapter 1301: you must deliver the coffee yourself

As she spoke, she placed the coffee in her hand on the secretary's desk. "This coffee is requested by your Mr. President. I'll have to trouble you, Beautiful Lady."

After placing the coffee, Shi Nuannuan smiled and was about to turn around and leave.

"Wait!"

She stopped in her tracks and turned to look at the beautiful secretary. "Is there anything else?"

The secretary smiled and stood up. She picked up the coffee and placed it in front of her before handing it to her. "I'm sorry, but you have to deliver this coffee in person."

She glanced at the coffee that was stuffed back into her hand. Why was Shi Nuannuan dumbfounded

"Because..."the secretary actually did not know the exact reason.

Usually, if the CEO wanted to order takeout, he would just deliver it directly to her.

But today's Cup of coffee, a few minutes ago, the president specifically instructed that this young lady must personally deliver it. She did not understand the reason.

"This is the Order of our president, sorry to trouble you."

As she spoke, the secretary smiled slightly and turned around to return to her post.

Shi Nuannuan was still in a daze. She looked at the beautiful secretary, then at the coffee in her hand. Finally, she raised her eyes and looked at the door of the President's office.

After a long while, she walked over.

When she reached the door, she felt that the air was extremely oppressive. After taking a deep breath, she raised her hand and knocked on the door.

Knock, Knock

"Come in."

Hearing the familiar sound of the door answering, Shi Nuannuan pursed her pink lips. Only then did she raise her head and turn the doorknob. She pushed the door open and walked in.

The moment she entered, her gaze immediately searched the office desk. However, she realized that there was no one there. She could not help but turn her gaze and see a tall figure standing in front of the French window.

Hearing her footsteps, Xiang Yi, who was standing in front of the French window, turned around. His clear black eyes landed on her beautiful face.

Their eyes met, and their hearts sank.

Then, they only saw the man approaching her step by step.

She did not know why, but when she saw the man walking over step by step, Shi Nuannuan actually felt an unprecedented sense of oppression. It made her want to turn around and run away.

However, she was still holding a cup of coffee in her hand, and..

She turned her gaze around. The coffee table and the sofa were where he was walking toward. In other words, if she wanted to put down the coffee, she had to walk toward him.

This was absolutely impossible!

But she couldn't just put the coffee on the ground like this, right? Moreover, he hadn't paid for it yet!

And in that split second, the man in front of her had already approached her step by step.

His superior approach made her subconsciously take a step back.

But she took a step back, but he took another step forward.

She looked up and could not help but take another step back.

And he took another step forward!

What was this man trying to do?

No, why did she take a step back! ?

With her head lowered, she suddenly frowned and asked herself.

Yes, he was the one who broke his promise, why did she have to retreat! ?

Thinking of this, Shi Nuannuan suddenly stopped retreating and stood in front of him!

But just as she stood still, her forehead bumped into his chest.

Xiang Yi did not expect her to suddenly stand still, and he, who was moving forward, bumped into her just like that!

As he was tall and had a strong chest, this bump made her lose her balance and fall backward..

"Ah!"Thinking that she was going to fall down, Shi Nuannuan exclaimed.

Chapter 1302, you want to leave just like that?

The next moment, she was caught by his powerful palm. With a slight force, he pulled her into his chest once again. His face was pressed against his chest once again!

Shi Nuannuan was stunned for half a second at first. Then, she came back to her senses. Reflexively, she suddenly raised her hand and was about to push the man in front of her away!

However, in her panic, she did not notice that she was still holding the coffee in her hand. With this push, the coffee directly hit his clothes. In the next moment, a thick black liquid splashed out in all directions!

“Pa!”

The paper cup containing the coffee instantly fell to the ground after Shi Nuannuan let go of it.

Shi Nuannuan and Nuannuan were also a little surprised. They lowered their heads and looked at the white shirt that was covered in coffee stains.

Today, Shi Nuannuan only wore a white chiffon shirt. At this moment, she was also covered in coffee stains. She stood there in a daze.

After a long while, she looked up at the man in front of her. He was staring at her.

