

Kiss Me 1311

Chapter 1311 What's wrong with your hand! ?

She leaned over and suddenly leaned her face next to her ear. She said softly, "Sex between a man and a woman. Although it's been three years, his 'skills' seem to be even better..."

After she finished speaking, Shi Nuannuan's smile became even more smug. She then turned around and walked towards the revolving door, leaving the shocked Helian Manli frozen on the spot.

However, after exiting the main door, the smile on Shi Nuannuan's face disappeared in the blink of an eye. She let out a deep breath before walking towards her own coffee shop.

In the building, Helian Manli regained her senses and quickly walked towards the elevator, arriving at the top floor.

Because it was still lunchtime, the secretary was no longer there.

She did not knock on the door, but directly pushed it open and entered.

She looked around the huge office, but did not see Xiang Yi. Her gaze naturally fell on the open door.

She walked over anxiously because she wanted to know what had happened between them just now.

However, as soon as she walked in, she saw a man standing in the bathroom.

Hearing the sound of footsteps again, Xiang Yi thought that Shi Nuannuan had returned. He could not help but turn his head and look up, only to see another woman.

His face was very dark, and he looked very upset.

"Why are you still here?"

His tone was still somewhat indifferent.

But Helian Manli seemed to have gotten used to it.

For the past three years, he had always had this kind of attitude. It was just that when he was in front of others, his attitude would be slightly gentler. Perhaps it was because he did not want her to be so embarrassed in front of others.

She took a glance and suddenly noticed his injured hand.

"What happened to your hand! ?" Her eyes widened in shock. She quickly threw her handbag aside and walked over to check on the injury on his hand.

However, the next moment, Xiang Yi pulled his hand away. "It's none of your business."

"Even if it's none of my business, I'll still deal with it."

As she said that, she turned around and walked to the office. There was a medical box on a bookshelf.

With the medical kit in hand, she returned to the room and began to clean his wounds.

“Don’t move. It’ll be fine in a while.”

She raised her head and glanced at the man sitting on the edge of the bed. She truly loved him and did not wish for him to be hurt even a little.

Although she did not know how this injury came about, looking at his expression, it should be related to Shi Nuannuan, right?

She carefully cleaned his wound, but halfway through, as if he was not used to her touch, Xiang Yi pulled his hand out again and immediately stood up, “I’m going to the hospital!”

After saying this, he had already walked towards the door.

When Helian Manli followed him out, she only saw his back disappearing at the office door.

After leaving the X · s group building, Xiang Yi drove away, but he didn’t really go to the hospital.

This small injury was nothing to him, who had experienced life and death before.

He just didn’t want to be alone in the same space with another woman.

At the intersection, when the traffic light was red, his gaze couldn’t help but look at the [warm time] coffee shop. The image of her leaving just now flashed in his mind.

Did she really not want to see him? Did she not want to stay by his side for even a second?

The green light lit up, and he drove away in the direction of his apartment.

...

On the other side, Shi Nuannuan didn’t return to the coffee shop either.

If she went back in her current state, she would scare Xiao Wen and the others to death. She might even scare the customers and affect the business of her coffee shop.

Chapter 1312 What Are You Reading?

After returning to her apartment, she took a shower and changed into a set of clean clothes. Only then did Shi Nuannuan return to the coffee shop.

After delivering the coffee for so long, she even changed into a set of clothes and returned to the shop. Xiao Wen couldn’t help but feel that it was a little strange.

It was already 2:20 pm in the afternoon. Seeing that Xiao Wen was still in the shop, Shi Nuannuan couldn’t help but feel surprised.

“Why aren’t you off work yet?”The coffee shop had a two-shift system. Usually, Xiao Wen and the others would change shifts at 2:00.

“Xiao Fang has something to do, so change shifts with me today. We’ll rest for the whole day tomorrow!”Xiao Wen seemed to be very happy about changing shifts!

