

Kiss Me 1361

Chapter 1361: Who was the one who sent her the photo

“It doesn’t matter, Daddy will take care of us!”The little guy said seriously.

Shi Nuannuan narrowed her eyes.

What were the father and son conspiring over there?

She had a feeling that her son had been taught a bad lesson by him.

“Who taught you to say these words?”

The little guy looked at his father in front of him. “What is mommy saying?”

Shi Nuannuan was already convinced by her son’s intelligence.

“Alright, Mommy has to get busy. You... have fun.”Unknowingly, the nameless pain and hatred in her heart seemed to be slowly disappearing.

Why? Was it because of Cheng Huan’s interference three years ago, or because she knew that they had misunderstood each other three years ago?

But even so, she was still a little angry.

Angry that he actually thought that she had a child with another man, angry that he had ignored her for the past three years because of a phone call and a photo.

The most infuriating thing was that he had been entangled with Helian Manli for the past three years!

Even if their marriage was fake and Helian Manli said it on her own, why didn’t he cut ties with her? Why did he still carry her into the hotel?

Wait a minute.

After hanging up the phone, she seemed to suddenly remember something and was stunned for a few seconds.

Who was the one who sent those photos to her? What was the purpose?

At the beginning, she didn’t care about this matter. But now that she thought about it, if he had misunderstood her a few years ago because he received those photos, then now, the person who sent these photos to her also wanted her to misunderstand?

But even so, the photos couldn’t be fake. He just hugged Helian Manli!

The moment she thought of the way the two of them hugged, the unknown fire in the bottom of Shi Nuannuan’s heart surged up again!

He didn’t believe that in these three years, he really didn’t have anything to do with Helian Manli! Clearly, that night’s actions were so intimate!

Thinking of this, Shi Nuannuan didn't want to care about this matter anymore. She strode to the lounge at the back of the coffee shop.

It was evening, the rush hour after work. The coffee shop was not very busy.

Shi Nuannuan sat by the window. She wondered if Xiang Jinghan was still with Xiang Yi. What were the father and son doing? At this moment.

She was deep in thought when the doorbell rang.

Shi Nuannuan did not turn her head when she heard the sound. She continued to look at the endless stream of cars and pedestrians outside the window. It was night time in City Z, and the lights were gradually turning on.

"Miss, what would you like to order?"

Looking at the guests who walked in, a waiter took the initiative to welcome them.

However, Helian Manli only glanced at the waiter, and then her gaze drifted to Shi Nuannuan who was sitting by the glass window.

She pursed her red lips lightly and walked over.

Seeing that she walked straight to her boss, the waiter also turned around and left.

Shi Nuannuan was right outside the window. Out of the corner of her eye, she suddenly felt a shadow standing in front of her.

She slightly frowned, then turned her face and saw Helian Manli who had suddenly come here.

"Can I sit down?"

Shi Nuannuan's cold eyes lightly glanced at the voice that was somewhat cold, "If you are here to drink coffee, of course you can."

She was a businessman. If a business came to her door, how could she not do it.

Helian Manli lightly pursed her lips, the arc of the corners of her mouth seemed to be faintly discernible.

She turned her head and ordered a cup of coffee towards the waiter, and then sat down at the seat opposite Shi Nuannuan.

Shi Nuannuan, on the other hand, continued to look out the window.

"This shop, is it yours?"

Chapter 1362: you guys are going to get married soon?

"If you already know, then don't ask." Shi Nuannuan picked up the cup of cold tea in front of her and took a sip.

Not long after, the waiter brought a cup of coffee and placed it in front of Helian Manli.

Shi Nuannuan suddenly remembered something and turned her head to look at Helian Manli.

“You guys are going to get married soon?”

Although Helian Manli was a little surprised by her sudden question, she didn't look surprised on the surface. She took a sip of coffee.

“I'm not sure yet.”

“Is it not sure, or there is no such thing?” Shi Nuannuan's mouth hung a smile, elegant yet gentle.

Helian Manli was stunned. From her faint smile, she sensed something.

