

## **Kiss Me 1321**

Chapter 1321: Be My and Mommy's fiancée!

He opened the lunch he bought one by one and handed her a portion.

Looking at the lunch that was suddenly handed over, Shi Nuannuan was stunned for a moment. She raised her eyes and glanced at him coldly. "I'm not hungry."

"If you don't want to eat, that's fine." He placed the lunch directly in front of her.

Hearing the meaning in his words, Shi Nuannuan's clear eyes immediately lit up!

Was he addicted to threats? Was he going to use that incident to threaten her again! ?

She clenched her fists tightly, but there was nothing she could do.

Actually, she was also a little hungry..

Wen Sheng's phone suddenly rang. When she heard the sound, she looked over and saw him taking out his phone from his pocket.

Looking at the caller ID, Xiang Yi was silent for two seconds before picking up.

"Hello?"

"Where have you been? Why haven't you come over after such a long time?" Helian Manli's voice sounded from the phone. At this moment, she was still in a restaurant on the fourth floor of the mall.

Because they had previously arranged to have lunch there together.

"I have something to do, you can eat by yourself."

As soon as he finished speaking, he hung up the phone.

Just by listening to his last sentence, Shi Nuannuan could already figure out who had called her.

As expected, they ate together every meal.

"Why, aren't you going back to have dinner with your fiancée?" Looking at him, her words suddenly carried a hint of sarcasm.

Xiang Yi put away his phone. After hearing her words, he was slightly stunned.

"What fiancée?"

Shi Nuannuan was stunned. She was a little surprised by his vague answer.

Ha! What was he trying to do? Deny the existence of Helian Manli in front of her?

They had been together for three years, what was there to hide! Did he think that she wouldn't know about it just like that?

“Mommy, what does a fiancée look like! ?”

Listening to their conversation, the little guy suddenly spoke as well.

The two of them couldn't help but turn their gazes to Han Han at the same time, finding it difficult to answer this question.

Xiang Yi was the first to come back to his senses. He sat down across from him and watched the little guy carefully explain, as if he didn't care if he could understand. “A fiancée is someone who is going to accompany you for the rest of your life.”

Shi Nuannuan looked at the side of his face, but she felt that this sentence was somewhat piercing.

The person who will accompany him for the rest of his life is Helian Manli, right..

“What does it mean to spend your life?” Han Han couldn't help but raise his eyes and ask as he ate.

“It's the person who will always be by your side.”

“Then uncle, can you be Mommy and Me's fiancée?”

“...” Xiang Yi paused.

Meanwhile, Shi Nuannuan, who was lying on the hospital bed, felt as if she had vomited a mouthful of blood! She turned her head and looked at her son in astonishment.

What was this little fellow talking about?

After a long while, Xiang Yi could not help but laugh. He patted his little head and said, “I can't.”

“Why?”

“Because fiancées refer to women.”

“Then...” Han Han immediately understood. “Then let mommy be our fiancée, okay?”

Yes, he and uncle were both men, and Mommy was a woman!

Shi Nuannuan was speechless. How Long was this little thing going to talk nonsense! ?

“Han —”

“Before that, can you tell me why... You Want to add me to your relationship with your Mommy?”

“Because I think uncle can protect Mommy!” As if he had missed something, Han Han pointed at himself again. “And me!”

Xiang Yi was startled and felt that his words were a little strange.

Shouldn't his father usually be the one protecting him and Mommy?

Shi Nuannuan, who was at the side, was panicking and hurriedly said, “Han Han, if you don't eat now, Mommy will eat all your chicken ribs and rice!”

Chapter 1322: Why Don't I have a Daddy?

When the little guy heard this, he immediately buried his head in the rice as hard as he could!

While the mother and son were talking, Xiang Yi seemed to have heard something.

He turned his head and stared at Han Han who was desperately eating rice. "Why me? Where's your father?"

"Xiang Yi!" In a moment of desperation, Shi Nuannuan blurted out this long-lost name.

It had been a long time since she had called this name.

"What do you want to Do? Do you want to do a census?"

Her abnormal attitude made his eyes narrow.

What was she hiding? What was she nervous about?