Shi Nuannuan made a sound of acknowledgment and then walked towards the direction of the independent lounge.

She remembered that she was going to bring Han Han to play tomorrow, so she might not be in the coffee shop for the whole day.

At seven o'clock in the evening, when Shi Nuannuan came out, she saw Xiao Wen constantly looking at the door. She couldn't help but feel a little confused.

She walked over and raised her hand to tap Xiao Wen's back. "Eh?"

Hearing this, Xiao Wen hurriedly turned her head and looked at the boss in front of her. "Boss!"

"What are you looking at?" Shi Nuannuan also stretched out her head and looked in the direction of the door, thinking that there was something strange there for her to admire.

However, other than the pedestrians passing by and the endless stream of cars, there was nothing else.

"Nothing, I just... feel a little strange," Xiao Wen said in puzzlement.

Shi Nuannuan retracted her gaze and her gaze stopped on her face. "What's Strange?"

"It's that mister. Why isn't he here tonight?"

Shi Nuannuan was stunned for half a second before she suddenly understood who the gentleman Xiao Wen was referring to was.

She glanced at her and then turned around unhappily. "Isn't it normal that he's not here? My shop doesn't belong to him at this time."

"But that gentleman has been here almost every day since you left!" She was naturally a little surprised that he wasn't here today!

"Why did I invite you here?" Shi Nuannuan turned around and looked at Xiao Wen.

Xiao Wen came back to her senses when she saw Shi Nuannuan's half-closed eyes. "I'm going to work!"

Then, she bowed and left silently.

However, her words directly affected Shi Nuannuan.

Did he really come here every day since she left?

She was deep in thought, but the scene in his office in the afternoon flashed through her mind again, making her forget about the distracting thoughts from before. She turned around and walked to the bar counter. After making a cup of strong coffee by herself., she walked to the seat that she liked before and sat down.

After the busy period, the shop was no longer very busy.

Shi Nuannuan leaned back in the sofa chair and turned her head to look at the city lights outside the glass window. They were gorgeous and dazzling, but there was also a hint of sadness in them.

On the side of the road, a luxury sports car was parked diagonally across from the coffee shop. On the driver's seat, the hand that was bandaged was still on the steering wheel. However, her gaze was fixed on the beautiful figure inside the glass window.

She did not leave even after a long time.

At 9:30 am, the coffee shop was already closed.

The moment Shi Nuannuan walked out of the coffee shop, the luxury sports car also disappeared.

...

The next day.

At 7 am in the morning, Han Han woke up early.

However, Shi Nuannuan was still lazing in bed.

Ever since she opened the coffee shop, she woke up at 6 am almost every day. She missed the time when she slept until she woke up naturally.

"Mommy, hurry up and get up..."

Looking at the words that were still in bed, the little guy quickly reached out to pull the thin blanket on her body.

Chapter 1313, one minute

"Sleep for a little longer, one minute..." Shi Nuannuan closed her eyes and spoke to her son.

"Mommy, you've said this sentence three times already!"

The little guy continued to tug on the thin blanket on her body. His pair of chubby little hands were very cute!

"Hanhan, mommy is so sleepy... just one minute, just one minute..." with her eyes closed, Shi nuannuan tugged on the thin blanket.

"Mommy, you said that you would bring Hanhan to play today. Now the sun is shining down on your butt! Get Up..." the little guy was using all his strength. He just wanted to wake up his mommy who was lazing in bed.

Finally, Shi Nuannuan was annoyed by her son's noise. She opened her eyes and took the clock by the bedside to look at it.

"Phew... it's only 7:10..." she still looked very sleepy. She sat up and looked at her son who was sitting on the bed in his pajamas. "Hanhan, it's only past 7:00. The mall hasn't opened yet."

Her son's favorite place to play was the children's world on the third floor of the International Mall. It would only open at 9:00 in the morning!