He had already told Shi Nuannuan about their relationship?

But weren't they in an ice-cold state? When did they reconcile? Was It Last Night?

A series of questions arose in her heart, but Helian Manli's face remained calm.

“I really didn't expect that in order to get him, you would be so shameless. You can even say that kind of words in front of the camera,” Shi Nuannuan continued to smile, but she was blunt.

“Why can't You Say It? In the past three years, I've accompanied him through all kinds of hardships. Can you understand it? And in the past three years, when he was in pain, sad, and defeated, have you accompanied him? Your Shi family will only despise him for having nothing. Why? Now that he has succeeded and become famous, you want to come back and take over this man, and now you're here to ridicule me?”

Shi Nuannuan was stunned by her sudden words, and her hand that was holding the cup unconsciously tightened.

It was not because of anything else, but because she was a little jealous. The one who had accompanied him through the storms these past three years was Helian Manli!

No, why would she be jealous?

With that thought, Shi Nuannuan let go of her hand that was holding the cup and elegantly placed it on her thigh. Her expression was calm, as if she was not affected by her words at all.

“If you want to be with him, then be with him. It has nothing to do with me. You Don't have to come to me every moment and say some nonsense to me. You even took some photos and sent them to me. What's wrong? Are you afraid that I don't know how much you love each other?”

Even if there was a misunderstanding between them three years ago, as long as she thought of the image of him and Helian Manli hugging each other, her heart would feel especially stifled!

Helian Manli's amber eyes moved. “What photo? I don't understand what you're talking about.”

Shi Nuannuan, however, curled up into a sneer.

“Forget it if you don't understand. It doesn't matter anyway.” She picked up the Teacup and took another sip of tea.

“Since you feel that these things have nothing to do with you, then can you do it and stop pestering him?” Looking at her, Helian Manli’s expression was no longer as elegant and calm as before. Instead, it was serious.

Shi Nuannuan glanced at her but did not speak.

“You just said that what happened between me and him has nothing to do with you. Since you already think so, why do you still want to pester him three years later after he becomes successful?”

“That eye of yours saw me pestering him?” As soon as she finished speaking, Shi Nuannuan suddenly realized something.

This Helian Manli couldn’t be monitoring Xiang Yi, right? So she knew his every move like the back of her hand?

Helian Manli looked at her, not saying a word.

“I understand. However, I hope you can figure it out. The one who is entangled is not me, but him!”

Chapter 1363: dinner at the villa (1)

“If you don’t give him a response, how could he pester you, pestering a woman who had once heartlessly abandoned him?”

‘Pa!’

Shi Nuannuan suddenly slammed the table and stood up. She glared at the woman in front of her and said harshly, “It’s not your place to comment on what happened between him and me three years ago!”

Three years ago, she believed that Xiang Yi knew very well whether she had abandoned this man or not.

If he also thought so, and even told Helian Manli this way, then he really wasn’t worth loving deeply for so many years and thinking about for so many years! In fact, he even hated these three years.

There were still a few customers in the restaurant. This slap couldn’t help but attract the surprised gazes of others, and they all looked over.

“It was you who said, what happened between me and him has nothing to do with you at all. Then I also hope that you can do this. No matter what happened between you two three years ago, that’s already in the past.” Helian Manli also stood up, her tone was very calm, but every word and sentence was a declaration of her sovereignty!

The two of them looked at each other, each with their own thoughts.

Suddenly, the corners of Shi Nuannuan’s mouth lifted into a confident smile. “You’re saying this because you’re afraid that I’ll snatch him away?”

Helian Manli did not say anything, only quietly staring at her.

At this time, a cell phone rang.

Shi Nuannuan picked up the cell phone on the table while looking at her. It was still that familiar name.

A thought flashed through her mind.

She looked up at the woman in front of her, and the smile on her lips deepened.

She swiped the answer button and placed the phone to her ear. Her voice was so sweet that it was almost touching. "Hello?"

On the phone, Xiang Jinghan was stunned for three seconds. He felt that Mommy's voice was too... gentle?

"Mommy?"