When she met his sharp gaze, Shi Nuannuan suddenly felt guilty. She avoided his gaze, not daring to look directly into his long and narrow eyes.

Then, her gaze fell on her son's handsome face. "Hanhan, didn't mommy say not to talk during dinner?"

"Mommy, why don't I have a Daddy? Both Mexico and sister Lian Lian have a daddy, why don't I have one..." the little guy suddenly spoke. He had always been puzzled by this question.

However, he was still too young and didn't know what a 'daddy' was. He thought that even if he didn't have one, it was just like how he didn't have the same logic as the toys that Mexico had, weren't many things like this? If someone else had one, he might not have one. However, if he had one, other children might not have one either.

Shi Nuannuan was stunned by her son's words.

Xiang Yi, who was standing at the side, frowned as well. He was a little surprised.

Han Han did not have a father?

Her twinkling eyes were uncertain. She looked at her son and then at Xiang Yi. What was this little fellow trying to do?

The two-and-a-half-year-old Xiang Yi had never asked why he didn't have a 'daddy'. He would only occasionally ask her what a 'daddy' was!

Son, they all say that you're cheating on your father. You're completely cheating on your mother!

At this moment, Xiang Yi's heart was filled with countless doubts. If he didn't have a father, then who was his father?

A thought flashed through his mind as his gaze landed on Han Han's face. Could this little boy be his child?

However, it was not very likely based on the time. He had been away for more than three years, but he had only reached the age of two. Could it be that... she had hidden her actual age?

“Who is his father?” His gaze turned to the person on the bed, and his heart throbbed.

What exactly had she hidden from him? It had been three years. Why didn't she say anything?

“He... He's dead!”

After she said that guiltily, she raised her head and saw that the infusion was done. She pulled out the needle, lifted the blanket, and got out of bed!

Her actions were so fast that Xiang Yi, who was deep in thought, had no time to stop her.

After getting out of bed, Shi Nuannuan quickly rushed to her son's side, took the spoon from his hand, and put it down. Then, she pulled him up. “Son, let's go home!”

As she pulled her son up, she quickly grabbed her bag and was about to rush to the door of the ward!

“Shi Nuannuan!”

There was a layer of fire in his eyes. Why was she in such a hurry to leave?

However, Shi Nuannuan suddenly turned around. “His Daddy is already dead! Before he was born, he was already dead.”

When she said the last sentence, a hint of pain flashed across her eyes.

Yes, three years ago, the man who loved her, pampered her, and said that he wanted to marry her no longer existed.

“He's dead, so he should have a name.” The possibility in her heart seemed to be getting stronger and stronger.

If this child was hers, then what exactly happened to her during these three years? Didn't she say that she was pregnant with Cheng Huan's child? Didn't she say that she miscarried?

Chapter 1323: No Need to address me respectfully anymore

What was the truth? What had happened to her in the past three years?

“Anyway, it won't be your name! He's only two years old, and he just celebrated his birthday last month!” After saying that, she held her son's hand. Shi Nuannuan was in a hurry, as if she was afraid that something would be revealed.

Xiang Yi stood rooted to the ground, watching the mother and son leave, but he did not stop them.

After a long while, he took out his phone and made a call.

“Mommy, I haven't finished my meal...”

Being dragged out of the hospital, an aggrieved expression immediately appeared on Han Han's face.

He had only eaten two mouthfuls of that delicious chicken steak and mushroom rice!

“Han Han, be good. Let’s go home and let Grandma Chen Cook for us, okay?”She pulled her son to the side of the road at the entrance of the hospital. As she gently coaxed him, she looked around, trying to hail a taxi.

When she fainted earlier, her car was still parked in the basement of the shopping mall.

“Okay!”Han Han also loved the nutritious food that Grandma Chen cooked!

A taxi stopped in front of her. Shi Nuannuan picked up her son and sat in it, as if there was a devil chasing after them.

Ever since she learned that he had returned, she had always tried to hide Han Han’s existence, but the heavens never gave her what she wanted!

When Xiang Yi came out of the hospital, he could no longer see the mother and son at the door.

He furrowed his brows slightly. There was someone whom he thought it was time to visit.

Di Zun Group, top-floor office.