After a long while, she finally spoke.

Since the coffee beans were spilled, she naturally didn't want him to pay.

“Since you spilled it, then forget about the money for this cup. Goodbye!”

After saying that, she turned around and was about to leave!

The next second, a strong hand pulled her back and stood in front of him!

His clear and deep face was only a few centimeters away from her, and his hands were grabbing her shoulders.

“What are you doing? Let Go!”

She moved her hands, trying to break free from his restraint!

“You made me dirty all over. Do you want to leave just like that?” His deep voice sounded, and his pair of deep black eyes stared straight at her.

Shi Nuannuan could not help but raise her head when she heard that. She looked at his face and then looked at the stains on his body.

Although it was caused by her, who asked him to suddenly hug her?

“What do you mean by that? If you didn't suddenly hug me, why would I suddenly push you!”

“I hugged you because you were about to fall, and I conveniently saved you.”

“...”

“Then if you hadn't come close to me, I wouldn't have nearly fallen!” She said righteously!

“This is my territory. Wherever I want to go, it's my freedom.”

“...” she looked up and stared at the man in front of her. Suddenly, she could not say anything.

He was really..

“I haven’t seen you for three years, and you have really become so...”

“What?”

“Shameless!”

“Then tell me, How am I Shameless? Is this not my place? Am I not hugging you because I saved you? are the coffee stains on my body not caused by you?” He began to approach her step by step, she could only retreat step by step, trying to avoid his approach.

However, he did not let go of her. No matter how she retreated, she could not escape from his range.

“Also, the coffee was knocked over by you. Logically speaking, it’s not that you don’t want money, but you have to compensate me with another cup and apologize to me.”

Hearing this, Shi Nuannuan seemed to have heard a huge joke.

“I –”

She wanted to speak, but she realized that he was telling the truth!

In the service industry like hers, if they spilled a customer’s things, they would indeed have to compensate them again.

But!

She raised her eyes and glared at the man in front of her. “I didn’t ask you to pay the bill, so we’re even!”

After saying this, she turned her face away, not wanting to look at him again.

“Alright, then we’ll consider this matter as even.”

When she heard that, she immediately looked at him again and asked, “Then can I leave now?”

“No.”

Chapter 1303: Wash your clothes

“Why! ?”

“Because you’ve dirtied my clothes.”

Shi Nuannuan gritted her teeth and looked at the stains on his body. “Then I’m dirty too. We’re even!”

“How can we be even?” He glanced at her. “You’re the one who caused this on your body, and you’re the one who caused this on mine.”

For some reason, when he thought about how she said that she had been living well for the past three years and that she didn’t want to have anything to do with him anymore, the guilt in his chest felt like a ball of fire was burning fiercely!

“Then what exactly do you want! ?” Shi Nuannuan was a little angry as she glared at the man in front of her and asked!

He looked at her and after a long while, his low voice sounded again, “Wash your clothes.”

She was stunned. She looked at him and then looked at the white shirt that was stained with coffee stains and the navy blue handmade suit that was also stained with some.

Wash it clean?

That was not a problem.

Her face darkened. “Sure, you can change it. I’ll take it to the laundry.”

“No.”

“What Now! ?” Seeing him go back on his words, Shi Nuannuan was completely furious!

“You’re not allowed to take it to the laundry.”

“Why?” She frowned.

“Wash it here.”

Hearing this, Shi Nuannuan was stunned for three seconds.

“Here?”

He stared at her and did not say a word.

“You mean, wash them here? I’ll wash them myself?”

“That’s right.”

“...”

Heh, heh!

Sister Chen helped her wash her own clothes. Although she would occasionally wash them herself, she would throw them directly into the washing machine. Could it be that he had installed a washing machine in the company?

“Then, may I ask, do you have a washing machine here?” If she just threw the clothes he had changed into the washing machine, it would not be a big problem. Anyway, it would only take a few minutes!

“No!” He finally let go of her and stood up straight.

She widened her phoenix eyes. No? Then she couldn’t be blamed!

“Since you don’t have –”

“Hand-wash.”