"Let's have dinner together? Sure."

"... Mommy, What's Wrong?"

"I don't care. I can eat anything."

"..."

"You can decide on the location. I'm fine with it, but... I still prefer local dishes."

"I'll send you the address later. It'll be perfect. I'll have the kitchen make a lot of local specialties." A man's deep and gentle voice suddenly came from the other end of the phone.

The fake smile on Shi Nuannuan's face almost disappeared.

She had deliberately said that when she heard her son's voice. Why did the phone suddenly go to his place?

Half a second later, her smile became even more radiant. "Okay."

As soon as she finished speaking, the phone was hung up.

Shi Nuannuan's heart was still a little confused.

But then, she calmly looked at Helian Manli in front of her and smiled. "Sorry, I'm going to eat. Help Yourself."

After saying that, she turned around and left. She walked to the independent lounge, took out her bag, and walked out again. After glancing at Helian Manli who was still standing there, she walked towards the entrance of the coffee shop.

She knew very well that Helian Manli definitely saw the caller ID.

So she was very clear that the call was from Xiang Yi, and the one who asked her to eat was him!

This was exactly the kind of effect she wanted. She didn't say it out loud, but she knew who the caller was. It wouldn't infuriate her to death!

Helian Manli stood rooted to the spot. She did see that the caller ID was 'Xiang Yi', so now she was going to have dinner with Xiang Yi? And it was at his villa?

That's not right. After he came back, didn't he always live in the apartment that he used to live in? When did he buy a new villa?

As soon as he walked out of the cafe, his cell phone rang.

Chapter 1364: Villa Dinner (2)

Shi Nuannuan picked it up and read it. It was a text message.

She opened it and saw a line of detailed addresses.

Looking at the address on it, she opened the car door and sat in the driver's seat.

Previously, she had purposely said those words about having dinner because she wanted to anger Helian Manli, but she didn't really intend to go.

Thinking of this, she couldn't help but dial the number.

The other side was picked up very quickly.

"Hello?"

Hearing that familiar low voice, Shi Nuannuan's heart suddenly became hot, Plop Plop Plop.

"Thank you for your cooperation. Just now, I thought that for some reason, I lied and didn't intend to go to your villa for dinner."

"So you don't intend to come?" His tone was calm, but it was meaningful.

"That's right."

"Alright then. Tonight, let Han Han stay at my place for the night." After saying that, he was about to hang up the phone.

Shi Nuannuan was stunned. She furrowed her brows. "What did you say?"

"I don't plan to send him back."

"... What do you mean?"

"I'm a little busy. I don't have time to send him back."

"... What's your identity now? Don't you have a chauffeur? How can you not have time to send him back!" Seriously, if you don't have time to send him back, why did you take him back! ?

Of course, she only thought about it in her heart and didn't really say it out loud.

"The chauffeur went to do something for me, he's not here."

"You! You did it on purpose, didn't you! ?"

"I sent you the address, it's up to you whether you come or not." As he finished his sentence, he had already hung up the phone.

“Hello? Hello! ?” Shi Nuannuan was so angry that she stomped her feet and stared at the phone screen angrily!

D * mn, B * Stard! B * Stard! Shameless!

However, even though she was angry, in the end, Shi Nuannuan still drove her car towards the address on her phone.

After leaving the city, there was a highway around the sea that led straight to a beautiful seaside villa on the mountain villa. It was magnificent and luxurious.

Although Shi Nuannuan had never been here before, she could tell that this villa seemed to be newly built. It had a wide field of vision. As far as the eye could see, the entire city z was surrounded by the sea. It was like a beautiful painting that stood proudly in front of everything.

She stood beside the car and looked at the door in front of her.

Shi Nuannuan was not surprised by this magnificent building.

That was because she was born into a wealthy family.

Not to mention the ancient castle in country C, even her brother’s Shi mansion was one of the most magnificent in City Z.

Soon, a maid walked out. “Madam, you’re here.”

Shi Nuannuan was stunned. Madam?

The maid opened the door for her and greeted her respectfully.