A call came from the inner line. Shi Yuting, who was processing documents, raised his hand and pressed the button.

Fei Lin’s sweet voice soon came from the inner line. “Mr. Shi, there’s a Mr. Xiang downstairs looking for you.”

Hearing this, Shi Yuting raised his long and narrow eyes slightly.

After two seconds of silence, he said, “Let him come up.”

“Okay.”

Not long after, someone knocked on the office door. Fei Lin pushed the door open and entered after hearing the answer.

“Mr. Shi, your guest is here,”Fei Lin said with a smile and then made an inviting gesture to Xiang Yi.

Shi Yuting raised his head and his dark eyes fell on Xiang Yi’s face. A few seconds later, he stood up from his desk and said to Fei Lin, “Two cups of coffee.”

After Fei Lin left, the office door was closed again.

“Have a seat.”His voice was neither warm nor cold as he spoke to Xiang Yi who had just walked in. He had already walked to the sofa.

After giving him a glance, Xiang Yi walked over and sat down on the single-seater sofa beside him.

“Mr. Shi.”Just like three years ago, he still addressed Shi Yuting respectfully.

No matter how outstanding he was today, he still felt inferior in front of Mr. Shi.

“You are no longer my person. You Don’t have to address me respectfully anymore.”Shi Yuting raised his eyes and looked at Xiang Yi.

In three years, he had indeed done it.

Xiang Yi did not reply. Instead, he took out a check from his pocket.

This was the 100 million that he owed back then.

“Thank you.”

Glancing at the check in front of him, Shi Yuting’s gaze fell on his face again. “Just to return this 100 million, you don’t have to come over personally.”

“If not for this 100 million, I’m afraid I wouldn’t be where I am today.” Naturally, he had to come over personally to return this 100 million.

Of course, he still had some questions he wanted to ask him.

“If this 100 million made you who you are now, I would be a little regretful.”

His words surprised Xiang Yi.

“Why?”

“I did say that on this road of success, you might have to carry a lot of things, but in the end, the result was beyond my expectations.”

Chapter 1324: i heard that you’re Getting Married?

Xiang Yi was still a little surprised.

“What are you referring to?”

Had he changed?

Why did everyone think that he had changed? What had happened in the past three years that he did not know about?

Shi Yuting looked at him, but did not speak for a long time.

However, as someone who had experienced it before, he knew very well that if he did not clarify some things, he might really miss it, misunderstand it, and regret it for the rest of his life.

“I heard that you’re Getting Married?”

Back then, he had also thought about investigating the truth and falsehood of this matter, but in the end, he had not made up his mind.

This was because on this path of success, the principle lay with him. If Xiang Yi really changed his mind while carrying these things, it could only mean that he had misjudged him.

No matter how hard he tried, he was no longer the Xiang Yi he used to be. His character had completely changed.

Xiang Yi was stunned.

However, his reply was decisive and straightforward. "No."

Shi Yuting was also stunned.

"Then, in the past three years, there have been continuous rumors about your marriage. What's going on?"

Once, perhaps it was by chance. Two or three times, I'm afraid it won't be so simple.

"In the past three years, I have indeed been very close to Helian Manli. This might be what you told me back then. On this road of success, I need to carry something on my back. "But the marriage is fake. I have not directly responded to this rumor."

Shi Yuting was stunned.

The marriage was fake?

Helian Manli was actually such a scheming woman?

He had always been skeptical. He just felt that there was no smoke without fire. If even Helian Manli had admitted their relationship, then it meant that this matter was most likely fake.

If the marriage was fake, then why did Helian Manli admit that she and he were lovers in front of the media when Nuannuan was preparing to look for him back then? Moreover, she even said that when he succeeded.., it would be the day they held their wedding.

Meeting his black and sincere eyes, Shi Yuting could not see the slightest hint of a lie in them.

Perhaps he had never responded to this rumor directly because he was unable to respond directly.

Once he really responded, with Helian Manli's father's personality, he was afraid that his path of success would be abandoned halfway.

"Since it's fake, grandfather should have withdrawn his threat to you two years ago. At that time, why didn't you contact Nuannuan to explain everything?"

Xiang Yi fell into a daze when he heard this.