Just as she was about to find an opportunity to leave, he suddenly spoke.

Shi Nuannuan raised her eyes and looked at the man in front of her in astonishment!

Hand-wash! ?

“You want me to wash your clothes personally! ?”

“You can also not wash them?”

She felt that things were not that simple. “Conditions?”

His deep black eyes looked into her clear eyes and suddenly took a step forward.

She subconsciously stepped back, not knowing what he was trying to do.

“Conditions are...”

She was still listening carefully, but in the next second, she suddenly felt a force pushing her toward him! She was a little surprised. Before she could recover from her shock, she felt the man’s face suddenly approach her. In the next moment, a familiar but long-lost warmth and a thick breath came from her lips.

In an instant, Shi Nuannuan’s eyes widened. She was dumbfounded!

His lips kissed hers. He could not help but close his eyes, feeling the familiar taste that she used to know..

Shi Nuannuan’s mind was completely blank. Ten seconds had passed by the time she regained her senses.

She raised her hand, wanting to push him away, but Xiang Yi had let go of her first.

When she regained her senses, Shi Nuannuan let out a huge breath. Now she was both angry and brainless, but there was also a hint of embarrassment that turned into anger!

What did she mean? Why, why did he suddenly kiss her! ?

“You...”

She was so flustered that she didn’t know what to do. The moment she thought about how he had kissed Helian Manli before, she raised her hand in anger and fiercely wiped her red lips that he had just kissed!

Her actions made him somewhat stunned. She actually despised him so much?

“You, why did you kiss me! ?”What did it count for? What did he treat her as? ? A lover from the past! ?

Chapter 1304: How many times been given to Helian Manli?

Seeing how she kept wiping her mouth, an unknown anger quickly rose in his body.

His dangerous eyes narrowed, “Are you looking down on me?”

Meeting his angry black eyes, she suddenly found it funny, “Ha, why can’t I Look Down on You?”

“Then tell me, why are you looking down on me? Didn’t you like me three years ago?” He approached her again, trying to suppress the anger in his body that was ready to explode!

Shi Nuannuan smiled.

“Yes, I did like you three years ago, but you also said that it was only three years ago.”

“So tell me, why do you dislike me three years later?” His voice raised a few points!

In three years, she felt that he had changed and his temper had grown.

Wasn’t that right? After all, he was now the high and mighty CEO.

“Because the person standing in front of me now is no longer the Xiang Yi from three years ago!” Her heart was stung by Meng Di’s words.

She looked at him, her black eyes gradually dyed red.

The Xiang Yi from three years ago no longer existed.

“How do you know that I’m not the person from three years ago?” His tone softened, but a trace of pain flashed through his clear eyes. It was difficult to detect and capture.

She stood rooted to the ground, feeling that his question was a little funny.

A man who was about to marry another woman, yet he came to ask her, why didn’t he talk about the person from three years ago?

“Three years ago, I liked your kiss because it only belonged to me, but now...” she raised her eyes and looked at the man in front of her. Tears welled up in her eyes, but she stubbornly held them back.

“Now what?”

“Now, how many times have you given your kiss to Helian Manli?”

He was stunned. Looking at her face, he suddenly understood something.

And the fire in the bottom of his heart gradually dissipated just like that.

He approached her. “You... Care?”

Hearing this, Shi Nuannuan felt warm.

What did she say unknowingly?

“I didn’t!” She denied it!

How could she care? He was no longer Xiang Yi! She didn’t care who she kissed. She didn’t care at all. She definitely didn’t care!

She turned her face away. For the first time, she felt so guilty that she didn’t dare to look him in the eye.

However, he suddenly raised the corner of his lips. Of course, it only lasted for a moment.

“Not even once.” Looking at her, his expression suddenly became very serious.

She was startled and turned her head to meet his deep black eyes.

What did he mean by not even once?

Did he mean that he had never kissed Helian Manli once?

Tsk, who would believe these words?

“Whether you kissed her or not has nothing to do with me!” She turned her face away again, not wanting to see his appearance.