Shi Nuannuan walked in. When she walked past the maid, she said coldly, “I’m not anyone’s madam. You Don’t have to call me that.”

Looking at her back as she walked in, the maid’s expression was gentle. She recalled what Sir had told her before: no matter what she said, you only have to address her as madam.

Thinking of this, the servant closed the door and followed Shi Nuannuan in.

“Mommy!”

Just as she walked into the courtyard, a tender and sweet voice suddenly sounded above her head.

Shi Nuannuan stopped and looked up.

On the balcony on the second floor, under the light, she saw her son’s petite voice.

“Mommy!” Xiang Jinghan waved at her, then turned around and rushed downstairs.

Not long after, his small body ran out from the front door and ran straight to her!

“Mommy, you’re Here!”

Seeing her son running over, Shi Nuannuan was still worried that he would stumble and fall, so she walked over as well. Just as she was about to squat down, she saw the man's straight figure standing there.

Chapter 1365: dinner at the Villa (3)

He had really changed a lot, becoming more handsome and charming.

But no matter how handsome he was, he was still a shameless bastard!!!

"Mommy, come in quickly. The House Daddy gave us is very beautiful!" After the little guy finished speaking, he pulled Shi Nuannuan into the house.

Shi Nuannuan was pulled by her son. She was also worried that he would fall, so she followed him into the house.

When they came to the entrance, she raised her head and met his dark eyes. They were like the stars in the night sky, bright and mysterious.

"Mommy, is this house big? Isn't It Beautiful?" The little guy pulled her into the living room. It was indeed luxurious and magnificent.

"Yes." She glanced at her son and answered intentionally or unintentionally.

"And also, there is my room upstairs!"

After saying that, Xiang Jinghan pulled her up to the second floor and came to a luxurious children's room.

The space inside was very spacious, especially the entire bedroom was filled with toys. On a shelf, there were almost all models and all kinds of toys!

"These are all prepared by Daddy for me!" Looking at the room full of toys, Xiang Jinghan was very happy!

Looking at the house full of toys, every single one of them seemed to be meticulously prepared. Shi Nuannuan's heart sank a little.

"Madam, young master, it's time for dinner."

At this moment, a servant walked up and spoke to the mother and son standing in the room with a gentle expression.

Shi Nuannuan turned around and glanced at the middle-aged servant. It was the one who had opened the door for her just now.

"Didn't I tell you not to call me 'Missus'?" She wasn't the mistress of the house, nor was she his wife.

The servant looked up at her. "It was Sir's order."

"..."so everything she said was nonsense? They only listened to him?

“Mommy, let’s Go Eat! Daddy asked Aunty to prepare a lot of dishes!” As she spoke, the little guy pulled her down the stairs.

When they walked down the stairs and stood in the living room, Shi Nuannuan pulled her son. “Hanhan, let’s go back and eat, okay?”

Xiang Jinghan turned his head and suddenly looked at her with a serious face. “Mommy, Daddy is so pitiful. He always eats alone. Why Don’t you want to have a meal with Daddy?”

“...”her son was led astray!

Besides, when did he eat alone? Didn’t he always have Helian Manli to accompany him?

“Who told you that he ate alone? Did he tell you?”

“En...”Xiang Jinghan shook his head and denied it.

However, Shi Nuannuan seemed to feel that he was the one who told her son, trying to gain sympathy!

“He lied to you. When we were not around, there were many women who ate with him!”

The little guy looked at his mother in front of him, then turned his gaze and asked Xiang Yi, who was standing behind her at some point in time. “Daddy, is that really the case?”

Shi Nuannuan’s body stiffened. She felt that her son was really too deceitful!

Looking at his son, Xiang Yi smiled lightly. He walked over and picked him up before walking towards the dining room. “No.”

“Look, Daddy already said that there’s no more!” Xiang Jinghan, who was being carried by him, could not help but turn his head and look at Shi Nuannuan, who was still standing there.

Shi Nuannuan, on the other hand, cast a sideways glance at his back view in annoyance!