“But... If we don't have breakfast, do we still have to wash our eyes (face) and brush our teeth? When we're ready, it'll be time!”The little guy blinked his bright eyes, he looked at Shi Nuannuan with anticipation. His little mouth opened and closed as he spoke with great conviction.

Looking at the expectant look on her son's face, Shi Nuannuan felt as if all her drowsiness had disappeared in an instant. She reached out to pick up her son and gave him a fierce kiss on the cheek!

“Alright then! Let's Get Up!”

“Yeah! Let's Get Up!”The little guy was dancing with joy!

The mother and son got up. After washing up, sister Chen had already prepared breakfast.

When all this was over, it was already eight o'clock in the morning. It was still very early before the children's world opened for business.

Shi Nuannuan turned her head and looked out the window.

The weather had already started to turn cold. It was better to lick a few new sets of clothes for her baby!

“Hanhan, let's go buy some clothes first, okay?”

“Okay, okay!”

Looking at her son who was full of joy, Shi Nuannuan held his hand and walked out of the door.

Her apartment was in the downtown area, so they arrived at the international mall in less than ten minutes.

In the entire mall, only children's world and gourmet kingdom had yet to open for business, and the others had already started doing business.

After shopping around the mall and adding a few new sets of clothes for her son, it was already 10 o'clock in the morning.

With so many things in her hands, it was not convenient for her to play with her son. Shi Nuannuan could not help but squat down and look at her son. “Hanhan, let's put the things in the car first and then go to the third floor, okay?”

“Okay!”

Shi Nuannuan smiled and got up. She walked her son to the elevator and arrived at the underground parking lot.

After putting the things in the trunk, Shi Nuannuan held her son's hand and walked to the elevator.

When she looked up, she saw two familiar figures walking into the elevator. Shi Nuannuan's footsteps suddenly stopped.

“Mommy, hurry up, the elevator door is closing!”

Seeing that the elevator door was about to close, the little guy could not help but hold her hand and wanted to run towards the elevator.

The moment he opened his mouth, Xiang Yi in the elevator frowned slightly and looked up to look at the source of the sound.

Seeing that the man in the elevator was about to raise his head, Shi Nuannuan quickly pulled her son to the side and hid in the blind spot of the elevator door!

She should not have seen it, right?

She held her breath and felt her heart skip a beat in an instant. Her breathing was rapid.

Chapter 1314 Mommy has a stomachache

The little guy raised his head and looked at his mother who had suddenly become nervous. He was a little puzzled. "Mommy, What's wrong with you?"

Shi Nuannuan saw that the elevator door had already closed. Only then did she heave a sigh of relief. She lowered her head and looked at her son beside her. "It's nothing."

"Then why are you hiding?"

She paused and was left speechless by her son's question. After thinking for a while, she said, "Because mommy saw a bad person just now."

"Bad Silver?"

"Yes!" She held her son's hand and returned to the elevator. Not long after, they arrived at the children's world on the third floor.

There were all kinds of fun things here. It was every child's Dream Paradise and Happy World!

Every time they came here, Han Han would be especially happy.

"Mommy! You Lost Again!"

The mother and Son were playing a zombie war, and every time, Shi Nuannuan could not beat her son and ended up losing.

"Ah, Mommy lost again..."

"One more time!" The little guy still wanted more.

"Let's do something else!" She definitely couldn't win against her son in this zombie war!

"What are you playing?"

"Fighting PK!" Shi Nuannuan also seemed to have a childlike innocence as she looked at her son and said.

"Okay!"

Thus, the mother and son changed to another one.

In the first round, Shi Nuannuan was still the same.

She was puzzled. Why did she feel that her son was better at this game?

“Mommy, I like this so much!”

Shi Nuannuan turned her head and looked at her happy son. Then, she looked at the game screen of Fight PK.

“Han Han, you like martial arts?”

“Yes!”The little guy nodded and played happily.