Was it because she did not want to, or because she did not dare? She was afraid that she would not be able to find the answer.

He glanced at her for a few seconds, but he did not explain further.

There was no need to explain what needed to be explained. He naturally did not want to waste his breath and waste his effort.

“Then now, wash my clothes.” As he spoke, he began to undress!

“What are you doing! ?” Looking at his sudden action of taking off his clothes, Shi Nuannuan felt inexplicably nervous. She stared at him with wide eyes!

He paused. “I’m taking off my clothes, of course.”

How could he wash them if he didn’t take them off?

She swallowed her saliva. “Take... take off your clothes. Don’t you know where else to take them off! ?”

He was suddenly startled and looked at her for a long time.

Was She... nervous?

Chapter 1305, we haven’t finished our work yet

It turned out that even after three years, she would still be nervous when she saw him.

“This is my office. I can take off my clothes wherever I want...” after taking off his coat, he started to take off his tie and deliberately approached her.

She kept retreating. “What... What do you want to Do?”

She hated herself a little. Why was her heart still pounding when she saw the man in front of her? Just like three years ago, every time he came close, her heart felt like it was pounding!

“Dong!”!

Just as she was stepping back step by step, her back suddenly hit the wall. Only then did Shi Nuannuan realize that she had no way out.

However, the man in front of her was getting closer and closer.

After that kiss just now, she was completely flustered!

“You –”

Kacha.

Just as she was about to raise her hand to block his approach, the office door was suddenly pushed open.

Xiang Yi took off his tie, and his movements also came to a halt.

As soon as Helian Manli entered, she caught a glimpse of the two people in the corner, and the smile on her face could not help but freeze in an instant.

Her gaze paused on the two people, and she was somewhat surprised and surprised as to why Shi Nuannuan would appear here.

And Helian Manli’s appearance made Shi Nuannuan feel somewhat fortunate in an instant.

She raised her eyes to look at the man in front of her. While he was distracted, she slipped away and escaped from his side!

Shi Nuannuan directly rushed towards the position where Helian Manli was standing, but the next moment, her wrist was suddenly grabbed by a big palm!

Her footsteps paused, and she turned her head to look at him in surprise.

She wanted to shake off his hand, but no matter how hard she tried, she couldn’t shake it off. “Let Go!”

Xiang Yi ignored her and instead looked at Helian Manli, who was still standing there in a daze. “You go out first. I have something to tell her.”

Hearing this, Helian Manli couldn’t help but be stunned. Her face immediately darkened, and her gaze caught sight of his hand holding the tie.

What were they doing just now?

The scene when they came in made people daydream.

“I have nothing to say to you!” Shi Nuannuan wanted to take the opportunity to escape from this place.

Since his fiancée was already here, he wouldn’t dare to do anything to her, right?

“We haven’t finished our business.” He turned his head and looked at her.

Shi Nuannuan couldn’t help but widen her eyes.

What did he mean that they hadn’t finished their business? Did he have to make it sound so ambiguous?

It was as if they had just done something here.

Even Helian Manli, who was standing there, turned even paler after hearing his words.

Unfinished Business? What was it?

She didn't want to leave just like that.

Such a big office, and there was an independent lounge in it. It was specially designed by him. If he was too busy, he wouldn't go back and would stay the night at the company.

If she left now, it was imaginable what would happen to the two of them alone!

In order to find a reason to not want them to be alone in a room, Helian Manli did not intend to leave. Instead, she released the Doorknob and walked forward. She smiled and said, "What's the matter? Can't we talk about it after we finish eating?"

"No."

His sharp eyes suddenly swept over, causing Helian Manli to instantly stop in her tracks.

With her status, she did not need to fear him at all. However, she did not want him to hate her.

She knew very well that if she continued to move forward, she would only make him lose his patience.

She stared at the two of them quietly for a few seconds, and in the end, she could only choose to leave.

She tightened her grip on her handbag, and her gaze fell on Shi Nuannuan's face.

Why was it that for the past three years, no matter what she did or what happened, he could never forget her?