That originally gentle and calm expression suddenly flashed with a touch of deep pain.

Shi Yuting seemed to have sensed something from his sudden change in expression, and his brows furrowed slightly.

A wave of confusion rose in both of their hearts. Something that they did not know was gradually surfacing.

Xiang Yi's thoughts could not help but return to more than two years ago. At that time, his company was gradually on track.

He had just released a software that he had developed and successfully signed a contract with H Group.

The night gradually turned cold. A city. (dear ones, this is Xiang Yi reminiscing, everyone, don't be confused!)

After coming out of a club, Xiang Yi watched his client leave and then drove back to his apartment. He had just arrived home and casually turned on the television, only to see a reporter interviewing Helian Manli.

Originally, he wasn't interested in this and planned to change the channel, but he was surprised to hear Helian Manli's words to the reporter!

The reporter: "Oh my God, Miss Manli has finally revealed her relationship with the president of X · S Group!"

The reporter: "Miss Manli, May I ask, is your marriage approaching?"

Helian Manli: "En... he has been busy with the group's matters recently. He only wants to keep the company on track and Go International. Currently, he hasn't considered marriage."

Chapter 1326 recollection (1)

Reporter: "Then when the company stabilizes, does it mean that your marriage is approaching?"

Helian manli: "HMM... I think so!"

Looking at the screen, Helian Manli smiled and said everything to the reporter, Xiang Yi's face gradually darkened.

On the other side, Helian Manli, who had just attended an event and finished her interview, left the venue.

Just as she got into her own private car, her phone rang.

She took out her phone from an exquisite handbag. When she saw the caller ID, the smile on her face froze for a few seconds, but then she raised it slightly and slid down the answer button.

"Hello?"

"Why do you say that?" Xiang Yi's voice was a little cold on the phone, getting straight to the point.

She had just finished her interview when his call came.

She had originally thought that he would only find out tomorrow morning.

"Let's talk when we meet?"

Xiang Yi was silent, but he also knew that if they didn't meet, she might not say anything.

"Okay."

"I'm on my way to the hotel now. Because my father is there, let's meet at the hotel entrance."

"Okay." He didn't think too much, hung up the phone and left the residence.

Ten minutes later, when he arrived at the hotel, he saw Helian Manli still wearing a long dress. She should have just arrived from the venue.

He got out of the car and walked towards her.

Seeing the man walking towards her, Helian Manli smiled gently. "You're here."

His face was still a little cold. "Why did you do this?"

Helian Manli raised her hand and touched her arm.

Autumn, the nights in city were indeed a little cold. At this moment, she was only wearing a sky blue dark V gown, which made her look a little cold.

"Can we talk inside? I will give you an explanation."

Looking at her clothes, Xiang Yi was silent and did not speak.

"Don't worry, it's not my room. Just stay in the lounge area in the hotel lobby."

Hearing this, Xiang Yi didn't say anything and walked in.

Arriving at the lounge area in the lobby, Helian Manli found a quiet spot.

This person was in the VIP lounge area, so there was usually no one there.

Xiang Yi sat down and looked at her without saying anything.

He had already asked the topic twice, so he believed that he didn't need to speak anymore.

"It's been half a year. We've attended so many occasions together, and everyone in the outside world thinks that we're a couple."

"From the beginning, I've told you clearly that we're just a partnership."

"It's a partnership, but every time a reporter reports something, you don't deny it, do you? In front of so many people, how do you want me to answer?"

"It's very simple. You just need to answer 'no'."

"If I answer 'no', they'll definitely ask me again. Since we're not a couple, why do we have to attend those occasions at the same time every time? I'm a woman, and I have my pride. I don't want people to say that I'm throwing myself into your arms, but you have no interest in me at all."

"So that's what you said? What can this change?"

"Didn't you say that you don't care about these rumors? In any case, I'm only revealing it to the reporters unilaterally. As long as you ignore it, this matter will not come true."

Looking at her, Xiang Yi did not speak for a long time, and the coldness on his face did not return.

"My father has always thought highly of you. Just take it that this is just an explanation for me to give to my father. "If he knew that I helped you, it was just my wishful thinking. He would definitely oppose it," Helian Manli continued.