Looking at her son’s cute side profile, Shi Nuannuan was stunned.

Suddenly, she felt a burst of pain in her lower abdomen, causing her to frown.

This feeling made her understand immediately. Looking at the time, it should be her period, one day earlier than last month.

Fortunately, she had prepared sanitary pads in her bag.

Looking at her son who was having a great time, although Shi Nuannuan did not have the heart to interrupt him, she had no choice but to interrupt him. “Hanhan...”

She could no longer remember when it started. Every time she had her period, the pain became more and more obvious. Sometimes, it was so painful that she could not walk.

The little guy turned his head and saw that his mommy was in pain. He could not help but stop what he was doing and look at Shi Nuannuan. “Mommy, What’s Wrong?”

“Mommy has a stomachache and needs to go to the bathroom. Can We come back later to play?”

There were too many people here, so she was naturally worried about leaving her son alone.

“Okay!”The little guy was very obedient and quickly slid down from his seat.

Shi Nuannuan held her bag and held her son’s hand as they walked to the washroom with a pained expression. At this moment, a trace of paleness appeared on her face.

“Mommy, Are You Alright?”Han Han was still a little worried.

It seemed like mommy was like this a few times every month.

“I’m fine. I’ll be fine once I go to the washroom.”

When she arrived at the washroom door, Han Han let go of her hand.

Shi Nuannuan turned her head and knew that her son was unwilling to enter the female washroom, it was strange. He was only two and a half years old. What was there to be embarrassed about.

“Mommy, you can go in. I’ll wait for you at the door!”

“Then you have to promise mommy that you’ll stay here obediently. No matter what happens, you must not leave this place even half a step, understand?”

“Okay! I understand!” Han Han knew that if he left this place, he might be kidnapped by the bad guys!
He was not stupid!

After taking a look at her son, Shi Nuannuan turned around and entered the bathroom.

Chapter 1315 avoiding his little figure

Han Han obediently sat down on a lounge chair and swung his legs as he waited for his mommy to come out of the bathroom.

He looked around curiously. Even without his mommy by his side, he didn't seem to be afraid of anything. He was very brave.

Just as he looked around, he suddenly saw a figure walking towards the direction of the bathroom.

The more he looked, the more Han Han felt that the figure was familiar.

Until the figure was completely close to him, he who was originally sitting on the lounge chair suddenly slid down and hid behind a pillar.

Xiang Yi's footsteps stopped slightly and he saw a petite figure flash past his eyes.

He frowned slightly and looked in the direction that the petite figure was running towards. He saw a small head suddenly poking out from behind the pillar, as if it was spying on him.

He stopped moving forward and turned his head to look at the petite figure behind the pillar.

When it met his gaze, the petite figure immediately hid behind the pillar and retracted its head.

Mommy said that uncle was a bad silver, so he must not discover the existence of the mailing counter!

Seeing that the petite head behind the pillar had retracted, Xiang Yi did not think too much and walked towards the washroom.

However, at this moment, the little head stuck out again and stared at him with a guarded expression.

He stopped his steps once again and frowned slightly. Suddenly, he felt that the little head was somewhat familiar.

In his mind, the scene at the entrance of the coffee shop flashed past. Only then did he realize that the little figure behind the pillar was the little boy from last time?

Seeing that the bad uncle was still looking at him not far away, the little guy was frightened. He quickly retracted his head and stuck his entire body to the pillar!

Oh No, the bad uncle is going to find me!

Xiang Yi, on the other hand, turned around and walked towards the pillar.

He could feel that the little boy seemed to be avoiding him.

But what puzzled him was why was he avoiding him?

The Little Guy was nervous. Then, he heard the sound of leather shoes hitting the ground. The sound was clear, and it was getting closer and closer.

He was scared, and for the first time, his smiling face felt scared.

Oh No, oh no, he was going to be taken away by a bad uncle!