Chapter 1306, video threats

As for her, the three years that she had been with him day and night could not compare to the three years that she had not been by his side.

Wasn't it said that a man's heart was fickle? Why did his heart not move at all after three years.

"Then I'll wait for You Outside!" As she said that, she turned around and wanted to close the door.

"No need, I've already eaten."

The instant she turned around, Xiang Yi suddenly spoke.

Helian Manli's footsteps stopped.

Already eaten? How could it be, it was just the time to get off work, it was just five minutes.

With his usual habits, he would definitely not leave the office until it was time to get off work, how could he have already eaten.

But in this world, the thing that could not be forced the most was probably the human heart.

She took a deep breath, turned around, and smiled. "Alright then, we'll meet again tonight. I'll be leaving first."

The office door was closed again, but Shi Nuannuan's hand was still tightly held by him.

Staring at Helian Manli's departing figure, Shi Nuannuan couldn't help but pucker her lips, feeling a little jealous in her heart.

TSK, she even wanted to eat together!

His gaze glanced at her side profile, and noticed that she was still staring in the direction of the office door, and there was still some unhappiness on her face.

Shi Nuannuan turned her head and realized that the man was staring at her. She could not help but pause.

After a long while, she finally came back to her senses and wanted to pull her hand away from his grip. "You... Let Me Go! My shop is very busy, but I don't have as much spare time as you to waste here!"

"Help me wash my clothes. I'll naturally let you go back."

"I don't know how to wash clothes by hand!" What a joke. She had never washed clothes by hand in her entire life!

"No, it's okay. I'll teach you how to wash them."

She raised her eyes and looked at him in surprise.

He taught her? How could a man like him know how to wash clothes by hand?

"You?" He found it hard to believe that a man could wash clothes by hand.

Shouldn't he just throw them directly into the washing machine?

He didn't say anything and just looked at her quietly.

Hand-washing clothes was a common practice when he was young.

At that time, not to mention washing clothes, he had even done things like washing chopsticks and dishes in the dining room.

It was only later that the conditions got better step by step that he got the washing machine, so he did not have to do it himself anymore.

Shi Nuannuan and Nuannuan were suspicious of him for a few seconds. Looking at his calm and composed appearance, he could not really know how to hand-wash, right?

"What if I insist on not being willing?"

"That's fine too."

He looked at her quietly, but it made her feel uneasy and nervous again.

He had said the same thing just now and kissed her in the next second. Would he do it again this time?

Just as she was getting ready to defend herself against him, Xiang Yi suddenly pulled her in another direction.

Shi Nuannuan felt uneasy and her heart was beating like a drum.

“What, what are you doing? Let Go... Let Go of me!”

She struggled, but he dragged her all the way to the huge desk. Then, she fell and sat down on the leather chair that he had sat on before.

Shi Nuannuan was still in a daze after falling down. The next moment, the man next to him bent down, reached out with the mouse, and opened a document from the computer.

She did not understand what he was going to do, so her gaze fell on his computer screen. Very quickly, she saw that he had opened a document.

So it was a video.

Shi Nuannuan was still wondering what kind of video it was. The next second, she saw a man and a woman kissing in the video, and the protagonist was herself!

This, this, this... wasn't this the scene where he forcefully kissed her just now! ! ? And this is the place, what's going on! ? ?

Chapter 1307 repeated 24 hours

Why was the scene between him and her in the computer! ?

She was so shocked that she wanted to jump up from the chair, but the man pressed her down again!

“What... What's going on! ?”She pointed at the scene in the computer and turned to ask the man in shock.

However, Xiang Yi turned off the video at this time and closed the laptop at the same time. Then, he turned his head to look at the person on his chest and said in a light tone, “If you insist on not washing your clothes, I will move a big screen to the entrance of your shop and repeat this video 24 hours a day.”

“...”Shi Nuannuan was completely stunned.

The next moment, she flew into a rage! ! !

“Don't Push Your Luck!”She raised her fist and swung it!

Xiang Yi tilted his body and easily dodged it.

Shi Nuannuan took advantage of the situation and glared at the man in front of her!