He was really full of lies. The last time she went to his company, she clearly saw Helian Manli coming to his office to have a meal with him. If she wasn’t there at that time, wouldn’t he have gone to have a meal with her? He actually said that he ate alone every time!

Chapter 1366: dinner at the Villa (4)

Also, that time in the dining room, she happened to bump into Helian Manli and said that she wanted to have dinner with him there. Seriously, did she think that she didn’t know? A man’s mouth really doesn’t even have a draft when it comes to lying!

While she was muttering in her heart, at the same time, she mysteriously walked towards the dining room!

When she arrived at the dining room, she realized that her actions were somewhat abnormal.

Didn’t they say that they wouldn’t eat here! ?

She was stunned at the entrance of the dining room. The next moment, she heard her son’s voice.

“Mommy, come and sit!”

The little guy was sitting on Xiang Yi’s lap, and the seat that Xiang Yi was sitting on was the main seat. Xiang Jinghan patted the seat beside him, indicating for Shi Nuannuan to sit over.

Looking at the seat next to her, Shi Nuannuan was unwilling, but her feet could not help but walk over.

“Sit Here!” Xiang Jinghan was like a little master, pointing and gesticulating.

Shi Nuannuan glanced at her son with disdain, but she still sat down in that seat.

“What do you want to eat?”

“That!” The little guy pointed at a piece of spinach.

Xiang Yi picked up some for him and placed it in the bowl.

Looking at the father and son who were getting along well, Shi Nuannuan slowly picked up her chopsticks as well.

Just as she was about to pick up the food, both of their chopsticks were placed on the same dish at the same time. Both of them were stunned and looked up at each other.

When they met his dark eyes, Shi Nuannuan subconsciously retracted the chopsticks in her hand.

He didn’t say anything and picked up the piece of fish. In the next moment, he placed it in the bowl in front of her.

The familiar scene reappeared three years later. Shi Nuannuan’s heart suddenly sank as she looked at the food in the bowl.

The words that sister-in-law Zuo Weiyi had said to her this morning rang in her ears.

Three years ago, he had misunderstood that he and Cheng Huan were together, and she had also misunderstood that he and Helian Manli were together..

No, no, although the marriage was fake, in the past three years, he and Helian Manli had indeed gone to various public places together, and they were a couple!

She did not thank him. Instead, she looked up at her son. “Hurry up and eat. We’ll go back after eating!”

The little guy was chewing his food. When he heard her voice, he raised his little face slightly. “Mommy, let’s not go back today, okay?”

Shi Nuannuan was about to eat when she stopped. She frowned at Xiang Jinghan and asked, “Why?”

“I want to live here with daddy!”

Shi Nuannuan glanced at him, but her expression was calm. She lowered her head and casually ate her food. “Sure, mommy will go back by herself. You can stay here!”

She did not believe that her son would really rather live with him than go home with her!

When the little fellow heard this, he was indeed a little unhappy. “Mommy, you should stay too...”

“This isn’t our home, why should I Stay?”

“Why not? Daddy already said that this house is prepared for Mommy and me, and we should live together, right?”

Hearing her son’s serious tone, Shi Nuannuan’s brows warmed up. “Why should we live together?”

“Because Aunt’s family lives together! Brother Mo also said that uncle and aunty sleep on the same bed every night, so Daddy and Mommy should sleep together too!”

The little guy said as if it had nothing to do with him. He picked up a spoon and put a piece of meat into his mouth, enjoying himself!

However..

“Oh! Cough Cough –”

Shi Nuannuan had just put a piece of fish into her mouth when she heard her son’s words. She suddenly choked.

Chapter 1367: Mommy Is Gone, you can stay!

“Cough cough...”

In an instant, her face flushed red, and her expression looked somewhat pained. She coughed so hard that tears were about to flow out!

Seeing this, Xiang Yi hurriedly put his son down, stood up, and walked to her side. His originally calm expression was now filled with anxiety. “What’s wrong with you?”

Shi Nuannuan seemed to be unable to speak. She only felt that something was stuck in her throat, and it stung a little.

“I...”