Turning his head, he saw a tall and straight figure standing in front of him. Little Han Han subconsciously took a step back.

When he saw him, the corners of Xiang Yi's mouth unconsciously curled up. That faint smile seemed to be one that even he himself did not notice.

"It's you."

The little guy looked at him warily, but did not speak.

When he noticed the expression on his face, Xiang Yi could not help but frown slightly, "You... are afraid of Me?"

Han Han nodded, "Yes!"

"Why?" He thought that his looks should not be that scary.

Moreover, the little boy was obviously not afraid of him.

"Because..." the little guy paused and hesitated whether he should give his mommy's advice.

Mommy said that an uncle was a bad uncle, but no matter how he looked at it, he felt that this man was not bad.

"Because Mommy told me that you are a bad uncle!"

Xiang Yi couldn't help but be stunned when he heard that.

His deep gaze fell on Little Han Han's face, and he asked with a hint of doubt, "Your Mommy?"

"Yes!" The little guy nodded. Unknowingly, not only did he not avoid Xiang Yi, but he had also become familiar with him.

Many doubts appeared on his handsome face. He couldn't help but squat down in front of Han Han and asked softly, "Your Mommy Knows Me?"

Chapter 1316... uncle... save my Mommy

A woman he had never met said that he was a bad person to her child? That didn't seem right.

So he also wanted to know who the little boy's mother was and why she had accused him of something he didn't do.

Or were all strangers bad people to him?

Perhaps this was just a warning from his mother to prevent bad people from getting close to her son?

"I don't know..."the little guy really didn't know whether his mother knew this uncle in front of him or not, but in the next moment, as if he remembered something, he suddenly opened his mouth, "But my mommy has a photo of you on her phone!"

Xiang Yi was completely stunned when he heard that.

A photo?

Did he download some of his report photos from the Internet?

"You mean those photos that you often see on TV?"If it was those photos, it wouldn't be surprising.

"Um..."but the little guy shook his head and said, "No, it's a photo of Mommy and you together!"

When he said that, Xiang Yi couldn't help but fall into a daze.

A photo? How was that possible? Was it photoshopped?

"Who's Your Mommy? Can you tell me her name?"He didn't know many members of the opposite sex, and almost none of them could take a photo with him. Of course, except... three years ago.

The little guy looked at him warily and lowered his little lips with his fingers. Should he tell him his mommy's name?

Although he was still considering, he opened his mouth the next moment, "When my mommy calls --"

"Plop!"

"Ah! Miss, are you alright!?"

The Little Guy was about to open his mouth, but he suddenly heard a plop from the bathroom door, as if something had fallen! Then, he heard an urgent sound.

The two of them turned their heads at the same time and looked at the bathroom door. They saw that there seemed to be a person who had fainted there, scaring some pedestrians who were going in and out of the bathroom, and they all surrounded him!

"Miss, What's wrong? Quickly call an ambulance, her face is so ugly..."someone said anxiously.

Han Han's gaze also looked at the crowd of onlookers, but she was at a loss, not knowing what had happened there.

It was not until the next second, when she saw through the gap of the crowd and saw the familiar floral chiffon suit on mommy, that his eyes widened. He turned around and ran over, shouting anxiously, "Mommy!"

Looking at the little figure that rushed over, Xiang Yi was stunned on the spot. A few seconds later, he stood up. Perhaps out of curiosity, he also walked towards the crowd of onlookers.

"Miss, wake up..."

The pedestrians tried to wake up Shi Nuannuan who was lying on the ground, but there was no response.

“Mommy... What happened to you... Mommy... wah...” it was the first time he saw his unconscious Mommy. Little Han Han was scared out of his wits and instantly burst into tears. “Mommy... Mommy...”

Xiang Yi had just approached when he heard the little boy’s heartbreaking cry. His heart suddenly trembled.