Xiang Yi turned around at this moment. “The decision is up to you.”

After saying that, he walked to the specially designed lounge in the office and wanted to change out of his shirt.

Because the coffee stain had not dried yet, it was a little uncomfortable to stick to his body at this moment.

After entering the room, he took off the white shirt and picked up a black one.

Looking at the stain on his chest, it seemed like he could only take a shower.

He was certain that the video just now would definitely be able to threaten her, so he felt at ease to take a shower first. When he went out, she would definitely still be in the office.

So, he took off his clothes and walked into the bathroom with peace of mind.

Damn it, if she escaped now, he wouldn't really bring that video to her store and play it over and over again, right?

In the office, Shi Nuannuan was in a dilemma.

Eh?

A thought suddenly flashed through her mind. She turned her head and glanced at the laptop just now, then looked in the direction he had left.

Not Here?

Then wouldn't she just delete the video right now?

Thinking of this, Shi Nuannuan glanced in the direction he had left again, then quietly walked to his computer desk and opened the white laptop just now, wanting to delete the video.

But once the computer was turned on, she frowned.

He actually wanted a password?

Staring at the words 'password', Shi Nuannuan thought for a moment, and then immediately typed a few numbers on the keyboard.

Hint: the password is wrong!

She furrowed her brows. It was actually not his birthday?

Staring at the screen, she thought for a moment. Could it be Helian Manli's?

She didn't know what Helian Manli's birthday was, but the internet was so developed now. With Helian Manli's identity, her birthday was definitely public, right?

Thinking of this, she took out her phone and searched for Helian Manli's information through the Internet.

According to the birthday above, she entered the six digits into the computer.

Hint: the password is wrong!

Or wrong?

The password was wrong again and again, Shi Nuannuan couldn't help but feel discouraged.

Damn it, what on Earth is it! ?

Staring at the screen for a long time, a thought suddenly flashed through her mind.

Could It Be... Her Birthday?

As this thought flashed through her mind, even she herself was a little shocked.

Ah, Pui, PUI, Pui! How could it be her birthday? She really thought too highly of herself!

However, the more she stared at the password input box, the more curious she became.

What exactly was the password? Could it be her birthday?

Her fingers on the keyboard moved slightly, her pink lips pursed slightly. After hesitating for a while, she finally could not help but enter her birthday number on it.

Chapter 1308: What exactly was the password

This time, she pressed the keyboard a little slowly, as if she was afraid that the moment she pressed the Enter Key, it would be the same as the previous two times, indicating that the password was wrong.

After the six-digit input was completed, Shi Nuannuan did not press it.

Could it be her birthday?

She was actually a little expectant that this password was set based on her birthday.

However, she was afraid that it wasn't.

However, just as she was deep in thought for a few seconds, the door to the lounge suddenly opened.

Kacha.

The sudden sound of the door opening scared her hand, which was already on the keyboard, to the point that she tilted her finger. At the same time, she clicked on the Enter Key and the building next to it.

She glanced at Xiang Yi, who was walking out, and then heard the sound of an error notification coming from the computer. Wen Sheng turned his head and saw that the password was wrong again.

She suddenly felt disappointed.

So it was not her birthday.

Ugh, what was she thinking? How could it be her birthday!

"What are you doing?"

Xiang Yi came out of the shower and saw her sitting in front of his desk. He could not help but walk over and saw that she seemed to be cracking his computer password.

The man had just taken a shower. The fragrance of the shower was still lingering, and he was so close to her. Shi Nuannuan felt his huge body enveloping her. She could not help but stand up from her chair, one meter away from him.

Seeing that he had changed into a new set of clothes, it seemed that she had to wash these clothes.

Glancing at him, Shi Nuannuan reached out her hand in annoyance. "Give it to me. I'll bring it home to wash."

When she brought it home, God knew how she washed it.

He closed the notebook again and raised his eyes to look at her. His sexy thin lips opened slightly. "I said, I have to wash it here."

"Do you have laundry detergent here?" She looked at him from the corner of her eyes and asked in a bad mood.