Chapter 1326: memories (2)

“This matter ends here. Next time, I don’t want to hear you say these things in front of the media.”

As soon as he finished speaking, Xiang Yi had already stood up and was about to leave.

At this time, Helian Tian, Helian Manli’s father, suddenly walked into the hall.

When he saw the two of them, the corners of Helian Tian’s mouth curled up into a smile.

“Xiang Yi is also here.”

Seeing he liantian, Xiang Yi’s footsteps that were about to leave also stopped, and he turned his head to look at him.

Helian Manli also stood up and walked over, “Father.”

“Did I disturb you two?” He liantian asked, thinking that the two of them were on a date.

Xiang Yi didn’t say anything. Just as he was about to speak, Helian Manli spoke first, “Not at all, father, he was just about to leave.”

“Is that so? It’s been a long time since we’ve had a gathering. Shall we have a meal together?” He Liantian looked at Xiang Yi and asked.

Xiang Yi nodded slightly, his tone calm, “I’m sorry, I’ve already eaten.”

Although he liantian was a little displeased with his rejection, he didn’t show it on his face.

In the end, he could only give up.

The next day.

Early in the morning, Xiang Yi had just arrived at the company. He turned on his computer and some news popped up.

The title was: [ the president of the X · s group is indeed about to marry Helian Manli. He only revealed his relationship yesterday, and they entered XX hotel together at night... ]

Below, there was also a photo of him and Helian Manli entering the hotel together.

Seeing this series of messages, the first thing that appeared in Xiang Yi’s mind was Shi Nuannuan’s shadow.

He was very worried that these messages would also spread to Z country at the same time.

What would nuannuan think of him when she saw this news?

He wanted to give her a call, but Shi Le’s threat rang in his ears.

In the end, he could only endure it for the time being.

What he did not know was that on that day, this piece of news that shocked the entire city had spread to Shi Nuannuan. It was also when she planned to look for him after her marriage with Cheng Huan was dissolved.

(time goes back to now)

“You mean, after knowing all this, you went to the hotel to look for Helian Manli, but at that time, the reporters took a photo of you entering the hotel with her?” On the sofa, listening to his narration.., Shi Yuting frowned slightly.

At that time, Nuannuan had just discovered that old master Cheng’s illness had been misdiagnosed. She felt that she had been deceived and was furious. In a fit of anger, she wanted to pack up her things and go to country A to look for him, however, the news of his marriage with Helian Manli suddenly came.

A series of blows almost pushed her into a bottomless abyss.

At that time, the matter had just been exposed. Grandfather’s threat to Xiang Yi should not have been withdrawn, so he had no way to explain everything to Nuannuan at that time.

“Yes.” Xiang Yi nodded.

Not long after that, another piece of news reached him. It was also when Shi Le withdrew his threat to him.

However, at that time, the marriage between Shi Nuannuan and the Cheng family had not been publicly canceled.

(recalling Scene 2)

At that time, he was in the company. He had just finished an important meeting and returned to the office.

As soon as he entered, he saw Helian Manli sitting on the sofa, seemingly waiting for him.

“Why are you here?” Seeing her, he frowned slightly.

Helian Manli stood up from the sofa, holding an envelope in her hand.

“I... Have Something to ask you.”

Xiang Yi glanced at her, walked straight over and sat down on the sofa. “What is it?”

“This, take a look.” She handed the envelope to him.

Chapter 1327: Memories (3)

Looking at the white envelope, Xiang Yi was a little stunned. “What is it?”

Helian Manli was silent for a while before she said, “Your name is written on it, but I don’t know why it was sent to me.”

Xiang Yi frowned and looked at the envelope. In the end, he reached out and took it.

“I’m very sorry. I was curious and didn’t seal it, so I looked at the contents.”

Seeing him open the envelope, Helian Manli said with a worried face.

Xiang Yi glanced at her and didn't pay attention to this. Instead, he lowered his eyebrows and looked at the things he took out from the envelope.

They were pictures of a man and a woman in the hospital garden. They seemed to be walking.

And..

Looking at the familiar face in the picture, Xiang Yi's expression instantly darkened.

In less than half a year's time, what was going on with her stomach?