“Mommy... Save Mommy...” he turned his little face helplessly and looked at the crowd of onlookers. He was crying like a weeping pear blossom. At the age of two and a half, he did not know how to deal with the situation in front of him, he also did not know how to make his mommy wake up.

His gaze fell on Xiang Yi’s face, who had just walked over. For some reason, it was as if there was a nameless thing pulling him and speaking to him, “Uncle... save my mommy... can you save my Mommy...”

Chapter 1317 What’s your surname?

He was crying so hard that he didn’t know what to do. His entire body was trembling, and the people around him couldn’t help but feel sad and distressed when they saw him like that.

Xiang Yi, who had just walked over, first laid his eyes on the Little Guy’s face. When he met his bewildered eyes, his heart tightened as well.

Then, he lowered his gaze and laid it on the fainted figure beside him.

That familiar face entered his line of sight, causing his pupils to tighten. Suddenly, he felt his chest being choked by something, and he could not breathe!

He looked at the person lying on the ground in shock. That pale face without a trace of blood seemed to have turned into an ice-cold blade, slicing and dicing him.

“Nuannuan...” he murmured the name that he had not heard for a long time. He squeezed through the crowd, picked up the person on the ground, and walked towards the elevator.

The little guy saw this and quickly followed him. However, the young him staggered and could not catch up with Xiang Yi’s fast footsteps at all!

“Mommy... Mommy...”

With a plop, Han Han, who was running too fast, suddenly fell down. However, he did not cry out in pain. Instead, he climbed up on his own and continued to catch up with Xiang Yi’s footsteps.

Xiang Yi only came back to his senses when he heard the mournful cry behind him. He stopped and looked at the little figure who was staggering behind him.

He frowned slightly. This little boy kept calling her ‘Mommy’? What on Earth was going on?

Although he had many doubts in his heart, he did not have the mood to care about these things at the moment. All he wanted to do was to send her to the hospital as quickly as possible!

The moment he stopped, the little girl followed him and walked into the elevator with him. They arrived at the underground parking lot.

After placing the person in his arms on the passenger seat, the little one opened the back door and got into the car. Her tears were still flowing non-stop.

“Boom.”

The sound of a rapid engine sounded. In an instant, she sprinted towards the exit of the underground parking lot!

She sprinted all the way to the hospital. After a thorough examination, he found out that her current condition was exactly the same as three years ago. She had fainted because of the menstrual cramps caused by Gong Han.

In the VIP Ward, after confirming that the person on the bed was fine, his tightly clenched heart was finally relieved.

However, at this moment, Shi Nuannuan had yet to wake up.

Beside the hospital bed, two figures, one big and one small, sat there, staring at each other.

“You... called her Mommy?” Didn’t she and Cheng Huan miscarry their child three years ago? Why did another son appear?

He turned his head and looked at the little boy before him as he spoke calmly.

He did not realize that the little boy before him actually looked somewhat similar to himself. The only difference was that there was a little bit of baby fat on his face.

Han Han’s big black eyes also looked at him as he nodded. “Yes, this is my mommy, Shi Nuannuan!”

He was stunned. What had happened to her in the past three years? How did this little boy appear?

Could it be that he had been adopted just like his previous Renie? Was he not her biological son?

However, upon closer inspection, there was a slight resemblance between this boy and her.

“You, What’s Your Name?”

“Han Han!”

He paused. “Your full name.”

“Han Han!”

“...”

“What’s your surname?”

The two-and-a-half-year-old Han Han seemed to be stumped by this question.

What was his surname?

His name was Han Han. His cousin's name was Mo Mo, and his cousin's name was Lian Lian. What was his surname?

"What's That?" He asked blankly.

However, he patiently explained, "It's your surname. Your Mommy's name is Shi Nuannuan, and her surname is Shi."

Chapter 1319 How Old Are You?

After listening to his explanation, the little guy seemed to understand a little.

However, he only shook his head. "I don't know. Mommy, Grandma, and Auntie Only Call Me Han Han. Then is my surname 'Han'?"