Xiang Yi glanced at her and reached out to press the intercom. "Bring Me a bottle of laundry detergent in five minutes."

"..."

Four minutes later, the office door was pushed open, and the beautiful secretary walked in with a bottle of laundry detergent.

"President, here's what you want."

"Give it to her." He pointed at Shi Nuannuan who was standing there.

The secretary was stunned for half a second and then walked towards Shi Nuannuan. After handing the bottle of laundry detergent to her, she bowed to Xiang Yi and left.

Holding the bottle of laundry detergent, Shi Nuannuan was completely dumbfounded.

Even if she had already left home, she was still the young miss of the Shi family and the female boss of the coffee shop. Today, she was reduced to washing clothes for others! ?

She took a deep breath and tried her best to remain calm. Who asked her to spill dirty clothes on the CEO's clothes! Serves her right!

"Where are the clothes! ?"

"Inside."

After hearing his voice, Shi Nuannuan took the laundry detergent and walked towards the room he had just entered.

The moment she entered the room, she saw the dirty clothes lying there. She looked around the rest room which was not big but had all the internal organs.

She picked up the two dirty clothes and turned around to walk to the bathroom.

How was she supposed to wash them?

Standing in the bathroom, she was at a loss. She could not help but raise her head and look at the man who had also walked into the room. "Didn't you say that you were going to teach me how to wash them?"

“There’s a basin in the cupboard under the sink. Take out a third of the water and fill it with laundry liquid.” He sat at the head of the bed and happened to witness the scene in the bathroom, he could see her whole movement clearly.

Chapter 1309 — you did this on purpose, didn’t you?

Shi Nuannuan gave him a suspicious look, then turned around and walked to the faucet according to the steps he had told her to take. She first took a third of the water.

However, the moment she turned the faucet, ‘heavy rain’ suddenly fell from the sky

“Ah!”

She was so scared that she cried out in surprise. She had yet to figure out what was going on!

At the head of the bed, Xiang Yi, who had witnessed this scene, could not help but quickly get up and rush over, pulling her away from the shower.

This faucet had dual controls. Previously, when he was showering, he had used the shower, but after using it, he had forgotten to bring it back.

Shi Nuannuan was originally wearing a thin chiffon shirt, but now that she was drenched by the water, she was instantly drenched. Her hair was also completely wet, and she looked like a disheveled drowned chicken.

She did not notice that there was a shower on top of the faucet, but when she saw that it was a faucet, she walked over to fetch the water. The key was..

“You did it on purpose, didn’t you?” He clearly knew that he had used the shower before, but when he saw her walk over, he did not tell her to switch the controller over. Did he want to see her disheveled appearance?

As expected, People’s hearts would change. After becoming the CEO, he had also learned how to play tricks on people!

Shi Nuannuan suddenly felt a lump in her throat. She turned around and her eyes were slightly red.

Looking at her drenched appearance, his heart tightened slightly. He turned around and took a dry and soft towel from the shelf. He subconsciously wiped her hair and body.

However, he was suddenly flung away by her! It was as if she was disgusted by his touch.

She once again became a divine beast. After adjusting the control position, she refilled the water and then squatted down to pour in the laundry liquid.

“And then?” When she spoke again, her voice was obviously a little cold.

Right now, she just wanted to quickly wash her clothes and leave this place, away from his sight!

His hand that was holding the towel paused for a long time before coming back to his senses.

Looking at her clothes that were already soaked through, his heart choked up.

“Clean yourself before you wash.”

He bent down, picked up the clothes and the basin in front of her, and was about to turn around and leave.

Her body was all wet. If he left her alone like this, she might catch a cold.

However, one of his actions seemed to anger her.

“What do you want! ? I don’t have that much time to waste with you!” She was so angry that she roared out, and a hint of red flashed across her eyes.

He looked at her, and his heart ached. “Do you not want to waste time with me, or do you just not want to stay here at all?”

“I don’t want to stay here, I don’t want to see you, not even for a second!”

“Bang!”!

The basin and clothes were thrown down violently, making a loud crashing sound!