Looking at the person in the photo, that slightly bulging stomach, Xiang Yi's face was full of surprise.

"I heard that she's pregnant and will be holding a wedding with Cheng Huan at the end of the year." At this time, Helian Manli, who was sitting beside him, suddenly spoke.

Xiang Yi raised his eyes and glanced at her. He found it hard to accept this fact and did not believe that nuannuan would do this.

"Where did you get this?" He asked with a cold tone as he looked at Helian Manli.

Helian Manli paused and was stunned for half a second before she said, "I don't know. I received this when I went to the office early in the morning."

Xiang Yi looked at the envelope. Other than his name, there was no other clue.

Who exactly sent this to him?

After a long while, he finally recovered from his grief. He took out his phone and tried to call the long-lost number.

However, just as he took out his phone, the screen lit up.

Looking at the familiar caller ID on the screen, Xiang Yi was slightly startled. The name displayed was: Black Dragon.

After hesitating for a few seconds, he picked up the call.

"The old man has removed the surveillance on you and your family." Black Dragon's deep voice came from the receiver.

As soon as he finished speaking, the call was cut off without any further explanation.

Xiang Yi was stunned.

Removed?

Was it because he felt that there was no longer a need?

The hand holding the envelope tightened, and his heart felt as if it had been stabbed by a cold, sharp sword.

At this moment, the phone rang again.

He lowered his eyebrows and looked at the caller ID. It was an unfamiliar number.

He picked up the call but did not make a sound immediately. Instead, he placed it quietly by his ear.

“I hope that from now on, you will not come and disturb our lives anymore.” Just as the call was picked up, a low voice came from the other end.

Although the other party did not reveal his identity, this familiar voice made Xiang Yi quickly know his identity.

The hand that he held the phone tightly tightened. Helian Manli, who was sitting next to him, saw the bulging veins on his forehead and felt that the phone was about to be crushed by him!

[ if we go back to now, won't everyone feel chaotic? ]

“Photos?” On the sofa, Shi yuting frowned slightly.

Photos of him in the hospital garden with Cheng Huan.

He did not know about this either.

However, at that time, the marriage with Cheng Huan had indeed not been announced to the public yet.

Firstly, it was because nuannuan was immersed in grief and did not pay attention to this matter. Secondly, it was also because old Mister Cheng felt that he owed her and kept apologizing to Grandpa and nuannuan during that period of time, he also didn't have time to deal with the matter of the marriage.

“Yes.”

Chapter 1328: brings pregnancy to find you

After listening to the situation back then, shi yuting vaguely felt that there seemed to be a key figure hidden in the middle.

No, to be precise, there should be two people.

One was Helian Manli, and the other was Cheng Huan, who was clearly going to break off the engagement at that time, why did he make that call?

But now, nothing was important.

Shi Yuting raised his eyes and looked at Xiang Yi in front of him. His thin lips parted slightly. “Nuannuan is indeed pregnant.”

Hearing this, Xiang Yi raised his eyes and looked at him in shock.

“She...”

“She brought her pregnancy to look for you, but she saw the news of your marriage to Helian Manli,” Shi Yuting said again.

Xiang Yi's heart jolted!

Looking for him with his pregnancy?

“What do you mean? Isn’t she...”

Shi Yuting stood up. “There are many things that I should look into on my own. I believe that many doubts will be solved easily.”

As soon as he finished speaking, Shi Yuting had already walked to the huge desk once again and continued to process the pile of documents.

Xiang Yi stood rooted to the ground, staring at Shi Yuting, unable to come back to his senses for a long time. His mind was filled with fragments of the past three years.

Could it be that from that moment onwards, the one who was warm in his heart was his child?

His deep eyes were filled with both heartache and regret. In the next moment, he had already turned around and rushed out of the office.

Shi Yuting raised his head and looked at his figure rushing out of the office. With his warm personality, it seemed that Xiang Yi would still need to spend some time before he could carry his wife and child home.

Lower his head again, his sexy corner of the mouth slightly raised an arc.

— — \* \* \* — —

These few days, Shi Nuannuan’s life was as usual. The only difference was that ever since he met Xiang Weiyi last time, his son would always ask her from time to time when he could see that uncle again.