He followed his explanation and felt that his surname might be Han?

Xiang Yi was stunned.

Han Han should only be his nickname. Was it because he was too young and did not know his surname?

"How Old Are You?"

"Two years old –" he knew this because his mommy had told him before!

However, before he could say the word 'half', his gaze suddenly caught sight of his mommy's hand moving on the bed. The words that came out immediately stopped.

"Mommy!" Looking at his mother who had woken up, the little guy spoke excitedly.

Shi Nuannuan was in a daze. She only felt a wave of dizziness, so she raised her hand to support her forehead.

The next second, she heard her son's familiar and tender voice.

This 'Mommy' was the most beautiful voice in the world to her.

She tilted her head slightly to follow the source of the voice and saw her son's little head appear before her eyes.

"Hanhan."

"Mommy, you're finally awake. Hanhan was scared to death!" The Little Guy's voice suddenly softened.

The moment he saw his unconscious Mommy, he was really scared and didn't know what to do.

"Baby, I'm sorry." She raised her hand and touched her son's head. Her voice was still a little weak, and the scene before she fainted instantly flooded her mind.

After entering the bathroom and putting on a sanitary pad, she walked out and found that the pain in her lower abdomen was getting worse. However, she was worried about her son who was still waiting outside. Unexpectedly, as soon as she walked out, her entire body went limp, she lost all consciousness.

However, who sent her to the hospital? Was it a kind person who called an ambulance for her?

Looking at the white surroundings, Shi Nuannuan was a little confused. She turned her head, and a familiar face suddenly appeared on the other side of the bed.

Seeing the face that suddenly appeared, Shi Nuannuan was shocked. Although she was a little weak, she was still so scared that she sat up from the bed!

She got up a little violently, and in an instant, she could not help but feel dizzy again. She was so confused that she could not tell which direction was which. It took her a long time to recover.

She looked at the man in front of her and was full of surprise. "You, why are you here?"

"Mommy, it was this uncle who saved you!" The little guy said.

She really wanted to prove that this uncle was not bad and was good silver!

Shi Nuannuan turned her head and glanced at her son, then turned to the man who had always been calm.

Was he the one who sent her to the hospital? How could it be such a coincidence?

No!

As if she suddenly realized something, Shi Nuannuan looked at her son and then at him. She absolutely could not let him know of Han Han's existence!

However, by the time she woke up, it was already too late.

He looked at her for a long time before he spoke, "He's your son?"

Shi Nuannuan was stunned for a few seconds when she met his dark and deep eyes.

Earlier, Han Han had called her 'Mommy'. It was obvious that he could no longer hide his existence.

"So what if he is?"

"Where did you get a son? Didn't you already --"

"This has nothing to do with you!" She hurriedly interrupted him. Then, she carried her son onto the bed and hugged him tightly. She did not want to meet his gaze.

Looking at her expression, Xiang Yi seemed to be deep in thought.

What was she trying to hide?

His gaze fell on the Little Guy's face again. "How old is he?"

Shi Nuannuan was stunned for a moment before she said, "Just two years old!"

“Mommy, it was this uncle who saved you!”The little guy said.

She really wanted to prove that this uncle was not bad and was good silver!

Shi Nuannuan turned her head and glanced at her son, then turned to the man who had always been calm.

Was he the one who sent her to the hospital? How could it be such a coincidence?

No!

As if she suddenly realized something, Shi Nuannuan looked at her son and then at him. She absolutely could not let him know of Han Han’s existence!

However, by the time she woke up, it was already too late.

He looked at her for a long time before he spoke, “He’s your son?”

Shi Nuannuan was stunned for a few seconds when she met his dark and deep eyes.

Earlier, Han Han had called her ‘Mommy’. It was obvious that he could no longer hide his existence.

“So what if he is?”