Shi Nuannuan seemed to be a little frightened by his sudden action.

Why was he even more angry than her? He was clearly the one who was teasing her right now, wasn’t he?

Shi Nuannuan could not help but wonder if he came back just to tease her?

“Get Out!” His face turned completely cold, and his cold voice was forced out from between his teeth.

She looked up at his extremely dark face. Although she did not know what he was angry about, since he had spoken, it meant that she could leave, right?

She looked at him again, and Shi Nuannuan walked out of the lounge.

Just as she reached the center of the office, she heard a ‘bang’ coming from the room behind her. She could not help but stop in her tracks.

She did not know who that figure was. After being slightly stunned, she continued walking towards the door of the office coldly.

At the door, the beautiful secretary heard the sound of the door opening. When she looked up, she saw Shi Nuannuan walking out of the room in a very sorry state.

Chapter 1310 was just something exciting

Previously, she had a vague feeling that this lady was a little different from the CEO. Now that she looked like this, could it be that she was playing with the CEO? Shi Nuannuan did not look at her secretary, but walked straight towards the elevator.

Just as she entered the elevator and reached an unknown number of floors, the elevator stopped. Then, a few employees walked in. When they saw her drenched appearance, they could not help but widen their eyes in surprise,

even though Shi Nuannuan did not look at them, she could feel their strange gazes. All of this was because of the man upstairs!

He wanted to see her make a fool of herself so badly. He wanted to tease her so badly, didn't he?

Yet, she acted like a fool and listened to his orders!

When she thought of this, the tears in Shi Nuannuan's eyes could no longer be restrained and fell out. They stuck to her face and she could not tell if they were the water droplets or the tears.

It was not until the elevator reached the first floor that she could not wait to walk out.

At this time, it seemed to be lunch break time. The entire front hall building had employees passing by one after another. As she walked out of the elevator, they pointed and whispered to each other.

At this time, Helian Manli, who was still waiting in the customer lounge area, raised her head and saw Shi Nuannuan walking out of the elevator.

Seeing that she was drenched, she couldn't help but feel a little apprehensive.

It wasn't raining in the office, how could she be like this?

An image suddenly flashed through her mind. Could it be that she had gone to the bathroom in the lounge?

Otherwise, she really couldn't think of how to get her entire body drenched.

Wasn't she in the office? Why did she go to the bathroom in his lounge?

Countless conjectures appeared in Helian Manli's mind. She immediately got up and walked towards Shi Nuannuan.

Shi Nuannuan kept walking towards the revolving door, but she suddenly saw a voice coming from the side. She ignored it, but Helian Manli directly walked to the opposite side of her.

She stopped in her tracks and looked askance at her, "If you have something to say, say it!"

It just so happened that she had nowhere to vent her anger!

"You... Are You Alright? How did it end up like this?" The former was just a sentence that she had prepared in order to ask the latter. Helian Manli wanted to know why she had become like this.

Her gaze fell on her clothes, that faintly discernible lace bra. With this appearance, even a man would not be able to help but daydream, right?

If it was a man with a little bit of interest, a man and a woman alone, would they be so simple that nothing would happen?

Moreover, for no reason, why did she have to go to the bathroom?

Even if she just wanted to go to the bathroom, it was already there in the office, and she didn't need to enter that rest room at all.

And her thoughts, Shi Nuannuan seemed to be able to see it at a glance.

Want to ridicule her? No Way!

Looking at Helian Manli in front of her, Shi Nuannuan suddenly curved her lips into a smile. Her smile was extremely charming and moving. "It's nothing, it's just that... just now in the bathroom, I played with some exciting things with your fiancé-to-be."

Hearing this, Helian Manli was startled. Naturally, she understood what she meant by 'exciting things'.

In her mind, she could not help but flash back to when she went in earlier. Xiang Yi seemed to have even untied his tie and pushed her against the corner of the wall.

How long had it been since they came back, and they had already recovered to this extent?

"What exciting things?" She asked very calmly, as if she wanted to act as if she did not understand her words.

However, the smile on Shi Nuannuan's lips deepened. "It's..."