“Mommy... What’s wrong with you?” Xiang Jinghan seemed to be frightened by her swollen red expression.

Seeing that she seemed to be unable to speak, Xiang Yi immediately understood something and immediately turned around to rush out of the dining room.

After about ten minutes, a doctor came to the villa and took out a fish bone from Shi Nuannuan’s throat.

“Is she going to be Alright Now?”

“She’s fine. It’s just that she might still feel a little tingling. This is a lingering feeling. She’ll be fine in two days.”

“Alright.”

The doctor smiled and turned to leave.

Looking at his mommy who was sitting on the sofa, the little guy laughed instead. "Mommy, you're already so old, yet you still got a fish bone stuck in your throat!"

Shi Nuannuan turned around and glared at her son. "It's all because of you!"

Although she had experienced a little pain, she was also glad that she got a fish bone stuck at that time. Otherwise, when her son said that, she and he probably wouldn't know how to face his childish words.

After dinner, it was already eight o'clock.

Shi Nuannuan was going to leave with her son.

However, Xiang Jinghan insisted on staying.

"Well, mommy is leaving! You can stay." After saying that, she turned around and walked toward the door.

The little guy was anxious, but he wanted to stay in this beautiful house because he wanted to sleep in his handsome little room!

"Daddy, Mommy is leaving!"

"Shh." He made a gesture of silence, not believing that she would really leave.

After all, her son was her life.

Didn't she come here tonight because she wanted to take her son away? How could she really leave just like that.

As expected, Shi Nuannuan, who was gradually walking towards the entrance, gradually slowed down when she heard that there was no movement from her son. She walked slower and slower.

This damn little guy really didn't want her anymore?

In the end, when she reached the door, she couldn't help but turn around and look at the calm father and son in the living room!

"Xiang Jinghan, are you really not going back with me?!"

Xiang Jinghan raised his head and glanced at Xiang Yi, because he didn't know how to answer this question.

He really wanted to go back with his mommy, but it was really hard to decide if he wanted to stay here.

When he met his pure eyes, Xiang Yi lowered his face slightly and whispered something in his ear.

After hearing that, Xiang Jinghan nodded, then got up and ran to the second floor!

Looking at her son who ran straight to the second floor, Shi Nuannuan was also puzzled.

He really didn't want her anymore?

"Xiang Jinghan!"

She shouted loudly, but there was nothing she could do.

In a flash, the man on the sofa stood up and walked towards her.

Looking at the man walking towards her, Shi Nuannuan's heart began to race again, and she even felt a little nervous.

However, why was her heart racing? What was there to be nervous about?

He was the one who did something wrong!

"Stop there, don't come any closer!" She blurted out, but she acted as if she was afraid that he would come any closer.

He paused for a moment, but half a second he began to move forward again.

Chapter 1368: How Can We Go back to three years ago?

"Didn't you hear what I Said?!"

He did not speak, but continued to approach her.

Finally, he stood in front of her. She subconsciously took a step back, but it was just right on the door panel of the carved door.

Looking at the person in front of him, it seemed like he had not looked at her face properly for a long time.

"How can we go back to three years ago?" He suddenly asked as he looked at her. His voice was soft and hoarse, and his dark eyes were as gentle as jade.

He had achieved so much just to come back and marry her, but she had always avoided him.

If this continued, he would really go crazy.

She was a little stunned by his sudden words. After a long while, she said, "I can't go back."

Her heart felt as if it had been stabbed by a sharp knife.

"Why?"

She looked up, her eyes sharp. "Because you're full of lies!"

He frowned, but he leaned closer to her. "How am I full of lies?"

The man's thick breath hit her face, causing her breathing to gradually become hurried.

But she still wanted to appear calm. "You said that you haven't been with her for the past three years, so why did you hug her? Why did you carry her into the hotel?"

Such an intimate action, if it wasn't a relationship between a man and a woman, how could she have done it!

Shi Nuannuan felt warm and fuzzy. As she questioned herself, her tone was sour.

Xiang Yi was stunned by her question, and his dark eyes narrowed slightly.