This weekend, Shi Nuannuan with her son went to the Shi mansion.

It was her mother’s birthday today.

Even if she didn’t want to see her grandfather anymore, she had no choice but to bring her son to congratulate her mother.

When she arrived at Shi mansion with a gift, it was already past ten in the morning.

“Mommy, Happy Birthday.”

After receiving the gift, Shen Lanzhi only smiled gently. “If you often bring my grandson back to visit Mommy, mommy will be really happy.”

Shi Nuannuan felt extremely guilty after hearing those words.

The reason why she was so relieved was because she had her brother and sister-in-law around, but she had neglected them. Even so, her mother would still miss her.

It had been more than two years. Perhaps she should let go of many things, but she was unwilling to lower her head. This point was somewhat similar to Shi Le’s.

When she walked into the living room, a cute little figure immediately ran over.

“Auntie!” Shi Lian ran over and hugged her slender legs.

Shi Nuannuan squatted down and handed a small gift to her. She then stretched out her right cheek and said, "Lian Lian, come, give Auntie a Kiss!"

Lian Lian was extremely happy after receiving the gift and quickly kissed her cheek!

Shi Nuannuan was extremely happy.

Then, she stood up and glanced at Mo Mo who was playing with the blocks. She could not help but pucker her lips and said, "Shi Mo, aren't you going to call me?"

Upon hearing this, Mo Mo raised his head and took a look at Shi Nuannuan. "Hello, aunt."

Shi Nuannuan then pursed her lips proudly and walked over. "Yes, this is for you!"

Every time she came to Shi Mansion, she would bring gifts for her two nephews.

Shi Mo raised his head and took a look at the picture on the toy box that his aunt handed over. It was a toy model.

"I don't like it," he replied without giving any face.

Chapter 1329: What exactly Daddy'?

Shi Nuannuan glanced at him.

It seemed that he didn't like the gifts this little guy brought every time, and he didn't give her any face at all!

"Then what do you like?" She was a little curious. Didn't people of his age like toys like this? Then, she noticed the building blocks in his hands that he was playing with. "Building blocks?"

"No, this is just to pass the time."

"Tsk..." Shi Nuannuan pursed her lips. "Then what do you like? I'll bring it to you next time."

Hearing this, Shi Mo raised his head and thought for a while. "Guns."

"..." Shi Nuannuan was stunned.

Guns?

He was only four years old, but he actually liked guns? Did she hear wrongly?

Hearing her son's words, Zuo Weiyi walked over with a headache. "Ignore him. He's been learning shooting from his father recently, and he's a little... HMM, he's gone mad."

"Oh, I see." Shi Nuannuan nodded.

At this moment, Little Han Han ran over and hugged Zuo Weiyi's calf. "Aunt, what exactly is 'daddy'? Why do all the brothers and sisters have it, but not me?"

The child's words were fearless, but it startled everyone in the living room. They all looked at Little Han Han.

Shi Nuannuan's expression also darkened with her son's words.

"Aunt?" The little guy didn't seem to notice that the adults' expressions weren't right. He only raised his black eyes and blinked at Zuo Weiyi.

Zuo Weiyi squatted down. "Because Hanhan's Daddy hasn't come back yet."

"When will he come back? I want a Daddy Too!"

"Soon," Shi Yuting, who was on the sofa, suddenly said unhurriedly.

Everyone looked at him again and saw that he was leisurely reading the newspaper.

Shi Nuannuan could not figure out the meaning behind his words. She just quietly watched Shi Yuting, who was sitting on the sofa.

In the end, it was Shen Lanzhi who broke the silence.

"Nuannuan."

Hearing this, Shi Nuannuan turned her gaze and looked at her mother, Wen Sheng.

"I know that you still have hatred in your heart, but your grandfather was also doing it for your own good in the beginning. Moreover, wasn't he the one who personally went to cancel the marriage later? Although it's a little late, he really misses you. His health hasn't been too good recently. Do you... want to go up and see him?"

Shi Nuannuan realized that she hadn't seen her grandfather since she came in. She couldn't help but ask, "What's wrong with him?"

"It's an old problem. He's resting upstairs. He probably knows that you don't want to see him, so he hasn't come down now."