“Where did you get a son? Didn’t you already –”

“This has nothing to do with you!”She hurriedly interrupted him. Then, she carried her son onto the bed and hugged him tightly. She did not want to meet his gaze.

Looking at her expression, Xiang Yi seemed to be deep in thought.

What was she trying to hide?

His gaze fell on the Little Guy’s face again. “How old is he?”

Shi Nuannuan was stunned for a moment before she said, “Just two years old!”

Chapter 1320 who was his father?

Hearing his mommy’s words, the little guy in her arms could not help but raise his handsome little face.

“Mommy, I was clearly –”

“Shh, Don’t talk,”Shi Nuannuan whispered in his ear.

Although Han Han did not understand, in the end, he still obediently listened and did not say anything else.

Looking at the mother and son pair, Xiang Yi’s gaze became deep and unfathomable, as if he was thinking about life.

It had been three years and two months since he left and returned.

“Who’s his father?”He wanted to know who she had given birth to this little boy!

“What does this have to do with you? Does it have anything to do with you?” She looked at the man in front of her with a cold face.

Three years ago, she could finally throw everything aside and bring the news of her pregnancy to look for him. However, what welcomed her was the fact that his marriage with Helian Manli was approaching.

Looking at her stubborn face and her cold and determined attitude, Xiang Yi was stunned but did not say anything. He just quietly looked at the mother and son on the bed.

As time passed, the entire ward became quiet. It was so quiet that it was as if one could hear each other’s heartbeat.

Han Han looked at a pair of beautiful eyes, looked at his mother, and then looked at this uncle in front of him. He could not help but say, “Mommy...”

Nuannuan came back to her senses and looked at her son in her arms. “What’s Wrong?”

“I’m hungry...”

It was already one o’clock in the afternoon. No matter how small his stomach was, he was so hungry that his chest was pressed against his back.

Previously, he did not feel hungry because he was worried about his mommy who had yet to wake up.

Looking at her son’s aggrieved expression, Shi Nuannuan’s heart ached. She raised her hand to look at the time. It was already so late.

“Baby, don’t worry. Mommy will bring you to buy food now, okay?” She held her son’s handsome little face and was about to get out of bed.

“What are you doing?”

In the next moment, the man’s deep voice was heard, deep and powerful.

Shi Nuannuan’s actions of getting out of bed paused, but she did not stop because of this. Instead, she insisted on lifting the blanket and was about to get out of bed. It was as if she did not notice that there was a needle in the back of her hand.

“What are you doing?”

Seeing the hand that suddenly grabbed her, Shi Nuannuan turned her head and looked at the man. In the next second, she had already pulled away the hand that was being held tightly by him.

“You rest well, I’ll go buy some food.”

“No need –” Shi Nuannuan was about to refuse when her son’s voice suddenly rang out.

“Mommy, the Doctor said that you need to rest well, and...” Han Han’s gaze also landed on the back of her hand that was receiving the infusion. “You’re still receiving the injection.”

Hearing this, Shi Nuannuan followed her son’s gaze and looked at the back of her hand.

She raised her head and looked at the drip above her. There was still one-third of the fluid left.

It was just a little bit. If she didn't lose, she should be fine, right?

"I'm Fine!" She glanced at her son and was about to raise her hand to pull out the needle.

Sensing her actions, Xiang Yi's calm face suddenly showed anger. He stood up and shouted, "What are you doing! ? Are you crazy! ?"

His roar was extremely loud, as if it was going to pierce through her eardrums. It was not difficult to see how big his sudden anger was.

Being yelled at like that, Han Han, who was at the side, seemed to be a little scared. She swallowed her saliva and looked fearfully at the uncle who was suddenly filled with anger.

What an uncle... he was indeed a bad person, so scary!

Shi Nuannuan also held back a little after being yelled at like that.

When she turned her head and saw the moment of anger on his face, some scenes from three years ago suddenly appeared in her mind.