The person she was referring to should be Helian Manli.

But what was with hugging her and carrying her into the hotel?

In his mind, the scene of Helian Manli spraining her ankle that night suddenly flashed through his mind. He had no choice but to carry her into the hotel.

However, how did she know about this?

“How did you know about this?” He looked at her, his long and narrow eyes filled with confusion.

Shi Nuannuan thought that he had a guilty conscience and that the matter had been exposed.

“What, the matter has been exposed and the lie can’t be continued?”

He was stunned and had no choice but to tell her about the situation that night.

“That day, she suddenly twisted her ankle and couldn’t walk.”

Listening to his explanation, Shi Nuannuan was stunned for half a second before she laughed mockingly, “Ha, you’re carrying her into the hotel if she can’t walk?”

“Because it’s very close to the hotel, it’s not good for me to call a car.”

“Then you’re going to hug her?”

“That was just the moment she was about to fall, and I happened to be standing right in front of her.” At that time, outsiders might have thought that he was hugging Helian Manli, but that was not the case.

However, how did she know about this matter? And she even knew the details so clearly?

Shi Nuannuan was stunned again. Was it another misunderstanding?

But she was still a little angry in her heart.

She could not walk if she sprained her ankle, so he hugged her. Then, the next time she needed a man and needed a husband, he would also be her husband?

“Are you jealous?” He suddenly asked.

At this moment, her angry appearance was exactly the same as three years ago.

If something happened, it would definitely not be hidden in her heart, and it would all be revealed on her face.

Hearing this, Shi Nuannuan Nuannuan widened her black pupils. “Why, why am I jealous! ?”

He smiled, but he did not expose her.

“How did you know about this?”

In order to hide the panic in her heart, Shi Nuannuan turned her face away. “It’s none of your business!”

Speaking of which, should she tell others about this? It seemed that someone wanted to deliberately create trouble in those photos. Was it Helian Manli?

Other than her, she could not think of anyone else.

Because her motive was the biggest. She only wanted her to be further and further away from Xiang Yi, right?

Chapter 1369: his powerless voice

Thinking of this, her gaze couldn't help but return to his angular face.

After hesitating for a few seconds, she said, "A few days ago, someone sent me some photos."

He furrowed his brows. "Where are the photos?"

She pursed her lips and finally took out her phone, flipping through the photos that she had received previously.

Looking at the familiar scenes on it, it was indeed what had happened between him and Helian Manli that night. But why was all of this coincidentally captured? And she had even sent it to her.

He took a glance at the strange number and immediately noted it down.

"I'll go investigate tomorrow. Remember to tell me if you encounter such a thing in the future."

Shi Nuannuan suddenly realized why she was telling him these things? Why did she have to obediently take these things out to see? Was she on good terms with him now?

She took back her phone. "Why? Who Are You to me?"

She asked this because she wanted him to know that she and he had ended three years ago!

But... was it really over? Was she willing to end it just like that?

When she thought about how they had misunderstood each other and missed the past three years, she felt very indignant.

However, it seemed impossible for her to reconcile with him just like that?

"Who do you want me to be?" He asked with a deep gaze.

When Shi Nuannuan met his dark eyes, her heart started to race again.

She said that everything had ended three years ago, but the feeling of liking him had never stopped.

Three years ago, she was like this now. As long as she was close to him, her heart would start beating uncontrollably. The Man in front of her was the man she had liked from the start.

Back then, when she was chasing after him, she had been thinking about how to pounce on him all day long.

When she met his eyes, she was flustered.

“I, I don’t need it!”

As she said that, she pushed him away and walked straight to the second floor. She wanted to call her son down and leave this place together.

Three years ago, she had already lost him. How could she lose her son again! !

However, the moment she passed him, her wrist was suddenly grabbed by him. He pulled her gently and she fell into his arms.

He hugged her tightly and his deep and hoarse voice rang in her ears. It was so soft and gentle. “I’m back. What do I have to do to make you come back to me?”

When she heard his gentle words, there was even some choking in her voice. She was stunned in his arms and had forgotten to push him away.