"Nuannuan." Zuo Weiyi walked over and held her hand. "Grandfather has always missed you and felt guilty about what he did. You... should go up and see him?"

Ever since Nuannuan moved away from home, grandfather had started to regret it.

From then on, Nuannuan really didn't call him 'grandfather' anymore. Every time they met, she would turn a blind eye. Gradually, grandfather seemed to regret everything he did.

In the end, he personally went to the Cheng family and told the white lie.

Who knew that at that time, old Mister Cheng, who had heard the truth, would also tell the shocking news that his condition had been misdiagnosed. As long as he underwent surgery, he would be able to recover. It was not a terminal illness with little life left.

Perhaps it was because they felt guilty, but the two old men had always hoped for her forgiveness.

But Shi Nuannuan after learning all this, but fell into a sad rampage.

Chapter 1330: should thank you

From then on, Shi Le treated her grandfather even more coldly.

Under the persuasion of her mother and sister-in-law, Shi Nuannuan finally came to Shi Le's room on the second floor.

After all, blood was thicker than water. Although she appeared cold on the surface and pretended to be strong on the surface, it was not easy to part with family ties.

She knocked on the door, but without waiting for a response from inside, Shi Nuannuan walked in with her son.

Shi Le was still sitting on the sofa, wearing his reading glasses and looking at an old photo album.

When he heard the door open, he raised his head. When he saw the mother and son, he was clearly a little surprised.

He could not help but put down the photo album in his hand and stood up.

Shi Nuannuan walked over and looked at the photo album. Only then did she realize that it was filled with childhood photos of her and her brother when they were young.

"Hello, great-grandfather!" Little Han Han immediately greeted him when he saw him!

Shi Le came back to his senses and was clearly a little flattered. "Hey, good!"

He picked up his great-grandson on the ground and looked at his granddaughter. For a moment, he did not know what to say.

"Are you feeling better?" Shi Nuannuan was the first to break the silence, but her tone was still a little flat.

Shi Le nodded. "Good, very good."

"Han Han, call great-grandfather downstairs for dinner."

Hearing his mommy's words, the little one who was being carried immediately turned to look at Shi Le. "Great-grandfather, let's go downstairs for dinner!"

"Hey, good!" Shi Le's reply was sonorous and forceful!

Shi Nuannuan glanced at them and turned to head downstairs first.

A lively family gathering started just like that, and Zuo Yi was invited as well.

In their later years, all they wanted was to have a family and have a reunion.

After lunch, Shi Nuannuan should go back until the sun set.

Before she left, Shen Lanzhi was still a little reluctant. "Are you really not going to stay for a night before going back?"

"No."

"Are you still angry with me?" Shi Le could not help but ask.

Although his granddaughter had taken the initiative to talk to him, the reason why she didn't want to stay the night was because she was still angry with him and didn't forgive him?

"No, actually, I'm not angry about anything. Maybe... What you did back then was right. If it weren't for you, maybe I wouldn't know that what I thought was an undying relationship was actually so fragile that it couldn't withstand a single blow. Speaking of which, it was you who helped me and didn't let me marry that unfaithful man!"

Her sudden words surprised Shi Le, Zuo Weiyi, and the others.

One had to know that the reason why she had been cold to her grandfather for the past three years was because of that incident. What was going on now? Had she suddenly come to her senses?

But was it possible? Had she really come to terms with Xiang Yi?

"I'm leaving." Looking at her family, Shi Nuannuan picked up her son and walked towards the door.

Shen Lanzhi and Zuo Weiyi walked over and watched her leave.

"You were talking about Xiang Yi. He's such a good boy. Why did he change so quickly? He was so good to Nuannuan back then... SIGH!" Shen Lanzhi sighed deeply when she returned to the house.

Could it be that one could not judge a book by its cover? Could it be that they had misjudged him back then?

Zuo Weiyi turned his head and looked at his mother-in-law. "Mom, maybe we don't know the truth yet."

She still felt that Xiang Yi did not come back three years later just to show off his success and fame to her grandfather. Perhaps... it was for Nuannuan.

...

When she returned to the apartment, the sky had completely darkened. A bright moon slowly rose, shining in the night sky of City Z.