No, rather than saying that she had forgotten, it was more appropriate to say that she was powerless to push him away at this moment.

“What do I have to do to make you believe me? Tell Me, okay?” There was a trace of powerlessness in his deep voice as he locked her arms tightly.

“The marriage is fake. You Don’t like me touching Helian Manli. After that, no matter what happens, even if it’s just a step away, I will absolutely not touch her. “But, what should I do in order for you to be willing to return to my side?”

The tip of his nose gently touched her hair, and his low voice continued to ring. He wished that he could merge her into his body and never let go again.

“You said it was fake, but these three years, you clearly... clearly have been together with her...”

Tears inexplicably blurred his vision, and bean-sized teardrops fell gloomily.

He was stunned. He let go of her and saw her tearful eyes.

His heart felt like it had been cut by a knife, and it was throbbing in pain.

He raised his hand, held her face, and gently wiped the tears on her cheeks with his thumb.

Chapter 1370: loving her, as always

Going out together with Helian Manli was exactly what he had to carry on his way to success. He had no other choice.

“In the future, I will never go out together with her again.”

His deep voice was so soft and soft beside her ear. It was even a little hoarse and powerless.

The resentment and hatred that Shi Nuannuan had hidden in her heart for the past three years instantly vanished. However, her heart still felt as if it had been stabbed by a knife.

For the past three years, he had only wanted to change himself and become a man who was qualified enough to give her happiness. If he wanted to succeed, he had to cooperate with the Helian royal family. Perhaps in the eyes of outsiders., he often attended many public occasions with Helian Manli, but his original heart had never changed.

He loved her as always.

Listening to his deep love and confession, after a long time, Shi Nuannuan finally pushed him away and wiped her tears. "I'm going up to see Han Han."

She found an excuse to leave, because she simply did not know how to face it.

Three years ago, she brought the baby in her belly to look for him, but she heard the news of his marriage. Three years later, he came back and told her that it was a misunderstanding. Even if all of this was true, it was difficult for her to digest it.

Because in these three years, even if she had hatred in her heart, she still couldn't help but want to pay attention to him through all kinds of reports, so that she could see more of the rumors that spread between him and Helian Manli.

She had loved him for more than three years and hated him for more than three years. In the face of all this, she really needed time to calm down and think carefully.

Wiping away her tears, Shi Nuannuan turned and went upstairs.

Looking at her back as she went upstairs, he did not follow her.

At least now, she no longer rejected him. He also knew that in the face of all this, she really needed time to calm down.

Coming to the second floor, Shi Nuannuan went to her son's room based on her memory just now.

As soon as she entered the door, she saw her son lying on the bed and falling asleep.

She walked over and looked at Xiang Jinghan's sleeping face. She gently caressed his face.

The night was getting darker.

After crying, Shi Nuannuan fell asleep by her son's bed as the night approached.

The door was pushed open gently.

When he walked in, he saw the two sleeping faces by the bed.

He walked over with light footsteps. Then he bent down and picked her up from Xiang Jinghan's bed. He turned around and walked to the master bedroom.

When he arrived at the room, he stepped on the expensive Persian carpet. He walked to the bedside step by step and put her down gently.

Shi Nuannuan seemed to be in a deep sleep. She didn't wake up until now. After she was put down, she couldn't help but find a comfortable place to continue sleeping.

He stood by the bed and stared at the person on the bed. After a long while, he turned around and walked toward the bathroom.

It had been more than twenty minutes since he came out, but the person on the bed was still sleeping soundly.

He lifted the blanket and laid down beside her. He glanced at her curly eyelashes, her straight nose, and her pink lips. He could not help but lower his face and kissed her lightly on her lips, like a dragonfly skimming the water, he was afraid that he would wake her up.

After an unknown amount of time, his sharp hearing suddenly opened his eyes in the middle of the night and frowned slightly.

The sound of footsteps came from the corridor outside the door. Not long after, the doorknob of the master bedroom was turned.

There was a bedside lamp in the room. The moment the door opened, a smaller figure entered his sight.
